

Here's What California Accomplished Last Year

[Article originally appeared in www.gov.ca.gov]

WHAT YOU NEED TO KNOW: From taking on Big Oil to tackling big challenges — from mental health care to housing — California enacted ambitious efforts to improve the safety, health, and well-being of all Californians in 2023.

WHAT GOVERNOR GAVIN NEWSOM SAID: “From taking on global problems to finding community-based solutions, last year California delivered on critical action to make people’s lives better, safer, healthier, and happier. As the country continues to recover and grow under the leadership of the Biden-Harris Administration, California is closing 2023 as a national leader in putting people first, safeguarding freedoms, and creating economic opportunity.”

WHAT FIRST PARTNER JENNIFER SIEBEL NEWSOM SAID: “In 2023, California led the nation in bolstering the rights and opportunities of women and in ensuring children have the best start in life. From securing new partnerships to support our work to safeguard reproductive freedom and close the pay gap, to increasing students’ access to free, fresh, and nutritious school meals and behavioral health services, we’re creating a state where all women, children, and families can thrive.”

MENTAL HEALTH

• **TRANSFORMING MENTAL HEALTH CARE:** Governor Newsom and legislative leaders led a historic transformation of the state’s behavioral health care system — putting it on the ballot for voters in March 2024.

• **INVESTING IN CARE:** California invested nearly \$1.5 billion to continue to build out the state’s mental health and substance use disorder treatment and housing sites, continued to expand the state’s workforce, and submitted an innovative waiver to leverage federal funding.

• **EMPOWERING YOUTH:** First Partner Jennifer Siebel Newsom announced a \$100 million anti-stigma campaign by the California Department of Public Health aimed at all California youth, especially those most at risk like LGBTQ+ and Indigenous youth, building on the Governor’s Master Plan for Kids’ Mental Health — which launched additional resources this year.

• **ENSURING ACCOUNTABILITY:** California continued to hold bad actors accountable, including a historic \$200 million settlement with Kaiser for unacceptable wait times for access to behavioral health services.

• **IMPROVING HEALTH OUTCOMES:** The Governor’s Advisory Council on Physical Fitness and Mental Well-being launched the Move Your Body, Calm Your Mind campaign — and through the Outdoors for All initiative, more than 50,000 passes were downloaded by families.

PUBLIC SAFETY

• **MAKING COMMUNITIES SAFER:** Governor Newsom announced a new effort to transform San Quentin State Prison into a nation-leading facility — and a scalable model — focused on improving public

safety through rehabilitation. The Governor convened a multidisciplinary group of experts to submit recommendations that can help build and inform the California Model.

• **FIGHTING HATE:** Addressing a rise of hate across the nation, California launched the CA v Hate initiative and hotline to empower diverse communities and fight discrimination and hate.

• **ADDRESSING THE FENTANYL CRISIS:** Cracking down on fentanyl trafficking, Governor Newsom deployed additional resources and a 50% increase in California National Guard personnel at our border’s ports of entry to fight drug trafficking, and launched a new partnership in San Francisco to hold fentanyl traffickers accountable.

• **CRACKING DOWN ON ORGANIZED CRIME:** California awarded over \$267 million to 55 cities and counties to combat and increase prosecutions of organized retail crime in communities across the state.

• **STOPPING GUN VIOLENCE:** California passed multiple new gun safety laws to keep more Californians safe, became the first state in America to call for a Constitutional Convention on the Right to Safety, and launched GunSafety.CA.Gov — a website for the public to access life-saving resources.

• **LEADING EDGE IN WILDFIRE RESPONSE:** Investments and innovation

2024 engineering and construction industry outlook

[Article originally appeared in www2.deloitte.com]

The construction industry entered 2023 marked by a 7% increase in nominal value added and a 6% increase in nominal gross output compared to the previous year.¹ As of the third quarter of 2023, nominal construction spending maintained a steady upward path.² However, if trends in real GDP data continue from 2022, it is important to note that much of the topline growth is likely be-

ing driven by price inflation versus volume. In addition to grappling with ongoing inflation, the industry is facing volatility in material prices and increasing labor costs. Another significant challenge is the ongoing shortage of skilled labor, which continues to impact the sector. Moreover, high interest rates and tighter lending standards are also impacting construction activity.

However, looking ahead to 2024, there could be a boost to construction associated with manu-

facturing, transportation infrastructure, and clean energy infrastructure, as funds from three key pieces of legislation passed in 2021 and 2022—the Infrastructure Investment and Jobs Act (IIJA), the Inflation Reduction Act (IRA), and the Creating Helpful Incentives to Produce Semiconductors (CHIPS) Act—are expected to flow into the industry.³ As such, construction confidence remains high, with the Associated Builders and Contractors (ABC) identifying expectations for an increase in profit margins and staffing levels, particularly in the first half of 2024.

As E&C firms plan for the upcoming year, there are five key areas that may help them capitalize on the projected industry growth and tackle unforeseen challenges:

- Heightened focus on sustainability and efficiency
- Advancement of digitalization and generative AI

- Differentiated impact of market uncertainty across the residential and nonresidential segments
- Change in operating strategies to manage volatility in costs, demand, and customer priorities
- New workforce norms to bridge the lingering talent and skills gap

1. E&C firms strive to balance sustainability and efficiency

Sustainability continues to be a business imperative for the construction industry. E&C companies face a multidimensional challenge on this front as they adapt to evolving market trends and environmental regulations and meet customer demands for greener buildings, while also preventing construction costs from accelerating too rapidly.

How You Can Take Care of Your Relationships as a Business Owner

[Article originally appeared in <https://sba.thehartford.com>]

By Anne Shaw

While preparing yourself for the challenges of launching a new business, you may be thinking about the long hours and hard work ahead. But don't forget to consider how your business will affect those around you.

Just like a new baby, your new business will require a lot of time and attention. This can divert your focus away from your loved ones: Unfortunately, entrepreneurs are more likely to get divorced than other groups, and many report losing friendships. But that doesn't have to be your story.

Creating a plan to care for your most important relationships—especially during the stressful startup stage of your business—can help keep them strong. With dedication, you'll create good habits that carry you and your loved ones through every phase of owning and running a business.

Common Sacrifices Made by Families and Friends of Business Owners

Business owners make many sacrifices, especially in the early years—and so do their friends and families.

While you invest money and put in long hours while starting up your business, your loved ones may:

- Pick up your slack on the home front.
- Deal with a strict budget and potentially higher debt.
- Spend less quality time with you.
- Suffer canceled plans so you can make time for business priorities.
- Delay milestones like buying a home or having children.
- Postpone vacations with you.

As noted by Meg Cadoux Hirshberg, author of *For Better or For Work: A Survival Guide for Entrepreneurs and Their Families* and wife of Stonyfield Farm founder Gary Hirshberg, when you start a business, you never do it alone. Your family will surely get drawn in—somehow, somehow.

10 Ways to Strengthen Your Relationships as a Small Business Owner

Close relationships nurture long-term health and happiness. But as a small business owner, you'll inevitably experience times when your work-life balance tips toward work. When that happens, it's essential to communicate openly with your loved ones and be mindful about how you spend the quality time you do have.

Here are 10 ways to protect and strengthen the relationships you care about most, so you can enjoy them for years to come.

1. Designate time to spend together. Spontaneity may become a stranger, at least for a while. Schedule quality time to make sure it happens at times that work for everyone, so your family doesn't feel they must constantly bow down to your schedule. Choose certain days of the week or specific times of each day to regularly connect. Your loved ones will appreciate knowing when they can expect to see you—plus, they may be your biggest stress relievers! Just make sure to be mentally present, giving them your full attention during these times.

2. Listen, even when their feedback isn't fun to hear. Your family may have questions and complaints as you start your business. If you expect them to deal with their concerns alone, then you leave yourself out of the solution and you may give them the impression that you don't care. Address their worries with patience. Sometimes they may simply need to vent, so make them feel heard with a supportive listening ear.

3. Give your partner time to themselves. If you have kids, chances are your partner is doing double duty. Remember that they have needs and help them recharge. Make sure your family calendar includes solo time for your partner.

4. Regularly discuss finances. While you may be comfortable with the financial risk of running your own business, your loved ones may not feel the same way. Even if they start with optimism, they may waver as they contend with the realities of business ownership. Maintain an open line of communication when it comes to money and financial issues.

5. Lay out a timeline with specific targets and goals for your business—together. Start on the

Image credit: <https://cis-la.com>

same page. Create a timeline with milestones related to your business and your personal income. Sharing this will help you track your progress and decide whether the temporary sacrifices are worth it.

6. Involve your loved ones when appropriate. Getting your family engaged in your business can be a way to spend more time together and help them get more skin in the game. Just don't let your relationship become entirely focused on your business. Use the above strategies to maintain a personal connection, too.

7. Recommit. When your closest family members agreed to beginning this journey, none of you truly knew what you were getting into. Starting a business is a decision you make and remake many times. So, as the reality of running a business grows clearer, keep checking in with each other to ensure you're all still committed to this dream.

8. Celebrate milestones and success together. You and your family are working hard. When you're in the pits, so are they. So when you reach a peak, you all deserve to acknowledge and celebrate the win.

9. Dream together. As a small business owner, you may strive to support your family and fund your dreams. So, don't skimp on the dreaming! Keep everyone motivated by sharing your dreams and discussing how you can reach them.

10. Keep perspective. There will be hard times, so keep track of the good times and your future dreams. Then, when frustrations arise, you can draw on those positives.

Remember: You can't keep your support network without supporting them back. Make sure business success doesn't come at the expense of those you love. It'll be much sweeter when you can share that success with them.

**Project: Jenny Lind Water System Tank A-B Water Transmission Pipeline Project
CCWD CIP No. 11088**

**Owner: Calavera County Water District
Bid Date: January 25, 2024 @ 2:00 P.M.**

We are requesting quotes from all qualified Subcontractors and Suppliers but not limited to:

AGGREGATES, ASPHALT, PIPE SUPPLIERS, DRAINING SYSTEMS PIPE SUPPLIERS, CATHODIC PROTECTION, STRIPING, SURVEYING, TRUCKING

Project Description:

The project consists of furnishing and installing approximately 20,000 feet of new 12-inch and 14-inch diameter ductile iron pipeline between existing Tanks A and B. The new pipeline will operate at pressures up to 205 psi and have mechanically restrained joints. In addition, this project includes pressure reducing stations, air relief valves, gate valves, and other appurtenances. Also, the project requires modifying the Tank A pump station outlet piping and Tank B inlet and outlet piping arrangements.

Luis Alfredo Vasquez-Ajmac

LAVA Force, 2023 Elevate Together Grant Recipient

"(We are) incredibly fortunate to be recipients of the Elevate Together grants from Office Depot and the US Hispanic Chamber of Commerce. This is a tremendous honor, considering that over 500 Latino firms submitted grant applications. At the Annual Navidad Fiesta, hosted by the Los Angeles Latino Chamber, LAVA was recognized for the work we do to empower multicultural entrepreneurs and communities. We received (the grant) to further our mission of empowering others. We are committed to continuing our community engagement work and making a positive difference with LAVA Force. We are truly grateful for this recognition."

Outreach Participation & Local Workforce Hire Program

- Include at least thirty (30%) participation by Local, Small, Emerging and Disabled Veteran (LSEDEV) businesses based on the value of the work by Subcontractor. Subcontractor shall further stipulate that they will meet the goal by either qualifying themselves as an LSEDEV or by subcontracting their work to lower tier subcontractors in the amount of 30% of the overall value of the subcontract.
- Commits to meeting the goals of the Local, Disadvantaged Local Worker, and Veteran Hiring goals set forth by the District which includes the following:
 - o 35% of all skilled trade positions performing project work shall be: first, from qualified workers residing within the Primary Residency Preference Area; second, from qualified workers residing within the Secondary Residency Preference Area; and third, from qualified workers residing within Los Angeles County.
 - o 10% of all Local Workers performing project work shall be Disadvantaged Local Workers and/or Veterans.
 - o 50% of each craft's apprentice workforce shall consist, to the extent available, of first year apprentices.

Pankow Prequalification Process

All bidders will need to participate in Pankow's prequalification process during the bidding stage for evaluation in order to enter into a subcontract agreement with Pankow.

Bid Documents Selection Criteria Bid documents will be issued through BuildingConnected Subcontractors will be selected and awarded the project based on best value.

Pankow is an Equal Opportunity Employer

For California to achieve universal broadband access, every technology should be considered

[Article originally appeared in <https://calmatters.org>]

By Carl Guardino, CalMatters

The California Public Utilities Commission is finalizing a proposal to secure \$1.86 billion in federal funds allocated to California through a program aiming to close the digital divide and bring reliable high-speed broadband to every unserved and underserved location in the nation.

However, the CPUC's current plan will not provide "internet for all" in California. At best, the plan will only result in internet for some.

With the available state and federal funds described as a "once-in-a-lifetime" opportunity, achieving this goal is vital. In California alone, at least 461,481 locations – mostly families – lack adequate internet. That's approximately 1.5 million Californians relying on our policymakers to get this right.

To meet or exceed the FCC's definition of reliable broadband service, both Congress and the state legislature have underscored a "standards-based, technology-agnostic" delivery approach, whether it's done via fiber, fixed wireless or satellite technology. Unfortunately, the commission's current plan abandons this tech-neutral direction in favor of a fiber-only approach.

To be clear, fiber is an excellent way to deliver broadband. The challenge is that it can be prohibitively expensive and take many years to deploy. With limited time and finite finances to reach all Californians, taking the right approach is critical.

Among other non-fiber solutions, the latest in fixed-wireless access technology deserves consideration. It delivers broadband wirelessly – without extensive labor or trenching – and is often used to fill coverage gaps where fiber is too costly or time-consuming to deploy.

Traditional fixed-wireless often misses the mark on service speed and reliability because legacy versions use either a mobile network or indoor Wi-Fi, neither of which were designed to deliver the amount of bandwidth consumed by homes or businesses. They also struggle to operate at great distances.

Next-generation fixed wireless access is a newer and proven technology that was designed to deliver residential broadband. It has unprecedented capacity to provide reliable, fiber-class service at mass-scale, and is less affected by physical obstructions, inclement weather and radio interference.

Here's What California Accomplished Last Year

Continued from page 1

in wildfire resilience reduced the wildfire year's most catastrophic impacts to California's communities, in a year where the state was recognized for its world-leading innovation in wildfire response.

INFRASTRUCTURE

- **FIXING THE 10:** After an arsonist ignited a major fire under the I-10 Freeway in Los Angeles, Governor Newsom led an all-hands response that resulted in the major economic artery re-opening to traffic in 8 days — months ahead of original estimates.
- **HIGH SPEED RAIL:** California was awarded more than \$6 billion by the Biden-Harris Administration to build high-speed rail throughout California, investing in the whole system — San Francisco, Los Angeles and the Central Valley, creating connectivity north, south and with our neighbors to the east. This investment was the single largest grant for the program — made possible by President Biden's Infrastructure Investment and Jobs Act.
- **CONNECTING CALIFORNIANS:** Thanks to investments by Governor Newsom and the California legislature, the state continues to make progress in connecting all Californians — leading the nation in affordable internet.

BUILDING CALIFORNIA'S FUTURE

- **ARTIFICIAL INTELLIGENCE:** With Generative Artificial Intelligence's (GenAI) wide-ranging potential for Californians and the state's economy, Governor Newsom earlier this year signed an executive order to study the use cases and risks of GenAI technology throughout the state and to develop a deliberate and responsible process for evaluation and deployment of GenAI within state government. Last month, the Administration released the first report from this Executive Order.
- **CUTTING RED TAPE:** California passed critical legislation to streamline projects — cutting red tape to build green infrastructure — helping meet our state's aggressive climate goals and creating hundreds of thousands of good-paying jobs.
- **TRAINING THE NEXT GENERATION OF WORKERS:** California has exceeded 160,000 apprenticeships — on track to reach the goal of 500,000 by 2029 — creating strong "earn and learn" career pathways, especially for historically excluded workers, and meeting local economic needs.
- **CREATING GOOD-PAYING JOBS:** California created thousands of new jobs welcomed back Disney investments after the company pulled the plug on \$1 billion development in Florida, and continued to invest in California's innovation economy — securing up to \$1.2 billion in federal funding to develop a national hub for clean hydrogen production, a project that will create tens of thousands of jobs, and investing in the development of Lithium Valley as a new global hub for electric battery production.

CLIMATE ACTION

- **ENERGY OF THE FUTURE:** California is set to become a national hydrogen hub thanks to up to \$1.2 billion in investments by the Department of Energy. This crucial funding will help accelerate innovation and lead to the development and deployment of clean, renewable hydrogen — critical to cutting pollution and expanding the clean energy economy statewide.
- **NEW PARTNERSHIPS:** Governor Newsom built new climate partnerships across the globe, including a trip to China where he laid the foundation for future collaboration and cooperation. At the state level, public-private partnerships were pivotal to building out green infrastructure across California — from battery storage and clean energy production projects to safeguarding waterways and producing good paying blue-collar jobs.
- **REACHING GOALS AHEAD OF SCHEDULE:** California exceeded zero-emissions vehicle goals — both for cars and heavy-duty trucks — 2 years ahead of schedule.
- **SUING BIG OIL AND HOLDING THEM ACCOUNTABLE:** Governor Newsom and Attorney General Rob Bonta announced a historic lawsuit against Big Oil — taking some of the world's largest oil companies to court for their decades of deception fueling the climate crisis. And with the state's new anti-gas price gouging law, the Governor called a special session and championed legislation that established the Division of Petroleum Market Oversight to investigate price gouging and hold Big Oil accountable.

- **BOOSTING WATER SUPPLIES:** California continued the critical work of preparing for a hotter, drier future by advancing more projects to help boost the state's water supply system.

HEALTH CARE

- **IMPROVING AFFORDABILITY:** The Office of Health Care Affordability (OHCA) launched, holding its first meetings. The Board of the OHCA is charged with providing input and recommendations

to help make health care more accessible, affordable, equitable and high-quality for all Californians.

- **\$30 INSULIN:** Governor Newsom, during the Tour of the State, announced the CalRx Initiative would be bringing \$30 insulin to market.
- **EXPANDING ACCESS:** Thanks to investments made this year, low-income Californians — of all ages and regardless of immigration status — will be able to access Medi-Cal starting in 2024. Older adults and people with disabilities will be able to keep their savings and still qualify for Medi-Cal coverage — another first-in-the-nation expansion. And the reimbursement rate for providers providing Medi-Cal services will be higher, supporting our health care workers like never before.
- **MASTER PLAN TO ADDRESS FENTANYL CRISIS:** Governor Newsom released his Master Plan for Tackling the Opioid & Fentanyl Crisis, which includes the naloxone distribution project, steps to create our own low-cost naloxone supply, and the comprehensive resource: Opioids.CA.Gov.

TACKLING HOMELESSNESS

- **LAUNCHING CARE COURT:** Governor Newsom's CARE Court program launched in 8 counties across the state, to ensure local governments are held accountable in helping people in need of care for untreated psychosis, including housing. The other counties will launch their CARE Court system by the end of 2024.
- **CLEAN CALIFORNIA:** California is providing \$1.2 billion in grants for local governments to clean up blighted areas and create projects that help revive public spaces. Additionally, Governor Newsom continues to find ways to hold local governments accountable like revising their Homeless Housing, Assistance and Prevention plans to deliver better results.
- **ENCAMPMENTS TO HOUSING:** California has cleared over 5,600 encampments and provided \$750 million for en-

campment resolution grants to move people to housing.

- **PROVIDING RE-HOUSING:** Through Homekey, California has funded the creation of over 14,600 housing units to assist people experiencing or at risk of homelessness.

FREEDOM TO SUCCEED

- **BANNING BOOK BANS:** Governor Newsom and state leaders fought back against book bans and censorship, signed a new law banning inappropriate censorship in schools, and highlighted the state's Family Agenda to promote freedom in education.
- **EXPANDING COMMUNITY SCHOOLS:** The California State Board of Education, with the support of Governor Newsom, unanimously approved a \$750.5 million investment — the largest allocation of funds yet under California's nation-leading initiative — to transform thousands of schools into a community school. These innovative sites provide students and their families the resources and support they need to thrive, including counseling, nutrition programs, tutoring, social services, and health care and mental health care services.
- **WORKFORCE OF TOMORROW:** Governor Newsom launched a new career education effort to prepare all of California's diverse students and adults, especially those historically disconnected or disadvantaged, for the workforce of tomorrow and directed additional steps to reduce employment barriers for state jobs — including college degree requirements unnecessary to job duties.

REPRODUCTIVE FREEDOM

- **SPREADING FREEDOM:** Governor Newsom launched the Reproductive Freedom Alliance, which includes 22 governors fighting to protect and advance reproductive health care across the country. Leveraging the Alliance, Governor Newsom sent a joint letter with 13 other Governors to pharmacies across the country asking them to clarify their plans to dispense mifepristone as well as other actions they would take to safeguard reproductive health care — resulting in several independent pharmacies stepping in to provide the drug.
- **SAFEGUARDING ACCESS:** In the wake of the legal action against medication abortion brought by extreme politicians, Governor Newsom created a stockpile within California to safeguard access and provided additional state resources to continue to make care affordable and accessible.
- **STRENGTHENING PROTECTIONS:** As hostile attacks continue, California invested in protecting health care workers and health care centers — both physical and cyber security — and signed new laws strengthening protections for providers and people traveling from other states, establishing first-in-the-nation protections for electronic reproductive health records, and expanding the reproductive health care workforce.

PUBLIC LEGAL NOTICE ADVERTISEMENTS

GOLDEN GATE BRIDGE HIGHWAY & TRANSPORTATION DISTRICT

NOTICE INVITING BIDS

The Golden Gate Bridge, Highway and Transportation District (District) is soliciting bids from qualified firms for Contract No. 2023-BT-072, San Rafael Bus Facility Parking Lot Improvements and Solar Panel Installation. Bids must be uploaded to the District's Procurement Portal: <https://ggbhtd.bonfirehub.com> by **February 15, 2024, at 2:00 p.m.**, Pacific Time, at which time bids will be publicly opened and read online.

Hard copy submissions will NOT be accepted. Hard copies received will be returned (unopened) to Bidders without consideration.

The bid opening will be conducted online only, and the District will be utilizing Microsoft Teams to conduct the meeting. Below is the Microsoft Teams Meeting information for Bidders who wish to participate in the bid opening. If you have not used Microsoft Teams before, please refer to the link: Join a Meeting in Teams prior to the meeting to ensure that you are able to join without technical difficulties. On the date and time of the meeting, press Ctrl+Click on the hyperlink, "Join Bid Opening." This meeting is specifically for the bid opening relative to the above Contract. Bidders may also call the telephone number and enter the Conference ID number provided below.

This public works project consists of, in general, refurbishing the existing employee and visitor parking lots, constructing a new solar carport system, installing new electric vehicle charging stations, removing the existing electric power supply and installing a new power supply at the District's San Rafael Bus Facility located at 1011 Andersen Drive, San Rafael, CA 94901.

The work includes: minor building and pavement demolition; earthwork; survey and field verifications; cold planing of existing asphalt concrete pavement; hot mix asphalt overlay; concrete curbs and gutters; reinforced concrete; drainage improvements; pavement marking; signage; traffic control; solar carport system consisting of CIDH piling, steel supports and framing and solar panels; electric vehicle charging stations installation; lighting; coordination with PG&E for removal of existing and installation of a new electrical transformer; transformer concrete pad, bollards, conduits, and related items as required for a new PG&E transformer installation; new electrical distribution panel; electrical; water and sewer line installations; ADA ramps; establishment of and providing access to

a new modular structure; staging of the work to minimize impacts to operations and the public; and all other work items as required to complete the project titled San Rafael Bus Facility Parking Lot Improvements and Solar Panel Installation, as shown on the Contract Plans and as specified in the Contract Documents.

A pre-bid conference will be held on **January 24, 2024 at 10:00 a.m., Pacific Time**, at the San Rafael District Conference Room, Administration Building, 1011 Andersen Drive, San Rafael, CA. A job site tour will be conducted immediately after the conference. While attendance at this conference and the job site tour is not mandatory, **the District highly recommends you attend. Bidders are notified that all state and local public health orders will be followed during the pre-bid conference. Depending on such requirements then in force, wearing of face masks and social distancing may be required.** Parties interested in attending either the pre bid conference or the bid opening shall notify the District 24 hours prior to attending either event by contacting dmoore@goldengate.org.

Bidders bidding as the prime contractor shall possess a valid **State of California Class A, General Engineering Contractor's License** with a minimum experience of three (3) similar pavement and parking lot rehabilitation work projects in scope and size, and three (3) public works projects in the past five (5) years at the time of Contract award. **Bidder shall submit satisfactory qualifications and experience listed above on Attachment M, Bidder's Statement of Qualifications and Business References.** Pursuant to Public Contract Code Section 4104, each Bid Proposal must include the name and location of the place of business of each subcontractor who shall perform work or service, or install work for the prime contractor in excess of one-half of one percent (1/2 of 1%) of the bid price, using **Attachment E, List of Subcontractors, included with the Bid Documents.**

Bids must be accompanied by a deposit either in the form of cash, a certified or cashier's check, or Bidder's Bond, as described in the Contract Documents, which shall be applied to damages sustained by the District if the successful Bidder fails or refuses to enter into a contract awarded to it.

Bids shall be submitted on the District's **Proposal Forms, including all attachments**, and uploaded to the District's Procurement Portal: <https://ggbhtd.bonfirehub.com> and plainly marked with Bidder's name.

The District reserves the right to reject any and all bids or to waive any irregularities or informalities in any bid or in the bidding procedure. No Bidder may withdraw its bid for a period of ninety (90) days after the date of opening bids. Within two (2) working days of bid opening, a summary of Bidders' quotes will be available at the District's Procurement Portal website. To review the bid results, go to the District's Procurement Portal website: <https://ggbhtd.bonfirehub.com> and look for **Contract No. 2023-BT-072**. Each Bidder will be notified of award, if award is made.

The successful Bidder shall furnish a Performance Bond and a Payment Bond in amounts equal to one hundred percent (100%) of the total price of the Contract. District will retain five percent (5%) from each invoice/billing statement submitted in connection with the Contract. Pursuant to Public Contract Code Section 22300, the successful Bidder may submit certain securities in lieu of the District withholding funds from progress payments (retention) during the Project.

The District hereby notifies all Bidders that it is the policy of the District to ensure nondiscrimination on the basis of race, color, national origin, or sex in the award and administration of contracts.

Bidders are strongly encouraged to obtain Disadvantaged and Small Business Enterprise (DBE/SBE) participation on this Project. **DISADVANTAGED BUSINESS ENTERPRISES (DBEs) ARE, BY DEFINITION, CONSIDERED TO BE SBEs, AND ARE COVERED BY THE REFERENCES TO SBEs IN THIS DOCUMENT.** In order to achieve such participation, the District has developed procedures to remove barriers to DBE participation in the bidding and award process and to assist DBEs to develop and compete successfully outside of the DBE Program. The District has evaluated subcontracting opportunities for this Contract and determined that such opportunities exist and has established an SBE contract-specific goal of 22%. Bidders must meet the contract-specific SBE goal or demonstrate good faith efforts to do so. Bidders are encouraged to attend the pre-bid meeting to better understand the applicable DBE/SBE requirements. For DBE/SBE assistance, contact Artemisé Davenport, DBE Program Administrator, at (415) 257-4581. This Contract is subject to financial assistance from the U.S. Department of Transportation. Bidders will be required to certify that they have not been suspended or debarred from participation in federally funded contracts. Bidders must also disclose lobbying activities. Full compliance with all applicable Safety and Health Standards, DBE/SBE requirements, Equal Employment Opportunity, and Americans with Disabilities Act laws and regulations will be required of the successful Bidder.

Due to the financial assistance from the U.S. Department of Transportation, **this Contract is also subject to Buy America compliance.** Bidders will be required to submit an executed Buy America Certificate. With regard to meeting the Buy America requirements, Bidders' attention is directed to the FTA's Dear Colleague letter dated September, 16, 2016, located at <https://www.transit.dot.gov/regulations-and-guidance/buy-america/fta-guidance-letter-buy-america-small-purchase-waivers>. In light of the FTA's advice contained therein, with regard to the granting of Buy America waivers, **the District will not award a contract to a Bidder that does not certify compliance with the Buy America requirements on the "Buy America Certificate" included in the Proposal.**

This is a federally funded Public Works Contract. As a result, Contractors and subcontractors must be registered with the Department of Industrial Relations (DIR) pursuant to Labor Code Section 1725.5, at the time of contract award. (See Labor Code Section 1771.1(a)). This Contract is subject to monitoring and enforcement by the DIR pursuant to Labor Code Section 1771.4.

Contractor and all lower-tier subcontractors and suppliers performing covered work shall be required to submit certified payroll and labor compliance documentation to the District electronically using LCP-tracker software.

In accordance with Section 1720 et seq. of the Labor Code, the general prevailing wage rates, as established by the Director of the California Department of Industrial Relations, will apply to this Contract. Information about prevailing wage rates for this Project is set forth in the Special Provisions. The prevailing wage rates established by the California Department of Industrial Relations are available at <http://www.dir.ca.gov/DLSR/PWD>. Hard copies can be viewed at the

District's Engineering Office or requested by mail, addressed to: Prevailing Wage Unit, Division of Labor Statistics and Research, Department of Industrial Relations, P.O. Box 420603, San Francisco, CA 94142.

Should the general prevailing wage rates not specify a wage determination for a particular craft classification or type of worker, attention is directed to 8 C.C.R. 16202(b) regarding petitioning the Director of the California Department of Industrial Relations for a special wage determination. The District has made no request for such determination, as the District does not know the specific craft classifications or type of workers intended by Contractor for this Project.

Minimum wage rates for this Project, as determined by the U.S. Secretary of Labor, are set forth in Section 7-1.11E. If there is a difference between the minimum wage rates determined by the Secretary of Labor and the prevailing wage rates determined by the State for similar classifications of labor, Contractor and its subcontractors shall pay no less than the higher wage rate.

Contractor and subcontractors must be registered with the California Department of Industrial Relations pursuant to Labor Code Section 1725.5. This Agreement is subject to monitoring and enforcement by the DIR pursuant to Labor Code Section 1771.4. The Contractor must post job site notices, as prescribed by regulation. The Contractor shall furnish the records specified in Labor Code Section 1776 directly to the Labor Commissioner, monthly in a format prescribed by the Labor Commissioner.

Bidders' attention is directed to the requirements of the Occupational Safety and Health Administration of the U.S. Department of Labor, which requirements shall apply to all work to be done under this Contract.

Bid documents are available at no charge on the District's Procurement Portal at <https://ggbhtd.bonfirehub.com>. In order to download and respond to posted solicitations, Bidders are required to register on the District's Procurement Portal. Once registered the documents may be downloaded. Click on the "Open Public Opportunities" page, click View Opportunity next to the desired project.

Any revision to the Bid Documents will be made by a written addendum and be available on the District's Procurement Portal for download at no charge. Such addendum will become a part of the Bid Documents and be binding on all Bidders. Bidder's receipt of the addendum shall be acknowledged and so noted by each Bidder in the space provided on the Proposal Form. It is the responsibility of Bidder to check the District's Procurement Portal website for any Addenda that may be issued relative to this Contract.

Questions regarding technical information and clarifications shall be submitted in the District's Procurement Portal by clicking on the Opportunity Q & A tab of the message section of the project page. Such submissions shall be sent **no later than eight (8) calendar days before bid opening.** Note that only written clarifications issued by the District are binding on the District. The District will post all pre-bid questions and the District's responses on the District's Procurement Portal website under Reference Number **2023-BT-072**. Bidders are encouraged to check the procurement portal website regularly.

Ewa Z. Bauer-Furbush, P.E., District Engineer

SUCCESS STORIES

CASE STUDY Oct 2017

COOLCALIFORNIA CLIMATE LEADER

The Glass Man Ventura, CA

Clearing the View to a Sustainable Future

Dan Glassman, owner of The Glass Man Professional Window Washing, Inc. is presented the Climate Leader Award by Jose Bodi-Pomemba, a manager at SMUD, and Richard Corey, Executive Officer of California Air Resources Board.

Cleaning windows often comes with great views.

County and the City of Santa Barbara, driving is also a key part of their business. To reduce fuel consumption (and associated carbon emissions), employees use mapping software and effective scheduling to minimize the miles traveled by staff to the different sites.

BUSINESS SNAPSHOT

The Glass Man is dedicated to conducting business with the environment in mind, and educating others along the way.

Green Actions:

- Uses eco-friendly cleaning supplies
- Minimizes use of water through recycling efforts
- Provides clients with paperless invoices and estimates
- Minimizes driving through strategic travel scheduling

Company Pledges:

- Improve fleet fuel efficiency
- Telecommute whenever possible
- Promote employee eco-driving and ridesharing
- Plant trees in community

The Glass Man Professional Window Washing Company specializes in environment-friendly, professional window cleaning services. This small business tackles skylights, mirrors, light fixtures, solar panels, rain gutters, and screen repair, on both commercial and residential properties. The Glass Man is committed to environmental sustainability and promoting green actions throughout their community.

The Glass Man uses natural soaps to reduce harmful contaminant runoff, minimizes water usage, and provides paperless invoicing and estimates. These conservation efforts not only preserve natural resources – they also save money.

Not surprisingly, water is the primary resource used by The Glass Man. To conserve water, staff use cleaning buckets with lids that allow unused water to be saved and reused for the next job.

As a business that travels frequently for on-site service to homes and offices throughout Ventura
