

From Goal Setting to Goal Getting: What Market Intelligence Can Do for Building Product Manufacturers

[Article originally appeared in www.constructconnect.com]

By Marshall Benveniste,

Darwin got his from over 100 pigeons. Galileo used crude telescopes to get his. Marie Curie had a pocket watch. George Washington Carver a microscope. And Florence Nightingale saved lives with it.

These men and women's extraordinary contributions to humanity depended on many factors and circumstances. But their abilities to locate and understand data to their advantage (and ours) stand glaringly as examples of the transformative power of information. Where would we be without Carver's approaches to restoring nutrient-depleted crop soil or Nightingale's disease-sparing methods? Their discoveries, like countless others, hinged on the successful insights gleaned from data.

Now, consider this: Where will you be without the right data? Where will your sales objectives land if you don't have the right market intelligence to position your team, your assets, and your thinking?

An Increasingly Complex, Data-Rich Marketplace

Marketplace complexity for building product manufacturers continues to march forward at a staggering pace. Opportunities for innovation, expanding into new markets, and grabbing product market share, for example, face the continuous potential threats of increased competition, changing customer behavior, and emerging trends.

Advancing at a breakneck pace and intensifying an already complex marketplace, the construction industry churns out massive volumes of data as technology adoption escalates. An ever-present threat to informed decision-making is no longer the lack of data but the ability to turn relevant information into actionable insight. Information overload and "paralysis by analysis" are not only genuine issues but also common ailments for decision-makers that hobble the best-laid objectives.

[Article originally appeared in www.census.gov]

To commemorate and celebrate the contributions to our nation made by people of African descent, American historian Carter G. Woodson established Black History Week (then called "Negro History Week") nearly a century ago. The event was first celebrated during the second week of February 1926, selected because it coincides with the birthdays of both Abraham Lincoln (February 12) and abolitionist/writer Frederick Douglass (February 14). That week would continue to be set aside for the event until 1976 when, as part of the nation's bicentennial, it was expanded to a month. Since then, U.S. presidents have proclaimed February as National African American History Month.

The following facts are made possible by the invaluable responses to the U.S. Census Bureau's surveys. We appreciate the public's cooperation as we continuously measure America's people, places and economy.

Note: References to the Black population in this publication refer to single-race Black people ("Black alone") unless otherwise noted.

U.S. SMALL BUSINESS ADMINISTRATION HIGHLIGHTS

One Year Later: Biden-Harris Administration, SBA Have Prioritized an Equitable Recovery, Centered on Strengthening Main Street and Supply Chains

In the past year under the Biden-Harris Administration, the U.S. Small Business Administration (SBA) continued scaling up to meet extraordinary challenges and deliver remarkable results for small businesses across America. Despite the odds, President Biden's leadership has added 6.4 million jobs – the most in any year in U.S. history – and managed the fastest growing economy in decades while cutting unemployment to near historic lows.

Under Administrator Isabella Casillas Guzman, the SBA has undertaken a monumental task – saving the small business economy and preserving the jobs and livelihoods of millions. From Main Street to Broadway, manufacturers to Mom-and-Pops, thousands of civil servants played a critical role in getting small businesses (who employ half of the private workforce, create two-thirds of net new jobs, and generate 40 percent of America's economic productivity) back on their feet, and the work continues. A look back at the SBA's accomplishments and efforts showcases the tremendous good the federal government can do on behalf of the American people.

THE SBA PUNCHED ABOVE ITS WEIGHT IN AN UNPRECEDENTED YEAR:

Focused on helping the hardest-hit, underserved small businesses survive, the SBA saved jobs across America, while expanding its core capital and technical assistance programs. Using a two-pronged strategy of encouraging COVID safety precautions, including vaccinations, as critical to safely reopening, while distributing billions of dollars to struggling small business owners, the SBA has been instrumental in the Biden-Harris Administration's efforts to fight the pandemic and successfully bring the economy back from the brink of collapse.

Through the American Rescue Plan (ARP) and other critical federally funded relief programs, the Biden-Harris Administration's SBA delivered nearly \$450 billion in relief to over six million impacted small businesses and nonprofits, including the smallest of small businesses, our critical suppliers, and manufacturers, main street

restaurants and live entertainment venues. Since President Biden took office:

- The SBA supported small businesses in all 50 states, every territory, and Washington D.C. through the Restaurant Revitalization Fund (approx. \$28.5 billion to over 100,000 businesses), Shuttered Venue Operators Grant (approx. \$14 billion to nearly 13,000 businesses and nonprofits), the COVID Economic Injury Disaster Loan (EIDL) program (approx. \$125 billion to over 650,000 businesses and nonprofits), the COVID EIDL Targeted and Supplemental Advance programs (approx. \$7 billion combined to nearly 600,000 businesses), and the Paycheck Protection Program (approx. \$280 billion to 5.6 million businesses). And the SBA is delivering on its promise of forgiveness as nearly 1.7 million small businesses with PPP loans of less than \$150,000 have received relief through the SBA's new direct forgiveness portal.
- While work remains to close capital gaps, the SBA's core lending programs provided \$44.8 billion in funding to small businesses in fiscal year (FY) 2021 through more than 61,000 loans.
- Additionally, Small Business Investment Companies (SBICs) provided over \$7 billion in long-term funding to more than 1,000 small businesses helping to start, grow, and sustain small businesses and startups across 49 states and Puerto Rico in fiscal year (FY) 2021. The SBA also helped expand the ecosystem of organizations by connecting small business startups to private capital sources and spurring innovation through award funding and competitive prizes across the country.
- And as climate change has driven more frequent and devastating natural disasters, the Agency's tireless disaster assistance team responded by delivering nearly \$2.3 billion to help small businesses, renters, and homeowners rebuild and recover.

DEEPENED OUR COMMUNITY INVESTMENTS AND RELATIONSHIPS:

From every corner of the United States, the SBA met small business owners and advocates where they were, to hear their concerns and improve its offerings. Whether through moving technical assistance trainings and activities online to help small businesses stay connected and informed during the pandemic or touring and shining a light on their businesses and the importance of supporting small as we safely reopened, the SBA was there every step of the way. By the numbers:

- More than 60,000 participants, in total, directly engaged during 2021 National Small Business Week (NSBW), National Veterans Small Business Week (NVSBW), and the Inaugural Innovation Ecosystem Summit.
- Hosted over 66,000 virtual and in-person events to counsel small business owners and advocates on navigating government resources, programs, and networks.
- Engaged over 1,000 organizations and advocates – such as diversity chambers, trade associations, and small business affinity groups – across the country, with a collective reach of at least 11 million.
- Expanded to 140 Women's Business Centers – the most in the Agency's history - and 22 Veterans Business Outreach Centers to provide extensive-on-the-ground expertise, in addition to 68 district offices and over 1,000 resource partners centers.
- Launched the ARP's \$100 million Community Navigator Pilot Program with 51 navigators and hundreds of hyper-local, spoke organizations deeply embedded in their communities to make it easier than ever for entrepreneurs to access our most vital resources, no matter where they live.
- And Administrator Guzman has traveled to 22 states and Puerto Rico, visited 41 cities, given nearly 100 national, local, and coalitions media interviews, and delivered 133 speeches to hear from - and speak directly with - small business owners.

EXECUTED ON PRESIDENT BIDEN AND ADMINISTRATOR GUZMAN'S EQUITY GOALS:

With an intent to reach underserved, under-resourced communities, the SBA has centered equity in all its work and enhanced its services and programs to better meet the unique needs of America's 32.5 million small businesses.

- Advancing Equity Has Permeated Every Aspect of the SBA: Led by various teams, such as the Offices of Capital Access and Government Contracting and Business Development, the agency funded small businesses across key demographic groups, including rural Americans (\$58 billion+), Black and African Americans (\$17 billion+), Hispanics and Latinos (\$15 billion+), Native Americans (\$699 million+), and Asian-American, Native Hawaiian and Pacific Islanders (\$23 billion+).
- Opening Doors Through New Reforms: For the first time, the SBA released disaggregated data across industries and sectors by race and ethnicity and helped deliver contracting reforms that will require federal agencies to track and publicly report how they're bringing in new contractors, develop diversification strategies, and open doors for more socio-economic, underserved firms to sell their goods and services to the world's largest buyer: the U.S. Government.
- Distributed \$15.2 billion in critical RRF relief aid to women-owned (\$7.5 billion), veteran-owned (\$1 billion), and socially and economically disadvantaged-owned (\$6.7 billion) small businesses.
- In low-income communities, over 600,000 small businesses received a lifeline of up to \$15,000 in relief grants through the COVID EIDL Targeted and Supplemental Advance programs, while 22 percent of PPP loans went to those in rural areas.
- Elevating Critical Constituencies: Recognizing the importance of the over 12 million

EPA Recognizes the Presidio Trust in San Francisco as Federal Green Challenge Winner

[Article originally appeared in www.epa.gov]

The U.S. Environmental Protection Agency (EPA) is announcing awards for federal facilities across the country, in recognition of their practical, cost-effective measures to conserve resources as part of the Federal Green Challenge. In California, EPA is recognizing the Presidio Trust—the federal agency that preserves San Francisco’s Presidio National Park—with a regional Federal Green Challenge award for its leadership in conserving resources, promoting efficiency, and building a circular economy.

The Challenge, which began in 2013, is a national effort under EPA’s Sustainable Materials Management Program to encourage agencies to reduce the federal government’s environmental impact. Reducing the size of a facility’s environmental footprint conserves natural resources and reduces pollution that contributes to climate change.

“It’s going to take a whole-of-government approach to build a more sustainable future, and the awardees announced today are leading the charge,” said EPA Administrator Michael S.

Caption: The Presidio Trust recycled 44 tons of carpet and carpet padding.

Regan. “These agencies are addressing the impacts of the climate crisis by reducing the use of natural resources, resulting in an estimated cost savings across the federal government of \$36 million in 2019.”

“Congratulations to the Presidio Trust on its recognition in this year’s Federal Green Challenge,” said EPA Pacific Southwest Regional Administrator Martha Guzman. “We applaud our federal partner for its innovative effort to reduce waste and build a circular economy, while preserving the Presidio site here in San

Francisco as an enduring resource for the American people.”

The Presidio Trust reduced their Construction and Demolition (C&D) waste stream, consisting of construction materials and other bulky items related to management of residential and commercial properties within the Presidio of San Francisco. When the Presidio Trust learned that 75% of their C&D waste stream went to landfill, they worked with their waste hauler to add additional construction materials collection for recycling, hosted training for over 80 staff, and developed high quality recycling signs and maps. The Presidio Trust has recycled 56 tons of co-mingled C&D material, 56 tons of metal, 44 tons of carpet, and 7.5 tons of cardboard. Overall, the amount of material kept out of the landfill rose from 40% to 68% in the nine months post-training.

“The Presidio Trust has been a model in Federal waste reduction for over two decades. More recently, we committed to becoming a zero waste park,” said Abby Morris, Presidio Trust Zero Waste Coordinator. “Our strategies are simple:

CALIFORNIA SUB-BID REQUEST ADS

W.A. Rasic Construction Company
Our firm is preparing a bid for the following project as a prime contractor and we are interested in receiving subcontractor quotations for items of work or materials required below from interested Disadvantaged Business Enterprise (DBE), Minority Business Enterprise (MBE), and Women Business Enterprise (WBE)

City of San Diego
Pure Water Program (PWP)
Morena Conveyance South & Middle and Morena Conveyance Bike Lanes (BL)
Bid No. K-22-1797-DBB-3-A
Bid Date: February 23, 2022 @ 2:00 PM
Engineer's Estimate: \$ 116 Million
Outreach: DBE/MBE/WBE
Senior Estimators: Mark Setzer / Ben Sebat
Phone: (562) 928-6111
Email: msetzer@warasic.com & bsebat@warasic.com

W.A. Rasic is requesting bids for the following trades and/or material supplies:

Electrical including Fiber Optic Cable & Conduit, AC Cold Milling / Demolition, Asphalt Cap Paving & Crack Seal, Traffic Signals / Loop Detectors & Signal Modifications, Slurry Seal (Type 1,2,3), Minor Concrete, Pre-Construction Video, Temporary Highline, Sawcutting, Potholing, Compaction Grouting, Striping, Welding, Install 12", 30", & 48" Pipeline including Appurtenances, Furnish Steel & PVC Pipe, Furnish Valves & Appurtenances, Furnish Sand & Gravel, Furnish CSLM / PCC and Asphalt, Traffic Control Signs & Equipment, Cathodic Protection, Trucking, SWPPP Development, Dewatering (Hazardous & Non-hazardous), Contaminated Soils (Monitoring, Hauling & Disposal), Chlorination/De-Chlorination, Precast Concrete, Concrete Waterproofing, CCTV, Reinforcing Steel, Traffic Control Plans / Engineering, Equipment Rental, Shoring Equipment

Plans and Specifications are available at no cost to interested firms by either contacting **W.A. Rasic Construction**, downloading from the **City of San Diego's Planet Bids Portal** or by utilizing the following FTP link:

https://www.dropbox.com/sh/wn5vxfwfp-q8ng0l/AAD8GTIGAmP04wku1aBn_a61a?dl=0

W.A. Rasic will assist in obtaining bonds, lines of credit, insurance, equipment, supplies and materials upon request. W.A. Rasic will consider each DBE, MBE, and WBE quotes, including those that are broken down into economically feasible units as well as arrange delivery schedules to facilitate and encourage maximum bidding participation. W.A. Rasic also encourages a consortium of DBE / MBE / WBE firms when a contract portion is too large to handle individually. Subcontractors must have a valid California Contractors License and must be registered with the Department of Industrial Relations (DIR) as required by Section 1725.5 of the Public Contract Code. Subcontractors will be required to execute W.A. Rasic's standard subcontract agreement and general insurance requirements. A copy of our subcontract agreement and insurance requirements is available in electronic format upon request. W.A. Rasic reserves the right to require each subcontractor to provide payment and performance bonds in the amount of 100% of the subcontractors bid. Bond Premium will be reimbursed up to a cost not to exceed 2.5%. W.A. Rasic is an equal opportunity employer and Union signatory Contractor.

Tetra Tech, Inc. is requesting Statements of Qualifications (SOQs) from qualified County of Los Angeles Community Business Enterprises (CBEs) currently certified as minority, women-owned, disadvantaged, disabled veteran, and lesbian, gay, bisexual, transgender, queer, and questioning-owned for the On-Call Consultant Services for Implementation and Other Support for Safe, Clean Water Program, RFP #BRC0000302.

Interested CBEs are requested to submit their SOQs for the following service areas:

- Water Resources
- Flood Hazard Mitigation
- Environmental Engineering
- Environmental Documentation and Permitting
- Telemetry Systems
- Geotechnical Engineering
- Survey Engineering
- Staffing, Developing, Administering, and Managing Stormwater Related Programs
- Strategic Communications
- BMP Inspection and Validation

Firms interested in consideration for teaming must send their SOQs and letter of intent stating proposed services to Dana Pike by email at dana.pike@tetrattech.com no later than 5 pm Tuesday, February 8 (proposal due date is February 15).

To receive a copy of the RFP, please send a request e-mail to dana.pike@tetrattech.com.

For technical questions related to scope, please contact Judith Ibarra-Bianchetta at Judith.IbarraBianchetta@tetrattech.com.

or from the Owner's site at http://www.dot.ca.gov/hq/esc/oe/weekly_ads/all_adv_projects.php

Fax your bid to (925) 803-4263 to the attention of Estimator David Czech. If you have questions for the Estimator, call at (925) 829-9220. When submitting any public works bid please include your DUNS number and DIR number. For questions regarding registration for DIR use the link at www.dir.ca.gov/Public-Works/PublicWorks.html

If you need DBE support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (<http://californiasbdc.org>) or contact the California Southwest Transportation Resource Center (www.transportation.gov/osdbu/SBTRCs). DGC is willing to breakout portions of work to increase the expectation of meeting the DBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PREVAILING WAGE JOB. DGC is an Equal Opportunity/Affirmative Action Employer.

CALIFORNIA SUB-BID REQUEST ADS

FLATIRON

REQUEST FOR CERTIFIED DBE SUBCONTRACTORS/SUPPLIERS/SERVICES

County of El Dorado, Department of Transportation
Mosquito Rd at South Fork American River Bridge Replacement Project
Contract No. 5084 Project No. 36105028 (77126)

DBE Goal 14% Bid Date: February 18th, 2022 at 2:00 PM

****This is an Electronic bid submittal****
****Quotes not received by 11:00 AM on bid day may not be reviewed/evaluated****

Flatiron West, Inc. requests DBE subcontractor/supplier/service participation for the following items of work, but not limited to: CAS/Roadway Signs, Clear & Grub, Erosion Control, Landscaping /Irrigation, AC Paving, AC Dike/Curbs, AC Crack Sealing, CIDH, Joint Seal Assembly, Post Tensioning, Rebar, Shotcrete & Sculpted Shotcrete, Soil Nail Walls, Tie Back Anchors, Painting/Concrete Stain/Galvanized Stain, Underground Utilities, Metal Railing, MBGR, Bridge & Roadway Concrete Barrier, Striping & Markings, Minor Concrete, Clean/Treat Deck, Polyester Overlay, Welding & Welded Steel Pipe, Trucking & Aggregates (Type 2 Rip Rap, Class II, III, IV and V) Ready Mix, Concrete Pumping, Underground Pipe Products (including: Fused HDPE 18", Plastic Drainage Pipe 18" and 48") Misc. Metals, Iron & Steel, SWPP Plan, SWPP Materials, Geotextile Materials, PTFE Bearings, Bridge Bearings, Formliner, Underground Precast, Traffic Control and Survey.

Non-DBE Subs/Suppliers: You will be expected to carry a proportionate percentage of 2nd-tier DBE participation with your quote. 2nd-tier DBE participation will be evaluated with your price.

100% performance/payment bonds will be required for the full amount of the subcontract price. Please contact Flatiron for any assistance to this solicitation, including obtaining bonding, insurance, equipment, materials and/or supplies. Provide subcontractor/supplier scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all quotes received. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operating Engineers, Laborers, Cement Masons, Carpenters and Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. Flatiron intends to work cooperatively with subcontractors and suppliers for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all certified firms. Flatiron will reimburse for bond premium up to 2%. **Firms must possess & provide current contractor's license number & DIR Registration number on the quote.** Firms must possess insurance and workers compensation coverage meeting project requirements. Waiver of Subrogation is required. Please contact Flatiron for any assistance required by your firm. Subcontractors/Suppliers will be required to execute our standard agreements and agree to the standard general terms & conditions. Copies are available for review on our Box.com ftp site upon email request.

OBTAINING OR VIEWING CONTRACT DOCUMENTS: The Contract Documents, including the Project Plans, are available to view and/or download from the Quest website at <http://www.questcdn.com>. Interested parties may also access the Quest website by clicking on the link next to the Project Name or entering the Quest Project # on the Department of Transportation's website at: <http://www.edcgov.us/Government/DOT/pages/BidsHome.aspx>. Interested parties may view the Contract Documents, including the Project Plans, through the Department of Transportation's website at no charge. Download of the digital Contract Documents, including the Project Plans, is available for \$30.00 by inputting the Quest Project # 7267650 on the websites' Project Search page. Please contact QuestCDN.com at (952) 233-1632 or info@questcdn.com for assistance in free membership, registration, downloading, and working with this digital project information.

REQUEST FOR Sub-Bids, Sub-Proposals from SBE Firms

Project Name: Structural Pile Repairs to Navy Pier, San Diego, CA
Specification Number: 2020-15
Owner: Port of San Diego

Subcontractors/Subconsultants/Vendors wanted for:

(Subcontractors) - Divers, Reinforcing Steel, Quality Control

(Suppliers)- Ready Mix Concrete, Fiberglass Concrete Form, Misc. Concrete Supplies, Cement, Self-Consolidating Mortar, Epoxy Grout, Epoxy Adhesive, Epoxy Mortar, Reinforcing Steel, Silt Curtain, BMP Materials

Project Scope:

Project is located at the Navy in San Diego, CA and the work includes, but not limited Pier Mark out, dive survey and other preconstruction surveys, including calculations of under deck repair quantities and form lengths.

Full length encasement of 20-inch square concrete piles designated to be installed from EL. 8.5 to minimum 2 feet embedment below seabed including pile cleaning, excavation, backfill, forming, grouting, inspection, and testing (257 piles, approx. 6300 linear feet of form). Remove and dispose of pipe debris and relocate and reinstall rock at locations on underwater slope where interferes with pile encasement (35 piles). Repair concrete at beams, pile caps, pile tops, soffit, low caps, and retaining wall including removal of unsound concrete, replace reinforcing steel when required, forming and placement of repair material, inspection and testing (695 areas, approx. 2200 cubic feet). Epoxy- inject repair of misc. cracks found during preconstruction survey at beams, pile caps, pile tops, soffit, low caps, and retaining walls (approx. 500 linear feet).

BID DATE: February 22nd 2022, @ 2:00PM

Project Name: 3575 Mendocino Phase II

Location: Santa Rosa, California

Bid Date: February 22, 2022 @10:00am

**Labor Requirements: State and Federal
Prevailing Wage**

**Please note that Nibbi is signatory to the
Carpenter's and Laborer's Unions**

Local Hiring Plan: This project is subject to Section 3 Hiring Goals as a provision of Housing and Urban Development Act of 1968.

Section 3 Labor Hours - 25% of total workforce hours must be performed by Section 3 workers (includes any hours from Section 3 targeted workers).

Section 3 Targeted Workers - 5% of total workforce hours must be performed by Section 3 targeted workers (living within service area of the project).

Section 3 Business Concerns - All workers of a Section 3 Business count towards Section 3 targeted labor hours, but no specific contracting goal

If Section 3 percentages are not met during the project, contractors must provide proof of their efforts to meet the Section 3 hiring goals to be considered in compliance.

Project Schedule: Est. Start April 2022

Proposed development is a conventional 4-story building of Type-VA construction, with approximate enclosed building area of 32,370 sf. Building includes a mixture of one-bedroom (37 ea.) and two-bedroom (1 ea.) units. Ground floor incorporates support functions for the residential above including mail, storage, central laundry, and ancillary MEP areas. Building structure is a conventional 4-story wood framed building over a concrete mat foundation. Ground improvements consist of DDC piles as necessary to support proposed foundation system. Building facade consists of conventional stucco system and select areas of fiber cement siding. Roof covering is a single ply roofing system over tapered insulation as required to meet drainage requirements. Building conveying system includes one (1) four stop elevator. Automatic (design-build) fire protection system to be provided throughout the building. HVAC system consists of predominantly PTAC units in residential dwellings and split systems for common areas. Site improvements include the hardscape and landscape areas immediately adjacent to the building.

For any questions on accessing the bidding documents, please contact Adam Jancsek, Precon & Estimating Coordinator via email, AdamJ@nibbi.com. For project specific questions please contact Igor Bershteyn, Sr. Estimator via email, IgorB@nibbi.com, or Gina Grimsby, Project Engineer, GinaG@nibbi.com.

Requirements: Skanska is an Equal Opportunity Employer and is requesting quotes from all qualified subcontractors and suppliers. Skanska will assist qualified subcontractors, vendors, & suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a DBE Company, please provide your certification letter with your proposal. If you are a non-DBE, please indicate all lower-tier participation on your quotation as it will be evaluated with your price. In order to assist DBE subcontractors and suppliers, we will divide total requirements into smaller packages, tasks or quantities & establish delivery & construction schedules which will permit maximum participation when feasible. Subcontracting Requirements: Skanska's insurance requirements are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products & completed operations agg. & general agg.; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., & a Waiver of Subrogation (GL & WC). Other insurance requirements may be necessary per scope or RFP requirement. Subcontractors may be required to furnish performance & payment bonds in the full amount of their subcontract by an admitted surety & subject to approval by Skanska. Skanska will pay bond premium up to 1%. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Skanska is signatory to the Operating Engineers, Laborers, Cement Masons, & Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract. Please note that all Contractors and Subcontractors must register with The DIR (Department of Industrial Relations) in order to bid on public works projects. Include CSLB License Number and DIR Number on all quotes submitted.

PUBLIC LEGAL NOTICE ADVERTISEMENTS

OAKLAND UNIFIED SCHOOL DISTRICT

NOTICE TO BIDDERS DOCUMENT 00 11 11

Notice is hereby given that the Oakland Unified School District (hereinafter referred to as "Owner") will receive sealed bids prior to the date and time stated for the Bid Opening for the award of a contract to construct the ("Contract"), Project No. 15127

**Claremont Middle School
New Multi-Purpose Building and Kitchen
5750 College Avenue, Oakland, CA 94618**

Project consists of:

A new one-story Type V-B construction steel frame building. Program consists of a cafeteria, kitchen, stage platform, and associated support storage rooms. The project will be California High Performance School (CHPS) Designed. The building will be fully sprinklered. Renovation scope to the existing classroom Building A consists of removal and replacement of existing folding walls with permanent walls, reconfiguration of existing restrooms into a new unisex accessible restroom, reconfiguration of an existing interior ramp to make it accessible, and minor restroom upgrades. Scope includes a campus wide replacement of the existing intrusion alarm (contractor must be BOSCH certified). Site work improvements include new fencing, storm water management site work, regrading, covered pedestrian walkway, stairs, ramps, game line restriping, pavement associated with the new building.

Engineer's Estimate: \$13,000,000

Project Manager is Deshonnie Hall, who can be reached at: deshonnie.hall@ousd.org and/or 510-517-1155.

"The most qualified responsible responsive lowest bid shall be determined on the amount of the base bid." The Owner reserves the right to add or deduct any of the additive or deductive items after the lowest responsible and responsive bidder is determined. The lowest bid shall be determined by the amount of the base bid.

This Contract is subject to prequalification pursuant to Public Contract Code section 20111.6. Deadline to prequalify for this project is Friday, **February 17, 2022**. Please email Juanita Hunter at: Juanita.hunter@ousd.org or La Juana Lewis at: LaJuana.Lewis@ousd.org for more prequalification requirements.

This Contract is subject to the District's Project Labor Agreement.

The full version of OUSD's latest Project Labor Agreement can be found by going to the OUSD home page: ousd.org > Offices and Programs > Facilities Planning & Management Department > For Contractors and Developers > Bids and Requests for Proposals > Bid Information > 2016 PLA - Project Labor Agreement.

Contract Documents will be available on or after **February 2, 2022**, for review at **East Bay Blue Print, located at 1745 14th Avenue, Oakland, CA 94606**. All requests should be addressed Attention: Sandy Petty. Plans can be ordered by:

Ph: 510-261-2990 Fax: 510-261-6077

Email: ebbp@eastbayblueprint.com.

Attn: Sandy. Online using the Plan Command System at www.eastbayblueprint.com or plans can be delivered to a place of business, at requester's own expense. Payment for plan sets must be made with East Bay Blue Print and are NON-REFUNDABLE

In addition, Contract Documents are available for bidders' review at the following builders' exchanges:

Builder's Exchange of Alameda County
McGraw Hill Construction Data
San Francisco Builder's Exchange
Reed Construction Market Data
Contra Costa Builder's Exchange
Marin Builder's Exchange

Public works projects shall be subject to compliance monitoring and enforcement by the Department of Industrial Relations. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to submit a bid or to be listed in a bid proposal subject to the requirements of

Public Contract Code section 4104 unless currently registered and qualified under Labor Code section 1725.5 to perform public work as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to enter into, or engage in the performance of, any contract of public work (as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code) unless currently registered and qualified under Labor Code section 1725.5 to perform public work and proof of registration is provided.

The Contract Time shall be **476** calendar days, and liquidated damages for delay shall accrue. The deadline for Completion is August 3, 2023. See Article III of the Agreement for details.

Bids must be sealed and filed in the Business Office of the Owner at:

**Front Desk
Facilities Planning & Management
955 High Street, Oakland, CA 94601**

on **February 24, 2022**, before 2:00 p.m. on the clock designated by the Owner or its representative as the bid clock, after which time the bids shall be opened. No bid will be accepted by the Owner after this time. Facsimile (FAX) copies of the bid will not be accepted. PLEASE NOTE: DUE TO COVID-19 BIDS WILL NOT BE OPENED. BID RESULTS WILL BE MADE AVAILABLE VIA EMAIL.

A mandatory pre-bid site visit will be held on **February 16, 2022**, at 2 p.m., at Front entrance of the Claremont School site. Bidders not attending the site visit will be disqualified.

Bids must be accompanied by a bidder's bond, cashier's check, or certified check for at least ten percent (10%) of the amount of the base bid and made payable to the Owner, as detailed in the Contract Documents.

Owner, or its designee, has determined that certain materials, services, products or things designated by specific brand or trade name shall not be subject to Public Contract Code section 3400(a) in order that a field test or experiment may be made to determine the product's suitability for future use; in order to match other materials, services, products or things in use on a particular Owner public improvement either completed or in the course of completion; in order to obtain a necessary item that is only available from one source; and in order to respond to an emergency declared by Owner.

Pursuant to the Contract Documents, the successful bidder will be required to furnish a Payment (Labor and Material) Bond in the amount of one hundred percent (100%) of the Contract Sum, and a Faithful Performance Bond in the amount of one hundred percent (100%) of the Contract Sum.

The successful bidder will be allowed to substitute securities or establish an escrow in lieu of retainage, pursuant to Public Contract Code Section 22300, and as described in the Agreement Between Owner and Contractor and General Conditions.

The Owner will not consider or accept any bids from contractors who are not licensed to do business in the State of California, in accordance with the California Public Contract Code, providing for the licensing of contractors. In accordance with Section 3300 of said Code, the bidder shall have a **Class "A-General Engineering Contractor and/or B-General Building Contractor"** license and shall maintain that license in good standing through Completion of the Contract and all applicable warranty periods. For all projects over Twenty-Five Thousand Dollars (\$25,000), the bidder shall state the public works contractor registration number on the Designation of Subcontractors form for each subcontractor performing more than one-half of one percent (0.5%) of the bidder's total bid.

The Director of Industrial Relations of the State of California, in the manner provided by law, has ascertained the general prevailing rate of per diem wages and rate for legal holidays and overtime work. The Contractor must pay for any labor therein described or classified in an amount not less than the rates specified. Copies of the required rates are on file at the Owner's business office and are available on request.

What Market Intelligence Can Do for Building Product Manufacturers

Continued from page 1

The Value of Market Intelligence

Competitive advantage is deeply seated in a company's ability to use market intelligence. However, some companies fail to use the available market knowledge. The challenges and complexity of the marketplace are too robust and constant not to have and use market intelligence.

Obtaining market intelligence is essential, but its utmost importance is not only that you have it and use it—the essence of its value is what you get from it. What good is data if it does not produce better results, lead to more informed decisions, and provide a greater understanding of your world? What insights are you able to gain from the data you have?

As Galileo did with his telescope, transitioning from 8-power to 20-power, he improved his ability to see deeper, to explore data by getting closer to it. Quite literally, in Galileo's sense, he built more powerful telescopes and brought the moon, Venus, and satellites of Jupiter into his lap. And unlike most others who peered skyward, Galileo's resultant insights proved correct.

You, too, can bring meaningful data close and realize its insightful value.

What Can Market Intelligence Do for Building Product Manufacturers?

At its ground floor level, market intelligence is information that building product manufacturers use to better understand and successfully compete in the business environment. An organized market intelligence program has become a business necessity because of the construction industry's complex, changing, and high volume of data.

When coupled with the insights that exist within a building product manufacturer already, the insights from market intelligence software deliver systematic improvements to decision-making for competitive advantage.

Better Decisions and Better Outcomes

Better decisions lead to better outcomes like increased sales opportunities and profits. Particularly when the information is at your fingertips, thereby eliminating the systematic searches for needed information that gobble up time and money. Instead, market intelligence software speedily delivers data-backed information that helps identify opportunities and manage risks. Decision-makers can, therefore, shift their time from looking for and compiling information to reflecting on it and integrating decisions into their strategies and objectives.

Market intelligence software can answer questions that would otherwise prove difficult or impossible to address without its capacity for collecting, storing, and processing meaningful outcomes. Here is a small sampling of the power of ConstructConnect Analyze on the Insight platform:

- Build a comprehensive picture of your market and your competition.
- Visualize your company's specification rate and market share.

SUCCESS STORIES

Michael and Barbara Crosbie, Crosbie Chiropractic

[Article was originally posted on <https://cameonetwork.org>]

Michael and Barbara Crosbie founded Crosbie Chiropractic in 1983 in Southern California and moved to Humboldt County in 2001. They first set up shop in Rio Dell, then in Fortuna in 2006. Dr. Michael Crosbie dedicates his life to alleviating a myriad of conditions, from low back pain to migraine headaches. He is the only local practitioner of the Koren Specific technique. Dr. Crosbie has written nearly 50 articles for the Times-Standard since 2005. He strives to educate those who want to learn about how chiropractic treatments can improve overall health and well-being.

Repeat customers

They have been a client of the North Coast SBDC since 2004. They quickly learned that they can contact the SBDC and their Business Advisor whenever they need assistance or are looking for referrals to resources. Over the years, they have called on the SBDC for help on a myriad of subjects: legal structure, employee benefits, marketing, press releases, technology questions, and web site analysis. They've taken

part in training events offered by SBDC: Quick-books Boot Camp and Build Your Trybe.

In 2012 they returned to the SBDC for help in developing a detailed business plan for the growing practice. They were also in need of assistance putting together financial projections using Stilson's Financial Template. Over a series of meetings they worked closely with their SBDC Business Advisor to complete a sound business plan.

Entering the online world

Crosbie Chiropractic recently developed a new web site. The hope is that it will educate those unfamiliar with how chiropractic adjustments can help alleviate pain and heal the body or "turn on the life force". The SBDC's Technology Assistance Program analyzed their web site and offered suggestions to enhance the web site. When they completed the website, the SBDC assisted with a press release to help get the word out.

'There's a lot of work to do right now': Downtown Portland businesses eye return of shoppers

[Article originally appeared in
www.kgw.com]

Gregory Steinline spent Wednesday afternoon doing what he does most every day: pushing his infant son in a stroller on a walk through downtown Portland.

When we met Steinline, he was walking past several people camping on sidewalks on his way to an area with retail shops. He may not have realized it at the time, but Steinline is exactly what the downtown Portland business community is wishing for the most right now: foot traffic.

"If you're in a certain area [of downtown], it's nice and calm and collected," said Steinline, who lives in the Pearl District. "And certain areas are 'different,' you know. For the most part, I like it."

Accepting that whole picture is what many business leaders believe will enable the good parts of downtown to eventually outweigh the frustrating parts— things like street camping, garbage and vandalism.

Between those deterrents and the pandemic, a lot of people are still avoiding downtown Portland, said Vanessa Sturgeon, president and CEO of TMT Development. The company owns several downtown properties including the Fox Tower.

"Downtown is ready to have you back," said Sturgeon. "So when people are ready, downtown is ready to reopen."

Sturgeon said there are promising signs of change: Businesses are once again signing leases for vacant downtown spaces and employees returning to downtown offices. She also pointed to resources aimed at addressing the homeless crisis, like a \$2.4 billion housing services measure.

"That funding is starting to roll in and it's time to forget the idea of small incremental change and start to really think big," said Sturgeon.

One Year Later: Biden-Harris Administration

Continued from page 2

women entrepreneurs – the fastest-growing segment of the business community, Administrator Guzman elevated the Office of Women's Business Ownership to report directly to her office.

- Prioritizing the Smallest of the Small: In 2021, 96 percent of PPP loans went to firms of 20 employees or less, while more than 90 percent of SVOG funds supported venues with fewer than 50 employees. On top of this work, nearly 1.7 million small businesses with PPP loans of less than \$150,000 have received relief through the SBA's new direct forgiveness portal.
- In addition to the Community Navigator Pilot Program, Administrator Guzman reconvened the Council on Underserved Communities to advise her on critical and nuanced policy matters.

THE SBA OF THE FUTURE AND WHAT'S NEXT FOR THE GIANTS OF THE ECONOMY:

As our entrepreneurs' needs change, the SBA will continue to evolve and grow with them. Now more than ever, small business owners face increasingly complex challenges that threaten their longevity and success. As Administrator

Guzman always says, helping small business owners navigate new risks (and opportunities) -- from the increasing gaps in capital access to the rising threats of climate change-induced natural disasters -- will require the SBA to be as entrepreneurial and creative as the customers we serve. That means:

- Getting emergency economic relief into the hands of those still struggling to rebuild, despite our progress, by continuing to process Economic Injury Disaster Loan and Targeted EIDL Advance program applications and delivering on the promise of PPP forgiveness.
- Working with the White House and our sister agencies to equitably unlock procurement opportunities for our small manufacturers, suppliers, and service providers to do business with the federal government including ensuring that our small businesses can help build and innovate to deliver the historic investments in President Biden's Bipartisan Infrastructure Law.

monitor our disposal to find opportunities for improvement, work with our haulers to maximize recycling opportunities, and educate the staff and community. Buy-in from our on-the-ground staff has been the key to our success.”

Over the lifespan of the program from 2013-2021, more than 400 federal agencies have made many changes to become more sustainable. Some high-level achievements have resulted in over three million tons of waste being diverted from landfills and 3,000 tons of e-waste being recycled. Agencies have avoided purchasing 15,000 pounds of office paper by switching to electronic documents. The federal government has purchased more electric and hybrid vehicles, while reducing the fleet distance traveled by 28 million miles. These efforts and more have resulted in approximately \$200 million saved for American taxpayers.

California High-Speed Rail Authority Recognized as Employer of the Year by Organization Advancing Women in Transportation

[Article originally appeared in <https://hsr.ca.gov>]

The California High-Speed Rail Authority (Authority) has received the prestigious Employer of the Year Award from the Women in Transportation Seminar (WTS) Sacramento chapter. This annual award recognizes a transportation organization for outstanding leadership in mentoring women in the transportation field, providing opportunities for upward mobility for women and having women at the highest levels of leadership.

“A talented, highly-capable and diverse staff is a pre-requisite for success on a project of this magnitude,” said Authority CEO Brian Kelly. “This recognition validates our approach and is a testament to the tremendous work that our diverse staff has done and will continue to do in advancing the California high-speed rail program.”

“I am proud of the staff and leadership of High-Speed Rail in promoting diversity in the workplace and asking our partners in the rail industry to do the same,” said Authority Board of Directors Vice Chair Nancy Miller. “It is heartening to attend meetings with the engineers, the attorneys, the systems operators and planners to find a group of diverse and knowledgeable staff assisting at every level.”

More than half of the Authority’s total workforce is female – as well as the majority of the executive team, many appointed under the Newsom Administration. Major initiatives and programs led by women at the Authority include strategic delivery; legal counsel; strategic communications; legislative affairs; information technology; planning and sustainability; administration and human resources; diversity, equity and inclusion; and regional leadership.

WTS is an international organization dedicated to shaping the future of transportation for the public good through the global advancement of women. The Sacramento Chapter supports hundreds of professionals not only within the Sacramento Region but also the Northern California and the Central Valley. WTS Sacramento will hold its annual awards and scholarship dinner in March. More information can be found at: www.wtssacramento.org/

California’s high-speed rail program is currently under construction over 119 miles with 35 active construction sites in California’s Central Valley, creating more than 7,000 construction jobs to date. By mid-2022, the Authority expects to have environmentally cleared 422 miles of the high-speed rail program from the Bay Area to the Los Angeles Basin. For more on construction progress visit: www.buildhsr.com

Brian Kelly
California High-Speed Rail Authority
770 L Street, Suite 620
Sacramento, CA 95814

Via email: Brian.Kelly@hsr.ca.gov

Dear Mr. Kelly,

Earlier this month, the Sacramento Chapter of the Women’s Transportation Seminar (WTS) Recognitions Committee convened to select our 2021 Annual Award recipients. The Sacramento Chapter of WTS is very pleased to inform you that the California High-Speed Rail Authority has been selected as the recipient of the **Employer of the Year Award** as part of our 2021 Recognitions Program. Congratulations! We received several nominations, and the Authority stood out for demonstrating leadership in promoting and mentoring women in the workplace and for your support of the goals and missions of WTS overall and the WTS Sacramento Chapter, in particular. This award is much deserved, and we are thrilled to honor you and the High-Speed Rail Authority.

The Employer of the Year Award will be recognized at our Annual Awards and Scholarship Event to be held on Thursday, March 24, 2022, starting at 5:00 p.m. Our Event will be held at The Mix Downtown in Sacramento, located at 1525 L Street. The Event will start with a cocktail hour, and the Awards and Scholarship Presentation will begin at 6:30. Complimentary registrations to the Event will be provided to you and a guest of your choosing. During the Event, a brief presentation for each award will be made, and you will have the choice to accept your recognition live during the Event or via a pre-recorded video message. I will follow up with you with instructions for your preferred option. An Event flyer will be coming out soon with additional details.

Please RSVP to me at 916-261-2891, or at fmruger@gmail.com. Please let me know if you can attend and the name of the person or two people for the complimentary registrations. Again, on behalf of the Sacramento Chapter of WTS, congratulations!

Sincerely,

Francisca Ruger
