States Expand Apprenticeship Programs as Worker Shortages Grow

[Article was originally posted on www.governing.com]

By Carl Smith,

Every state in the continental U.S. has fully reopened and 70 percent of the jobs lost in the spring of 2020 have been recovered. But a mismatch between the needs of employers and the priorities, and supply, of workers is the bigger story.

Forty-six percent of small business owners surveyed in June by the National Federation of Independent Business had job openings they could not fill, more than double the average over the past 48 years. As many as 80 percent of employers contacted by the Conference Board say it's difficult to find qualified workers.

A Pew survey found that two out of three workers who became unemployed during the pandemic are reconsidering their choice of work. Job losses were more than twice as great for those in low-income jobs as for middle-income positions, and low-wage workers were shaken by the speed at which their jobs became disposable.

It's not hard to understand that a low-wage job would offer small prospect of relief after the stresses of the past year. For a family of four with one working adult, a minimum wage salary is less than half the living wage in every state in the U.S. If both parents work in minimum wage jobs, their earnings are still less than half what's needed to meet basic needs in 19 states and well below the cost of living in every other state.

An unprecedented combination of massive retirement rates, near zero growth in the working age population, declining workforce participation and lack of interest in "blue-collar" jobs has created a situation that "could easily develop into one of the worst labor shortages of the last 50 years," according to the Conference Board. No worker can be taken for granted at this juncture.

A system established to empower workers as the country emerged from the Great Depression is helping today's employers get the workers they need and clearing paths to middle- and high-income jobs.

Investing in Latinas is investing in the future

[Article was originally posted on www.calmatters.org]

By Cassandra Hernandez,

Hundreds of thousands of Latinas dropped out of the workforce over the past year. They were not just temporarily unemployed — they were forced to completely leave the labor market due to a safety net that often proved inaccessible and inequitable during the pandemic. Drastically affected by unemployment and heightened domestic responsibilities that reduced their ability to work, Latinas faced economic challenges that likely will take decades to overcome.

Fortunately, President Biden's American Families Plan and California's new Unseen Latinas Initiative may be part of the solution to getting Latinas, a workforce essential to prosperity, back to work.

Now more than ever, we need comprehensive social policies designed to help the women and children most affected by inequity but least represented in government relief and recovery efforts.

With low-income families already spending over a third of their income on child care, many mothers were forced to stay home when schools and day cares closed during

the pandemic. Among the hardest-hit Americans were Latinas. Almost 3% (337,000) of Latinas working in August 2020 had dropped out of the labor force by September. They experienced the highest decrease in labor force size of any demographic group in the U.S. In that single month, Latinas left jobs at three times the rate of their white counterparts. Since then, the number of Latinas in the labor force has fluctuated, but is still lower than it was in August 2020 and far below what it was pre-pandemic — 455,000 fewer Latinas were in the workforce in April 2021 than in March 2020.

It may be tempting to write this off as a consequence of a pandemic that had bad outcomes for everyone, but strong labor force participation of Latinas, one of the youngest and fastest-growing demographics, is necessary for positive economic growth. And in California, the largest state economy in the nation, where nearly 20% of the population is Latina, it is imperative to strengthen the Latina labor force with key investments, because their economic contributions are tied to the prosperity of all Californians.

At the state level, the Unseen Latinas Initiative, spearheaded by Assemblymember Lorena Gonzalez, puts a much-needed spotlight on the unique challenges Latinas face and the solutions required to meet their needs. At the same time, the American Families Plan, a \$495 billion investment to support children and families, could provide Latinas with the critical resources needed to prosper, including improved access to quality health care, food, housing, clothing and school supplies. It also would provide support to endure health crises, stay employed, return to work or continue searching for living-wage jobs that create avenues to social mobility and wealth creation.

The plan includes access to free universal preschool, a reform that would improve the educational attainment and upward mobility of families while also reducing gender and racial wealth gaps.

Research has shown that child care investments can increase women's presence in the workforce, which in turn can stimulate the economy, boosting the gross domestic prod-

Guide to Construction Equipment Management: Everything You Need to Know

[Article was originally posted on Autodesk Construction Cloud Blog. <https://construction.autodesk.com>]

By Anna Lazar,

Construction only grows more complex each passing year, if not each quarter. As these complexities increase and timelines grow tighter, the management of resources becomes increasingly important. Equipment makes up some of the most valuable assets in this category. These items are not only expensive to purchase but also to maintain. Studies show that the maintenance of construction equipment plays a role in about 40% of total project overrun costs.

Broken equipment has a domino effect on projects, leading to downtime, additional expenses, and frustrated owners. Putting more effort into planning the management of your equipment and its maintenance can improve project and financial outcomes.

Fortunately, prioritizing construction equipment management has proven to pay off. Today, we'll take a look at what successful equipment management looks like and the innovations to make the management process much more efficient.

What Is Construction Equipment Management?

As you probably guessed, construction equipment management refers to the administration of equipment used on construction projects. At a more detailed level, the practice encompasses the review of the equipment, its costs, and usage.

Construction managers want to ensure that the cost of the equipment pays off in the long run. Besides the cost of the equipment itself, there are expenses associated with operation, maintenance, usage, and storage. Construction managers study this information alongside upcoming and current projects to inform decision-making. Ultimately, the goal of these decisions is to generate the highest possible ROI.

Tips for Effective Equipment Management

Your construction equipment management system will vary depending on your needs. However, here are some key tips to making your system a success:

Determine the Right Tracking Workflows

To manage construction equipment successfully, start by establishing the right tracking workflows. This information should be used to drive decisions made by project managers, professional engineers, superintendents, owners, inspectors, etc.

Basically, you need insights to determine in real time if:

- The right equipment has been delivered
- The equipment has been installed
- The equipment has been inspected
- The appropriate data has been collected

With the right tracking workflows in place, this information can also be harnessed for more efficient handover and operations.

Set Up a Preventative Maintenance Program

Next, prioritize maintenance. Preventative maintenance is essential to extending the life of your equipment and avoiding costly repairs. As MacAllister puts it, "Preventive maintenance is more than regular maintenance like lubricating moving parts and changing filters. A proper preventive maintenance (PM) program is all-inclusive. It's an intentional approach to equipment management from the time equipment is purchased until the end of its useful life."

PM programs take action before wear and tear lead to major expenses or equipment failure. Through regular inspections, part replacement, testing, and analysis, you can improve the reliability, performance, and resale value of your fleet.

Create Collaborative Communications Plans for Equipment

Your frontline workers are the ones most likely to identify issues with equipment or delivery. For optimal usage, your team needs to be notified when equipment is on-site, on its way, or if any changes take place. By creating a collaborative communications plan, this information can get in the right hands at the right time.

The benefits of this type of plan for construction equipment management include:

- Proactively addressing damages, repairs, and delays
- Preventing people from using inoperable or damaged equipment
- Facilitating ordering of parts

Be sure to integrate cloud-based construction technology into your communications plan; that way, you can collaborate with stakeholders in real time and have a single source of information.

Monitor Your Equipment Smartly

Managing a fleet can make it difficult to know where your equipment is at all times. The same is true for scheduling maintenance across multiple items. IoT sensors can help to reduce the manual

States Expand Apprenticeship Programs as Worker Shortages Grow

■ Continued from page 1

Standards for Apprenticeship

In the late 1930s, the U.S. experienced a shortage of skilled workers. Training programs provided by unions and large corporations had been disrupted by the Great Depression. The Fitzgerald Act, known as the National Apprenticeship Act of 1937, established standards and responsibilities for apprenticeships, with the aim of ensuring that apprentices received adequate training and had real opportunities for advancement.

The national Registered Apprenticeship Program that developed out of the Fitzgerald Act is overseen by the U.S. Department of Labor (DOL) and is active in every state and territory. It is administered either by the DOL or by a state apprenticeship

agency; the directory for the National Association of State and Territorial Apprenticeship Directors includes members from 27 states, three territories and the District of Columbia.

Workers who graduate from apprenticeships registered with the DOL or a state agency earn an industry-recognized credential. This is a significant distinction from company-run training programs, says Patricia Morrison, director of the division of registered apprenticeship for the Virginia Department of Labor and Industry.

"A company program may be perfectly fine and good, but if it's not registered, apprentices don't get the same nationally portable credential," she says. "They're not really a journey worker."

Morrison is seeing a renaissance of interest in

the registered apprenticeship model, and a dawning recognition that it now encompasses many fields. "Some people think it's union construction programs only, but it's not," she says. "We are in IT, computer science, early childhood education, management — there are 1200-plus occupations that use this model."

Apprentices are paid from the day they begin, and if their jobs require academic training, the employer usually pays for it. This model benefits adult workers who yearn for a career change, but don't have the resources to quit working or pay to learn new skills. It offers high school graduates an alternative to accumulating college debt or joining the military to access VA education benefits, without closing the door on middle- and high-income employment.

Reconsidering the Holy Grail

Morrison acknowledges that not every job is an apprenticeable occupation. The model is most applicable to skilled, technical jobs that require a year or more to learn; some jobs in fields such as medicine are only accessible to those with advanced degrees. But apprenticeship agencies and employers are finding that, with creativity, the model can be adapted to more and more jobs, to the benefit of employers and workers alike.

Ready to Grow Your Business?

Small Business Loans California: Top Options in 2021

[Article was originally posted on www.fundera.com]

By Meredith Wood,

Small business loans in California are transparent and user-friendly—because they have to be. California recently signed into law SB 1235, which puts into place transparency requirements for small business lending that mirror the regulations that federal law places on consumer lending.

If you're borrowing for your small business in California, then you can rest easy knowing you're seeing the full picture—even when small business owners in other states, working with the same lenders, might not necessarily have access to as much information as you.

Searching for small business loans only locally available in California could make for even more transparent, community-based funding. Indeed,

small business loans specifically for California small businesses are some of the most affordable and growth-focused options in the nation.

Top 11 California Small Business Loan Options

Because of Senate Bill 1235, signed into California state law in October 2018, California is one of the very best states to be a small business borrower in. The state law requires all small business lenders to meet transparency requirements so that small businesses know exactly what they're getting themselves into when they sign a business loan agreement.

So, small business loans in California are, by law, more transparent and better for the borrower. On top of that, though, there are multiple state and local government-led small business loan programs that offer affordable funding to California small businesses in need of capital.

These two upsides combine to make California small business loans some of the very best in the nation, and we've compiled details on eleven of the best options here:

1. California Small Business Loan Guarantee Program

Small business loan guarantees are available for California small businesses through the California Small Business Loan Guarantee Program. This small business loan guarantee program is run by the Small Business Finance Center of the California state government in partnership with seven Financial Development Corporations. Through the California Small Business Loan Guarantee Program, the Small Business Finance Center provides 80% to 95% guarantees of the small business loans that FDCs lend directly.

To be eligible for the guarantee program, you'll need to run a small business in California with one to 750 employees. Some nonprofits will also be eligible. That said, the FDCs that lend directly through the program will have their own requirements, so be sure you meet those before applying to a given lender through this program.

Small business loans through the California Small Business Loan Guarantee Program can be as large as \$20 million, though can only come with guarantees of up to \$2.5 million. Repayment terms for these California small business loans will be at least seven years long but could stretch longer. Interest rates attached to these small business loans will vary based on which direct lender you fund with.

Please Contact Brosamer & Wall Inc. at the email listed below for the complete list of the Actual Available Project Bid Items.

Requirements: Brosamer & Wall, Inc. will work with interested subcontractors/suppliers to identify opportunities to break down items into economically feasible packages to facilitate DBE. Brosamer & Wall, Inc. is a union signatory contractor. Subcontractors must possess a current contractor's license, insurance coverage, valid DBEDVBE certification, DIR (Department of Industrial Relations) registration number for public work projects, and worker's compensation for the entire length of the contract. All subcontractors will be required to sign our standard Subcontract Agreement. 100% payment and performance bonds may be required. If you have any questions regarding this project or need assistance in obtaining/waiving insurance, bonding, equipment, materials and/or supplies please call or email Debby Pannell contact information below.

Plans and specifications can be viewed at our office located at 1777 Oakland Blvd Suite 300, Walnut Creek, Ca. 94596 or can be accessed for free at the Caltrans website: www.dot.ca.gov/hq/esc/joe. B&W will also make plans & specs available electronically. Please email Debby Pannell at dpannell@brosamerwall.com for free online link. Brosamer & Wall Inc. intends to work cooperatively with all qualified firms seeking work on this project. ****Submit ALL Bid/Quotes via email to estimating@brosamerwall.com or via fax at 925-279-2269 along with a copy of your CURRENT DBE/DBVE CERTIFICATION by 11am on bid day. Please include your CSLB License Number & DIR Registration Number on all bid/quotes.** Subcontractors, Dealers/Suppliers and Brokers please provide your designation code to us on or before September 2, 2021.

B&W, INC., IS AN EQUAL OPPORTUNITY EMPLOYER.

Investing in Latinas is investing in the future

Continued from page 1

Our state and federal government share a commitment to pulling our most vulnerable people from the shadows, distributing resources that have the potential to result in long-term economic growth, and closing gender and racial wealth gaps. Our legislators must be urged to support these investments. Doing so means investing in kids, families and the country's economic future.

Our state and federal government share a commitment to pulling our most vulnerable people from the shadows, distributing resources that have the potential to result in long-term economic growth, and closing gender and racial wealth gaps. Our legislators must be urged to support these investments. Doing so means investing in kids, families and the country's economic future.

SOURCE:

<https://calmatters.org/commentary/2021/07/investing-in-latinas-is-investing-in-the-future/>

Past policy interventions, expressed commitments to racial justice and attempts to bolster aid too often have failed to reach the most vulnerable communities, and the pandemic has underscored how vulnerable Latinas are to economic shocks.

California Sub-Bid Request Ads

FLATIRON

REQUEST FOR CERTIFIED
DBE SUBCONTRACTORS AND SUPPLIERS
Caltrans Contract 02-4H4404
Construction on State Highway in Plumas County/Butte County near Quincy, CA
DBE Goal 9%

Bid Date: November 18th, 2021 at 2:00 PM

****This is an Electronic bid submittal****
****Quotes not received by 11:00 AM on bid day may not be reviewed/evaluated****

Flatiron West, Inc. requests DBE subcontractor/supplier/service participation for the following items of work, but not limited to: CAS/Roadway Signs, Clear & Grub, Erosion Control, Landscaping/Irrigation, AC Paving, Cold Plane AC, CIDH, Rebar, Tie Back Anchors, Painting/Concrete Staining, AC Dike/Curbs, Fencing, Metal Railing, MBGR, Striping & Markings, Electrical, Minor Concrete, Ready Mix, Concrete Pumping, Underground Pipe Products (CSP), Misc. Iron & Steel, SWPP Plan, SWPP Materials, Lead Compliance Plan, Geotextile Materials, Formliner, Underground Precast, Street Sweeping, Traffic Control, Asbestos Monitoring and Biologist.

Non-DBE Subs/Suppliers: You will be expected to carry a proportionate percentage of 2nd-tier DBE participation with your quote. 2nd-tier DBE participation will be evaluated with your price.

100% performance/payment bonds will be required for the full amount of the subcontract price. Please contact Flatiron for any assistance to this solicitation, including obtaining bonding, insurance, equipment, materials and/or supplies. Provide subcontractor/supplier scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all quotes received. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operating Engineers, Laborers, Cement Masons, Carpenters and Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. Flatiron intends to work cooperatively with subcontractors and suppliers for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all certified firms. Flatiron will reimburse for bond premium up to 2%. **Firms must possess & provide current contractor's license number & DIR Registration number on the quote.** Firms must possess insurance and workers compensation coverage meeting project requirements. Waiver of Subrogation is required. Please contact Flatiron for any assistance required by your firm. Subcontractors/Suppliers will be required to execute our standard agreements and agree to the standard general terms & conditions. Copies are available for review on our Box.com ftp site upon email request.

To view and download projects docs for FREE from the Caltrans website you will need to "Create an Account" with Caltrans Connect. REQUEST FOR MBE/WBE SUBCONTRACTORS AND SUPPLIERS FOR:

**The Resurfacing and Safety Improvements on
Crow Canyon Road at Various Locations
Eden Township, Alameda County
Alameda County Project No. 8410
BID DATE: August 31, 2021 @ 2:00 PM**

We are soliciting quotes for (including but not limited to): Trucking, Temporary and Permanent Hydroseed and Erosion Control Measures, QC/QA Testing, Video/Photo Survey of Existing Facilities, Construction Survey, Monument Preservation, Safety Plan, Temporary Wildlife Fencing, Traffic Control System, Construction Area Signs, Portable Changeable Message Sign, Flashing Arrow Sign, SWPPP, Sweeping, Clearing & Grubbing, Modify Irrigation, AC Dike, Cold Plane AC, Structural Concrete, Structure Backfill, Rock Ballast, Filter Fabric, Rock Slope Protection, Gabion, Spiral Nail System, Adjust Utilities to Grade, Detectable Warning Surface, Minor Concrete, Survey Monument, Paint Curb, Fencing, Pavement Marker, Roadside Signs, Milepost Marker, Midwest Guardrail System, Alternative In-Line Terminal System, Guardrail Delineator, Striping & Marking, Rumble Strip, Electrical, Solar Powered Speed Display Sign, and Construction Materials.

Greg Souder (510-809-3430 gsouder@ocjones.com) is the estimator on this project and he is available to provide assistance or answer questions regarding the project scope of work including bid requirements, break out of bid items, plan or spec interpretation, bonding or insurance requirements, and other bid assistance. Plans and specs are available to review at our Berkeley office or can be sent out via Building Connected. PDF format quotes should be emailed to the estimator or faxed to 510-526-0990 prior to 12:00 PM on the date of the bid. Quotes from MBE/WBE Subcontractors, Suppliers and Truckers are highly encouraged. OCJ is willing to breakout any portion of work to encourage MBE/WBE participation. Subcontractors must possess a current DIR, Contractors License, and insurance and workers compensation coverage including waiver of subrogation. OCJ may require Performance and Payment bonds on subcontracts. OCJ will pay the bond premium up to 2% of the contract value. Please contact OCJ for any assistance required by your firm in obtaining bonding or insurance. The US Small Business Administration may also assist you in obtaining bonding - please see the following site for information: <http://www.sba.gov/content/contractors>. Visit the California Access to Capital Program Financing Solutions website for additional resources for your small business - http://www.calbizfinance.org/cal_cert_biz_program.html. OCJ is available to help obtain necessary equipment, material and/or supplies. All subcontractors are required to execute OC Jones' standard subcontract agreement, comply with all insurance requirements, and name OCJ as additional insured. Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.

Contact: Jean Sicard

REQUEST FOR **DBE** SUBCONTRACTORS AND SUPPLIERS FOR:

Silverado Trail Phase L Paving, RDS 20-04

Napa County

BID DATE: August 26, 2021 @ 11:30 AM

We are soliciting quotes for (including but not limited to): Trucking, SWPPP, QC/QA Testing, Temporary Traffic Control, Grinding, Monument Preservation and Survey Corner Records, Benchmark Verification, Raised Wells, Striping & Marking, Roadside Signs, and Construction Materials

Jean Sicard (510-809-3411 jsicard@ocjones.com) is the estimator on this project and he is available to provide assistance or answer questions regarding the project scope of work including bid requirements, break out of bid items, plan or spec interpretation, bonding or insurance requirements, and other bid assistance. Plans and specs are available to review at our Berkeley office or can be sent out via Building Connected. PDF format quotes should be emailed to the estimator or faxed to 510-526-0990 prior to 10:00 AM on the date of the bid. Quotes from DBE Subcontractors, Suppliers and Truckers are highly encouraged. OCJ is willing to breakout any portion of work to encourage DBE participation. Subcontractors must possess a current DIR, Contractors License, and insurance and workers compensation coverage including waiver of subrogation. OCJ may require Performance and Payment bonds on subcontracts. OCJ will pay the bond premium up to 2% of the contract value. Please contact OCJ for any assistance required by your firm in obtaining bonding or insurance. The US Small Business Administration may also assist you in obtaining bonding - please see the following site for information: <http://www.sba.gov/content/contractors>. Visit the California Access to Capital Program Financing Solutions website for additional resources for your small business - http://www.calbizfinance.org/cal_cert_biz_program.html. OCJ is available to help obtain necessary equipment, material and/or supplies. All subcontractors are required to execute OC Jones' standard subcontract agreement, comply with all insurance requirements, and name OCJ as additional insured. Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.

We are an Equal Opportunity Employer

Skanska-Coffman A Joint Venture
Subcontractor/Supplier Bids/Proposals Requested

ADP Airside Improvements Project
San Diego County
Owner: San Diego County Regional Airport Authority (SDCRAA)
Project #411001
Proposal Due Date: August 25, 2021 - 2:00 pm

Skanska USA Civil West California District Inc. and Coffman Specialties, Inc., a Joint Venture, is interested in soliciting in Good Faith all subcontractors and suppliers as well as certified DBE subcontractors and suppliers related to the scopes of work below

Plans & Specs may be obtained from the Airport Authority's Bid Management website:
<https://pbsystem.planetbids.com/portal/16725/portal-home>

Requested scopes include, but are not limited to the following and should be based on Contract and its amendments:

Striping, Implement BMP's, SWPPP, Temporary Erosion Control, Sweeping, Fencing, Excavation, Aggregate Base, Tack Coat, Cold Plane Asphalt Concrete Pavement, Remove Concrete Pavement and Base, Minor Concrete, Storm Drain, Signs, Electrical Systems, Trucking, Asphalt Paving, Dewatering, Wet Utilities, Storm Drain Filtration, Traffic Control, Cistern and Pump Control Room, and Cement Treated Base.

Requirements: Skanska Coffman a Joint Venture is an Equal Opportunity Employer and is requesting quotes from all qualified subcontractors and suppliers. Skanska Coffman a Joint Venture will assist qualified subcontractors, vendors, & suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a DBE Company, please provide your certification letter with your proposal. If you are a non-DBE, please indicate all lower-tier participation on your quotation as it will be evaluated with your price. In order to assist DBE subcontractors and suppliers, we will divide total requirements into smaller packages, tasks or quantities & establish delivery & construction schedules which will permit maximum participation when feasible. Subcontracting Requirements: Skanska Coffman a Joint Venture's insurance requirements are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products & completed operations agg. & general agg.; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., & a Waiver of Subrogation (GL & WC). **Other insurance requirements** may be necessary per RFP requirement. Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract by an admitted surety. Skanska Coffman a Joint Venture will pay bond premium. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Skanska Coffman a Joint Venture is signatory to the Operating Engineers, Laborers, Cement Masons, & Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract. Please note that all Contractors and Subcontractors must register with The DIR (Department of Industrial Relations) in order to bid on public works projects. Include CSLB License Number and DIR Number on All Quotes Submitted.

Skanska Coffman A Joint Venture is an Equal Opportunity/Affirmative Action Employer

Reduce builders' fees to make housing more affordable

[Article was originally posted on www.calmatters.org]

By Patrick Kennedy, CalMatters;
Darren Suen, CalMatters

As anyone who has tried to buy a home in the past year knows all too well, California's housing costs are soaring. The primary reason is basic economics – there is a strong demand for housing and a limited supply because not enough homes have been built over the past two decades to meet that demand.

But a recent study has made it clear that increasingly high fees charged to builders by cities, counties and special districts, and ultimately paid for by homebuyers, is a major cost factor as well, and one that can be addressed.

As elected officials working to add to our communities' housing supply and to improve affordability, we urge city councils, school boards and boards of supervisors around the state to ensure that their fees are appropriately scaled so that it's easier, not harder, for families to buy – and homebuilders to provide – the new homes our state so badly needs.

Builders have reported for years that high fees have been a problem in many coastal

areas. But a recent report prepared for the North State Building Industry Association shows that the total fee burden in our area now averages an astonishing \$95,000 for each new homebuyer.

Some of these fees pay for essential items — basic infrastructure like roads, water treatment, schools or parks. However, the study revealed that similar communities in the Central Valley and the Inland Empire region of Southern California — areas similar in nature and lifestyle to Sacramento — see much lower fees than Sacramento for these same amenities.

The fees in those two regions average a full \$40,000 per home lower than what Sacramento homebuyers generally pay. These findings clearly show that fees hurt the region's affordability and put homeownership out of reach for thousands of area families.

In our region, every \$1,000 increase in price prevents 936 families from affording an average home. That translates to some 37,000 local families who are being priced out from buying a new home right now.

The fees affect affordability for middle-income homebuyers as well as low-income families looking for government-sponsored housing options. Affordable-housing builders must pay fees as well. And when middle-

income families cannot afford a new home, it prevents them from moving out of their condos or smaller homes, creating gridlock and blocking opportunities for poorer families wishing to climb the homeownership ladder.

Eliminating the additional \$40,000 in government fees would save the average homeowner \$175 per month, \$2,000 per year and an incredible \$60,000 more over the course of a 30-year mortgage.

The study was conducted by Economic and Planning Systems, a firm that provides expertise on real estate and land use for public- and private-sector clients across the country. It recommends that local jurisdictions cut fees to spur more homebuilding to boost supply; reduce or remove unnecessary amenities to bring fees down; and use local funds for larger amenities that benefit entire communities.

Local governments throughout the state can examine how Lodi, Clovis, Riverside and Ontario have been able to keep fees so much lower than Sacramento before they approve new fees.

The Legislature is considering Assembly Bill 602 to standardize local fee calculations and to create greater accountability and transparency in fee calculations and

payment methods. This legislation should be passed, but with additional provisions so that local governments may reduce and eliminate unnecessary fees.

Also, because some fees are the result of state mandates for goals such as better water quality or helping fund affordable housing, other methods to fund these essential needs should continue to be explored to reduce the burden on the next generation of homeowners.

As discussions around a bipartisan federal infrastructure package and state budget talks continue, members of Congress and state legislators should be open to working further with local governments. Allocating funds to support broad societal benefits like parks, water and sewer infrastructure improvements and affordable housing would help ensure equity of these needs throughout the state.

Bringing housing demand and production into better balance would help improve affordability, but so would reducing costs to produce housing. And we know that is possible.

Popular Deep-Cleaning Operation Set to Expand with Intensive Focus on San Francisco's Neighborhood Corridors

[Article was originally posted on <https://sfmayor.org>]

San Francisco Public Works CleanCorridorsSF street cleaning crews will begin deploying on Thursday to a different commercial district weekly, tackling grime and graffiti to create a more welcoming environment

Mayor London N. Breed welcomed the kick-off this week of an expanded CleanCorridorsSF operation that deploys a large, coordinated team of Public Works street cleaners to different neighborhood commercial corridors to power wash and sweep the sidewalks, flush down the roads, dig out weeds and wipe out graffiti.

The program was tested over the last year as a pilot with crews providing intensive cleaning in a different neighborhood commercial corridor every week, focusing on five blocks over four hours. Starting Thursday, the operation will expand to eight hours a week and allow crews to deep clean at least 10 blocks – double the coverage as before.

This week's operation will put 15 Public Works street cleaners on Fillmore Street on Thursday, between McAllister and Pine streets. CleanCorridorsSF crews will be on the ground once a week, rotating through neighborhoods across the City, including the Castro, the South of Market, West Portal, the Ingleside, North Beach and the Haight.

Image credit by <https://sfpublicworks.org/cleancorridorsf>

The City's new budget included \$2.1 million for the expanded CleanCorridorsSF program. A companion workforce development operation, the Power Wash Mobile Team, received \$140,000 for a 6-month pilot that employs immigrants with barriers to employment to provide monthly steam cleaning services in Chinatown the Bayview, Visitacion Valley, the Richmond, the Sunset, the Excelsior, the Mission and the Fillmore. The stepped-up street cleaning efforts fall under Shine On

SF, a new public-private recovery initiative that aims to rekindle civic pride and improve the condition of San Francisco's streets and public spaces.

"These investments will go a long way in making sure that San Francisco shines," said Mayor Breed. "Keeping our neighborhoods clean creates a more inviting environment for our residents, visitors and businesses, and is especially important now as we're reopening and welcoming more people back.

But we know that the City and our nonprofit partners cannot do the job alone. It requires all of us to do our part. If you are able, volunteer at a neighborhood cleanup, contact 311 to report illegal dumping so we can clean it up quickly and, perhaps most importantly, help us get to a place where people won't feel it's OK to mess up our beautiful city in the first place."

San Francisco Public Works has street cleaning crews on the job around the clock. CleanCorridorsSF provides the department another tool to perform more intensive, proactive cleanups. In addition to the cleaning crews, Public Works will deploy outreach staff to let property owners, residents and merchants know how they can help keep their neighborhood clean.

"We saw firsthand through the pilot that CleanCorridorsSF gets welcome results," said Acting Public Works Director Alaric Degrafinried. "Now that we have additional resources to expand the operation, thanks to support from Mayor Breed, the Board of Supervisors and our community partners, we expect greater success in addressing the challenges of keeping San Francisco looking good."

Workforce Equality

Making Equity a Priority in the American Jobs Plan

Image credit by <https://greenlining.org>

[Article was originally posted on <https://greenlining.org>]

By Debra Gore-Mann,

At long last, infrastructure legislation based on President Biden's American Jobs Plan is moving forward in Congress. This represents a historic opportunity.

Too many Americans are suffering from the devastating effects of structural racism, decades of systemic disinvestment, and climate change. If we have learned anything from COVID, it is that one's economic security is inextricably linked to the environment, health, and access to economic opportunity.

President Biden's American Jobs Plan is a solid start, and rightly identifies the existential threats of climate crisis and pervasive racial injustice. But, the final legislation must incorporate racial equity into the design and implementation of the program to be successful. Lawmakers can look to the innovative approaches pioneered across California to see how they can address long-standing racial inequities and fight against global climate change.

As The Greenlining Institute noted in our letter to legislators, the American Jobs Plan can build stronger, healthier, more prosperous communities by emphasizing anti-racist and community-driven solutions. Here's how:

- **Climate Mitigation, Adaptation, and Resilience.** To build community resilience in response to climate change, we must actively include impacted communities in the design and implementation of solutions. Stockton has invested significant resources to develop climate action plans that bring green investments and address pressing, local environmental concerns, while allowing communities to determine the path forward. Programs like the Transformative Climate

Communities and Regional Climate Collaboratives show that by marrying community leadership with technical capacity, we can form enduring partnerships that combat racial equity, address climate resilience needs, and provide access to economic opportunity.

- **Just and Equitable Transition from Fossil Fuels.** Data from CalEnviroScreen show the uneven burden communities of color experience of higher rates of pollution inside and outside of their homes from fossil fuel appliances and closer proximity to power plants because of housing discrimination, and its economic impact. The American Jobs Plan can invest in fossil fuel-free technologies like building electrification to reduce health impacts and cost burden, extend access to affordable fossil fuel-free energy, and provide good jobs.
- **Clean Mobility and Vehicle Electrification.** Undoing the legacy of policies like highway construction that segregated communities of color and expanded our reliance on personal vehicles require solutions that explicitly address race. California's Sustainable Transportation Equity Project funds communities to make comprehensive investments in transit, mobility, vehicle electrification, and infrastructure. By incentivizing walking, biking, public transit, and shared transportation, we reduce emissions, improve mobility, reduce traffic, and create economic opportunity for communities of color.
- **Quality and Affordable Broadband.** Greenlining's research identifies that formerly-redlined neighborhoods are the same neighborhoods that now suffer from limited access to affordable technology and internet services. California's \$6 billion in investment towards open-access middle-mile fiber networks, municipal broadband and last

Image credit by <https://greenlining.org>

mile infrastructure provides a blueprint for the American Jobs Plan to address the digital divide and establish a sustainable path for long term wealth building that internet access affords. The significant broadband investment included in the current bipartisan infrastructure legislation represents a solid start.

Congress and the White House must take this once-in-a-generation opportunity to foster eco-

nomie prosperity, fight climate change, and advance racial equity. Only by facing the historic legacy of injustice with boldness and equity-centered solutions can we ensure that race is never a barrier to opportunity.

Public Legal Notices

OAKLAND UNIFIED SCHOOL DISTRICT

Oakland Unified School District
Department of Facilities Planning and Management
955 High Street Oakland CA 94601

REQUEST FOR QUALIFICATIONS AND PROPOSALS (RFQ/P)

DSA Certified Project Inspectors
for Various Measure Y Bond Program School Sites
August 11, 2021 (Issued)

Responses must be received September 1, 2021, no later than 2:00 p.m.

The Oakland Unified School District ("District") is requesting proposals from experienced firms, partnerships, corporations, associations, persons or professional organizations ("Consultants") to provide project inspection services associated with various Measure Y Bond Program school projects ("Project"). Upcoming projects requiring Project Inspectors include those currently in the design phases at Castlemont High School and Claremont Middle School

Interested firms are invited to submit a completed Statement of Qualifications ("SOQ") along with the Fee Proposal (collectively "RFQ/P Packet") as described below, with one (1) unbound wet-signed original, five (5) bound copies and a PDF version on a flash drive of requested materials to:

Oakland Unified School District
Tadashi Nakadegawa, Deputy Chief
Department of Facilities
Planning and Management
955 High Street, Oakland, CA 94601

Oral, telegraphic, facsimile and telephone RFQ/P Packets will not be accepted. RFQ/P Packets received after this date and time will not be accepted and returned unopened. The District reserves the right to waive any informalities or irregularities in the RFQ/P Packets. The District also reserves the right to reject any and all RFQ/P Packets and to negotiate contract terms with one or more Respondents.

Due to the circumstances caused by the Covid-19 pandemic, the District will accept electronic

Proposals sent via email in lieu of hard copies. Proposals received by the District no later than 2:00 p.m. (Pacific Time) on September 1, 2021 via email will be accepted (to Juanita Hunter at juanita.hunter@ousd.org and the contacts below).

If you have any questions regarding this RFQ/P please email Kenya Chatman, Acting Facilities Director at kenya.chatman@ousd.org, and cc: to Coland Jang at colland.jang@ousd.org.

LOCAL, SMALL LOCAL AND SMALL LOCAL RESIDENT BUSINESS ENTERPRISE PROGRAM The Local Business Utilization Policy requires that there is a mandatory fifty percent (50%) LBU participation with a 25% or less Local Business (LBE) participation and a 25% or more Small Local or Small Local Resident Business (SLBE/SLRBE) participation for all capital program/construction-related contracts and professional services agreements.

On April 28, 2021, the Board of Education amended the Local Business Policy which had named the City

of Oakland as the singular agency to certify local businesses to include five additional local business certifications. For businesses located in Oakland, Local Business and Small Local Business certifications may also be accepted from the Port of Oakland, Alameda County Transportation Commission, Alameda County Department of General Services, US Department of Transportation California Unified Certification Program, and the California Public Utilities Commission.

The District will follow the City of Oakland Small Business size standards in recognizing Small Local and Small Local Resident Businesses.

The full version of OUSD's latest Local, Small Local and Small Local Resident Business Enterprise Program can be found by going to the OUSD home page: ousd.org> Offices and Programs> Facilities Planning & Management Department> For Contractors and Developers> Bids and Requests for Proposals> Bid Information> 2014 and 2021 Amendments to Local Business Participation Policy.

OAKLAND UNIFIED SCHOOL DISTRICT

Oakland Unified School District Department of
Facilities Planning and Management
955 High Street Oakland CA 94601

REQUEST FOR STATEMENT OF QUALIFICATIONS AND FEE PROPOSALS (RFQ/P)

Site Survey Services
for Various Measure Y Bond Program School Sites
August 11, 2021 (Issued)

Responses must be received September 1, 2021, no later than 2:00 p.m.

The Oakland Unified School District ("District") is requesting proposals from experienced firms, partnerships, corporations, associations, persons or professional organizations ("Consultants") to provide site survey services associated with the creation of a pre-qualified pool of surveyors for future Measure Y Bond Program school projects.

The District educates approximately 35,500 students at eighty-one (81) school sites located in the City of Oakland; in addition there are 16,500 students in Oakland public charter schools with 43 charter schools in

District authorized facilities. Voters within the District have overwhelmingly supported the modernization and reconstruction of the District's schools. The District is about to commence the capital program as a part of the Measure Y Bond ("Measure Y Program") passed in November 2020 and has ongoing need for assistance with the planning, pre-design, design and construction phases of work on major renovation/reconstruction of its elementary, secondary and high schools. Attached to this Request for Qualifications/Proposals ("RFQ/P") is the District's List of Bond Projects as reflected in the approved bond measure that highlights the scopes and estimated costs of Measure Y Program projects (see Attachment 1).

Interested firms are invited to submit a completed Statement of Qualifications ("SOQ") along with the Fee Schedule Proposal (collectively "RFQ/P Packet") as described below, with one (1) unbound wet-signed original, five (5) bound copies and a PDF version on a flash drive of requested materials to:

Oakland Unified School District
Tadashi Nakadegawa, Deputy Chief
Department of Facilities
Planning and Management
955 High Street, Oakland, CA 94601

Oral, telegraphic, facsimile or telephone RFQ/P Packets will not be accepted. RFQ/P Packets received after this date and time will not be accepted and returned unopened. The District reserves the right to waive any informalities or irregularities in the RFQ/P Packets. The District also reserves the right to reject any and all RFQ/P Packets.

Due to the circumstances caused by the Covid-19 pandemic, the District will accept electronic Proposals sent via email in lieu of hard copies. Proposals received by the District no later than 2:00 PM (Pacific Standard Time) on September 1, 2021 via email will be accepted.

If you have any questions regarding this RFQ/P and/or submitting proposal electronically, please email Kenya Chatman at kenya.chatman@ousd.org and cc: to Coland Jang at colland.jang@ousd.org.

LOCAL, SMALL LOCAL AND SMALL LOCAL RESIDENT BUSINESS ENTERPRISE PROGRAM

The Local Business Utilization Policy 7115 requires that there is a mandatory fifty percent (50%) LBU participation with a 25% or less Local Business (LBE) participation and a 25% or more Small Local or Small Local Resident Business (SLBE/SLRBE) participation for all capital program/construction-related contracts and professional services agreements.

On April 28, 2021, the Board of Education amended the Local Business Policy which had named the City of Oakland as the singular agency to certify local businesses to include five additional local business certifications. For businesses located in Oakland, Local Business and Small Local Business certifications may also be accepted from the Port of Oakland, Alameda County Transportation Commission, Alameda County Department of General Services, US Department of Transportation California Unified Certification Program, and the California Public Utilities Commission.

The District will follow the City of Oakland Small Business size standards in recognizing Small Local and Small Local Resident Businesses.

The full version of OUSD's latest Local, Small Local and Small Local Resident Business Enterprise Program can be found by going to the OUSD home page: ousd.org> Offices and Programs> Facilities Planning & Management Department> For Contractors and Developers> Bids and Requests for Proposals> Bid Information> 2014 and 2021 Amendments to Local Business Participation Policy.

UNIVERSITY OF CALIFORNIA, IRVINE MEDICAL CENTER

NOTICE INVITING GENERAL CONTRACTOR PREQUALIFICATION

Prequalification Questionnaires will be received by the University of California, Irvine Medical Center (UCIMC) from general contractors wishing to submit bids for a lump sum contract for the:

**Project #1: B1A, Bsmt, Rm 0345,
CT #1 Replacement**

**Project #2: B1A, Bsmt, Rm 0119,
IR #10 Room Replacement**

PREQUALIFICATION: The University has determined that bidders must be prequalified for these projects.

DESCRIPTION OF WORK:

Project #1: B1A, Bsmt, Rm 0345, CT #1 Replacement – This project will replace the current Siemens Sensation 64-Slice and replace it with a Siemens SOMATOM Go-Top. The scope of work consists of renovating approximately 595 square feet and includes equipment, construction, and IT integration. The CT unit will be replaced, and improvements to Room 0345 will be completed, including mechanical modifications, electrical, concrete slab work, casework, flooring, shielding, and cosmetic improvements.

• **Estimated Cost: \$800,000**

• **Project Completion Time: 100 Calendar Days**

Project #2: B1A, Bsmt, Rm 0119, IR #10 Room Replacement

This project will replace the Siemens Angiograph unit with a new Philips Flex Vision Interventional Radiology unit. The scope will include the renovation of the approximately 1,500 SF to include the relocation of the Staff breakroom/locker room, the expansion of the existing IR # 10, construction associated to the installation of the new IR unit, IT integration, shielding, concrete work, flooring, casework and utility upgrade.

• **Estimated Cost: \$975,000**

• **Project Completion Time: 180 Calendar Days**

PROCEDURES: Prequalification Questionnaires available **Wednesday, August 11, 2021, 4:00 PM.** Contact Terri Kalwara @ tkalwara@hs.uci.edu or Kim Kerwin @ khau@hs.uci.edu.

QUESTIONNAIRE DUE DATE: Questionnaires must be received by **Wednesday, September 8, 2021 at 2:00 PM** only at UCIMC, Planning Administration, Building 27, Room 136, 101 The City Drive South, Orange, CA 92868.

GENERAL CONTRACTOR QUALIFICATIONS: Must have a current and active California CSLB "A" General Engineering or "B" General Building Contractor's license, insurance, bonding, safety, financial and claims history requirements. Must have completed a minimum of (3) projects in the last 7 years that meet all the criteria listed below and demonstrate the Contractor's ability to successfully complete the

project with respect to project size, scope, cost, use, complexity, etc.:

1. Completed (1) OSHPD-1 interior renovation or facility expansion in an occupied space of at least 2,000 SF with daytime work & minimum construction of \$750,000.
2. Completed (1) OSHPD-1 Imaging project at least 2,000 SF with a minimum construction of \$750,000.
3. Completed (1) OSHPD-3 Imaging project that included the management of electrical, plumbing and/or HVAC subcontractors at least 2,000 SF with a minimum construction of \$750,000.

Bidders not meeting the requirements of the prequalification questionnaire will not be eligible to bid.

Prequalification is solely for the purpose of determining bidders who are deemed capable of successful performance of the type of work included in this project. A contract will be awarded to the prequalified bidder submitting the lowest responsive bid.

The University reserves the right to reject any or all responses to this notice, to waive non-material irregularities, and to deem Contractors prequalified to submit proposals for the project. To prequalify, Contractors must agree to comply with all bid conditions including state prevailing wages, 10% bid bond, 100% payment and performance bonds, and insurance requirements. All information submitted for prequalification evaluation will be considered official information acquired in confidence, and the University will maintain its confi-

dentiality to the extent permitted by law.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Proposer may be required to show evidence of its equal employment opportunity policy.

No contractor or subcontractor, regardless of tier, may be listed on a Bid for, or engage in the performance of, any portion of this project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 and 1771.1.

This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

The successful Bidder shall pay all persons providing construction services and/or any labor on site, including any University location, no less than the UC Fair Wage (defined as \$13 per hour as of 10/1/15, \$14 per hour as of 10/1/16, and \$15 per hour as of 10/1/17) and shall comply with all applicable federal, state and local working condition requirements.

For other opportunities, please visit www.ucirvinehealth.org/planning-administration

CITY & COUNTY OF SAN FRANCISCO DEPARTMENT OF PUBLIC WORKS

Sourcing Event ID No.: 000002272
Contract No.: 100011946

PW PEDESTRIAN SAFETY IMPROVEMENTS VARIOUS LOCATIONS (PW PED SFTY IMP VL)

Bids shall be submitted online via ShareFile until **2:30:00 p.m. on September 1, 2021**, after which the bid opening will be conducted live online via Microsoft Teams. Contract Administration will email the Microsoft Teams meeting information to all Plan Holders approximately 24 hours prior to Bid opening. Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Public Works Electronic Bid Documents Download site at <https://bsm.sfdpw.org/ContractAdmin/Login.aspx>. Please visit the Contracts, Bids and Payments webpage at <https://bidopportunities.apps.sfdpw.org> for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

Scope of Work: located at Jones St/Ellis St, California St/Hyde St, 8th St/Minna St in San Francisco, California and consists of curb ramp construction, drainage work, traffic signal modifications, electrical work, structural work, traffic control, and all related work.

The time allowed for completion is 255 consecutive calendar days. The estimated construction cost is approximately \$900,000. For more information, contact the Project Manager Marcia Camacho by phone: 628-271-2405 or email: Marcia.Camacho@sfdpw.org.

On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works project register and pay an annual fee to the California Department of Industrial Relations ("DIR").

No contractor or subcontractor may be listed in a bid or awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

This Project shall incorporate the required partnering elements for Partnering Level 1. Refer to Section 01 31 33 for more details.

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the Environment Code, "Clean Construction" is required for the performance of all work.

This Contract is subject to the requirements of Administrative Code Chapter 12X, which prohibits contracting in states with laws that allow discrimination. The City is prohibited from entering into any Contract with a Contractor that has its United States headquarters in a state on the Covered State List or where any or all of the work on the contract will be performed in any of those states on the Covered State List. Administrative Code Chapter 12X and a list of states on the Covered State List can be found at:

<http://sfgsa.org/chapter-12x-anti-lgbt-state-ban-list>.

The Specifications include liquidated damages. Contract will be on a Unit Price basis. Progressive payments will be made.

The Contract will be awarded to the lowest responsible responsive bidder.

A bid may be rejected if the City determines that any of the bid item prices are materially unbalanced to the potential detriment of the City.

Bid discounts may be applied as per Administrative Code Chapter 14B. LBE Subcontracting Participation Requirement is 20%. Call Ivan Oldenkamp at 415-581-2310 for details. In accordance with Administrative Code Chapter 14B requirements, all bidders shall submit documented good faith efforts with their bids, except those who exceed the above stated LBE Subcontracting Participation Requirement by 35%. Bid-

ders must achieve 80 out of 100 points to be deemed responsive. Bidders will receive 15 points for attending the pre-bid conference, if scheduled. Refer to CMD Form 2B.

A pre-bid meeting will be held by conference call on Thursday, August 19, 2021 starting at 10:00 am.

Refer to Section 00 21 13 Appendix B for a guide to joining a Microsoft Teams meeting.

For information on the City's Contractor Development Program, call (415) 986-3999 or email cdp@imwis.com.

A corporate surety bond or certified check for ten percent (10%) of the amount bid must accompany each bid. Administrative Code Section 6.22(a) requires all construction greater than \$25,000 to include performance and payment bonds for 100% of the contract award.

Class "A" license is required to bid.

In accordance with Administrative Code Chapter 6, no bid is accepted and no contract in excess of Threshold is awarded by the City and County of San Francisco until such time as the Mayor or the Mayor's designee approves the contract for award, and the Director of Public Works then issues an order of award. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance.

This Project is subject to the requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Administrative Code Section 6.22(g). Bidders are hereby advised that the requirements of the Policy will be incorporated as a material term of any contract awarded for the Project. Refer to Section 00 73 30 of the Project Manual for more information.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

If a bidder objects on any ground to any bid specification or legal requirement imposed by this Advertisement for Bids, the bidder shall, no later than the 10th working day prior to the date of Bid opening, provide written notice to the Contract Administration Division, San Francisco Public Works, setting forth with specificity the grounds for the objection.

Right reserved to reject any or all bids and waive any minor irregularities.

Guide to Construction Equipment Management: Everything You Need to Know

Continued from page 2

nature of monitoring equipment and planning maintenance.

According to Leverage, construction equipment managers can leverage IoT technology to:

- Track equipment status and utilization
- Identify the location and status of equipment in real time
- Get instant notifications when equipment is moved off-site
- Monitor engine runtime

Benefits of Successful Construction Equipment Management

Setting up an equipment management system takes time. You might be wondering, "Is it really worth the effort?"

The answer, of course, depends on the benefits received by the system. You can expect to achieve the following advantages from successful equipment management:

- Better visibility into where equipment is located, its status, and how it's being used.
- Fewer delays and cost overruns. With real-time information at their fingertips, teams can make quick decisions about how to use equipment.
- Better safety standards as the equipment is kept up-to-date and maintained.
- Less downtime as equipment can be used as

soon as it's available.

- Reduced expenses in the form of costly repairs and project overtime.
- Cohesive data to help inform decisions about retiring, selling, or upgrading assets.

The Top Technology for Construction Equipment Management

As managers look for ways to improve the efficiency of their construction equipment, new innovations are coming to the forefront. Here are some solutions to keep in mind while building your system:

Intelliwave: With their SiteSense platform, you can manage all of your owned and rented assets in

one single location. The software makes it easy to locate, maintain, and track the utilization of equipment.

Atlas RFID from Jovix: Atlas RFID is an award-winning Material Readiness application from Jovix. Atlas RFID provides real-time visibility to all stakeholders throughout the supply chain. Employing a combination of web-based server software, mobile devices, and smart RFID tags and barcode labels, Atlas RFID removes impediments to productivity and ensures workers have the materials they need to spend more time on tools.

Milwaukee OneKey: As the industry's largest tracking network, ONE-KEY streamlines every-

thing from tool tracking to maintenance planning for Milwaukee tools and products. The solution includes asset ID tagging, equipment trackers, barcode scanning, and geofencing capabilities.

Linxup: Linxup helps you track data points for visibility into your fleet's location in real time, driver and operator behavior, maintenance, electronic driver logs, and more. Its devices use vehicle power, solar power, or rechargeable batteries to tell you where your assets are, where they're going, and how they're getting there.

TruckIt: TruckIt is a dispatching and electronic ticketing cloud-based platform. The dispatch side gives insights into owned and rented assets for optimal utilization. Its ticketing system automates paper tickets, time sheets, billing, and payments. This data can then be used for material delivery verification, driver performance insights, project yield, and ticket reconciliation.

Enhance Equipment Management Processes

Construction equipment management will help you reduce downtime and delays. In the event that you do encounter some downtime, you can use your time effectively based on the information gathered through your management system. That may look like scheduling maintenance, moving equipment into storage, or swapping out parts. As you refine your system, you'll discover ways to optimize the processes around construction equipment management.

Public Legal Notices

CITY & COUNTY OF SAN FRANCISCO DEPARTMENT OF PUBLIC WORKS

Sourcing Event ID No.: 000005084
GOLDEN GATE PARK
GOLF COURSE CLUBHOUSE
(PW GGP GOLF CLUBHOUSE)

Bids shall be submitted online via ShareFile until **2:30:00 p.m. on August 11, 2021**, after which the bid opening will be conducted live online via Microsoft Teams. Contract Administration will email the Microsoft Teams meeting information to all Plan Holders approximately 24 hours prior to Bid opening. Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Public Works Electronic Bid Documents Download site at <https://bsm.sfdpw.org/ContractAdmin/Login.aspx>. Please visit the Contracts, Bids and Payments webpage at <https://bidopportunities.apps.sfdpw.org> for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

Scope of Work: The project is to construct a new one story golf clubhouse building in replacement of the previous clubhouse building which has been previously demolished above grade. The new clubhouse building consists of an open area for retail and dining, a kitchen/bar with counter seating and built in seating, a commercial prep kitchen, administrative office, and all-gender restrooms accessed from the exterior. The building is wood frame on concrete mat slab, with steel columns, glue laminated wood beams and a cross laminated timber roof deck. The building features window walls of glass and patio doors that open out to a concrete patio. A fenced in utility and service yard is located at the south side of the building. The project includes grading, paving, and planted areas to

construct accessible parking spaces and new walkways and ramps connecting the clubhouse building to the existing driving cage.

The time allowed for completion is 270 consecutive calendar days. The estimated construction cost is approximately \$2,240,000. For more information, contact the Project Manager **Noah Levy** by phone: (628) 562-6633 or email: noah.levy@sfgov.org

On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works project register and pay an annual fee to the California Department of Industrial Relations ("DIR").

No contractor or subcontractor may be listed in a bid or awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

This Project shall incorporate the required partnering elements for Partnering Level 2. Refer to Section 01 31 33 for more details.

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the Environment Code, "Clean Construction" is required for the performance of all work.

This Contract is subject to the requirements of Administrative Code Chapter 12X, which prohibits contracting in states with laws that allow discrimination. The City is prohibited from entering into any Contract with a Contractor that has its United States headquarters in a state on the Covered State List or where any or all of the work on the contract will be performed in any of those states on the Covered State List. Administrative Code Chapter 12X and a list of states on the Covered State List can be found at: <http://sfgsa.org/chapter-12x-anti-lgbt-state-ban-list>.

The Specifications include liquidated damages. Contract will be on a Lump Sum Bid Items basis. Progressive payments will be made.

The Contract will be awarded to the lowest responsible responsive bidder.

A bid may be rejected if the City determines that any of the bid item prices are materially unbalanced to the potential detriment of the City.

Bid discounts may be applied as per Administrative Code Chapter 14B. LBE Subcontracting Participation Requirement is 25%. Call Selormey Dzikunu at (628) 271-2094 for details. In accordance with Administrative Code Chapter 14B requirements, all bidders shall submit documented good faith efforts with their bids, except those who exceed the above stated LBE Subcontracting Participation Requirement by 35%. Bidders must achieve 80 out of 100 points to be deemed responsive. Bidders will receive 15 points for attending the pre-bid conference, if scheduled. Refer to CMD Form 2B.

A pre-bid meeting will be held on Wednesday, July 28, 2021 at 10:00AM at the project site located at the Golden Gate Park Golf Course, 970 47th Avenue, San Francisco.

For information on the City's Contractor Development Program, call (415) 986-3999 or email cdp@imwis.com

A corporate surety bond or certified check for ten percent (10%) of the amount bid must accompany each bid. Administrative Code Section 6.22(a) requires all construction greater than \$25,000 to include performance and payment bonds for 100% of the contract award.

Class "B" license is required to bid.

In accordance with Administrative Code Chapter 6, no bid is accepted and no contract in excess of Threshold is awarded by the City and County of San Francisco until such time as the General Manager of the Recre-

ation and Park Department recommends the contract for award, and the Recreation and Park Commission then adopts a resolution awarding the Contract. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance.

This Project is subject to the requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Administrative Code Section 6.22(g). Bidders are hereby advised that the requirements of the Policy will be incorporated as a material term of any contract awarded for the Project. Refer to Section 00 73 30 of the Project Manual for more information.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

If a bidder objects on any ground to any bid specification or legal requirement imposed by this Advertisement for Bids, the bidder shall, no later than the 10th working day prior to the date of Bid opening, provide written notice to the Contract Administration Division, San Francisco Public Works, setting forth with specificity the grounds for the objection.

Right reserved to reject any or all bids and waive any minor irregularities.
