

Census Bureau Construction Data: From Stone Age to Space Age

New Tech, New Math, New Methods In Massive Upgrade of Census Bureau Construction Programs

[Article originally appeared in www.census.gov]

Imagine flipping the Flintstones' bedrock house into the Jetsons' space home. That's essentially what the U.S. Census Bureau is doing with several construction surveys.

Think satellite imaging, artificial intelligence, new data sources and new methodology replacing survey collection methods that date back to the 1950s.

Modernization will lessen the burden on local governments to report building permits or builders to disclose building starts and status reports. No more relying on sample designs that only provide data at the state level.

Instead, satellite images will soon give us instant updates on projects at every stage of construction from start to finish down to the county and metro level for the first time.

The changes will modernize nearly every aspect of the construction data the Census Bureau releases, including New Residential Construction (NRC). A Principal Federal Economic Indicator (PFEI), the NRC data are one of the most timely and leading official measures of the current condition of the U.S. economy.

While use of satellite imagery and new data sources are still in development phases, other improvements are already on the launch pad.

The first estimates from a new sample design are set to be published with the February 17 release. The local and county level estimates from the redesigned Monthly Building Permit Survey (BPS) are scheduled to be published for the first time February 24.

To appreciate this massive upgrade, it's vital to understand just how important new residential construction statistics are to measuring the U.S.

Construction Site Monitoring: Drone or Satellite Imagery?

Port of Long Beach Prepares for Year of Transformation

Transformation is needed across the supply chain in order to accommodate the growth and future opportunities in international trade, Port of Long Beach Executive Director Mario Cordero said Wednesday during a virtual State of the Port address.

Technology, partnerships and a continued shift toward 24-hour operations will aid the entire goods movement industry from the docks to doorsteps, Cordero said during the second virtual State of the Port address – available for viewing now at www.polb.com/stateoftheport.

“We continue to debate the same issues year after year, while the operational model remains status quo – never changing,” Cordero said. “The test

is not in how many containers we move but in how we transform and build a port that benefits everyone.”

A soft launch is scheduled later this month for the “Supply Chain Information Highway,” a data-sharing tool that will maximize efficiency by tracking cargo across various modes of transportation. The Port will continue to enhance on-dock rail to accelerate cargo movement, through improved rail infrastructure and partnerships.

Additionally, the Port of Long Beach will advocate for 24-hour operations for the entire supply chain – shipping terminals, warehouses, trucking and other critical links.

“Despite challenges in the global economy, it’s been an incredible year for the Port of Long Beach,” said Long Beach Mayor Robert Garcia. “And that’s thanks to all of our incredible workers at our ports. Everyone has been working extremely hard to make sure we meet America’s needs and efficiently move cargo in and out of our port.”

The Port ended 2021 with 9,384,368 twenty-foot equivalent units processed, up 15.7% from the previous record of more than 8.11 million TEUs moved in 2020. The significant increase in cargo was driven by evolving consumer spending habits during the COVID-19 pandemic, when consumer demand for travel and entertainment declined due to health precautions and pivoted toward online spending.

“We have all heard so much about the supply chain backlog, but what is actually happening is that our dockworkers are moving more cargo than ever – and doing so during a pandemic,” Harbor Commission President Steven Neal said. “We are building a bright future for the Port of Long Beach, the goods movement industry, and for the community.”

Key projects completed in 2021 include the final phase of the Long Beach Container Terminal, the greenest, most technologically advanced ter-

minal in North America, along with the adjacent Fireboat Station No. 15.

Over the next decade, the Port plans to invest in rail improvements that will improve efficiency, reduce truck trips and lessen environmental impacts amid increases in cargo. Construction begins in 2023 on the Port’s rail program centerpiece, the Pier B On-Dock Rail Support Facility, which will allow longer trains to be created more frequently.

The Port continues its dedication to enhancing the environment. Looking ahead, the Port plans to transform the drayage truck fleet to zero-emissions by 2035, funded by a Clean Truck Fund rate starting in April. Terminal operators are also doing their part by deploying zero-emission cranes, vehicles and yard equipment.

The Port of Long Beach is one of the world’s premier seaports, a gateway for trans-Pacific trade and a trailblazer in goods movement and environmental stewardship. As the second-busiest container seaport in the United States, the Port handles trade valued at more than \$200 billion annually and supports 2.6 million trade-related jobs across the nation, including 575,000 in Southern California.

The Greenlining Institute Applauds CA Governor's Forward-Thinking Budget Proposal

Budget proposal includes transformative policies that will reduce the racial wealth gap

[Article originally appeared in <https://greenlining.org>]

By Molly Tafoya,

Gov. Newsom announced his 2022-23 California budget proposal which includes a massive \$45.7 billion revenue surplus to be spent on crucial state programs that will benefit historically underserved communities including low-income people and communities of color. The governor's proposal outlines a COVID-19 response and relief package including small business support, a solid affordable housing strategy, workforce training and job opportunities, universal health care access and expanded reproductive health care, and a transformative climate action package.

"With the COVID-19 Omicron variant ravaging the health of communities of color and economically destabilizing our recovery, we desperately need comprehensive, nuanced solutions to these complex challenges. Governor Newsom's budget proposal makes life-changing investments a priority, and we applaud this commitment," said The Greenlining Institute President and CEO Debra Gore-Mann. "California has an opportunity to lead the way on equity. We will no longer entertain the false narrative that we must choose between the health of our communities

and the health of the economy. It's about ensuring communities of color can build wealth, live in healthy places filled with economic opportunity, and are ready to meet the challenges posed by climate change."

Specifically, the budget proposal includes \$14 billion for economic recovery and relief for those hit hardest by COVID-19, including workers, renters, and small businesses—many of whom are people of color. It also calls for a state-wide minimum wage increase to \$14 an hour, a \$1 billion housing development package, and universal access to healthcare coverage. From the ongoing pandemic to the housing crisis, we call for comprehensive solutions that tear down structural inequalities. The Greenlining Institute supports these efforts to reduce the racial wealth gap and eliminate all barriers to economic opportunity for our communities.

Building on the \$15 billion commitment made last year, the budget also includes an historic \$37 billion climate action package for programs The Greenlining Institute has championed for nearly a decade. These commitments prioritize communities of color and low-income communities that are hit first and worst by climate change including \$6.1 billion for zero-emission vehicles and equitable transportation programs, nearly \$1 billion for equitable building electrification, \$165

million for the Transformative Climate Communities Program, \$135 million for Regional Climate Collaboratives and Resilience, and millions more for climate adaptation projects to support climate resiliency for those communities on the frontlines of climate change.

"We can only achieve our climate goals by focusing on the needs of those in the most polluted and underserved neighborhoods. Governor Newsom's budget proposal recognizes this reality," said Alvaro Sanchez, Vice President of Policy at The Greenlining Institute. "We're excited to work with the Legislature to prove to the rest of the country that, when leaders are intentional about equity, we can not only advance our climate agenda, we can also dismantle systemic racism and address the lasting effects of redlining."

Given the large state budget surplus, the Greenlining Institute urges Governor Newsom and the Legislature to consider the full suite of climate equity programs to get the funding they need to help communities transition to a clean energy economy, and to increase investments in community resilience programs including Transformative Climate Communities, Community Resilience Centers, and the Low-income Weatherization programs.

Notably, the budget proposal eliminates funding for the California Vehicle Rebate Program (CVRP), which data has proven to mostly benefit early adopters with the least to gain from the cash incentives. We support redirecting critical funds to the communities who need it most with proven programs that support low-and-middle income Californians gaining access to EVs.

Unfortunately, the proposal does not include funding for an Office of Racial Equity, a Greenlining priority, that will create uniformity in the state's approach in addressing racial inequities. California must solidify the state infrastructure to lead on equity if we want to ensure these programs flourish. The proposal also does not include any additional funding for utility debt relief for struggling families. The Greenlining Institute looks forward to working with Governor Newsom and the Legislature to implement and refine this forward-thinking budget and make good on their promise to protect the health and well-being of all communities.

BUILDING TOGETHER

Governor Newsom Announces \$312 Million for New Clean California Projects to Beautify and Revitalize Public Spaces Across the State

As part of his landmark \$1.1 billion Clean California initiative, Governor Gavin Newsom today announced the award of \$311.7 million for 126 beautification projects along the state highway system – with 98 percent of the projects benefiting historically underserved or excluded communities. Designed to foster cultural connections and civic pride, the projects are expected to generate 3,600 jobs as part of the multiyear initiative led by Caltrans to remove trash and

beautify community gateways and public areas along highways, streets and roads while creating thousands of jobs for Californians.

"With Clean California projects transforming more and more sites across the state, we're taking the next step to create enriching public spaces that serve the needs of our diverse communities and that all of us can take pride in – starting in the neighborhoods that need it most," said Governor Newsom. "Working together, the state

and local governments are advancing unique beautification projects that will make a positive impact for years to come."

Developed in close collaboration with tribal and local governments, non-profits and businesses, the 126 state beautification projects will be completed in 47 of California's 58 counties, including art installations, green space and proposals that improve safety and promote community connections. Construction will begin in April

2022, a full list of the projects can be found here.

Governor Newsom announced the grants today at an interchange in San Francisco, the site of a new \$2.6 million project that will include a tree nursery, dog park and other features.

In addition to these awards for Clean California projects along the state right-of-way, the Ad-

12 Tips to Grow Your Construction Business

[Article originally appeared in
www.constructconnect.com]

By Kendall Jones,

Is it time to grow your construction business? Are you looking to expand into new markets or territories? Growing your construction business, regardless of whether you're just starting out or have been in the industry for years, requires careful planning. In order to strategically scale up your operations, you must ensure you will have the resources (workers, equipment, etc.) to handle the additional work.

Here are 12 tips to help you successfully grow your construction business:

1. Build a great team.

In construction, your people are your business. Hire dependable, knowledgeable and skilled employees. Retain your best employees by promoting and rewarding them for their hard work and reliability.

2. Manage your business, but lead your people.

Your employees want to be led, not managed. Be a great leader and your employees will follow you anywhere. If you try and manage every aspect of your employees work they will think you have no confidence in their ability to make good decisions and properly do their jobs.

3. Invest in your business.

If you want to earn more business you have to invest time and money into your company. This means buying new equipment and technology when needed, training your employees and actively marketing your business.

4. Be selective to be profitable.

It's not enough to just earn more business. When you take on more work it has to be profitable. There's no sense in doubling the number of jobs you work if you aren't increasing your profits.

5. Get the word out.

Word of mouth remains the number one method most construction companies use to market their business and earn more work. Encourage your best customers to tell others about the great work your company does.

6. Play to your strengths.

Would you rather have your company be known as a decent all-around general contracting firm or the best general contractor doing LEED-certified hotel renovations? Finding a niche market or specializing in a specific industry can set you apart from your competitors.

7. Network to earn more work.

One of the best ways to network is to join and be active in the local chapter of a trade association. Networking can be a useful tool to build brand awareness for your company, generate leads and find vendors. Being active and giving back to your community is also a great networking opportunity for your business.

8. Quality is king.

Tread carefully when considering any measure that could sacrifice the quality of your work. Cutting corners to reduce costs speed up completion of a project can be detrimental. Your company's reputation for doing quality work is only as good as your last project so never compromise your high standards of performing quality work.

9. Change is good.

Adaptability is one of the keys to success in the construction industry. As we've seen with the

recent recession, construction can be quite a volatile industry. If you are unwilling to make adjustments in your business to keep up with the changing trends you are setting yourself up for failure.

10. Give great customer service.

Pleasing your clients should be a top priority. This doesn't mean you have to cave to their every demand. You should be actively communicating with your client on all aspects of a project so you can be equal partners in the decision-making process. Satisfied customers will lead to repeat business and great referrals.

11. Be proactive, not reactive.

You can't just sit back and expect more work to just fall in your lap. You have to proactively seek out new opportunities to retain and grow your business. Constantly reach out to the owners, architects and general contractors you find out what projects they have on the horizon.

12. Make smart decisions.

We make thousands of decisions every day, many of which are inconsequential. When it comes to earning more business, this often means making hard decisions that will impact your success for years to come. Take the time to consider all angles and options and perform your due diligence for future success. Never get pressured into making rash or impulsive decisions.

CALIFORNIA SUB-BID REQUEST ADS

Sub-Bids Requested from qualified **DBE** Subcontractors and Suppliers For:

RP-1 DISINFECTION IMPROVEMENTS PROJECT

PROJECT NO. EN11039

Owner: Inland Empire Utilities Agency

Location: Ontario, CA

Bid Date: March 3, 2022 @ 2:00 P.M.

667 Brea Canyon Road, Suite 30 • Walnut, CA 91789

Phone: (909) 595-4397, Fax: (909) 444-4268

Contact: Lori Olivas, lori.olivas@jfshea.com

J.F. Shea Construction, Inc. is soliciting your participation in the preparation of this bid. We are particularly interested in bids from subcontractors/suppliers for the following work items:

Aggregates, Precast Concrete Vaults, Riprap, AC Paving, Ready-Mix Concrete, Reinforcing Steel, Miscellaneous Metals, Structural Steel, FRP Fabrications, Roofing, Sheet Metal, Sealants, Floor Access Doors, Painting & Coatings, Signage, Shade Fabric, Equipment, Electrical and Instrumentation

Plans and Specifications: Please email your requests to elizabeth.pettus@jfshea.com. Plans may also be viewed at our Walnut Office.

J.F. Shea Construction, Inc. is an equal opportunity employer and intends to negotiate in good faith with interested DBE firms and intends to utilize the lowest responsive bidder. J.F. Shea expects potential subcontractors to be bondable. J.F. Shea will pay for up to 1% for subcontractor bond costs. Subcontractors and Suppliers are expected to bid per plans and specifications, including requirements for warranties. Standard manufacturer's warranties, if not in conformance with owner's specifications, will not be accepted.

Sub-Bids Requested from qualified **MBE/WBE/SBE/DVBE** Subcontractors and Suppliers For:

MOKELUMNE AQUEDUCT NO. 2 RELINING PHASE 1

SPECIFICATION 2176

Owner: East Bay Municipal Utility District

Location: Stockton, CA

Bid Date: February 23, 2022 @ 1:30 P.M.

667 Brea Canyon Road, Suite 30 • Walnut, CA 91789

Phone: (909) 595-4397, Fax: (909) 444-4268

Contact: Lori Olivas, lori.olivas@jfshea.com

J.F. Shea Construction, Inc. is soliciting your participation in the preparation of this bid. We are particularly interested in bids from subcontractors/suppliers for the following work items:

Drain Rock Materials, Ready-Mix Concrete, Reinforcing Steel, Precast Structural Concrete, Miscellaneous Metals, Glass-Fiber-Reinforced Plastic, Waterproofing, Access Hatches and Vault Hatches, and Painting & Coatings

Plans and Specifications:

You may obtain a free download at: www.ebmud.com/current-construction-bids. Plans may also be viewed at our Walnut Office.

J.F. Shea Construction, Inc. is an equal opportunity employer and intends to negotiate in good faith with interested MBE/WBE/SBE/DVBE firms and intends to utilize the lowest responsive bidder. J.F. Shea expects potential subcontractors to be bondable. J.F. Shea will pay for up to 1% for subcontractor bond costs. Subcontractors and Suppliers are expected to bid per plans and specifications, including requirements for warranties. Standard manufacturer's warranties, if not in conformance with owner's specifications, will not be accepted.

Governor Newsom Announces \$312 Million for New Clean California Projects

Continued from page 2

ministration in December announced the availability of almost \$300 million in grants to cities and counties for local projects that will clean and beautify neighborhood streets, parks and transit centers throughout California. Caltrans will review the project proposals from cities, counties, transit agencies, tribal governments and other governmental entities and announce grant recipients on March 1. The Governor's California Blueprint proposes an additional \$100 million to fund additional local Clean California grants.

Over three years, Clean California will remove an additional 1.2 million cubic yards, or 21,000 tons, of trash from the state system alone – enough to fill the Rose Bowl three times over. The initiative has already resulted in 6,300 tons of litter removed from the State Highway System and, to date, Caltrans has hired 528 new team members, including 428 maintenance workers who collect litter and perform maintenance duties like graffiti removal.

CALIFORNIA SUB-BID REQUEST ADS

REQUEST FOR Sub-Bids, Sub-Proposals from SBE Firms
Project Name: Structural Pile Repairs to Navy Pier, San Diego, CA
Specification Number: 2020-15
Owner: Port of San Diego

Subcontractors/Subconsultants/Vendors wanted for:

(Subcontractors) - Divers, Reinforcing Steel, Quality Control

(Suppliers)- Ready Mix Concrete, Fiberglass Concrete Form, Misc. Concrete Supplies, Cement, Self-Consolidating Mortar, Epoxy Grout, Epoxy Adhesive, Epoxy Mortar, Reinforcing Steel, Silt Curtain, BMP Materials

Project Scope:

Project is located at the Navy in San Diego, CA and the work includes, but not limited Pier Mark out, dive survey and other preconstruction surveys, including calculations of under deck repair quantities and form lengths.

Full length encasement of 20-inch square concrete piles designated to be installed from EL. 8.5 to minimum 2 feet embedment below seabed including pile cleaning, excavation, backfill, forming, grouting, inspection, and testing (257 piles, approx. 6300 linear feet of form). Remove and dispose of pipe debris and relocate and reinstall rock at locations on underwater slope where interferes with pile encasement (35 piles). Repair concrete at beams, pile caps, pile tops, soffit, low caps, and retaining wall including removal of unsound concrete, replace reinforcing steel when required, forming and placement of repair material, inspection and testing (695 areas, approx. 2200 cubic feet). Epoxy-inject repair of misc. cracks found during preconstruction survey at beams, pile caps, pile tops, soffit, low caps, and retaining walls (approx. 500 linear feet).

REVISED BID DATE: March 1st, 2022 @ 2:00PM

PROJECT NAME: Folsom Cordova Unified School District-Blanche Sprentz Elementary School Addition
Bid Date: Feb. 24, 2022 at 12:00 PM PST
Job Walk: Feb. 15, 2022 at 3:00 PM PST

All Qualified and/or Certified Disabled Veteran Business Enterprise subcontractors and suppliers are invited to forward bids/quotes.

This Project will be completed in two phases. Both phases shall start simultaneously but shall be completed at the times discussed below.

Phase 1 must be Substantially Complete by August 5, 2022. Phase 1 shall consist of the following components of the Project:

- Existing Bldg. B Improvements and adjacent concrete flatwork - This includes the demolition of and replacement of the existing restrooms and a new fire hydrant to replace an existing one near Bldg. B
- Improvements to the parking / bus loading lot - Work includes the asphaltic concrete improvements to this parking lot and ADA parking stall. Also adjacent concrete flatwork.
- Upper Hardcourt Improvements - This includes new vehicular and ADA compliant routes to what will be a combination parking / hardcourt play area. To make the cut for the new vehicular access a SMUD primary line will be relocated; site lighting, fencing, and AC paving work is also involved.
- Building demolition and adjacent site demolition of the Existing Multi-Purpose Bldg. F.

Phase 2 Must be Substantially Complete by January 16, 2023. Phase 2 shall consist of all work necessary to complete the construction of the New Multi Purpose Bldg. F.

This project is available for public bidding via the Swinerton Builders Public Plan Room
Contact: SalimShahsamand@swinerton.com
- 510.685.9978

We reserve the right to require all subcontractors to furnish 100% performance and payment bonds from a U.S. Treasury-listed surety. Premium cost to be included as a separate item. At our discretion, a bid bond and/or letter of bondability from a U.S. Treasury-listed surety may be required within 48 hours of demand.

Swinerton is an Equal Employment Opportunity, Minority, Women, Disability and Veteran Employer

High-Speed Rail Authority Issues Draft 2022 Business Plan for Public Review and Comment

As California takes the lead in building a modern, clean and sustainable transportation system, the California High-Speed Rail Authority (Authority) today issued its Draft 2022 Business Plan for public review and comment.

The release of the draft plan comes just 10 months after the Authority's Board of Directors approved the final 2020 Business Plan.

The Draft 2022 Business Plan reaffirms staff's policy recommendation to the Authority Board to develop a clean, electrified Merced to Bakersfield high-speed rail interim service line as soon as possible in California's Central Valley with the funding currently available. The plan also discusses major program progress in Northern California, the Central Valley and Southern California, as well as addresses areas of opportunity with new federal funding and pending Legislative approval of Governor Gavin Newsom's Transportation Infrastructure Package, including Proposition 1A bond funding for high-speed rail.

The Draft 2022 Business Plan builds on the Authority's mission and guiding principles, specifically outlining how new funding will allow the Authority to:

- Deliver an electrified, two-track initial operating segment connecting Merced, Fresno and Bakersfield as soon as possible.
- Invest statewide to advance engineering and design work as every project section is environmentally cleared.
- Leverage new federal and state funds for targeted statewide investments that benefit local service providers and advance high-speed rail in California.

The plan highlights how new state and federal funding would enable the Authority to further advance the program statewide, such as making capital investments to improve mobility and connect high-speed rail with existing passenger rail and transit services. It also updates the Authority's budget and capital cost estimates for segments with recently approved environmental documents to account for numerous mitigation measures to address community concerns.

High-speed rail continues to be an economic engine for the state, creating more than 7,300 construction jobs in the Central Valley and partnering with more than 650 small businesses since the start of construction. Nearly 300 of the 500-mile Phase 1 System from San Francisco to Los Angeles/Anaheim has also been environmentally cleared— including a contiguous stretch between Merced and Palmdale plus last month's clearance of the Burbank to Los Angeles section.

By mid-2022, the Authority expects to have environmentally cleared 422 miles, with Board action expected on the final Records of Decision on the two Northern California sections between San Francisco and Merced. The Authority's last two project sections, Palmdale to Burbank and Los Angeles to Anaheim, will advance in 2023.

With the release of today's draft business plan, the Authority Board will review management's recommendations and seek input as part of a 60-

Skanska USA Civil West California District Inc. is interested in soliciting in Good Faith all subcontractors as well as certified DBE firms for this project.

Route 15 Pavement Reconstruction, Escondido, CA

Plans and Specifications are available through registering on our plan site at:

<https://app.buildingconnected.com/projects/61f9a9a5d6b35100ad42bf9a/bid-packages>

Requested scopes include, but are not limited to the following and should be based on the Contract and its amendments: Lead Compliance Plan, Traffic Control System, Develop Water Supply, Construction Area Signs, Temporary K-Rail & Crash Cushion Module, Storm Water Pollution Prevention Plan, Rain Event Action Plan, Storm Water Sampling & Analysis, Various Temporary Erosion Control Measures, Clearing and Grubbing, Dust Palliative, Earthwork and Grading, Off Haul and Disposal of Dirt, Roadside Clearing, Landscape Planting & Irrigation & Maintenance, Import Top Soil, Remove Concrete (Miscellaneous), Asphalt Concrete Milling, Temporary Drainage Inlet Protection, New Catch Basin and Storm Drain System, PVC & RCP Pipe, Precast Catch Basin & Manholes, RSP, Hot Mix Asphalt (Type A) and Rubberized (HMA), Aggregate Base & Subbase (CL2, CL4 & CL5), AC Dike, Joint Plain Concrete Pavement, Concrete Approach Slabs & Structures, Minor Concrete Various Items, Signs & Posts, Striping & Marking, Lighting & Signal System, Fiber Optic System, Camera Systems, Modify Signals, Modify Ramps, Census Systems, Tubular Rails and Steel Barrier Railing, Rebar, Joint Seal, Water Line System & Relocation, Concrete Barriers.

Subcontracting Requirements: Skanska is an Equal Opportunity Employer and is requesting quotes from all qualified subcontractors and suppliers. All interested subcontractors, please indicate all lower tier DBE participation offered on your quotation as it will be evaluated with your price. Skanska will assist qualified subcontractors, vendors, and suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a DBE firm, please provide your certification letter with your proposal. Skanska will also review breaking out scope packages and adjusting schedules to help permit maximum participation.

Skanska's insurance requirements are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products and completed operations agg. and general agg.; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., and a Waiver of Subrogation (GL & WC). Other insurance requirements may be necessary per scope or RFP requirement. Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract by an admitted surety and subject to approval by Skanska. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Skanska is signatory to the Operating Engineers, Laborers, Cement Masons, and Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract. All Contractors and Subcontractors must register with the DIR (Department of Industrial Relations) in order to bid on public works projects. Include CSLB License Number and DIR Number on all quotes submitted. In addition, include a signed Form 4500-3 (DBE Subcontractor Performance Form) with your bid.

Subcontractor/Supplier Bids/Proposals Requested
Owner: City of San Diego
Contract No. K-22-1797-DBB-3-A
Revised Due Date: March 8, 2022 - 2:00 PM
MBE/WBE/DBE 9% Participation

Skanska USA Civil West California District Inc. is interested in soliciting in Good Faith all subcontractors as well as certified DBE firms for this project.

Pure Water Program (PWP) Morena Conveyance South & Middle and Morena Conveyance Bike Lanes (BL)

Plans and Specifications are available through registering on our plan site at:

<https://app.buildingconnected.com/projects/61817bad845c1a00c335d399/bid-packages>

Requested scopes include, but are not limited to the following and should be based on the Contract and its amendments: Hazardous material disposal, bar reinforcing steel, ready mix concrete, signage, waterproofing, welding, aggregates, HMA paving, erosion control, striping, electrical, mechanical systems, traffic control materials, concrete pumping, and trucking, minor concrete, CCTV, Video Recording, ground penetrating radar, potholing, SWPPP, cathodic protection, dewatering, slurry seal, concrete paving, CML pipe, PVC pipe, waterline, sewer line, cold mill asphalt, water truck and street sweeping.

Subcontracting Requirements: Skanska is an Equal Opportunity Employer and is requesting quotes from all qualified subcontractors and suppliers. All interested subcontractors, please indicate all lower tier DBE participation offered on your quotation as it will be evaluated with your price. Skanska will assist qualified subcontractors, vendors, and suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a DBE firm, please provide your certification letter with your proposal. Skanska will also review breaking out scope packages and adjusting schedules to help permit maximum participation.

Skanska's insurance requirements are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products and completed operations agg. and general agg.; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., and a Waiver of Subrogation (GL & WC). Other insurance requirements may be necessary per scope or RFP requirement. Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract by an admitted surety and subject to approval by Skanska. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Skanska is signatory to the Operating Engineers, Laborers, Cement Masons, and Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract. All Contractors and Subcontractors must register with the DIR (Department of Industrial Relations) in order to bid on public works projects. Include CSLB License Number and DIR Number on all quotes submitted. In addition, include a signed Form 4500-3 (DBE Subcontractor Performance Form) with your bid.

FLATIRON

Request for Quotes from Certified DBE/MBE/WBE/SBE/ Subcontractors and Suppliers

Project: Irvine Ranch Water District (IRWD) Well OPA-1 PFAS Water Treatment System,
Contract No. IRWD-2021-1
Owner: Orange County Water District
Bid Date: March 1, 2022 at 2:00 p.m.
CASRF Funded Contract
SWRCB DBE Forms are REQUIRED
DBE Participation Encouraged

Request for quotes for the following, but not limited to, scopes of work: Aggregate Supply, Asphalt Paving, CMU Wall Installation, Concrete Supply, Demolition, Electrical/I&C, Fencing, HVAC, Landscaping/Irrigation, Miscellaneous Metals, Process Equipment Supply, Process Pipe Supply, Quality Control, Reinforcing Steel, Shoring.

PLEASE SUBMIT QUOTES TO socalbids@flatironcorp.com or by fax to (909) 597-8635.

Plans and specifications are available from the Orange County Water District website at the following link: <https://www.ocwdplanroom.com>. The Bid Documents are also available, at no cost, from Flatiron in electronic format or can be viewed at our offices in San Diego or Chino Hills. Please call to request access or to make an appointment to view the documents at one of our offices.

Quotations must be valid for same duration as specified by Owner for contract award. Flatiron analyzes and considers each DBE quote, including those that are broken down into economically feasible units to facilitate bidding. Flatiron intends to work cooperatively with all DBEs for scopes of work firms are licensed and qualified to perform. Assistance referrals in obtaining bonding, lines of credit, insurance, equipment, supplies and materials is available upon request.

Subcontractors are required to possess and maintain a current contractor's license and must also be registered with the Department of Industrial Relations (DIR) as required by Public Contract Code Section 1725.5. Subcontractors will be required to execute Flatiron's Standard Subcontract Terms and Conditions and meet insurance requirements. A copy of our Standard Subcontract Terms and Conditions is available in electronic format upon request.

Notwithstanding any contrary language in a bid to Flatiron West, Inc. ("Flatiron") or any prior course of dealing between Flatiron and a bidder, and unless waived in writing by Flatiron, Flatiron reserves the right to require each bidder to provide payment and performance bonds assuring bidder's obligations to Flatiron in the amount of 100 percent of the bid to Flatiron. Flatiron will reimburse the bond premium at actual cost not to exceed 3%.

Non-DBE Subs/Suppliers: Indicate lower tier DBE participation offered on your quotation as it will be evaluated with your price.

Owner: City of Palm Springs

Project Name: Wastewater Treatment Plant Digester No. 2, Waste Gas Flare, and Filtrate Pump Station

Location: 4375 Mesquite Ave, Palm Springs, CA 92264

Bid Date: March 17, 2022, at 3:00p.m.

Request for DBE sub-quotes

Kiewit Infrastructure West Co. ("Kiewit") is seeking quotes from qualified Disadvantaged Business Enterprises (DBE), including Minority Business Enterprises (MBE), Woman Business Enterprises (WBE), Disabled Veteran Business Enterprise (DVBE) and Local Businesses to perform as subcontractors, material contractors, and suppliers. DBEs must provide evidence of certification by the U.S. Environmental Protection Agency (US EPA), the Small Business Administration (SBA), the CA DOT DBE Certification Program (CUCP), Tribal, State, and Local Governments, or Independent Private Organization Certifications.

Kiewit will be requesting quotes for various areas of work listed in, but not limited to, the scopes of work below: Aggregates - dewatering - ductile iron pipe - plastic pipe (PVC) - asphalt paving - landscaping - ready mix supply - concrete reinforcing installation - concrete pumping - precast concrete - metals - steel pipe - joint sealer - painting and coating - cathodic protection - hydraulic gates and valve - sludge pumps - and electrical work.

Firms interested in providing a sub-quote for this project must contact Kiewit and responding firms will be issued an "Invitation to Bid" through Kiewit's electronic use of SmartBid system (at no cost to bidder) with project information and bid instructions. Plans and specifications are also available for review at Kiewit's office.

This is a public works project and is subject to the City of Palm Springs 2021 Community Workforce Agreement ("CWS" or "Project Labor Agreement") and is also therefore subject to the American Iron and Steel ("AIS") Provisions and DBE Program.

Responsive bidders must possess a valid California Contractor's license (as appropriate) and provide acceptable insurance. Responsible subcontractors and material contractors will be required to provide bonding for 100% of their contract value. Kiewit will reimburse bond premiums. Kiewit is signatory to collective bargaining agreements with the carpenters, laborers, cement masons, ironworkers, operating engineers and teamsters. Kiewit will consider quotes from any and all bidders who demonstrate an ability to foster and maintain labor harmony on the Project.

Kiewit intends to conduct itself in good faith with all DBEs regarding participation on this project. For further information regarding this project, insurance, bonding, related assistance with equipment, supplies, and materials, or the project schedule, please contact our Lead Estimator.

Kiewit Infrastructure West Co. is an Equal Opportunity Employer. Employment decisions are made without regard to race, color, religion, national or ethnic origin, sex, sexual orientation, gender identity or expression, age, disability, protected veteran status or other characteristics protected by law.

SUPPLIERS: Sand & Gravel, Asphalt, Pilings, Concrete & Cement, Reinforcing Bar, Steel, Lumber, Guard Railings & Barriers, Pavement Markers, Traffic Striping & Marking Materials, Bridge Deck Materials

Plans are available to download on www.questcdn.com, Quest eBidDoc Number: 7267650.

You may also contact Jamie Miranda at jmiranda@shimmick.com for a download link to view plans and specifications or to schedule an appointment via WebEx to discuss the documents during regular business hours.

Should you require any assistance, please contact our lead estimator
Charlie Marrow at cmarrow@shimmick.com.

All items of work listed above are made available, even items of work normally performed by Shimmick. Please contact the lead estimator listed above for assistance with breaking down items of work into economically feasible units, with assistance obtaining equipment, supplies, materials, bonding, insurance, estimating, or related assistance. 100% Performance and Payment bonds with a surety company subject to approval of Shimmick Construction Company, Inc. are required of subcontractors for this project. Shimmick Construction will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest SCCI Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote. Shimmick Construction requires that Subcontractors and Suppliers price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation. For assistance with bonding, insurance or lines of credit contact David Walsh at (720) 798-2280.

OREGON SUB-BID REQUEST AD

SKANSKA

**Subcontractor/Supplier Bids/Proposals Requested
Owner: Oregon Department of Transportation
Due Date: February 28, 2022 by 9:00 AM
14% DBE Participation**

Skanska USA Civil West California District Inc. is interested in soliciting in Good Faith all subcontractors and suppliers as well as certified DBE firms for this project.

**I-205 Improvements 1A – Abernethy Bridge
East Portland Freeway, Clackamas County, Oregon**

All relevant project information including plans and specifications can be found in the documents on BuildingConnected at the following address:

<https://app.buildingconnected.com/projects/61817bad845c1a00c335d399/bid-packages>

Requested scopes include, but are not limited to the following and should be based on the Contract and its amendments: Aggregates, Asphalt Concrete Paving, Bridge Bearings, Triple Friction Pendulum, Bridge Deck Rehabilitation, Bridge Drainage Sys, Bridge Rails, Bridge Removal, Clearing & Grubbing, Cold Plane Pavement, Concrete Barrier, Concrete Slope Paving, Readymix, Construction Survey, Contaminated Media-Health and Safety Plan (HASP), Ditch Lining, Drilled Shafts, Electrical Systems, Environmental/Geotechnical Monitoring, Expansion Joints and Related, Fences, Fencing and Metal Railing, Illumination, Improved Soil Mass, Intelligent Transportation Systems, Landscape & Irrigation, Lead Compliance Plan, Masonry, Metal Guardrail, Sign Supports, Micropiles, Milling/Grinding, Misc. Concrete Structures, MSE Wall, NSM Titanium Bar, Painting/Staining, Traffic Control, Photos and Video, Pipe Materials, Pollution Control Materials, Pollution Control Plan, Polymer Concrete Overlay, Post-Tensioning, Potable Water Pipe, Quality Control, Reinforcing Steel, Removals, Roadside Signs, Rock Excavation, Sanitary, Storm, Culvert and Related, Select Fill Material, Steel Castings, Steel Pile, Steel Pile, Stormwater Control Ponds, Biofiltration, and Related, Structural Steel Bridges, Structural Steel Signs, Structural Steel Signs, Subgrade Geotextile, Sweeper Truck, Temporary Striping and Pavement Markings and Related, Temporary Traffic Control Signs, Temporary Water Management Mat'l & Plan, Temporary Work Bridge Materials, Thermal Control Plan, Thermal Control Equip & Materials, Traffic Signals, Trucking, Turbidity Monitoring, Video Pipe Inspection, Water/Sewer Materials, Water Pollution Control, Water Truck, Wet Utilities

Subcontracting Requirements: Skanska is an Equal Opportunity Employer and is requesting quotes from all qualified subcontractors and suppliers. All interested subcontractors, please indicate all lower tier DBE participation offered on your quotation as it will be evaluated with your price. Skanska will assist qualified subcontractors, vendors, and suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a DBE firm, please provide your certification letter with your proposal. Skanska will also review breaking out scope packages and adjusting schedules to help permit maximum participation.

Skanska's insurance requirements are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products and completed operations agg. and general agg.; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., and a Waiver of Subrogation (GL & WC). Other insurance requirements may be necessary per scope or RFP requirement. Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract by an admitted surety and subject to approval by Skanska. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Skanska is signatory to the Operating Engineers, Laborers, Cement Masons, and Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract. Include ODOT License Number on all quotes submitted.

**Skanska USA Civil West California District is an Equal Opportunity/Affirmative Action Employer
EEO/AA/Vet/Disability Employer**

PUBLIC LEGAL NOTICE ADVERTISEMENTS

OAKLAND UNIFIED SCHOOL DISTRICT

REQUEST FOR QUALIFICATIONS AND PROPOSALS (RFQ/P) Consulting Services for Evacuation Signage at Various School Sites

February 9, 2022 (Issued)

Responses must be received
March 3, 2022, no later than 2:00 p.m.

The Governing Board (the "Board") of the Oakland Unified School District (the "District") is seeking statements of qualifications and fee proposals from companies to design evacuation signage for all schools listed in this RFQ/P with a specific focus on schools identified as being non-compliant with the City of Oakland fire regulations ("Project").

Interested companies are invited to submit a complete Statement of Qualifications ("SOQ") along with a detailed Fee Proposal (collectively "RFQ/P Packet") for the Project as described below, with one (1) unbound wet-signed original, five (5) bound copies and a PDF version on a flash drive of requested materials to:

Oakland Unified School District
Tadashi Nakadegawa, Deputy Chief
Department of Facilities Planning
and Management
955 High Street, Oakland, CA 94601

Oral, telegraphic, facsimile and telephone RFQ/P Packets will not be accepted. RFQ/P Packets received after this date and time will not be accepted and returned unopened. The District reserves the right to waive any informalities or irregularities in the RFQ/P Packets. The District also reserves the right to reject any and all RFQ/P Packets and to negotiate contract terms with one or more Respondents.

Due to the circumstances caused by the Covid-19 pandemic, the District will accept electronic Proposals sent via email in lieu of hard copies. Proposals received by the District no later than 2:00 p.m. (Pacific Time) on March 3, 2022 via email will be accepted (to Juanita Hunter at juanita.hunter@ousd.org and the contacts below).

If you have any questions regarding this RFQ/P please email Kenya Chatman, Executive Facilities Director at kenya.chatman@ousd.org, and cc: to Colland Jang at colland.jang@ousd.org.

OAKLAND UNIFIED SCHOOL DISTRICT'S LOCAL, SMALL LOCAL AND SMALL LOCAL RESIDENT BUSINESS ENTERPRISE PROGRAM

District Modification: Based on the availability analysis conducted for this RFQ/P to procure specialized design services, the Oakland Unified School District has waived its mandatory Local Business Utilization Policy 7115 requirement for LBE/SLBE/SLRBE certifications.

SFO

REQUEST FOR PROPOSALS FOR OPPORTUNITY AT SAN FRANCISCO INTERNATIONAL AIRPORT

The Airport Commission is commencing a Request for Proposals (RFP) process for the Terminal 3 West Casual Dining & Bar Lease, a Small Business Enterprise Set-Aside. The proposed business terms for this opportunity are as follows:

- Casual dining & bar.
- Term is 3 years, plus three 1-year options.
- Rent is the higher of the Minimum Annual Guarantee of \$100,000 or 8% of gross revenues.
- Proposers must be a Small Business Concern defined as an entity with annual gross receipts of not more than \$8,000,000 per year.
- Proposer may not currently hold, or have previously held, a lease or permit at SFO or at any other airport.

A Virtual Informational Conference and RFP Submittal Workshop will be held on February 23, 2022 via WebEx at 10 am Pacific time.

For information, please visit <http://www.flysfo.com/business-at-sfo/current-opportunities> or contact Tomasi Toki at (650) 821-4500.

SAN FRANCISCO UNIFIED SCHOOL DISTRICT

REQUEST FOR PROPOSALS

Buena Vista Horace Mann Modernization Project
Public Outreach and Engagement Consultant

Proposals due: February 28, 2022

BACKGROUND: SFUSD is undertaking a modernization project at the Buena Vista Horace Mann (BVHM) Community School to address improvements in access compliance, fire/life safety, structural upgrades, building code upgrades, health and safety needs, and overall renovation.

BVHM is a K-8th grade elementary and middle school in the heart of the Mission District, located at 3351 23rd Street in San Francisco. BVHM is a Spanish Immersion school guided by the twin core values of equity and social justice, and identifies as a community hub of the Mission neighborhood.

As SFUSD and our design team embarks upon this project jointly with the BVHM community, we request the services of a public outreach and engagement consultant for the following tasks, as more fully described in the scope of work:

- deeply engage stakeholders;
- write a stakeholder engagement plan; and
- facilitate fully bilingual stakeholder engagement strategies.

The Consultant will support the SFUSD during the Project Assessment and design phases of the Project for a period of up to nine months commencing March 8, 2022.

All proposals are to be submitted as a pdf by email to: lberril@sfusd.edu NO LATER THAN 2:00PM, MONDAY, FEBRUARY 28, 2022.

The complete description of this Request for Proposals can be found at through this link to the District's website: www.sfusd.edu/business-with-sfusd/current-rfps-rfqs-rfos-rfis

For further inquiries, email: **Licinia Iberri**, Proposition A Bond Program Manager lberril@sfusd.edu

New Tech, New Math, New Methods In Massive Upgrade of Census Bureau Construction Programs

Continued from page 1

economy and just how outdated construction data collection and processing had been — until now.

What Are Indicators?

The Census Bureau produces 13 of the PFEIs, which answer questions like: How many imports and exports were there this month? What were hospital revenues this quarter? How many homes were built?

In addition to counting every U.S. resident each decade, the Census Bureau is responsible for collecting economic data and it does that primarily through sample-based surveys, including the BPS and the Survey of Construction (both of which feed into the New Residential Construction (NRC) PFEI.

Focusing exclusively on the construction sector, the surveys work in concert to report monthly measures of construction activity, housing inventories and other key inputs to the quarterly Gross Domestic Product. These data provide a window into the health of our economy.

It All Starts With a Permit

Since 1959, the Census Bureau has published monthly NRC data, which measure the construction of single-family and multi-family homes in the United States.

PUBLIC LEGAL NOTICE ADVERTISEMENTS

GOLDEN GATE BRIDGE HIGHWAY & TRANSPORTATION DISTRICT

NOTICE TO CONTRACTORS NOTICE IS HEREBY GIVEN

that sealed bids will be received by the Office of the Secretary of the District, Golden Gate Bridge, Highway and Transportation District (District) either by U.S. Postal Service addressed to its mailing address, P.O. Box 29000, Presidio Station, San Francisco, CA 94129-0601, or by courier or personal delivery to its office at the Administration Building, Golden Gate Bridge Toll Plaza, San Francisco, CA, on Tuesday, March 1, 2022, by 2:00 p.m., Pacific Standard Time, at which time bids will be publicly opened and read in the Board Room of said building for the following:

CONTRACT NO. 2021-BT-075
SANTA ROSA Bus Facility
RESURFACING PROJECT
CITY OF SANTA ROSA,
COUNTY OF SONOMA, CALIFORNIA

This public works project consists of, in general, resurfacing and striping the existing bus and park and ride parking lots and related work items at the District's Santa Rosa Bus Facility located at 3225 Industrial Drive, Santa Rosa, CA 95403.

The Santa Rosa Bus Facility operates daily bus transit services. To minimize impacts to the District's Bus operations, the work must be staged. Night time and weekend work hours may be required.

A pre-bid conference will be held on, February 15, 2022, at 10:00 a.m., Pacific Time, at the Santa Rosa Bus Facility Dispatcher Building, 3225 Industrial Drive, Santa Rosa, CA. A job walk through will be conducted immediately after the meeting. While this conference is not mandatory, the District highly recommends you attend. Due to the COVID-19 virus, all participants who attend the meeting must wear a face covering, must practice social distancing, and must follow the applicable Sonoma County Health Orders regarding the coronavirus.

Bidders bidding as the prime contractor shall possess a valid State of California Class A, General Engineering Contractor's License with a minimum experience of three (3) similar projects with public agencies in the past five (5) years at the time of Contract award. Contractor's employees performing excavation work, including trenching and fence post hole work, must have HAZWOPER certification. All subcontractors, if

any, shall be properly licensed by the State of California to perform specialized trades and shall have a minimum experience of three (3) similar projects with public agencies in the past five (5) years at the time of Contract award. Pursuant to Section 4104, each Bid Proposal must include the name and location of the place of business of each subcontractor who shall perform work or service, or install work for the prime contractor in excess of one-half of one percent (1/2 of 1%) of the bid price.

Bids must be accompanied by a deposit either in the form of cash, a certified or cashier's check, or Bidder's Bond, as described in the Contract Documents, which shall be applied to damages sustained by the District if the successful Bidder fails or refuses to enter into a contract awarded to it.

Bids shall be submitted on the District's Proposal Forms, including all attachments, in a sealed envelope and plainly marked with Bidder's name, and contract name and number.

The District reserves the right to reject any and all bids or to waive any irregularities or informalities in any bid or in the bidding procedure. No Bidder may withdraw its bid for a period of ninety (90) days after the date of opening bids. Within two (2) working days of bid opening, a summary of Bidders' quotes will be available at the District's Procurement Portal website. To review the bid results, go to the District's Procurement Portal website:

<https://ggbhtd.bonfirehub.com>

and look for Contract No. 2021-BT-075. Each Bidder will be notified of award, if award is made.

The successful Bidder shall furnish a Performance Bond and a Payment Bond in amounts equal to one hundred percent (100%) of the total price of the Contract. Pursuant to Public Contract Code Section 22300, the successful Bidder may submit certain securities in lieu of the District withholding funds from progress payments (retention) during the Project.

The District hereby notifies all Bidders that it is the policy of the District to ensure nondiscrimination on the basis of race, color, national origin, or sex in the award and administration of contracts.

Bidders are strongly encouraged to obtain Disadvantaged and Small Business Enterprise (DBE/SBE) participation on this Project. **DISADVANTAGED BUSINESS ENTERPRISES (DBEs) ARE, BY DEFINITION, CONSIDERED TO BE SBEs, AND ARE COVERED BY THE REFERENCES TO SBEs IN THIS DOCUMENT.** In order to achieve such participation, the District has developed procedures to remove barriers to DBE participation in the bidding and award process and to assist DBEs to develop and

compete successfully outside of the DBE Program. These procedures include the establishment of a SBE Element of the District's Diversity Program for Contracts. The District has evaluated subcontracting opportunities for this Contract and determined that such opportunities exist and has established an SBE goal of 24%. Bidders must meet the contract-specific SBE goal or demonstrate good faith efforts to do so. Bidders are encouraged to attend the pre-bid meeting to better understand the applicable DBE/SBE requirements. For DBE/SBE assistance, contact Artemisé Davenport, DBE Program Administrator, at (415) 257-4581.

Contractor and all lower-tier subcontractors and suppliers performing covered work shall be required to submit certified payroll and labor compliance documentation to the District electronically using LCP Tracker software.

This Contract is subject to financial assistance from the U.S. Department of Transportation. Bidders will be required to certify that they have not been suspended or debarred from participation in federally funded contracts. Bidders must also disclose lobbying activities. Full compliance with all applicable Safety and Health Standards, DBE/SBE requirements, Equal Employment Opportunity, and Americans with Disabilities Act laws and regulations will be required of the successful Bidder.

Due to the financial assistance from the U.S. Department of Transportation, this Contract is also subject to Buy America compliance. Bidders will be required to submit an executed Buy America Certificate (found in the Proposal section). With regard to meeting the Buy America requirements, Bidders' attention is directed to the FTA's Dear Colleague letter dated February, 17, 2011. In light of the FTA's advice contained therein, with regard to the granting of Buy America waivers, the District will not award a contract to a Bidder that does not certify compliance with the Buy America requirements on the "Buy America Certificate" included in the Proposal.

This is a federally funded Public Works Contract. As a result, Contractors and subcontractors must be registered with the Department of Industrial Relations (DIR) pursuant to Labor Code Section 1725.5, at the time of contract award. (See Labor Code Section 1771.1(a)). This Contract is subject to monitoring and enforcement by the DIR pursuant to Labor Code Section 1771.4.

In accordance with Section 1720 et seq. of the Labor Code, the general prevailing wage rates, as established by the Director of the California Department of Industrial Relations, will apply to this Contract. Information about prevailing wage rates for this Project is set forth in the Special Provisions. The prevailing

wage rates established by the California Department of Industrial Relations are available at <http://www.dir.ca.gov/DLSR/PWD>. Hard copies can be viewed at the District's Engineering Office or requested by mail, addressed to: Prevailing Wage Unit, Division of Labor Statistics and Research, Department of Industrial Relations, P.O. Box 420603, San Francisco, CA 94142.

Bid documents are available at no charge on the District's Procurement Portal at <https://ggbhtd.bonfirehub.com>. In order to download and respond to posted solicitations, Bidders are required to register on the District's Procurement Portal. Once registered the documents may be downloaded. Click on the "Open Public Opportunities" page, click View Opportunity next to the desired project.

Bid Documents are also available for a non-refundable purchase price of fifty dollars (\$50) for a set of hard copies. Make checks payable to the Golden Gate Bridge, Highway and Transportation District and send it to the address below:

Engineering Department
Golden Gate Bridge, Highway
and Transportation District
P.O. Box 29000, Presidio Station
San Francisco, CA 94129-0601

Any revision to the Bid Documents will be made by a written addendum and be available on the District's Procurement Portal for download at no charge. Such addendum will become a part of the Bid Documents and be binding on all Bidders. Bidder's receipt of the addendum shall be acknowledged and so noted by each Bidder in the space provided on the Proposal Form. It is the responsibility of Bidder to check the District's Procurement Portal website for any Addenda that may be issued relative to this Contract.

Questions regarding technical information and clarifications shall be submitted in the District's Procurement Portal by clicking on the Opportunity Q & A tab of the message section of the project page. Such submissions shall be sent no later than eight calendar days before bid opening. Note that only written clarifications issued by the District are binding on the District. The District will post all pre-bid questions and the District's responses on the District's Procurement Portal website under Reference Number 2021-BT-075. Bidders are encouraged to check the procurement portal website regularly.

/s/ Ewa Z. Bauer-Furbush, P.E., District Engineer

CITY & COUNTY OF SAN FRANCISCO DEPARTMENT OF PUBLIC WORKS

REQUEST FOR QUALIFICATIONS & PROPOSALS CONSTRUCTION MANAGER / GENERAL CONTRACTOR SERVICES GENE FRIEND RECREATION CENTER PROJECT Sourcing ID No. 000006357

San Francisco Public Works ("Public Works") and San Francisco Recreation & Park ("SFRPD") announce a Request for Qualifications and Proposals ("RFQP") inviting Construction Managers/General Contractors (CM/GC) to submit a competitive proposal for pre-construction, construction management, general contracting and value engineering services for the SFRPD Gene Friend Recreation Center Project ("Rec Center"), located at 270 6th Street, San Francisco, CA 94103.

The scope of work will consist of complete demolition, associated hazardous material abatement, site and construction of a new, larger recreation center and all new site and landscape of the Gene Friend Rec Center.

Work shall comply with all applicable building codes and regulatory agencies' standards having jurisdiction over the design, construction, and operation of the Rec Center.

The total fixed construction budget limit ("FCBL") is \$40 million, with an estimated direct construction cost at around \$34 million.

Digital files of the RFQP Package may be downloaded at no cost at

www.sfpdw.org/biddocs.

Please visit the Public Work's Contracts, Bid Opportunities and Payments webpage at www.sfpdw.org for more information. Notices regarding Addenda and other proposal changes will be distributed by email to RFQP Holders.

An online Informational Pre-Submittal Conference for Proposers will be held on **Wednesday, February 16, 2022 at 3:15 PM.**

Register in advance for this meeting:

<https://sfrpd.zoom.us/j/83679667616>

After registering, you will receive a confirmation email containing information about joining the meeting.

Written questions regarding the RFQP shall be directed to Melinda Sullivan at Melinda.Sullivan@sfgov.org no

later than **4:00 PM on February 23, 2022.**

Respondents shall submit their RFQP Application submittal documents no later than **3:00 PM on March 9, 2022** via ShareFile link: <https://sanfranciscopublicworks.sharefile.com/i/idef55617d3b4c9e8>

Late submissions will not be considered. Postmarks will not be considered in judging the timeliness of submissions. Proposals submitted by fax or electronic mail will not be accepted.

The requirements of the Local Business Enterprise Ordinance set forth in Chapter 14B of the San Francisco Administrative Code as it now exists or as it may be amended in the future (collectively the "LBE Ordinance") shall apply to this RFP.

To be eligible for award of this contract, Proposers must agree to comply with the following Local Business Enterprise (LBE) requirements authorized by San Francisco Administrative Code Chapter 12B, Section 12B.4, and Chapter 14B (where applicable), and their implementing Rules and Regulations

For more information regarding the Contract Monitoring Division (CMD) requirements, see also Section XIV and Appendix F of this RFP.

No contractor or subcontractor may be listed in a bid or awarded a contract for a Public Works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for proposal purposes only under Labor Code section 1771.1(a)].

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with San Francisco Administrative Code, Chapter 12P, Minimum Compensation Ordinance.

In accordance with San Francisco Administrative Code Chapter 6, no proposal is accepted and no contract in excess of \$706,000 is awarded by the City and County of San Francisco until such time as (a) the Department Head has recommended to the board or commission concerned a Contract for Award and (b) such board or commission has then adopted a resolution awarding the Contract. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds
