US DOT Earns 'A+' on Annual Procurement Scorecard

Seventh consecutive year DOT earned at least an "A" rating.

DOT's OSDBU team with Deputy Secretary Mendez

DOT is proud to be a leader in the Federal government, earning a grade of "A+" from the Small Business Administration (SBA) on this year's Annual Small Business Procurement Scorecard.

DOT's Office of Small and Disadvantaged Business Utilization (OSDBU), led by Brandon Neal and the Office of Procurement, led by Dr. Willie Smith, worked closely together and were instrumental in this achievement by providing a range of support to help small businesses compete for these contracts.

Here at DOT, we've made supporting small businesses a top priority. So it's no surprise that --in conjunction with Secretary Foxx's Ladders of Opportunity initiative-- DOT alone awarded double the federal average in Fiscal Year 2015. For the year, more than 50 percent of our procurement contracts went to small businesses.

Established by Law, the Annual Scorecard is an assessment tool to (1) measure how well federal agencies reach their small business and socio-economic prime contracting and subcontracting goals, (2) provide accurate and transparent contracting data and (3) report agency-specific progress or small businesses, small businesses owned by women, small disadvantaged businesses, service-disabled veteran-owned small businesses, and small businesses located in Historically Underutilized Business Zones (HUBZones).

Through OSDBU, small businesses are ensured fair access to federal contracting opportunities. The office also assists these businesses in competing in other programs for transportation-related projects.

About the achievement, OSDBU Director Brandon Neal said, "We pride ourselves in help-

ing a diverse base of small businesses grow and develop, including supporting women, disabled veterans, and disadvantaged owners."

Secretary Foxx lauded this accomplishment: "I've said this before, but transportation is about much more than just getting from point A to point B; it's about getting to a better life. Our perennial "A+" rating from the SBA demonstrates a holistic commitment to providing ladders of opportunity to small and disadvantaged business."

When we support America's small businesses, they provide value to government and to the economy in return. As SBA Administrator Maria Contreras-Sweet said, "Small businesses get the revenue they need to grow and create jobs, and the federal government gets the chance to work with some of the most responsive, innovative and nimble companies in the U.S. while the economy grows."

Skanska and City of Los Angeles share best practices for prospective subcontractors

Free Event to share insights into successful Bidding strategies and upcoming contracting opportunities in LA County.

Skanska, one of the world's leading construction and development firms, will co-host a panel discussion with the City of Los Angeles designed to provide information to companies looking to successfully bid on construction contracts in LA County.

The event -- "Prime Connection Forum -- Successful Contract Strategies for Subs" -- will take place from 5-7 p.m. on Wednesday, May 4 at the Los Angeles Central Library, Mark Taper Auditorium, 630 W. 5th Street. The event is specially timed to be part of National Small Business Week and is being presented in conjunction with Mayor Eric Garcetti's Office of Economic Development, City of Los Angeles' Contractor Bonding and Development Program.

Skanska Project Team Members will discuss upcoming contracting opportunities with the Purple Line Extension, Regional Connector and 6th Street Viaduct Replacement Projects. Additionally, Disadvantaged Business Enterprise (DBE)-certified small business owners who have successfully bid on major construction contracts will participate in a panel discussion to share their experiences on how to build mutually beneficial partnerships and maintain contract compliance.

"We are committed to increasing the number of disadvantaged and small businesses with whom we contract," said Lawrence Martocci, Skanska Procurement Manager. "It is vital that the billions

of dollars that LA county citizens have invested in infrastructure benefit LA county businesses. By helping to teach prospective subcontractors how to work with large prime contractors, we hope to not only fulfill that goal, but to strengthen the overall Los Angeles Contracting community."

Panelists will include:

- Isaac Segovia, vice president of Morgner Construction Management, a woman-owned business that grew from humble beginnings to a prominent public agency construction management firm in Southern California;
- Domingo Leon, president of D'Leon Consulting. His firm, founded in 1998, is currently contracted on several major LA projects;
- Ronnie Jones, president of Enor Innovations, Inc. Started in a garage more than 10 years ago, his company has grown to be one of the largest providers of traffic control services in the region.

Admission to the event is open to the public and free of charge. To register for this free small business event go to <https://skanskaprimeconnectionforum.eventbrite.com> or call (213) 258-3000.

Construction - Rebuilding America's Infrastructure

Construction Employment Increases In 244 Out Of 358 Metro Areas Between March 2015 And 2016

Construction employment increased in 244 out of 358 metro areas, was unchanged in 44 and declined in 70 between March 2015 and March 2016, according to a new analysis of federal employment data released today by the Associated General Contractors of America. Association officials said the new figures show that the construction sector, in most parts of the country, continues to recover from its years-long downturn.

“With more than two-thirds of the nation’s metro areas adding construction jobs it is clear that the demand for construction is broad-based geographically and by project type,” said Ken Simonson, the association’s chief economist, adding that construction employment hit new peak levels in 31 metro areas. “The main soft patch for the construction industry remains the parts of the country most likely to be affected by declining energy prices.”

Anaheim-Santa Ana-Irvine, Calif. added the most construction jobs during the past year (11,900 jobs, 14 percent). Other metro areas adding a large number of construction jobs include New York City (9,000 jobs, 7 percent); Atlanta-Sandy Springs-Roswell, Ga. (8,500 jobs, 8

percent); and Orlando-Kissimmee-Sanford, Fla. (8,300 jobs, 14 percent). The largest percentage gains occurred in El Centro, Calif. (45 percent, 1,000 jobs); Monroe, Mich. (36 percent, 800 jobs) and Haverhill-Newburyport-Amesbury Town, Mass.-N.H. (28 percent, 1,000 jobs).

The largest job losses from March 2015 to March 2016 were in Odessa, Texas (-2,700 jobs, -14 percent), followed by Fort Worth-Arlington, Texas (-2,600 jobs, -4 percent); Cleveland-Elyria, Ohio (-2,500 jobs, -8 percent) and Midland, Texas (-2,200 jobs, -8 percent). The largest percentage declines for the past year were in Bloomington, Ill. (-15 percent, -400 jobs); Odessa; Grants Pass, Ore. (-13 percent, -100 jobs); Decatur, Ill. (-13 percent, -400 jobs) and Laredo, Texas (-13 percent, -600 jobs).

Association officials said the new employment figures are encouraging, but cautioned that workforce shortages are likely to grow as the industry continues to expand. They noted that 70 percent of firms, according to the association’s annual Outlook survey, report they are already having a hard time finding qualified workers. Those shortages will only get more severe considering the lack of secondary-level pro-

grams to recruit and prepare future construction workers, they added.

“As firms add to their backlog of pending projects, the backlog of available workers continues to shrink,” said Stephen E. Sandherr, the association’s chief executive officer. “It is time to start sending signals to students that there are multiple paths to success in life, and while college and office jobs are one path, high-paying careers in construction offer another, equally viable option.”

PROJECT: 500 Folsom, San Francisco (Transbay Block 9)
LOCATION: San Francisco, CA
SUBJECT: Invitation to Bid and Request for Bid Proposal

This Invitation to Bid shall service notice that Balfour Beatty Construction is requesting Subcontractor Bid Proposals on the 500 Folsom St, San Francisco Project.

BID DOCUMENT ISSUANCE DATE: Monday April 4, 2016
PRE-BID MEETING DATE: Monday, April 18, 2016 at 10:00am
PROPOSAL DUE DATE: Tuesday May 17, 2016, 12:00 noon

Location for Pre-Bid Meeting:
The San Francisco Main Library
Koret Auditorium Lower Level (Enter 30 Grove St., proceed down stairs)
100 Larkin St (at Grove), San Francisco, CA 94102

Balfour Beatty requests that your firm submit a Subcontractor and/or Supplier proposal for this project. Documents issued are 90% Construction Documents. Subcontractor awards will be made from this set of plans.

Balfour Beatty will issue Subcontractor Bid Forms that must be completed and signed by all bidders in addition to the Subcontractor's Scope of Work Proposal.

All proposals are to remain in effect for a minimum of 90 days.

TRADES BIDDING

underground utilities; trash chutes & trash management; final cleaning and window cleaning; landscape, irrigation & site furnishings; site concrete work; Masonry; Drywall; Lath & Plaster; cementitious panel (Taktl) rain screen; acoustical insulation; thermal insulation; roofing; waterproofing (below grade, terraces & decks); doors, frames, hardware; appliances; cabinetry; finish millwork; running trim; ceramic tile; countertops; painting; flooring; toilet and bath accessories; mirrors; closet shelving; window coverings; hot tub; accelerometers; bird control; scaffolding; flashing & architectural sheetmetal; miscellaneous steel; roll-up coiling doors; signage; fireproofing; acoustical ceilings; bike racks & lockers; bike fix-it stations; dog wash equipment; storage lockers; fire extinguishers; postal specialties; parking lot striping.

TRADES ALREADY AWARDED (not bidding, being issued documents for confirmation) mechanical HVAC; plumbing; electrical; fire protection sprinklers; surveying; shoring; excavation; dewatering; soil improvements; elevators; building maintenance equipment; structural concrete & reinforcing; stairs; solar PV, exterior glass & glazing systems (curtainwall & metal panels, terracotta, storefront, glass railings, etc).

PROJECT INFORMATION

This project is a residential rental apartment project. The project consists of 6 levels below grade parking, 9 level podium structure, 33 story tower for a total height of 42 stories plus roof.

Approximately 727,500 total gsf, 545 residential units. 283 parking spaces in the below grade garage.

Limited Retail Areas on Ground Level.

SCHEDULE INFORMATION

Project has commenced construction. The construction schedule will be provided with the documents to be issued.

Total project schedule is 39 months. The first 12 months of construction will be consumed by excavation, shoring and ground improvements before the mat can be poured and structure is started. Therefore your work will occur in late 2017 through mid 2020. This allows for adequate and efficient planning of work forces, material procurement, and allows you to secure plans for future work.

REQUESTS FOR INFORMATION (RFI)

Requests for Information will be received until Close of Business Friday April 22. All questions regarding this project are to be addressed to Devin Durborow at Balfour Beatty Construction, ddurborow@balfourbeattyus.com, 510-903-2054. Devin will be responsible for assembly of questions, dissemination of questions to appropriate parties for answers, and dissemination of answers to Subcontractors. All questions are to be submitted directly to Balfour Beatty Construction. No questions will be allowed to be submitted by any Subcontractor or Supplier directly to any member of the Design Team.

DOCUMENT ISSUANCE

Documents will be issued to bidding Subcontractors from Balfour Beatty Construction through Building Connected. For any questions regarding Building Connected, please contact Devin Durborow, ddurborow@balfourbeattyus.com, 510-903-2054.

LOGISTICS

Balfour Beatty will provide a tower crane for construction of the superstructure. Use of the tower crane will be mostly for the structure operation, however will be controlled, coordinated and scheduled through the Project Superintendent. Use of the tower crane during normal business hours 7 am – 4 pm, Monday – Friday will be at no cost to subcontractor. Use of the tower crane beyond these hours will be at the expense of the subcontractor.

Balfour Beatty will provide a construction hoists during construction as required by Cal Osha. It is intended to utilize a dual hoist for the tower from Level 1 through roof, plus an additional single hoist for the podium from Level 1 through Level 9, plus a single hoist for the garage from Level 1 through Level B6. Balfour Beatty will also provide operated inside elevators upon dismantle and removal of the exterior construction hoists. Use of the hoists and elevators will be will be controlled, coordinated and scheduled through the Project Superintendent. Use of the hoists and elevators during normal business hours 7 am – 4 pm, Monday – Friday will be at no cost to subcontractor. Use of the hoists and elevators beyond these hours will be at the expense of the subcontractor.

SUBCONTRACTOR PREQUALIFICATION

All Subcontractors proposing on this project MUST complete the subcontractor prequalification process required by Balfour Beatty Construction. If you have already prequalified, great, however your prequalification must be current. If not, you must complete this prequalification in order to be considered for work on this project. Please coordinate with Devin Durborow for your prequalification status.

Balfour Beatty Construction
www.balfourbeattyus.com

Under the Partner tab is a drop down menu. Select "Subcontractors", then on the left hand side, select "Pre-Qualification". Should you have any questions about the status of your prequalification with Balfour Beatty Construction, please contact the prequalification department at 214-451-1777. Direct Link: <http://www.balfourbeattyus.com/Partners/Pre-qualification-1>

SIGNATORY REQUIREMENTS

This will be an ALL UNION project.

PRICE ESCALATION

Subcontractors and Suppliers are to include all cost escalations for labor and materials throughout the course of the project.

SMALL BUSINESS ENTERPRISE GOAL

The project is subject to the Office of Community Investment and Infrastructure's (OCII) Small Business Enterprise (SBE) Policy. OCII has established a subcontracting participation goal for this project at 50 % SBE goal with first consideration in the following order: (1) Project Area SBEs/LBEs, (2) San Francisco-based SBEs/LBEs, and (3) Non-San Francisco-based SBEs will be utilized to satisfy the 50% SBE participation goal only if San Francisco-based SBEs/LBEs are not available, qualified, or if their bids or fees are significantly higher.

Balfour Beatty is requesting bids from qualified subcontractors that are certified as a Local Business Enterprise (LBEs) through the San Francisco Contract Monitoring Division (CMD) or as a SBE from another certifying agency.

Public Legal Notices

CITY & COUNTY OF SAN FRANCISCO DEPARTMENT OF PUBLIC WORKS

Contract No. JOC-J34 (ID No. JCC16105) JOB ORDER CONTRACT J34 GENERAL BUILDING SERVICES (PARCS)

Sealed bids will be received at 1155 Market Street, 4th Floor, San Francisco, California 94103 until **2:30 p.m. on June 8, 2016**, after which they will be publicly opened and read. Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Department of Public Works (DPW) Electronic Bid Documents Download site at www.sfdpw.org/biddocs, or obtained on a CD format from 1155 Market Street, 4th Floor, San Francisco, California 94103, telephone 415-554-6229, at no cost. Please visit the DPW's Contracts, Bid Opportunities and Payments webpage at www.sfdpw.org for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

The advertisement for bids is for the award of a Job Order Contract (JOC). Work is accomplished by issuing Task Orders to the successful contractor during the term of the contract. The scope of work may include repair, alteration, modernization, maintenance, rehabilitation, demolition and construction of infrastructure, buildings, structures, or other real property, including installation of Parking Access Revenue Control Systems (PARCS) systems in SFMTA parking garage facilities.

On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works project register and pay an annual fee to the California Department of Industrial Relations ("DIR").

No contractor or subcontractor may be listed in a bid or awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

The Contract Term is 730 days from the date of notification to Contractor of executed Contract or when the cumulative amount of issued Task Orders reaches the Maximum Contract Value, whichever comes first. The Contract Term may be extended up to 5 years to complete the work of issued Task Orders, but no new Task Orders will be issued after the first 4 years.

The Maximum Contract Value is \$5,000,000, with a guarantee to receive opportunity to perform a minimum of \$50,000 worth of Task Order(s) to be issued during the Contract Term. For more information, contact the JOC Manager, Jason Chin at 415-558-4420.

Bids will not be accepted from contractors currently holding a JOC contract with San Francisco Public Works, except when such existing JOC contract will expire in 120 days or fewer from the date Bids are due for this Contract, or if the contractor has been issued Task Orders valued by the City in an amount equal to or exceeding 90% of the Maximum Contract Value of the existing JOC contract.

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the Environment Code, "Clean Construction" is required for the performance of all work.

Each Task Order will include liquidated damages, and each Task Order will be on a Lump Sum basis

computed using pre-set Unit Prices and the Adjustment Factors. Progressive payments will be made on Task Orders with construction duration of more than 45 calendar days.

The Contract will be awarded to the lowest responsible responsive bidder.

Bid discounts may be applied as per Administrative Code Chapter 14B. LBE Subcontracting Participation Requirement is **20%**. Call Kelly Dwyer at 415-558-4080 for details. In accordance with Administrative

Code Chapter 14B requirements, all bidders shall submit documented good faith efforts with their bids, except those who exceed the above stated LBE Subcontracting Participation Requirement by 35%. Bidders must achieve 80 out of 100 points to be deemed responsive. Bidders will receive 15 points for attending the pre-bid conference, if scheduled. Refer to CMD Form 2B.

A pre-bid conference will be held on **May 5, 2016 at 1:30 p.m.** at 30 Van Ness Avenue, 4th Floor Main Conference Room. Bidders are strongly encouraged to attend to obtain information regarding the Job Order Contract program.

For information on the City's Surety Bond Program, call Jennifer Elmore at (415) 217-6578.

A corporate surety bond or certified check for no less than \$125,000, an amount equal to ten percent (10%) of the Initial Performance Bond and Initial Payment Bond amount of \$1,250,000, must accompany each bid.

Class "B" license required to bid.

In accordance with Administrative Code Chapter 6, no bid is accepted and no contract in excess of \$600,000 is awarded by the City and County of San Francisco until such time as the Mayor or the Mayor's designee approves the contract for award, and the Director of Public Works then issues an order of award. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance.

This Project is subject to the requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Administrative Code Section 6.22(g). Bidders are hereby advised that the requirements of the Policy will be incorporated as a material term of any contract awarded for the Project. Refer to Section 00 73 30 of the Project Manual for more information.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

If a bidder objects on any ground to any bid specification or legal requirement imposed by this Advertisement for Bids, the bidder shall, no later than the 10th working day prior to the date of Bid opening, provide written notice to the Contract Administration Division, San Francisco Public Works, setting forth with specificity the grounds for the objection.

Public Legal Notices

**CITY & COUNTY OF SAN FRANCISCO
DEPARTMENT OF PUBLIC WORKS**

**Contract No. JOC-J33
(ID No. JCC16101)**

**JOB ORDER CONTRACT J33
GENERAL ENGINEERING SERVICES**

Sealed bids will be received at 1155 Market Street, 4th Floor, San Francisco, California 94103 until **2:30 p.m. on June 1, 2016**, after which they will be publicly opened and read. Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Department of Public Works (DPW) Electronic Bid Documents Download site at www.sfdpw.org/biddocs, or obtained on a CD format from 1155 Market Street, 4th Floor, San Francisco, California 94103, telephone 415-554-6229, at no cost. Please visit the DPW's Contracts, Bid Opportunities and Payments webpage at www.sfdpw.org for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

The advertisement for bids is for the award of a Job Order Contract (JOC). Work is accomplished by issuing Task Orders to the successful contractor during the term of the contract. The scope of work may include repair, alteration, modernization, maintenance, rehabilitation, demolition and construction of infrastructure, rights-of-way, retaining walls, parks, playgrounds, medians and other similar works, structures, or other real property.

On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works project register and pay an annual fee to the California Department of Industrial Relations ("DIR").

No contractor may bid or be awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

The Contract Term is 730 days from the date of notification to Contractor of executed Contract or when the cumulative amount of issued Task Orders reaches the Maximum Contract Value, whichever comes first. The Contract Term may be extended up to 5 years to complete the work of issued Task Orders, but no new Task Orders will be issued after the first 4 years.

The Maximum Contract Value is \$5,000,000, with a guarantee to receive opportunity to perform a minimum of \$50,000 worth of Task Order(s) to be issued during the Contract Term. For more information, contact the JOC Manager, Jason Chin at 415-558-4420.

Bids will not be accepted from contractors currently holding a JOC contract with San Francisco Public Works, except when such existing JOC contract will expire in 120 days or fewer from the date Bids are due for this Contract, or if the contractor has been issued Task Orders valued by the City in an amount equal to or exceeding 90% of the Maximum Contract Value of the existing JOC contract.

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the Environment Code, "Clean Construction" is required for the performance of all work.

Each Task Order will include liquidated damages, and each Task Order will be on a Lump Sum basis computed using pre-set Unit Prices and the Adjustment Factors. Progressive payments will be made on Task Orders with construction duration of more than 45 calendar days.

The Contract will be awarded to the lowest responsible responsive bidder.

Bid discounts may be applied as per Administrative Code Chapter 14B. LBE Subcontracting Participation Requirement is **20%**. LBE Subcontracting Participation Requirement and Good Faith Efforts will apply per Task Order. Call Kelly Dwyer at 415-558-4080 for details.

A pre-bid conference will be held on **May 5, 2016 at 1:30 p.m.** at 30 Van Ness Avenue, 4th Floor Main Conference Room. Bidders are strongly encouraged to attend to obtain information regarding the Job Order Contract program.

For information on the City's Surety Bond Program, call Jennifer Elmore at (415) 217-6578.

A corporate surety bond or certified check for no less than \$250,000, an amount equal to ten percent (10%) of the Initial Performance Bond and Initial Payment Bond amount of \$2,500,000, must accompany each bid.

Class "A" license required to bid.

In accordance with Administrative Code Chapter 6, no bid is accepted and no contract in excess of \$600,000 is awarded by the City and County of San Francisco until such time as the Mayor or the Mayor's designee approves the contract for award, and the Director of Public Works then issues an order of award. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance.

This Project is subject to the requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Administrative Code Section 6.22(g). Bidders are hereby advised that the requirements of the Policy will be incorporated as a material term of any contract awarded for the Project. Refer to Section 00 73 30 of the Project Manual for more information.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

If a bidder objects on any ground to any bid specification or legal requirement imposed by this Advertisement for Bids, the bidder shall, no later than the 10th working day prior to the date of Bid opening, provide written notice to the Contract Administration Division, San Francisco Public Works, setting forth with specificity the grounds for the objection.

**CITY & COUNTY OF SAN FRANCISCO
DEPARTMENT OF PUBLIC WORKS**

**Contract No. 2807J
(ID No. FCE16092)**

**AS-NEEDED PAVEMENT PRESERVATION
CONTRACT NO. 1**

Sealed bids will be received at 1155 Market Street, 4th Floor, San Francisco, California 94103 until **2:30 p.m. on May 18, 2016**, after which they will be publicly opened and read. Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Public Works Electronic Bid Documents Download site at www.sfdpw.org/biddocs. Please visit the Contracts, Bid Opportunities and Payments webpage at www.sfdpw.org for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

The Work is located at various locations throughout San Francisco, California and consists of micro-surfacing pavement preservation, traffic routing, and all associated work. The time allowed for completion is 730 consecutive calendar days. The Engineer's estimate is approximately \$3,200,000. For more information, contact the Project Manager, Paul Barradas at 415-554-8249.

On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works project register and pay an annual fee to the California Department of Industrial Relations ("DIR").

No contractor or subcontractor may be listed in a bid or awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

This Project shall incorporate the required partnering elements for **Partnering Level 1**. Refer to Section 01 31 33 for more details.

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the Environment Code, "Clean Construction" is required for the performance of all work.

The Specifications include liquidated damages. Contract will be on a Lump Sum Bid Items With Unit Prices basis. Progressive payments will be made.

The Contract will be awarded to the lowest responsible responsive bidder.

A bid may be rejected if the City determines that any of the bid item prices are materially unbalanced to the potential detriment of the City.

Bid discounts may be applied as per Administrative Code Chapter 14B. LBE Subcontracting Participation Requirement is **20%**. Call Selormey Dzikunu at (415) 554-8369 for details. In accordance with Administra-

tive Code Chapter 14B requirements, all bidders shall submit documented good faith efforts with their bids, except those who exceed the above stated LBE Subcontracting Participation Requirement by 35%. Bidders must achieve 80 out of 100 points to be deemed responsive. Bidders will receive 15 points for attending the pre-bid conference, if scheduled. Refer to CMD Form 2B.

A pre-bid conference will be held on May 6, 2016; 10:00 a.m., at 1680 Mission Street, 4th Floor.

For information on the City's Surety Bond Program, call Jennifer Elmore at (415) 217-6578.

A corporate surety bond or certified check for ten percent (10%) of the amount bid must accompany each bid. Administrative Code Section 6.22(a) requires all construction greater than \$25,000 to include performance and payment bonds for 100% of the contract award.

Class "A" license required to bid.

In accordance with Administrative Code Chapter 6, no bid is accepted and no contract in excess of \$600,000 is awarded by the City and County of San Francisco until such time as the Mayor or the Mayor's designee approves the contract for award, and the Director of Public Works then issues an order of award. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance.

This Project is subject to the requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Administrative Code Section 6.22(g). Bidders are hereby advised that the requirements of the Policy will be incorporated as a material term of any contract awarded for the Project. Refer to Section 00 73 30 of the Project Manual for more information.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

If a bidder objects on any ground to any bid specification or legal requirement imposed by this Advertisement for Bids, the bidder shall, no later than the 10th working day prior to the date of Bid opening, provide written notice to the Contract Administration Division, San Francisco Public Works, setting forth with specificity the grounds for the objection.

Right reserved to reject any or all bids and waive any minor irregularities.

The bank of the future

Digitization is challenging the very way banks operate. Yet it also represents a significant opportunity, as McKinsey's Somesh Khanna explains.

Digitization promises to automate and improve many banking processes. Yet it's not without peril: customer demands and expectations are increasing, and technology is fuelling the emergence of significant new competitors. In this interview with McKinsey's Simon London, McKinsey director Somesh Khanna discusses how financial institutions can maintain their core operations while embracing new technologies, and what the digital transformation means to customers and executives. An edited transcript of Khanna's remarks follows.

The bank of the future

My kids may work with a very different type of bank, but I do see branches as being quite important to a multichannel representation of a bank for the foreseeable future. Will they be as important as they are today? Absolutely not. They will be significantly less important. They'll play different roles, including being a destination for complex advice and problem resolution.

Some people are experimenting with very large showcase, highly tech-enabled hub branches that are surrounded by much smaller branches in different formats, some ATM-only, some with a few or even no tellers. Some have had quite a lot of success with those.

There are others that are thinking that the branch of the future may be a very different model, where they have six to ten strategically located branches in a city that supports a very strong digital presence. I believe that many of these types of models might end up being successful. But over the next seven to ten years, we're going to find out exactly which ones will be more successful than others.

Personalizing the customer experience

Digital capabilities can turn the customer journey into something that's highly personalized.

It's the way in which the device connects with the interaction that you have with a branch teller, how that connects with the messages you get as a customer with your mailbox, and all of that being delivered in a way that is seamless, that knows you, that recognizes you, that rewards you for your relationship with the bank. There's a lot of amazing stuff that will likely happen—and is happening today in that space. And I think there will be a huge opportunity for banks to innovate. They will need to challenge everything, never settling on the status quo—much as the airline industry transformed air travel from an in-person, paper-based experience to one of almost complete automation. It'll also be important for banks to be relentless about learning from every customer interaction. After all, 86 percent of customers stop doing business with a company due to poor service.

Why digital is a CEO topic

Being able to take advantage of, or react to, the digital revolution requires banks to behave in ways that they are not quite accustomed to. It requires extremely clear and quick cross-functional collaboration. Because of the horizontal nature of the work, this naturally becomes a topic for CEO facilitation or intervention. That's because the CEO sits above all of these issues. He or she can encourage collaboration, break ties when one part of the organization wants to go in one direction and another wants to go in another direction, and make investments that wouldn't naturally fit into any one of their investment thesis but are right for the company as a whole.

Who should drive digital? Sometimes, the CEO would like to tap the head of operations and technology and have them drive it. Sometimes they want to name a "chief digital officer" and have them drive it. Sometimes the role is viewed as the natural extension of what a chief marketing officer does. I actually think that it's less dependent on the role. It's much more dependent on the person. If the person is someone that is able to visualize a future, get the organization rallying around a bunch of different objectives, and inspire people to actually pursue that path, it's their real leadership

capabilities that'll come to bear to pull off digital agendas.

Core processes vs. new technologies

This is a hot topic for banks. The issue of having to deal with legacy platforms has been a thorn in their side for such a long time, because technology continues to do what it always does: it evolves. I can imagine one taking a pessimistic view of this and saying, "We have been working at this for so many years. We haven't figured it out."

The optimistic view—and I'm prone to that view—is there are very few institutions that are adept at understanding and trying to figure out how to embrace and work with new technologies as banks are. The discontinuity I see right now is that the technologies that people are working with, with Google and Apple and so on, are very different from the technologies that people that have worked in the tech area at banks have grown up with, and the capabilities that they've grown up with.

So I can imagine a bit of a disconnect. And there's going to be some furious paddling required to cross this pond. More progressive incumbent banks and financial institutions are already investing heavily in transaction migration, significantly upgrading web and mobile capabilities, creating centers for innovation and testing, and adopting the habits and culture of digitally native companies by, for example, opening up APIs,¹ pursuing agile development, and hackathons.

Some banks say that they have not yet learned some of the important skills that digitally native companies have from birth: how to visualize and participate in far more broadly defined customer journeys—such as shopping, travel, and vacation—as opposed to product-level processes, account opening, and onboarding; how to match or outperform digital natives in user experience or user interfaces; how to become deeply proficient in technologies, data, and the rapid experimentation of leveraging them; how to tolerate failures in experimentation; how to acquire or imitate high-value capabilities early; and how to develop a highly prioritized agenda that leverages digital

to truly differentiate business models and key customer journeys.

Will banks get there? They always do. They will. But I can see there being, at least from a talent standpoint, some reshuffling required at a pretty rapid pace. When technology is so central to what you do, the scale of the change that is required is actually quite immense. How do you decide how much to invest in maintaining the core banking platforms versus building new functionality? Could you overdo functionality and starve platforms and suffer from it at some point in the future?

Changing the efficiency ratio

The efficiency ratio is a metric that many analysts look at very carefully. The simplest way to think about it is the expense base of the bank divided into its revenue. There are lots of adjustments that analysts make. But simply think of it as: What is the cost that I incur for every dollar of revenue I produce?

Digital changes that paradigm. The ability to automate processes—to take a lot of work that is currently done in a very manual, and therefore error-prone, way and to transform those processes into ones that deliver the same outcome every time and that eliminate a lot of manual work—can shave off large parts of the cost structure that bank CEOs have considered unapproachable until now.

I can imagine us about five, ten years from now talking about efficiency ratios in the low 40s, high 30s.² The value at stake is quite substantial. Between a 30-percent plus and a 20-percent minus, in terms of value shifts, could be achieved through those that actually adopt and embrace high-quality digital strategies early, versus those that don't.

SUB-BID REQUEST ADS

DeSilva Gates Construction

11555 Dublin Boulevard • P.O. Box 2909 • Dublin, CA 94568-2909
(925) 829-9220 / FAX (925) 803-4263

Estimator: STEVE LIPPIS • Website: www.desilvagates.com
An Equal Opportunity Employer

DeSilva Gates Construction (DGC) is preparing a bid as a Prime Contractor for the project listed below:

LOWER BERRYESSA CREEK FLOOD PROTECTION PROJECT – PHASE 2, Contract No. C0614,

Project No. 40174005

Small Business Enterprise Goal Assigned is 30%

OWNER: SANTA CLARA VALLEY WATER DISTRICT
5750 Almaden Expressway, Room B108, San Jose, CA 95118

BID DATE: MAY 11, 2016 @ 2:00 P.M.

We hereby encourage responsible participation of local Small and Micro Business Enterprises certified by the Department of General Services and solicit their subcontractor or materials and/or suppliers quotation for the following types of work including but not limited to:

ARTICULATED CONCRETE BLOCK, BIOLOGIST CONSULTANT, BRIDGE/RETAINING WALLS, CLEARING AND GRUBBING/DEMOLITION, FENCING, LANDSCAPING, MINOR CONCRETE, SURVEY/STAKING, UNDERGROUND, VIBRATION MONITORING, TRUCKING, WATER TRUCKS, STREET SWEEPING, CLASS 2 AGGREGATE BASE MATERIAL, HOT MIX ASPHALT (TYPE A) MATERIAL.

Plans and specifications may be reviewed at our offices located at 11555 Dublin Boulevard, Dublin, CA or 7700 College Town Drive, Sacramento, CA, or at your local Builders Exchange, or reviewed and downloaded from the ftp site at <ftp://ftp%25desilvagates.com:f7pa55wd@pub.desilvagates.com> (if prompted the username is ftp@desilvagates.com and password is f7pa55wd) or from the Owner.

Fax your bid to (925) 803-4263 to the attention of Estimator Steve Lippis. If you have questions for the Estimator, call at (925) 829-9220. When submitting any public works bid please include your DUNS number and DIR number. For questions regarding registration for DIR use the link at www.dir.ca.gov/Public-Works/PublicWorks.html

If you need support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (<http://californiasbdc.org>) or contact the California Southwest Transportation Resource Center (www.transportation.gov/osdbu/SBTRCs). DGC is willing to breakout portions of work to increase the expectation of meeting the SBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PRE-VAILING WAGE JOB. DGC is an equal opportunity employer.

Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote. Shimmick Construction requires that Subcontractors and Suppliers price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation. For assistance with bonding, insurance or lines of credit contact Scott Fairgrieve at (510) 777-5000

SMALL BUSINESS EXCHANGE

PUBLIC LEGAL NOTICES

**CITY & COUNTY OF SAN FRANCISCO
DEPARTMENT OF PUBLIC WORKS**

**Contract No. JOC-J31
(ID No. JCC16098)**

**JOB ORDER CONTRACT J31
GENERAL BUILDING SERVICES**

Sealed bids will be received at 1155 Market Street, 4th Floor, San Francisco, California 94103 until **2:30 p.m. on May 18, 2016**, after which they will be publicly opened and read. Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Department of Public Works (DPW) Electronic Bid Documents Download site at www.sfdpw.org/biddocs, or obtained on a CD format from 1155 Market Street, 4th Floor, San Francisco, California 94103, telephone 415-554-6229, at no cost. Please visit the DPW's Contracts, Bid Opportunities and Payments webpage at www.sfdpw.org for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

The advertisement for bids is for the award of a Job Order Contract (JOC). Work is accomplished by issuing Task Orders to the successful contractor during the term of the contract. The scope of work may include repair, alteration, modernization, maintenance, rehabilitation, demolition and construction of infrastructure, buildings, hospital facilities, structures, or other real property.

On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works project register and pay an annual fee to the California Department of Industrial Relations ("DIR").

No contractor may bid or be awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

The Contract Term is 730 days from the date of notification to Contractor of executed Contract or when the cumulative amount of issued Task Orders reaches the Maximum Contract Value, whichever comes first. The Contract Term may be extended up to 5 years to complete the work of issued Task Orders, but no new Task Orders will be issued after the first 4 years.

The Maximum Contract Value is \$5,000,000, with a guarantee to receive opportunity to perform a minimum of \$50,000 worth of Task Order(s) to be issued during the Contract Term. For more information, contact the JOC Manager, Jason Chin at 415-558-4420.

Bids will not be accepted from contractors currently holding a JOC contract with San Francisco Public Works, except when such existing JOC contract will expire in 120 days or fewer from the date Bids are due for this Contract, or if the contractor has been issued Task Orders valued by the City in an amount equal to or exceeding 90% of the Maximum Contract Value of the existing JOC contract.

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the Environment Code, "Clean Construction" is required for the performance of all work.

Each Task Order will include liquidated damages, and each Task Order will be on a Lump Sum basis computed using pre-set Unit Prices and the Adjustment Factors. Progressive payments will be made on Task Orders with construction duration of more than 45 calendar days.

The Contract will be awarded to the lowest responsible responsive bidder.

Bid discounts may be applied as per Administrative Code Chapter 14B. LBE Subcontracting Participation Requirement is **20%**. LBE Subcontracting Participation Requirement and Good Faith Efforts will apply per Task Order. Call Kelly Dwyer at 415-558-4080 for details.

A pre-bid conference will be held on **May 5, 2016 at 1:30 p.m.** at 30 Van Ness Avenue, 4th Floor Main Conference Room. Bidders are strongly encouraged to attend to obtain information regarding the Job Order Contract program.

For information on the City's Surety Bond Program, call Jennifer Elmore at (415) 217-6578.

A corporate surety bond or certified check for no less than \$125,000, an amount equal to ten percent (10%) of the Initial Performance Bond and Initial Payment Bond amount of \$1,250,000, must accompany each bid.

Class "B" license required to bid.

In accordance with Administrative Code Chapter 6, no bid is accepted and no contract in excess of \$600,000 is awarded by the City and County of San Francisco until such time as the Mayor or the Mayor's designee approves the contract for award, and the Director of Public Works then issues an order of award. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance.

This Project is subject to the requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Administrative Code Section 6.22(g). Bidders are hereby advised that the requirements of the Policy will be incorporated as a material term of any contract awarded for the Project. Refer to Section 00 73 30 of the Project Manual for more information.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

If a bidder objects on any ground to any bid specification or legal requirement imposed by this Advertisement for Bids, the bidder shall, no later than the 10th working day prior to the date of Bid opening, provide written notice to the Contract Administration Division, San Francisco Public Works, setting forth with specificity the grounds for the objection.
