

# 2024 Construction Trends: 30+ Experts Share Insight

[ Article originally appeared in Autodesk Construction Cloud Blog. <https://construction.autodesk.com> ]

By Jenny Ragan

In 2023, the construction industry grappled with the lingering effects of supply chain disruptions, inflation, and ever-present labor shortages—a narrative that has become all too familiar.

But amidst these challenges, construction pros remained as resilient and innovative as ever. We adopted new technologies, embraced sustainable building practices, and were more vocal about the benefits of working in the AEC field.

And things continue to look up: Data from Deloitte shows a 7.4% increase in total construction spending in Q3 of 2023. Moreover, Reportlinker forecasts the global construction market to see a 17.2% CAGR from 2023 to 2028.

The future is bright for the construction industry, and the best way to prepare is to stay informed and adaptive to emerging trends.

To that end, we caught up with 30+ industry experts and insiders who have generously shared their perspectives and predictions for 2024.

## AR and Drone's Impact on the Industry

**Kelly Barber**  
 Division Chief, Systems Management,  
 Pennsylvania Department of Transportation

“Some of the biggest construction trends and innovations that we are starting to explore are the use of AR and drones. AR has the massive potential to bring the rich information that typically stays in the office to the field. By leveraging 3D models in the field, teams can walk the projects, and ensure constructability and maintainability without having to

wait for a designer to be brought on site. The key is to integrate AR seamlessly with communication processes to maintain effective collaboration without the traditional silos and disconnects between the office and field.

We are also navigating the use of drones for construction analytics. There is a significant opportunity to do risk-based inspections with this technology moving forward by providing accurate measurements and data.”

## A Global Rise in Modular

**Akshay Barde**  
 Executive - EHS, Oberoi Realty Limited

“In 2024, the Indian construction industry will continue to align with global themes. This could involve an increased focus on sustainable construction, leveraging advanced technologies like BIM, and adopting eco-friendly building practices.

Additionally, India may see a rise in modular construction methods to enhance efficiency and address housing demands. Given the evolving nature of the industry, it's crucial to stay updated on regional developments and government initiatives that may influence construction trends.”

## Growth in Robotics, Hybrid Work, Data Tracking, and AR / VR

**James Niyonkuru Bicomumpaka**  
 Sr. Project Engineer, Webcor Builders

“I believe in 2024 we will see increased use of construction robots as their quality of work, safety metrics, cost savings, and schedule-saving opportunities become more and more apparent across the industry from earlier users. Connected to this is that we will see more field workers get technical skills in learning how to interact and work with robots to their advantage while performing their tasks.

## BUSINESS TOOLKIT

# 20 Common Small Business Mistakes and What NOT to Do

[ Article originally appeared in <https://sba.thehartford.com> ]

By Gene Marks

It's important to gather as many small business tips as you can, but you know what? After running a business for more than two decades, I've learned a few things NOT to do, most of which are common small business mistakes.

### Common Small Business Mistakes

Our list of common small business mistakes ranges from things as simple as not doing things you're not good at to not mistreating suppliers and not letting customers mistreat YOU. Here are twenty common business mistakes with the top 10 mistakes new business owners make listed first.

### Top 10 Mistakes New Business Owners Make

#### 1. Don't do things you're not good at.

You know your business, but you're not an expert at everything. So, stop doing things that you don't do very well and instead focus just on the things that you do best. Doing things you don't do well is one of the most common small business mistakes because it's so easy to try to do everything yourself. But really, it's beneficial to hire experts to help you. This can mean hiring someone to do your payroll, file your taxes, send out emails, fix your trucks, key in orders, or arrange for travel. If you're doing stuff like this, you're probably wasting your time. Yeah, I know there's a cost to hire someone. But it costs you more in time and lost opportunities to do everything yourself. For more business management tips, check out other helpful articles.

#### 2. Don't blame others.

That's your name on your tax return, your name on the articles of incorporation, and your name on the front door. It's your business. You get all the riches and glory. But you also get all the headaches. That's because every problem—every issue, every challenge, every mistake, everything that goes wrong—is ultimately your fault. You hired the people. You bought the tools. You sold to the customers. You chose the priorities. This is your show and if anything happens, it's your responsibility. This is just one of the common small business mistakes entrepreneurs can easily make early on.

#### 3. Don't ignore the math.

Quick: you're selling something for \$125, so what's your margin? How many of these things do you have to sell in a month to break even? How often does your inventory turn? What happens to your debt maintenance if interest rates go up a point? What would be the impact of a 5% rise in your supplier's costs? What percentage of your sales is overhead? What percentage of your labor represents health and retirement benefits? These are the things that my most successful clients know off the top of their heads. They're boring, mathematical, numerical facts that drive the success (or failure) of every business and not knowing your profit margin is one of the top 10 mistakes new business owners make. Not interested? Then hire someone who is or go work for someone who is.

#### 4. Don't take your employees for granted.

Your employees have lives. Really, they do. They have children. They have car troubles and sick parents and dental appointments. Believe it or not, they would rather be at home with their families than working in your office. But, when they're in your office, they're doing something important: making you money. Don't take this—or them—for granted. Offer competitive compensation, good benefits, and, most importantly, an ear for when they want to vent about a professional or even a personal issue. They are, after all, people—and they all want to do the best job they can. Your job is to give them the best environment to accomplish this.

#### 5. Don't mistreat your suppliers.

I hate it when people tell me to delay paying suppliers in order to help my cash flow. How would I feel when this happens in reverse from my customers? I can answer that because it does happen. I resent it and I give those slower-paying customers less attention than the ones who pay on time. Don't monkey around with your suppliers. Treat them well. Pay them early. Take discounts if they offer them. But behave as a partner would, because you may need that key supplier in a pinch and, if you've got a good relationship, that person will come through.

#### 6. Don't get mistreated by your customers.

Some customers aren't great customers. They treat your people poorly. They complain unrea-

Image credit: <https://smallbusiness.patriotsoftware.com>

sonably. They pay late and haggle too much. Your goal—elusive as it is—is to do business with people that you enjoy doing business with. You should never fire a customer because let's face it: We all need customers. But you can price those customers that you'd like to see go away a little differently. If they want to behave that way, then they should pay more—that's your compensation for putting up with their nonsense. Otherwise, let it be their decision to leave you, not yours.

#### 7. Don't ignore your customers.

You work hard to get your customers. So, don't ignore them. Ask any first-year business school student and they'll tell you that their professor told them that it's much, much more expensive to acquire new customers than it is to grow your revenues with existing ones. And you know what? They're right. Are you staying in close touch with people who have bought from you in the past? Are

you making suggestions or offering them additional products and services that can improve their lives or businesses? Are you showing enough gratefulness with special discounts or incentives for loyal customers? Focus on your existing customers first and, believe me, the new ones will come.

#### 8. Don't forget to pay your taxes.

You hate it. So do I. But it's a fact of life: taxes are due every quarter. Just because they're "estimated," and the IRS isn't sending you an invoice, doesn't mean that you're not required to pay them. You are. When your accountant tells you to pay, then pay. Meet with your accountant a few times a year and maybe you can adjust those estimates, depending on how your business is doing. But do not ignore your tax liabilities—they will quickly grow and could potentially bury you. I've seen it happen. It's not pretty.

**CALIFORNIA  
SUB-BID REQUEST ADS**

**Pacific Trenchless, Inc**  
1776 11th Street, Oakland CA 94607

DBE Subcontractor Requested For:  
**Oro Loma Sanitary District**  
Sewer Collection System Pipeline Rehabilitation and Replacement Project Phase 5  
Project No: 45-146.05  
**BID DATE: Wednesday, February 14th, 2024 at 2:00 pm.**  
Email quotes to [pacifictrenchless@gmail.com](mailto:pacifictrenchless@gmail.com)

**Project Description:**  
Phase 5: the replacement of 15,599 linear feet of 6 and 8-inch vitrified clay pipe (VCP) with 8-inch high density polyethylene pipe (HDPE); 433 linear feet of 8-inch VCP with 10-inch HDPE pipe; 2,543 linear feet of 10-inch VCP with 10-inch HDPE pipe; 100LF of Horizontal Directional Drilling; the abandonment of 152 feet of 6-inch VCP and the reconnection of all laterals and re-channelization of all Manholes, as shown on the plans and specifications.

**Pacific Trenchless, Inc. is requesting quotes from qualified DBE subcontractors and suppliers in the following scopes of work:**  
Saw cutting, Traffic Control, removal of hazardous waste, concrete flat work, Asphalt restoration, Horizontal Directional Drilling, supplies/materials, equipment.

Plans and Specifications are available to download on <http://enr.oroloma.org/projects>.  
You may contact Alan Casserly at 510-986-0244 or [pacifictrenchless@gmail.com](mailto:pacifictrenchless@gmail.com) to get on our subcontractor list. Should you require assistance with bid or have any question please feel free to reach out.  
Pacific Trenchless, Inc. - Sewer Collection System Pipeline Rehabilitation and Replacement Project Phase 5

**Sub-Bids Requested from qualified DBE Subcontractors and Suppliers for:**  
**OC LOOP CARBON CREEK CHANNEL SEGMENT D BIKEWAY GAP CLOSURE**  
IFB #080-2237404-JM  
Owner: County of Orange  
Location: Orange County, CA

**The Benefits of Growing Your Network in the Construction Industry for General Contractors**

[ Article originally appeared in [www.constructconnect.com](http://www.constructconnect.com) ]

By Sydney Paschall

In the world of commercial construction and especially working as a general contractor, networking and building relationships are vital and necessary skills that spur leads and drive revenue. Whether in person at a trade show, online on a project database, or on the jobsite, maintaining positive relationships remains at the heart of running a successful general contracting business.

Relationships are the master key that brings prosperity to your construction company—whether it's collaborating with the architect or designer, creating bids for builders and potential clients, or sourcing specialty trade and subcontractors to assist in finishing projects in a timely and accurate manner. Establishing a secure connection via building rapport and trust are the key components of creating business relationships that will not wither over time but remain firm even as issues arise.

Let's break down the top benefits of networking and building strong relationships in the construction industry.

**Expand Your Subcontractor Network**  
It is safe to say that every general contractor is constantly searching for reliable subcontractors with whom they can build good working relationships to use on projects with zero hesitation. Constructing a solid arsenal of dependable subcontractors you can rely on to complete jobs efficiently, timely, and professionally brings peace of mind that comes without a price tag.

And while construction has been slower than other industries to adapt to the rise in the digitalization of processes, it is becoming more challenging to find referrals for contractors simply by word-of-mouth or a random stroke of luck. Using services like ConstructConnect Bid Management which already has active subcontractors looking for ITBs in your area, can greatly increase your opportunity to find responsible professionals for your jobs.

**Establish Lifelong Clients**  
Like a client-contractor relationship in any industry, establishing your network of return clients that choose you and your company as their default is what every business owner wants to see. That is why not only is expanding your network in the construction industry so important, but why turning your current clients into long-lasting customers is equally as vital.

Mountain Cascade Inc.  
555 Exchange Court, Livermore, CA 94550  
(925) 373-8370, Fax (925) 373-0940

**Project: Jenny Lind Water System Tank A-B Water Transmission Pipeline Project**  
CCWD CIP No. 11088  
Owner: Calavera County Water District  
**Bid Date: January 25, 2024 @ 2:00 P.M.**

**We are requesting quotes from all qualified Subcontractors and Suppliers but not limited to:**

AGGREGATES, ASPHALT, PIPE SUPPLIERS, DRAINING SYSTEMS PIPE SUPPLIERS, CATHODIC PROTECTION, STRIPING, SURVEYING, TRUCKING

**Project Description:**

The project consists of furnishing and installing approximately 20,000 feet of new 12-inch and 14-inch diameter ductile iron pipeline between existing Tanks A and B. The new pipeline will operate at pressures up to 205 psi and have mechanically restrained joints. In addition, this project includes pressure reducing stations, air relief valves, gate valves, and other appurtenances. Also, the project requires modifying the Tank A pump station outlet piping and Tank B inlet and outlet piping arrangements.

#### Outreach Participation & Local Workforce Hire Program

- Include at least thirty (30%) participation by Local, Small, Emerging and Disabled Veteran (LSEDEV) businesses based on the value of the work by Subcontractor. Subcontractor shall further stipulate that they will meet the goal by either qualifying themselves as an LSEDEV or by subcontracting their work to lower tier subcontractors in the amount of 30% of the overall value of the subcontract.
- Commits to meeting the goals of the Local, Disadvantaged Local Worker, and Veteran Hiring goals set forth by the District which includes the following:
  - 35% of all skilled trade positions performing project work shall be: first, from qualified workers residing within the Primary Residency Preference Area; second, from qualified workers residing within the Secondary Residency Preference Area; and third, from qualified workers residing within Los Angeles County.
  - 10% of all Local Workers performing project work shall be Disadvantaged Local Workers and/or Veterans.
  - 50% of each craft's apprentice workforce shall consist, to the extent available, of first year apprentices.

#### Pankow Prequalification Process

All bidders will need to participate in Pankow's prequalification process during the bidding stage for evaluation in order to enter into a subcontract agreement with Pankow.

**Bid Documents** Bid documents will be issued through BuildingConnected  
**Selection Criteria** Subcontractors will be selected and awarded the project based on best value.

All subcontractors are required to execute OC Jones' standard subcontract agreement, comply with all insurance requirements, and name OCJ as additional insured. Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.

McCarthy Building Companies  
 515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 | 213-655-1100 | License #411173

#### Subcontractor Solicitation of Interest

**Kenneth Hahn Hall of Administration – Base Isolation Seismic Retrofit**  
 Los Angeles, CA

McCarthy Building Companies, Inc., working as the Construction Manager at Risk in conjunction with the Department of Public Works for Los Angeles County, is soliciting interest from qualified subcontractors to participate in the bidding for award phase of the project.

**Project description:** The Hall of Administration Base Isolation Seismic retrofit project consists of the installation of seismic isolators under the foundation of the existing building. Hydraulic jacks and temporary load-bearing shoring will be installed in phases to support and transfer the gravity loads from the existing columns/walls to new support foundations. Seismic strengthening of the superstructure using new concrete shear walls is required at select interior locations. These interior locations will require demolition and reconstruction. Select restrooms will receive ADA upgrades and elevators are to be modernized. A moat gap will be constructed around the building perimeter using earth-retention walls. Shoring and earthwork operations will require demolition and reconstruction of the existing site around the building. Underground utilities will be modified or replaced. This project will be performed at an active site where the building is occupied during typical work hours. Provisions of various sorts will be accommodated so as not to disrupt the occupants of the building.

**Project Location:** 500 West Temple Street, Los Angeles, CA 90012

**Work categories include:** Hoists & Cranes; Selective Demolition & Abatement; Reinforcing Steel; Shotcrete; Fiber Reinforced Polymer (FRP); Masonry/Stone; Structural Steel; Metal Decking; Misc. Metal Fabrications; Finish Carpentry & Casework; Roofing & Waterproofing; Insulation; Sheet Metal Flashings, Expansion Joints/ Moat Covers; Pneumatic railings, Joint Sealants; Doors/ Frames/Hardware; Access Doors (w/ trades); Window Restoration, Elevator Smoke Containment Doors; Fireproofing; Drywall & Framing (Rough Carpentry), Ceramic Tile; Acoustical Ceilings; Resilient Flooring & Carpet, Resinous Flooring; Painting & Wallcoverings; Wall Protection; Signage (Site/Bldg.); Fire Extinguishers/Cabinets; Toilet Partitions & Accessories; Storage Shelving, Window Treatment; Elevators; Fire Protection; Site Clearing, Earthwork; Dewatering; Asphalt Concrete Paving; Site Concrete; Site Utilities; Fences & Gates; Landscaping & Irrigation; Site Furnishings.

**Key Subcontractor Qualifications:** Design-Build experience for: Elevators, Fire Protection, and Dewatering

**Key Dates:** Request for Proposals (RFP) issued to Subcontractors – 01/17/24 via Building Connected website; Proposals Due to McCarthy Building Companies – 3/22/24.

This project requires:

- Prevailing Wages
- Contractor Controlled Insurance Program (CCIP)
- A 100% Performance and Payment Bond from an admitted surety upon award of contract for all trades.
- Community Workforce Agreement (CWA)

McCarthy is an equal opportunity employer and encourages qualified Small Business and Minority Business participation. All qualified applicants will receive consideration for employment without regard to race, religion, sex, or national origin.

Please contact us if you have any questions regarding project specifics:

# CALIFORNIA SUB-BID REQUEST ADS

**REQUEST FOR Sub-Proposals from Certified DBE Firms**  
**Project Name: Inland Rail Trail Phase 3B Bikeway**  
**Solicitation No. SOL1224667**  
**Owner: SANDAG**  
**DBE Goal: 21%**

**Subcontractors/Subconsultants/Vendors wanted for:**

(Subcontractors) : Electrical, Traffic Signal (Traffic Loop), Asphalt Paving/Dikes, Retaining Walls, Minor Concrete (Structures), Fencing, CMU, Light Weight Cellular Concrete, Clear & Grub/ Tree Removal, Landscape, Signage & Striping, Shotcrete, Reinforcing Steel, CCTV, Surveying, Quality Control, Tree Removal, Sawcutting, Modular Block Wall, Job Coordinator, Street Sweeping, Trucking

(Suppliers): RCP, Ready Mix Concrete, Aggregates, BMP Materials/ Erosion Control, Geogrid, Misc. Metals, CMU Blocks, Shoring, Signage, Catch Basins, Waterworks, Precast Wheel Stops, Truncated Domes, Precast Grade Rings, Trash Receptacles, Welded Wire Fabric, Architectural Liner, PVC

**Project Scope:**

The work consists in general of constructing approximately 1.1 miles of a Class I bicycle facility, located between Civic Center Drive and Mar Vista Drive, in Vista, CA. The Class I bikeway is an 8-foot to 10-foot-wide multiuse bike path that is located mostly within the existing North County Transit District Right-of-Way, parallel to the railroad tracks. This bike path will connect to existing sidewalks or bike paths. Work will include grading, retaining walls, drainage improvements, cold milling asphalt concrete, crushed aggregate base, asphalt concrete paving, landscaping and irrigation, lighting, black chain link fence and gates, water quality swales, signing, and pavement delineation. The additive alternative work is for the CCTV system.

Bond Premium will be reimbursed up to a cost not to exceed 2.0%. W.A. Rasic is an equal opportunity employer and Union signatory Contractor.

## 20 Common Small Business Mistakes and What NOT to Do

Continued from page 2

### 9. Don't give up equity.

OK, maybe someday you want to go public, or your exit plan involves selling your business for zillions to some big tech company. To do that, you need to bring in investors, venture capitalists, partners, and high-priced employees – then equity would be an important part of doing business with those people. But most of us don't have these dreams. We want to grow our companies, earn a nice living, build some value, and then one day either pass the company on to

another generation or to a buyer. Try not to give up ownership in your company too early or for too little. The more equity you control, the more of your life you will control.

### 10. Don't invest in too much technology.

One of the common mistakes entrepreneurs make is investing too much in technology. If the tech giants had it their way, you'd not only be upgrading their software every month, but you'd also be buying every new gadget that comes on the market as soon as it comes on the market. Don't do this. My smartest clients

use technology effectively and treat purchases like the purchase of any other capital investment: with return on investment in mind. Just because a piece of tech is cool, or fun, doesn't mean it's going to benefit your business. Measure the cost of it over a five-year period of time with the benefits it will produce more business, better productivity, and lower costs. If you can get yourself a good return on your money, then buy that tech. Otherwise, invest somewhere else.

### 11. Don't think that the good (or the bad) times will last forever.

Like many small businesses, if you're in a cyclical industry such as construction, retail, or transportation, then know this: Things are never as good as they seem and things are never as bad as they seem. Everything evens out over the long term.

## GOLDEN GATE BRIDGE HIGHWAY & TRANSPORTATION DISTRICT

### NOTICE INVITING BIDS

The Golden Gate Bridge, Highway and Transportation District (District) is soliciting bids from qualified firms for Contract No. 2023-BT-072, San Rafael Bus Facility Parking Lot Improvements and Solar Panel Installation. Bids must be uploaded to the District's Procurement Portal: <https://ggbhtd.bonfirehub.com> by **February 15, 2024, at 2:00 p.m.**, Pacific Time, at which time bids will be publicly opened and read online.

Hard copy submissions will NOT be accepted. Hard copies received will be returned (unopened) to Bidders without consideration.

The bid opening will be conducted online only, and the District will be utilizing Microsoft Teams to conduct the meeting. Below is the Microsoft Teams Meeting information for Bidders who wish to participate in the bid opening. If you have not used Microsoft Teams before, please refer to the link: Join a Meeting in Teams prior to the meeting to ensure that you are able to join without technical difficulties. On the date and time of the meeting, press Ctrl+Click on the hyperlink, "Join Bid Opening." This meeting is specifically for the bid opening relative to the above Contract. Bidders may also call the telephone number and enter the Conference ID number provided below.

This public works project consists of, in general, refurbishing the existing employee and visitor parking lots, constructing a new solar carport system, installing new electric vehicle charging stations, removing the existing electric power supply and installing a new power supply at the District's San Rafael Bus Facility located at 1011 Andersen Drive, San Rafael, CA 94901.

The work includes: minor building and pavement demolition; earthwork; survey and field verifications; cold planing of existing asphalt concrete pavement; hot mix asphalt overlay; concrete curbs and gutters; reinforced concrete; drainage improvements; pavement marking; signage; traffic control; solar carport system consisting of CIDH piling, steel supports and framing and solar panels; electric vehicle charging stations installation; lighting; coordination with PG&E for removal of existing and installation of a new electrical transformer; transformer concrete pad, bollards, conduits, and related items as required for a new PG&E transformer installation; new electrical distribution panel; electrical; water and sewer line installations; ADA ramps; establishment of and providing access to

a new modular structure; staging of the work to minimize impacts to operations and the public; and all other work items as required to complete the project titled San Rafael Bus Facility Parking Lot Improvements and Solar Panel Installation, as shown on the Contract Plans and as specified in the Contract Documents.

A pre-bid conference will be held on **January 24, 2024 at 10:00 a.m., Pacific Time**, at the San Rafael District Conference Room, Administration Building, 1011 Andersen Drive, San Rafael, CA. A job site tour will be conducted immediately after the conference. While attendance at this conference and the job site tour is not mandatory, **the District highly recommends you attend. Bidders are notified that all state and local public health orders will be followed during the pre-bid conference. Depending on such requirements then in force, wearing of face masks and social distancing may be required.** Parties interested in attending either the pre bid conference or the bid opening shall notify the District 24 hours prior to attending either event by contacting [dmoore@goldengate.org](mailto:dmoore@goldengate.org).

Bidders bidding as the prime contractor shall possess a valid **State of California Class A, General Engineering Contractor's License** with a minimum experience of three (3) similar pavement and parking lot rehabilitation work projects in scope and size, and three (3) public works projects in the past five (5) years at the time of Contract award. **Bidder shall submit satisfactory qualifications and experience listed above on Attachment M, Bidder's Statement of Qualifications and Business References.** Pursuant to Public Contract Code Section 4104, each Bid Proposal must include the name and location of the place of business of each subcontractor who shall perform work or service, or install work for the prime contractor in excess of one-half of one percent (1/2 of 1%) of the bid price, using **Attachment E, List of Subcontractors, included with the Bid Documents.**

Bids must be accompanied by a deposit either in the form of cash, a certified or cashier's check, or Bidder's Bond, as described in the Contract Documents, which shall be applied to damages sustained by the District if the successful Bidder fails or refuses to enter into a contract awarded to it.

Bids shall be submitted on the District's **Proposal Forms, including all attachments**, and uploaded to the District's Procurement Portal: <https://ggbhtd.bonfirehub.com> and plainly marked with Bidder's name.

The District reserves the right to reject any and all bids or to waive any irregularities or informalities in any bid or in the bidding procedure. No Bidder may withdraw its bid for a period of ninety (90) days after the date of opening bids. Within two (2) working days of bid opening, a summary of Bidders' quotes will be available at the District's Procurement Portal website. To review the bid results, go to the District's Procurement Portal website: <https://ggbhtd.bonfirehub.com> and look for **Contract No. 2023-BT-072**. Each Bidder will be notified of award, if award is made.

The successful Bidder shall furnish a Performance Bond and a Payment Bond in amounts equal to one hundred percent (100%) of the total price of the Contract. District will retain five percent (5%) from each invoice/billing statement submitted in connection with the Contract. Pursuant to Public Contract Code Section 22300, the successful Bidder may submit certain securities in lieu of the District withholding funds from progress payments (retention) during the Project.

The District hereby notifies all Bidders that it is the policy of the District to ensure nondiscrimination on the basis of race, color, national origin, or sex in the award and administration of contracts.

Bidders are strongly encouraged to obtain Disadvantaged and Small Business Enterprise (DBE/SBE) participation on this Project. **DISADVANTAGED BUSINESS ENTERPRISES (DBEs) ARE, BY DEFINITION, CONSIDERED TO BE SBEs, AND ARE COVERED BY THE REFERENCES TO SBEs IN THIS DOCUMENT.** In order to achieve such participation, the District has developed procedures to remove barriers to DBE participation in the bidding and award process and to assist DBEs to develop and compete successfully outside of the DBE Program. The District has evaluated subcontracting opportunities for this Contract and determined that such opportunities exist and has established an SBE contract-specific goal of 22%. Bidders must meet the contract-specific SBE goal or demonstrate good faith efforts to do so. Bidders are encouraged to attend the pre-bid meeting to better understand the applicable DBE/SBE requirements. For DBE/SBE assistance, contact Artemis Davenport, DBE Program Administrator, at (415) 257-4581. This Contract is subject to financial assistance from the U.S. Department of Transportation. Bidders will be required to certify that they have not been suspended or debarred from participation in federally funded contracts. Bidders must also disclose lobbying activities. Full compliance with all applicable Safety and Health Standards, DBE/SBE requirements, Equal Employment Opportunity, and Americans with Disabilities Act laws and regulations will be required of the successful Bidder.

Due to the financial assistance from the U.S. Department of Transportation, **this Contract is also subject to Buy America compliance.** Bidders will be required to submit an executed Buy America Certificate. With regard to meeting the Buy America requirements, Bidders' attention is directed to the FTA's Dear Colleague letter dated September, 16, 2016, located at <https://www.transit.dot.gov/regulations-and-guidance/buy-america/fta-guidance-letter-buy-america-small-purchase-waivers>. In light of the FTA's advice contained therein, with regard to the granting of Buy America waivers, **the District will not award a contract to a Bidder that does not certify compliance with the Buy America requirements on the "Buy America Certificate" included in the Proposal.**

**This is a federally funded Public Works Contract.** As a result, Contractors and subcontractors must be registered with the Department of Industrial Relations (DIR) pursuant to Labor Code Section 1725.5, at the time of contract award. (See Labor Code Section 1771.1(a)). This Contract is subject to monitoring and enforcement by the DIR pursuant to Labor Code Section 1771.4.

Contractor and all lower-tier subcontractors and suppliers performing covered work shall be required to submit certified payroll and labor compliance documentation to the District electronically using LCP-tracker software.

In accordance with Section 1720 et seq. of the Labor Code, the general prevailing wage rates, as established by the Director of the California Department of Industrial Relations, will apply to this Contract. Information about prevailing wage rates for this Project is set forth in the Special Provisions. The prevailing wage rates established by the California Department of Industrial Relations are available at <http://www.dir.ca.gov/DLSR/PWD>. Hard copies can be viewed at the

District's Engineering Office or requested by mail, addressed to: Prevailing Wage Unit, Division of Labor Statistics and Research, Department of Industrial Relations, P.O. Box 420603, San Francisco, CA 94142.

Should the general prevailing wage rates not specify a wage determination for a particular craft classification or type of worker, attention is directed to 8 C.C.R. 16202(b) regarding petitioning the Director of the California Department of Industrial Relations for a special wage determination. The District has made no request for such determination, as the District does not know the specific craft classifications or type of workers intended by Contractor for this Project.

Minimum wage rates for this Project, as determined by the U.S. Secretary of Labor, are set forth in Section 7-1.11E. If there is a difference between the minimum wage rates determined by the Secretary of Labor and the prevailing wage rates determined by the State for similar classifications of labor, Contractor and its subcontractors shall pay no less than the higher wage rate.

Contractor and subcontractors must be registered with the California Department of Industrial Relations pursuant to Labor Code Section 1725.5. This Agreement is subject to monitoring and enforcement by the DIR pursuant to Labor Code Section 1771.4. The Contractor must post job site notices, as prescribed by regulation. The Contractor shall furnish the records specified in Labor Code Section 1776 directly to the Labor Commissioner, monthly in a format prescribed by the Labor Commissioner.

Bidders' attention is directed to the requirements of the Occupational Safety and Health Administration of the U.S. Department of Labor, which requirements shall apply to all work to be done under this Contract.

Bid documents are available at no charge on the District's Procurement Portal at <https://ggbhtd.bonfirehub.com>. In order to download and respond to posted solicitations, Bidders are required to register on the District's Procurement Portal. Once registered the documents may be downloaded. Click on the "Open Public Opportunities" page, click View Opportunity next to the desired project.

Any revision to the Bid Documents will be made by a written addendum and be available on the District's Procurement Portal for download at no charge. Such addendum will become a part of the Bid Documents and be binding on all Bidders. Bidder's receipt of the addendum shall be acknowledged and so noted by each Bidder in the space provided on the Proposal Form. It is the responsibility of Bidder to check the District's Procurement Portal website for any Addenda that may be issued relative to this Contract.

Questions regarding technical information and clarifications shall be submitted in the District's Procurement Portal by clicking on the Opportunity Q & A tab of the message section of the project page. Such submissions shall be sent **no later than eight (8) calendar days before bid opening**. Note that only written clarifications issued by the District are binding on the District. The District will post all pre-bid questions and the District's responses on the District's Procurement Portal website under Reference Number **2023-BT-072**. Bidders are encouraged to check the procurement portal website regularly.

Ewa Z. Bauer-Furbush, P.E., District Engineer  
Dated at San Francisco, this 9th day of January 2024  
1/11, 1/18, 1/25/24

## DGA ARCHITECTS

**Project: Gladstone Institutes Building Expansion**  
**Address: 1650 Owens Street, San Francisco CA**

We are requesting statements of interest and qualifications from professional services firms for the proposed building expansion of the Gladstone Institutes life science research facility in Mission Bay, San Francisco. The proposed addition is an 8-story (high rise) expansion of approximately 100,000 sf which would match the floor lines of the existing building. The expansion will house lab and lab support space.

The professional services being sought include: associate architect, landscape and irrigation designer,

associate geotechnical engineer, associate structural engineer, associate plumbing engineer, building envelope consultant, lighting designer, vibration consultant, hazardous materials consultant, smoke control engineer, fire/life safety code consultant, and fire protection engineer. A virtual pre-submission conference will be held on 1/9/24 at 9:00 am to answer questions. RFQ responses are due by 1/26/24 at 12:00 pm. A shortlist of RFQ respondents will be invited to participate in a subsequent RFP process.

Please refer to the RFQ for more information ([link here](#)). For questions, please contact Richard Price from DGA at [rprice@dga-my.com](mailto:rprice@dga-my.com).

## SANTA CLARA VALLEY WATER DISTRICT (VALLEY WATER)

**NOTICE TO PROSPECTIVE PROPOSERS  
REQUEST FOR PROPOSALS (RFP)  
PB FILE NO. VW0260**

**ON-CALL CIVIL AND STRUCTURAL  
ENGINEERING AND ANALYSIS OF LARGE-DIAMETER  
WATER TRANSMISSION PIPELINE SERVICES**

Santa Valley Water District (Valley Water) is seeking proposals from qualified engineering firms to provide On-Call Civil and Structural Engineering and Analysis of Large-Diameter Water Transmission Pipeline Support Services. Parties interested in obtaining a copy of this RFP may do so by accessing the Valley Water's web portal at <https://pbsystem.planetbids.com/portal/48397/portal-home>.

All parties are asked to register on the Santa Clara Valley Water District Procurement Portal, PlanetBids, to be automatically notified of any changes to the RFP document. Proposals are due by 2:00 p.m. on February 13, 2024 as specified in the RFP Schedule. All questions regarding this solicitation must be submitted directly in Valley Water's web portal at the link listed above no later than the date specified in the RFP Schedule.

**Tenderloin Community Action Plan Delivering Critical Services**

[ Article originally appeared in [www.sf.gov](http://www.sf.gov) ]

Mayor London N. Breed announced an update on the City’s progress with the Tenderloin Community Action Plan, which was created as part of the City’s ongoing commitment to improve living conditions in the neighborhood.

The City has increased law enforcement presence to disrupt open-air drug markets and surrounding crime, expanded an ambassador program to provide on-the-ground support throughout the neighborhood, and conducted joint departmental operations to offer people services and move individuals living on the street into shelter.

As part of this comprehensive effort, the City’s Planning Department has been implementing the Tenderloin Community Action Plan (TCAP), a collaboration between various City agencies, residents, community organizations, businesses, and non-profit partners to provide funding and financial support for programs and services to improve public spaces, support youth and small businesses, and promote cultural events to benefit residents.

Programs funded by the \$4 million in the TCAP are providing more services in several areas, including;

- Night Safety Support
- Expanding Green Spaces
- Cleaner and Safer Public Spaces
- Food Security
- Youth Enrichment and Support
- Small Business Support
- Housing

“Our commitment to the Tenderloin is unwavering and we are proud to have partnered with the community to bring these projects to life,” said Mayor Breed. “As we continue to invest in public safety efforts and work to deliver clean and safe public spaces, we must also focus on bringing joy and foster neighborhood pride in the Tenderloin and across the City.”

By the end of 2023, 19 of 21 projects as part of TCAP have either started delivering services or are in the designing or permitting phase and work is underway. Highlights include:

**Nightly Safety Support**

The Night Navigator Program run by Code Tenderloin in collaboration with the San Francisco Department of Public Health, is the newest addition to the street teams addressing a long-needed gap of providing services and care during the night.

Since its launch in October 2023, the program had over 900 street engagements, facilitating 265 connections to health and other social services such as shelter

**Expanding Green Spaces**

The Golden Gate Greenway project is a community effort to transform the 100 block of Golden Gate Avenue into a green, safe street for the Tenderloin community.

## CALIFORNIA SUB-BID REQUEST ADS

# Turner

Request for Qualification (RFQ)  
RFQ Period: January 17, 2024 – January 31, 2024

Turner Construction Company (Turner) is seeking qualified Subcontractors for the following project:

Moffitt Library – University of California, Berkeley  
UCB Project No. 12738A

Turner has been awarded the UCB Moffitt Library project designed by BNIM Architects and MEP by Introba, located at the UC Berkeley Campus along University Drive, with Memorial Glade and Doe Library to the east, California Hall to the south, and Valley Life Sciences Building to the west. This is a renovation of 3 full floors and upgrades to an additional 2 floors totaling 102,000 square feet within the existing Moffitt Library. These renovations will bring upgrades to the currently underutilized floors of the library, expanding the student's study and collaboration spaces. This project is seeking LEED certification and is subject to Buy Clean California regulation.

Trade Subcontractors who do not submit the pre-qualification information and are not pre-qualified will not be allowed to propose on the project.

Turner is currently seeking RFQs for the following Trade Packages:

Bid Package #	Trade Package	Approximate Value
BP-01	FINAL CLEANING	\$99 K
BP-01	DEMOLITION	\$900 K
BP-01	CONCRETE	\$338 K
BP-01	MASONRY	\$24 K
BP-01	MISC METAL	\$136 K
BP-01	MILLWORK	\$938 K
BP-01	WATERPROOFING	\$20 K
BP-01	DOORS, FRAMES, HARDWARE	\$365 K
BP-01	GLAZING	\$418 K
BP-01	DRYWALL / PLASTER	\$1.4 M
BP-01	TILE	\$250 K
BP-01	ACOUSTICAL CEILING TILE	\$1.8 M
BP-01	FLOORING	\$538 K
BP-01	PAINTING	\$284 K
BP-01	SPECIALTIES	\$130 K
BP-01	SIGNAGE	\$46 K
BP-01	TOILET PARTITIONS / ACCESSORIES	\$150 K
BP-01	FOOD SERVICE EQUIPMENT	\$73 K
BP-01	WINDOW TREATMENTS	\$51 K
BP-01	CONVEYING	\$69 K
BP-01	FIRE PROTECTION	\$1.3K
BP-01	PLUMBING	\$667 K
BP-01	HVAC	\$2.7 M
BP-01	ELECTRICAL	\$4.9 M
BP-01	TELECOMMUNICATIONS	\$827 K
BP-01	FIRE ALARM / LIFE SAFETY-SECURITY	\$1.2 M
BP-01	LANDSCAPING	\$47 K
BP-01	SITWORK	243 K

Turner has a 20% UBE [MBE/WBE/DVBE/LGBTQ+] goal for this project.

University Project Reference: <https://www.lib.berkeley.edu/about/news/moffitt-fall-2022>

For information on how to Pre-Qualify with Turner, please contact Crystal Chang – Subject: UCB Moffitt at the following email address: [cchang@tcco.com](mailto:cchang@tcco.com)

WESTERN WATER (WW), is seeking quotes from qualified subcontractors and suppliers, including DBE and/or San Francisco (Local) Small & Micro LBE certified firms, for the construction of:

**SFPUC Moccasin Compound Water System Filtration Addition, Contract No. HH-1013**  
Engineer's Estimate: \$4,490,000  
Bid Date & Time: January 25th, 2024 at 2:00 P.M.  
Project Location: Moccasin, CA

Contracting opportunities for qualified subcontractors and suppliers on this project may include, but not be limited to, the following types of work: **General Engineering, General Building, Concrete, Drywall, Electrical, Earthwork & Paving, Fire Protection, Painting/Waterproofing, Pipeline, Roofing, Tile Installation, Metal Products, Doors/Gates/Activating Devices, and Pipes/Valves/Fittings Supplies.**

Information regarding bonding, insurance, lines of credit, and any technical assistance or information related to the plans or specifications and requirements for the work will be made available to all interested firms. Plans and specs are available to view at our office and access to digital copies will be provided upon request.

For more information or to provide quotes, please contact:

Western Water, 707 Aviation Blvd, Santa Rosa, CA  
Cameron Brum, Estimating Coordinator  
[bids@westernwater.com](mailto:bids@westernwater.com), Phone: (707) 540-9640, Fax: (707) 540-9641

Subcontractors will be required to comply with all subcontract insurance requirements, which include providing a waiver of subrogation endorsement to their worker's compensation insurance.

The City has a surety bond program, which assists LBE contractors in obtaining bonding and financing for contracts awarded by the San Francisco Public Utilities Commission. For further information contact: Jennifer Elmore at (415) 217-6578.

The SFPUC has adopted a Project Labor Agreement (PLA) which will apply to this Project. All contractors must sign a letter of assent, binding the contractor to the terms of the PLA.

Interested subs and suppliers should complete and submit the attached solicitation form no later than 24 hours prior to bid.

**WW is an AA/EO/Veterans/Disabled Employer – CA License No. 188068**

## 2024 Construction Trends

### Continued from page 1

We will also see more companies in the AEC sector adopting hybrid work schedules by noticing the evolving preferences of the modern workforce which highlights the need for companies to be open to flexible work arrangements.

Data tracking will increase, such as tracking CO2 emissions and diverse supplier spending, as more and more companies and clients, both private and public, are driving environmental and socio-economic change in the industry by prioritizing aspects beyond the financial performance of projects.

And finally, increased use of VR and AR in transforming simulation, training, and on-site safety while allowing employees to learn new skills in a secure and engaging setting.”

### AI and Data's Impact on the Industry

**Stephen Brooke**  
Digital Delivery Project Manager,  
Burns & McDonnell

“Looking ahead to emerging construction trends, it's the combination of two key areas that have sig-

nificant buzz and are starting to drive more industry innovation: artificial intelligence (AI) and data. We've just merely scratched the surface for AI in the industry and this year is going to be huge in determining which innovations will provide the most value and give us better data. The goal is to leverage data for QA and QC, eliminate duplication, and create more project efficiencies.

At Burns & McDonnell, one of our top priorities is determining how we can take this data to the next level. The focus is on leveraging AI and data to make teams more efficient and achieve better project outcomes. But ultimately, it's about empowering success for our clients.”

### The Strength of Industrialized Construction

**Amy Bunszel**  
Executive Vice President, Architecture,  
Engineering and Construction Design  
Solutions, Autodesk

“Industrialized construction is a trend that I am particularly enthusiastic about in 2024 and beyond. Across the world, I have seen some remarkable projects that showcase the benefits of industrialized construction.
