

A Proclamation on National Small Business Week, 2022

Joe Biden, U.S. President

[Article originally appeared in www.whitehouse.gov]

For generations, small businesses across America have shaped and embodied our Nation’s entrepreneurial spirit and driven our economy forward. Today, more than 32 million small businesses employ almost half of America’s workforce and represent the heart and soul of countless communities. During National Small Business Week, we celebrate America’s small businesses and their enormous contributions to American life and prosperity.

When I first took office, the pandemic had devastated America’s small business community. Hundreds of thousands of small businesses had closed, main streets were shuttered, and millions more Americans were out of work through no fault of their own. Even with the creativity and resilience of small business owners and workers, COVID-19 took an incalculable toll on so many lives and livelihoods. That is why I made it a top priority to provide substantial, immediate relief to our Nation’s small businesses, giving them the tools, resources, and support they needed to reopen, rehire, and rebuild.

My American Rescue Plan and other emergency relief programs distributed hundreds of billions

of dollars to millions of small businesses to keep the lights on and keep workers on the payroll. My Administration also removed historic barriers to level the playing field for businesses across rural and urban America, especially businesses owned by veterans, women, and people of color. These efforts have helped millions of small businesses not only weather the pandemic, but thrive.

My Administration is committed to unlocking new opportunities to help small businesses grow and compete. Through the American Rescue Plan, our State Small Business Credit Initiative provides States, territories, and Tribal governments with resources to establish loan and equity capital programs to support entrepreneurs. In addition, the Bipartisan Infrastructure Law has created unprecedented contracting opportunities for small businesses in every community. Already, more than 4,000 projects have been announced to upgrade America’s infrastructure, creating significant opportunities for small businesses to grow. The law is delivering affordable high-speed internet access to every community — urban, rural, suburban, and Tribal — so every small business can use digital technologies and gain new customers across the

California should embrace telework for state employees

[Article originally appeared in www.calmatters.org]

By Cameron Knudson, CalMatters

Two years ago, COVID-19 prodded the state of California to launch a massive telework program, the most significant operational change to public service since the adoption of desktop computers. It has been a rousing success.

Now we have arrived at a critical juncture as departments formalize remote-work policies for the post-pandemic world: Will we fully embrace flexible telework as COVID worries ease, or slide back toward an outdated, inefficient, butts-

in-seats business model that poorly serves Californians, state employers and state employees?

Early indications, unfortunately, suggest the latter. Departments are ordering employees back to the office by April 1 for two, three and four days a week without identifying any operational need for the mandate.

As president of Professional Engineers in California Government, I can tell you many of the 14,000 state engineers, architects, geologists and related professionals we represent don’t understand these recent return-to-the-office edicts. Sadly, two years of employee resilience, innova-

tion and success are giving way to an old paradigm that dismissed state telework for 30 years.

For many reasons, the state must maintain a robust and flexible policy, starting with the Newsom administration’s 2021 directive for 75% of state employees to telework. Since then, data show 16 departments tracked by the state are hitting the mark. About 72% of employees eligible for remote work do so full-time, 22% telework part-time and just 6% of employees who could work remotely do not.

The state’s experience reflects what studies show: Teleworking employees are as productive or even more productive than commuting staff. When commuting is a quick walk down the hall, employees are generally more relaxed, happier, more efficient and take less sick time.

The governor wisely seized the moment, telling departments that telework was here to stay and should be the first option for state employees, not the last.

“The administration wants to continue to reap telework’s benefits for the employees and for the state,” Newsom’s government operations secretary said last year, “by making sure we en-

courage as much telework as possible while still meeting our mission to serve Californians.”

Since then, telework has saved taxpayers a projected \$22.5 million in relinquished office leases, according to government data, and the savings will nearly quadruple to \$85 million annually in coming years. Telework also reduces the state’s carbon footprint, benefiting the environment.

Many of our members value the convenience, savings and work-life balance telework provides. They appreciate the state’s accommodations, from state-issued laptops and teleconferencing technology to stipends that help offset home-office expenses. They avoid jammed commutes while burning \$6-per-gallon gas. But, above all else, our members have appreciated the implicit trust that they can stay home and still serve Californians.

But as employers roll out post-pandemic work policies, new state rules replace the flexibility, consistency and good faith with random dictates arbitrarily applied to be in the office a certain number of days without identifying how that serves operational needs or the public. In es-

ECONOMIC WORKFORCE DEVELOPMENT

City Announces \$11.4 Million in Grants to Support Commercial Corridors as Part of Economic Recovery

[Article originally appeared in <https://sfmayor.org>]

Mayor London N. Breed and the Office of Economic Workforce Development (OEWD) today announced \$11.4 million in funding to launch and implement economic recovery initiatives. The funding will support the stabilization and growth of small businesses and San Francisco-based nonprofits, while boosting cultural celebrations and events that attract residents and tourists to the City's commercial areas. It will also continue to support COVID-19 Resource Hubs for wrap-around workforce and other essential services in vulnerable communities.

As part of the City's economic recovery, the investment will provide community organizations funding to recruit new businesses, train and establish new and existing entrepreneurs, develop new programming, organize festivals and events, and offer technical assistance to small businesses.

The funding will be made available through an open Requests for Proposals (RFP) process. Submissions are due May 19. Organizations selected for the awards are scheduled to be announced mid-June. Individuals seeking to apply for the RFP can visit here www.owd.org/bid-opportunities/RFP-223.

"The pandemic has had a significant impact on our neighborhood corridors, and although we have made strides with our economic recovery, we still have work to do to get back to where we want to be," said Mayor Breed. "This funding not only provides much-needed financial support to our city's merchant corridors during a time when so many people are eager to be out, but it offers our cultural institutions another opportunity to showcase San Francisco's incredible diversity to both residents and visitors. As we reopen and work to ensure an equitable recovery, we are also continuing to fund our Community Resource Hubs, which have filled essential needs for so many who have struggled so much during this pandemic."

The RFP process will also leverage \$1 million in state funds to support Asian Pacific Islander (API) neighborhood commercial recovery. Efforts under these areas will focus on boosting resources to community partners to provide linguistically and culturally-oriented small business technical assistance with an emphasis in densely populated API commercial districts such as historic Chinatown, Japantown, Little Saigon, SOMA Pilipinas, the Sunset and the Richmond.

The funding was secured by San Francisco City Attorney David Chiu during his tenure as Assemblymember.

"For over two years, API small businesses throughout San Francisco have had to grapple with both the economic impact of the pandemic and a disturbing surge in anti-Asian violence," said City Attorney David Chiu. "I want to thank the API Council, Chinese Chamber of Commerce, SF Chinatown Merchants Association, Japantown Merchants Association of SF, SOMA Pilipinas and many other business, nonprofit and community leaders who worked with me when I was in the State Legislature to deliver resources that will revitalize API small businesses decimated by COVID-19 and racism."

In addition to investments for the business community, the RFP will also continue to provide funding for the operation of COVID-19 Resource Hubs in the Bayview Hunters Point, Excelsior, Mission and Visitacion Valley. These hubs offer essential services to residents including referrals and access to employment assistance, job placement, trainings, housing public benefits, mental wellness, food, and many other COVID-19 resources.

"We're excited to see the return of residents and visitors to our commercial corridors. We're

going to continue to build on this momentum with more activities and events that bring entertainment, music, and many other fun favorites to our public spaces, said Kate Sofis, Director of the Office of Economic and Workforce Development.

"Over the last two years, COVID-19 Resource Hubs have served over 14,000 community members. We recognize the recovery of our economy means we must continue to provide essential resources to communities that were most impacted by the pandemic and this RFP focuses on ensuring resource hubs remain a lifeline for people who need our services," said Joshua Arce, Director of Workforce Development for the Office of Economic and Workforce Development.

The RFP covers economic and workforce development programs to support businesses and workers citywide, in addition to providing programming within key commercial corridors including cultural districts and community benefit districts.

Since the onset of the pandemic, Mayor Breed has allocated over \$63 million for financial relief that served more than 3,300 small businesses. The financial relief programs were designed to serve

■ Continued on page 5

California should embrace telework for state employees

■ Continued from page 1

sence, work-from-home opportunities are becoming a matter of individual departments' or managers' predilections, not what is necessarily best for California.

This could well bump up against the Professional Engineers in California Government's labor agreement with the state, which says, in part, "no employee's request for telecommuting shall be unreasonably denied."

There is still time for the state to get it right. Extending two years of cooperation and success should not devolve into a costly labor-management dispute over the unnecessary denial of telework options that serve no department objective or mission.

Professional Engineers in California Government urges decision-makers at all levels of state government to stay true to the administration's stated objectives – provide telework opportunities to as many employees as possible to reduce carbon emissions and congestion, save money by downsizing office space, and improve productivity and service to the public.

After all, the administration's remote-work goals, the facts and the last two years support a vigorous statewide telework program that trusts public servants to perform. So do Professional Engineers in California Government.

Jacobs

ATTENTION SUBCONSULTANTS AND CONTRACTORS

Fairmont Reservoir Treatment Team (a joint venture company between Jacobs Project Management Co. and PCL, Inc.) is proposing on the **new Fairmont Water Treatment Plant for the LADWP**. Jacobs would like to invite all interested businesses to submit proposals, including local, disadvantaged, minority, small and women owned businesses (DBE, MBE, SBE, WBE) capable of supporting this project. We invite interested parties to contact Jacobs to gain more information on the project.

The following Packages are being solicited at this time: **Engineering & Architectural Services, Landscape Design, Surveying, Geotechnical Exploration, Environmental Consulting, and other Technical Consulting Services.**

To learn more about the Fairmont WTP Progressive Design-Build Project and to gain access to the appropriate prequalification and proposal documents, we invite you to contact Dick Richardson, Procurement Manager at FairmontWTP@jacobs.com.

515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 (213) 655-1100

LACCD – LACC Cesar Chavez Administration & Workforce Replacement Building / Demolition 855 N. Vermont Avenue, Los Angeles, CA 90029 Subcontractor Proposals Due: FRIDAY MAY 13th 2022 before 2:00 pm

McCarthy Building Companies is requesting bid proposals from qualified DVBE, DBE SBE, LSEEDV subcontractors for this project.

This RFP is seeking proposals for the award of the Design phase services of MEPT Systems. Any reference to "MEPT" shall be defined as the following systems, "Fire Protection, Mechanical, Plumbing, Electrical, Photovoltaic, Battery Storage, Telecommunications, ERRCS, Audio Visual, Security, and Fire Alarm Systems". Design Build Services will be broken into two sections, Part A Preconstruction Design services, and Part B Construction services.

This Contract will Include (2) Projects:

- **Project Number: 01C-114.00 - Cesar Chavez Admin & Workforce Replacement Bldg.:** Design and Construction of the new Cesar Chavez Administration and Workforce Replacement Building and surrounding site improvements.
- **Project Number: 01C-106.01 & 01C-173.11 - Demolition of Cesar Chavez Administration Building & RWGPL – West Gateway Plaza & Site Improvements:** Demolition and removal of the existing Cesar Chavez Administration Building followed by infill of the existing basement, site restoration and the installation of a new campus gateway plaza.

Prevailing Wages apply to this project. The District shall be enforcing a Labor Compliance in accordance with the provisions and requirements of Assembly Bill – 1506 and pursuant to California Labor Code sections 1770 et. Seq

This will be an OCIP (Owner Controlled Insurance Program) Project.

This Project has a **30% Goal for LSEEDV (Local, Small, Emerging and Disabled Veteran)** Business Enterprises participation, as per CED document (part of this RFP). McCarthy is an "equal opportunity" employer and encourages Minority and Small Business and LSEEDV Participation

Please hold your Proposal Prices for the Duration established in the Contract Documents for Design & Construction.

Bidding Documents: The bidding documents can be viewed and downloaded now at the McCarthy Building Connected webpage: <https://app.buildingconnected.com/projects/6238a6b499641600a8445849/files>

RFI's: RFI's are to be directed to Andrew Orona, aronon@mccarthy.com

Please do not contact the owners or their consultants directly. Failure to follow this requirement may disqualify your proposal.

We are looking forward to receiving your proposal and encourage you to contact us with any questions or comments.

NOTICE:

- NOTICE IS HEREBY GIVEN McCarthy will receive bids for award of Subcontracts for the above-named Project up to, but not later than the bid deadline. Subcontract Wards are anticipated within 120 days of bid deadline.
- BIDDERS with bids that exceed \$ 250,000 must post a bid bond or other security in the amount of 15% of the amount of the bid with bid.
- Each BIDDER, simultaneously with the execution of the Subcontract Agreement, shall be required to furnish a Labor and Material, Payment and Performance Bond in an amount equal to 100 percent of the Contract sum and a Faithful Performance Bond in an amount equal to 100 percent of the Contract Sum. Said Bonds shall be from an admitted California Surety satisfactory to McCarthy, with A. M. Best rating of A- or better, and listed in the Federal Register, issued by the Department of Treasury and licensed in California, Or Subcontractor shall be preapproved to join McCarthy's Contractor Default Insurance Program. Said Bonds shall remain in full force and effect through the guarantee period.
- The BIDDER shall be a licensed contractor pursuant to the Business and Professionals Code and be licensed in the applicable classifications for the trades for which the contractor is submitting a bid and be registered with CA- DIR.
- No Bid may be withdrawn until One Hundred Twenty (120) days after the Bid Opening Date.
- McCarthy reserves the right to reject any and all bids or to waive any irregularities or informalities in any bid or in the bidding.
- Bidders as specified in the Bidding Instructions shall be required to submit a Prequalification and be prequalified by the McCarthy seven (7) days prior to the Bid Date.
- McCarthy reserves the right to reject a Bidder whose EMR exceeds 1.20 in either the most recent year or the average of the three years.
- Prevailing wages apply.

Turner

Request for Qualification (RFQ) RFQ Period: April 27, 2022 – May 11, 2022

Turner Construction Company (Turner) is seeking qualified Subcontractors for the following project:

Gateway – University of California, Berkeley UCB Project No. 12785A

Turner has been awarded the UCB Gateway project designed by Weiss Manfredi, Executive Architect Gensler and MEP by Interface, located at the former Tolman Hall site, bounded by Hearst Avenue to the north, Koshland Hall to the west, and Morgan Hall and Wellman Courtyard to the east. The project gateway will span over Morgan Bikeway with new paving and planting to invite visitors into campus. This is a new 5-story, 374,590 square feet building hosting Berkeley's data science classrooms, seminar and core spaces on the lower level, while the upper five levels are dedicated to a mix of research labs, faculty and staff offices, workstations and collaborative meeting spaces. This project is seeking either LEED Gold or Platinum certification.

Group	Bid Package #	Trade Package
3	9	Design/Assist Structural Steel
3A	11	Site Utilities
4	12	Metal Deck
4	13	Concrete
4	14	Waterproofing
4	15	Design/Build Metal Stairs (#2 & #5)
4	16	Personnel Hoist

Turner has a 20% UBE [MBE/WBE/DVBE/LGBTQ+] goal for this project.

University Project Reference: <https://capitalstrategies.berkeley.edu/gateway>

For information on how to Pre-Qualify with Turner, please contact Tim Galvin – Subject: UCB Gateway at the following email address: projectoutreach@tcco.com

City Announces \$11.4 Million in Grants to Support Commercial Corridors as Part of Economic Recovery

Continued from page 2

micro-businesses that lack access to banking and capital and were created to complement state and federal loan funding. Among the small businesses that were funded, 75% are minority owned.

This fiscal year, COVID-19 Resource Hubs have served over 8,000 community members and are expected to serve a total of 12,000 by the end of June. The Hubs have proven to be a vital resource for immigrant families and limited-English speakers. The communities served were the same communities that were most impacted by COVID-19 – 21% of individuals and families served live in Mission District, 20% in Excelsior District, 20% in Bayview Hunters Point, and 10% in the Tenderloin and South of Market neighborhoods.

About the Office of Economic and Workforce Development

The Office of Economic and Workforce Development advances equitable and shared prosperity for San Franciscans by growing sustainable jobs, supporting businesses of all sizes, creating great places to live and work, and helping everyone achieve economic self-sufficiency. For more information, please visit www.oewd.org.

REQUEST FOR CERTIFIED DBE SUBCONTRACTORS/SUPPLIERS/SERVICES

Caltrans Contract 01-436404

Construction on State Highway in Del Norte County near Crescent City from 0.3 mile South of Smith River to 0.4 mile North of Smith River on Route 101

(General Work Description: Replace structural concrete bridge)

EE: \$53M DBE Goal 21% Bid Date: May 11th, 2022 at 2:00 PM

This is an Electronic bid submittal

Quotes not received by 11:00 AM on bid day may not be reviewed/evaluated

Flatiron West, Inc. requests DBE subcontractor/supplier/service participation for the following items of work, but not limited to: CAS/Roadway Signs, Bridge Demo, Clear & Grub, Erosion Control, Landscaping/Irrigation, AC Paving, Cold Plane AC, AC Dike/Curbs, CIDH, Joint Seal Assembly, Post Tensioning (PT), Rebar, Overhead Signs, Painting/Concrete Staining, Underground Utilities, Fencing, Metal Railing, MBGR, Bridge Concrete Barrier, Striping & Markings, Electrical, Minor Concrete, Pavement Fabric, Abandon Well, Welding, Roadway and Grading, Temporary Modular Bridge, Trucking & Aggregates (CL2), Ready Mix, Concrete Pumping, Steel Pipe Pile, Welded Steel Pipe, Underground Pipe Products including: 24 & 36 Alt Pipe Culvert, Temp Culvert 12 & 18, 30 Corrugated Steel, 2 Plastic), Misc. Iron & Steel, Misc. Metals, Trucking, HazMat Trucking, SWPP Plan, SWPP Materials, Lead Compliance Plan, Geotextile Materials, Seismic Isolation Bearings, Bridge Bearings, Formliner, Underground Precast, Street Sweeping, Traffic Control, Import Borrow, Steel Casing, Timber Lagging, Bat & Bird Exclusion Devices, Decorative Boulders, Pile Driving, Soldier Pile Wall with Timber Lagging, Temporary Creek Diversion System, Work Area Monitoring, Survey, QC Testing Services, QC Testing, Biologist, and Hydroacoustic Monitoring.

Non-DBE Subs/Suppliers: You will be expected to carry a proportionate percentage of 2nd-tier DBE participation with your quote. 2nd-tier DBE participation will be evaluated with your price.

100% performance/payment bonds will be required for the full amount of the subcontract price. Please contact Flatiron for any assistance to this solicitation, including obtaining bonding, insurance, equipment, materials and/or supplies. Provide subcontractor/supplier scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all quotes received. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operating Engineers, Laborers, Cement Masons, Carpenters and Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. Flatiron intends to work cooperatively with subcontractors and suppliers for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all certified firms. Flatiron will reimburse for bond premium up to 2%. **Firms must possess & provide current contractor's license number & DIR Registration number on the quote.** Firms must possess insurance and workers compensation coverage meeting project requirements. Waiver of Subrogation is required. Please contact Flatiron for any assistance required by your firm. Subcontractors/Suppliers will be required to execute our standard agreements and agree to the standard general terms & conditions. Copies are available for review on our Box.com ftp site upon email request. To view and download projects docs for FREE from the Caltrans website you will need to "Create an Account" with Caltrans Connect. Use the following link <http://ppmoe.dot.ca.gov/des/oe/weekly-ads/all-adv-projects.php> to enter the Advertised Projects page and scroll to Contract number: 01-436404. Sign in is required to access project plans.

To access **FREE** project documents from our Flatiron BOX ftp site, please send an email request to NorCalBids@flatironcorp.com. You will be provided with a BOX link to view & download plans and specs for **FREE** from our BOX.com ftp site. Due to Covid-19 & social distancing requirements still in place in some areas, we are not currently scheduling appointments to review project docs or meet with estimators in our office. When all pandemic restrictions are lifted, we will offer these services again in our office by appointment only. Thank you for your understanding.

Quotes are requested for the following items of work:

Tugboat towing and tending services, hydrographic survey, scow tracking, acoustical monitoring, project signage, utility work associated with floating walkway disconnect and re-connect.

Scope of Work includes but not limited to: Maintenance dredging of the Larkspur Ferry Terminal berths, turning basin, and approach channel (channel), including furnishing all labor, materials, equipment, supervision, and any related services required to dredge and dispose of all dredged sediments including performing hydrographic surveys. Tugboat towing and tending services, multi-beam hydrographic surveys, scow tracking, acoustical monitoring, 4'x8' project sign, utilities disconnect and reconnect at the Berth 4 floating walkway: bilge, sewer, service air, potable water, and power.

Manson Construction is willing to break out items of work into economically feasible units to encourage SBE/DBE participation. If you are interested in this project, please provide us with a scope letter and contact James McGuire at jmcguire@mansonconstruction.com or 904-821-0211 by May 20, 2022. Please review Section 11 Diversity Program for Contracts in document 2022F083FrontEnd03-SP-Final.pdf (pg. 153) at the District's website linked below. All SBE/DBE's must submit copies of qualifying certificate with proposal, contractor's license number (if applicable) and NAICS code on scope letter. Additionally, Certified SBE's must submit the "Small Business Enterprise Affidavit of Size" with proposal. 100% Performance bonds and 100% Payment bonds are required. Manson will pay bond premium up to 1 1/2%. Current insurance and workers compensation coverage including USL&H and waiver of subrogation is required. Quotes must be valid for same duration as specified by owner for contract award. Subcontractor and Supplier quotes are required by May 26, 2022 to enable thorough evaluation. Manson intends to work cooperatively with subcontractors and suppliers for all bid items they are licensed and qualified to perform.

Please contact James McGuire at jmcguire@mansonconstruction.com or 904-821-0211 for any additional questions.

Plans and specifications are available for download from Golden Gate Bridge, Highway and Transportation District's portal at <https://ggbhdt.bonfirehub.com/opportunities/58488>.

An Equal Opportunity Employer

A Proclamation on National Small Business Week, 2022

Continued from page 1

country and around the world. The Bipartisan Infrastructure Law makes the Minority Business Development Agency within the United States Department of Commerce a permanent entity — seeded with a record amount of funding — so minority-owned businesses can receive tailored assistance for their unique challenges and access the capital they need to grow.

I firmly believe that equal opportunity is the bedrock of our democracy. That is why my Administration is committed to using Federal procurement dollars to support firms owned by underrepresented people and to help small businesses build generational wealth. Last year, I announced a set of reforms to increase contracting opportunities for underserved businesses by up to 50 percent by 2025. We are also capitalizing on our historic investments in supply chain resilience and "Made in America" manufacturing so small businesses can innovate, compete, and build the products of tomorrow. To position small businesses for success in the long term, the United States Small Business Administration's Community Navigator Pilot program is forging stronger partnerships with local organizations to get resources to underserved small businesses.

Thanks to these initiatives and the resilience of the American people, America's entrepreneurial spirit has never been stronger. New business applications grew by more than 30 percent over the course of the pandemic, with almost 5.4 million new applications in 2021 alone. More Americans than ever before — including more women and people of color — are following their

dreams and starting new enterprises. My Administration will continue to support them, build upon this remarkable resurgence, and strengthen the foundation of our economy with America's small businesses at the forefront.

This National Small Business Week, let us renew our commitment to supporting our Nation's small businesses. From local "mom and pop" shops to innovative start-ups, small businesses are pillars of our communities and the engine of our economy. By rebuilding our economy from the bottom up and middle out, we can maintain our global competitiveness and build a stronger Nation where everyone can succeed.

NOW, THEREFORE, I, JOSEPH R. BIDEN JR., President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim May 1 through May 7, 2022, as National Small Business Week. I call upon all Americans to recognize the contributions of small businesses to the American economy, continue supporting them, and honor the occasion with programs and activities that highlight these important businesses.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-ninth day of April, in the year of our Lord two thousand twenty-two, and of the Independence of the United States of America the two hundred and forty-sixth.

- JOSEPH R. BIDEN JR.

ESTIMATOR: DAVID CZECH

An Equal Opportunity/ Affirmative Action Employer

DeSilva Gates Construction (DGC) is preparing a bid as a Prime Contractor for the project listed below:

DUBLIN BOULEVARD REHABILITATION PROJECT
Project No. ST0117 and ST0120
Federal Aid Project No STPL-5432(021)
Disadvantaged Business Enterprise (DBE) Goal Assigned is 22%
OWNER: CITY OF DUBLIN
Department of Public Works
100 Civic Plaza Dublin,
County of Alameda, State of California 94568
Ph: 925-833-6630
BID DATE: MAY 26TH, 2022 @ 2:00PM.

DGC is soliciting quotations from certified Disadvantaged Business Enterprises, for the following types of work and supplies/materials including but not limited to:

Adjust Iron, Construction Area Sign, Crack Sealing, Electrical, Emulsion supplier, Erosion Control, Minor Concrete, Pavement Milling, Roadside Signs, Saw cutting, Stamped/Textured Paving, Striping, SWPPP Prep/ Water Pollution Control Plan Prepare, Testing, Traffic Control Systems, Traffic Control/Engineer, Trucking, Water Trucks, Street Sweeping, and Hot Mix Asphalt (Type A) Material.

Plans and specifications may be reviewed at our offices located at 11555 Dublin Boulevard, Dublin, CA and 3855 North Freeway Boulevard, Suite 100, Sacramento, CA or at your local Builders Exchange, or reviewed and downloaded from the dropbox site at https://www.dropbox.com/sh/5rvc1bwfbsag9/AABbrd0ba51_kN3GtAe5fBUoa?dl=0

or obtained from BPXpress Reprographics by calling (707) 745-3593 or online at www.blueprintexpress.com/Dublin

Fax your bid to (925) 803-4263 to the attention of Estimator David Czech. If you have questions for the Estimator, call at (925) 829-9220. When submitting any public works bid please include your DUNS number and DIR number. For questions regarding registration for DIR use the link at www.dir.ca.gov/Public-Works/PublicWorks.html

If you need DBE support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (<http://californiasbdc.org>) or contact the California Southwest Transportation Resource Center (www.transportation.gov/osdbu/SBTRCs). DGC is willing to breakout portions of work to increase the expectation of meeting the DBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PREVAILING WAGE JOB. DGC is an Equal Opportunity/Affirmative Action Employer.

WASHINGTON SUB-BID REQUEST ADS

SKANSKA

Subcontractor/Supplier Bids/Proposals Requested
Owner: Washington State Department of Transportation - WSDOT
Contract No. 19Y007

Due Date: May 11th - 11:00 AM
SBE-5% & DVBE-3% Participation

Skanska USA Civil West California District Inc. is interested in soliciting in Good Faith all subcontractors as well as certified SBE/DVBE firms for this project.

I-90 Cabin Creek/I/C to W Easton Add Lanes/Wildlife Bridges in Kittitas County, Washington

Plans and Specifications are available through registering on our plan site at:
<https://app.buildingconnected.com/public/59b1c0096ab4570007e09292>

Requested scopes include, but are not limited to the following and should be based on Contract and its amendments: Precast Girder Supply, MSE Walls, Asphalt Paving, Drilling & Blasting, Construction Area Signs, Clearing and Grubbing, Concrete Highway Barriers, Concrete Flatwork, Crushing, Aggregate Supply, Demolition, Drainage, Drilled Shafts, Erosion Control, Electrical/Lighting/ITS, Fencing, Guardrail, Ground Anchors, Landscape, Milling, Monitoring, Painting, Concrete Paving, Piling, Rebar, Rock Scaling, Signage, Sign Structures, Straining, Striping, Survey, Traffic Control, Temporary Concrete Barrier, Trucking, Trucking - Precast Girders, Sweeping, Crane Rental, Temporary Shoring, Pipe Material Supply, Concrete Formwork, Excavation, Earthwork, Streambed Restoration, Temporary Water Pumping, Temporary Water Treatment Systems

Subcontracting Requirements: Skanska is an Equal Opportunity Employer and is requesting quotes from all qualified subcontractors and suppliers. All interested subcontractors, please indicate all lower tier SBE/DVBE participation offered on your quotation as it will be evaluated with your price. Skanska will assist qualified subcontractors, vendors, & suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a SBE/DVBE firm, please provide your certification letter with your proposal; Skanska will also review breaking out scope packages and adjusting schedules to help permit maximum participation, when feasible. **Skanska's insurance requirements** are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products & completed operations agg. & general agg.; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., & a Waiver of Subrogation (GL & WC). Other insurance requirements may be necessary per scope or RFP requirement. Subcontractors may be required to furnish performance & payment bonds in the full amount of their subcontract by an admitted surety & subject to approval by Skanska. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Skanska is signatory to the Operating Engineers, Laborers, Cement Masons, & Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract.

FLATIRON

Request for Qualified/Certified DBE Participation from Subcontractors/Suppliers/Service Providers
SR 9 SR 204 INTERSECTION IMPROVEMENTS (STAGE 3)
WSDOT Contract 009801 in Snohomish County
Engineers Estimate \$20M
Voluntary MSVWBE Goals; Minority 10%, Small 5%, Veteran 5%, Women 6%
Bid Date: May 11th, 2022 @ 11:00 AM

This is an Electronic Bid Submittal

Quotes not received by 8:00 AM on bid day may not be reviewed/evaluated

******Flatiron West Inc IS BIDDING THIS PROJECT AS A PRIME BIDDER**** we are requesting DBE subcontractor/supplier/service provider participation for the following items of work, but not limited to:** CAS/Roadway Signs, Clear & Grub, Erosion Control, Landscaping/Irrigation, AC Paving, Plane AC, Rebar, Concrete Painting/Staining, Fencing, Metal Railing, Striping/Markings, Electrical, Aggregates, Ready Mix, Concrete Pumping Services, Underground Pipe Products, Trucking, Geotextile Materials, Underground Precast, MSE Wall Material, Street Sweeping, Traffic Control, and Dewatering.

100% performance/payment bonds will be required for the full amount of the subcontract price. Please contact Flatiron for any assistance to this solicitation, including obtaining bonding, insurance, equipment, materials and/or supplies. Provide all scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all quotes received. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operating Engineers, Laborers, Cement Masons, Carpenters and Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. Flatiron intends to work cooperatively with all firms for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all certified firms. Flatiron will reimburse for bond premium up to 2%. **Firms must possess & provide current contractor's license number & DIR Registration number on the quote.** Firms must possess insurance and workers compensation coverage meeting project requirements. Waiver of Subrogation is required. Please contact Flatiron for any assistance required by your firm. Subcontractors/Suppliers will be required to execute our standard agreements and agree to our standard and general terms & conditions. Copies are available for review on our Box.com ftp site or upon email request.

To access **FREE** project documents from our Flatiron BOX ftp site, please send an email request to WABids@flatironcorp.com. You will be provided with a BOX link to view & download plans and specs for **FREE** from our BOX.com ftp site. Due to Covid-19 & Social Distancing requirements, we are not currently scheduling appointments to review project docs or meet with estimators in our office. When the current pandemic restrictions are lifted, we will offer these services again in our office by appointment only. Thank you for your understanding.

Project documents (Plans and Special Provisions) may also be obtained for free on the WSDOT website.

To view and download projects docs for FREE from the WSDOT website, use the following link:

4 Innovations Transforming Construction Safety

[Article originally appeared in
Autodesk Construction Cloud Blog,
<https://construction.autodesk.com>]

By Grace Ellis,

There's no doubt about it: safety matters. Construction firms are always in pursuit of safer jobsites. While nothing beats a combination of training, safety culture, and leadership buy-in, innovation is playing an increasingly important role on- and off-site.

Technology has advanced significantly in recent years in the realm of construction safety. In celebration of Construction Safety Week, we're exploring some of those advancements, which are pushing the industry forward and making it safer for all.

1. Machine Learning and AI

What comes to mind when you think of artificial intelligence (AI) on the jobsite? If you're like a lot of people, you think of robots taking care of tasks. While robots do have their place in the future of construction, the real opportunity behind AI and machine learning is much bigger. It lies in its ability to proactively identify risk and thereby reduce safety issues before they even have the chance to occur.

One of the factors that make construction sites so risky is their variability. By nature, jobsites are generally chaotic, busy, and always changing. So how do you reduce risk in a setting that many might describe as inherently risky? Ma-

chine learning can assist through predictive analytics. These analytics uncover patterns to make informed predictions about what may occur, including accidents. Within the industry, more and more firms are using predictive-based safety (PBS) to pinpoint potential risks and proactively address them. According to Engineering News Record, the results for PBS are astounding with early adopters seeing incident rates drop by 50% over a 12-month period.

Autodesk Construction Cloud's Construction IQ is helping construction firms increase safety. Through machine learning and AI functionality, project leaders can identify high-risk areas of projects, resolve issues, and address problematic safety behaviors in real time.

Another construction safety innovation is Newmetrix, designed to minimize risk through predictive analytics, safety observations, and safety monitoring. Newmetrix's construction-trained AI engine, Vinnie, finds indicators of project risk to provide insights, predict where to focus your attention and prescribe specific actions to take.

2. Wearables & IoT

The Internet of Things (IoT) is what makes wearable devices so smart. When inanimate objects can be connected to the internet, they are joining the IoT. Sensors are installed on machines and devices to monitor performance levels, operating conditions, physical states or other data through connectivity.

The evolution of IoT is found in many industries. Homeowners use sensors to detect changing temperatures, healthcare providers track patient health for chronic conditions through therapeutic devices, and project data experts leverage digital twins to improve predictability in project delivery.

In construction, you may hear IoT referred to as telematics. Sensors and inter-device communication can increase response times to emergencies and improve safety for end users. An example of this technology is Triax Technologies' Spot-R clip, which detects sudden falls and shares location information with safety responders. The clip can also be used to send a notification about a hazardous situation (such as a gas leak) and track crews to plan assignments.

WakeCap also offers an IoT-based solution for the construction sector that enables real-time workforce reporting. By integrating sensors into existing hard hats and connecting jobsites via wireless mesh network technology, WakeCap improves worker safety, monitoring whether the hard hats are being worn, helping with evacuations, and ensuring safety teams are covering the site.

Redpoint Positioning offers a range of wearable devices for construction safety. The tag-only solution can be used for social distancing measures through a proximity warning system. The real-time location system fully connects to indoor

environments and displays location data and up-to-the-minute analytics.

RealWear is another provider of ruggedized wearables for the construction industry. With their assisted reality safety solutions, construction teams can have hands-free access to project documents, plans, and models using simple voice commands, even in extremely noisy environments.

Beyond wearables, IoT devices can also be used to measure a range of environmental factors that impact health and safety. For instance, Awair Omni's sensors monitor seven key factors that influence the well-being of your occupants: VOCs (chemicals), PM2.5 (inhalable dust), carbon dioxide (CO2), humidity, temperature, light, and noise.

3. Qualification Software

Fostering a safe work environment begins with qualified individuals, those who are up-to-date with verifiable credentials and standards. Subcontractors with a strong safety performance history are far less likely to have an incident on their next project. Incidents on-site increase the risk of potential harm to workers and can cause work to be delayed or completely shut down. They can also affect productivity rates, hurt morale, and put your firm at financial risk.

PUBLIC LEGAL NOTICE ADVERTISEMENTS

OAKLAND UNIFIED SCHOOL DISTRICT

INVITATION TO BID

Various Sites Seven (7) – Vegetation Fire Management Weed Abatement Maintenance Contract No. 70013

1. Notice is hereby given that the governing board (“Board”) of the Oakland Unified School District (“District” or “Owner”) will receive sealed bids for the following contract:

Various Sites Seven (7)- Vegetation Fire Management Weed Abatement Maintenance (“Contract”)

to be performed at the following District site(s):

- Burbank ES, Grass Valley ES, Community Day, King Estates MS, Howard ES, Marshall ES, Tilden.

2. LOCAL SMALL LOCAL AND SMALL LOCAL RESIDENT BUSINESS ENTERPRISE PROGRAM

On January 29, 2014, OUSD adopted a resolution amending the 2008 Local, Small Local and Small Local Resident Business Enterprise Program (L/SL/SL-RBE) and increasing the mandatory local participation requirement from twenty (20%) to fifty (50%) percent for all capital program/construction related contracts and professional services agreements. As with all OUSD projects, companies must be certified by the City of Oakland in order to earn credit toward meeting the participation requirement.

The basic Local Business Utilization Policy requires that there is a mandatory fifty percent (50%) LBU participation with a 25% or less Local Business (LBE)

participation and a 25% or more Small Local or Small Local Resident Business (SLBE/SLRBE) participation.

The full version of OUSD’s latest Local, Small Local and Small Local Resident Business Enterprise Program can be found by going to the OUSD home page:

ousd.org > District Services > Facilities Planning & Management Department > Bids and Requests

3. Sealed Bids will be received until **2:00 PM on 17th day, May, 2022, at the District Office, located at 955 High Street, Oakland, CA 94601, at the Receptionist’s desk.** BIDS WILL NOT BE OPENED. BID RESULTS WILL BE MADE AVAILABLE VIA EMAIL. Any claim by a bidder of error in its bid must be made in compliance with section 5100 et seq. of the Public Contract Code. Any bid that is submitted after this time shall be non-responsive and returned to the bidder.

4. Mandatory pre-bid site visit will be held on May 5, 2022, at 10:00 a.m., starting at Front entrance of Grass Valley School site and ending until all (7) sites have been visited. Bidders not attending the site visit will be disqualified.

5. The Contract consists of:

The Scope of work consists of but is not limited to cut, remove, and properly dispose of vegetation ground fuels along the fence line. Clear weeds throughout each entire school site, including playgrounds, trim bushes to an aesthetic design. Trim back ivy and any protruding branches along fence line and low hanging tree branches. Remove and haul all trash and debris. All services must be full compliance according to the

Oakland Fire Code and Standards. See Exhibit A to the Agreement for complete details.

6. **Contract Estimate:** The District estimates the lump sum amount of the Contract at **ONE HUNDRED TWENTY THOUSAND DOLLARS NO/100 (\$120,000.00)** for the duration of the entire Contract. The estimated amount is determined by the services performed in last year’s scope of work.

7. The Project Manager for this Contract is Olga Bermeo, **who can be reached at 510-277-6733.**

8. All bids shall be on the form provided by the District. Each bid must conform and be responsive to all pertinent Contract Documents, including, but not limited to, the Instructions to Bidders.

9. To bid on this Contract, the Bidder is required to possess the following State of California Contractor Licenses:

o A, B, and/or D49 – Contractors’ License

The Bidder’s license(s) must be active and in good standing at the time of the bid opening and must remain so throughout the term of the Contract.

10. **Prevailing Wages.** Pursuant to sections 1770 et seq. of the California Labor Code, Bidder and all Subcontractors under the Bidder shall pay all workers on all work performed pursuant to the Contract not less than the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work as determined by the Director of the State of California Department of Industrial Relations (DIR) for the type of work performed and the locality in which the work is to be performed within the boundaries of

the District. Copies of the general prevailing rates of per diem wages for each craft, classification, or type of worker needed to execute the Contract, as determined by the DIR are available from the District or on the internet (<http://www.dir.ca.gov>).

11. **Contractor Registration.** Bidder shall ensure that Bidder and its Subcontractors comply with the registration and compliance monitoring provisions of Labor Code section 1771.4, including furnishing its CPRs to the Labor Commissioner, and are registered pursuant to Labor Code section 1725.5. Labor Code section 1771.1(a) states the following:

“A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.”

A full copy of the bid forms must be submitted at time of Bid Opening, 17th day, May, 2022, @ 2:00 p.m. A copy of the bid forms must be downloaded from www.ousd.org, under the Offices & Department > Facilities Planning and Management > Subheading Opportunities > click the hyper link “HERE” > Bids.

OAKLAND UNIFIED SCHOOL DISTRICT

INVITATION TO BID

Various Sites Eight (8) – Vegetation Fire Management Weed Abatement Maintenance Contract No. 70014

1. Notice is hereby given that the governing board (“Board”) of the Oakland Unified School District (“District” or “Owner”) will receive sealed bids for the following contract:

Various Sites Eight (8) - Vegetation Fire Management Weed Abatement Maintenance (“Contract”)

to be performed at the following District site(s):

- Kaiser ES, Hillcrest ES, Thronhill ES, Montera MS, Joquin Miller ES, Skyline HS, Montclair ES, and Carl Munck ES.

2. LOCAL SMALL LOCAL AND SMALL LOCAL RESIDENT BUSINESS ENTERPRISE PROGRAM

On January 29, 2014, OUSD adopted a resolution amending the 2008 Local, Small Local and Small Local Resident Business Enterprise Program (L/SL/SLRBE) and increasing the mandatory local participation requirement from twenty (20%) to fifty (50%) percent for all capital program/construction related contracts and professional services agreements. As with all OUSD projects, companies must be certified by the City of Oakland in order to earn credit toward meeting the participation requirement.

The basic Local Business Utilization Policy requires that there is a mandatory fifty percent (50%) LBU participation with a 25% or less Local Business (LBE) participation and a 25% or more Small Local or Small Local Resident Business (SLBE/SLRBE) participation.

SANTA VALLEY WATER DISTRICT (VALLEY WATER)

NOTICE TO PROSPECTIVE PROPOSERS REQUEST FOR PROPOSALS (RFP) PB FILE NO. VW0107

Construction Management Services for the Rinconada Reliability Improvement Project Phases 3-6

Santa Valley Water District (Valley Water) is seeking proposals from qualified construction management firms to provide construction management services (CM Services) for Valley Water during construction of the Rinconada Water Treatment Plant (RWTP) Reliability Improvement Project Phases 3 – 6 (Project). Parties interested in obtaining a copy of this RFP may do so by accessing the Valley Water’s web portal at <https://pbsystem.planetbids.com/portal/48397/portal-home>. All parties are asked to register on the Santa Clara Valley Water District Procurement Portal, PlanetBids, to be automatically notified of any changes to the RFP document. Proposals are due by 2 p.m. on June 8, 2022 as specified in the RFP Schedule. All questions regarding this solicitation must be submitted directly in Valley Water’s web portal at the link listed above no later than the date specified in the RFP Schedule.

Visit www.sbeinc.com to download the latest SBE Newspaper and Newsletter

PUBLIC LEGAL NOTICE ADVERTISEMENTS

OAKLAND UNIFIED SCHOOL DISTRICT

NOTICE TO BIDDERS DOCUMENT 00 11 11

Notice is hereby given that the Oakland Unified School District (hereinafter referred to as "Owner") will receive sealed bids prior to the date and time stated for the Bid Opening for the award of a contract to construct the ("Contract"), **Project No. 22120**

**Melrose Leadership Academy
@ Maxwell ES Living Schoolyard
4730 Fleming Avenue, Oakland, CA 94619**

Project consists of:

Renovation of school campus to create shaded green space and accessible path of travel. Work includes construction of new ADA ramps, ADA modifications, turf field, shade structure, and new landscaping ADA modifications include new handrails, new signage, and restroom modifications.

Engineer's Estimate: \$2,000,000.00

Project Manager is Jean-Luc Keita, who can be reached at: jean-luc.keita@ousd.org /or 510-560-3975.

"The most qualified responsible responsive lowest bid shall be determined on the amount of the base bid." The Owner reserves the right to add or deduct any of the additive or deductive items after the lowest responsible and responsive bidder is determined. The lowest bid shall be determined by the amount of the base bid.

This Contract is subject to prequalification pursuant to Public Contract Code section 20111.6. Deadline to prequalify for this project is Friday, May 20, 2022. Please email Juanita Hunter at: Juanita.hunter@ousd.org or La Juana Lewis at: LaJuana.Lewis@ousd.org for more prequalification requirements.

This Contract is subject to the District's Project Labor Agreement.

The full version of OUSD's latest Project Labor Agreement can be found by going to the OUSD home page: ousd.org > Offices and Programs > Facilities Planning & Management Department > For Contractors and Developers > Bids and Requests for Proposals > Bid Information > 2016 PLA - Project Labor Agreement.

Contract Documents will be available on or after May 4, 2022, at **East Bay Blue Print, located at 1745 14th Avenue, Oakland, CA 94606**. All requests should be addressed Attention: Sandy Petty. Plans can be ordered by:

Ph: 510-261-2990 Fax: 510-261-6077
Email: ebbp@eastbayblueprint.com,
Attn: Sandy. Online using the Plan Command System at www.eastbayblueprint.com or plans can be delivered to a place of business, at requester's own expense. Payment for plan sets must be made with East Bay Blue Print and are **NON-REFUNDABLE**

In addition, Contract Documents are available for bidders' review at the following builders' exchanges:

Builder's Exchange of Alameda County
McGraw Hill Construction Data
San Francisco Builder's Exchange
Reed Construction Market Data
Contra Costa Builder's Exchange
Marin Builder's Exchange

Public works projects shall be subject to compliance monitoring and enforcement by the Department of Industrial Relations. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to submit a bid or to be listed in a bid proposal subject to the requirements of Public Contract Code section 4104 unless currently registered and qualified under Labor Code section 1725.5 to perform public work as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to enter into, or engage in the performance of,

any contract of public work (as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code) unless currently registered and qualified under Labor Code section 1725.5 to perform public work and proof of registration is provided.

The Contract Time shall be **120** calendar days, and liquidated damages for delay shall accrue. The deadline for Completion is **TBD**. See Article III of the Agreement for details.

Bids must be sealed and filed in the Business Office of the Owner at:

**Front Desk
Facilities Planning & Management
955 High Street, Oakland, CA 94601**

on **May 26, 2022**, before 2:00 p.m. on the clock designated by the Owner or its representative as the bid clock, after which time the bids shall be opened. No bid will be accepted by the Owner after this time. Facsimile (FAX) copies of the bid will not be accepted. PLEASE NOTE: DUE TO COVID-19 BIDS WILL NOT BE OPENED. BID RESULTS WILL BE MADE AVAILABLE VIA EMAIL.

A mandatory pre-bid site visit will be held on **May 12, 2022, at 2:00 p.m.**, at Front entrance of the Melrose Site. Bidders not attending the site visit will be disqualified.

Bids must be accompanied by a bidder's bond, cashier's check, or certified check for at least ten percent (10%) of the amount of the base bid and made payable to the Owner, as detailed in the Contract Documents.

Owner, or its designee, has determined that certain materials, services, products or things designated by specific brand or trade name shall not be subject to Public Contract Code section 3400(a) in order that a field test or experiment may be made to determine the product's suitability for future use; in order to match other materials, services, products or things in use on a particular Owner public improvement either completed or in the

course of completion; in order to obtain a necessary item that is only available from one source; and in order to respond to an emergency declared by Owner.

Pursuant to the Contract Documents, the successful bidder will be required to furnish a Payment (Labor and Material) Bond in the amount of one hundred percent (100%) of the Contract Sum, and a Faithful Performance Bond in the amount of one hundred percent (100%) of the Contract Sum.

The successful bidder will be allowed to substitute securities or establish an escrow in lieu of retainage, pursuant to Public Contract Code Section 22300, and as described in the Agreement Between Owner and Contractor and General Conditions.

The Owner will not consider or accept any bids from contractors who are not licensed to do business in the State of California, in accordance with the California Public Contract Code, providing for the licensing of contractors. In accordance with Section 3300 of said Code, the bidder shall have a Class A and/or Class B-General Contractor license and shall maintain that license in good standing through Completion of the Contract and all applicable warranty periods. For all projects over Twenty-Five Thousand Dollars (\$25,000), the bidder shall state the public works contractor registration number on the Designation of Subcontractors form for each subcontractor performing more than one-half of one percent (0.5%) of the bidder's total bid.

The Director of Industrial Relations of the State of California, in the manner provided by law, has ascertained the general prevailing rate of per diem wages and rate for legal holidays and overtime work. The Contractor must pay for any labor therein described or classified in an amount not less than the rates specified. Copies of the required rates are on file at the Owner's business office and are available on request.

SUCCESS STORIES

Paul LaRocco, LaRocco's Pizzeria

Paul LaRocco

[Article originally appeared in <https://cameonetwork.org>]

Born in New York City's Little Italy and brought up in Brooklyn, Paul LaRocco learned a time-honored recipe for thin-crust Neapolitan pizza dough. He brought the New York secret to California and in 2008, he and his wife opened the first LaRocco's Pizzeria, offering eat-in, takeout and delivery service of pizza, calzones and sandwiches made fresh daily.

LaRocco's was profitable from day one, sales increased every year, and the restaurant was voted Best Pizza in Los Angeles for five years running. Paul LaRocco previously owned two successful restaurants, however, when he approached banks seeking a loan to open another location, a challenge emerged.

"I applied several times, and because I was self-employed, was considered a 'newbie,' despite many years in business. It was very frustrating," LaRocco recalls. Paul and his wife were about to give up on the location they had found when, in December 2013, LaRocco's wife found the Small Business Development Center hosted by Pacific Coast Regional online.

LaRocco worked one-on-one with Business advisors Harold C. Hart-Nibbrig and Sahar Andrade to fine-tune his business plan, obtain an SBA Community Advantage Loan, add social media to his marketing mix, and took the PCR SBDC Guided Business Plan course.

"The business plan course was very helpful," says LaRocco. "I didn't know the ins and outs of how to look at a business plan – how brief it should be, how intelligible, how someone will read it and what's important to include." Once LaRocco completed the course, Hart-Nibbrig edited the plan and provided input. "Their help was very timely and they had a lot of input – they helped me dot all the i's and cross all the t's." In January 2014, LaRocco's received a \$150,000 direct loan through Pacific Coast Regional's SBA Community Advantage Loan Program.

David Aragon, Araparts

[Article originally appeared in <https://cameonetwork.org>]

David Aragon is a small business owner who runs Araparts, an auto parts company. Recently, California Capital asked him a few questions.

Can you give us a brief bio?

My name is David Aragon. I'm 25 years old, and I was born in Oakland, California. I grew up in the Bay Area, and lived in Orlando, Florida for 4 years. I'm an avid car enthusiast who loves everything about anything with a motor that moves, gasoline or electric. I like working on things, and making them better. I think cars and engineering are like art. My favorite example of this is the Tesla Model S.

What got you started in your particular area of business?

I've always loved cars, and I've always wanted to own a performance racing shop since I was about 14. I bought my first car when I was 16 for \$3,000 and I totaled it 7 months later in a roll-over accident. I only had liability so I had to beg my parents to let me keep it in the driveway and part it out so I can get my money back. I ended up making almost \$7,000 off of it. I would get my paycheck from work and think "I just made \$700 this week on the side. Why am I working 20 hours a week for 450 bucks a month?"

There was a part on the car shade that several people kept asking me to separate from the entire shade. Toyota didn't sell this part separately, and the shade was discontinued. I decided that I was going to re-engineer the part myself.

David Aragon

At 19 years old, I successfully completed the reproduction of the product and started selling them. It even ended up at some of the local Toyota dealerships through some resellers. I only broke even on this product, but I was hooked. I started looking for other ways to make money in the auto industry, and found out that ignition coils were a hot product, and I decided to do the traditional buy and sell in my own private label brand Araparts. In the future I will continue to re-produce new products to market when I have more money to create molds, but this was the perfect start I've been looking for.

Liza Spiridon, Cali Strong Candles

[Article originally appeared in <https://cameonetwork.org>]

During California's recent wildfires, Registered Vet Technician Liza Spiridon was living on the Central Coast but knew people in the communities impacted. She decided that she needed to use her skills to help, so she got involved by donating her time helping animals to safety and assisting the people who had lost their homes and businesses.

Fast-forward three years, to when Liza found herself recovering from shoulder surgery. She used her "downtime" to reflect on her life's work and plan her next steps. One day, her husband asked when she was going to make her collection of wine bottles in the garage into candles, as she'd been planning. She had never made candles, but her creativity and curiosity made her want to give it a try. Through a series of inspired ideas and serendipitous events, Liza decided to start a business based on her desire to give assistance to the communities that she had made such a connection with

after the fires. Liza taught herself how to make the candles, mix the scents, cut and sand bottles, and started outlining a plan for a company that centered around its core purpose: giving back.

She always knew she wanted to start a business that involved giving back to her community, and the candles gave her the perfect opportunity to do that. Liza took the Start, Run, Grow Your Business class through MCSC's Women's Business Center in the Spring of 2019 and learned the steps she needed to take to make her dream a reality.

"My instructor, Lorelei Sibet, was amazing. She gave me the knowledge, tools, and inspiration to look at my operation realistically, and set my plans into motion. My business took off so quickly; I am grateful to the Women's Business Center for guiding me!"

4 Innovations Transforming Construction Safety

Continued from page 8

But how do you analyze safety and the qualifications of individuals and teams? The latest construction innovations leverage historical data, financial metrics, and performance to evaluate risk. Qualification software like TradeTapp cuts down on the time it takes to measure contractor risk for builders in its risk mitigation platform. It includes built-in automated risk mitigation recommendations to reduce risk early in the preconstruction process.

Another construction safety innovation includes myComply. Their platform helps builders ensure a qualified workforce on their projects, including subcontractor employees. As a testament of the innovation's effectiveness, the New York Department of Buildings (NYC DOB) selected myComply to build the software in its city-wide construction safety database. This centralized database will help the NYC DOB ensure that all construction workers on permitted projects are qualified to perform their work safely and will help permit holders automate the daily tracking

of worker training on the job site, to be in full compliance with regional regulations.

4. Mobile Software

Effectively addressing safety issues means meeting workers where they are: on the field. Mobile software is critical to the industry as workers can access it easily on the go. Through mobile applications, safety managers and superintendents can track safety issues on the jobsite. Safety managers can document and inspect issues, and provide timely communications right from their

smartphone or tablet while on the jobsite. Productivity and efficiency increase as a result.

There are some mobile applications that are helping safety managers document and review issues from anywhere. Safesite's free safety management system removes the paper from inspections, audits and checklists, toolbox talks, and incident reports.
