

# SBA Announces Over \$5 Million in Awards to Support STEM, R&D-Focused Small Businesses

Growth Accelerator Fund Awards \$150,000 to 35 Partnerships Across National Priority Areas

Image by DCStudio on Freepik

[ Article originally appeared in [www.sba.gov](http://www.sba.gov) ]

Administrator Isabella Casillas Guzman, head of the U.S. Small Business Administration (SBA) and the voice in President Biden’s Cabinet for America’s 33 million small businesses, announced the SBA’s 2023 Growth Accelerator Fund Competition Stage Two winners. Thirty-five award-winning accelerator partnerships will receive \$150,000 each to help advance equitable investment in innovative startups and high-growth small businesses across several priorities, including National Security & Global

Competitiveness, Domestic Manufacturing and Production, Climate and Renewable Energy, and Underserved Communities.

“Through the SBA’s 2023 Growth Accelerator Fund Competition awards, the Biden-Harris Administration is delivering on its commitment to entrepreneurship, competition, and equity,” said Administrator Guzman. “This network of accelerators will help ensure high-growth small businesses and innovative startups have access to resources and networks to scale in critical technologies across America.”

In 2023, the SBA introduced a new two-stage format for the Growth Accelerator Fund Competition. In May, Stage One Catalyze winners received \$50,000 to build capacity and connections across the U.S. innovation ecosystem, focused on themes of National Security & Global Competitiveness, Domestic Manufacturing and Production, Climate and Renewable Energy, and Underserved Communities.

The SBA awarded 40 Stage One prizes to organizations from 30 states and territories, including D.C. and Puerto Rico, and invited them to apply for Stage Two of the Growth Accelerator Fund Competition. During Stage Two, the SBA will provide \$150,000 to ecosystem partnerships led by Stage One winners to promote equitable access to resources and accelerate support to high-growth STEM and R&D-focused small businesses.

“These new Growth Accelerator partnerships will strengthen collaboration among local and national entrepreneurial organizations committed to enhancing the chance of success for science and technology driven companies to turn their innovations into impact,” said SBA Associate Administrator for Investment and Innovation, Bailey DeVries. “We’re thrilled to bring

# EPA Announces Five California 2023 Safer Choice Partner of the Year Award Winners

[ Article originally appeared in [www.epa.gov](http://www.epa.gov) ]

The U.S. Environmental Protection Agency (EPA) announced five Safer Choice Partner of the Year award winners from California, recognizing their achievements in the design, manufacture, and the selection and use of cleaners, detergents and other products with safer chemicals.

The Safer Choice program helps consumers and facilities like schools and office buildings find cleaning and other products containing chemical

ingredients that are safer alternatives for human health and the environment. Applicants for this year’s awards were encouraged to show how their work promotes environmental justice, bolsters resilience to the impacts of climate change, results in cleaner air or water, improves drinking water quality, or advances innovation in packaging.

“This week, we recognize outstanding Safer Choice partners and stakeholders who are working to make sure people have access to products with safer ingredients for people and the planet,”

said EPA Office of Chemical Safety and Pollution Prevention Deputy Assistant Administrator for Pollution Prevention Jennie Romer. “This year’s Safer Choice Partner of the Year awardees have worked to contribute to the Biden-Harris Administration’s goals of addressing per- and polyfluoroalkyl substances (PFAS), advancing environmental justice, and reducing plastic pollution.”

**The 2023 Safer Choice Partners of the Year in California are:**

**Apple (Cupertino)** – Apple encouraged industry adoption of safer chemicals and used safer chemicals in its own manufacturing processes. In 2022, Apple approved 58 new cleaners for use in its supply chain, totaling 133 safer cleaner and degreaser alternatives, and identified 19,000 unique uses of process chemicals. Through launching ChemWorks and IPC-1402 (a standard for greener cleaners used in electronics manufacturing), Apple supported safer chemicals across the industry.

**The Clorox Company (Oakland)** – Clorox has been a Safer Choice partner since 2007. 84% of Clorox packaging is recyclable, reusable or compostable, an 8% increase since 2021. All Clorox Safer Choice-certified products display the Safer Choice label on the front of the packaging. Clorox promotes transparency and consumer understanding through the SmartLabel platform and standardized terms for over 800 ingredients.

“Developing products that have Safer Choice or Design for the Environment certifications is an important part of Clorox’s integrated Environmental, Social and Governance goals that support healthy lives,” said Lisa Pankiewicz, Vice President Global Stewardship at The Clorox Company. “Products that contain these certifications provide consumers with the trust and confidence to make choices on which products are right for them and their families.”

**ECOS (Cypress)** – In 2022, ECOS submitted three new products for Safer Choice certification, reaching certification for 88% of their

## Major Surge in SBA Loans to Latino-Owned Businesses

[ Article originally appeared in <https://smallbiztrends.com> ]

By Small Business Editor

According to data from the U.S. Small Business Administration (SBA), Latino-owned businesses have witnessed a rise in loan support. The increase, over 1.5 times, showcases the dedicated efforts to foster equitable growth among small business owners.

The SBA's recent findings, unveiled in Orlando by Administrator Isabella Casillas Guzman alongside Congressional Hispanic Caucus (CHC) Chairwoman Nanette Barragán and fellow CHC members, paints a promising picture for the future of Latino entrepreneurs.

Considering small businesses' crucial role in the nation's economy, this upward trend in support could have significant implications. Latino-owned enterprises contribute more than \$800 billion annually, reinforcing the nation's position on the global competitive stage.

"We are seeing a small business boom and the fastest creation rate of Latino-owned businesses in over a decade," Guzman remarked. She attributes the positive trajectory to the Biden-Harris Administration's steadfast dedication to bridging historic gaps in lending, primarily to this vital entrepreneurial segment.

Backing her sentiments, CHC Chairwoman Barragán emphasized the administration's purposeful efforts. While acknowledging the long road ahead to ensure full equality, she praised the SBA and Biden Administration for enabling more Latino businesses across the U.S. to access crucial funding.

In FY 2023 alone, over 7,300 SBA loans, through the 7(a) and 504 programs, have been secured by Latino-owned businesses. This significant increase from previous years – with loans amounting to \$2.8 billion and comprising 12.2% of SBA-approved loans – reveals the administration's proactive approach towards inclusivity.

Recent data suggests a renaissance period for small businesses in the U.S., especially among

women and people of color. Since President Biden's inauguration, over 13.6 million new business applications have been filed, which is 65% higher than the pre-pandemic rate. Notably, the Latino-owned business segment has grown over 20% faster than before the pandemic.

Several Congress members, including Darren Soto and Maxwell Frost, have lauded the administration's efforts. Emphasizing the crucial role of Latino businesses in Florida and beyond, they credited the SBA's initiatives for offering lifelines to entrepreneurs often sidelined by larger financial institutions.

Key strategies propelling the growth include the expansion of the Community Advantage Program, the \$100 million Community Navigator Pilot Program from Biden's American Rescue Plan, and the recent launch of the Latino Prosperity Tour. Additionally, the administration has tripled the number of Women's Business Centers at Hispanic-Serving Institutions and introduced reforms to address enduring capital access gaps.

The SBA's primary business loan initiative, the 7(a) Loan, along with the 504 Loan program, are pivotal for many small business owners. With guarantees up to \$5 million and \$5.5 million, respectively, these loans enable entrepreneurs to secure working capital, among other essentials. Furthermore, the SBA's guarantee encourages lenders to support businesses that might not usually qualify, offering them better repayment terms and conditions.

This signifies a promising era for small business owners, especially in the Latino community. As the U.S. seeks to emerge stronger from global economic challenges, the Biden-Harris Administration's commitment to supporting all entrepreneurial sectors may pave the way for a more inclusive and thriving future.

# Jacobs

ATTENTION: SUBCONTRACTORS

Jacobs has been selected as the Design-Build Contractor for the Donald C. Tillman (DCT) Advanced Water Purification Facility (AWPF). Jacobs would like to invite all interested businesses to submit Proposals, including local, disadvantaged, minority, small and women-owned businesses (DBE, MBE, SBE, WBE) capable of supporting this project.

Jacobs is soliciting Request for Proposals for the following subcontractor packages: **Process Piping, Electrical, and Waterworks BIM Completion and Procurement Services** with a due date of **November 6, 2023**.

To learn more about the DCT AWPF project and to gain access to the prequalification documents, we invite you to contact Kelly Vorenkamp at the follow email: [Kelly.Vorenkamp@Jacobs.com](mailto:Kelly.Vorenkamp@Jacobs.com)

McCarthy Building Companies  
515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 | 623-202-5083

**Pure Water Project Las Virgenes-Triunfo**  
Location: 30800 Agoura Road, Agoura Hills, CA  
**RFP is due November 06, 2023**

The project includes the design and construction of an Advanced Water Treatment Facility (MF, RO, UV/AOP) and Reverse Osmosis Concentrate (ROC pipeline); the project will be designed with a focus on Workplace Quality and Safety, Reliability, and Resiliency.

Scope of Services requested in support of this project include Phase 1 Preconstruction Services required for the design, permitting, and GMP development of the AWPF Project and ROC pipeline; engineering, architecture, traffic design, geotechnical services, mapping, underground utility location, civil scopes, etc.

Additional outreach requests for statements of qualifications for scopes associated with Phase 2 and the Construction of this project would come at a later date.

We encourage **DBE/MBE/WBE/SBE/DVBE/OBE** subcontractors to submit. We will provide additional information, Request for Proposals and related project documents as required.

We are willing to assist all **DBE, MBE, WBE, SBE, DVBE, OBE** subcontractors in obtaining bonds, lines of credit, and/or insurance.

For additional information about this project or to submit qualifications please contact Curtis Horner at [chorner@mcCarthy.com](mailto:chorner@mcCarthy.com).

If interested in being considered to provide equipment, supplies, professional or construction services on our team, please submit a line card, capabilities statement, and rate sheets to the McCarthy team by **Wednesday November 1st, 2023**.

REQUEST FOR Sub-Proposals from Certified DBE Firms

Project Name: Admiralty Drive Bridge Rehabilitation (Over Queen Elizabeth Passage)  
FEDERAL AID PROJECT BRLO-5181(174)  
CC No. 1450  
Owner: City of Huntington Beach  
DBE Goal: 20%  
Engineering Estimate: \$2.7M

Subcontractors/Subconsultants/Vendors wanted for:

(Subcontractors): Scaffolding, Traffic Signal, Signage & Striping, Trucking, Electrical, Joint Seal, Reinforcing Seal, Tubular Handrailing, Concrete Barrier, Paint & Coating, Demolition, Lead & Asbestos Abatement, Asphalt Paving  
(Suppliers): BMP Material, Ready Mix Concrete, Joint Seal, Misc. Metals, Misc Concrete Supplies, Dowels, Bearing Pads, Waterworks, Stainless Steel Pipe, Structural Steel

Project Scope:

The Work of this contract will generally consist of abatement of lead and asbestos containing materials by a qualified abatement contractor; removal and replacement of concrete barriers and tubular hand railing; removal and replacement of concrete sidewalks and bridge deck; removal and replacement of street lighting; cleaning and painting the steel I-girders and other steel members; replacement of bearings; temporary installation of small cofferdam around 1 column of eastern bridge bent; removal and replacement of unsound concrete; removal and replacement of water mainline pipe; utility relocation; minor AC paving work; minor signing and striping work; and appurtenant work as required.

DeSilva Gates Construction (DGC) is preparing a bid as a Prime Contractor for the project listed below:

**JEPSON PARKWAY PHASE 2 PROJECT**  
Federal Project RPSTPL-5094(069), CIP 948  
Disadvantaged Business Enterprise Goal Assigned is 22%  
OWNER: CITY OF VACAVILLE – 650 Merchant Street, Vacaville, CA 95688

**REVISED BID DATE: OCTOBER 17, 2023 @ 2:00 P.M.**

DGC is soliciting quotations from certified Disadvantaged Business Enterprises, for the following types of work and supplies/materials including but not limited to:

AC DIKE, ADJUST IRON, CLEARING AND GRUBBING/DEMOLITION, COLD PLANE, CONSTRUCTION AREA SIGNS, ELECTRICAL, EMULSION SUPPLIER, EROSION CONTROL, FABRIC/GEOSYNTHETIC PAVEMENT INTER-LAYER, LANDSCAPING, MINOR CONCRETE, PAINTING, ROADSIDE SIGNS, SAWCUTTING, STRIPING, SWPPP/WATER POLLUTION CONTROL PLAN PREPARATION, TEMPORARY EROSION CONTROL, TESTING, TRAFFIC CONTROL SYSTEMS, TRAFFIC CONTROL/ENGINEER, UNDERGROUND, TRUCKING, WATER TRUCKS, STREET SWEEPING, HOT MIX ASPHALT (TYPE A) MATERIAL.

Plans and specifications may be reviewed at our offices located at 11555 Dublin Boulevard, Dublin, CA and 3855 North Freeway Boulevard, Suite 100, Sacramento, CA or at your local Builders Exchange, or reviewed and downloaded from the dropbox site at [https://www.dropbox.com/sh/5rvc1bwfbasgl9/AABbrd0ba51\\_kN3GtAESfBUoa?dl=0](https://www.dropbox.com/sh/5rvc1bwfbasgl9/AABbrd0ba51_kN3GtAESfBUoa?dl=0) or from the Owner's site at [www.vacavilleplans.com](http://www.vacavilleplans.com)

Fax your bid to (925) 803-4263 or email to [dgcstimating@desilvagates.com](mailto:dgcstimating@desilvagates.com) to the attention of Estimator David Czech. If you have questions for the Estimator, call at (925) 829-9220. When submitting any public works bid please include your DUNS number and DIR number.

For questions regarding registration for DIR use the link at [www.dir.ca.gov/Public-Works/PublicWorks.html](http://www.dir.ca.gov/Public-Works/PublicWorks.html)

If you need DBE support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (<http://californiasbdc.org>) or contact the California Southwest Transportation Resource Center ([www.transportation.gov/osdbu/SBTRCs](http://www.transportation.gov/osdbu/SBTRCs)). DGC is willing to breakout portions of work to increase the expectation of meeting the DBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PREVAILING WAGE JOB. DGC is an Equal Opportunity/Affirmative Action Employer.

**REQUEST FOR CERTIFIED DBE/SBE SUBCONTRACTORS & SUPPLIERS**  
Eastridge to BART Regional Connector (EBRC) Project  
Santa Clara Valley Transportation Authority (VTA), San Jose, CA  
Contract No. C20120  
**Revised Bid Date: October 26, 2023 @ 2 PM**    **EE \$300M to \$350M**    **8% SBE Goal**

**Quotes not received by noon on October 11th may not be reviewed/evaluated.**  
The Contract is subject to VTA's Small Business Enterprise (SBE) Program. The EBRC Project will extend light rail service approximately 2.4 miles along Capitol Expressway from the existing Alum Rock Light Rail Station South to the Eastridge Transit Center and 1.6 miles North from Alum Rock Station. The EBRC extension will operate primarily in the median of Capitol Expressway. The EBRC scope of work includes the construction of an aerial guideway (with Wall approaches), trackwork (direct fixation and ballasted tie), two passenger stations, systems (including two traction power substations), and minor road widening.  
**Bid Form 4 will be required from all DBE/SBE Firms. Bid Form 5 will be required from all listed Subs.**  
**Non-DBE/SBE Subs & Suppliers:** You will be expected to carry a proportionate percentage of 2nd-tier DBE/SBE participation with your quote. 2nd-tier DBE/SBE participation will be evaluated with your price.

**Flatiron requests DBE/SBE subcontractor, supplier & services participation for the following items of work, but not limited to:**  
Construction Area Signs, Clearing & Grubbing, Demolition, Shoring & Excavation, Glazing, Street Sweeping, Carpentry & Drywall, Fencing/Gates, Metal Railing, Ladders & Stair Nosing, Landscaping/Irrigation, Electrical & Street Lighting, Traffic Control, Station Canopies & Sheet Metal, Elevators, Post Tensioning, Plumbing, F&I Mechanical/HVAC Equipment, Roofing, Traffic Signals, Utilities, Water & Sewer Line Construction, Surveying, Erosion Control, Precast Piles, CIDH, Operated equipment, Ready Mix Concrete, Rebar, Concrete Pumping, Striping & Markings, Roadway Signage including Station and Track Signs, Signal & Communication Systems, MSE Material, VTA Track & Rail, including Tie-in, VTA Systems, Walkway/Combined Trough, Duct Banks, OCS, TES, PTFE/Bridge Bearings and Pads, Joint Seal Assembly, Grading, AC Paving, AC Dike, Asphalt Crack Sealing, Minor Concrete, Curb/Gutter and Sidewalk, Underground & Drainage, Misc. Construction Material Supplies, QC Testing & Laboratory, SWPP Plan & Materials, Geotextile Materials, Trucking & Water Trucking, Supply & Erect Structural Steel, Painting/Concrete Staining, Welding, Asphalt Membrane Waterproofing, Steel Pipe Pile, Welded Steel Pipe, Underground Pipe for Storm & Sewer, Underground Precast, Misc. Metals, Iron & Steel, Formliner, Sheet Pile Installation, Dewatering, Ballast (VTA), Tire Shred Vibration Damping Layer, Vibration Mitigation/Monitoring, Noise Mitigation/Monitoring, **See Specifications for additional scopes of work in Divisions 6, 7, 8, 9, 10, 13, 14, 15, 21, 22, 23, 26, 27, 28, 32, 33 and 34.**

100% performance/payment bonds will be required for the full amount of the subcontract price. Please contact Flatiron for any assistance to this solicitation, including obtaining bonding, insurance, equipment, materials and/or supplies. Provide subcontractor/supplier scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all quotes received. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operating Engineers, Laborers, Cement Masons, Carpenters and Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. Flatiron intends to work cooperatively with subcontractors and suppliers for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all certified firms. Flatiron will reimburse for bond premium up to 2%. **Firms must possess & provide current contractor's license number & DIR Registration number on the quote.** Firms must possess insurance and workers compensation coverage meeting project requirements. Waiver of Subrogation is required. Please contact Flatiron for any assistance required by your firm. Subcontractors/Suppliers will be required to execute our standard agreements and agree to the standard general terms & conditions. Copies are available for review on our Box.com ftp site upon email request.

Project documents are available for **FREE** download at the VTA's eProcurement website <https://secure.procurenow.com/portal/vta>. To download documents for this solicitation, Register as a vendor and sign up for notifications for your North American Industry Classification System ("NAICS") business codes at <https://secure.procurenow.com/signup>. Please check your email inbox and follow the instructions to activate your account. There is no charge for downloading these documents. Click on the name of the solicitation that you are interested in.

Project documents may also be viewed in our office by appointment only, or downloaded for FREE from our BOX ftp site. ## 2023 Safer Choice Partner of the Year Award Winners

### Continued from page 1

product offering and package labeling for 98% of their Safer Choice-certified products. In 2022, ECOS developed new laundry and dish packs, concentrated cleaners and detergent sheets designed to reduce or eliminate plastic packaging and diverted 4,500 tons of trash through waste reduction strategies, supporting EPA's goal of addressing climate change. ECOS uses 100% renewable energy in their facilities, which saves more than 28 million pounds of carbon dioxide emissions annually.

"ECOS is proud to be named a Safer Choice Partner of the Year for the seventh time," said Kelly Vlahakis-Hanks, president & CEO of ECOS. "For over 55 years, our mission has been to protect the health and wellness of people, pets, and the planet by creating the most authentic, sustainable, and affordable cleaning products for all. Consumers have a right to know what's in the products they bring into their home, and we're proud to partner with the EPA Safer Choice program to help them easily find safer cleaning products wherever they shop."

**Mighty Fire Breaker LLC (Rohnert Park)** – One hundred percent of the Mighty Fire Breaker product line is Safer Choice-certified, and all products display the Safer Choice label on the front of the package. Mighty Fire Breaker's liquid fire inhibitor, promoting water conservation, is the first fire defense product to earn Safer Choice certification, creating a new product category for the program. In 2022, Mighty Fire Breaker created a children's book on climate change challenges and the importance of reading product labels, looking for the Safer Choice label and knowing what's in products.

**Sensitive Home (Greenbrae)** – In 2022, 100% of Sensitive Home products were Safer Choice-certified products, and they all displayed the Safer Choice label on the front of the package. Sensitive Home includes the Safer Choice label and messaging about the program through their online store, print marketing materials and media outreach. All ingredients used by Sensitive Home are listed on EPA's Safer Chemical Ingredients list and/or on CleanGredients, a database of chemical ingredients pre-approved for use in Safer Choice-certified products.

"We are very thankful to again be chosen as one of this year's EPA Safer Choice Partners of the Year for the third year of our existence," said Gregory van Buskirk, co-founder and Chief Science Officer of Sensitive Home. "Our mission has been well-aligned with that of Safer Choice from the beginning, and to this day, every one of our products is certified by Safer Choice. Every time we develop a formula, our question is quite honestly, 'What would Safer Choice do?' As we strive to improve the lives of the sensitive community (and to 'Heal the World' as a whole), we are blessed to have as generous and helpful an ally as Safer Choice."

Many Safer Choice partners recognized by EPA across the nation have shown leadership and innovation in safer chemistry and sustainable packaging. Other winners are reducing plastic use and water consumption by offering their products as concentrates or tablets. These practices also lower greenhouse gas emissions by reducing the amount of product that must be transported. Additionally, many awardees worked to advance environmental justice through education on products with safer ingredients in underserved and overburdened communities.

J.F. Shea Construction, Inc.

**BIDDING OPPORTUNITY**

City of Cleveland with the following certifying authority:  
NEORS D MBE/WBE/SBE and Ohio EPA WPCLF

Inviting qualified contractors, specifically firms within City of Cleveland, to contact J.F. Shea Construction, Inc. (Prime Contractor listed below) regarding subcontracting services and material supply opportunities in connection with the upcoming tunnel and shafts project.

The Work under this contract is in Village of Cuyahoga Heights, Village of Newburgh Heights and the City of Cleveland, Ohio. The Work consists of:

#### SOUTHERLY TUNNEL AND CONSOLIDATION (SOTC)

Owner: Northeast Ohio Regional Sewer District  
3900 Euclid Ave., Cleveland, OH 44115

**BID DATE: November 30, 2023 at 1:00 PM**

667 Brea Canyon Road, Suite 30 • Walnut, CA 91789

Phone: 909-594-0990 • Fax: 909-869-0827

Send Inquiries/Certifications to Aimee Remo: [aimee.remo@jfshea.com](mailto:aimee.remo@jfshea.com)

Opportunities to participate exist in the following specific areas of soil excavation, hauling, excavation support systems, deep foundation system (slurry walls or secant piles, soldier beams), dewatering systems, structural steel, engineering, survey, geotechnical instrumentation and monitoring services, materials testing, demolition and site preparation, tree removal, aggregates and fill, traffic control, sewer tap and sewer bypass pumping, A/C paving, environmental investigation, utility relocation, paving, fencing and gates, planting and seeding, retaining wall, cured in-place concrete structures, cast-in-place pipe lining, reinforcing steel, ground stabilization, shotcrete, concrete finishing, miscellaneous metals, mechanical steel pipe, ventilation HVAC, precast concrete shaft covers, temporary office buildings/ services, Temporary electricians, waterproofing, service utilities, grouting, electrical/I&C, River bank stabilization, drilled shaft, pest control, IT services, waste disposal, cleaning services, and security.

Any business seeking to participate as an MBE, WBE, SBE, or Ohio EPA WPCLF MBE/WBE in the Contract that is not currently certified as set forth above review **40 CFR 33.204-33.205, certified by EPA Tere Henderson at 202-566-2222 or 13 C.F.R. Part 121 Northeast Ohio Regional Sewer District, Business Opportunity Program (BOP) or NEORS D/OCC at [neorsd.org](https://neorsd.org)** to obtain current certification.

J.F. Shea Construction, Inc. has an FTP site where you can view all plans, specifications and addendums for your convenience. Please contact Aimee Remo at (909) 594-0990, [aimee.remo@jfshea.com](mailto:aimee.remo@jfshea.com), to receive instructions on accessing the FTP Site.

### State Route 309 safer one year later

[ Article originally appeared in  
[www.transportation.ohio.gov](https://www.transportation.ohio.gov) ]

#### By Small Business Editor

One year after opening the State Route 309 roundabouts at Napoleon Road and Thayer Road, the Ohio Department of Transportation (ODOT) District 1 declares the project a safety success. Traffic crashes and injury rates have dramatically decreased at both intersections.

“As a traffic engineer, you understand why constructing a roundabout will improve safety, but seeing the numbers is definitely satisfying,” said ODOT District 1 Deputy Director Chris Hughes. “These roundabouts are most certainly saving lives,” he said.

Between January 2019 to May 2022, the State Route 309/Thayer Road intersection had 29 crashes, with one fatal crash and 16 injury crashes. Since opening in August 2022, four crashes occurred, resulting in one minor injury, and three with property damage only. Not only did the number of crashes per year drop but the injury rate went from 58.6% to 25%.

“We have certainly noticed a decrease in accidents,” said Crossroads Church of God Pastor Brian Robertson whose church on the southeast corner holds two services each Sunday morning and operates The Learning Tree day-care throughout the week.

The roundabout at State Route 309 and Napoleon Road also saw a safety improvement. Prior to the roundabout, 11 crashes were reported between January 2019 and May 2022 resulting in eight injury crashes. In the one-year period since the roundabout opened, one minor injury crash occurred.

“Things are going well,” said Mel Rentschler, superintendent of Allen East Local Schools, located on the northeast corner of the intersection. “The traffic really slows down and the roundabout makes the intersection 100% safer for the students and everyone in the community,” he said.

Both Robertson and Rentschler note that traffic moves more efficiently.

## TECHNOLOGY IN CONSTRUCTION

# What Construction Contractors Want Automated Now

[ Article originally appeared in <https://rhumbixcms.wpengine.com> ]

By Rhumbix

Imagine doing your job with the help of a personal assistant. Sound too good to be true? Today's construction software technology offers construction contractors many options for automating their daily processes. Whether your 'assistant' of choice is Alexa, Google, or Siri, a little automation can help you continue along during the workday.

Start with these three key elements:

### Timekeeping

There's a lot to think about in the field, safety (first!), communication, consistency, plans, and of course, the actual building process. Why add timekeeping to that already overwhelming list on the top of your team members' minds? With an automated timekeeping process, Foremen can log time for craftworkers right from their mobile devices.

This makes performance analytics and automated payroll possible on the management side, as timecards are automatically sent to your ERP system. By automating the timekeeping progress

and digitizing its systems, everyone is empowered to focus on the real task at hand: building the most impressive project.

### Payroll

Automation eliminates many of the payroll process and administration layers, allowing contractors to get paid more consistently and documented than ever before. Plus, the total expenditure of the budget can be easier tracked back at the office. Automated payroll? It's a win-win for everyone on the team.

### Performance Tracking

We know that craftworkers take pride in their work in the field and want to make communication of their progress as seamless as possible with the project manager. It is frustrating for contractors to receive delayed feedback, or none at all, because of an inability to reach the project manager quickly. The Rhumbix platform creates an effortless medium to digitally track progress and instantly send it to the project manager for feedback. Contractors are empowered to do their best work. Supervisors' work is also more straightforward, with a streamlined performance tracking process that aligns with their goals of mediating communication in and out of the field. With a motivated

Image by [www.viewpoint.com](http://www.viewpoint.com)

team and energized supervisor, automated performance tracking is a big plus.

## WORKFORCE DIVERSITY

# How the Construction Industry Is Working to Increase Diversity and Inclusion

[ Article originally appeared in [www.uschamber.com](http://www.uschamber.com) ]

Disparities in infrastructure have cost too many communities valuable resources, time, effort, and money, leading to fewer opportunities for economic growth. For many communities – whether minority, Appalachian, tribal, urban, or rural – the dream of an inclusive social and economic infrastructure is still not a reality.

The U.S. Chamber of Commerce supports inclusive infrastructure investments for the simple fact that equality within infrastructure can lead to closing the opportunity gap that still impacts so many Americans in the 21st century. The recently passed Infrastructure Investments and Jobs Act (IIJA) can transform these communities that have been historically underserved and left behind as well as significantly improve the quality of life of ALL people.

One key to inclusive infrastructure investment is improving diversity and inclusion in the construction industry. The Associated General Contractors released a report in 2018 outlining six reasons why diversity and inclusion

are strategically valuable in generating corporate/industry innovation, increasing profitability, and ensuring a positive and sustaining legacy of progress. As the report states, "the arguments presented for a company including diversity and inclusion as a key business strategy go beyond the moral imperative of 'doing the right thing' and focus on the measurable and tangible financial results that can be achieved with effective implementation."

According to data from the Bureau of Labor Statistics, in 2021 only 9.9% of construction professionals were women, 6.2% were Black, and 2% were Asian. Workplace diversity adds creativity to an otherwise homogeneous group, increasing workplace productivity and performance alongside new perspectives. The Associated General Contractors highlight that diverse suppliers not only meet or exceed expectations but also generate positive financial

returns. It is imperative that every company comes together to cultivate change among themselves and industry partners.

Last week we celebrated Construction Inclusion Week, an industry-wide awareness effort that fosters conversations among industry leaders and businesses around the construction industry's efforts to increase diversity and inclusion among contractors, subcontractors, and suppliers.

Construction Inclusion Week provides educational and business resources for the construction industry, including live-streamed content, facilitator tools, and robust curriculum. By participating in Construction Inclusion Week companies made a pledge and took action to jumpstart important conversations and work together to implement measurable change. Only when the business community comes together to work collaboratively will we be able to see concrete change and move our nation forward.

## The Department of Elections Encourages All San Franciscans to Help Choose the Next "I Voted!" Sticker

[ Article originally appeared in <https://sf.gov> ]

Over the last week, the Department of Elections' sticker contest panel has evaluated over 500 "I Voted!" sticker designs submitted by contest participants and narrowed down the submissions to nine finalists. Now it is time for the public to choose their favorite!

"The engagement and creativity we've seen from San Franciscans has been incredible," said Director John Arntz. "We are now looking forward to seeing what the residents of our city want to use for their "I Voted!" stickers in the 2024 elections. We encourage everyone to have a look and to make a choice, either online, or here at City Hall!"

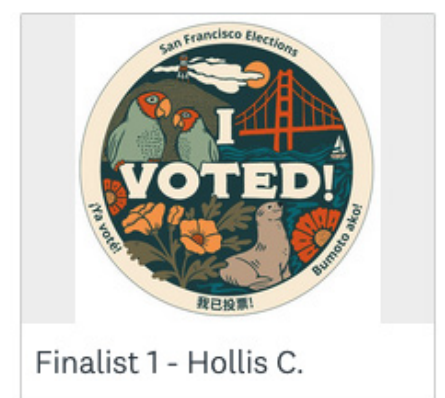

All finalist sticker designs are currently being displayed at [sfelections.org/stickercontest](https://sfelections.org/stickercontest). The sticker designs will also be featured in a gallery outside Room 48 of City Hall beginning 8 a.m. on Wednesday, October 11. The public selection process of the new "I Voted!" sticker will remain open through 5 p.m. on Tuesday, October 17.

On Thursday, October 26, 2023, the Department will announce the winners in a ceremony at City Hall.

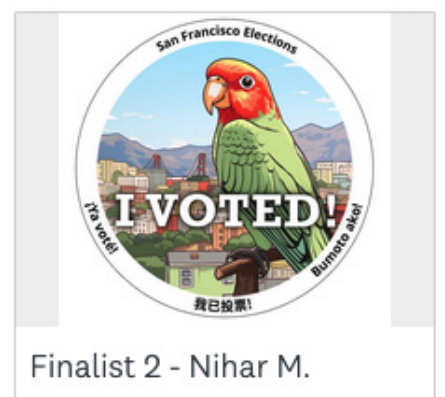

In the March and November 2024 elections, a sticker with the first-place design will be included in over 500,000 vote-by-mail ballot packets and handed out to in-person voters at the City Hall Voting Center and hundreds of polling places on each election day.

For more information, visit [sfelections.org/stickercontest](https://sfelections.org/stickercontest), call 415-554-4375, or email [stickercontest@sfgov.org](mailto:stickercontest@sfgov.org).
