

Biden-Harris Administration Invests \$60 Million to Create a Climate-Ready Workforce

[Article originally appeared in www.commerce.gov]

The Department of Commerce’s National Oceanic and Atmospheric Administration (NOAA) opened a competitive funding opportunity for the Climate Ready Workforce for Coastal States, Tribes, and Territories Initiative to connect people across the country to good-paying jobs, such as landscape technicians, heat health outreach specialists and climate equity officers, that tackle the climate crisis and boost local resilience. NOAA will invest \$60 million total from the Inflation Reduction Act for the initiative — a \$50 million competitive funding opportunity and \$10 million for technical assistance to support applicants and grantees.

This announcement comes as a new Department of Energy report released yesterday found that last year, clean energy jobs increased in all 50 states and the District of Columbia, and is part of a larger job creation trend in sectors that tackle the climate crisis.

“A climate-resilient nation requires a climate-ready workforce,” said U.S. Secretary of Commerce Gina Raimondo. “Thanks to President Biden’s Investing in America agenda, we’re launching the Climate-Ready Workforce Initiative to provide major funding and assistance to qualified public, private and other organizations so they can train workers and help them find good paying jobs that will strengthen climate resilience and enhance their local economies.”

Image credit by <https://contractingwise.co.uk>

NOAA aims to grant between 10-20 awards under this competition, at amounts ranging from \$500,000-\$10 million each. NOAA is seeking qualified state, tribal, territorial and local governments, institutions of higher education, and non-profit organizations in coastal states or territories to lead partnerships to train and place workers in quality jobs that enhance climate re-

silience. Letters of intent are required and due by November 30, 2023 with applications due by February 13, 2024.

The Climate-Ready Workforce for Coastal States, Tribes, and Territories Initiative — released under the Inflation Reduction Act (IRA) — is jointly run by NOAA’s National Sea Grant College Program and Climate Program Office,

and leverages support from NOAA’s Office for Coastal Management.

“There’s a major need across coastal and Great Lakes communities for workers who are ready to address the challenges of climate change,” said Jonathan Pennock, Ph.D., director of the Na-

Treasury Department Releases Fact Sheet Detailing Investments in the Economic Future of Latino Communities

[Article originally appeared in <https://home.treasury.gov>]

The U.S. Department of the Treasury released a fact sheet detailing actions the Department has taken and their impact on Latino households, businesses, and communities. This fact sheet comes as part of the first Treasury Department summit on investing in the economic future of the Latino community.

When President Biden came into office at the height of the COVID-19 pandemic, what was already a health and economic crisis was made worse for Hispanic and Latino households and businesses, as well as other underserved communities, by a lack of adequate investment. This long-standing underinvestment constrained economic opportunities and contributed to economic disparities, such as lower home ownership rates.

Over the past two and a half years, the Treasury Department’s work to center equity in its pandemic recovery efforts delivered real results for the Latino community that aim to expand opportunities for all Americans to fully participate and compete in the 21st century economy – creating a blueprint for equitable implementation of other Biden-Harris Administration priorities and initiatives.

Key Treasury Department Actions:

- **Building the capacity of local governments to address systemic barriers to health, housing, and financial well-being for Latino households:** The Treasury Department prioritized equity in its spending guidelines for the American Rescue Plan’s (ARP) State and Local Fiscal Recovery Fund (SLFRF) – the largest-ever infusion of direct pay to state, local, and Tribal governments. To address both the disproportionate impacts of the pandemic and

historic underinvestment that left some communities more vulnerable, the Department provided a broad menu of services to enhance health, housing, employment, and economic equity in low-income and high poverty communities. For example, the Department provided Puerto Rico’s central and municipal governments approximately \$4 billion in SLFRF funds to respond to the public health and economic impacts of the pandemic, provide premium pay to essential workers, maintain vital public services, and invest in water, sewer, and broadband infrastructure.

- **Investing in financial institutions with a track record of delivering capital to Latino communities and businesses:** Through the Emergency Capital Investment Program (ECIP), the Treasury Department has invested \$1.6 billion in Latino-owned and

DEI: ACCESS TO CAPITAL

California Announces First Investment by Program Designed to Create More Inclusive Venture Capital Ecosystem

[Article originally appeared in <https://business.ca.gov>]

The state of California's Infrastructure and Economic Development Bank (IBank) announced the first investment by a new state program, Expanding Venture Capital Access. The program — the first venture capital (VC) program administered by the state — was designed to create a more inclusive VC ecosystem. Unshackled Ventures received \$4.1 million as the state's first investment.

Founded by immigrant entrepreneurs, Unshackled Ventures invests in visionary immigrant founders, providing the "friends and family" capital that immigrant entrepreneurs often lack, while also providing full support for the founders' immigration process, including sponsoring visas and offering a community of resources. These investments generate innovation and U.S. jobs.

"We are thrilled to announce this first investment from our new venture capital program," said

IBank Executive Director Scott Wu. "In spite of California's dominance in the VC industry, venture capital remains inaccessible to many entrepreneurs. Increasing inclusion in who receives VC funding starts with increasing inclusion in who manages VC funds — and both are critically important in the state's push toward equity."

While California is home to many of the world's top venture capital firms, the VC community is demographically concentrated, making it challenging for underserved investors and startups to access funding. Studies have shown that startups led by inclusive teams have generated better investment returns than teams that lack diversity.

The new venture capital program's primary focus is investing in underrepresented VC fund managers, including those in geographic areas that are socio-economically disadvantaged or that receive very limited VC funding. The program is also looking to make investments that promote climate equity and climate justice.

"We looked at where there were unmet needs in the VC world and you don't have to dig deep to see that we needed to expand access to venture capital beyond the usual suspects," added Wu. "This program allows us broaden our reach to those who haven't had the same access to opportunity."

"This is a momentous first step for the state of California's venture program," said IBank Deputy Director of Venture Capital Derrick Tang. "The team at Unshackled belongs perfectly within our mission — to help entrepreneurs gain access to a California dream, and help support an inclusive economy that is prosperous and representative of the people of our state."

"We founded Unshackled Ventures nine years ago with a simple mission — to help unrecognized and excluded immigrant entrepreneurs succeed faster," said Manan Mehta, Founding Partner of Unshackled Ventures. "We believe immigrants represent a national advantage, and by partnering with the state of California, the

state with the largest immigrant population in the country, we are confident that our efforts to drive more innovation and inclusion will result in more economic prosperity and American job growth."

The Expanding Venture Capital Access program is funded by \$200 million from California's \$1.2 billion allocation from the U.S. Treasury's State Small Business Credit Initiative (SSBCI), which provides capital to fund small businesses, including those that are socially and economically disadvantaged startups and investors. The program is administered by IBank — part of the Governor's Office of Business and Economic Development (GO-Biz) — in partnership with Cambridge Associates.

Interested VC fund managers can visit IBank's Expanding Venture Capital Access webpage to learn more.

DEI: ECONOMIC DEVELOPMENT

Remarks by Deputy Secretary of the Treasury Wally Adeyemo at the Black Economic Alliance

As Prepared for Delivery

Thank you so much, Sam, for inviting me to address the Black Economic Alliance's board today. You have been an incredible partner to the Biden-Harris Administration as BEA's President, serving as a sounding board for our proposals to advance racial equity, a thought partner who has brought new ideas to the table, and a fierce advocate who has championed our agenda and kept us accountable for our commitments to Black families, neighborhoods, and businesses.

I'm grateful for the chance to spend time with you as our country celebrates Juneteenth for the third time as a federal holiday, though the history of this celebration dates back to the 19th century. During his first year in office, President Biden

signed the Juneteenth National Independence Day Act, after years of advocacy from Black leaders like Representatives Barbara Rose-Collins and Sheila Jackson Lee, giving this day the recognition it deserves as a foundational moment in our nation's history.

Though it would take nearly another century for Black Americans to have the right to fully participate in our nation's political system and economy, Juneteenth represents a vital first step on that journey.

When President Biden took office, the COVID-19 pandemic was still ravaging communities across the country and causing untold economic hardship that hit Black Americans especially hard. The Black unemployment rate peaked at

16.8 percent in May 2020—meaning that more than one in six Black workers were unemployed. As jobless rates climbed, millions were put at risk of losing their homes to eviction. This risk was especially acute in Black communities, where Black renters have historically accounted for about one-third of eviction filings.[1] The President, Secretary Yellen, and our whole economic team knew that we were at a pivotal moment that could determine the economic trajectories of millions of Americans for decades to come. We viewed it as our responsibility to do everything in our power to prevent the economic scarring that can come with these shocks, the long-term damage that too often prevents people from ever getting fully back on their feet.

The President signed the American Rescue Plan into law to help our economy get out of this deep hole and back on the path to growth. And he made sure it included provisions that would give communities of color the support they needed to get through the pandemic and build a better economic future afterwards. This includes programs like the Emergency Rental Assistance Program, of which 46 percent of assistance went to Black families to prevent evictions, and programs like the State Small Business Credit Initiative, which includes \$2.5 billion in funding and incentives to support underserved small business owners. And these Treasury programs come on top of hundreds of billions in small business support

CALIFORNIA SUB-BID REQUEST ADS

401 W A Street, UNIT 1200, San Diego, CA 92101

REQUEST FOR DBE SUBCONSULTANT INTEREST

AECOM is bidding on the following project as a prime contractor:

City of San Diego
As-Needed Construction Management Services – Federal for Engineering & Capital Projects,
 Contract Number: H2326236, H2326237 & H2326238
Proposal Due Date: July 20, 2023 (4pm)

AECOM is seeking qualifications from certified disadvantaged business enterprises (DBEs) for the following work:
 Driller: perform geotechnical boring, sampling, monitoring well installation, downhole logging support, and associated services

- NAICS 541380 - Geotechnical (Soils)
- NAICS 541360 - Surveying Services (Not Aerial)
- NAICS 541330 - Engineering Consulting
- NAICS 541330 - Engineering Services, Professional
- NAICS 237310 - Construction Management Services
- NAICS 541990 - Cost Estimating Services
- NAICS 541350 & 237990 - Inspection Services, Construction Type

Experience providing similar services to the City of San Diego and a San Diego County business location is preferred.

This proposal is in alignment with the City of San Diego's DBE Guidelines and certified DBEs are encouraged to respond. The DBE program includes minority- and women-owned business enterprises (MBEs and WBEs).

Interested businesses should email a brief 1-2 page overview of their previous work with the City of San Diego and/or similar experience along with DBE documentation by **Wednesday, July 12, 2023**, to **Kristin Munson** at kristin.munson@aecom.com.

If requested, assistance is available in obtaining any necessary lines of credit or insurance; information related to work requirements; and necessary equipment, supplies materials, or related services. Because this is for as-needed services, no scope of work is provided.

Is requesting quotes from certified and qualified **DBE (MBE, WBE, SBE, SBRA, LSAF, Hub Zone)** Subcontractors, Suppliers, and Service Providers for the following (but not limited to) work:

SUBCONTRACTORS / SERVICE PROVIDERS

Asphalt Paving, Cable & Hand Railing, Cathodic Protection, CCTV Video Inspection, Cold-Planing, Compaction Grout, Concrete Flatwork, Dewatering, Electrical, Fencing, Ground Penetrating Devices, Hazardous Material Disposal, Hydroseed, Manholes, Manhole/Utility Adjusting, Monitoring of Contaminated Soil, Noise Monitoring, Potholing, Project Scheduler (CPM), Safety Representative, Saw Cutting, Sheet Pile, Shoring, Signage, Slurry Seal, Street Lighting, Street Sweeping, Striping, Survey, SWPPP, Systems Integration, Traffic Control, Traffic Signal, Trenchless Installation, Trucking, Vibration Monitoring, Video Recording of Existing Conditions, Water Treatment, Welding, Welding Inspection

SUPPLIERS

Aggregates, Asphalt Concrete, BMP's, Cathodic Protection, Conduit, Diesel Fuel, Equipment Rentals, Erosion Control, Fiber Optic Cable, Miscellaneous Metals, Pipeline Materials, Precast Concrete Structures, Pump Rentals, Ready Mix Concrete, Shoring, Traffic Control

Harvest Water Franklin / Eschinger Pipeline Project, Elk Grove CA
Contract Number #6023

 Phone (707) 759-6858
 An Equal Opportunity Employer

Disadvantaged Business Enterprise (DBE) Subcontractor/Supplier Bids Requested For:

Central Contra Costa Sanitary District
Solids Handling Facility Improvements, Phase 1A
District Project No. 7348

REVISED BID DATE: Thursday, July 13th, 2023 at 2pm

Email quotes to jmiranda@shimmick.com. Please submit your quotes no later than June 12th @ 5pm.

Shimmick Construction Company, Inc. is requesting quotes from **DBE** subcontractors and suppliers in the following scopes of work. We welcome and encourage quotes from all **DBE** firms, including **SBE, WBE, MBE, SBRA, LSAF** and **HUBZone** certified firms:

Structure Excavation; Structure Backfill; Paving Asphalt; Cast-In-Drilled-Hole Concrete Piling; Minor Concrete Structure; Concrete Curb & Sidewalk; Coring; Cutting Concrete/Excavation; Plumbing; Painting Structures; Low Voltage Electrical Systems; Drywall Construction; Casework; Construction Clean-Up; Demolition; Construction Staking; Land Surveyor; Construction Engineering and Inspection Services; Steel Structures; Misc. Iron & Steel Frame, Cover & Grate; Construction Equipment Rental; Construction Area Signs

Plans are available for viewing and downloading free of charge on PlanetBids <https://pbsystem.planetbids.com/portal/14663/bo/bo-detail/104900#bidInformation> (registration is required).

You may also contact Jamie Miranda at jmiranda@shimmick.com for a download link to view plans and specifications or to schedule an appointment via Teams to discuss the documents.

Meetings are held during regular business hours.

Should you require assistance with your bid, please contact our lead estimator Drew Weichert at dweichert@shimmick.com.

All items of work listed above are made available, even items of work normally performed by Shimmick. Please contact the lead estimator listed above for assistance with breaking down items of work into economically feasible units, with assistance obtaining equipment, supplies, materials, bonding, insurance, estimating, or related assistance. 100% Performance and Payment bonds with a surety company subject to approval of Shimmick Construction Company, Inc. are required of subcontractors for this project. Shimmick Construction will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest SCCI Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote. Shimmick Construction requires that Subcontractors and Suppliers price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation. For assistance with bonding, insurance or lines of credit contact Devin Nordhagen at devin.nordhagen@shimmick.com.

Anticipated funding sources for this Project include State of California's Clean Water State Revolving Fund (CWSRF), which is capitalized through a variety of funding sources, including grants from the United States Environmental Protection Agency (USEPA) and state bond proceeds. American Iron and Steel requirements, Davis-Bacon Act, California prevailing wage requirements, and Disadvantaged Business Enterprises (40 CFR Part 33) apply to this project.

Non-DBE firms are encouraged to contract with a group of lower tier DBEs or individual DBEs.

Plans are available for viewing through SmartBidNet (SBN). All companies already registered in our SBN database will receive an invitation to bid. Please email norcal.bids@kiewit.com to have your company added to our SBN database to be able to receive bidding information, Plans and Specifications.

Contract Documents and related Supplemental Project Information Available to Bidders can be downloaded from PlanetBids: <http://www.planetbids.com/portal/portal.cfm?CompanyID=14663>

Performance and Payment Bonds may be required for Subcontractors, and Supply Bond for permanent material Suppliers on this project. Bond requirement can be waived on a case by case basis. Please contact Kiewit for more information. Bond premiums are reimbursable by Kiewit. Please contact Kiewit for any assistance in bonding, insurance, equipment, materials and/or supplies. Subcontractors must possess & provide current California contractor's license number & DIR Registration number.

Subcontractors and Suppliers will be required to execute Kiewit standard agreements and agree to Kiewit standard general terms and conditions. Copies are available for review through our SmartBidNet (SBN) site.

ESTIMATOR: VICTOR LE

An Equal Opportunity/ Affirmative Action Employer

DeSilva Gates Construction (DGC) is preparing a bid as a Prime Contractor for the project listed below:

CALTRANS ROUTE 82 - CONSTRUCTION ON STATE HIGHWAY IN SANTA CLARA COUNTY AT VARIOUS LOCATIONS FROM KNICKERBOCKER DRIVE IN SUNNYVALE TO SAN MATEO COUNTY LINE IN PALO ALTO

Contract No. 04-4J89U4, Federal-Aid Project ACNH-P082(032)E

Disadvantaged Business Enterprise Goal Assigned is 21%

OWNER: STATE OF CALIFORNIA - DEPARTMENT OF TRANSPORTATION

1727 30th Street, Bidder's Exchange, MS 26, Sacramento, CA 95816

REVISED BID DATE: JULY 13, 2023 @ 2:00 P.M.

DGC is soliciting quotations from certified Disadvantaged Business Enterprises, for the following types of work and supplies/materials including but not limited to:

Clearing and Grubbing/Demolition, Cold Plane, Construction Area Sign, Electrical, Emulsion Supplier, Lead Compliance Plan, Minor Concrete, Minor Concrete Structure, PCC Paving, Roadside Signs, Soil Densification, Stamped Textured Paving, Striping, Survey/Staking, Temporary Erosion Control, Traffic Control Systems, Underground, Trucking, Water Trucks, Street Sweeping, Class 2 Aggregate Base Material, Hot Mix Asphalt (Type A) Material and Rubberized HMA (Gap Grade) Material

Plans and specifications may be reviewed at our offices located at 11555 Dublin Boulevard, Dublin, CA or 3855 N Freeway Blvd Suite 100, Sacramento, CA 95834, or at your local Builders Exchange, or reviewed and downloaded from the dropbox site at https://www.dropbox.com/sh/5rvdc1bvfba9l9/AABrd0ba51_kN3GtAeSfBUoa?dl=0 or from the Owner's site at www.dot.ca.gov/hq/esc/oe/weekly_ads/all_adv_projects.php

Fax your bid to (925) 803-4263 to the attention of Estimator Victor Le. If you have questions for the Estimator, call at (925) 829-9220. When submitting any public works bid please include your DUNS number and DIR number. For questions regarding registration for DIR use the link at www.dir.ca.gov/Public-Works/PublicWorks.html

If you need DBE support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (<http://californiasbdc.org>) or contact the California Southwest Transportation Resource Center (www.transportation.gov/osdbu/SBTRCs). DGC is willing to breakout portions of work to increase the expectation of meeting the DBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PREVAILING WAGE JOB. DGC is an Equal Opportunity/Affirmative Action Employer.

OCJ may require Performance and Payment bonds on subcontracts. OCJ will pay the bond premium up to 2% of the contract value. Please contact OCJ for any assistance required by your firm in obtaining bonding or insurance. The US Small Business Administration may also assist you in obtaining bonding - please see the following site for information: <http://www.sba.gov/content/contractors>. Visit the California Access to Capital Program Financing Solutions website for additional resources for your small business - http://www.calbizfinance.org/cal_cert_biz_program.html. OCJ is available to help obtain necessary equipment, material and/or supplies. All subcontractors are required to execute OC Jones' standard subcontract agreement, comply with all insurance requirements, and name OCJ as additional insured. Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.

Jacobs

ATTENTION: SUPPLIERS

Jacobs has been selected as the Design-Build Contractor for the **Donald C. Tillman (DCT) Advanced Water Purification Facility (AWPF)**. Jacobs would like to invite all interested businesses to submit Statement of Qualifications, including local, disadvantaged, minority, small and women-owned businesses (DBE, MBE, SBE, WBE) capable of supporting this project.

Jacobs is soliciting Statement of Qualifications for the following supplier packages: **Reverse Osmosis System, Membrane Filtration System** with a due date of **July 12, 2023**.

To learn more about the DCT AWPF project and to gain access to the prequalification documents, we invite you to contact Kelly Vorenkamp at the follow email: Kelly.Vorenkamp@Jacobs.com

CALIFORNIA SUB-BID REQUEST ADS

FLATIRON

Request for Quotes from Certified DBE/MBE/WBE Subcontractors and Suppliers

Project: Morena Pipeline • Bid No. K-23-2169-DBB-3-C

Owner: City of San Diego

Revised Bid Date: Bid Date: July 27, 2023, at 2:00 p.m.

CASRF and EPA Funded Contract
SWRCB DBE Forms are REQUIRED

DBE Participation Encouraged

Flatiron West, Inc. is bidding the Morena Pipeline, Bid No. K-23-2169-DBB-3-C, as a Prime Contractor and is requesting quotes for the following, but not limited to, scopes of work:

Subcontractors - Asphalt Paving, Cold Plane AC, Color Stamped Concrete, Concrete Barrier, Dewatering, Electrical, Erosion Control, Fencing, Guardrail, Minor Concrete, Reinforcing Steel, Saw and Seal PCC, Shoring, Striping, Traffic Signs.

Suppliers - Aggregate Supply, Concrete Supply, PCC Material Supply, Pipe Supply, Ready Mix Concrete Supply, Traffic Control Materials.

Services - Hazardous Material Disposal, Ground Penetrating Radar, Potholing, QC Testing, Street Sweeping, Survey, Trucking, Video Documentation, Water Truck.

PLEASE SUBMIT QUOTES TO socalbids@flatironcorp.com or by fax to (858) 271-1330.

Plans and specifications are available to download, at no cost, from the City of San Diego PlanetBids website at the following link: <https://pbsystem.planetbids.com/portal/17950/portal-home>. The Bid Documents are also available, at no cost, from Flatiron in electronic format or can be viewed at our offices in San Diego or Chino. Please call to request access or to make an appointment to view the documents at one of our offices.

This is an American Iron and Steel project. Quotations must be valid for same duration as specified by Owner for contract award. Flatiron analyzes and considers each DBE quote, including those that are broken down into economically feasible units to facilitate bidding. Flatiron intends to work cooperatively with all DBEs for scopes of work firms you are licensed and qualified to perform. Assistance referrals in obtaining bonding, lines of credit, insurance, equipment, supplies and materials is available upon request. Additionally, please contact us if you require technical assistance.

Subcontractors are required to possess and maintain a current contractor's license and must also be registered with the Department of Industrial Relations (DIR) as required by Public Contract Code Section 1725.5. Subcontractors will be required to execute Flatiron's Standard Subcontract Terms and Conditions and meet insurance requirements. A copy of our Standard Subcontract Terms and Conditions is available in electronic format upon request.

Notwithstanding any contrary language in a bid to Flatiron West, Inc. ("Flatiron") or any prior course of dealing between Flatiron and a bidder, and unless waived in writing by Flatiron, Flatiron reserves the right to require each bidder to provide payment and performance bonds assuring bidder's obligations to Flatiron in the amount of 100 percent of the bid to Flatiron. Flatiron will reimburse the bond premium at actual cost not to exceed 3%.

Non-DBE Subs/Suppliers: Indicate lower tier DBE participation offered on your quotation as it will be evaluated with your price.

FLATIRON

Project: Contract No. 11-430244 – Route 125/94 Slab Replacement - Place HMA, RHMA, slab replacement, and electrical work.

Owner: Department of Transportation (CALTRANS)

Bid Due Date: August 16, 2023, at 2:00 PM

Federal-Aid Project: ACSB1NH-P125(021)E

DBE Participation Encouraged

Request for quotes from Certified DBE Subcontractors and Suppliers for the following, but not limited to scopes of work: Aggregate Supply, Asphalt Dike, Asphalt Paving, Cold Plane AC, Concrete Barrier, Concrete Supply, Construction Area Signs, Electrical, Erosion Control, Fencing, Guardrail, Landscape and Irrigation, Minor Concrete, Misc. Iron and Steel Supply, Overhead Signs, PCC Material Supply, Pipe Supply, QC Testing, Railing, Ready Mix Concrete Supply, Roadside Signs, Rock Slope Protection, Street Sweeping, Striping, Traffic Control Materials, Underground (Cured in Place Pipeliner), Water Truck.

PLEASE SUBMIT QUOTES BY EMAIL TO SOCALBIDS@FLATIRONCORP.COM OR FAX TO (858) 271-1330

Plans and specifications are available, at no cost, from Caltrans <https://ppmoe.dot.ca.gov/des/oe/weekly-ads/oe-project.php?q=11-430244&sub=> (Registration Required). Additionally, plans and specifications are available to view at Flatiron's San Diego, CA and Chino, CA offices. Please call to make an appointment to view the documents.

This project has a 22% DBE Goal. In addition to request for participation from DBE subcontractors and suppliers, Flatiron requests non-DBE subcontractors to provide lower-tier DBE participation. Bidders are required to indicate lower-tier DBE participation information to be evaluated as part of their quote.

Quotes must be valid for same duration as specified by Owner for contract award. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Flatiron intends to work cooperatively with all firms for scopes of work you are licensed and qualified to perform. Assistance in obtaining bonding, lines of credit, insurance, equipment, supplies, and materials is available upon request. Additionally, please contact us if you require technical assistance.

Subcontractors are required to possess and maintain a current contractor's license and must also be registered with the Department of Industrial Relations (DIR) as required by Public Contract Code Section 1725.5. Subcontractors will be required to execute Flatiron's Standard Subcontract Terms and Conditions and insurance requirements. A copy of the document in electronic format is available upon request.

Bond Requirements: Notwithstanding any contrary language in a bid to Flatiron or any prior course of dealing between Flatiron and a bidder, and unless waived in writing by Flatiron, Flatiron reserves the right to require each bidder to provide payment and performance bonds assuring bidder's obligations to Flatiron in the amount of 100 percent of the bid to Flatiron. Flatiron will reimburse the bond premium at actual cost not to exceed 3%. The surety on the bonds must be a California admitted surety.

WE ARE AN EQUAL OPPORTUNITY EMPLOYER

\$60 Million to Create a Climate-Ready Workforce

Continued from page 1

tional Sea Grant College Program. "Sea Grant's innovative approach of providing science solutions to communities, along with the Climate Program Office's support of high-priority climate science will help tailor workforce solutions to address community needs."

These partners will work collaboratively with NOAA to support regional economies and their associated workforces in distinct sectors and industries by developing training and placement programs that help workers enter or advance into quality jobs focused on enhancing resilience to climate-related impacts.

"A skilled, diverse and fairly compensated workforce is essential to help bolster the nation's climate resilience," said Wayne Higgins, Ph.D., director of NOAA's Climate Program Office.

"Through this competition, we will partner with employers, trade organizations and community-based organizations. We will help partners leverage climate services so they can place training participants in good jobs that enhance climate resilience."

NOAA strongly encourages applications for projects that reach historically underserved communities and individuals. As a program included within President Biden's Justice40 Initiative, this opportunity will place special emphasis on supporting frontline communities — those who are the most vulnerable to and will be the most adversely affected by climate change and inequitable actions because of systemic and historical socioeconomic disparities, environmental injustice or other forms of injustice. Projects supported under the Climate-Ready Workforce initiative will con-

nect people with and train them for equitable, quality public and private-sector jobs.

All projects selected through this competition will be demand-driven and will support Americans in securing and retaining quality jobs that measurably enhance climate resilience in coastal states, tribes and territories. By participating in efforts funded by the Climate-Ready Workforce Initiative, people will be placed into jobs that measurably enhance their communities' resilience to climate-related impacts — while making those communities safer, more equitable and economically stronger.

Experts and resources from NOAA's Climate Program Office, Office for Coastal Management, and National Sea Grant Office and their partners will be available to provide technical assistance to applicants and recipients to support these innovative efforts.

This competition is one component of NOAA's Climate-Ready Coasts and Communities Initiative supported by Inflation Reduction Act funds. The Inflation Reduction Act is a historic federal government-wide investment that provides \$3.3 billion for NOAA to build on its commitment to help Americans — including tribes and vulnerable populations — prepare, adapt and build resilience to weather and climate events; improve supercomputing capacity and research on weather, the ocean and climate; strengthen NOAA's hurricane hunter aircraft and fleet; and replace aging NOAA facilities.

Deputy Secretary of the Treasury Wally Adeyemo at the Black Economic Alliance

Continued from page 2

provided by the Small Business Administration through programs like PPP, Economic Injury Disaster Loans, and many other lending programs.

These actions have led to historic economic gains for Black Americans over the last two-and-a-half years. In recent months, the job market has never been more favorable for Black workers. In April, Black unemployment fell to a record low of 4.7 percent—the first time it has even fallen below 5 percent.[2] At the same time, the gap between Black and white unemployment also hit its lowest level on record, at just 1.6 percentage points. That compares to more than three times that in 2020 and more than seven times that in 1983.[3] At the same time, the number of Black active business owners in the U.S. increased 9 percent from the first quarter of 2021 to the end of 2022.[4]

We helped avoid much of the economic scarring that has so often accompanied downturns. Our anti-eviction policies succeeded in preventing what many feared would be a tsunami of evictions in Black communities. In 2021, eviction filing rates in Black neighborhoods were just 5.3 percent—compared to a historical average of over 12 percent.[5] Our actions helped put an economic floor under millions of vulnerable Americans, especially in communities of color.

The Black Supplemental Poverty Measure—which accounts for government benefits—fell from 18.2 percent in 2019 to 11.2 percent in 2021,[6] while Black child poverty hit its lowest level since 2009.[7]

These are meaningful milestones that are indicative of our commitment to serving America's communities of color and to changing the landscape of economic opportunity. But recovery from the pandemic is not enough. Going forward, President Biden has put in place a legislative blueprint to create generational economic growth and wealth.

To start, the President's actions will help close the digital divide. Roughly 40 percent of Black households in America lack fixed, high-speed broadband access.[8] In both the rural South[9] and dense urban areas alike,[10] Black Americans are about twice as likely as their white counterparts to lack high-speed internet access. President Biden has given us the tools to address this disparity, including \$10 billion through the American Rescue Plan's Capital Projects Fund. Treasury is responsible for implementing this program and since last June we have awarded nearly \$7 billion for broadband projects that are connecting millions of Americans to high speed internet across the country. Coupled with the workforce investments we are making through the American Rescue Plan and CHIPS Act, this will turbocharge the gains Black workers have already made. For example, the CHIPS Act includes dedicated funding to support STEM programs at Historically Black Colleges and Universities and Minority Serving Institutions to help people of color enter the STEM workforce and benefit from the opportunities the CHIPS Act will create.

Alongside programs like SSBCI, Treasury has taken action through policy and collaboration with the private sector to expand capital access in Black communities.

Under the Emergency Capital Investment Program, we've invested nearly \$9 billion into financial institutions with a track record of reaching and serving communities of color—including community development financial institutions and minority depository institutions—to expand and enhance their lending activities and operations. Over \$3.1 billion of that amount was invested in minority depository institutions. We have been thoughtful about the way we have implemented this program, strategically incentivizing “deep-impact lending,” such as loans to low-income and minority borrowers and underserved small businesses, to help level the playing field for borrowers that face the greatest barriers to accessing capital. Meanwhile, Treasury's Community Development Financial Institutions Fund (CDFI Fund) has deployed historic amounts of grants to CDFIs and MDIs under this Administration, including \$1.73 billion to more than 600 CDFIs earlier this year, in April the largest program in history.

And thanks to our work with the Economic Opportunity Coalition (EOC), a group of nearly 30 private sector organizations and foundations working to support the Administration's economic agenda in underserved communities, we were recently able to announce that EOC members are putting over \$1 billion in deposits into

these financial institutions to help ensure that can fully take advantage of our capital investments.

We are also taking concerted steps to help ensure the economic opportunities created by the Inflation Reduction Act (IRA) and the transition to the clean energy economy are shared by all Americans, especially communities of color. For example, the investment tax credit for solar and wind projects includes a substantial bonus for facilities built in low-income communities. I've heard from Black communities directly—in roundtables at Treasury and on trips to places like Atlanta—about the ways this provision will enable them to make investments that will lower energy costs for their residents and create new jobs and economic opportunities.

According to outside estimates, the IRA will support as many as 9 million clean jobs.[11] We are working hard to ensure that communities of color are positioned to share equitably in these gains.

In my view, there are deep commonalities in the challenges facing different low-income communities—from rural white Americans who have been increasingly left out from economic opportunity to communities of color who too often never had it to begin with. Recently, I wrote a short blog post detailing the ways the approach to racial equity we are taking not only helps Black Americans but struggling white Americans too, as well as underserved communities across the country.

Investments in the Economic Future of Latino Communities

Continued from page 1

Latino-majority shareholder depository institutions. Based on preliminary analysis, the Department projects that investments across the entire ECIP portfolio may increase lending in Latino communities by nearly \$58 billion over the next decade. Additionally, in April, the Community Development Financial Institutions Fund (CDFI Fund) announced over \$1.73 billion of grant awards through the Equitable Recovery Program (ERP), which included many awards to community development financial institutions (CDFIs) that have strong track records of lending to minority borrowers and in majority minority census tracts. A key part of those ERP awards includes 70 grants totaling \$226 million to CDFIs in Puerto Rico – the largest infusion of ERP funding to any single state or territory.

- **Growing Latino-owned businesses by expanding financing and technical assistance:** According to outside research, Latinos start more businesses per capita than any other racial and ethnic group in the United States. Nearly one-quarter of all new entrepreneurs in 2021 were Latino. The State Small Business Credit Initiative (SSBCI) includes \$2.5 billion in funding and incentive allocations to support the provision of capital to underserved busi-

nesses – with \$1 billion of these funds to be awarded to the jurisdictions who are most successful in reaching underserved businesses. In addition to awards to states, tribes, and other territories, earlier this year Puerto Rico was approved for up to \$109 million in SSBCI funds to provide credit and investments in small businesses.

- **Supporting Latino workers in Puerto Rico:** To boost workers and small businesses across the Island, the ARP significantly expanded Puerto Rico's version of the Earned Income Tax Credit (EITC), quadrupling benefits for workers through the first federal enhancement to Puerto Rico's EITC since the credit was established nearly 50 years ago.
- **Connecting Latino families with tax credits:** Following the passage of the ARP, the Treasury Department implemented the expanded Child Tax Credit (CTC), under which tens of millions of eligible families received between \$250 and \$300 per child in monthly support from July to December 2021. Data released last year by the Census Bureau showed that the expanded CTC was the leading driver behind a 46 percent decline in child poverty in 2021 – cutting the annual child poverty rate to its lowest-ever recorded level including record lows in Hispanic child poverty. For Puerto Rican families in particular, the ARP broadened tax benefits at an unprecedented scale by

permanently expanding the CTC in Puerto Rico from families with three children to all families with at least one child. In 2022, the Treasury Department and the White House engaged in extensive outreach to ensure as many families as possible in Puerto Rico received the CTC, resulting in direct assistance to more than 250,000 families, a six-fold increase over the prior year, with an average benefit was \$4,700 per family.

- **Helping Latino families remain homeowners:** The reach of Homeowner Assistance Fund (HAF) resources to economically vulnerable and traditionally underserved homeowners has exceeded prior federal mortgage assistance and foreclosure prevention programs. As of December 2022, 57 percent of HAF assistance was delivered to very low-income homeowners, and 20 percent of homeowners assisted self-identified as Hispanic.
- **Helping Latino families avoid eviction:** The Emergency Rental Assistance (ERA) program was the first nationwide program aimed at preventing eviction through direct assistance to renters. As of December 2022, extremely low-income renters have received close to two-thirds of ERA assistance. Research has found that nearly one-third of rental assistance funds went to Hispanic households.
- Increasing federal business with Latino-owned companies: Procurement with gov-

ernment agencies plays an important role for many minority-owned businesses. The Biden-Harris Administration has set a goal to increase the federal government's contracts with minority-owned and small and disadvantaged businesses to 15 percent by 2025. At the Treasury Department, there has been a 23 percent increase in the dollar amount of prime contracts awarded to Hispanic owned businesses since FY 2020. In FY 2020, the Department awarded a total of \$100 million to Latino-owned businesses. By FY 2022, the Department has awarded over \$123 million to Latino-owned businesses. The Treasury Department has also designated two minority-owned financial institutions as financial agents of the government.

While significant progress has been made, much more remains. Among other initiatives, in the coming months, the Treasury Department will continue leading the implementation of key provisions of the Inflation Reduction Act, which will help create good-paying jobs and ensure all Americans benefit from the growth of the clean energy economy, particularly communities that have been left behind and harmed by pollution. As the Treasury Department continues to tackle both immediate and long-term structural challenges of the American economy, equity and racial justice will remain at the forefront of its work.

CALIFORNIA SUB-BID REQUEST ADS

EVENTS & SEMINARS

HEALTHCARE IS A HUMAN RIGHT

Request for Proposals Architectural Services

As a Federally Qualified Health Center (FQHC) designated by HRSA and pursuant to HRSA code section 330 of the PHA Act, Clinica Monsenor Oscar A. Romero, a California certified non-profit community clinic based in the Westlake District of the City of Los Angeles, is conducting an open competitive bidding process for proposals from qualified and certified architectural firms to design a new medical facility for purposes of providing mental health services made available by Clinica Romero.

The proposed location for the new facility will be adjacent to their current clinic space located at 2032 Marengo St., Los Angeles, CA 90033 (APN: 5201014023). A pre-bid walk will be held on July 7, 2023 at 10:00 A. M. and a sealed bid will be accepted on July 14, 2023 at 5:00 P.M. The proposed new construction will encompass a space approximately 17,000 square feet and is zoned C2-1CUGU under the Boyle Heights Community Plan. The new construction will accommodate, at a minimum, a large waiting room, a main front office/administrative space, and be able to hold at least 50 rooms for office, lab, and exam sessions. The facility will require approximately 110 parking spaces for staff, medical personnel, and visitors. The building must be fully ADA accessible and compliant with all state and federally recognized design standards. Some demolition of existing facilities will be required and should be incorporated into any cost estimate.

Clinica Romero was founded over 30 years ago to provide quality, affordable, and culturally- sensitive health care and other services to the underserved immigrant communities of Greater Los Angeles. Clinica Romero manages medical, dental, vision, behavioral health, pharmaceutical services, and other patient related programs. Clinica Romero currently operates community clinics in the Westlake, Boyle Heights, and Van Nuys neighborhoods of the City of Los Angeles and the City of Montebello, CA.

The focus of service at the new facility will be to provide comprehensive mental health services to the general public but with a special emphasis on the immigrant population in urgent need of mental health care. The new facility will serve patients suffering from symptoms of post-traumatic stress disorders (PTSD), high levels of stress, distress, and anxiety, resulting from trauma of mothers/children separations, violence, economic deprivations, war, domestic violence, and others.

For further information pertaining to this proposal request, please contact Wilfredo Ramos at (213) 447-0064 or by email at wramos@clinaromero.com.

SUCCESS STORIES

Ke'Anna Dodds, RUE Kitchen

[Article originally appeared in <https://cameonetwork.org>]

Ke'Anna Dodds is a classically trained private chef from Vista, California, who has worked for world-renowned chefs such as Wolfgang Puck and many others. Her business was thriving, and she was working with a growing number of regular clients.

Then the pandemic hit.

I couldn't work anymore because I couldn't just go into people's homes. Nobody wanted to be around anybody. So, I had to figure out another way to make an income.

— Ke'Anna Dodds

She decided to dust off the ingredient list for her homemade, vegan barbeque sauce. Ke'Anna first developed the sauce for her brother's sports fundraiser when she was 15 years old. The sauce was a hit and the food sold out immediately once word spread how great everything was. From then on, she was always asked at any family or friend gathering to make her special sauce.

She decided to professionally bottle the sweet glaze sauce and craft two new flavors—an all-purpose marinade and Caribbean jerk sauce. She launched the three products online, and RUE Kitchen was born.

Soon after launch, her condiments caught the attention of vegan social media star Tabitha Brown. The influencer used one of Ke'Anna's sauces in a video broadcasted to her more than four million followers. "I kind of blew up overnight, and I could not keep up with production," Ke'Anna says.

As exciting as it was to receive the attention, she quickly realized she needed a manufacturer to keep up with demand.

Her business was drowning in unfulfilled orders, with some customers waiting up to two months to receive their sauces.

Ke'Anna knew she needed capital to immediately upgrade her commercial production

equipment and contract a manufacturing facility to fulfill the orders.

So, she started searching for a business loan.

Obtaining the "right" startup capital

When food entrepreneurs seek funding, it can be challenging to accurately estimate how much money they'll need to fulfill inventory demands.

Ingredient prices can fluctuate daily, and they were even more volatile when Ke'Anna launched her business during the pandemic as supply chains were crippled. As a result, some of her sauce ingredients became unavailable, and replacements sometimes altered the taste or tripled the overall price. "It can be a little chaotic," she says.

People either want a percentage of your company, and they want to tell you what to do, or they want to give you way less than what you're asking for. And most banks are very cautious of taking risks with early-stage food businesses. And at the time when I was starting, we were going through a world crisis, so people were really trying to hold on to their money.

— Ke'Anna Dodds

If you're pursuing funding for a food business, Ke'Anna recommends carefully calculating the ingredient costs in price projections to leave room for growth and other factors. "At the end of it all, you may not realize that you needed that much money," she explains.

Calculating how much you need can be complex but finding startup capital is an even more significant challenge.

I don't know if I would have been able to keep the company going or if I would have just lost my drive and quit altogether because it just would have seemed like every door was shutting on me.

— Ke'Anna Dodds

Outside of a handful of banks with sky-high interest rates, she says the Economic Justice Fund (EJF) was the only financial institution

Ke'Anna Dodds is a classically trained private chef from Vista, California

to "give her a fair shot." "I appreciate it," she says. "Everyone else was just trying to take me for everything I had."

The money she needed and fast

Ke'Anna says that after discovering EJF through a referral, she polished her business plan and applied for financing. "The Economic Justice Fund has been a blessing, for sure!"

EJF approved her company for a loan in February 2021 to fund the manufacturing costs and provided a second loan a year later to jumpstart inventory for her BBQ sauce.

She says receiving the funds so quickly after approval was a game-changer in helping her continue fulfilling orders.

Without loans, she would have had to refinance her house

Receiving the capital to manufacture her sauces was crucial for Ke'Anna's RUE Kitchen to stay in business.

She says if she hadn't received the funds, her last resort would have been to refinance her

house and take out a loan on her home to keep the business afloat.

I've heard from other people who have received business loans...that it can take almost as long as the application process or longer to get the money once approved. Then it's three months later when you finally get the money. With the Economic Justice Fund sending the money within 24 hours of signing my loan agreement, I could start production with my manufacturer immediately.

— Ke'Anna Dodds

While she says business is still akin to a "roller coaster," she is excited about the future. You can find her vegan sauce products on her website, in select stores, and through online sellers, including Amazon and Walmart. Her next goal is to get RUE Kitchen sauces on the shelves of major big box retailers around the country.

Congratulations Precision Construction Services: The 2023 State Small Businesspersons of the Year for California.

Small businesses are the backbone of the economy and are vital to the vibrancy of the Central Valley and Central Coast of California. These small businesses not only create jobs and provide essential services but also have a significant impact on the economic growth and development of the communities they serve.

Each year, the Small Business Administration (SBA) recognizes the important role small businesses play in the economy, the SBA helps to

create an environment that fosters innovation, economic growth, and job creation. Recently, the SBA announced the "2023 Small Businesspersons of the Year" from each of the 50 states, the District of Columbia, and Puerto Rico.

Precision Construction Services (PCS), a leading construction company based in San Luis Obispo, CA. Was selected as the 2023 Small Businesspersons of the Year for the State of California. Founded in 2010, PCS has been providing construction services to commercial and residential clients in the Central Coast area, customer satisfaction has been at the core of PCS's business philosophy.

Administrator Isabella Casillas Guzman, head of the U.S. Small Business Administration stated, "Our 2023 State Small Businesspersons of the Year have given their all to achieve their American dream — to own and build a strong, resilient business; create jobs; increase competition and innovation and power America's historic economic recovery".

CalOSBA congratulates Precision Construction Services for a job well done in receiving this recognition.
