

## SBE NEWS ALERT

# Clark Pacific Awarded Two San Diego Projects Worth More Than \$600 Million

By Greg Aragon

West Sacramento-based Clark Pacific announced October 17 that it has been awarded two major construction projects in San Diego. The company will furnish precast architectural cladding with pre-glazed panels for the new county courthouse; and precast architectural cladding and stairs for San Diego airport's new parking and rental-car facility.

The \$300 million, design-build courthouse project, will replace an existing 48-year-old building. The job will consolidate currently separated departments such as criminal trial, family and civic courts into one 22-story building, with 71 courtrooms. The project is proposed to fill a 200-ft-by-300-ft city block.

Redwood City, CA -based Rudolph & Sletten is the lead contractor for the courthouse and the Los Angeles office of Skidmore, Owings & Merrill LLP (SOM) is the designer. The Administrative Office of the Courts is serving as project owner. The 704,000 sq-ft project is estimated to complete in early 2017.

Clark's contract is for limestone-faced, pre-fabricated architectural precast concrete elements for the project, including walls, pre-glazed window panels, and fully-wrapped column covers. The massive new project will occupy a full city block, and will include the transformation of a brownfield lot into a new public park. All precast components will be manufactured in Clark Pacific's Fontana, CA facility.

The new complex will boast a three-story lobby atrium that will connect via a pedestrian bridge to the city's Hall of Justice.

Don Clark, president of business development for Clark Pacific, said in press release that the architectural precast cladding is "an excellent choice to provide a durable, modern and beautiful structure that will meet the court's needs."

*The courthouse will be the largest project funded through Senate Bill 1407, which finances new and renovated court facilities using court user-fees rather than the state's general fund.*

The second San Diego project for Clark is a \$316 million parking and rental car facility for the city's airport. This job will be delivered by the Austin/Sundt joint venture, which is comprised of Phoenix, AZ-based Sundt, and Dallas, TX-based Austin Commercial. The JV will serve as construction manager-at-risk on the job.

Damattei Wong Architecture of San Francisco is the designer and San Diego-based Simon Wong Engineering is providing engineering services.

The two million sq-ft project will house 5,000 parking stalls and will serve as a central location for 12 rental car customers, with one consolidated air-

port shuttle serving the new facility, which is to be located on the north side of Lindbergh Field. Project officials say the structure will dramatically reduce rental car traffic on the airport's main thoroughfare, Harbor Drive, and will relieve congestion around the airport itself.

The project will also include a customer service building, a quick-turn-around car prep facility, and a 5,000-car ready/return area. This project is the first major component of the airport's long-range plan to reduce airport traffic congestion and bring passengers closer to Interstate 5 and commuter rail lines.

Clark Pacific's contract includes the manufacturing and installation of precast architectural concrete cladding and stairways for the structure.

An Equal Opportunity Employer

Pankow is seeking participation from SBE, LBE, and Disabled Veterans Business Enterprises (DVBE) firms for the following project:

### Mandarin and English Dual-Language Immersion Elementary School Project

Location: 2224 Walgrove Avenue, Los Angeles CA 90066

ITB Issued: 10/21/14

Expected Issue Date for Bid Packages: 11/10/14

Due Date: 11/21/2014

Mandarin and English Dual-Language Immersion Elementary School project is a new LAUSD elementary school project located on a portion of the Mark Twain Middle School campus and includes, but is not limited to, the following: A new classroom building consisting of 14 classrooms, a multi-purpose room, and administrative and support spaces. New food services and lunch shelter facilities. Designated elementary and kindergarten play areas. Modifications to 8 existing portable classrooms. Modification and Restoration of existing Mark Twain Middle School play field. Including related work, modifications or improvements required by Applicable Laws or permits, including but not limited to the Americans with Disabilities Act (ADA), Division of the State Architect (DSA), California Environmental Quality Act (CEQA), Department of Toxic Substances Control (DTSC), and any other required improvements or mitigations to ensure compliance with local, state and/or federal facilities and traffic requirements.

- This is a design-build competition for the Los Angeles Unified School District.
- We are requesting budget pricing. Submitted budgets will not be treated as formal bids. The drawings, specifications and pricing information prepared by Pankow and included in this package are preliminary and thus are not sufficient for bidding. Pankow will ultimately select trade subcontractors based on a bidding process to take place in the future (after the award of the prime contract) when the plans and specifications have been further developed. We greatly appreciate your assistance in providing budgets at this time. All subcontractors who provide budget pricing at this phase will be invited/short-listed to propose at the time of the future bid.
- Each design-build competitor must prepare its own design and construction solution to LAUSD's RFP. Therefore, all documents for pricing are proprietary - specific to the Pankow solution ONLY and must therefore be treated as strictly CONFIDENTIAL.
- In order to receive project documents, each subcontractor must:
  1. Confirm your intent to provide budget pricing.
  2. Sign the attached confidentiality notice.
- Project documents, including plans, specifications, narratives and other will be Schematic design-level with additional information provided to guide in the pricing.
- This is a Public Works project, as defined in Labor Code section 1720, and must be performed in accordance with the requirements of Labor Code sections 1720 to 1815 and Title 8 CCR sections 16000 to 17270, which govern the payment of prevailing wage rates on public works projects.
- Pankow is seeking participation from SBE, LBE, and Disabled Veterans Business Enterprises (DVBE) firms.

Sealed bids will be received at 1155 Market Street, 4th Floor, San Francisco, California 94103 until **2:30 p.m. on November 12, 2014**, after which they will be publicly opened and read. Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Department of Public Works (DPW) Electronic Bid Documents Download site at [www.sfdpw.org/biddocs](http://www.sfdpw.org/biddocs), or purchased on a CD format from 1155 Market Street, 4th Floor, San Francisco, California 94103, telephone 415-554-6229, for a non-refundable \$15.00 fee paid by cash or check to "Department of Public Works". Please visit the DPW's Contracts, Bid Opportunities and Payments webpage at [www.sfdpw.org](http://www.sfdpw.org) for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

The Work is located on Crescent Avenue, from Mission Street to Murphy located on Crescent Avenue, from Mission Street to Murphy Street and from Porter Street to Putnam Street, and on Hudson Avenue, from Phelps Street to Ingalls Street, and includes pavement renovation, sewer and drainage work, traffic routing, and all associated work. The time allowed for completion is 180 consecutive calendar days. The Engineer's estimate is approximately \$2,500,000. For more information, contact the Project Manager, Ramon Kong at 415-554-8280.

This Project shall incorporate the required partnering elements for Partnering Level 1. Refer to Section 01 31 33 for more details.

Pursuant to San Francisco Administrative Code (SFAC) Section 6.25, "Clean Construction" is required for the performance of all work.

The Specifications include liquidated damages. Contract will be on a Lump Sum Bid Items With Unit Prices basis. Progressive payments will be made.

Bid discounts may be applied as per SFAC Chapter 14B. Subcontracting goal is **25% LBE**. Call Selormey Dzikunu at 415-558-4059 for details. In accordance

with SFAC Chapter 14B requirements, all bidders, except those who meet the exception noted below, shall submit documented good faith efforts with their bids and must achieve 80 out of 100 points to be deemed responsive. Bidders will receive 15 points for attending the pre-bid conference. Refer to CMD Form 2B for more details. Exception: Bidders who demonstrate that their total LBE participation exceeds the above subcontracting goal by 35% will not be required to meet the good faith efforts requirements.

A pre-bid conference will be held on **October 30, 2014; 2:00 p.m.**, at 1680 Mission Street, 3rd Floor.

For information on the City's Surety Bond Program, call Jennifer Elmore at (415) 217-6578.

A corporate surety bond or certified check for ten percent (10%) of the amount bid must accompany each bid. SFAC Sec. 6.22(A) requires all construction greater than \$25,000 to include performance and payment bonds for 100% of the contract award.

**Class "A"** license required to bid.

In accordance with San Francisco Administrative Code Chapter 6, no bid is accepted and no contract in excess of \$400,000 is awarded by the City and County of San Francisco until such time as the Mayor or the Mayor's designee approves the contract for award, and the Director of Public Works then issues an order of award. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with SFAC Chapter 12P, Minimum Compensation Ordinance.

This Project is subject to the requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Section 6.22(G) of the SFAC. Bidders are hereby advised that the requirements of the Policy will be incorporated as a material term of any contract awarded for the Project. Refer to Section 00 73 30 of the Project Manual for more information.

Right reserved to reject any or all bids and waive any minor irregularities.
