Officials hold news conference on Expo Line Phase 2

County Supervisor Zev Yaroslavsky at the news conference at the future site of the Palms station. Photo by Steve Hymon/Metro

by Steve Hymon

A news conference was held in Palms on Monday morning with elected officials and transit officials urging the California Supreme Court to allow construction to continue on the second phase of the Expo Line light rail.

A group that has sued the project has filed a motion asking for a stay in construction. A decision by the Supreme Court is expected within weeks.

“We believe we will win the ultimate decision in this case,” said County Supervisor and Metro Board Member Zev Yaroslavsky. “But we want the court to understand the impact of their decision.”

Yaroslavsky and other officials said that shutting down work on the project would cost at least \$90 million and result in the loss of 817 construction jobs.

“This is a stunt that could kill the project,” Yaroslavsky said, citing the likely cost of re-doing environmental studies and the resulting delays. He added that the threat of a shutdown was sufficient that in addition to filing a motion to prevent a shutdown, officials wanted to hold a news conference to clarify what’s at stake.

“To stop this project a year after we started it is just crazy,” Yaroslavsky said.

McGraw-Hill forecasts 6% construction increase in 2013

By Tim Grogan

The construction industry next year will continue its slow climb out of a long and deep recession, but the recovery is unsteady and remains vulnerable to factors such as the cloudy federal fiscal picture, according to McGraw-Hill Construction's 2013 forecast, which was released at its annual Outlook conference in Washington, D.C., on Oct. 24.

McGraw-Hill Construction (MHC) predicts that total construction starts will rise 6% next year to \$483.7 billion, as a continuing rebound in housing and private nonresidential building outweighs weakness in institutional building and public works markets. (ENR is part of MHC.)

That gain would follow an estimated 5% increase for 2012, but it still would be well below 2007's \$641-billion and 2008's \$559-billion totals.

Robert Murray, MHC chief economist, says, "The pattern of construction starts seems to be in a balancing act, where gains for a few project types are offset by declines for other project types."

Murray also says, "The fiscal cliff poses a significant downside risk to the near-term prospects for the U.S. economy and the construction industry."

For his forecast, Murray assumes that federal policymakers will avoid a plunge over that fiscal cliff. He expects that Congress and the White House will reach an agreement in early 2013 to maintain some of the Bush-era tax cuts now slated to expire on Dec. 31 and also to soften the impact of spending cuts set to take effect Jan. 2 under the 2011 Budget Control Act.

Underpinning McGraw-Hill Construction's 2013 forecast is the growing strength of the housing market, which finally turned the corner in 2012 after years of depressed activity.

Single-family housing is expected to increase 24% in 2013 to \$153.1 billion, following this year's 27% gain, according to the forecast. Murray says, "The positives for single-family housing have become more numerous with the pace of foreclosures easing, home prices stabilizing and mortgage rates at record lows."

In addition, multifamily housing starts are expected to climb 16% next year, to \$40.3 billion, Murray predicts.

Commercial building will rise 12% in 2013, building on the 5% gain estimated for 2012, according to the MHC forecast.

Within that sector, warehouse and hotel construction is expected to benefit from lower vacancy rates. Store construction will get a lift from the upturn in housing and also feature more upgrades to existing space, Murray says.

The manufacturing building market is expected to rebound in 2013 from this year's disappointing 31% drop, posting an 8% increase that would generate \$12.8 billion in new starts.

The institutional building market should level off following double-digit declines in 2011 and in 2012, according to MHC. That will leave the public building market with \$86.6 billion in new starts in 2013, about equal to this year's estimated mark.

For educational facilities, K-12 construction will slip further while college construction stabilizes. The health care facilities sector is expected to show a modest rebound after this year's downturn.

Public works construction is forecasted to dip another 1% in 2013, the fourth consecutive annual decline, the MHC report says. However, the

SBA's Growth Capital Program sets record for third year in a row

\$2.95 Billion in Financing for Small Businesses in FY12

The U.S. Small Business Administration's Small Business Investment Company (SBIC) debenture program provided a record \$2.95 billion to small businesses in fiscal year 2012, a 14 percent increase over last year's \$2.59 billion and an 85 percent increase over 2010, also a record year.

"Over the past three years SBA has transformed the SBIC program to ensure small businesses have greater access to SBIC funds," said SBA Administrator

Karen Mills. "These record-setting numbers are proof that our efforts to streamline and simplify the process have made it possible to get capital into the hands of small businesses more quickly. When an SBIC invests in a small business, it can scale up and create jobs."

High-growth small businesses continue to face difficulties in accessing patient, long-term capital to grow and create jobs. Since 1958, the SBIC program has helped fill these gaps and has invested approximately \$63 billion in more than 110,000 small businesses in the United States.

The FY 2012 volume is the highest single-year volume in the 54-year history of SBA's SBIC debenture program. Increased volume in the program is due in part to a number of improvements that contributed to an increased number of new SBIC licenses and reduced license processing times.

The SBIC program was created in 1958 to stimulate the growth of America's small businesses by supplementing the long-term debt and private-equity capital available to them. SBA's SBIC FY 2012 results included the following:

- Record High Financing to Small Businesses: Total financings to small businesses by SBA's SBIC debenture program grew to a 54-year record high of \$2.95 billion in FY 2012 – 14 percent more than in FY 2011.

- Record High SBA Capital Commitment to SBIC Funds: SBA capital commitments to debenture funds broke another record, increasing to \$1.92 billion in FY 2012, up from \$1.82 billion in FY 2011.

- Record High Private Capital Attracted to SBIC Program: The SBIC debenture program has attracted more initial private sector capital in FY 2012 than in any year in the history of the program – approximately \$1 billion compared to \$840 million in FY 2011, the previous high. The average debenture SBIC has raised more than twice the private capital than the average debenture fund of a decade ago.

- More Licensed Debenture SBICs and Faster Processing Times: Thirty new debenture and unleveraged SBIC licenses were issued in FY 2012, exceeding last year's total of 22 by 36 percent. Additionally, SBIC license processing time improved to just 5.4 months in FY 2012, down from 14.6 months in 2009.

SBICs are privately-owned and managed investment firms that are licensed and regulated by SBA. SBICs use a combination of funds raised from private sources and money raised through the use of SBA guarantees to make equity and mezzanine capital investments in small businesses. There are 301 SBICs with more than \$18 billion in capital under management.

As part of the President's Startup America initiative, the SBA leveraged the SBIC program to launch two initiatives with up to \$1 billion in leveraged commitments each for impact investments and early stage investments. These commitments are available to SBICs targeting early-stage firms or businesses located in targeted economic areas or industries. To date, SBA has licensed two impact SBIC funds under its Impact Initiative, while another five have an impact focus in their investment strategies. SBA also has issued a call for Early Stage SBICs

under the Early Stage SBIC Initiative, and has issued "green light" letters to six potential applicants.

Onsite Piping - Bid Date November 13, 2012

W.A. Rasic Construction Company, Inc. intends to negotiate with all qualified MBE/WBE/OBE firms for project participation for the following subcontracting trades and suppliers: Cathodic Protection, Grouting of Annular Space, 12' Diameter Tunnel via TBM, Shaft Design & Engineering, Erosion Controls - SWPPP Materials, Tree Trimming, Concrete & Slurry Supplier, Chlorination & De-chlorination, Rebar, Temporary Fencing, Settlement Monitoring, Steel Pipe

Plans & Specifications may be reviewed at our Corporate Office

4150 Long Beach Blvd. Long Beach, Ca 90807

Or by accessing our FTP Site - Please Contact Jason Murphy

They can also be reviewed at the Webcor / Obayashi / Lyles Office

550 S. Hope Street, Suite 2100 • Los Angeles, Ca 90071

Project Description: Removal of the Silver Lake and Ivanhoe Reservoirs from potable water supply service and construction of two underground reservoirs and a large-diameter pipeline located at Headwork's property, replacing the operational function of Silver Lake and Ivanhoe. The replacement storage will be below grade and consists of two water storage facilities, the Headwork's East Reservoir and the Headwork's West Reservoir. In order to take advantage of the renewable energy source developed by the flowing water, a four-megawatt hydroelectric plant will be built on site to generate power. After the completion of these projects the ecosystem will be developed to establish environmental habitats and recreational facilities for community use.

LADWP has a goal for Minority Business Enterprise (MBE) of 15% and Women-Owned Business Enterprise (WBE) of 7%. This project has a signed Project Labor Agreement (PLA) and all subcontractors submitting bids to WOL must comply with the PLA and are required to sign the PLA upon notification that they have been selected as a subcontractor on the project.

A Bond Assistance Program (BAP) has been adopted by the City of Los Angeles to assist in removing the barriers of surety bonding by providing technical and administrative assistance to local, small and minority businesses who would not otherwise be able to provide, on their own, the necessary bid, payment and performance bonds. The BAP can also assistance businesses in need of enhancing their bond capacity. For more information on the BAP please call (213) 258-3000.

W.A. Rasic will also assist any MBE/WBE/OBE subcontractors in the obtaining of bonds, lines of credit or required insurance.

W.A. Rasic Construction

CALIFORNIA PUBLIC LEGAL NOTICE

CONCESSION OPPORTUNITY AT SAN FRANCISCO INTERNATIONAL AIRPORT

San Francisco International Airport has commenced the Request for Proposal process for the Cellular Phone Rental Kiosk Lease. Staff invites you to attend the informational conference on November 08, 2012 at 10:00 a.m. at San Francisco International Airport, SFO Business Center, 575 N. McDonnell Road, 2nd Floor. This Lease is intended for the rental of cellular phones and sale of SIM cards and prepaid calling cards. The proposed minimum acceptable financial offer, which will also be the successful Proposer's minimum annual guarantee for the first year of the Lease, is \$60,000. The proposed term is seven years. The Annual Rent shall be the higher of the minimum annual guarantee or 12% of gross revenues.

The RFP document is available online at <http://www.flysfo.com/web/page/about/b2b/conces/>. For additional information, please call Sam El Gord at Airport's Revenue Development and Management, at (650) 821-4500.

LOS ANGELES SOUTH

Utility relocation to begin in November for Regional Connector!

The Connector is a 1.9-mile underground light rail line that will tie together the Blue, Expo and Gold lines in downtown Los Angeles, making it a lot easier and quicker to move about the region without having to transfer so much. The project is partially funded by Measure R, the half-cent sales tax increase approved by L.A. County voters in 2008.

Here's the announcement from the project team:

Update: Initiation of Advanced Utility Relocation Activity

WORK TO START NOVEMBER 2012

What: The Regional Connector Transit Corridor Project will extend Light Rail Transit (LRT) tracks 1.9 miles underground through Downtown Los Angeles, connecting the Metro Gold, Blue, and Expo lines. The project also includes the construction of three new stations located at 1st/Central, 2nd/Broadway, and 2nd/Hope. Utility relocation activities are expected to begin in November 2012, with construction of the Regional Connector beginning in late 2013. Anticipated project completion is 2019.

When: Beginning November 2012 and continuing through Fall 2013.

Utility relocations will generally take place from 9 a.m. to 3:30 p.m. Monday through Friday and from 8 a.m. to 6 p.m. on Saturdays. Work may also need to be performed at certain locations during weekday peak periods, up to 11 p.m. at

night and on Sundays, subject to City approval.

This work is being completed in advance of the Regional Connector construction. Activities such as tunnel boring and station construction will not begin until Metro has selected a Design/Build contractor, which is expected in Fall 2013.

Where: Activities will be focused around Regional Connector station locations:

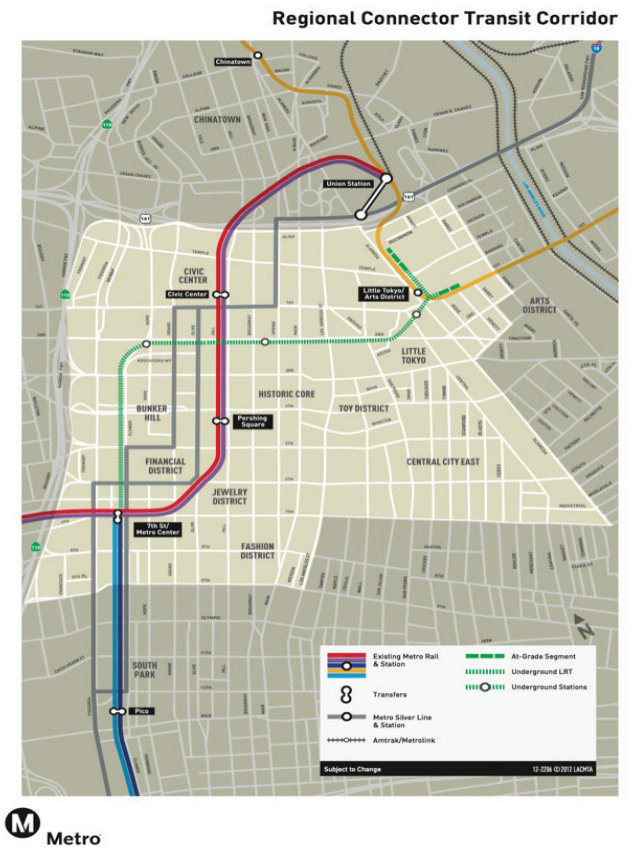

**1st Street at Central Avenue
2nd Street at Broadway
2nd Street at Hope Street**

What to Expect: Utility relocation activities will include the removal, realignment, and installation of new power, water, sewer, telephone, cable, and fiber optic lines. Specifically, there will be excavation and trenching in the area.

Current and completed activities for the Regional Connector have included investigative pothole drilling to determine the depth and location of existing utilities in order to prepare for relocation.

Sign up to receive notices for specific activities by following this link: <http://eepurl.com/lqt29> Please call 213.922.7277 to request further information For the latest construction information, visit www.metro.net/regionalconnector Thank you for your patience and cooperation

CALIFORNIA SUB-BID REQUEST ADS

Crenshaw/LAX Transit Corridor Design-Build Project
LA County Metropolitan Transportation Authority
RFP No.: C0988
DBE Goal: 20%
Subcontractor Proposal Due Date: Nov 06, 2012 – COB
www.kiewit-skanska-traylor-jv.com

The Skanska Traylor Kiewit JV team is interested in soliciting in Good Faith all subcontractors as well as certified DBE companies for the Crenshaw/LAX Transit Corridor Project. Quotes will be requested from supplier, subcontractor and service companies. A list of available scopes of work will be available on our public outreach site listed above. If you are interested in joining our team for this project, please visit our website and complete the Contractor's Questionnaire. You will then be contacted via email to complete your company specific login to our project exclusive team site. Information posted there will include: scope specific documents, sample contracting documents, project announcements, owner documents, etc.

The STK JV will assist qualified subcontractors, vendors, and suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a DBE Company, please provide your certification letter with your proposal. If you are a non-DBE, please indicate all lower-tier participation on your quotation as it will be evaluated with your price. In order to assist DBE subcontractors and suppliers, we will divide total requirements into smaller packages, tasks or quantities and establish delivery and construction schedules which will permit maximum participation when feasible. Please visit our website listed above for detailed contracting requirements.

CALIFORNIA PUBLIC LEGAL NOTICES

CITY & COUNTY OF SAN FRANCISCO DEPARTMENT OF PUBLIC WORKS

Contract No. 1938J
(ID No. FCE13028)

SICKLES AVENUE AND ALEMANY BOULEVARD - PAVEMENT RENOVATION AND SEWER REPLACEMENT

Sealed bids will be received at 875 Stevenson Street, Room 420, San Francisco, California 94103 until **2:30 p.m. on November 28, 2012**, after which they will be publicly opened and read. Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Department of Public Works (DPW) Electronic Bid Documents Download site at www.sfdpw.org/biddocs, or purchased on a CD format from 875 Stevenson St., Rm 420, S F, CA 94103, tel 415-554-6229, for a non-refundable \$15.00 fee paid by cash or check to "Department of Public Works". Please visit the DPW's Contracts, Bid Opportunities and Payments webpage at www.sfdpw.org for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

The Work is located on Sickles Ave. from Mission St. to Alemany Blvd. and on Alemany Blvd. from San Jose Ave. to Seneca Ave. and consists of pavement renovation, curb ramps, traffic routing, sewer replacement and all other related work. The time allowed for completion is 180 consecutive calendar days. The Engineer's estimate is in excess of \$3,500,000. For more information, contact the Project Manager, Ramon Kong at 415-554-8280.

Pursuant to San Francisco Administrative Code (SFAC) Section 6.25, "Clean Construction" is required for the performance of all work.

The Specifications include liquidated damages. Contract will be on a Unit Price basis. Progressive payments will be made.

Bid discounts may be applied as per SFAC Chapter 14B. Subcontracting goal is **25% LBE**. Call Selormey Dzikunu at 415-558-4059 for details. In accordance with SFAC Chapter 14B requirements, all bidders, except those who meet the exception noted below, shall submit documented good faith efforts with their bids and must achieve 80 out of 100 points to be deemed responsive. Bidders will receive 15 points for attending the pre-bid conference. Refer to HRC Form 2B for more details. Exception: Bidders who demonstrate that their total LBE participation exceeds the above subcontracting goal by 35% will not be required to meet the good faith efforts requirements.

A pre-bid conference will be held on **November 6, 2012, 1:30 p.m.**, at 1680 Mission St.

For information on the City's Surety Bond Program, call Jennifer Elmore at (415) 217-6578.

A corporate surety bond or certified check for ten percent (10%) of the amount bid must accompany each bid. SFAC Sec. 6.22(A) requires all construction contracts awarded by the City and County of San Francisco to include performance and payment bonds for 100% of the contract award.

Class "A" license required to bid.

In accordance with SFAC Chapter 6, no bid is accepted and no contract in excess of \$400,000 is awarded by the City and County of San Francisco until such time as the Mayor or the Mayor's designee approves the contract for award, and the Director of Public Works then issues an order of award. Pursuant to Charter Sec 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Dept. of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with SFAC Chapter 12P, Minimum Compensation Ordinance.

Right reserved to reject any or all bids and waive any minor irregularities.

SAN JOSE STATE UNIVERSITY

NOTICE TO CONTRACTORS (SJSU - 265)

The Trustees of The California State University will receive sealed proposals at San Jose State University, Facilities Development and Operations Bldg, 404 East San Fernando Street, 1st Floor Conference Room, San Jose, CA 95112, for furnishing all labor and materials for Job Order Contract Phase 19 and 20. Bids will be received in the above room **until 2:00 PM on November 29, 2012**.

This Notice to Contractors is for the award of a Job Order Contract (JOC). A JOC is a competitively bid, firm fixed priced, indefinite quantity contract. The scope of work includes a collection of detailed repair and construction tasks and specifications that have established unit prices. It is placed with the "Contractor" for the accomplishment of repair, alteration, modernization, maintenance, rehabilitation, demolition and construction of infrastructure, buildings, structures, or other real property. Work is accomplished by means of issuance of a purchase order against the JOC. Under the JOC concept, the Contractor furnishes all management, documentation, labor, materials, and equipment needed to perform the work. The JOC contract awarded under this solicitation will each have a minimum value of work of \$50,000.00 and a maximum value of work of \$1,000,000.00. The JOC Contracts will have the option to extend the maximum value up to \$3,000,000.00. The term of the contract will be for 365 calendar days. The University may award up to two job order contracts from this solicitation. Each Contractor will tender only one bid for this solicitation; each is limited to the award of one contract.

MANDATORY Pre-bid Conference on November 6, 2012 at 10:00 AM in the above building.

Each bidder offering a proposal must comply with bidding provisions of Article 2.00 et seq. of the Contract General Conditions, and Article 3.00 for Contract Bonds. This Contract is for public works project and is subject to prevailing wage rate laws {see Contract General Conditions (GCC), Article 4.02-c}. The GCC web link: http://www.calstate.edu/cpdc/CM/PDF_files/JOCs_CGCs_Complete_1.09.pdf

CSU PRE-QUALIFICATION Bidders must be **pre-qualified** and submit evidence of financial capability and technical experience at least (10) business days prior to bid date to the Trustees of the California State University, Prequalification Coordinator. Prequalification Coordinator contact information and package can be downloaded at http://www.calstate.edu/cpdc/cm/contractor_prequal_bidders.shtml. In addition to the prequalification requirements above, Trustees is also requiring a supplementary prequalification of the contractor bidding on this Contract. Email: sylvia.sosa@sjsu.edu to obtain the supplementary prequalification form and mail to Prequalification Coordinator 10 business days prior to the bid opening date.

DVBE The Trustees require Disabled Veteran Business Enterprise (3%) participation. Under the Job Order Contracting system it is not feasible to identify potential DVBE subcontractors at time of bidding, since the individual jobs are not known. However, the successful low bidder will be required to meet or exceed the DVBE participation requirement by identifying DVBEs to be utilized on each Job Order during the job order proposal submission phase after Contract award.

It will be the responsibility of each bidder to obtain a Bid Proposal Package in sufficient time to fulfill requirements therein. Bid Proposal Packages are obtainable only by pre-qualified contractors, licensed in the State of California with a "B" License, and must be requested from the Trustees via Email: sylvia.sosa@sjsu.edu. Questions: 408-924-2246.

CITY OF ONTARIO

NOTICE INVITING BIDS Project No. P150-1213-01

The City of Ontario ("City") will receive bids for the City of Ontario, HOUSING AGENCY, QUIET HOME PROGRAM Project in the City of Ontario, California by electronic submission only no later than **November 19, 2012, at 2:00 P.M.** The Project, which involves modifying Ninety-eight (98) condominium dwelling units (within a single complex), will insulate dwellings against aircraft noise and must be completed within two hundred and sixty eight (268) calendar days, as provided in the Bid and Contract Documents. Typically, sound insulation work includes installation of acoustic doors and windows, new central heating and ventilation air conditioning systems, with split (up flow or horizontal) equipment, attic insulation, vent baffles and other noise reducing improvements. Existing doors and windows are replaced with acoustically rated ones. Primary acoustical doors shall have a minimum Sound Transmission Coefficient (STC) of 32, and acoustical window products shall have a minimum STC of 40.

ARCHITECT'S PROBABLE CONSTRUCTION COST: \$2,646,559.70

Bidders must be registered with the City's Planet Bids system to view and submit bid documents. Bidders may access Planet Bids via the City's website at www.ci.ontario.ca.us under Bids and Proposals on the home page. There is no charge to register or to download the contract documents. The electronic bid management system will not accept late bids. **A mandatory Pre-Bid Conference will be held on October 30, 2012 at 10:00 a.m. at 208 W. Emporia Street, Ontario, CA 91762 (Quiet Home Display Room, 1st floor). All bidders must attend. Anyone arriving late will not be allowed entry.** (Optional Site Visit will follow conference)

Bids shall be valid for 60 days after the bid opening date. Bids must be accompanied by cash, a certified or cashier's check, or a Bid Bond, in favor of the City in an amount not less than ten percent (10%) of the submitted Total Bid Price. Prior to award of the Contract, the successful bidder will be required to furnish a Performance Bond and a Payment Bond, each in the amount of one hundred percent (100%) of the Total Bid Price, on the forms provided and in the manner described in the Bid Documents, Contractor shall comply with PCC '4108 with respect to subcontractor bond requirements.

Pursuant to B&P Code '7028.15 and PCC '3300, Contractors shall possess the following California Contractor's license(s) in order to perform the Work: General Building "B" and Subcontractors must possess the appropriate licenses for each specialty subcontracted. Bidders are advised that this Contract is a public work for purposes of the California Labor Code, which requires payment of prevailing wages. City has obtained from the Director of the Department of Industrial Relations the general prevailing rates, and will place them on file at the City's office and make them available to any interested party upon request.

Since this Project involves federal funds, the successful contractor and its subcontractors must comply with federal DBE requirements, as specified in the Bid Documents. At this time City will meet the DBE goal on federally assisted projects through race neutral measures. City supports the use of race neutral measures to facilitate participation by DBEs and other small businesses, and encourages prime contractors to subcontract portions of their work that they might otherwise be performed with their own forces to DBEs.

Pursuant to PCC '22300, the successful Contractor may substitute securities equivalent to monies withheld by the Owner.

The City reserves the right to reject any or all Bids, to waive any informality or irregularity in any Bid received, and to be the sole judge of the merits of the respective Bids received.

UC SAN FRANCISCO MEDICAL CENTER

ADVERTISEMENT FOR BIDS

Subject to conditions prescribed by the University of California, San Francisco Medical Center, sealed bids for a Lump Sum Contract are invited for the following Work:

Mount Zion 1700 Divisadero 1st Floor GI Clinic Expansion

**Project No.: 12-720 / Contract No.: L00152
UNIVERSITY OF CALIFORNIA,
SAN FRANCISCO MEDICAL CENTER**

DESCRIPTION OF WORK:

Complete and selective demolition of the project area including removing finishes, casework, walls, ceilings, plumbing and electrical work as called for on the drawings or required for installation of the new work. The General Scope of new work includes Architectural, Mechanical, Plumbing, Electrical and Fire and Life Safety upgrade work. THE ESTIMATED CONSTRUCTION COST OF THIS PROJECT IS \$ 500,000 - \$700,000.

BIDDER QUALIFICATIONS: To be eligible for consideration of award, bidders must have the minimum experience and certify their firm has not been cited by the Medical Center for health, safety, infection control or interim life safety violations, set forth in the Supplementary Instructions To Bidders.

Bidders must submit qualification documents as an attachment to the Bid Form.

Procedures: Bidding documents will be available on October 23, 2012, and will be issued only at:

UCSF Documents, Media & Mail (UCSF-DMM)
1855 Folsom Street, Room 135
San Francisco, CA 94103
Contact Persons: Ben La (415) 476-5030
(9AM - 5PM)
Lisa Gee (415) 502-4523
Fax No. (415) 476-8278

Bidding Documents and complete advertisement can be viewed and may be ordered on line at the following website address: <http://www.ucsfplans.com/>

Bidders must attend a **mandatory** pre-bid conference at 10:00 AM, October 30, 2012. For details, see above website address.

Bids will be received only at Office of Design and Construction, University of California, San Francisco, Medical Center, 3333 California Street, Suite 115, San Francisco, CA 94118. Phone: (415) 885-7257. **Bid Deadline:** Sealed bids must be received on or before 2:00 PM, Thursday, November 8, 2012. And Bids will be opened after 2:05 P.M.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Bidder may be required to show evidence of its equal employment opportunity policy. The successful Bidder and its subcontractors will be required to follow the nondiscrimination requirements set forth in the Bidding Documents and to pay prevailing wage at the location of the work.

The work described in the contract is a public work subject to section 1771 of the California Labor Code.

The successful Bidder will be required to have the following California current and active contractor's license at the time of submission of the Bid: General Building, License Code B.

McGraw-Hill Forecasts

Continued from page 2

recently signed two-year federal transportation measure, the Moving Ahead for Progress in the 21st Century Act, should help to limit the impact of spending cuts to highway and bridge construction, Murray adds.

After three strong years, the boom in electric utilities isn't expected to continue in 2013, with new construction starts forecasted to fall 31%, to \$35.0 billion. "This year was boosted by the start of two very large nuclear powerplants and projects of similar magnitude are not expected for 2013," Murray says.?

Request for Proposal

Coyote Creek Flood Protection Project Montague Expressway to Interstate 880 Design Consultant Services

Who: Santa Clara Valley Water District is the water resource management agency meeting watershed stewardship needs of, and providing wholesale water reliability to Santa Clara County's 1.8 million residents.

What: The Santa Clara Valley Water District (District) is seeking proposals from qualified engineering consultants to perform engineering design services for the Coyote Creek Flood Protection Project, Montague Expressway to I-880. Qualified design consultants' project teams must have demonstrated verifiable experience and expertise in flood protection and stream restoration projects, including: earthen levee, floodwall, and bridge design; geomorphic and stream restoration channel design, with emphasis in environmental and habitat improvement and environmental constraint analysis; mitigation plantings design; understanding of practical applications of geotechnical engineering and geomorphologic principles; hydraulic and hydrologic engineering; land surveying; right-of-way; understanding of environmental regulatory requirements and issues; public outreach; project management; preparing detailed engineering drawings with plans and profiles for construction solicitation; construction plan preparation; construction bid package; and engineering and environmental monitoring support during construction.

An optional pre-proposal meeting will be held on the date, time, and location specified in the RFP schedule posted in the water district's Contract Administration System (CAS). A RSVP is required 24 hours in advance to **Zhen Shao, Project Manager** (zshao@valleywater.org).

For complete and updated information on this Request for Proposal (RFP) requirements and deadlines, please access the water district's web portal at <http://cas.valleywater.org>.

All proposals must be submitted both electronically in CAS and in hard copies by the date and time specified in the RFP Schedule. Prior to submitting proposals, all firms must be registered in CAS. This can be achieved by going to the web address noted above and following the instructions to create an account. In the account setup process, please select the expertise code "CV10 – Major Flood/Channel Work" and add contact information as necessary.

Contact: If you need assistance with creating a CAS account, please call (408) 630-2992, or email questions to ContractAdministration@valleywater.org.

Expo Line Phase 2

Continued from page 1

The first phase of the Expo Line between downtown Los Angeles and Culver City opened earlier this year. The second phase between Culver City and Santa Monica began construction last year, with grading and bridgework activity increasing in recent months up and down the 6.6-mile alignment.

The background: Neighbors for Smart Rail sued the Exposition Line Construction Authority in 2009, alleging the final environmental impact studies for the project's second phase were inadequate. In particular, the group alleged that traffic impact studies were flawed because future traffic conditions were used instead of existing ones.

The case has been heard in both Superior Court and the Court of Appeals and both courts ruled against Neighbors for Smart Rail. Neighbors for Smart Rail then appealed the case to the California Supreme Court, which agreed to hear it, defining this issue (case summary here):

This case includes the following issue: Under the California Environmental Quality Act (Pub. Resources Code, ? 21000 et seq.), is a public agency required to evaluate a project's potential traffic and other impacts using a baseline consisting of the existing physical conditions in the affected area during the period of environmental review, or may an agency

elect to evaluate the impacts of a project only against projected future conditions?

In the past, the group has called for the line to be built underground in the area near Cheviot Hills and the Westside Pavilion, citing concerns that crossing gates will harm traffic on streets such as Overland Avenue. The group's website also says that the project can't be built "right," it should be killed in favor of the Westside Subway Extension.

The Neighbors for Smart Rail website says that the group "is supported in part by West of Westwood Homeowners Association, Westwood Gardens Civic Association, Cheviot Hills Homeowners Association, and Tract 7260 Homeowners Association, as well as others."

Yaroslavsky also noted that many people in the area surrounding the future second phase of the Expo Line voted for the Measure R sales tax increase in 2008 that is funding the project. He said that those who support having the Westside connected to the regional transit network far outnumber the relatively few homeowners who have been fighting the Expo Line for 20 years — and he noted that the lawsuit ultimately will not result in the Expo Line being built underground.

CALIFORNIA PUBLIC LEGAL NOTICES

UCLA

ADVERTISEMENT FOR CM/CONTRACTOR PREQUALIFICATION (Utilizing Best Value Selection Methodology)

Subject to conditions prescribed by the University of California, Los Angeles, responses to the University's prequalification documents for a CM at Risk contract (utilizing Best Value Selection Methodology) are sought from prospective general contractor bidders (hereafter "bidders") for the following project:

TEACHING AND LEARNING CENTER FOR HEALTH SCIENCES Project Number 944020.02 UNIVERSITY OF CALIFORNIA, LOS ANGELES

PREQUALIFICATION OF PROSPECTIVE BIDDERS: The University has determined that bidders who submit bids on this project must be prequalified.

Prequalified General Contractor bidders will be required to have the following California contractor's license(s):

B License (General Building)

GENERAL DESCRIPTION OF WORK: The Project will construct a six to seven-story, approximately 120,000 gsf building. The building will be LEED® certified, targeting a Gold rating. The building will contain learning and support

spaces including formal learning rooms, informal learning spaces, common areas, student amenities and administrative offices. Formal learning rooms shall include a 220-seat lecture hall, two 200-seat multipurpose rooms, case study rooms, teaching labs, problem based learning rooms and seminar rooms. The building shall also contain a public lobby and entrance, café, administrative and Deans' offices and student oriented spaces. The scope of the work shall also include relocation of and connections to campus utilities, provision of building systems, provision of life safety systems, provision of a communications vault and conduit, roadway reconfigurations and landscape and hard-scape improvements.

The Anticipated Contract Value is \$74,000,000.00.

PREQUALIFICATION SCHEDULE: On October 25, 2012, prequalification documents will be available to intending bidders online at www.capital.ucla.edu and will be issued at no cost at:

Contracts Administration
University of California, Los Angeles
1060 Veteran Avenue, Suite 125
Box 951365
Los Angeles, California 90095-1395
310-825-7015

MANDATORY PRE-QUALIFICATION CONFERENCE: A Mandatory Pre-Qualification Conference will be conducted on November 1, 2012 beginning promptly at 10:00 a.m. Only general contractor bidders who participate in the Conference in its entirety will be allowed to submit prequalification documents and, if prequalification is achieved, bid on the Project as general contractors. Participants must arrive at or before the above-specified time. Persons arriving lat-

er than said time will not be allowed to submit prequalification documents or submit bids as general contractors. Participants shall meet at Capital Programs Building, 1060 Veteran Avenue (follow signs to the meeting room), UCLA campus (refer to the online UCLA Campus Map at www.ucla.edu/map). For further information, contact University's Project Manager Kathy FitzGerald at (310) 206-5939 or Michael Naoum at (310) 267-4821.

NOTES:

1. Attendee shall be a staff member of the general contractor bidder's firm who will be actively involved in responding to this Prequalification, and who is highly knowledgeable of the firm's potential response to the prequalification criteria.

2. Attendees are advised that parking may be difficult. Attendees must allow ample time to drive to the above location in heavy traffic, find a parking space, walk to the building, and arrive in the designated Meeting Room prior to the required time. It is currently anticipated that the Conference will last at least 2 hours.

On November 15, 2012, the completed Prequalification Questionnaire and associated documents will be received at the above-specified address.

The Prequalification Questionnaire and associated documents is due on November 15, 2012 at 3:00 p.m.

Any person or entity not satisfied with the outcome of the prequalification must file a writ challenging the outcome within 10 calendar days from the date of the University's written notice regarding prequalification determination. Any assertion that the outcome of the prequalification process

was improper will not be a ground for a bid protest. However, the University reserves the right to accept late submissions and to request, receive, and evaluate supplemental information after the above time and date at its sole determination.

The dates, times, and location set for receiving and opening of bids will be set forth in an Advertisement for Bids.

The University reserves the right to reject any or all responses to Prequalification Questionnaires and to waive non-material irregularities in any response received.

All information submitted for prequalification evaluation will be considered official information acquired in confidence, and the University will maintain its confidentiality to the extent permitted by law.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Bidder may be required to show evidence of its equal employment opportunity policy. The successful Bidder and its subcontractors will be required to follow the nondiscrimination requirements set forth in the Bidding Documents and to pay prevailing wage at the location of the work.

The work described in the contract is a public work subject to section 1771 of the California Labor Code.

ADVERTISEMENT FOR BIDS

Subject to conditions prescribed by the University of California, Los Angeles, sealed bids for a lump-sum contract are invited for the following work:

WWRH B1 - H39 CASIT TRAINING LAB Project Number 945768.01

DESCRIPTION OF WORK: The new CASIT suite will be located in the UCLA Ronald Reagan Medical Center, on the B level, which is currently vacant shell space. The new space will be designed to accommodate state of the art technology including surgical simulators, teaching video/monitoring, office support functions and a telemedicine suite. Construction will include but is not limited to new partitions and ceilings, reworking of the HVAC system, new HVAC ducting, all power, lighting, data and controls, new finishes, and installation of equipment. Equipment to include CFCI, OFCI, OFVI, VFVI. Contractor will be required to coordinate all work with said separate entities. University will perform points of connection for power and data. Contractor shall adhere to strict infection control criteria and all OSHPD inspection criteria.

The estimated construction cost is \$1,300,000.00.

BIDDING DOCUMENTS:

1. Bidding Documents will be available beginning on October 25, 2012 and will be issued at:

ARC
2435 Military Ave.
Los Angeles, CA 90064
Telephone (310) 477-6501
Website: <http://socal.fordgraphics.com/>

2. Bidders may view the Bidding Documents online at the ARC PlanWell Public Plan Room, and purchase digital and/or hard copies of the Bidding Documents by contacting ARC as indicated above. All parties will make arrangements with and payment to ARC directly. (NOTE: Bidding Documents will not be issued at the University's office.)

BID DEADLINE: Bids will be received only at the following location:

Contracts Administration
University of California, Los Angeles
1060 Veteran Avenue, Suite 125
Box 951365
Los Angeles, California 90095-1365
310-825-7015

and must be received at or before:

2:00 p.m., November 29, 2012

MANDATORY PRE-BID CONFERENCE & JOB WALK: A mandatory Pre-Bid Conference and mandatory Pre-Bid Job Walk will be conducted on November 1, 2012 beginning promptly at 10:00 a.m. Only bidders who participate in both the Conference and the Job Walk, in their entirety, will be allowed to bid on the Project as prime contractors. Participants must arrive at or before 10:00 a.m. Persons arriving later than said time will not be allowed to bid on the Project as prime contractors. Participants shall meet at Capital Programs Building, 1060 Veteran Avenue (follow signs to the meeting room), UCLA campus (refer to the online UCLA Campus Map at www.ucla.edu/map). For further information, contact James Montero at 310-206-0668.

(NOTE: Bidders are advised that parking may be difficult. Bidders should allow ample time to drive to the above location in heavy traffic, find a parking space, walk to the building, and arrive in the designated Meeting Room prior to the required time. It is currently anticipated that the

Conference/Job Walk will last at least 2 hours.)

LICENSE REQUIREMENTS: The successful Bidder will be required to have the following California current and active contractor's licenses at the time of submission of the Bid:

B License (General Building)

PREQUALIFICATION: To be allowed to submit a bid, Bidders must have the minimum experience set forth in the Prequalification Questionnaire contained in the Bidding Documents and posted on the website listed below. Bidders must submit to the above-listed location a completed Prequalification Questionnaire in a sealed envelope no later than:

3:00 p.m., November 8, 2012

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Bidder may be required to show evidence of its equal employment opportunity policy. The successful Bidder and its subcontractors will be required to follow the nondiscrimination requirements set forth in the Bidding Documents and to pay prevailing wage at the location of the work.

The work described in the contract is a public work subject to section 1771 of the California Labor Code.

FUNDING CONTINGENCY: Award of the Contract is contingent on the receipt of funding by the United States Army Medical Research Acquisition Activity. While it is anticipated that such financing will be obtained within the period reserved for the Consideration of Bids, there is no assurance that such financing will be received.
