

Top predictions and insights for the future of construction

[Article originally appeared in <https://buildertrend.com>]

By Meghan Townley

Many exciting innovations are happening in the construction industry. These emerging trends have the potential to improve efficiency, sustainability and project outcomes. As construction technology continues to evolve, it'll make your day-to-day tasks more productive and improve collaboration among your team members.

What is the future of construction?

The future of construction is expected to be influenced by several of the latest construction industry trends and technologies. Here are a few key areas that are quickly reshaping the industry:

1. Sustainability and green building

As environmental concerns increase, the need for sustainability and green building also increases. Sustainable construction practices are in demand for building high-performance homes that focus on energy efficiency.

2. Building apps

Construction apps improve efficiency and allow your team to better communicate. Besides reducing paperwork, a robust construction software will allow for real-time collaboration and document sharing and will perform project management tasks that'll save you long hours of administrative duties.

3. Prefabrication and modular construction

Prefabrication and modular construction methods, or "prefab," are both efficient and cost-effective. Prefabricated construction materials are made off-site in a factory and assembled onsite at the project location. This method is growing in popularity because it gives greater quality control and reduces building time and material waste.

4. Robotics and automation

Robots are being used for labor-intensive tasks such as pouring concrete, bricklaying and loading bulky or heavy material onto trucks. Using a robot can improve accuracy and reduce risk for team members doing dangerous tasks.

5. Building information modeling (BIM)

Building information modeling is a software program used to model construction projects. It's essentially a digital representation of what the project will look like when it's complete and a helpful way to walk through details with clients and key project players.

6. Artificial intelligence (AI)

Artificial intelligence and machine learning are being used in the construction sector to automate tasks and analyze construction data. Many businesses use AI chatbots to help compose social media posts and to write customer messages or

California Awarded Up to \$1.2 Billion to Advance Hydrogen Roadmap and Meet Climate and Clean Energy Goals

[Article originally appeared in <https://business.ca.gov>]

In a historic announcement, California has been awarded up to \$1.2 billion from the United States Department of Energy (DOE) to build and expand projects focused on clean energy and creating green jobs with the ultimate goal of achieving a net-zero carbon economy by 2045.

California is one of seven awardees of the DOE's Regional Clean Hydrogen Hubs (H2Hubs), which will kickstart a national network of clean hydrogen producers, consumers, and connective infrastructure while supporting the production, storage, delivery, and end-use of clean hydrogen. The H2Hubs are expected to collectively produce three million metric tons of hydrogen annually, reaching nearly a

third of the 2030 U.S. production target and lowering emissions from hard-to-decarbonize industrial sectors that represent 30 percent of total U.S. carbon emissions. Together, they will also reduce 25 million metric tons of carbon dioxide (CO2) emissions from end-uses each year—an amount roughly equivalent to combined annual emissions of 5.5 million gasoline-powered cars—and create and retain tens of thousands of good-paying jobs across the country while supporting healthier communities.

California submitted an application in April through the Alliance for Renewable Clean Hydrogen Energy Systems (ARCHES), a statewide public-private partnership designed to accelerate renewable hydrogen's (H2) contribution to decarbonizing the state's economy and build on California's long-standing H2 and renewable energy leadership. The Governor's Office of Business and Economic

Development (GO-Biz) has joined with the University of California, Lawrence Berkeley National Laboratory, state agencies, elected leaders, organized labor, and non-profit organizations to build the framework for California's renewable, clean hydrogen hub.

"Unlocking the full potential of hydrogen—a versatile fuel that can be made from almost any energy resource in virtually every part of the country—is crucial to achieving President Biden's goal of American industry powered by American clean energy, ensuring less volatility and more affordable clean energy options for American families and businesses," said U.S. Secretary of Energy Jennifer M. Granholm. "With this historic investment, the Biden-Harris Administration is laying the foundation for a new, American-led industry that will propel the global clean energy transition while creating

ABLE: Asian Black Latino Enterprises

Hispanic Entrepreneurship at the Forefront of American Business Boom

[Article originally appeared in www.sba.gov]

The Biden-Harris administration and U.S. Small Business Administration Administrator Isabella Casillas Guzman are committed to the success of Hispanic communities. More Hispanics than ever before are seizing the opportunity to create new businesses which enhance our cities and neighborhoods. Data shows that the five million Latino-owned businesses contribute \$800 billion each year to our economy. In the past decade, Latino entrepreneur growth rates have risen 10 times faster than non-Latino businesses. Within SBA's Region 10, Hispanic businesses employ thousands of workers and contribute millions of dollars to local economies. The number of Hispanic-owned businesses are impressive: nearly 3,000 in Alaska; more than 9,000 in Idaho; over 23,000 in Oregon; and more than 36,000 in Washington State.

Both President Biden and Administrator Guzman – the highest-ranking Latina in the President's administration – have made strengthen-

ing Hispanic-owned small businesses a priority. Over the last 33 months we have seen the fastest creation rate of Hispanic-owned businesses in over a decade, which was more than 20% faster than pre-pandemic levels. The president made a goal of increasing by 50% the amount of federal contracting dollars going to small, disadvantaged businesses by 2025, which translates to an additional \$100 billion for minority-owned and other underserved businesses and will help more Americans realize their entrepreneurial dreams.

President Biden directed the development of an ambitious, government-wide interagency plan to advance equity, justice and opportunity for Latino communities. The SBA established four equity goals that focus on direct assistance including:

GOAL 1. Improve access to capital for underserved communities, including Hispanic small business owners. SBA is investing in additional technology to match underserved borrowers with Community Financial Institutions including Community Development Financial Institu-

tions. For borrowers, application requirements will be simplified, data will integrate automatically, a high-quality customer service support system will be available and the process will be mobile-friendly.

GOAL 2. Expand access to federal procurement and contracting opportunities. SBA will enroll more small, disadvantaged businesses into its business development and contracting programs including the 8(a) Business Development program, HUBZone program and Economically Disadvantaged Women-Owned Small Business certification program. The goal is to strengthen those businesses' capabilities to compete and perform on contracts.

GOAL 3. Provide support and expanded access to disaster assistance. SBA will work with its field and program offices to develop a systematic and formal process with its resource partners to assist minority-owned businesses with disaster loans including application completion, reconsiderations, credit repair and managerial and technical services.

GOAL 4. Increase access to business counseling, training and services. SBA will investigate innovative approaches for reaching Hispanic and immigrant clients through its Community Navigators Pilot Program, Women's Business Centers, Small Business Development Centers, SCORE and Procurement Technical Assistance Centers.

This equity plan is in addition to the legislative successes over the last three years including the American Rescue Plan, the Bipartisan Infrastructure Investment and Jobs Act, and the Inflation Reduction Act of 2022 which makes urgent investments that will bring down costs, level the playing field and open historic opportunities for America's 33 million small businesses and innovative startups – especially those businesses owned by minorities, women and veterans.

Breaking Barriers: Why Black Entrepreneurship Is On The Rise

[Article originally appeared in www.forbes.com]

Rates of new business openings have surged in recent years, as more people decide they would rather take a risk and work for themselves than stick with traditional employment.

The Contours of Black Entrepreneurship

Black business ownership has experienced positive gains and setbacks, largely due to the pandemic.

Black businesses were disproportionately impacted by the pandemic and closed at twice the rate of other businesses. These businesses initially also had more challenges accessing the massive influx of federal aid made available through mechanisms like the Paycheck Protection Program (PPP). They were more likely to be denied bank loans from small or mid-sized banks where lending determinations often were more subjective, according to the National Bureau of Economic Research.

But there is another side to the story of Black entrepreneurship. Black business ownership was already growing before the pandemic, but surged during this period — increasing 28% by the third quarter of 2021 compared to before the public health crisis. Some experts argue Black business ownership rose during this time because Black workers were disproportionately affected by layoffs. Four out of the five occupations that employ the largest number of Black workers — retail sales, cashiers, cooks, and waiters and

waitresses — experienced the highest rate of job losses at the beginning of the pandemic. With limited options in these industries, it is not surprising that some workers decided to redeploy their skills, start their own businesses, and try to control their own destinies.

Invites sub-bids from qualified DBE businesses for the following project:

Traffic Signal Modification - 9 Locations Highway Safety Improvement Project

Federal Project No. HSOP-5202(019), Project No. 7598

Location: City of San Fernando at Various Intersections

BID DATE: 12/13/2023 @ 2:00PM

Scope of work/Trades:

532490 – TRAFFIC CONTROL EQUIPMENT
561990 – FLAGGING (TRAFFIC CONTROL) SERVICE
924110 - POLLUTION CONTROL PROGRAM
237310 – CURBS AND STREET GUTTERS, HIGHWAY, ROAD AND STREET, CONSTRUCTION
237310 – SIDEWALK, PUBLIC, CONSTRUCTION
237310 – GUARDRAIL CONSTRUCTION
237310 – TRAFFIC LANE PAINTING
237310 – SIGN ERECTION, HIGHWAY, ROAD, STREET, OR BRIDGE
238210 - TRAFFIC SIGNAL INSTALLATION

We are an Equal Opportunity Employer and intend to seriously negotiate with qualified Disadvantaged Business Enterprise (DBE) subcontractors and suppliers for project participation.

Payment and performance bonds may be required. Please contact us at the above listed number for further information regarding bidding on this project. To the best of our abilities, we will help with bonds/insurance/credit. Plans are available for viewing at our office.

Request for LBEs Subcontractors and Suppliers for

Project: Sunol Valley Chemical Facility Improvements

Contract No: WD-2893

Bid Date: Thursday, December 14th, 2023 • Bid Time: 2:00 PM

The objective of the project is to rehabilitate the Sunol Hydrofluoric Acid (HFA) Facility, provide system integration of the Dechlorination Facility, replace the chemical metering pumps at the Sunol Valley Chloramination Facility (SVCF), and upgrade the main PLC at SVCF. The work is to be performed in Alameda County, California. SFPUC has determined, in accordance with Cal. Public Contract Code §3400, that certain items are "without equal" – refer to Section 00 21 13 (Instructions to Bidders), "Questions on Bid Documents, Addenda, Substitutions." The Engineer's estimate is \$8,500,000. The contract will be awarded to the responsible Bidder submitting the lowest responsive bid.

Seeking all trades (but not limited to): Shoring, Concrete Demolition, Mechanical Demolition, Concrete Construction, Fiberglass Reinforced Grating, Concrete Patching and Repair, Mechanical Work – Dewatering, Pipe Cleaning, Chemical pumps, Chemical Feed Lines, Electrical – Demolition, Installation, Integration, Instrumentation & Controls, Trucking, Welding, Plumbing, Concrete & Coring, and other required work and trades.

Plans, specifications, and requirements can be viewed at our office or by using the link below. Please note that a confidentiality agreement is required for this project.

U.S. Small Business Administration Announces First-Ever Season of Small Business Campaign

[Article originally appeared in www.sba.gov]

Administrator Isabel Casillas Guzman, head of the U.S. Small Business Administration (SBA) and the voice in President Biden's Cabinet for America's 33 million small businesses, announced the SBA's first-ever Season of Small Business campaign. Un-

der President Biden's leadership, there has been a small business boom with more than 14.6 million new business applications nationwide. On the heels of another transformative year for small businesses under the Biden-Harris Administration, the Season of Small Business campaign encourages all Americans to support small businesses throughout the holiday season.

"The Biden-Harris Administration's historic small business boom is the gift that keeps on giving as small businesses continue to strengthen our economy," said Administrator Guzman. "The Biden-Harris agenda has prioritized uplifting small businesses as they create jobs, produce for our economy, and give back to their communities. During the Season of Small Business,

the SBA encourages everyone to shop local, dine small, and support the small businesses that power the economy and make our neighborhoods vibrant."

The Season of Small Business is a new, SBA-led campaign designed to drive Americans to shop

Email quotes to jmiranda@shimmick.com. Please submit your quotes no later than December 19th @ 11am.

Shimmick Construction Company, Inc. is requesting quotes from DBE (including MBE, WBE, and SBE) subcontractors and suppliers in the following scopes of work (including, but not limited to):

Hydroseeding; Aggregate Base; Aggregate Subbase; Concrete Base; Concrete Pumping; Paving Asphalt; Groove & Grind Pavement; Sound Wall; Reinforcing Steel; Steel Structures; Welded Steel Pipe; Sewer Manhole; Concrete Curb & Sidewalk; Misc. Bridge Metal Pumping Plant Metal; Land Surveyor; SWPPP Planning; Trucking; Carpentry; Roofing; Masonry; Floor Covering; Plumbing; Fire Protection; Painting Structures; Door Installation Services; Heating & Air Conditioning; Insulation; Siding, Stucco, Veneer; Aerial/Photogrammetric Mapping Services; Safety Equipment Supplier; Petroleum, Oil & Lubricants Supplier; Sand & Gravel Supplier; Asphalt Supplier; Concrete & Cement Supplier; Reinforcing Bar Section Supplier; Steel Supplier; Doors & Frames Supplier; Lumber Supplier; Pipe Supplier; Drainage Systems Supplier; Storm Water Systems Supplier; Fencing Supplier; Electrical & Signals Supplier; Glass & Glass Block Supplier; Building Material Supplier; Tools Supplier; Construction Staking Supplier; Construction Equipment Rental; Heavy Equipment Rental; Electric Distribution Equipment; Electrical Industrial Apparatus; Electric Lighting & Wiring Equipment

Plans and specifications for this project may be downloaded free of charge via Public Purchase using the following link: <https://www.publicpurchase.com/gems/bid/bidView?bidId=179246&ssso=b3de68f89e0f118c5e8e169cd9a4ac75&ssso=0748b1087c9502730f7eedcc53c5503b>

You may also contact Jamie Miranda at jmiranda@shimmick.com for access.

Should you require assistance with your bid, please contact our lead estimator Brian Guerini at bguerini@shimmick.com.

All items of work listed above are made available, even items of work normally performed by Shimmick. Please contact the lead estimator listed above for assistance with breaking down items of work into economically feasible units, with assistance obtaining equipment, supplies, materials, bonding, insurance, estimating, or related assistance. 100% Performance and Payment bonds with a surety company subject to approval of Shimmick Construction Company, Inc. are required of subcontractors for this project. Shimmick Construction will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest SCCI Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote. Shimmick Construction requires that Subcontractors and Suppliers price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation. For assistance with bonding, insurance or lines of credit contact Devin Nordhagen at devin.nordhagen@shimmick.com.

This project is subject to the Davis-Bacon Act, the Build America, Buy America Act for iron, steel, manufactured products and construction materials used in the project, and federal Disadvantaged Business Enterprise (DBE) regulations.

- Non-LBE firms are encouraged to contract with a group of lower tier LBEs or individual LBEs. For more information on certification, go to <http://www.sfgov.org/cmd>
- Non-DBE firms are encouraged to contract with a group of lower tier DBE's or individual DBE's. DBE's certified thru, but not limited to, any of the following agencies: www.mdba.gov; www.epa.gov; www.sba.gov; dot.ca.gov
- Plans are available for viewing through SmartBidNet (SBN). All subcontractors that are registered in our SBN database will receive an invitation to bid. Please email norcal.bids@kiewit.com to register your company to be able to receive bidding information, Plans and Specifications. Please note, prior to receipt of any documents, a Confidentiality Agreement must be completed.
- This Project is subject to compliance monitoring and enforcement of prevailing wage requirements by the California Department of Industrial Relations including compliance with Davis-Bacon requirements.
- Subcontractors must possess & provide current California contractor's license number & DIR Registration number.
- This Project implements a Project Labor Agreement. Kiewit is a union contractor, signatory to various trades. Please contact Kiewit for more information on the unions concerned.
- Performance and Payment Bonds may be required for Subcontractors, and Supply Bond for permanent material Suppliers on this project. Bond requirement can be waived on a case-by-case basis. Please contact Kiewit for more information. Bond premiums are reimbursable by Kiewit.
- Please contact Kiewit for any assistance in bonding, insurance, equipment, materials and/or supplies.
- This project is funded fully/partially by Drinking Water State Revolving Fund/Water Infrastructure Finance and Innovation Act ("DWSRF/WIFIA"), where the following requirements are applicable:
 - American Iron and Steel (AIS)
 - Disadvantaged Business Enterprises (40 CFR Part 33)
 - BUILD AMERICA, BUY AMERICA ACT (BABA)

REQUEST FOR Sub-Proposals from Certified DBE Firms

Project Name: Inland Rail Trail Phase 3B Bikeway
Solicitation No. SOL1224667

Owner: SANDAG
DBE Goal: 21%

Subcontractors/Subconsultants/Vendors wanted for:

(Subcontractors) : Electrical, Traffic Signal (Traffic Loop), Asphalt Paving/Dikes, Retaining Walls, Minor Concrete (Structures), Fencing, CMU, Light Weight Cellular Concrete, Clear & Grub/ Tree Removal, Landscape, Signage & Striping, Shotcrete, Reinforcing Steel, CCTV, Surveying, Quality Control, Tree Removal, Sawcutting, Modular Block Wall, Job Coordinator, Street Sweeping, Trucking

(Suppliers) : RCP, Ready Mix Concrete, Aggregates, BMP Materials/ Erosion Control, Geogrid, Misc. Metals, CMU Blocks, Shoring, Signage, Catch Basins, Waterworks, Precast Wheel Stops, Truncated Domes, Precast Grade Rings, Trash Receptacles, Welded Wire Fabric, Architectural Liner, PVC

Project Scope:

The work consists in general of constructing approximately 1.1 miles of a Class I bicycle facility, located between Civic Center Drive and Mar Vista Drive, in Vista, CA. The Class I bikeway is an 8-foot to 10-foot-wide multiuse bike path that is located mostly within the existing North County Transit District Right-of-Way, parallel to the railroad tracks. This bike path will connect to existing sidewalks or bike paths. Work will include grading, retaining walls, drainage improvements, cold milling asphalt concrete, crushed aggregate base, asphalt concrete paving, landscaping and irrigation, lighting, black chain link fence and gates, water quality swales, signing, and pavement delineation. The additive alternative work is for the CCTV system.

REVISED BID DATE: January 9th, 2024 at 2:00PST/PDT

REYES CONSTRUCTION, INC.

CALIFORNIA SUB-BID REQUEST ADS

REQUEST FOR QUOTES FROM CERTIFIED MBE/WBE

Town of Paradise Public Works Department
Progressive Design Build Services for The Paradise Sewer Project
 No. RFQ 2023-9394-01
 Engineers Estimate: \$233M
 Bid Date: December 15, 2023
QUOTES DUE: December 12, 2023 at 12:00 p.m.

We are soliciting quotes for the following items of work - including, but not limited to: AutoCAD/Drafting Services, Environmental Monitoring, Geotech Drillers/Boring, Potholing, Scheduling Services, Soil Lab Analysis, Surveying, SWPPP Planning, Traffic Control, Utility Investigation Service-Ground Penetrating Radar.

100% performance/payment bonds will be required for the full amount of the subcontract price. Please contact Flatiron for any assistance to this solicitation, including obtaining bonding, lines of credit, insurance, equipment, materials and/or supplies. Provide scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all quotes received. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operating Engineers, Laborers, Cement Masons, Carpenters and Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. Flatiron intends to work cooperatively with subcontractors and suppliers for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all certified firms. Flatiron will reimburse for bond premium up to 2%. **Firms must possess and provide current contractor's license number and DIR Registration number on the quote.** Firms must possess insurance and workers compensation coverage meeting project requirements. Waiver of Subrogation is required. Please contact Flatiron for any assistance required by your firm. Subcontractors/Suppliers will be required to execute our standard agreements and agree to the standard general terms and conditions. Copies are available for review on our Box.com ftp site upon email request.

Project documents may be downloaded from the Town of Paradise, Public Purchase website <https://www.townofparadise.com/pwe/page/current-bid-notice-contractorsconsultants>, or they may also be downloaded for FREE from our Box ftp site. Please send an email request to NORCALBIDS@flatironcorp.com

Please email ALL Scopes/Quotes to: NorCalBids@flatironcorp.com

Global Family School at Jefferson
Elementary School Site
McClaymonds High School
Melrose Leadership Academy at Maxwell Park Elementary School Site
Montclair Elementary School
Oakland High School
Skyline High School
December 1, 2023 (Issued)

Responses must be received December 28, 2023,
no later than 2:00 p.m.

The Oakland Unified School District ("District") is requesting proposals from experienced firms, partnerships, corporations, associations, persons or professional organizations ("Consultants") to provide electrical engineering services at various school sites ("Project"). Interested firms are invited to submit a Statement of Qualifications ("SOQ") and a detailed Fee Proposal (collectively "RFQ/P Packet") as described below of the requested materials with a cover letter addressed to:

Oakland Unified School District
Kenya Chatman, Executive Director of Facilities
Department of Facilities Planning and Management
955 High Street, Oakland, CA 94601

Oral, telegraphic, facsimile, or telephone RFQ/P Packets will not be accepted. RFQ/P Packets received after this date and time will not be accepted. The District reserves the right to waive any informalities or irregularities in the RFQ/P Packets. The District also reserves the right to reject any and all RFQ/P Packets and to negotiate contract terms with one or more Respondents.

The District will only accept electronic Proposals sent via email in lieu of hard copies. Proposals received by the District no later than 2:00 PM (Pacific Time) on December 28, 2023 via email will be accepted (to Juanita Hunter at juanita.hunter@ousd.org and the contact persons below).

If you have any questions regarding this RFQ/P and/or submitting proposal electronically, please email Kenya Chatman at kenya.chatman@ousd.org and cc: to Colland Jang@ousd.org

**LOCAL, SMALL LOCAL AND SMALL LOCAL
RESIDENT BUSINESS ENTERPRISE PROGRAM**

District Modification: Based on the availability analysis conducted for this specific professional service, the District has reset the LBU Requirement which may be met with a modified 25% Cumulative Local Business Participation (inclusive of Small Local Business Enterprise (SLBE) and/or Local Business Enterprise (LBE) Participation).

The Local Business Utilization Policy requires that there is a mandatory fifty percent (50%) LBU participation with a 25% or less Local Business (LBE) participation and a 25% or more Small Local or Small Local Resident Business (SLBE/SLRBE) participation for all capital program/construction-related contracts and professional services agreements. (See District Modification for this RFQ/P above).

On April 28, 2021, the Board of Education amended the Local Business Policy which had named the City of Oakland as the singular agency to certify local businesses to include five additional local business certifications. For businesses located in Oakland, Local Business and Small Local Business certifications may also be accepted from the Port of Oakland, Alameda County Transportation Commission, Alameda County Department of General Services, US Department of Transportation California Unified Certification Program, and the California Public Utilities Commission.

The District will follow the City of Oakland Small Business size standards in recognizing Small Local and Small Local Resident Businesses.

The full version of OUSD's latest Local, Small Local and Small Local Resident Business Enterprise Program can be found by going to the OUSD home page: ousd.org> Offices and Depts> Facilities> Facilities Planning & Management Department (Visit Website)> Work with the District (Opportunities)> Local Business Utilization LBU Policy> 2021 LBU Board Policy Amendment

Complete the attached Local Business Participation Worksheet (Exhibit D).

CALIFORNIA SUB-BID REQUEST ADS

W.A. Rasic Construction is preparing a bid for the following project as a prime contractor and we are interested in receiving subcontractor quotations for items of work or materials required below from interested Disadvantaged Business Enterprise (DBE), Minority Business Enterprise (MBE), and Women Business Enterprise (WBE)

Alvarado 2nd Extension Pipeline
Bid No. K-24-2005-DBB-3-C
Bid Date: January 8, 2024 @ 2:00 PM
Engineer's Estimate: \$ 127 Million Outreach: DBE/ MBE/WBE
Senior Estimators: Ben Sebat (562) 928-6111
Email: bsebat@warasic.com

W.A. Rasic is requesting bids for the following trades and/or material supplies:

AC Cold Milling & Asphalt Cap Paving, Traffic Signals & Temporary Detection Systems, Minor Concrete (Flatwork), Sawcutting, Striping, Welding, Install Pipeline, Furnish Welded Steel Pipe, Traffic Control Equipment, Cathodic Protection, Trucking & Disposal, Dewatering, Contaminated Soils (Monitoring, Hauling & Disposal), Trenchless Construction, Compaction Grout, Shoring Rental Services, Plant Establishment Period & 25-Month Revegetation Maintenance / Monitoring, Archaeological & Native American Monitoring

NAICS Codes:

237110, 237310, 237990, 238110, 238190, 238210, 238910, 238990, 332110, 484110, 532490, 541330, 541690, 562910

Plans & Specifications are available at no cost to interested firms by either contacting W.A. Rasic Construction, downloading from the City of San Diego's Planet Bids Portal or by utilizing the following FTP link:
<https://www.dropbox.com/scl/fo/1b8yup2n9g3mu1kncos/h?rlkey=qb5ca4bqihyfs1xsk27o7a&dl=0>

W.A. Rasic intends to seriously negotiate with qualified firms and will assist in obtaining bonds, lines of credit, insurance, equipment, supplies and materials upon request. W.A. Rasic will consider all DBE, MBE, and WBE quotes, including those that are broken down into economically feasible tasks or quantities as well as arrange delivery schedules to facilitate and encourage maximum bidding participation. W.A. Rasic also encourages a consortium of DBE / MBE / WBE firms when a contract portion is too large to handle individually. Subcontractors must have a valid California Contractors License and must be registered with the Department of Industrial Relations (DIR) as required by Section 1725.5 of the Public Contract Code. Subcontractors will be required to execute W.A. Rasic's standard subcontract agreement and general insurance requirements. A copy of our subcontract agreement and insurance requirements is available in electronic format upon request. W.A. Rasic reserves the right to require each subcontractor to provide payment and performance bonds in the amount of 100% of the subcontractor's bid. Bond Premium will be reimbursed up to a cost not to exceed 1.5%. W.A. Rasic is an equal opportunity employer and Union signatory Contractor.

EVRA Construction, Inc.

We are requesting bid quotations from all subcontractors and suppliers and DVBE Subcontractors/Suppliers for the following

SMALL
BUSINESS
EXCHANGE

First-Ever Season of Small Business Campaign

Continued from page 6

at small businesses throughout the entire holiday season – the busiest shopping time of the year. This holiday season is essential to the success of local, independently owned businesses and small business brands that rely on the surge of consumer spending to achieve their annual revenue goals.

Small businesses are a crucial part of local economies and communities – they are responsible for more than 40% of America's economic output and two-thirds of net new jobs.

For more information about the SBA's Season of Small Business campaign, visit www.sba.gov/SeasonOfSmallBusiness. To learn more about

the SBA's loan programs, financial assistance, and other services, visit www.sba.gov.

SOURCE: www.sba.gov/article/2023/12/05/us-small-business-administration-announces-first-ever-season-small-business-campaign

Top predictions and insights for the future of construction

Continued from page 1

project proposals. AI has enormous potential. As it continues to expand, it'll become an even bigger player in the industry.

7. Internet of Things (IoT) and smart buildings

The Internet of Things and smart buildings include "things" such as AI voice assistants and other devices embedded with software to exchange and collect information. They're helpful for contractors who want to gather data from job sites. The ability to monitor energy usage, equipment operation, job completion and security takes a lot of work off your project manager's shoulders.

8. Augmented reality (AR) and virtual reality (VR)

The purpose of AR/VR is to enable a client or team members working remotely to view the job site as if they were standing in front of the project. AR allows designers to overlay digital images onto images of the actual construction site. VR gives lifelike images and video for design review or for construction walkthroughs and approvals.

9. 3D printing

Large-scale 3D printers have the ability to print custom construction projects for a fraction of the

material and labor costs. Printing speeds up the process and allows for a lot of design flexibility. Construction companies are printing everything from sections of crown molding to entire buildings.

Why companies should consider the future of construction

For the future of your business, it's essential not to fall behind on construction trends. You don't need to embrace every trend out there, but to remain competitive and a leader in the market, you should be informed about where the industry is headed.

Competitive advantage

Understanding the latest construction technology, sustainability practices and efficient construction methods will secure your competitive advantage. Applying green building practices and offering smart home technology will help you stand out against your competitors and improve your marketing for future success.

Increased efficiency and productivity

Putting technology like BIM, AR/VR and digital printing to use will greatly increase your efficiency and productivity. Using AI to automate basic tasks and engage on social media will save you hours and leave you with more time to engage in those high-level decisions and projects.

Sustainability

You can make your building practice more sustainable by making simple changes: Use renewable materials, properly insulate to maximize energy efficiency, install LED lights and regulate thermostats and lighting with smart home technology. Sustainable construction processes like these are referred to as building science – these changes aren't drastic, but they're a step toward sustainability.

Enhanced project outcomes

Adopting new technology will help with project planning and client communication. AR/VR technology will allow your clients to visualize their new home and make informed design decisions before the construction begins. When the project is complete, no one will be surprised with the results.

Talent attraction and retention

Top talent is attracted to businesses that are willing to embrace change – and that includes new trends and technologies. By accepting trends, you're future-proofing your construction business by showing talent you're innovative and a leader in the industry.

\$1.2 Billion to Advance Hydrogen Roadmap

Continued from page 1

high quality jobs and delivering healthier communities in every pocket of the nation.”

“Today’s announcement is an extraordinary investment not just in California’s future, but for the entire country,” said Angelina Galiteva, CEO, ARCHES. “ARCHES is honored to have been chosen for such substantial funding, and we are eager to get to work to bring cutting edge projects to life up and down the state. We are grateful to President Biden and to Secretary Granholm for their dedication to a clean hydrogen future, and we look forward to rolling up our sleeves and working with our partners to advance a zero-carbon economy in a just and equitable manner that will improve the quality of life for millions of Californians.”

“This award is a testament to California’s unrivaled commitment to a carbon-neutral future,” said Dee Dee Myers, Senior Advisor to the Governor, Director of GO-Biz and founding ARCHES Board Member. “There is no better place to showcase the benefits of clean, renewable hydrogen – and the role it can play in decarbonizing our economy while creating green jobs and sustainable business at scale. This critical funding will help California build a system of hydrogen projects to integrate renewable energy into our economy, resulting in cleaner air and family supporting jobs for communities across the state.”

The H2Hubs are one of the most significant investments in the United States Department of Energy’s history and is funded by President Biden’s Bipartisan Infrastructure Law.

“When evaluating our process and application to the Department of Energy, we wanted to ensure that meeting the needs of California’s most disadvantaged communities and creating green jobs were priorities,” added Galiteva. “We are proud to have an engaged community process and the support of organized labor as we move forward with many of the projects outlined in our application.”

“Research and innovation emerging from the University of California is a key part of our collective effort to build a clean, renewable energy future for all,” said Dr. Michael V. Drake, President of the University of California. “We are proud to help lead ARCHES and to collaborate with partners across sectors, including the state of California, to address the climate crisis.”

“Today’s announcement will bring more than 220,000 well-paying jobs to California, centered along the state’s major transportation corridors,” said Chris Hannan, President of the State Building & Construction Trades Council of California. “This means reliable, clean energy careers for workers in a real and meaningful way, helping not only to provide employment, but also to build the economy across California.”

Last year, Governor Newsom signed into law an ambitious package of climate legislation that included a mandate to achieve carbon neutrality no later than 2045 and deliver 90% clean electricity by 2035.

CLEVELAND, OHIO SUB-BID REQUEST AD

Cleveland Public Market Corporation Accepting Applications to Grow West Side Market Team

[Article originally appeared in www.clevelandohio.gov]

Cleveland Public Market Corporation (CPMC) is now accepting applications for six top-level jobs at the West Side Market as it prepares to take over Market operations next year.

The CPMC board announced their appointment of Rosemary Mudry as Executive Director for Cleveland Public Market Corporation earlier this week. Mudry's first day as Executive Director for CPMC will be January 3.

"Building a strong team is one of my top priorities," said Mudry. "I am excited to assemble a team of collaborative, creative, mission-driven professionals who love the Market and will passionately work with CPMC to see it reach its full potential."

CPMC is accepting applications on a rolling basis and will begin interviewing candidates in January.

David Abbott, President of Cleveland Public Market Corporation, said "CPMC's staff will each have a unique opportunity to set the stage for the Market's next chapter."

CPMC is currently seeking candidates for the following positions:

- Operations Director
- Assistant Operations Director
- Marketing Director
- Development and Partnerships Director
- Merchant and Leasing Coordinator
- Finance and Office Manager

Position descriptions can be found at <https://westsidemarket.org/job-opportunities/> and applications submitted to cpmc@westside-market.org.

Bank On CLE Awarded Fellowship to Expand Banking Access in Cleveland

[Article originally appeared in www.clevelandohio.gov]

Millions of Americans across the country are outside of the stabilizing financial mainstream, without a safe banking account to manage their money and build towards a stronger financial future. Across the country, Bank On coalitions work to connect residents to safe, affordable accounts – and Bank On CLE just received a new grant to supercharge these efforts.

The City of Cleveland and national nonprofit the Cities for Financial Empowerment Fund (CFE Fund) announced that Cleveland has been selected to receive a grant to support a Bank On Fellow for a two-year term to advance banking access efforts at scale, including through identifying opportunities to connect access to safe accounts to programs and payments.

Now in its fourth Wells Fargo Foundation-supported cohort, the national Bank On Fellowship Program provides funding to six Bank On coalitions to support a full-time staff position for two years — a "Fellow" — to lead coalition activities. Launched in 2017 with generous support from the Wells Fargo Foundation, it is the first national initiative focused on building experienced banking access leaders across the country, equipping them with the training, tools, and resources to make significant advancements in local banking access efforts while at the same time generating best practices for other coalitions. Dedicated local leadership is critical to moving beyond general education and literacy efforts into identifying systemic integration points – from unemployment insurance to tax refunds to other program and payment streams – to connect unbanked people to safe, affordable accounts at scale.

"We are thrilled and grateful to be part of the Bank On Fellowship opportunity and look forward to this unique opportunity to increase banking access for Clevelanders and strengthen our communities," said Cleveland's Director of Community Development Alyssa L. Hernandez. "Our administration, alongside banking and non-profit partners, is proud to tackle the critical issue of financial equity in order to create opportunities for residents to thrive. Our newly hired Fellow will help us be more strategic while pulling together existing resources to assist in a productive manner."

The CFE Fund leads the national Bank On movement, supporting local coalitions working to connect individuals and families to the financial mainstream through partnerships between local governments, financial institutions, and community organizations. The Bank On National Account Standards define characteristics of a safe, affordable, and fully functional consumer account; accounts certified as meeting Bank On Standards are available at over 400 banks and credit unions across the country in over 46,000 branches, comprising 60 percent of the U.S. deposit market share.

"Banking access is foundational to financial stability," said Jonathan Mintz, President and Chief Executive Officer of the Cities for Financial Empowerment Fund. "A safe, affordable, mainstream account is critical to helping people manage their money and improve their financial health. Bank On coalitions across the country connect people to safe accounts at scale, and a dedicated coalition leader will only supercharge this work. We are proud to partner with the Wells Fargo Foundation to support Bank On CLE and their new full-time Fellow in helping Cleveland

J.F. Shea Construction, Inc.

residents connect to safe financial products."

Established in 2021 the Bank On CLE coalition, made up of local non-profits, banking partners, government employees and community advocates, began hosting quarterly meetings and recognized the need for more in-depth planning and discussion around deliverables and how to achieve them. As a result, three sub-committees were formed – marketing, program integration, and data and analytics. Members volunteered to chair each of these committees and met regularly to put forward recommendations on how to serve the needs of an unbanked population.

"We're excited to support the continuation of our partnership with CFE Fund and welcome our fourth cohort of Bank On Fellows to lead banking inclusion efforts in markets with high concentrations of unbanked households," said Bonnie Wallace, head of Financial Health Philanthropy at Wells Fargo.

The City of Cleveland is one of six Bank On coalitions across the country whose work will be supported by this cohort of the Bank On Fellows initiative. The goal of the national Bank On movement is to ensure that everyone has access to safe and affordable financial products and services.

To learn more about Bank On CLE click here or reach out to Aaron Kinney, City of Cleveland, Neighborhood Reinvestment Coordinator and Bank Relations Manager at akinney@clevelandohio.gov.

About the Cities for Financial Empowerment Fund (CFE Fund)

The CFE Fund supports municipal efforts to improve the financial stability of households by leveraging opportunities unique to local government. By translating cutting-edge experience with large scale programs, research, and policy in cities of all sizes, the CFE Fund assists mayors and other local leaders to identify, develop, fund, implement, and research pilots and programs that help families build assets and make the most of their financial resources. The CFE Fund is currently working in over 100 cities and counties representing 75 million people, and has disbursed over \$64 million to city governments and their partners to support these efforts. For more information, please visit www.cfefund.org or follow us on Twitter at [@CFEFund](https://twitter.com/CFEFund).
