

Construction Data Standards: New Research Highlights Challenges & Opportunities

[Article was originally posted on Autodesk Construction Cloud Blog. <https://construction.autodesk.com>]

By Eric Thomas,

Technology has permeated just about every aspect of the construction industry. And with COVID-19 accelerating the adoption of digital solutions, it's safe to say that nearly every contractor has encountered tech in some way, shape or form. As such, it's no longer a question of if or should they use technology; it's a question of how they're using it and if their investments in technology are yielding great results.

A recent report from Autodesk and Dodge Data & Analytics, Understanding Data Standards and Processes in Construction, explores this subject in depth. Two hundred thirty-nine contractors and construction technology leaders were surveyed and asked to share their perspectives on construction data standards and processes.

Contractors Look to Achieve Better Data Standards with Technology

The report confirms what many of us suspect: the majority of contractors — 79% according to the study — are using software to capture data and manage information. The survey's results indicate that technology is most commonly used for managing project schedules (93%), collecting and documenting change orders (92%), and creating a log of RFIs and responses (89%).

On the lower end of technology use, just 75% of respondents are using software to capture errors, omissions, and constructability issues. Furthermore, while 69% use technology to record safety performance, only 37% of contractors use it on 75% or more of their projects.

These findings show that many contractors have embraced technology, though there's still room for growth and improvement in adoption particularly when it comes to digitizing error tracking as well as monitoring safety performance.

But what exactly would get contractors to improve technology adoption? To answer this, the survey probed respondents on the reasons why they've adopted the software tools they currently use.

The results indicate that technology and data use within GCs are driven mostly by internal factors. The top reason GCs adopt technology is to improve their current product delivery process (62%). Meanwhile, over half of GCs (53%) said that they had existing software in place and new features were added to the digital tools they were already using.

On the other hand, external drivers — such as owner compliance or the need to keep up with competitors — ranked much lower on the list of reasons contractors adopt technology.

These findings tell us that contractors are drawn to technology because they feel that software would improve their processes, and not because the tools were forced upon them.

Contractors Suffer from Pain Points When it Comes to Standardized Data Inputs

Contractors cited the development of consistent methods and standards as the most challenging aspect for implementing software. So, what percentage of data are contractors currently entering in some type of standard process?

The survey revealed a relatively even distribution of 15% to 21% across the six ranges:

- No data inputs are standardized
- Less than 25% are standardized inputs
- 25% to less than 50% are standardized inputs
- 50% to 75% are standardized inputs
- Over 75% are standardized inputs
- All are standardized inputs

Making Equity Real: Our 2021 Agenda for the California Legislature

[Article was originally posted on
<https://greenlining.org/>]

By Alvaro Sanchez,

The California Legislature is well into its 2021 session, considering hundreds of bills as well as the state budget. In my first post as Vice President of Policy, I'd like to update you on how we propose to make equity real in the legislature, and how that fits into our larger strategy for building a just economy.

We recently unveiled a new strategic plan detailing how we are working towards a future where communities of color can build wealth, live in healthy places filled with economic opportunity, and are ready to meet the challenges posed by climate change; we couldn't be doing this work at a more urgent time. More than a year into a global pandemic that has been devastating for people of color, we must urgently advance racial equity and deliver relief and hope to the most impacted Californians. And we need to think beyond immediate relief and recovery to build structures that can reverse the impact of systemic racism over the long term.

Governor Newsom recently announced his California Comeback Plan, which proposes significant investments that provide immediate relief to the people who need it most. We are very enthusiastic about the recent announcements and urge the legislature to fully consider and even surpass the Governor's proposal to ensure our recovery is as equitable as possible.

THE CALIFORNIA LEGISLATURE MUST DELIVER A JUST RECOVERY AND A JUST ECONOMY

Billions of federal dollars coupled with strong state fiscal projections are creating what may be a once-in-a-generation opportunity to authentically commit significant resources to historically underserved communities in California. Significant investments this year could finally help stabilize several equity-centered climate programs, eliminate mounting water and energy customer debt, and help close the digital divide -- all crucial steps toward building a just economy.

We support the Governor's proposed \$2 billion allocation for water and energy debt. We spe-

cifically call for an investment of at least \$1 billion for debt owed to public water systems and publicly owned energy utilities whose ratepayers especially lack customer protections. Given estimates that the need for relief has grown over \$2 billion for all water and energy customers statewide, we also know more is needed, and ask our leaders to consider an additional one-time \$1 billion budget allocation to address the full scale of this crisis, for a total of \$3 billion. In part, the utility debt crisis is due to a lack of safety net programs and disinvestment in low-income communities exacerbated by the pandemic. Now is the time to provide critical debt relief directly to families for a fresh start, as well as to extend protection from power and water disconnections and create a stronger safety net through long-term rate reform.

We also support robust investments in the following climate programs, which deliver maximum benefits to disadvantaged communities and are supported in Governor Newsom's May budget revision (the first number in each bullet is our proposal, the second is what the governor has now proposed).

Transformative Climate Communities -- \$500 million (Governor proposes \$420 million)

The governor's proposed allocation of \$420 million over three years for TCC, an innovative program that funds community-led climate projects that integrate clean energy, transportation, affordable housing and more, represents a huge step in the right direction. We urge the legislature to fully fund TCC at the \$500 million level urged by advocates.

Low Carbon Transportation Equity Programs -- \$500 million (Governor proposes \$400 million)

Electric vehicle equity programs have proven health and economic benefits for families and communities.

Clean Trucks and Buses -- \$890 million (Governor proposes \$1.4 billion)

Tailpipe pollution produced by diesel medium and heavy-duty vehicles is particularly health-threatening. Communities of color are most burdened by this diesel pollution. Gov. Newsom exceeded our expectations on this.

Urban and Community Forestry -- \$200 million (Governor proposes \$23 million)

California's urban forests sequester carbon and are critical to helping the most vulnerable populations adapt to climate change, create community resilience and preserve their mental and physical health. Greenlining supported \$200 million for this program but the governor has proposed only \$23 million.

Low-Income Weatherization Program -- \$375 million (Governor proposes \$50 million)

This critical program helps low-income households cut their utility bills and improve health and safety while saving energy, creating jobs and preserving affordable housing. The governor's proposed \$50 million allocation is seriously inadequate. Legislators should increase it to \$375 million.

Urban Greening -- \$200 million (Governor proposes \$200 million)

Vulnerable populations too often lack access to parks and green spaces within walking distance of their homes. The Urban Greening Program helps to mitigate these inequalities and Gov. Newsom's proposed \$200 million over two years represents a solid beginning.

Regional Climate Collaboratives -- \$35 million (Governor proposes \$20 million)

Implementation of SB 1072 (Leyva, 2018) to create the Regional Climate Collaboratives program will build the capacity of local communities to make the transition to a climate resilient future, building community-driven leadership, knowledge, and skills. The governor's proposed \$20 million represents a solid start but should be increased to \$35 million.

Community Resilience Centers -- \$500 million (Governor proposes \$150 million)

The governor proposed a one-time investment of \$150 million to support the development and enhancement of community resilience centers split between local fairgrounds and other community facilities. We are excited about the opportunity to develop a new program for community resili-

ence centers that focuses on placing facilities closest to vulnerable communities that address the growing needs of working class communities of color in the face of the converging climate, economic, and public health crises. We believe this important program should be funded at \$500 million.

- **Vulnerable Communities Platform** - Although there is mounting evidence of the unequal effects of climate change, California has no existing tool that holistically and comprehensively displays the data needed to identify the most vulnerable communities. Greenlining commends the governor for including this priority in the proposed \$5 million under community resilience. We strongly recommend that the state use some of this money to resource a community advisory committee that can put the vision and expertise of communities disproportionately impacted by climate change front and center in the development and implementation of the mapping platform.

The governor's budget contains three vital economic recovery proposals which we strongly support:

- **Broadband.** The Greenlining Institute strongly supports the governor's commitment to closing the digital divide. The proposed budget balances short and long term needs by providing \$7 billion in funding towards open-access middle-mile broadband networks, municipal broadband and last mile infrastructure that will provide Californians with long-term benefits, while ensuring families can afford the internet as these new networks are built. Municipal broadband and open-access infrastructure investments will create jobs, provide faster internet connections to Californians and enable internet service providers to more easily enter the broadband market and compete with incumbents that charge high prices and are slow to upgrade their networks. The governor's broadband budget creates a sustainable path for closing the digital divide for families that need internet access

PROJECT SCOPE:

Brosamer & Wall Inc., is requesting quotes from all qualified and certified SB, HUBZone SB, SDB, WOSB, VOSB, SDVOSB, ANCs, and Indian Tribes subcontractors and suppliers all items of work type listed below, including but not limited to:

- | | | |
|---------------------------------------|----------------------------|----------------------------|
| • Quality Control | • Racks/Handrails | • Reinforced Concrete Pipe |
| • Electrical/Instrumentation/Controls | • Fence/Gates/Guardrailing | • Earthwork |
| • PVC Pressure Pipe | • Metal Ladders/Canal | • Aggregate |
| • Welded Steel Mortar Lined Pipe | • Safety Ladders | • AC Paving/Base/Seal Coat |
| • Cement/Fly Ash | • Concrete | • Radial/Slide Grates |
| • Well Abandonment | • Cathodic Protection | • Clear & Grub/Tree |
| • Striping/Marking | • Ductile Iron Pipe | • Removal |
| • Surveying | • Reinforcing Steel | |
| • Frames/Grates/Trash | • Signage/Canal Markers | |

For the complete list of the Actual Available Project Bid Items
Please Contact Brosamer & Wall Inc. at the email listed below.

Requirements: Requirements: Brosamer & Wall, Inc. will work with interested subcontractors/suppliers to identify opportunities to break down items into economically feasible packages to facilitate SB, HUBZone SB, SDB, WOSB, VOSB, SDVOSB, ANCs, and/or Indian Tribes Participation. Brosamer & Wall, Inc. is a union signatory contractor. Subcontractors must possess a current contractor's license, insurance coverage, valid SB, HUBZone SB, SDB, WOSB, VOSB, SDVOSB, ANCs, or Indian Tribes certification, and worker's compensation for the entire length of the contract.

All subcontractors will be required to sign our standard Subcontract Agreement. 100% payment and performance bonds may be required. If you have any questions regarding this project or need assistance in obtaining/waiving insurance, bonding, equipment, materials and/or supplies please call or email DEBBY PANNELL contact information below.

Plans and specifications can be viewed at our office located at 1777 Oakland Blvd Suite 300, Walnut Creek, Ca. 94596. B&W will also make plans available electronically, please email dpannell@brosamerwall.com for free online link. Brosamer & Wall Inc., intends to work cooperatively with all qualified firms seeking work on this project. *If you are interested in submitting a subcontractor bid for this project, you may contact DEBBY PANNELL at 925-932-7900 Extension 5207 or fax us your quote at 925-279-2269. PLEASE SUBMIT A COPY OF YOUR CURRENT SB, HUBZone SB, SDB, WOSB, VOSB, SDVOSB, ANCs, or Indian Tribes CERTIFICATION WITH YOUR BID by 2pm on Thursday, July 1, 2021. Subcontractors, Dealers/Suppliers and Brokers please provide your designation code to us on or before July 1, 2021. B&W, INC., IS AN EQUAL OPPORTUNITY EMPLOYER.

Kiewit Infrastructure West Co.
10704 Shoemaker Ave., Santa Fe Springs, CA 90670

Contact: Brandon Morlet • Email: Brandon.Morlet@kiewit.com

Owner: Mission Springs Water District
Project Name: Regional Water Reclamation Facility; Project Order No. 17-002-S
Location: Little Morongo Rd & 20th Ave, Desert Hot Springs, CA 92240

Bid Date: July 1, 2021 at 2:00pm.

Request for DBE sub-quotes

Kiewit Infrastructure West Co. ("Kiewit") is seeking quotes from qualified Disadvantaged Business Enterprises (DBE), including Minority Business Enterprises (MBE), Woman Business Enterprises (WBE), Small Business Enterprises (SBE), Small Business in Rural Area (SBRA), Labor Surplus Area Firms (LSAF), Historically Underutilized Business (HUB) Zone Small Businesses and all other business enterprises to perform as subcontractors, material contractors, and suppliers. DBEs must provide evidence of certification by the U.S. Environmental Protection Agency (USEPA), the Small Business Administration (SBA), the Department of Transportation's State-Implemented DBE Certification Program (with U.S. citizenship) (CUCP), Tribal, State, and Local Governments, or Independent Private Organization Certifications.

Kiewit will be requesting quotes for various areas of work listed in, but not limited to, the scopes of work below.

Shoring and underpinning, asphalt paving, fencing, concrete reinforcing installation, concrete pumping, masonry work, damp proofing and waterproofing, building insulation, flashing and sheet metal, fire and smoke protection, joint sealer, overhead door, plaster and gypsum board, flooring, painting and coating, pre-engineered structure, HVAC and electrical work

Firms interested in receiving a bid package for this project must contact us at the e-mail address noted. Responding firms will be issued an "Invitation to Bid" through Kiewit's electronic use of SmartBid system (at no cost to bidder) with project information and bid instructions. Plans and specifications will also be available for review at the address listed below if requested.

This is a public works project and is subject to prevailing wage rates. Project is also financed in part by the California Clean Water State Revolving Fund and is subject to federal funding requirements including, but not limited to the AIS Provisions, DBE Program requirements, California Labor Code and the Davis-Bacon Act.

Responsive bidders must possess a valid California Contractor's license (as appropriate) and provide acceptable insurance. Responsible subcontractors and material contractors will be required to provide bonding for 100% of their contract value. Kiewit will reimburse bond premiums. Firms performing any onsite work is signatory to collective bargaining agreements with the carpenters, laborers, cement masons, ironworkers, operating engineers and teamsters. Kiewit will consider quotes from any, and all bidders who demonstrate an ability to foster and maintain labor harmony on the Project.

Kiewit intends to conduct itself in good faith with all DBEs and all other business enterprises regarding participation on this project. For further information regarding this project, licensing, insurance or bonding, equipment, supplies, materials, or related assistance or services or project schedule, please contact the Lead Estimator listed below.

"Kiewit Infrastructure West Co. is an Equal Opportunity Employer. Employment decisions are made without regard to race, color, religion, national or ethnic origin, sex, sexual orientation, gender identity or expression, age, disability, protected veteran status or other characteristics protected by law."

REQUEST FOR DBE
SUBCONTRACTORS AND SUPPLIERS FOR:

Roadway excavation, place HMA, slope paving and vegetation control
Hwy 51 Sacramento
Caltrans #03-2H1104
BID DATE: June 15, 2021 @ 2:00 PM

We are soliciting quotes for (including but not limited to): Trucking, Temporary and Permanent Hydroseed and Erosion Control Measures, QC/QA Testing, Lead Compliance Plan, Construction Area Signs, Traffic Control System, Portable Radar Speed Feedback Sign, Portable Changeable Message Sign, SWPPP, Rain Event Action Plan, Storm Water Sampling, Analysis, and Annual Report, Temporary Concrete Washout, Asbestos Compliance Plan, Treated Wood Waste, Temporary High-Visibility Fence, Clearing & Grubbing, Roadway Excavation (Type Z-2 Aerially Deposited Lead), Structure Backfill (Culvert), Embankment, Irrigation, Bonded Fiber Matrix, Compost, Tack Coat, Slope Paving, Rock Slope Protection Fabric, Misc. Iron & Steel, Fencing, Delineator, Milepost Marker, Marker, Object Marker, Roadside Signs, Midwest Guardrail System, Vegetation Control (Minor Concrete), Vegetation Control (Asphalt Composite), Stamped Asphalt Paving, Locating & Mapping Underground Facilities, Modify Electrical Systems, and Construction Materials

Jean Sicard (510-809-3411 jsicard@ocjones.com) is the estimator on this project and he is available to provide assistance or answer questions regarding the project scope of work including bid requirements, break out of bid items, plan or spec interpretation, bonding or insurance requirements, and other bid assistance. Plans and specs are available to review at our Berkeley office, or can be sent out via Building Connected. Plans are also available under the Advertisements tab at the Caltrans website at: <http://ppmoe.dot.ca.gov/des/oe/contract-awards-services.html>. PDF format quotes should be emailed to the estimator or faxed to 510-526-0990 prior to 12:00 PM on the date of the bid. Quotes from DBE Subcontractors, Suppliers and Truckers are highly encouraged. OCJ is willing to breakout any portion of work to encourage DBE participation. Subcontractors must possess a current DIR, Contractors License, and insurance and workers compensation coverage including waiver of subrogation. OCJ may require Performance and Payment bonds on subcontracts. OCJ will pay the bond premium up to 2% of the contract value. Please contact OCJ for any assistance required by your firm in obtaining bonding or insurance. The US Small Business Administration may also assist you in obtaining bonding - please see the following site for information: <http://www.sba.gov/content/contractors>. Visit the California Access to Capital Program Financing Solutions website for additional resources for your small business - http://www.calbizfinance.org/cal_cert_biz_program.html. OCJ is available to help obtain necessary equipment, material and/or supplies. All subcontractors are required to execute OC Jones' standard subcontract agreement, comply with all insurance requirements, and name OCJ as additional insured. Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.

We are an Equal Opportunity Employer

Project Name: Sunnydale HOPE SF Hazmat & Demolition Bid Request

Location: San Francisco, California

Bid Date: June 11, 2021 @ 2:00pm

Pre-Bid Conference: May 26, 2021 @ 10am

(Web Ex Call)

Labor Requirements: Prevailing Wage, Section 3, MOHCD, SFHA, OEWD & City Build

Project Schedule: Est. Start August 1, 2021

Baines-Nibbi Joint Venture has been selected as the General Contractor for the Sunnydale HOPE SF housing project in San Francisco. We are in receipt of the 100% SIP Set and are currently requesting bid proposals from qualified subcontractors and suppliers including those certified with the San Francisco Contract Monitoring Department (CMD) as small business enterprises (SBE's) for Hazmat & Demolition. **The Contract Monitoring Division (CMD) has set the SBE participation goal for this project at 20%.** For more information about the San Francisco SBE program as it relates to this solicitation please contact Mr. Selormey Dzikunu at the City and County of San Francisco Contract Monitoring Division via email Selormey.Dzikunu@sfdpw.org.

The Project Scope includes but is not limited to the following: a) Hazardous material ("hazmat") abatement for 86 residential units within 13 buildings and associated improvements that addresses the likely presence of asbestos-containing materials, lead paint, and other hazardous substances. Hazmat testing is currently underway and an abatement plan will be created for the project area. b) Demolition of these 13 buildings and associated improvements, c) Disposal of all hazmat and non-hazmat materials at an appropriate waste disposal facility and recordation of waste manifests. The disposal includes household waste left by residents, building materials, concrete walkways, etc.

For any questions on accessing bid documents please contact Jacqueline Leiva, Precon & Estimating Coordinator via email, JacquelineL@nibbi.com. For specific questions regarding this project please contact Paris Paraskeva, Estimator via email, ParisP@nibbi.com.

FLATIRON | SKANSKA | Stacy and Witbeck

INVITATION TO BID – Request for Certified DBEs, Subcontractors and Suppliers
Project: Interstate 5 North Coast Corridor (CM/GC) – Contract 11-2T35U4 – Segment 4B
Owner: California Department of Transportation (CALTRANS)
Bid Due Date: June 25, 2021 at 12:00 p.m.

Flatiron-Skanska-Stacy and Witbeck, a Joint Venture ("FSSW") requests proposals from DBE Firms, Subcontractors and Suppliers for the following scopes of work for the Interstate 5 North Coast Corridor – Contract No. 11-2T35U4 – Segment 4B: Asphalt Dike, Asphalt Paving, Cold Plane AC, Concrete Barrier, Erosion Control, Guardrail/Railing, Hydroseeding, Landscape and Irrigation, Minor Concrete, Overhead Signs, Reinforcing Steel, Roadside Signs, Rock Slope Protection, Saw and Seal, Joint Seal Materials.
Quotes/proposals must be valid for 120 days.

Bidding documents are available for download, at no cost, through our procurement site, iSqFt. To receive information about access to iSqFt, please send an email to info@i5northcoast.com. Bidding documents can also be viewed at our office in San Diego, CA. Please call us at (760) 916-9151 to make an appointment to view the documents.

BID DEADLINE: Bids will be received in electronic format (PDF) via email at info@i5northcoast.com. Bids must be received on or before **12 pm on June 25, 2021.**

This project is subject to Title 49, Part 26 of the Code of Federal Regulations entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs." DBEs, as defined in Title 49 CFR, Part 26 are encouraged to participate in the performance of agreements financed in whole or in part with Federal funds.

In addition to participation from certified DBE firms, FSSW requests subcontractors to provide lower-tier DBE subcontractor and/or supplier participation. Bidders are required to indicate lower-tier DBE participation, at time of bid submittal, to be evaluated as part of their proposal.

FSSW analyzes and considers each DBE quote, including those that are broken down into economically feasible units to facilitate bidding. Assistance in obtaining bonding, lines of credit, insurance, equipment, supplies and materials is available upon request. Please contact us by phone at (760) 916-9151 or by email at info@i5northcoast.com if you require assistance.

Bonding Requirements: Notwithstanding any contrary language in a bid to Flatiron-Skanska- Stacy and Witbeck a Joint Venture ("FSSW") or any prior course of dealing between FSSW and a bidder, and unless waived in writing by FSSW, FSSW reserves the right, pursuant to Public Contract Code section 4108 and otherwise, to require each bidder to provide payment and performance bonds assuring bidder's obligations to FSSW in the amount of 100 percent of the bid to FSSW. FSSW will reimburse the bond premium at actual cost not to exceed 3%. The surety on the bonds must be a California admitted surety.

WE ARE AN EQUAL OPPORTUNITY EMPLOYER

Public Legal Notices

**CITY & COUNTY OF SAN FRANCISCO
DEPARTMENT OF PUBLIC WORKS**

**INVITATION FOR QUOTATIONS
Sourcing Event ID No.: 000005138
FILLMORE TURK MINI PARK RENOVATION
(REBID)
(PW FILLMORE TURK MINI PARK RENO)**

Quotations shall be submitted online via ShareFile until **2:30:00 p.m. on June 16, 2021.**

Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Public Works Electronic Bid Documents Download site at <https://bsm.sfdpw.org/ContractAdmin/Login.aspx>. Please visit the Contracts, Quotes and Payments webpage at <https://bidopportunities.apps.sfdpw.org> for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

The work to be done under this contract is located at Fillmore Turk Mini Park 1140 Fillmore Street, San Francisco, California and consists of site improvements with demolition and installation of, grading, drainage, planting and irrigation; concrete walkways and curbs, plumbing, sewer and related utilities and furnishings.

The time allowed for completion is 182 consecutive calendar days. The estimated construction cost is approximately \$500,000. Quotes in excess of \$706,000 may not be awarded through this informal bidding process. For more information, contact the Project Manager, J. Marien Coss by email: marien.coss@sfgov.org.

On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works project register and pay an annual fee to the California Department of Industrial Relations ("DIR").

No contractor or subcontractor may be listed in a bid or awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the Environment Code, "Clean Construction" is required for the performance of all work.

This Contract is subject to the requirements of Administrative Code Chapter 12X, which prohibits contracting in states with laws that allow discrimination. The City is prohibited from entering into any Contract with a Contractor that has its United States headquarters in a state on the Covered State List or where any or all of the work on the contract will be performed in any of those states on the Covered State List. Administrative Code Chapter 12X and a list of states on the Covered State List can be found at: <http://sfgsa.org/chapter-12x-anti-lgbt-state-ban-list>.

The Specifications include liquidated damages. Contract will be on a Lump Sum Bid Items basis.

Progressive payments will be made.

The Contract will be awarded to the lowest responsible responsive bidder. A quote may be rejected if the City determines that any of the bid item prices are materially unbalanced to the potential detriment of the City.

Only San Francisco Contract Monitoring Division (CMD) certified Micro-LBE contractors are eligible to bid on this Set-Aside Contract in accordance with Administrative Code Chapter 14B. Bid discounts, LBE Subcontracting Participation Requirement, and Good Faith Efforts are not applicable to this contract. Other CMD requirements shall apply. Certified Micro-LBE prime bidders must perform at least 25% of the contract work. For details, contact Dalmar Ismail by phone at (415) 581-2322 or by email at Dalmar.Ismail@sfgov.org

There is no pre-bid meeting.

For information on the City's Contractor Development Program, call (415) 986-3999 or email cdp@imwis.com

A corporate surety bond or certified check for ten percent (10%) of the amount bid must accompany each bid. Administrative Code Section 6.22(a) requires all construction greater than \$25,000 to include performance and payment bonds for 100% of the contract award.

Class "A" license is required to bid.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance

Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

If a bidder objects on any ground to any bid specification or legal requirement imposed by this Invitation for Quotations, the bidder shall, no later than the 10th working day prior to the date of Bid opening, provide written notice to the Contract Administration Division, San Francisco Public Works, setting forth with specificity the grounds for the objection.

Right reserved to reject any or all bids and waive any minor irregularities.

Please visit the Contracts, Bids and Payments webpage at <https://bidopportunities.apps.sfdpw.org> for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

Scope of Work: located at the Alemany Boulevard and San Bruno Avenue Interchange Intersection in

San Francisco, California and consists of construction of a shared bicycle / pedestrian walkway, pavement renovation, curb ramp and traffic island installations, drainage and landscape work, streetscape improvements, pedestrian lighting, traffic signal modifications, new traffic signals, traffic routing, and all related work. The time allowed for completion is 274 consecutive calendar days. The estimated construction cost is approximately \$1,800,000. For more information, contact the Project Manager Arun Bhatia by phone: (628) 271-2146 or email: Arun.Bhatia@sfdpw.org

On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works

project register and pay an annual fee to the California Department of Industrial Relations ("DIR").

No contractor or subcontractor may be listed in a bid or awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

This Project shall incorporate the required partnering elements for Partnering Level 1. Refer to Section 01 31 33 for more details.

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the Environment Code, "Clean Construction" is required for the performance of all work.

This Contract is subject to the requirements of Administrative Code Chapter 12X, which prohibits contracting in states with laws that allow discrimination. The City is prohibited from entering into any Contract with a Contractor that has its United States headquarters in a state on the Covered State List or where any or all of the work on the contract will be performed in any of those states on the Covered State List. Administrative Code Chapter 12X and a list of states on the Covered State List can be found at: <http://sfgsa.org/chapter-12x-anti-lgbt-state-ban-list>.

The Specifications include liquidated damages. Contract will be on a Lump Sum Bid Items With Unit Prices basis. Progressive payments will be made.

The Contract will be awarded to the lowest responsible responsive bidder.

A bid may be rejected if the City determines that any of the bid item prices are materially unbalanced to the potential detriment of the City.

Bid discounts may be applied as per Administrative Code Chapter 14B. LBE Subcontracting Participation Requirement is 25%. Call Selormey Dzikunu at (628) 271-2094 / (415) 939-9339 or Selomey.Dzikunu@sfdpw.org for details.

In accordance with Administrative Code Chapter 14B requirements, all bidders shall submit documented

good faith efforts with their bids, except those who exceed the above stated LBE Subcontracting Participation Requirement by 35%. Bidders must achieve 80 out of 100 points to be deemed responsive. Bidders will receive 15 points for attending the pre-bid conference, if scheduled. Refer to CMD Form 2B.

A pre-bid meeting will be held by conference call on Thursday, June 10, 2021 starting at 11:00 a.m.

Refer to Section 00 21 13 Appendix B for a guide to joining a Microsoft Teams meeting.

San Francisco

Phone Conference ID: 764 399 957#

For information on the City's Contractor Development Program, call (415) 986-3999 or email cdp@imwis.com.

A corporate surety bond or certified check for ten percent (10%) of the amount bid must accompany each bid. Administrative Code Section 6.22(a) requires all construction greater than \$25,000 to include performance and payment bonds for 100% of the contract award.

Class "A" license is required to bid.

In accordance with Administrative Code Chapter 6, no

bid is accepted and no contract in excess of Threshold is awarded by the City and County of San Francisco until such time as the Mayor or the Mayor's designee approves the contract for award, and the Director of Public Works then issues an order of award. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance.

This Project is subject to the requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Administrative Code Section 6.22(g). Bidders are hereby advised that the requirements of the Policy will be incorporated as a material term of any contract awarded for the Project. Refer to Section 00 73 30 of the Project Manual for more information.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

If a bidder objects on any ground to any bid specification or legal requirement imposed by this Advertisement for Bids, the bidder shall, no later than the 10th working day prior to the date of Bid opening, provide written notice to the Contract Administration Division, San Francisco Public Works, setting forth with specificity the grounds for the objection.

Right reserved to reject any or all bids and waive any minor irregularities.

New Research Highlights Challenges & Opportunities

Continued from page 1

The survey also found that standardized inputs were mostly used to track safety performance and labor productivity. On the other hand, tracking errors, omissions, and quality for closeout had the lowest usage levels.

So, why the focus on standardized inputs? It's simple: implementing consistent data standards has a major impact on data quality. The study found that most contractors consider the following benefits as either "high" or "very high":

- Accuracy of data that is captured (75%)
- Ability to do analysis with the data that is captured (74%)
- Completeness of the data that is captured (73%)
- Speed with which data can be captured (71%)
- Training required to use the software tools (65%)

Respondents also agree that not having standardized data inputs in technology tools can negatively impact their work. Forty-one percent said that non-standardized data input leads to inconsistent, inaccurate incomplete, and unusable data.

Clearly, contractors recognize the benefits of standardized data, but many still struggle with implementing it.

The study found that the majority of respondents (56%) feel they have an insufficient ability to fully explain or capture data. Forty-seven percent said their issue lies in the lack of clarity of captured data for later analysis, while 32% of contractors don't fully understand the options in standardized data inputs.

To manage the quality of non-standardized data inputs, most respondents (62%) say that they rely on experienced staff to complete data entries and use consistent terminology. This is concerning because being too dependent on key individuals will make it difficult for organizations to scale or replicate their processes.

Furthermore, only 17% of contractors say they have standardized terminology that allows users to consistently and accurately track information.

Growth Opportunities for Construction Analytics

One of the key benefits of using technology to standardize data inputs is it enables contractors to unlock valuable analytics and insights. This leads to more visibility into the performance of the business, which can help contractors reduce risk and improve project performance.

Most contractors already recognize the value of analytics, and according to the report, the top benefits that respondents see out of analytics are better predictability and control, better schedule performance, and less unplanned work.

When asked about the top analytics they conduct from data, general contractors indicated the following:

- Schedule impact (73%)
- Potential impact on project risk (41%)
- Response and turnaround time (37%)
- Frequency of project schedule updates (35%)
- Analysis to improve safety programs (28%)

Aside from the above, data can also be used to conduct root cause analysis — a practice that helps professionals identify systemic causes of project issues, particularly when it comes to areas like RFIs, quality, constructability, change orders, productivity, scheduling, and safety.

Unfortunately, only 23% of respondents report conducting root cause analysis on these issues. This isn't particularly surprising, because of the subjective nature of these processes. However, contractors can gain more accurate and reliable insights by implementing a root cause analysis that's backed by data. That's why organizations should consider developing standard terminology in order to pave the way for consistent root cause analysis.

In any case, survey results indicate that contractors are committed to using more data analytics in the future. Among survey participants, 80% of general contractors and 67% of trade contractors say they are planning to increase their use of data captured from software tools for analysis.

Bringing It All Together

To recap, tech usage is widespread in the construction industry, with the vast majority of contractors using software for key processes.

However, there is plenty of room for growth, particularly when it comes to data input standardization. Collecting data just for the sake of it isn't useful; contractors should also consider how the data they capture will be used and ensure that the practice is standardized across the organization. In doing so, they can access better analytics and make more informed decisions during and after projects.

As with any change, implementing new technologies requires modifying how contractors do things — and depending on the organization, this can be difficult. To overcome these challenges, contractors must be willing to adapt and put in the upfront work (i.e., training, documentation, standardization etc.) because when implemented correctly, consistent data capture and technology usage will pay dividends both in the short and long term.

[Download the report](https://constructionblog.autodesk.com/construction-data-standards/) to find out how other contractors are using software and data — and what you can do to get the most out of the construction technologies that you're using.

California Sub-Bid Request Ads

Sub-Bids Requested from qualified **SBE** Subcontractors and Suppliers For:

THE DIAMOND BAR GOLF COURSE PROJECT
SGVCOG CONTRACT/IFB NO. 21-03
Owner: San Gabriel Valley Council of Governments (SGVCOG)
Location: Diamond Bar, CA
Bid Date: June 8, 2021 @ 2:00 P.M.

667 Brea Canyon Road, Suite 30 • Walnut, CA 91789
 Phone: (909) 595-4397, Fax: (909) 444-4268
 Contact: Lori Olivas, lori.olivas@jfshea.com

J.F. Shea Construction, Inc. is soliciting your participation in the preparation of this bid. We are particularly interested in bids from subcontractors/suppliers for the following work items:

Demolition, Traffic Control, AC Paving, Aggregates, Golf Course Landscaping, Irrigation, Chain Link Fencing, Ready-Mix Concrete, Reinforcing Steel, Masonry, Structural Steel, Metal Framing & Drywall, Miscellaneous Metals, Architectural Casework, Waterproofing, Insulation, Roofing, Sealants, Metal Doors/Frames/Hardware, Wood Doors/Frames/Hardware, Overhead Doors, Aluminum Storefront, Lath & Plaster, Tile, Acoustical Ceilings, FRP Panels, Carpeting, Painting, Metal Louvers & Grilles, ID Devices, Lockers, Fire Extinguishers, Toilet Accessories, Fire Protection, HVAC, and Electrical

Plans and Specifications: All bid documents, plans and specifications will be available for download via the Agency's online bidding system PlanetBids at:

<https://pbsystem.planetbids.com/portal/15588/portal-home>.

Plans may also be viewed at the Dodge Plan Rooms or at our Walnut Office.

J.F. Shea Construction, Inc. is an equal opportunity employer and intends to negotiate in good faith with interested SBE firms and intends to utilize the lowest responsive bidder. J.F. Shea expects potential subcontractors to be bondable. J.F. Shea will pay for up to 1% for subcontractor bond costs. Subcontractors and Suppliers are expected to bid per plans and specifications, including requirements for warranties. Standard manufacturer's warranties, if not in conformance with owner's specifications, will not be accepted.

Kiewit Infrastructure West Co.
 10704 Shoemaker Ave., Santa Fe Springs, CA 90670
 Tel: (562) 946-1816 • Fax: (562) 946-3823
 Contact: Brandon Morlet • Email: Brandon.Morlet@kiewit.com

Owner: City of San Diego
Project Name: North City Water Reclamation Plant Flow Equalization Basin;
Bid No. K-21-1791-DBB-3-A
Location: 4949 Eastgate Mall, San Diego, CA 92121
Bid Date: June 22, 2021 at 2:00p.m.

Request for DBE sub-quotes

Kiewit Infrastructure West Co. ("Kiewit") is seeking quotes from qualified Disadvantaged Business Enterprises (DBE), including Minority Business Enterprises (MBE), Woman Business Enterprises (WBE), Small Business Enterprises (SBE), Small Business in Rural Area (SBRA), Labor Surplus Area Firms (LSAF), Historically Underutilized Business (HUB) Zone Small Businesses and all other business enterprises to perform as subcontractors, material contractors, and suppliers. DBEs must provide evidence of certification by the U.S. Environmental Protection Agency (USEPA), the Small Business Administration (SBA), the Department of Transportation's State-Implemented DBE Certification Program (with U.S. citizenship) (CUCP), Tribal, State, and Local Governments, or Independent Private Organization Certifications.

Kiewit will be requesting quotes for various areas of work listed in, but not limited to, the scopes of work below.
 Aggregate – ductile iron pipe – PVC – joint sealer – metal doors and frames – curb and gutter – ready mix supply – concrete reinforcing installation – post tensioning – shotcrete – metals – damp proofing and waterproofing – painting and coating – HVAC

Firms interested in receiving a bid package for this project must contact us at the e-mail address noted. Responding firms will be issued an "Invitation to Bid" through Kiewit's electronic use of SmartBid system (at no cost to bidder) with project information and bid instructions. Plans and specifications will also be available for review at the address listed below if requested.

This is a public works project and is subject to prevailing wage rates. Project is also financed in part by the California Clean Water State Revolving Fund (CWSRF), Drinking Water State Revolving Fund (DWSRF), Water Infrastructure Finance and Innovation Act (WIFIA) and is subject to federal funding requirements including, but not limited to the AIS Provisions, DBE Program requirements, California Labor Code and the Davis-Bacon Act.

Responsive bidders must possess a valid California Contractor's license (as appropriate) and provide acceptable insurance. Responsible subcontractors and material contractors will be required to provide bonding for 100% of their contract value. Kiewit will reimburse bond premiums. Firms performing any onsite work is signatory to collective bargaining agreements with the carpenters, laborers, cement masons, ironworkers, operating engineers and teamsters. Kiewit will consider quotes from any, and all bidders who demonstrate an ability to foster and maintain labor harmony on the Project.

Kiewit intends to conduct itself in good faith with all DBEs and all other business enterprises regarding participation on this project. For further information regarding this project, licensing, insurance or bonding, equipment, supplies, materials, or related assistance or services or project schedule, please contact the Lead Estimator listed below.

"Kiewit Infrastructure West Co. is an Equal Opportunity Employer. Employment decisions are made without regard to race, color, religion, national or ethnic origin, sex, sexual orientation, gender identity or expression, age, disability, protected veteran status or other characteristics protected by law."

Making Equity Real: Our 2021 Agenda for the California Legislature

Continued from page 2

for jobs, education, health and economic opportunity.

- Housing and Rent Relief.** The cost of housing represents an existential crisis facing California's communities of color. The governor's proposed \$7 billion allocation for Project Homekey — a program administered by the California Department of Housing and Community Development that funds cities, counties, and housing authorities to purchase and rehabilitate 46,000 units of housing, including hotels, motels, vacant apartment buildings and other buildings and convert them into interim or permanent, long-term housing — is an excellent step in the right direction. We also applaud his commitment of \$7.2 billion to help low-income tenants financially affected by the COVID-19 pandemic cover all of their outstanding rent and utility payments. We can never have a just economy until all Californians have safe, stable affordable housing, and Greenlining will continue to work on a long-term housing agenda.
- Stimulus Payments.** The governor's California Comeback Plan sets aside nearly \$12 billion for stimulus checks — \$600 payments for qualifying taxpayers. This is an essential step to help ensure that families still struggling due to COVID-related economic im-

pacts do not fall farther behind. We applaud the governor's plan and look forward to additional innovative thinking to address other areas of racial and social inequality.

THE CALIFORNIA LEGISLATURE CAN MAKE MEANINGFUL PROGRESS TOWARDS MAKING EQUITY REAL

At Greenlining we have always stressed that equity is not only a commitment, it is also a practice. Addressing the root causes of climate change and structural racism means equity must be core to the framework for action. Time and time again, we see equity treated as an afterthought or as a siloed strategy when in fact, to deliver meaningful equity outcomes and build a just economy, equity must be front and center and explicit in the approach.

Greenlining is sponsoring three pieces of legislation that practice real equity and get us closer to making it a reality in California.

SB 17 (Pan) -- Office of Racial Equity

SB 17 establishes the Office of Racial Equity and the Racial Equity Advisory and Accountability Council. Establishing an Office of Racial Equity will help the state turn its commitment to equity into actionable strategies in our immediate response to the COVID-19 crisis, our recovery efforts, and as the world reshapes the global economy. Addressing the root causes of structural racism across agencies means placing equity

at the core of everything state departments do. Developing a strong, cross-agency equity framework and strategy is essential to put California on a meaningful and effective path for success.

HR 39 (Gipson) -- Equity Impact Analysis of Legislation

HR 39 helps advance the state's health equity and economic recovery priorities by encouraging the California Assembly to explore methods to integrate equity more formally into its daily activities, including the potential adoption of equity impact analysis into the existing committee and floor bill analysis process. This resolution seeks to prevent unintended negative consequences from proposed legislation and help decision makers prioritize bills with the greatest impacts for vulnerable communities.

AB 13 (Chau) -- The Automated Decision Systems Accountability Act of 2021

As Greenlining pointed out in our recent report, algorithms -- more formally known as automated decision systems -- can have hidden biases that harm communities of color. AB-13 would require an "Impact Assessment" when a state agency seeks to procure a "high-risk" automated decision system that poses a significant risk to the legal rights, health and well-being of individuals, or otherwise has the potential to result in inaccurate, unfair, biased or discriminatory decisions. These impact assessments would require private developers to disclose to state agencies

and Californians how their ADS works, whether it's been tested for bias, and how to challenge an automated decision -- before the system is purchased and deployed. AB 13 will encourage software companies to develop their algorithmic systems with fairness, equity and accuracy in mind and it will help protect Californians from unregulated and unfair algorithmic bias.

THE PATH FORWARD TO A JUST ECONOMY

COVID-19 exposed, in the most vicious ways possible, all the inequities in our country. It clearly demonstrates that we belong to a larger, interconnected ecosystem that for too long has been dominated by a small minority in order to amass grotesque wealth at the expense of families, workers, and the natural world. Our response to this crisis represents an opportunity to meet those inequalities and injustices head-on to create a stronger and more resilient planet and people. Our state leaders have a responsibility to make sure we emerge from these crises better than we entered into it. These legislative and budget proposals represent critical first steps on a path away from systemic racism and toward an economy in which communities of color can build wealth, live in healthy places filled with economic opportunity, and are ready to meet the challenges posed by climate change.
