

15+ Top Construction Trends for 2022

[Article originally appeared in Autodesk Construction Cloud Blog, <https://construction.autodesk.com>]

By Kristen Sylva,

The resilience required to tackle the challenges of 2021 has become a solid foundation for building in 2022. So how do we turn lessons learned into something that makes us smarter, more strategic builders?

With some economists calling 2022 the year of “consolidation and rebalancing,” the road ahead may not be without speed bumps, but at least we’ll have a better sense of how to navigate them.

We asked recognized leaders, technologists, and industry strategists from across the globe to share their top trends and predictions for future-proofing a construction business in 2022 and beyond. Here are some of the most revealing insights, organized by the topics that matter most right now. Names appear alphabetically below each category.

Global & Economic Construction Trends

David Ohrenstein

Increased tech adoption in US due to “Infrastructure Deal”

“The Bipartisan Infrastructure Law is an historic opportunity to transform what infrastructure we build and how we build it. Digital design and construction tools can help the AEC industry meet the goals of the legislation, including building and constructing more cost-effective, safer, resilient, and greener infrastructure that improves quality of life and economic opportunity for all communities.

Notably, the legislation included a new program to accelerate adoption of digital design and construction tools in transportation projects – making clear that this is a priority for infrastructure development. Initial funding to states is already flowing with much more to follow, including through a broad range of new and expanded grant programs. AEC firms should be ready to

position themselves as leaders in using technology to meet the legislation’s goals when bidding for projects that will define the next generation of U.S. infrastructure.”

–David Ohrenstein, Director of Government Affairs & Senior Public Policy Council (national) at Autodesk

Key US growth opportunities ahead despite significant challenges

Richard Branch

“Looking forward, as the economy continues to recover, we’ll start to see a much more balance restored in the construction sector. Single family and residential will be strong markets next year. Warehousing will continue to show strength with the demand for e-commerce.

Especially in light of supply chain issues, building out of that logistics infrastructure will certainly take precedence.

I also think healthcare will be a strong market in 2022, particularly, as it relates to inpatient care. In the past decade, a lot of the healthcare market has been focused on urgent care types of construction. I think we’re going to start to see a shift back to the more inpatient side, as well as multifamily, given the challenges facing the single family market with higher prices and shortages.

Finally, another offshoot of the pandemic is manufacturing. Again, with logistics issues, the shortages of goods have created an opportunity for producers to bring the manufacturing process back on shore. We are seeing more manufacturing projects start to pile up in our planning database.

But of course, with every good side of the market, there will be downsides as well. I think when we look at construction sectors that particularly rely on folks congregating, those markets will remain weak. For instance, office and hotel construction. This would likely include casinos, convention centers, and possibly even transportation like airline and terminal construction. Those might continue to be weak markets, but

we are very optimistic about where we expect the sector to go. Our own leading indicators of construction activity and macroeconomic data are telling us this. But even as that significant hope takes hold, we do need to recognize that the construction sector faces very significant challenges in 2022.

I’ve been referring to these as the three Ps: people, prices, and productivity. One thing to keep in mind is that even though these challenges are significant and could certainly restrain activity next year, there are key opportunities to capitalize on some of these challenges and to still grow your business in this environment.”

–Richard Branch, Chief Economist at Dodge Data & Analytics

APAC construction industry transforming at a rapid pace

Sumit Oberoi

“Considering what we have faced as a global community over the past two years, providing any form of a prediction is certainly a challenging prospect. However, I believe the APAC construction industry will help the economy rebound in the region and transform the industry at a rapid pace in 2022.

First, we will see companies being increasingly data driven. We are aware that a staggering research statistic found that 96% of data generated in the engineering and construction phase of a project goes unused. So we would expect increased focus and scrutiny on unlocking the value of their data to drive better decision making both at the project level as well as the firm level.

Second, the ongoing labour shortages in APAC will drive the need for increased automation to augment human processes both in the office and on the jobsite.

Third, we expect to see companies explore alternative business models such vertical integration, DfMA and offsite construction amongst others as they look to uncover scale economies.

Finally, given that our industry generates the most amount of waste compared to any other industry, and on the back of the outcomes from COP26 in Glasgow last year we expect to see a renewed focus on sustainability. Throughout the region a number of construction firms have pledged their intention to become net zero emission companies. There will be a significant opportunity to partner these firms and assist the industry transition to a low carbon future.”

–Sumit Oberoi, Industry Strategy Manager, APAC at Autodesk

Business Model Construction Trends

Key principles will guide accelerated technology adoption

Anil Sawhney

“Our sector will continue to face an uncertain operating environment in 2022. In the face of this uncertainty, the industry must address the climate crisis and work towards a net-zero carbon future. The people within our industry and their talent will serve as the fundamental force guiding our industry’s next steps.

The sector has been swept up by an irreversible change in the past two years, leading to a significant acceleration in technology adoption. From file-based working to connected data, software applications to digital platforms, in-situation methods to productization and product platforms, and BIM/CDE to digital twins and industrialized construction, embracing technological innovation will drive our industry forward.

As a sector, we are seeing many changes, but our guiding principles must remain unchanged:

- Investing in people with diverse backgrounds and career aspirations
- Promoting “whole-of-life,” “whole-of-asset,” and “whole-of-industry” thinking
- Demanding data-enriched processes and systems for our projects and built assets
- Adopting and adapting superior digital and physical technologies
- Encouraging product and platform thinking across project teams
- Driving horizontal, vertical, and longitudinal integration in our projects and our organizations”

–Anil Sawhney,

Director of the Infrastructure Sector at RICS

Industry disruption as the data economy goes mainstream

Olivier Lepinoy

“Looking at 2022 and beyond, we will witness the end of the construction industry as we know it today. Already present, hybrid players using new business models will gain importance. Disruption through digital platforms and innovation through

business models will become an indisputable reality.

BUILDING TOGETHER

Governor Newsom Announces New Awards to Create 2,300 Housing Units

Under California Housing Accelerator program, affordable housing projects get the funds they need to break ground, creating much-needed housing for those most in need

[Article originally appeared in www.gov.ca.gov]

Governor Gavin Newsom today announced more than \$923 million in awards for affordable housing projects across California as part of the California Housing Accelerator, a \$1.75 billion investment to provide bridge funding to shovel-ready projects that were otherwise unable to begin construction because of a shortage of federal tax credits and bonds.

“We’re building more housing for people at risk of homelessness to prevent folks from ending up on the streets, and we’re doing it faster than ever before,” said Governor Newsom. “We’re getting shovels in the ground in a matter of months, creating thousands of new affordable homes for people at the economic margins who need these new units the most.”

In total, 27 statewide projects have been approved to date, with nearly all of the projects expected to break ground this summer. When fully completed, the projects will create 2,300 housing units, 500 of which are for those experiencing homelessness. The Housing Accelerator prioritizes projects for those experiencing homelessness and for those below 30 percent of the Area Median Income. A full list of awardees can be found here.

Governor Newsom’s comprehensive strategy to address the homelessness and housing affordability crisis includes historic multi-year

investments and new laws and accountability measures. Last year’s California Comeback Plan invested an unprecedented \$22 billion to tackle these systemic issues, with \$10.3 billion to build more affordable housing and \$12 billion allocated for homelessness and behavioral health services. The Governor’s California Blueprint builds on these bold investments with a proposed \$2 billion to advance behavioral health housing and encampment rehousing strategies as well as \$2 billion to boost housing production and preserve affordable housing across the state. The Administration continues to implement reforms targeting existing roadblocks to affordable housing production while addressing the inter-related problems of climate change and housing affordability by promoting denser housing closer to people’s daily destinations.

“The pandemic underscored the urgent need to expand housing, particularly for communities that are most economically vulnerable,” said Business, Consumer Services and Housing Agency Secretary Lourdes Castro Ramirez. “The California Housing Accelerator fast tracks stalled housing projects, making these units more quickly available to low-income individuals and families across the state. This initiative is a critical part of the state’s multi-program housing strategy and will enable us to construct quality affordable housing for thousands of households.”

The California Department of Housing and Community Development (HCD) oversees the Housing Accelerator program with funding derived from the Coronavirus State Fiscal Recovery Fund, established by the federal American Rescue Plan Act of 2021. In September, state officials announced utilizing these resources to create the California Housing Accelerator in order to move housing developments that were stuck through the funding pipeline.

“When we launched the California Housing Accelerator, we had clear objectives – eliminate the backlog of projects standing in long lines for tax credits and bonds, bring affordable housing to communities in need, and reduce the amount of time and money involved in preparing to make these homes available,” said Director of the California Department of Housing and Community Development Gustavo Velasquez. “And while more work remains, today’s announcement is an important step toward achieving our affordable housing goals.”

In addition to today’s awards announcement, HCD is finalizing the project solicitation and guidelines for the next round of the California Housing Accelerator, which will be released in mid-February.

“The California Housing Accelerator will help reduce one of the biggest bottlenecks preventing California from building more affordable housing – providing much-needed funding for dozens

of shovel-ready projects stalled in the state’s over-subscribed housing financing system,” said Executive Director of the California Housing Consortium Ray Pearl. “This new program is going to allow communities all over the state to move quickly, starting now, to build safe, affordable homes for their lowest-income households. It will mean more affordable housing for those who need it most, and affordable housing providers are committed to working with state leaders to support these vital investments for years to come.”

The next round of the California Housing Accelerator will be a competitive process for previously HCD-awarded 4 percent tax credit projects and the program will include regional allocations to ensure a broad geographic distribution of Accelerator funds. Projects will be rated based on four primary policy objectives: efficient use of Accelerator funds; age of HCD award; targeting of special needs populations; and climate change mitigation based on proximity to transit. Additionally, applications received will be evaluated for threshold criteria, such as ensuring projects proceed to construction within 180 days of awarded funds. For the next phase of projects, an additional \$735 million is available.

For more information, please visit the California Housing Accelerator webpage.

15+ Top Construction Trends for 2022

Continued from page 1

Data-Culture-Platform will be recognized as the trilogy for a successful digital transformation. Data will emerge as a new raw material, and data-related activities will become increasingly instrumental. We will watch the emergence of data miners, data controllers, data brokers, and data wholesalers. Firms and organizations will buy, sell, and trade data: the

data economy will go mainstream in the construction industry.”

– **Olivier Lepinoy**, Sr. Global Business Development at Autodesk

People & Culture Construction Trends

Hybrid workforce in EMEA offers meaningful advantages

“2022 will be about companies adapting to the

hybrid workforce, which is here to stay. But businesses can also embrace the advantages. This opens up a wider talent pool, as remote working means it’s less relevant if people are based in Cork, Dublin, London or beyond.

Connectivity can also be completely transformative for inclusion. If someone has a physical disability and can’t get on site, or caring responsibilities that limit time away from home, they can

work virtually. Construction can benefit from much more diverse teams and access exceptional talent that was once locked out of our industry.”

– **Brian Roche**, Account Executive, UK & Ireland, Autodesk

ACCESS TO CAPITAL - READY TO GROW YOUR BUSINESS?

In Celebration of Black History Month, SBA Administrator Guzman Announces New Funding to Expand Outreach Centers for Women Entrepreneurs through Minority Serving Institutions

[Article originally appeared in www.sba.gov]

Administrator Isabella Casillas Guzman, head of the U.S. Small Business Administration (SBA) and the voice for America's 32.5 million small businesses in President Biden's Cabinet, announced the availability of \$1.5 million for 10 new grant opportunities for established Minority Serving Institutions aspiring to host a Women's Business Center (WBC) to provide local outcome-oriented business services for women entrepreneurs.

As Black History Month gets underway, the announcement highlights the Agency's commitment to creating funding opportunities that increase equity for small business owners – a priority under Administrator Guzman. Through the SBA's Office of Women's Business Ownership's (OWBO), the WBCs will help entrepreneurs pivot, grow and navigate new opportunities created through President Biden's Bipartisan Infrastructure Law, such as competing in the burgeoning industries solving climate change and to grow clean-energy supply chains that will help expand global exporting.

"Our efforts to help establish more Women's Business Centers at Minority Serving Institu-

tions across America will not only deliver on the Biden-Harris administration's priority to invest in equity but also will help more women entrepreneurs—one of the most energetic, innovative and fastest-growing segments of our small business economy—drive America's strong recovery and Build a Better America," said Administrator Guzman. "Our Women's Business Centers provide vital support, connecting women entrepreneurs with many of the SBA's most valuable resources including access to capital, professional networks, skills training for business growth and resilience, and much more. My hope is that leaders of every qualifying institution will seize this opportunity to establish a Women's Business Center and start building bridges to opportunity for our nation's women business owners."

The purpose of the new funding will be for up to 10 private, non-profit organizations to provide entrepreneurial development services to women, with an emphasis on socially and economically disadvantaged entrepreneurs in locations that are outside of the geographical areas of existing WBCs.

Eligible applicants include the following institutions of higher education or their affiliates:

- Historically Black Colleges and Universities (HBCUs)(as defined in 20 USC §1061)

- Hispanic Service Institutions (HSIs)(as defined in 20 USC § 1101a)
- Tribal Colleges and University (TCUs) (as defined in 20 USC 1059c)
- Native Hawaiian Serving Institutions (NHSIs)(as defined in 20 USC § 1059d(b))
- Alaska Native Serving Institutions (ANSIs) (as defined in 20 USC § 1059d(b)) of higher learning with existing minority entrepreneurship or related programs

"Under the leadership of Administrator Guzman, the Office of Women's Business Ownership continues to work to advance the priorities of the Biden-Harris Administration. Our office looks forward to supporting initiatives to ensure that multicultural women and the academic institutions that support them across the nation, have access to resources and support to advance entrepreneurial opportunities and preparation," said Natalie Madeira Cofield, Assistant Administrator, U.S. Small Business Administration. "This notable expansion builds on our historic expansion in 2021, where our center footprint grew to include 24 new centers, 60-percent of which were located in rural communities across the nation, including Puerto Rico."

Since March 2021 alone, twenty-four new centers have opened. Among the newest WBCs are three affiliated with Historically Black Colleges and Universities (HBCU) and two in Puerto Rico, as well several focused on reaching entrepreneurs from rural communities. Currently, OWBO funds and supports the largest WBC network in the history of the SBA, with 140 centers in 49 states and Puerto Rico.

The SBA's WBC network provides one-on-one counseling, training, networking, workshops, technical assistance, and mentoring to women entrepreneurs on numerous business development topics, including business startup, financial management, marketing, and procurement. To find other WBC locations and additional SBA resources, visit www.sba.gov/tools/local-assistance.

How to Apply

Eligible applicants must be private, non-profit organizations with 501(c) tax-exempt status from the U.S. Treasury's Internal Revenue Service and must be affiliated with a Minority Serving Institution.

CALIFORNIA SUB-BID REQUEST ADS

Sub-Bids Requested from qualified **MBE/WBE/SBE/DVBE** Subcontractors and Suppliers For:

MOKELUMNE AQUEDUCT NO. 2 RELINING PHASE 1 SPECIFICATION 2176

Owner: East Bay Municipal Utility District
Location: Stockton, CA

Bid Date: February 23, 2022 @ 1:30 P.M.

667 Brea Canyon Road, Suite 30 • Walnut, CA 91789
Phone: (909) 595-4397, Fax: (909) 444-4268
Contact: Lori Olivas, lori.olivas@jfshea.com

J.F. Shea Construction, Inc. is soliciting your participation in the preparation of this bid. We are particularly interested in bids from subcontractors/suppliers for the following work items: **Drain Rock Materials, Ready-Mix Concrete, Reinforcing Steel, Precast Structural Concrete, Miscellaneous Metals, Glass-Fiber-Reinforced Plastic, Waterproofing, Access Hatches and Vault Hatches, and Painting & Coatings**

Plans and Specifications:

You may obtain a free download at: www.ebmud.com/current-construction-bids. Plans may also be viewed at our Walnut Office.

J.F. Shea Construction, Inc. is an equal opportunity employer and intends to negotiate in good faith with interested MBE/WBE/SBE/DVBE firms and intends to utilize the lowest responsive bidder. J.F. Shea expects potential subcontractors to be bondable. J.F. Shea will pay for up to 1% for subcontractor bond costs. Subcontractors and Suppliers are expected to bid per plans and specifications, including requirements for warranties. Standard manufacturer's warranties, if not in conformance with owner's specifications, will not be accepted.

REQUEST FOR Sub-Bids, Sub-Proposals from SBE Firms

Project Name: Structural Pile Repairs to Navy Pier, San Diego, CA
Specification Number: 2020-15
Owner: Port of San Diego

Subcontractors/Subconsultants/Vendors wanted for:

(Subcontractors) - Divers, Reinforcing Steel, Quality Control

(Suppliers)- Ready Mix Concrete, Fiberglass Concrete Form, Misc. Concrete Supplies, Cement, Self-Consolidating Mortar, Epoxy Grout, Epoxy Adhesive, Epoxy Mortar, Reinforcing Steel, Silt Curtain, BMP Materials

Project Scope:

Project is located at the Navy in San Diego, CA and the work includes, but not limited Pier Mark out, dive survey and other preconstruction surveys, including calculations of under deck repair quantities and form lengths.

Full length encasement of 20-inch square concrete piles designated to be installed from EL. 8.5 to minimum 2 feet embedment below seabed including pile cleaning, excavation, backfill, forming, grouting, inspection, and testing (257 piles, approx. 6300 linear feet of form). Remove and dispose of pipe debris and relocate and reinstall rock at locations on underwater slope where interferes with pile encasement (35 piles). Repair concrete at beams, pile caps, pile tops, soffit, low caps, and retaining wall including removal of unsound concrete, replace reinforcing steel when required, forming and placement of repair material, inspection and testing (695 areas, approx. 2200 cubic feet). Epoxy- inject repair of misc. cracks found during preconstruction survey at beams, pile caps, pile tops, soffit, low caps, and retaining walls (approx. 500 linear feet).

REVISED BID DATE: March 1st, 2022 @ 2:00PM

REYES CONSTRUCTION, INC.

State License Number 507561

1383 South Signal Drive, Pomona, CA 91766

Phone: 909-622-2259 Fax: 909-622-3053

Contact: Brenda Martinez Mon-Fri 7:00 A.M - 4:00 P.M

Assistance will be available in obtaining bonds, lines of credit, insurance, necessary equipment, supplies, materials or related technical assistance.

For information on the availability of scope of work, plans and specifications, please contact our office.

Plans, Specifications, and Contract requirements can be viewed online at no cost here:

- 1) Via iSqFt – please send an email request to estimating@reyesconstruction.com
- 2) Via PlanetBids- <https://pbsystem.planetbids.com/portal/13982/portal-home>

Please e-mail Quotes to: Estimating@reyesconstruction.com

CALIFORNIA SUB-BID REQUEST ADS

ANVIL BUILDERS INC.

1475 Donner Ave. San Francisco, CA 94124
Phone: 415-285-5000 • Fax: 415-285-5005

Request for DBE's Subcontractors and Suppliers for Project: ACPWA Strom Damage Repairs Along Crow Canyon Road From Mile Marker 6.0 to Mile Marker 6.25

Federal-Aid Project: ER 32LO (520)

Bid Date: Tuesday, February 15, 2022 • Bid Time: 2:00 PM

The project consists of providing and implementing a traffic control plan, a water pollution control plan; furnishing water supply; construction surveying; coordinating with businesses, property owners and municipalities; environmental compliance; clearing and grubbing including tree removal, constructing retaining walls with steel soldier piles in concrete and wood lagging, fences, guardrails, asphalt paving and roadway striping; and all miscellaneous work necessary to complete the project.

Seeking all trades (but not limited to): Chain Link Fence, Barbed Wire Fence, AC Paving, HMA Dike, Trucking, Traffic Control, Drilling (Soldier Beam RW) & Lagging Install, Painting / Coating, Concrete Pumping, Erosion Control (Fiber Roll, Silt Fence), Hydroseeding & Jute Netting, Earthwork, Striping, Signs, Operated Crane, Clear & Grub (Including Tree Removal), Demolition (Guardrail Removal, Saw-cutting, AC Removal), Midwest Guardrail System, Rock Slope Protection (RSP), Welding, Street Sweeping, Surveying, Silt Fence, Fiber Roll, Lumber / Lagging, Signs, Ready Mix Concrete, Fencing (Chain Link and Barbed Wire), Temporary Construction Fencing, Misc. Metals, K Rail, Filter Fabric, Aggregate, Traffic Control Materials (Signs, Delineators, Cones, etc.), Steel Soldier Beams / Wide Flange Beams, Shop Coating (Coal Tar Epoxy), Bare Equipment Rental (Crane, Drill Rig, Street Sweeper, Misc.), Midwest Guardrail System, Water Pollution Control Plan (WPCP), Milepost Markers, Portable Changeable Message Signs (PCMS), Construction Facilities (Porta-Potty, Dumpster), and other required work and trades.

Plans, specifications, and requirements can be viewed at our office or by using the link below.

bsebat@warasic.com

**W.A. Rasic is requesting bids for the
following trades and/or material supplies:**

Electrical including Fiber Optic Cable & Conduit, AC Cold Milling / Demolition, Asphalt Cap Paving & Crack Seal, Traffic Signals / Loop Detectors & Signal Modifications, Slurry Seal (Type 1,2,3), Minor Concrete, Pre-Construction Video, Temporary Highline, Sawcutting, Potholing, Compaction Grouting, Striping, Welding, Install 12", 30", & 48" Pipeline including Appurtenances, Furnish Steel & PVC Pipe, Furnish Valves & Appurtenances, Furnish Sand & Gravel, Furnish CSLM / PCC and Asphalt, Traffic Control Signs & Equipment, Cathodic Protection, Trucking, SWPPP Development, Dewatering (Hazardous & Non-hazardous), Contaminated Soils (Monitoring, Hauling & Disposal), Chlorination/De-Chlorination, Pre-cast Concrete, Concrete Waterproofing, CCTV, Reinforcing Steel, Traffic Control Plans / Engineering, Equipment Rental, Shoring Equipment
Plans and Specifications are available at no cost to interested firms by either contacting W.A. Rasic Construction, downloading from the City of San Diego's Planet Bids Portal or by utilizing the following FTP link:
https://www.dropbox.com/sh/wn5vxfpy-q8ng0l/AAD8GTIGAmP04wku1aBn_a61a?dl=0

W.A. Rasic will assist in obtaining bonds, lines of credit, insurance, equipment, supplies and materials upon request. W.A. Rasic will consider each DBE, MBE, and WBE quotes, including those that are broken down into economically feasible units as well as arrange delivery schedules to facilitate and encourage maximum bidding participation. W.A. Rasic also encourages a consortium of DBE / MBE / WBE firms when a contract portion is too large to handle individually. Subcontractors must have a valid California Contractors License and must be registered with the Department of Industrial Relations (DIR) as required by Section 1725.5 of the Public Contract Code. Subcontractors will be required to execute W.A. Rasic's standard subcontract agreement and general insurance requirements. A copy of our subcontractor agreement and insurance requirements is available in electronic format upon request. W.A. Rasic reserves the right to require each subcontractor to provide payment and performance bonds in the amount of 100% of the subcontractors bid. Bond Premium will be reimbursed up to a cost not to exceed 2.5%. W.A. Rasic is an equal opportunity employer and Union signatory Contractor.

SKANSKA

Skanska USA Civil

of 1995 Agua Mansa Rd, Riverside, CA
requests sub-bid quotes from all interested firms,

Email: mgrimaldi@warasic.com

**W.A. Rasic is requesting bids for the
following trades and/or material supplies:**

Electrical, Instrumentation, Pre-Construction Video, Minor Concrete, Structural Concrete, Furnish Piping, Furnish Valves & Appurtenances, Sawcutting, Potholing, Demolition, Hauling, Disposal of Solid Waste, Furnish Sand & Aggregates, Furnish PCC and Asphalt, Precast Concrete, Furnish and/or Installation of Reinforcing Steel, Equipment Rental, Shoring Rental, Furnish and/or Install of Metal & FRP Grating, Furnish and/or Install of Miscellaneous Metals, Furnish and/or Install of Structural Steel, Roofing, Roofing Membranes, Painting and Coating, Furnish Pumps, Welding.

Plans and Specifications are available at no cost to interested firms by either contacting W.A. Rasic Construction or downloading from the Inland Empire Utilities Planet Bids Portal.

https://www.dropbox.com/sh/wn5vxfpy-q8ng0l/AAD8GTIGAmP04wku1aBn_a61a?dl=0

W.A. Rasic will assist in obtaining bonds, lines of credit, insurance, equipment, supplies and materials upon request. W.A. Rasic will consider each DBE, SBE, MBE, and WBE quotes, including those that are broken down into economically feasible units as well as arrange delivery schedules to facilitate and encourage maximum bidding participation. W.A. Rasic also encourages a consortium of DBE / SBE / MBE / WBE firms when a contract portion is too large to handle individually. Subcontractors must have a valid California Contractors License and must be registered with the Department of Industrial Relations (DIR) as required by Section 1725.5 of the Public Contract Code. Subcontractors will be required to execute W.A. Rasic's standard subcontract agreement and general insurance requirements. A copy of our subcontractor agreement and insurance requirements is available in electronic format upon request. W.A. Rasic reserves the right to require each subcontractor to provide payment and performance bonds in the amount of 100% of the subcontractors bid. Bond Premium will be reimbursed up to a cost not to exceed 2.5%. W.A. Rasic is an equal opportunity employer and Union signatory Contractor.

Shimmick Construction Company, Inc.

1 Harbor Center, Suite 200 • Suisun City, CA 94585

Project Name: 3575 Mendocino Phase II

Location: Santa Rosa, California

Bid Date: February 22, 2022 @10:00am

Labor Requirements: State and Federal Prevailing Wage

Please note that Nibbi is signatory to the Carpenter's and Laborer's Unions

Local Hiring Plan: This project is subject to Section 3 Hiring Goals as a provision of Housing and Urban Development Act of 1968.

Section 3 Labor Hours - 25% of total workforce hours must be performed by Section 3 workers (includes any hours from Section 3 targeted workers).

Section 3 Targeted Workers - 5% of total workforce hours must be performed by Section 3 targeted workers (living within service area of the project).

Section 3 Business Concerns - All workers of a Section 3 Business count towards Section 3 targeted labor hours, but no specific contracting goal

If Section 3 percentages are not met during the project, contractors must provide proof of their efforts to meet the Section 3 hiring goals to be considered in compliance.

Project Schedule: Est. Start April 2022

Proposed development is a conventional 4-story building of Type-VA construction, with approximate enclosed building area of 32,370 sf. Building includes a mixture of one-bedroom (37 ea.) and two-bedroom (1 ea.) units. Ground floor incorporates support functions for the residential above including mail, storage, central laundry, and ancillary MEP areas. Building structure is a conventional 4-story wood framed building over a concrete mat foundation. Ground improvements consist of DDC piles as necessary to support proposed foundation system. Building facade consists of conventional stucco system and select areas of fiber cement siding. Roof covering is a single ply roofing system over tapered insulation as required to meet drainage requirements. Building conveying system includes one (1) four stop elevator. Automatic (design-build) fire protection system to be provided throughout the building. HVAC system consists of predominantly PTAC units in residential dwellings and split systems for common areas. Site improvements include the hardscape and landscape areas immediately adjacent to the building.

For any questions on accessing the bidding documents, please contact Adam Jancsek, Precon & Estimating Coordinator via email, AdamJ@nibbi.com. For project specific questions please contact Igor Bershteyn, Sr. Estimator via email, IgorB@nibbi.com, or Gina Grimsby, Project Engineer, GinaG@nibbi.com.

iStock Awards \$20,000 to Four Emerging Commercial Photographers, Videographers and Illustrators Globally as Part of Inaugural Inclusion Grant

iStock, a leader in affordable visual communications for the creative, entrepreneurial, student and SMB communities, today announces the four creative commercial artists chosen to receive its inaugural Inclusion Grant, designed to support them as they endeavor to draw attention to underrepresented communities through their work. The grant was open to commercial photographers, videographers and illustrators based in the U.S., UK, LATAM and Australia and is being awarded in partnership with U.S.-based organization Black Women Photographers, UK-based organization Creative Access, Fotografas Latam and Australia Council for the Arts.

"This grant demonstrates iStock's continued commitment to support diverse creators around the world, both financial and in terms of mentorship, as they seek to tell stories around their communities and ultimately take their commercial careers

to the next level," said Claudia Marks, Senior Art Director, iStock. "To that end, we're thrilled to say that our four recipients from the U.S., UK, Columbia and Australia are each incredible storytellers in their own right, creating visuals which the world needs to see—and that's something we're eager to make happen alongside our partners."

The four recipients include:

- **U.S.:** Malaika Muindi, Film-maker. Malaika creates short videos, coupled with portraits to connect her audience to varied people, communities, and experiences that may be foreign or familiar.
- **UK:** Mathushaa Sagthidas, Photographer. Mathushaa's work often examines her identity - Tamil Eelam ethnicity and British nationality, which is reflected through traditions, history and fashion photography.

- **LATAM:** Natalia Ortiz Mantilla, Photographer. Natalia's work framed in the understanding of the relationship between communities and the inhabited ecosystem, being each territory a source of memory and identity, connected to topics such as resilience, resistance, social justice and gender approach.
- **Australia:** Marley Morgan, Photographer. Marley, a member of the Wiradjuri, Gamilaraay and Yuwaalaraay nations, highlights the beauty of First Nations Aboriginal families with a heavy focus on Aboriginal women, motherhood and culture.

"Winning this Bursary means my team and I now have the opportunity to continue to share narratives and create experiences that connect people to people in HD! We will also now have the means to evolve our craft through the mentorship of talented and experienced artists. The

grant has presented the opportunity to further expand our work and our audience," Malaika Muindi, NJ, U.S.

"When you're looking to launch a career, mentorship and financial support can make all the difference in the world," said Polly Irungu, Founder, Black Women Photographers. "Believe me, I know first-hand how daunting it can be to try to navigate the commercial industry space. This grant, coupled with invaluable mentorship from Barbara DuMetz, is a one-of-a-kind opportunity for Malaika to receive funding, resources and just as importantly learn from a Black woman trailblazer in the field."

FLATIRON

INVITATION TO BID

Request for Quotes from Certified DBE/MBE/WBE/SBE/ Subcontractors and Suppliers

Project: Irvine Ranch Water District (IRWD)
Well OPA-1 PFAS Water Treatment System,
Contract No. IRWD-2021-1
Owner: Orange County Water District
Bid Date: March 1, 2022 at 2:00 p.m.
CASRF Funded Contract
SWRCB DBE Forms are REQUIRED
DBE Participation Encouraged

Request for quotes for the following, but not limited to, scopes of work: Aggregate Supply, Asphalt Paving, CMU Wall Installation, Concrete Supply, Demolition, Electrical/I&C, Fencing, HVAC, Landscaping/Irrigation, Miscellaneous Metals, Process Equipment Supply, Process Pipe Supply, Quality Control, Reinforcing Steel, Shoring.

PLEASE SUBMIT QUOTES TO
socalbids@flatironcorp.com
 or by fax to (909) 597-8635.

Plans and specifications are available from the Orange County Water District website at the following link: <https://www.ocwdplanroom.com/>. The Bid Documents are also available, at no cost, from Flatiron in electronic format or can be viewed at our offices in San Diego or Chino Hills. Please call to request access or to make an appointment to view the documents at one of our offices.

Quotations must be valid for same duration as specified by Owner for contract award. Flatiron analyzes and considers each DBE quote, including those that are broken down into economically feasible units to facilitate bidding. Flatiron intends to work cooperatively with all DBEs for scopes of work firms are licensed and qualified to perform. Assistance referrals in obtaining bonding, lines of credit, insurance, equipment, supplies and materials is available upon request.

Subcontractors are required to possess and maintain a current contractor's license and must also be registered with the Department of Industrial Relations (DIR) as required by Public Contract Code Section 1725.5. Subcontractors will be required to execute Flatiron's Standard Subcontract Terms and Conditions and meet insurance requirements. A copy of our Standard Subcontract Terms and Conditions is available in electronic format upon request.

Notwithstanding any contrary language in a bid to Flatiron West, Inc. ("Flatiron") or any prior course of dealing between Flatiron and a bidder, and unless waived in writing by Flatiron, Flatiron reserves the right to require each bidder to provide payment and performance bonds assuring bidder's obligations to Flatiron in the amount of 100 percent of the bid to Flatiron. Flatiron will reimburse the bond premium at actual cost not to exceed 3%.

Non-DBE Subs/Suppliers: Indicate lower tier DBE participation offered on your quotation as it will be evaluated with your price.

New money to bring new construction to Oregon

[Article originally appeared in
<https://pamplinmedia.com>]

By Kris Strickler,

In a bipartisan fashion, Congress delivered a significant investment in our nation's infrastructure in early November.

The package allocates billions of dollars to shore up our nation's infrastructure, from upgrading our power and water systems to expanding high-speed internet to underserved communities. It also includes a substantial investment in our transportation network.

We've never seen anything quite like this \$1.2 billion in additional transportation spending coming to Oregon from that package. The Portland area and the rest of Oregon will benefit for decades to come from this historic investment.

This package is unlike past federal infrastructure investments. Everyone will reap the benefits — drivers, bicyclists, truckers, pedestrians and transit riders — whether they live or work in cities, suburbs or rural areas. This funding will help us address some of our most critical transportation challenges, including climate change and congestion.

These funds will go to safety upgrades, electric vehicle charging stations, highway and bridge construction and maintenance, mass transit, bicycle and pedestrian facilities, and efforts to reduce carbon emissions from transportation sources.

It brings more than improvements in our day-to-day lives. For example, less traffic congestion and upgraded infrastructure will help businesses big and small, and their workers connect with their customers all over the area.

All these projects will boost Oregon's economy by providing solid family wage jobs — many of them as a part of our Disadvantaged Business Enterprise program. The program supports companies owned by Black, Indigenous, People of Color, and women to grow, hire more people, and provide more benefits like health care and retirement.

The Infrastructure Bill: What It Means & How You Can Get Ready

[Article originally appeared in www.forconstructionpros.com]

By **Lonnie Fritz, Global Market Professional, Caterpillar Inc.**

It's being called a "once-in-a-generation" infrastructure bill — with a trillion-plus dollars allocated to overhaul the U.S. public works system and start new road, highway, airport and other transportation projects. What exactly is included in the Infrastructure Investment and Jobs Act (IIJA), what does it mean for the construction industry, and are you ready for what it may bring? Here's a quick look.

What's in the infrastructure bill?

Signed into law on November 15, 2021, the IIJA funds \$1.2 trillion in infrastructure projects. That includes roads and bridges (\$110 billion), electrical grid improvements (\$73 billion), passenger and freight rail (\$66 billion), broadband internet infrastructure (\$65 billion), water infrastructure (\$55 billion), airport maintenance and improvements (\$25 billion), and port and waterway improvements (\$17 billion), along with a host of other projects.

The IIJA also includes an element called One Federal Decision (OFD), designed to streamline the permitting process that can cause big delays on many infrastructure projects. OFD could shrink the permitting timeline from up to 10 years all the way down to two years.

What does the bill mean for construction contractors?

In a nutshell, the potential for enormous growth. About half of the \$1.2 trillion must be spent over the next five years, which means a lot of new projects need to be "shovel-ready" fast. Some economists are predicting the biggest boost to come in 2023, with steady growth in 2024, 2025 and 2026 as well.

Is the construction industry ready?

Though a big influx of work is welcome, it comes at a challenging time. Labor shortages continue to dog the industry. A U.S. Chamber of Commerce survey last summer found that 88% of contractors were having moderate or high difficulty finding skilled workers — and 35% had turned down work as a result. Supply chain issues also remain a problem, leading to rising prices and delays in obtaining materials. Contractors will have to be strategic to overcome these challenges while taking on a bigger workload.

What can you do to prepare?

Start reaching out to state departments of transportation and municipalities to gauge just how much work might be coming your way. That'll help you determine if (and when) you should plan to add equipment to your fleet or operators to your payroll.

PUBLIC LEGAL NOTICE ADVERTISEMENTS

OAKLAND UNIFIED SCHOOL DISTRICT

NOTICE TO BIDDERS DOCUMENT 00 11 11

Notice is hereby given that the Oakland Unified School District (hereinafter referred to as "Owner") will receive sealed bids prior to the date and time stated for the Bid Opening for the award of a contract to construct the ("Contract"), Project No. 15127

**Claremont Middle School
New Multi-Purpose Building and Kitchen
5750 College Avenue, Oakland, CA 94618**

Project consists of:

A new one-story Type V-B construction steel frame building. Program consists of a cafeteria, kitchen, stage platform, and associated support storage rooms. The project will be California High Performance School (CHPS) Designed. The building will be fully sprinklered. Renovation scope to the existing classroom Building A consists of removal and replacement of existing folding walls with permanent walls, reconfiguration of existing restrooms into a new unisex accessible restroom, reconfiguration of an existing interior ramp to make it accessible, and minor restroom upgrades. Scope includes a campus wide replacement of the existing intrusion alarm (contractor must be BOSCH certified). Site work improvements include new fencing, storm water management site work, regrading, covered pedestrian walkway, stairs, ramps, game line restriping, pavement associated with the new building.

Engineer's Estimate: \$13,000,000

Project Manager is Deshonnie Hall, who can be reached at: deshonnie.hall@ousd.org and/or 510-517-1155.

"The most qualified responsible responsive lowest bid shall be determined on the amount of the base bid." The Owner reserves the right to add or deduct any of the additive or deductive items after the lowest responsible and responsive bidder is determined. The lowest bid shall be determined by the amount of the base bid.

This Contract is subject to prequalification pursuant to Public Contract Code section 20111.6. Deadline to prequalify for this project is Friday, **February 17, 2022**. Please email Juanita Hunter at: Juanita.hunter@ousd.org or La Juana Lewis at: LaJuana.Lewis@ousd.org for more prequalification requirements.

This Contract is subject to the District's Project Labor Agreement.

The full version of OUSD's latest Project Labor Agreement can be found by going to the OUSD home page: ousd.org > Offices and Programs > Facilities Planning & Management Department > For Contractors and Developers > Bids and Requests for Proposals > Bid Information > 2016 PLA - Project Labor Agreement.

Contract Documents will be available on or after **February 2, 2022**, for review at **East Bay Blue Print, located at 1745 14th Avenue, Oakland, CA 94606**. All requests should be addressed Attention: Sandy Petty. Plans can be ordered by:

Ph: 510-261-2990 Fax: 510-261-6077

Email: ebbp@eastbayblueprint.com.

Attn: Sandy. Online using the Plan Command System at www.eastbayblueprint.com or plans can be delivered to a place of business, at requester's own expense. Payment for plan sets must be made with East Bay Blue Print and are NON-REFUNDABLE

In addition, Contract Documents are available for bidders' review at the following builders' exchanges:

Builder's Exchange of Alameda County
McGraw Hill Construction Data
San Francisco Builder's Exchange
Reed Construction Market Data
Contra Costa Builder's Exchange
Marin Builder's Exchange

Public works projects shall be subject to compliance monitoring and enforcement by the Department of Industrial Relations. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to submit a bid or to be listed in a bid proposal subject to the requirements of

Public Contract Code section 4104 unless currently registered and qualified under Labor Code section 1725.5 to perform public work as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to enter into, or engage in the performance of, any contract of public work (as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code) unless currently registered and qualified under Labor Code section 1725.5 to perform public work and proof of registration is provided.

The Contract Time shall be 476 calendar days, and liquidated damages for delay shall accrue. The deadline for Completion is August 3, 2023. See Article III of the Agreement for details.

Bids must be sealed and filed in the Business Office of the Owner at:

**Front Desk
Facilities Planning & Management
955 High Street, Oakland, CA 94601**

on **February 24, 2022**, before 2:00 p.m. on the clock designated by the Owner or its representative as the bid clock, after which time the bids shall be opened. No bid will be accepted by the Owner after this time. Facsimile (FAX) copies of the bid will not be accepted. PLEASE NOTE: DUE TO COVID-19 BIDS WILL NOT BE OPENED. BID RESULTS WILL BE MADE AVAILABLE VIA EMAIL.

A mandatory pre-bid site visit will be held on **February 16, 2022**, at 2 p.m., at Front entrance of the Claremont School site. Bidders not attending the site visit will be disqualified.

Bids must be accompanied by a bidder's bond, cashier's check, or certified check for at least ten percent (10%) of the amount of the base bid and made payable to the Owner, as detailed in the Contract Documents.

Owner, or its designee, has determined that certain materials, services, products or things designated by specific brand or trade name shall not be subject to Public Contract Code section 3400(a) in order that a field test or experiment may be made to determine the product's suitability for future use; in order to match other materials, services, products or things in use on a particular Owner public improvement either completed or in the course of completion; in order to obtain a necessary item that is only available from one source; and in order to respond to an emergency declared by Owner.

Pursuant to the Contract Documents, the successful bidder will be required to furnish a Payment (Labor and Material) Bond in the amount of one hundred percent (100%) of the Contract Sum, and a Faithful Performance Bond in the amount of one hundred percent (100%) of the Contract Sum.

The successful bidder will be allowed to substitute securities or establish an escrow in lieu of retainage, pursuant to Public Contract Code Section 22300, and as described in the Agreement Between Owner and Contractor and General Conditions.

The Owner will not consider or accept any bids from contractors who are not licensed to do business in the State of California, in accordance with the California Public Contract Code, providing for the licensing of contractors. In accordance with Section 3300 of said Code, the bidder shall have a **Class "A-General Engineering Contractor and/or B-General Building Contractor"** license and shall maintain that license in good standing through Completion of the Contract and all applicable warranty periods. For all projects over Twenty-Five Thousand Dollars (\$25,000), the bidder shall state the public works contractor registration number on the Designation of Subcontractors form for each subcontractor performing more than one-half of one percent (0.5%) of the bidder's total bid.

The Director of Industrial Relations of the State of California, in the manner provided by law, has ascertained the general prevailing rate of per diem wages and rate for legal holidays and overtime work. The Contractor must pay for any labor therein described or classified in an amount not less than the rates specified. Copies of the required rates are on file at the Owner's business office and are available on request.

OAKLAND UNIFIED SCHOOL DISTRICT

NOTICE TO BIDDERS DOCUMENT 00 11 11

OAKLAND UNIFIED SCHOOL DISTRICT

REQUEST FOR QUALIFICATIONS AND PROPOSALS (RFQ/P)

**Consulting Services
for Evacuation Signage at Various School Sites**

February 9, 2022 (Issued)

**Responses must be received
March 3, 2022, no later than 2:00 p.m.**

The Governing Board (the "Board") of the Oakland Unified School District (the "District") is seeking statements of qualifications and fee proposals from companies to design evacuation signage for all schools listed in this RFQ/P with a specific focus on schools identified as being non-compliant with the City of Oakland fire regulations ("Project").

Interested companies are invited to submit a complete Statement of Qualifications ("SOQ") along with a detailed Fee Proposal (collectively "RFQ/P Packet") for the Project as described below, with one (1) unbound wet-signed original, five (5) bound copies and a PDF version on a flash drive of requested materials to:

**Oakland Unified School District
Tadashi Nakadegawa, Deputy Chief
Department of Facilities Planning
and Management
955 High Street, Oakland, CA 94601**

Oral, telegraphic, facsimile and telephone RFQ/P Packets will not be accepted. RFQ/P Packets received after this date and time will not be accepted and returned unopened. The District reserves the right to waive any informalities or irregularities in the RFQ/P Packets. The District also reserves the right to reject any and all RFQ/P Packets and to negotiate contract terms with one or more Respondents.

Due to the circumstances caused by the Covid-19 pandemic, the District will accept electronic Proposals sent via email in lieu of hard copies. Proposals received by the District no later than 2:00 p.m. (Pacific Time) on March 3, 2022 via email will be accepted (to Juanita Hunter at juanita.hunter@ousd.org and the contacts below).

If you have any questions regarding this RFQ/P please email Kenya Chatman, Executive Facilities Director at kenya.chatman@ousd.org, and cc: to Colland Jang at colland.jang@ousd.org.

OAKLAND UNIFIED SCHOOL DISTRICT'S LOCAL, SMALL LOCAL AND SMALL LOCAL RESIDENT BUSINESS ENTERPRISE PROGRAM

District Modification: Based on the availability analysis conducted for this RFQ/P to procure specialized design services, the Oakland Unified School District has waived its mandatory Local Business Utilization Policy 7115 requirement for LBE/SLBE/SLRBE certifications.

SFO

REQUEST FOR PROPOSALS FOR OPPORTUNITY AT SAN FRANCISCO INTERNATIONAL AIRPORT

The Airport Commission is commencing a Request for Proposals (RFP) process for the Terminal 3 West Casual Dining & Bar Lease, a Small Business Enterprise Set-Aside. The proposed business terms for this opportunity are as follows:

- Casual dining & bar.
- Term is 3 years, plus three 1-year options.
- Rent is the higher of the Minimum Annual Guarantee of \$100,000 or 8% of gross revenues.
- Proposers must be a Small Business Concern defined as an entity with annual gross receipts of not more than \$8,000,000 per year.
- Proposer may not currently hold, or have previously held, a lease or permit at SFO or at any other airport.

A Virtual Informational Conference and RFP Submittal Workshop will be held on February 23, 2022 via WebEx at 10 am Pacific time.

For information, please visit <http://www.flysfo.com/business-at-sfo/current-opportunities> or contact Tomasi Toki at (650) 821-4500.

CNSB #3551267

SUNDT/WALSH

**Request for Proposals for Scope III
Bid Solicitation 13
SFPUC - Southeast Plant
New Headworks Construction**

ADVERTISEMENT FOR SUBCONTRACTOR PROPOSALS

Subject to conditions prescribed by the City and County of San Francisco, CA responses to this bid request are sought from suppliers and subcontractors.

PROJECT DESCRIPTION:

The intent of this project is to replace the existing Headworks Facility at the SE Water Pollution Control Plant with a new all-weather 250 MGD Headworks Facility. This is solicitation 13 for Scope III New Headworks Construction.

SCOPE / DRAWINGS:

The drawings for Scope III are included in the Plan Room on Smartbidnet.com. The scope being sought for this project is as follows:

3-30 Paints and Coatings - 20% LBE Requirement

PRE-QUALIFICATION OF PROSPECTIVE

SUBCONTRACTORS: The Owner has determined that subcontractors who submit bids to Sundt/Walsh on this Project must be pre-qualified. Those subcontractors who pre-qualify will be allowed to bid on the above Scope of Work.

Interested firms may obtain Pre-qualification Documents on the Smartbidnet.com website or by contacting David Cooley, via e-mail at dcooley@sundt.com.

LOCAL BUSINESS ENTERPRISE (LBE) RE-

QUIREMENTS: The following project-wide LBE participation requirement is: LBE-15%. Each Bid Package has a specific LBE requirement as indicated above. Any proposals that fail to meet the Bid Package LBE requirement will be deemed non-responsive.

DISADVANTAGED BUSINESS ENTERPRISE

(DBE) REQUIREMENTS: All subcontractors are hereby notified that it is expected that work to be performed under this contract will be in full or in part financed by the Clean Water State Revolving Fund (SRF), administered by the United States Environmental Protection Agency (US EPA) and the State Water Resources Control Board (SWRCB). Bidders shall comply with all applicable terms and conditions, special provisions, and reporting requirements, as set forth in these specifications, and as may be required by federal law, rule, or regulation. Additionally, meeting the project-wide Fair Share Objective is encouraged: MBE-6.4%, WBE-2.0%. Refer to Contract Section 00 48 10.01, Paragraph 2 for more information.

BID DUE DATE: All bid documents must be submitted no later than March 4, 2022 by 2:00 p.m., **California Time**.

Confidentiality of the information provided will be respected to the extent permitted by law.

QUESTIONS: Direct all project specific questions to David Cooley at Sundt/Walsh. All questions should be submitted via e-mail. The e-mail address is Dcooley@sundt.com.

PUBLIC LEGAL NOTICE ADVERTISEMENTS

CITY & COUNTY OF SAN FRANCISCO DEPARTMENT OF PUBLIC WORKS

SECTION 00 11 16 INVITATIONS FOR QUOTATIONS

This Section includes a facsimile of the legal notice informing all qualified Bidders of the City's intent to solicit and receive Bids for the construction of the Project covered by the Bid Documents as defined herein for Sourcing Event ID: 000005520.

INVITATION FOR QUOTATIONS CITY & COUNTY OF SAN FRANCISCO SAN FRANCISCO PUBLIC WORKS Sourcing Event ID No.: 000005520 (PW MLBE ELK & SUSSEX PED SFTY) PW ELK STREET AND SUSSEX STREET PEDESTRIAN SAFETY IMPROVEMENTS (MICRO-LBE SET-ASIDE)

Quotations shall be submitted online via ShareFile until 2:30:00 p.m. on March 2, 2022.

Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Public Works Electronic Bid Documents Download site at

<https://bsm.sfdpw.org/ContractAdmin/Login.aspx>. Please visit the Contracts, Quotes and Payments web-

page at <https://bidopportunities.apps.sfdpw.org> for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

The Scope of Work: located at the intersections of Elk Street, Sussex Street, Diamond Heights Boulevard, and Arbor Street in San Francisco, CA and consists of roadway work, curb ramp & bulb-out construction, flashing beacons & streetlight electrical work, traffic control, and all relate work.

The time allowed for completion is 80 consecutive calendar days. The estimated construction cost is approximately \$260,000. Quotes in excess of \$706,000 may not be awarded through this informal bidding process. For more information, contact the Project Manager Marcia Camacho by phone: (628) 271-2405 or email: Marcia.Camacho@sfdpw.org.

On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works project register and pay an annual fee to the California Department of Industrial Relations ("DIR").

No contractor or subcontractor may be listed in a bid or awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the

Environment Code, "Clean Construction" is required for the performance of all work.

This Contract is subject to the requirements of Administrative Code Chapter 12X, which prohibits contracting in states with laws that allow discrimination. The City is prohibited from entering into any Contract with a Contractor that has its United States headquarters in a state on the Covered State List or where any or all of the work on the contract will be performed in any of those states on the Covered State List. Administrative Code Chapter 12X and a list of states on the Covered State List can be found at: <http://sfgsa.org/chapter-12x-anti-lgbt-state-ban-list>.

The Specifications include liquidated damages. Contract will be on a Lump Sum Bid Items With Unit Prices basis. Progressive payments will be made.

The Contract will be awarded to the lowest responsible responsive bidder. A quote may be rejected if the City determines that any of the bid item prices are materially unbalanced to the potential detriment of the City.

Only San Francisco Contract Monitoring Division certified Micro-LBE contractors are eligible to bid on this Set-Aside Contract in accordance with San Francisco Administrative Code Chapter 14B. Bid discounts, LBE Subcontracting Participation Requirement, and Good Faith Efforts are not applicable to this contract. Other CMD requirements shall apply. Certified Micro-LBE prime bidders must perform at least 25% of the contract work. Contact Ivan Oldenkamp by phone at (415) 867-4604 or by email at Ivan.Oldenkamp@sfgov.org for details.

This project will not have a pre-bid conference.

Administrative Code Section 6.22(a) requires all construction greater than \$25,000 to include performance and payment bonds for 100% of the contract award. For information on the City's Contractor Development Program, call (415) 986-3999 or email cdp@imwis.com.

Class "A" license is required to bid.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance

Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

Right reserved to reject any or all quotations and waive any minor irregularities.

PUBLIC LEGAL NOTICE ADVERTISEMENTS

GOLDEN GATE BRIDGE HIGHWAY & TRANSPORTATION DISTRICT

NOTICE TO CONTRACTORS NOTICE IS HEREBY GIVEN

that sealed bids will be received by the Office of the Secretary of the District, Golden Gate Bridge, Highway and Transportation District (District) either by U.S. Postal Service addressed to its mailing address, P.O. Box 29000, Presidio Station, San Francisco, CA 94129-0601, or by courier or personal delivery to its office at the Administration Building, Golden Gate Bridge Toll Plaza, San Francisco, CA, on Tuesday, March 1, 2022, by 2:00 p.m., Pacific Standard Time, at which time bids will be publicly opened and read in the Board Room of said building for the following:

CONTRACT NO. 2021-BT-075
SANTA ROSA Bus Facility
RESURFACING PROJECT
CITY OF SANTA ROSA,
COUNTY OF SONOMA, CALIFORNIA

This public works project consists of, in general, resurfacing and striping the existing bus and park and ride parking lots and related work items at the District's Santa Rosa Bus Facility located at 3225 Industrial Drive, Santa Rosa, CA 95403.

The Santa Rosa Bus Facility operates daily bus transit services. To minimize impacts to the District's Bus operations, the work must be staged. Night time and weekend work hours may be required.

A pre-bid conference will be held on, February 15, 2022, at 10:00 a.m., Pacific Time, at the Santa Rosa Bus Facility Dispatcher Building, 3225 Industrial Drive, Santa Rosa, CA. A job walk through will be conducted immediately after the meeting. While this conference is not mandatory, the District highly recommends you attend. Due to the COVID-19 virus, all participants who attend the meeting must wear a face covering, must practice social distancing, and must follow the applicable Sonoma County Health Orders regarding the coronavirus.

Bidders bidding as the prime contractor shall possess a valid State of California Class A, General Engineering Contractor's License with a minimum experience of three (3) similar projects with public agencies in the past five (5) years at the time of Contract award. Contractor's employees performing excavation work, including trenching and fence post hole work, must have HAZWOPER certification. All subcontractors, if any, shall be properly licensed by the State of California to perform specialized trades and shall have a minimum experience of three (3) similar projects with public agencies in the past five (5) years at the time of Contract award. Pursuant to Section 4104, each Bid Proposal must include the name and location of the place of business of each subcontractor who shall perform work or service, or install work for the prime contractor in excess of one-half of one percent (1/2 of 1%) of the bid price.

Bids must be accompanied by a deposit either in the form of cash, a certified or cashier's check, or Bidder's Bond, as described in the Contract Documents, which shall be applied to damages sustained by the District if the successful Bidder fails or refuses to enter into a contract awarded to it.

Bids shall be submitted on the District's Proposal Forms, including all attachments, in a sealed envelope and plainly marked with Bidder's name, and contract name and number.

The District reserves the right to reject any and all bids or to waive any irregularities or informalities in any bid or in the bidding procedure. No Bidder may withdraw its bid for a period of ninety (90) days after the date of opening bids. Within two (2) working days of bid opening, a summary of Bidders' quotes will be available at the District's Procurement Portal website. To review the bid results, go to the District's Procurement Portal website:

<https://ggbhtd.bonfirehub.com>

and look for Contract No. 2021-BT-075. Each Bidder will be notified of award, if award is made.

The successful Bidder shall furnish a Performance Bond and a Payment Bond in amounts equal to one hundred percent (100%) of the total price of the Contract. Pursuant to Public Contract Code Section 22300, the successful Bidder may submit certain securities in lieu of the District withholding funds from progress payments (retention) during the Project.

The District hereby notifies all Bidders that it is the policy of the District to ensure nondiscrimination on the basis of race, color, national origin, or sex in the award and administration of contracts.

Bidders are strongly encouraged to obtain Disadvantaged and Small Business Enterprise (DBE/SBE) participation on this Project. DISADVANTAGED BUSINESS ENTERPRISES (DBEs) ARE, BY DEFINITION, CONSIDERED TO BE SBEs, AND ARE COVERED BY THE REFERENCES TO SBEs IN THIS DOCUMENT. In order to achieve such participation, the District has developed procedures to remove barriers to DBE participation in the bidding and award process and to assist DBEs to develop and compete successfully outside of the DBE Program. These procedures include the establishment of a SBE Element of the District's Diversity Program for Contracts. The District has evaluated subcontracting opportunities for this Contract and determined that such opportunities exist and has established an SBE goal of 24%. Bidders must meet the contract-specific SBE goal or demonstrate good faith efforts to do so. Bidders are encouraged to attend the pre-bid meeting to better understand the applicable DBE/SBE requirements. For DBE/SBE assistance, contact Artemisé Davenport, DBE Program Administrator, at (415) 257-4581.

Contractor and all lower-tier subcontractors and suppliers performing covered work shall be required to submit certified payroll and labor compliance documentation to the District electronically using LCP Tracker software.

This Contract is subject to financial assistance from the U.S. Department of Transportation. Bidders will be required to certify that they have not been suspended or debarred from participation in federally funded contracts. Bidders must also disclose lobbying activities. Full compliance with all applicable Safety and Health Standards, DBE/SBE requirements, Equal Employment Opportunity, and Americans with Disabilities Act laws and regulations will be required of the successful Bidder.

Due to the financial assistance from the U.S. Department of Transportation, this Contract is also subject to Buy America compliance. Bidders will be required to submit an executed Buy America Certificate (found in the Proposal section). With regard to meeting the Buy America requirements, Bidders' attention is directed to the FTA's Dear Colleague letter dated February, 17, 2011. In light of the FTA's advice contained therein, with regard to the granting of Buy America waivers, the District will not award

a contract to a Bidder that does not certify compliance with the Buy America requirements on the "Buy America Certificate" included in the Proposal.

This is a federally funded Public Works Contract. As a result, Contractors and subcontractors must be registered with the Department of Industrial Relations (DIR) pursuant to Labor Code Section 1725.5, at the time of contract award. (See Labor Code Section 1771.1(a)). This Contract is subject to monitoring and enforcement by the DIR pursuant to Labor Code Section 1771.4.

In accordance with Section 1720 et seq. of the Labor Code, the general prevailing wage rates, as established by the Director of the California Department of Industrial Relations, will apply to this Contract. Information about prevailing wage rates for this Project is set forth in the Special Provisions. The prevailing wage rates established by the California Department of Industrial Relations are available at <http://www.dir.ca.gov/DLSR/PWD>. Hard copies can be viewed at the District's Engineering Office or requested by mail, addressed to: Prevailing Wage Unit, Division of Labor Statistics and Research, Department of Industrial Relations, P.O. Box 420603, San Francisco, CA 94142.

Bid documents are available at no charge on the District's Procurement Portal at <https://ggbhtd.bonfirehub.com>. In order to download and respond to posted solicitations, Bidders are required to register on the District's Procurement Portal. Once registered the documents may be downloaded. Click on the "Open Public Opportunities" page, click View Opportunity next to the desired project.

Bid Documents are also available for a non-refundable purchase price of fifty dollars (\$50) for a set of hard copies. Make checks payable to the Golden Gate Bridge, Highway and Transportation District and send it to the address below:

Engineering Department
Golden Gate Bridge, Highway
and Transportation District
P.O. Box 29000, Presidio Station
San Francisco, CA 94129-0601

Any revision to the Bid Documents will be made by a written addendum and be available on the District's Procurement Portal for download at no charge. Such addendum will become a part of the Bid Documents and be binding on all Bidders. Bidder's receipt of the addendum shall be acknowledged and so noted by each Bidder in the space provided on the Proposal Form. It is the responsibility of Bidder to check the District's Procurement Portal website for any Addenda that may be issued relative to this Contract.

Questions regarding technical information and clarifications shall be submitted in the District's Procurement Portal by clicking on the Opportunity Q & A tab of the message section of the project page. Such submissions shall be sent no later than eight calendar days before bid opening. Note that only written clarifications issued by the District are binding on the District. The District will post all pre-bid questions and the District's responses on the District's Procurement Portal website under Reference Number 2021-BT-075. Bidders are encouraged to check the procurement portal website regularly.

/s/ Ewa Z. Bauer-Furbush, P.E., District Engineer

SUCCESS STORIES

Dawn Russell, Treats for Chickens

[Article was originally posted on <https://cameonetwork.org>]

Treats for Chickens hatched in 2009 in West Petaluma, California.

Those who knew Dawn thought she had simply lost her mind. She gave notice to her employer at a federal government agency in San Francisco to make treats for backyard pet chickens. She traded in her heels and 9-5 schedule for mud boots and the greatest tasting eggs this side of the Mississippi.

Treats for Chickens quickly gained popularity and by 2010, online retailers were selling its products. In 2011, the business leased its first commercial space and within two months had its first West Coast distributor.

The learning curve

However, the journey was not without its challenges. Dawn had to learn how to manage licensing, logistics, machinery, financials, and sales/marketing plans, on top of setting up a distributor network.

To meet these challenges Dawn met with an advisor at the Napa Sonoma SBDC. Together, they addressed issues relating to sales and marketing efforts. They talked extensively about setting up a distributor network, improving the website and reviewing financials, and discussing manufac-

turing strategies. As a result of these meetings, the business expanded its distributor network, initiated reviews of financial results, made plans for improving manufacturing capabilities with the possibility of purchasing additional equipment, and engaged the services of a webmaster.

Flying high

Fast forward to today: Treats for Chickens continues to produce a collection of healthy and organic treats, supplements, and non-toxic pest control for pet chickens. Products ship daily from their Cotati, CA warehouse to over 20+ accounts across the US.

Treats for Chickens has experienced some outstanding financial results. Sales increased by 233.7 percent from 2011 to 2012. Dawn was able to put together startup financing through personal savings, amounting to \$43,000. Currently, she has two part-time employees. Cash flow has been positive, which has resulted in no additional loans to the company.

Treats for Chickens products are available in local farm and feed stores, local pet shops, hatcheries, and online through a variety of merchants and directly at the website.

Sofia Lopez, Santo Hermano Pedro Boutique

[Article was originally posted on <https://cameonetwork.org>]

Back in Antigua, Guatemala, Sofia Lopez had a small business. She sold items like pocketbooks, belts, and wallets on the vibrant main square. She always wanted to run such a venture and was achieving success. That is, until violence compelled her to leave her homeland a decade ago.

Now residing in San Francisco's Bayview, Lopez initially cleaned houses to make ends meet. But a nagging feeling left her wanting to run her own business once more.

That became a reality once Sofia came to MEDA a few years back. She initially took MEDA's Business Development seven-session workshop. She learned how to run a small business in the States. But this was a country with different rules than those in Central America.

Sofia also bettered her computer skills in the Digital Opportunity Center in Plaza Adelante.

Setting up shop

Once Sofia had graduated from the business workshop, she received free one-on-one coaching. The goal was to rent a retail spot. Finding a reasonably priced commercial space was a challenge already. The Mission Street location she found turned out to be on an inside corridor despite the \$1,200 a month rent. This meant a lack of foot traffic; some days not a single customer came into the store.

Being on a square in Antigua had translated to success for Sofia. So the new idea was to get a permit from the City and the police department. This way, Sofia could set up business each day in the heavily trafficked southwest corner of the Mission's 24th Street BART station. After a few months' process, payment of an annual fee, and the assistance of MEDA's Business Development department, it finally happened. Santo Hermano Pedro Boutique found its new home on the plaza under a colorful tent to provide aegis from the noontime sun. Business immediately picked up.

She had just one problem left.

Every month or so, Sofia needs to make the six-hour drive to Los Angeles to meet with her wholesalers. That requires a large vehicle.

So Sofia went to a traditional bank in the Mission. But all they offered her was a credit card at a super-high interest rate at one bank and a personal loan at astronomical interest at another financial institution.

Sofia was at a loss of what to do.

Meeting Adelante

That's when she serendipitously ran into MEDA Community Loan Fund Manager Diana Matei-Golopenta. Diana explained how the nonprofit's new Adelante Fund could help.
