

California Manufacturer Receives \$2 Million in Tax Credits to Drive Clean Energy Manufacturing

Energy Department Announces \$150 Million in Tax Credits to Support U.S. Clean Energy Manufacturing Investments

Building on President Obama's Climate Action Plan to continue America's leadership in clean energy innovation, the U.S. Department of Energy today announced \$150 million in clean energy tax credits to build U.S. capabilities in clean energy manufacturing. The credits will go towards investments in domestic manufacturing equipment by 12 businesses, including \$2 million in tax credits to Alameda-based Natel Energy Inc. Through the Advanced Energy Manufacturing Tax Credit program (48C Program), these awards will help create thousands of jobs across the country and increase U.S. competitiveness in the global clean energy market.

U.S. Secretary of Energy Ernest Moniz announced the 48C Program awards today at the Energy Department's American Energy and Manufacturing Competitiveness Summit, jointly sponsored by the Council on Competitiveness. As part of the Department's broader Clean Energy Manufacturing Initiative, this summit brings together industry, govern-

ment, academia and the Department's national laboratories to address national challenges in manufacturing and energy.

"Cost-effective, efficient manufacturing plays a critical role in continuing U.S. leadership in clean energy innovation, and the tax credits announced today will help reduce carbon pollution from our vehicles and buildings; create new jobs and supply more clean energy projects in the United States and abroad with equipment made in America," said Energy Secretary Ernest Moniz.

The President's Climate Action Plan laid out steady, responsible action to cut carbon pollution in the United States, including deploying clean energy, building a 21st century transportation sector and cutting energy waste in homes, businesses and factories. The 48C Program supports this overall strategy to slow the effects of climate change, while continuing American leadership in clean energy innovation.

The Departments of Energy and the Treasury worked in partnership to develop, launch, and award the funds for this program.

AN EQUAL OPPORTUNITY EMPLOYER

SKANSKA - TRAYLOR - SHEA

Sub-Bids Requested From Qualified DBE Subcontractors & Suppliers

Westside Subway Extension Design-Build Project

Owner: LACMTA

RFP No.: C1045

RC-DBE Goal: 20% Design & 17% Construction

Subcontractor Proposal Due Date: January 16, 2014, 4:00PM

Prime Proposal due date: January 30, 2014

Website: www.skanska-traylor-shea.com

Skanska-Traylor-Shea a Joint Venture is interested in soliciting in Good Faith all subcontractors as well as certified DBE subcontractors related to the scopes of work below for the Westside Subway Extension Project. Quotes will be requested from Subcontractors, Vendors, Professional Service and Trucking companies. Please visit our website for the RFP documents and addenda, Subcontracting Requirements, Project Announcements, Outreach and Contact Information. If you are interested in joining our team for this project, please visit our website, fill out and return the Invitation to Bid form to the fax number below. All Quotes are due January 16, 2014.

Requested scopes include, but are not limited to the following and should be based on the C1045 RFP and its amendments.

Subcontractors: Demolition, Clear & Grub, Excavation Earthwork and Support Systems, Shoring & Lagging, Temp. Tunnel Ventilation, AC Paving, Concrete Curbs, Gutters and Sidewalks, Pavement Striping & Marking, Cast-In-Place and Prestressed Concrete, Exposed Concrete Finishes, Arch. Pavers, Stone, Granite, Masonry, Misc. Metal, Welding, Steel Rail, Fencing, Rough Carpentry, Sheet and Pre-Applied Sheet Waterproofing, Painting & Coatings, Fire Protection, Suppression & Stopping, Metal Doors, Frames & Hardware, Glazing, Equipment, Mechanical Piping & Materials, Ventilation Fans & Equipment, Plumbing, Electrical & Electrical Supply, Low Voltage Systems, Hazardous Material Remediation & Hauling, Trucking (Haz Mat & hauling)

Design: Civil, Electrical, Mechanical, Architectural, Landscaping

Services/Vendors: Monitoring: Sound, Vibration, Geo, and Air Quality, Security, Office Supplies, Re-prographics, Sweeper Truck, Water Trucks, Jobsite Sanitation, Janitorial, SWPPP, Progress Photography, Catering
STS will assist qualified subcontractors, vendors, and suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a DBE Company, please provide your certification letter with your proposal. If you are a non-DBE, please indicate all lower-tier participation on your quotation as it will be evaluated with your price. In order to assist DBE subcontractors and suppliers, we will divide total requirements into smaller packages, tasks or quantities and establish delivery and construction schedules which will permit maximum participation when feasible. Please visit our website listed above for detailed contracting requirements

PUBLIC LEGAL ADVERTISEMENTS

UC IRVINE

NOTICE INVITING GLAZING CONTRACTOR PREQUALIFICATION

Prequalification Questionnaires will be received by the University of California, Irvine Medical Center (UCIMC) from general contractors wishing to submit bids for a lump sum contract for the UCIMC B23 Exterior Upgrade, Project No. 994024.

PREQUALIFICATION: The University has determined that bidders must be prequalified for this project.

DESCRIPTION OF WORK: Replace all existing spandrel glass elements and repaint existing mullion caps in Building 23 with a solid, light gray glass. Touch up paint around replaced glass as needed. Alternates may include modification of stair tower windows and addition of a canopy structure at the fourth floor terrace. Project completion time: 90 days.

ESTIMATED COST: \$800,000, excluding alternates

PROCEDURES: Prequalification Questionnaires available Thursday, 12/12/13, 2:00 PM. Contact David Donovan, (714) 456-5628, ddonovan@uci.edu.

MANDATORY PREQUALIFICATION CONFERENCE: Thursday, 12/19/13, at UCIMC, Building 56, Room 113, 101 The City Drive South, Orange, CA 92868, beginning promptly at 10:00 AM.

QUESTIONNAIRE DUE DATE: Questionnaires must be received by Tuesday, 1/7/14, 4 PM only at UCIMC, Planning Administration, Building 27, Room 36, 101 The City Drive South, Orange, CA 92868.

BIDDER QUALIFICATIONS: Must meet license, insurance, bonding, safety, financial and claims history requirements. Must have completed a minimum of three projects with a construction cost of \$500,000 or more in the last five years including: One (1) project requiring infection control constructed in a fully operational/occupied hospital or outpatient facility; one (1) exterior renovation project of a multi-story building; and one (1) window installation/replacement project that required waterproof testing. **Bidders not meeting the requirements of the prequalification questionnaire will not be eligible to bid.**

LICENSE REQUIREMENT: Current and active California CSLB "B" General Building Contractor license.

Prequalification is solely for the purpose of determining bidders who are deemed capable of successful performance of the type of work included in this project. A contract will be awarded to the prequalified bidder submitting the lowest responsive bid.

The University reserves the right to reject any or all responses to this notice, to waive non-material irregularities, and to deem Contractors prequalified to submit proposals for the project. To prequalify, Contractors must agree to comply with all bid conditions including state prevailing wages, 10% bid bond, 100% payment and performance bonds, and insurance requirements. All information submitted for prequalification evaluation will be considered official information acquired in confidence, and the University will maintain its confidentiality to the extent permitted by law.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Proposer may be required to show evidence of its equal employment opportunity policy.

For other opportunities: www.healthaffairs.uci.edu/planning-administration/index.asp

GOLDEN GATE BRIDGE HIGHWAY & TRANSPORTATION DISTRICT

**PLEASE VISIT OUR WEBSITE AT:
<http://ppc.ucsc.edu> FOR THE TEXT OF THE FULL ADVERTISEMENT AND INFORMATION ON HOW TO OBTAIN BID DOCUMENTS.**

Clean Energy Manufacturing

Continued from page 1

The Advanced Energy Manufacturing Tax Credit authorized Treasury to provide developers with an investment tax credit of 30 percent for the manufacture of particular types of energy equipment. Funded at \$2.3 billion, the tax credit was made available to 183 domestic clean energy manufacturing facilities during Phase I of the program. Today's awards, or Phase II, were launched to utilize \$150 million in tax credits that were not used by the previous awardees and support projects that must be placed in service by 2017.

Today's awards include domestic manufacturing of a wide range of renewable energy and energy efficiency products – from hydropower and wind energy to smart grid technologies to fuel efficient vehicles – and will support thousands of new manufacturing jobs in nine states and dozens of supply chains throughout the United States.

Natel Energy Inc. makes low-head, high-flow hydroelectric turbines for new, distributed, utility-scale hydropower projects as well as for retrofitting dams and irrigation canals. With more than \$2 million in 48C Program tax credits, Natel is equipping a manufacturing facility on California's former Alameda Naval Air Station. The facility will produce 200 turbines annually – roughly 90 megawatts – to enable environmentally friendly hydropower development worldwide.
