Rankings of States and Provinces by Roadwork Construction Starts

Table 1: U.S. Roadwork Construction Starts

RANKING OF STATES BY 2017-2018 ANNUAL AVERAGE LEVELS OF HIGHWAY, STREET & ROADWORK CONSTRUCTION STARTS		RANKING OF STATES BY 2017-2018 ANNUAL AVERAGE DOLLARS OF HIGHWAY, STREET & ROADWORK CONSTRUCTION STARTS PER CAPITA*			
1	Texas	\$8,041,753,275	1	North Dakota	\$741
2	California	\$5,722,588,987	2	Alaska	\$526
3	Florida	\$3,729,082,766	3	South Dakota	\$444
4	New York	\$2,438,711,468	4	Wyoming	\$431
5	Pennsylvania	\$2,350,967,100	5	Minnesota	\$358
6	Illinois	\$2,271,898,790	6	Iowa	\$334
7	Ohio	\$2,270,383,526	7	Wisconsin	\$304
8	North Carolina	\$2,016,908,136	8	Texas	\$280
9	Minnesota	\$2,006,717,874	9	West Virginia	\$251
10	Georgia	\$1,782,739,194	10	Utah	\$242
11	Wisconsin	\$1,765,416,305	11	Montana	\$236
12	Virginia	\$1,262,820,233	12	Vermont	\$234
13	Arizona	\$1,200,301,579	13	Arkansas	\$227
14	Michigan	\$1,178,775,640	14	Hawaii	\$225
15	Indiana	\$1,137,711,303	14	Maine	\$225
16	Iowa	\$1,052,855,324	16	Rhode Island	\$220
17	Washington	\$994,610,037	17	Nebraska	\$206
18	New Jersey	\$980,354,334	18	Nevada	\$198
19	South Carolina	\$924,461,791	19	North Carolina	\$194
20	Missouri	\$859,255,063	19	Ohio	\$194
21	Maryland	\$846,006,039	21	Mississippi	\$184

[Article was originally posted on www.constructconnect.com]

By Alex Carrick,

The table and maps accompanying this article feature comparisons of highway, street and roadwork construction starts in all the states, plus District of Columbia, in two ways: (1) by dollar-volume level, taking the annual average over the past two years (2017 and 2018); and (2) per capita (i.e., the dollar volume in (1) divided by each individual state's population).

In some states, there can be considerable variation in the dollar volume of roadwork starts from one year to the next. Therefore, it seems only fair to smooth the series out a bit, and hence the reason for utilizing a latest-two-years average.

On the left-hand side of Table 1, there is a ranking of all states and D.C. according to their level of roadwork construction starts. Sixteen states have exceeded an annual average of \$1.0 billion over the past two years and they are highlighted in Map 1. Washington state, at \$995 million, and New Jersey, at \$980 million, just missed the cut.

There is a tight correlation between population and the dollar volume of roadwork starts. For 13 of the 16 states shown in the map, their rankings

for roadwork starts are either identical with, or quite close to, their rankings according to population (calculated as of July 1, 2018). For example, Texas is number 1 for starts and number 2 for population; California is 2 for starts and 1 for population; Florida is 3 and 3; New York, 4 and 4; Pennsylvania, 5 and 5; Illinois, 6 and 6; Ohio, 7 and 7; and so on.

There are, however, three outliers. Minnesota is ninth for roadwork starts but only 22nd for population; Wisconsin is 11th for starts, but 20th for population; and Iowa is 16th for starts, but 31st for population. It might be concluded that those three states are taking their roadbuilding commitments seriously.

As for large-population states that have been bumped out of the Top 16 for roadwork starts, they all appear between positions 17 and 25 in the rankings. New Jersey is 11th for population and 18th for starts; Washington state is 13th for population and 17th for starts; and Massachusetts is 15th for population and 25th for starts.

U.S. EPA Announces Availability of \$210.7 Million in New Funding to Improve Water Infrastructure in California

The U.S. Environmental Protection Agency (EPA) announced the availability of nearly \$2.6 billion in new funds to assist states, tribes and territories with improving drinking water and wastewater infrastructure across the country. California is eligible to receive a total of \$210.7 million. This funding advances President Trump's efforts to rebuild the country's aging water infrastructure, create local

jobs, and ensure all Americans have safe and clean water.

"EPA is delivering on President Trump's commitment to modernize our nation's water infrastructure and improve public health and environmental protections," said EPA Administrator Andrew Wheeler. "EPA's \$2.6 billion contribution to the State Revolving Funds will enable more communities to make the

investments needed to ensure Americans have safe water for drinking and recreation. These funds can also be combined with EPA's WIFIA loans to create a powerful, innovative financing solution for major infrastructure projects nationwide."

"EPA is investing in drinking water and wastewater infrastructure in California communities," said EPA Pacific Southwest Regional Administrator Mike Stoker. "With our state and local partners, we'll continue to improve the safety and reliability of our water resources for all."

California will receive a \$97.1 million capitalization grant to provide low-interest rate financing for drinking water infrastructure. Between \$25 million and \$53 million of the grant can be used at the state's discretion for further reduced-rate financing such as zero-interest loans or principal-forgiveness loans. California will also receive \$113.6 million of

clean water funding for sewage treatment and stormwater infrastructure projects.

The State Revolving Funds (SRFs) require state match, loan repayments, and interest earnings that flow back to the funds. With more than 30 years of federal capitalization grants and state contributions, approximately \$80 billion has been invested into these programs. According to the agency's estimate of national drinking water and wastewater needs, over \$743 billion is needed for water infrastructure improvements. Through loan repayments and investment earnings, the SRFs have leveraged these contributions to provide more than \$170 billion in financial assistance to over 39,900 water quality infrastructure projects and 14,500 drinking water projects across the country.

This year, EPA is making available more than \$1 billion in new federal grant funding for

12 Tips to Grow Your Construction Business

[Article was originally posted on www.constructconnect.com]

by Kendall Jones,

Is it time to grow your construction business? Are you looking to expand into new markets or territories? Growing your construction business, regardless of whether you're just starting out or have been in the industry for years, requires careful planning. In order to strategically scale up your operations, you must ensure you will have the resources (workers, equipment, etc.) to handle the additional work.

Here are 12 tips to help you successfully grow your construction business:

1. Build a great team. In construction, your people are your business. Hire dependable, knowledgeable and skilled employees. Retain your best employees by promoting and rewarding them for their hard work and reliability.
2. Manage your business, but lead your people. Your employees want to be led, not managed. Be a great leader and your employees will follow you anywhere. If you try and manage every aspect of your employees work they will think you

have no confidence in their ability to make good decisions and properly do their jobs.

3. Invest in your business. If you want to earn more business you have to invest time and money into your company. This means buying new equipment and technology when needed, training your employees and actively marketing your business.
4. Be selective to be profitable. It's not enough to just earn more business. When you take on more work it has to be profitable. There's no sense in doubling the number of jobs you work if you aren't increasing your profits.
5. Get the word out. Word of mouth remains the number one method most construction companies use to market their business and earn more work. Encourage your best customers to tell others about the great work your company does.
6. Play to your strengths. Would you rather have your company be known as a decent all-around general contracting firm or the best general contractor doing LEED certified hotel renovations? Finding a niche market or specializing in a specific industry can set you apart from your competitors.

7. Network to earn more work. One of the best ways to network is to join and be active in the local chapter of a trade association. Networking can be a useful tool to build brand awareness for your company, generate leads and find vendors. Being active and giving back to your community is also a great networking opportunity for your business.

8. Quality is king. Tread carefully when considering any measure that could sacrifice the quality of your work. Cutting corners to reduce costs speed up completion of a project can be detrimental. Your company's reputation for doing quality work is only as good as your last project so never compromise your high standards of performing quality work.

9. Change is good. Adaptability is one of the keys to success in the construction industry. As we've seen with the recent recession, construction can be quite a volatile industry. If you are unwilling to make adjustments in your business to keep up with the changing trends you are setting yourself up for failure.

10. Give great customer service. Pleasing your clients should be a top priority. This doesn't mean you have to cave to their every demand.

You should be actively communicating with your client on all aspects of a project so you can be equal partners in the decision-making process. Satisfied customers will lead to repeat business and great referrals.

11. Be proactive, not reactive. You can't just sit back and expect more work to just fall in your lap. You have to proactively seek out new opportunities to retain and grow your business. Constantly reach out to the owners, architects and general contractors you find out what projects they have on the horizon.

12. Make smart decisions. We make thousands of decisions every day, many of which are inconsequential. When it comes to earning more business, this often means making hard decisions that will impact your success for years to come. Take the time to consider all angles and options and perform your due diligence for future success. Never get pressured into making rash or impulsive decisions.

Smart Ways TO WORK by Odette Pollar

Managing the Mail

Mail is an inescapable fact of life. Faxes, e-mail, and overnight delivery services have not, it seems, reduced the amount that arrives from your postal carrier. The quantity of bills, junk, letters, catalogues, journals, and general correspondence can be overwhelming. If you let yourself fall behind, a day's worth of mail can be startling, but a week's worth can seem overpowering. It piles up everywhere: on the desk, on a table, on the top of the computer, stacked in boxes on the floor, with some of it even in your briefcase. When bills are paid late or invoices not processed quickly, then the phone calls begin. Here is a process for keeping mail under control.

1. Throw away as much as you can unopened. Your most important ally is the waste basket.
2. Open the mail by slitting open all envelopes in the stack first. Pull out the contents and lay them flat. Do not bother to put anything back into its envelope. For bills, throw away the envelope that it came in along with the other junk mail attached to it. Paper clip the bill, along with the return envelope, and lay it flat on your desk.
3. Sort the remainder. When you sort, make a firm decision about what you are going to do with the item. Do not set things aside to decide later. If correspondence is related to a client, customer or project file, place it there immediately.
4. For all the other items which do not have another home, here are two options for sorting the mail: by priority or by action. If you sort by action, sort into four categories—to dictate, to sign, to do today, to read. (Feel free to choose your own headings that best suit your purposes.) Place all items into one of these 4 categories.

Do not allow exceptions or else your "un-classifiables" will take over.

Integrate these four groups of documents into your schedule. The writing or "to-dictate" group will require some concentration. Plan for that time. The "to-sign" items can be done in between other activities or while on hold on the phone. The "to-do today" items are added to your daily task list and worked according to their priorities. The "to-read" items go along with you while commuting, waiting for appointments or traveling. This system, which sorts by task, rather than by time, lets you know what your day holds.

Your second choice of sorting paperwork is using an A, B, C and D priority system. The A priority file contains items of high value and must be done today. B priority items are of high value but have a longer lead time—three or four days. C priority items are less important. They may or may not have a deadline attached. Some of these items you will do and some can be given to others to handle. Some will die a natural death. D priority items are to file or to distribute.

These four groups of documents are then integrated into your work schedule. A priority items will be completed by the end of the day, sometimes before noon. The B priority items are worked next, and the C's fit in as time allows. The fourth group, the D's, gets distributed or delegated promptly. This is a good system for jobs that require quick turnaround and are time-sensitive.

Success Tips

Both techniques work well, but choose one option, not both. Use no more than four or five folders into which you sort your mail—not ten or twelve. The more choices about where to put something, the greater the confusion and possibility of lost or misplaced items. With either system, the mail can be sorted by another person. The best way to eliminate the excess is to alert the sender that you do not want the items. Rather than doing that individually, remove yourself from junk mail lists by writing to: Direct Marketing Association, Mail Preference Service, P.O. Box 9008, Farmingdale, NY 11735-9008

Ready to Grow Your Business?

Common Pitfalls in Business Loans and How to Avoid Them

[Article was originally posted on www.nav.com]

By *Linsey Knerl*,

If you're hoping to launch a new product, expand your workforce, or upgrade equipment, a small business loan can offer leverage and wiggle room for even the most cramped budget. For those who qualify, it can add liquidity in as little as 24 hours, as most business loans have online applications. Unfortunately, the application isn't always the most difficult part of the process. See what struggles other business owners have experienced when getting funding and what you can do to avoid some of the less desirable consequences.

1. Collateral

Many business loans require you to put a little skin in the game – usually in the form of collateral. Securing a loan through your own home or property, liquid business assets, future invoices, or

even the equipment paid for with the loan funds are all things a bank may ask for before coughing up the cash you seek. Collateral amounts will vary by the type of loan you are requesting; more traditional lenders usually require it more frequently. The loan amount is also a factor. If you plan to go with a specifically-branded small business loan in the tens of thousands of dollars, expect to show a list of things you're willing to give up if the loan isn't paid back satisfactorily.

2. Liquidity

Once you get the loan, it can feel incredibly freeing, especially if you're using the money to pay off high-interest debt or scale your business in a way that can increase sales down the road. Not all loans give a business financial breathing room, however; money borrowed to buy tangible assets (such as real estate or fleet vehicles) will add to your monthly expenses. Loan payments can cause

strain on an already tight profit and loss sheet and reduce your liquidity significantly. Money used to pay back small business loans is money you can't use for other things.

3. Credit Score

Many of the online small business loans will let you peek at the amount and rate you qualify for without resulting in a "hard" inquiry on your credit report. To follow through with the loan process, however, you'll need to permit bank access your credit history, and this will almost always ding your score by a few points. Add in a creeping total debt load, and this new loan has the potential to put your creditworthiness in a worse place than it was before you applied. If you're looking to maintain good credit for an even bigger loan or merchant credit down the road, you'll want to utilize loans and loan applications sparingly.

(One silver lining to taking out money, however, is if it adds to the variety of loans you'll have outstanding. A good mix of revolving and traditional credit lines can put your score in a sweet spot compared to just having one or the other.)

4. Equity

Unlike credit cards, which let you access the full line of credit at any point in repayment, small business loans don't let you borrow any more until you've paid off what you initially borrowed. A \$10,000 business credit card stands as an option to borrow as little or as much as you want as long as you never go above the limit. If you want more cash from a small business loan, you'll have to pay off the original note, then see if you qualify for a second, separate loan (which you may or may not qualify to get.) Small business loans are, for that

Common Pitfalls in Business Loans and How to Avoid Them

Continued from page 3

reason, not ideal for those needing the most flexible lending choice.

5. Rules on Business

Very few loans for consumers will tell you what to do after you cash the check. They simply want to be paid back according to terms of the banknote. A small business loan, however, may come with more strings attached. A bank may require a business to check in with the lender and update on how the business is doing, and if debt to available debt is in a good ratio. Red flags that indicate the business isn't doing well could cause the bank to call off the loan and order repayment immediately. For this reason, it's wise to read up on all the requirements a bank demands before borrowing money. You may not find the terms agreeable for your business' long-term goals.

6. Approval

Finally, this wouldn't be an accurate list of pitfalls and setbacks without mentioning how hard it can be to get a small business loan in some instances. While some lending platforms, such as those for crowdfunding and P2P lending, can offer shorter, more streamlined ways to get funds, traditional loans still ask applicants to give up a lot of financial, tax, and marketing plan info to get in the door. Most business loans ask that you be profitable, have two to three years of sales or profit records, and are willing to demonstrate continued growth for the life of the loan. For a new startup, this can be almost impossible. This is why some startups choose to look into an alternative method of funding - or perhaps a microloan - instead.

With so many obstacles to overcome, does it still make sense to apply for a small business loan? The answer is that it depends. The Small Business Administration reports some pretty big numbers for cash given out to businesses, and not all of it went to established, profitable companies. Over \$219 million is earmarked for companies less than two years old in 2019, and \$341 million is destined for brand new startups.

Getting even a small portion of that money could make a big difference for your venture. By preparing for your loan application in advance, researching all the options available for your industry, and being careful about the types of debt you take on, it's possible to make the risks well worth the rewards. Many businesses are taking on new debt to fund their dreams. Will you?

REQUESTING BIDS FROM DBE/MBE/WBE/SBE/LBE/DVBE/OBE Subcontractors and Vendors

Project: Aerial Structure Fall Protection M-Line Project, Oakland, CA
Reference #: 15TC-231
Owner: San Francisco Bay Area Rapid Transit District (BART)
Bid date: May 14, 2019

DMZ Builders is requesting quotes from all qualified subcontractors and suppliers for above listed project, including DBE/MBE/WBE for all items of work, including but not limited to the following:

Site Security, Project Schedule (CPM), SWPPP/QSD/QSP, Video Inspection, Concrete Scanning and Mapping, On-Rail Vehicle Services, Traction Power Cabling, Steel Fabrications, Miscellaneous Metal Fabrication, Wire Rope Cable and Hardware Supply, Miscellaneous Metal Installation, Wire Rope Cable Installation, Traffic Control, Field Office, Sanitary Services, Survey, and Quality Control / Material Testing.

Plans and specifications can be obtained from Bay Area Rapid Transit District at <http://www.bart.gov> or please contact Brady Poepping for assistance or viewing by emailing estimating@dmzbuilders.com.

DMZ Builders is a union signatory contractor. Subcontractors must provide their active contractor's license number and Department of Industrial Relations (DIR) registration number with their quote. Subcontractors will be required to execute DMZ Builders Standard Subcontract Terms and Conditions and meet insurance requirements, including Worker's Compensation Waiver of Subrogation. A copy of our Standard Subcontract Terms and Conditions and Purchase Order Agreement (for suppliers) are available for review in electronic format, upon request. Subcontractors may be required to provide payment and performance bonds in the amount of 100 percent of Subcontract value. DMZ Builders will reimburse Subcontractors for bond premium at actual cost, not to exceed 2.0%. For any assistance in obtaining bonding, lines of credit, insurance, equipment, supplies, materials, technical assistance, and/or any other coordination required for the project, please contact Brady Poepping: Phone # 925-826-5387, Fax # 925-826-5766, or e-mail estimating@dmzbuilders.com. DMZ will work with interested subcontractors, suppliers, and service providers to identify opportunities to break down items/work into economically feasible packages. DMZ Builders intends to work cooperatively with all qualified firms seeking work on this project

Mayor Garcetti proposes fiscally responsible 2020 budget with record reserves, investments in homelessness and infrastructure

Mayor Eric Garcetti today unveiled his \$10.6 billion spending plan which strengthens the City's finances and includes record spending to end homelessness and improve Los Angeles' infrastructure.

"Through a sound budget, we achieve a strong bottom line and strengthen Los Angeles from the bottom up," said Mayor Eric Garcetti. "This proposed budget is a blueprint illustrating how we'll achieve our highest ambitions — from ending homelessness to improving our infrastructure — while maintaining a commitment to fiscal responsibility that has helped to drive Los Angeles' economic recovery."

Mayor Garcetti's proposed budget continues to bolster the City's fiscal foundation: For the first time since the recession, reserves exceed 8%, which makes Los Angeles fiscally resilient and better able to weather an economic downturn. The Reserve Fund is increased to \$399 million, and includes a Budget Stabilization Fund of \$110.9 million and an Unappropriated Balance of \$20 million.

The proposed budget calls for a record \$940 million to improve and update the City's infrastructure — \$140 million more than the previous year. Also included is \$348 million for street repairs and maintenance, and \$117 million for Vision Zero and traffic and pedestrian safety projects. It allocates funding to advance the Mayor's sustainability goals with \$38 million in Measure W funds going toward clean water infrastructure, and \$3 million for the City's innovative Cool Pavement Program and investments in tree planting.

The proposed budget includes the City's largest-ever investment to end the homelessness crisis — with \$457 million in permanent housing, temporary shelter, services, and facilities to help homeless Angelenos find their way off the streets. The budget anticipates spending \$36 million in Homeless Emergency Aid Program (HEAP) funds that Mayor Garcetti advocated for, and received, from the state last year. As part of funding from the Prop. HHH initiative, \$281 million will go toward 27 new permanent supportive housing and affordable housing projects providing more than 2,126 units.

Mayor Garcetti's proposed budget also calls for:

- Increasing police overtime by approximately 40 percent to cover all critical duties.
- Spending \$3 million to help improve dispatch reliability and effective communications for public safety officers.
- Expanding the Advanced Provider Response Units and Fast Response Vehicles to more efficiently dispatch fire resources and emergency medical services.
- Installing electric vehicle chargers and related infrastructure at Police and Fire Stations, as well as street-light poles.
- Increasing programming and capital improvements at cultural hubs.

BID DATE: May 15, 2019 at 1:30 p.m.
Fax all quotes to 510-777-5099 or email to northwest.estimated@shimmick.com

Requesting certified Subcontractor and Supplier Quotes on: Clear & Grub, Concrete-Building, Coring, Demo, Dewatering, Drill-Bond, Earthwork, Electrical, Environmental, Erosion Control, Fence, Flatwork, Instrumentation, Landscape, Masonry, Mechanical, Paint-Stain, Paving, Rebar, Shoring, Signs, Survey, Trucking, Utility Work, Waterproof, Aggregate, Mechanical Equipment, Misc. Metal, Pipe-Steel, Precast-Utility, Pump, Ready Mix, Trench Shoring, Utility Pipe-Steel, Valves & Fittings.

Shimmick Construction welcomes bidders of all Race, Sex, and Ethnicity.

Project information, including plans, specifications, plan holders list, bid results, etc., can be found at <http://www.ebmud.com/current-construction-bids>. You may also contact Natasha Inglis at ninglis@shimmick.com for access to the documents.

Subcontractors and Suppliers interested in this project may contact Jerry Blazek by email at jblazek@shimmick.com.

100% Performance and Payment bonds with a surety company subject to approval of Shimmick Construction Company, Inc. are required of subcontractors for this project. Shimmick Construction will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest SCCI Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote. Shimmick Construction requires that Subcontractors and Suppliers price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation. For assistance with bonding, insurance or lines of credit contact Scott Fairgrieve at (510) 777-5000.

Public Legal Notices

**CITY & COUNTY OF SAN FRANCISCO
DEPARTMENT OF PUBLIC WORKS**

**VARIOUS LOCATIONS PAVEMENT
RENOVATION NO. 38 AND
SEWER REPLACEMENT**

**Contract No. 1000012552
(PW VL PAVE RENOV NO.38 & SWR)**

Sealed bids will be received at 1155 Market Street, 4th Floor, San Francisco, California 94103 until **2:30:00 p.m. on June 5, 2019**, after which they will be publicly opened and read. Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Public Works Electronic Bid Documents Download site at www.sfpublishworks.org/biddocs. Please visit the Contracts, Bids and Payments webpage at www.sfpublishworks.org for more information (click on Resources > Contractor Resources). Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

The Work is at various locations throughout San Francisco, California and consists of pavement renovation, curb ramp and bulb-out installation, sewer replacement, AWSS settlement monitoring work, traffic control, and all associated work. The time allowed for completion is 600 consecutive calendar days. The Engineer's estimate is approximately \$11,100,000. For more information, contact the Project Manager, Ramon Kong at 415-554-8280.

On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works project register and pay an annual fee to the California Department of Industrial Relations ("DIR").

No contractor or subcontractor may be listed in a bid or awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

This Project shall incorporate the required partnering elements for **Partnering Level 2**. Refer to Section 01 31 33 for more details.

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the Environment Code, "Clean Construction" is required for the performance of all work.

This Contract is subject to the requirements of Administrative Code Chapter 12X, which prohibits the City from entering into any Contract with a Contractor that has its United States headquarters in a state ("Covered State") with laws that perpetuate discrimination against LGBT populations or where any or all of the work on the contract will be performed in any of those states. A list of states on the Covered State List can be found at: <https://oag.ca.gov/ab1887>.

The Specifications include liquidated damages. Contract will be on a Unit Price basis. Progressive payments will be made.

The Contract will be awarded to the lowest responsible responsive bidder.

A bid may be rejected if the City determines that any of the bid item prices are materially unbalanced to the potential detriment of the City.

Bid discounts may be applied as per Administrative Code Chapter 14B. LBE Subcontracting Participation Requirement is 25%. Call Selormey Dzikunu at 415-554-8369 for details. In accordance with Administrative Code Chapter 14B requirements, all bidders shall submit documented good faith efforts with their bids, except those who exceed the above stated LBE Subcontracting Participation Requirement by 35%. Bidders must achieve 80 out of 100 points to be deemed responsive. Bidders will receive 15 points for attending the pre-bid conference, if scheduled. Refer to CMD Form 2B.

Pre-bid conference will be held on May 10, 2019; 10:00 a.m., at 1680 Mission Street, 3rd Floor.

For information on the City's Surety Bond and Finance Program, call 415-986-3999 or bond@imwis.com.

A corporate surety bond or certified check for ten percent (10%) of the amount bid must accompany each bid. Administrative Code Section 6.22(a) requires all construction greater than \$25,000 to include performance and payment bonds for 100% of the contract award.

Class "A" license required to bid.

In accordance with Administrative Code Chapter 6, no bid is accepted and no contract in excess of \$600,000 is awarded by the City and County of San Francisco until such time as the Mayor or the Mayor's designee approves the contract for award, and the Director of Public Works then issues an order of award. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance.

This Project is subject to the requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Administrative Code Section 6.22(g). Bidders are hereby advised that the requirements of the Policy will be incorporated as a material term of any contract awarded for the Project. Refer to Section 00 73 30 of the Project Manual for more information.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

If a bidder objects on any ground to any bid specification or legal requirement imposed by this Advertisement for Bids, the bidder shall, no later than the 10th working day prior to the date of Bid opening, provide written notice to the Contract Administration Division, San Francisco Public Works, setting forth with specificity the grounds for the objection.

Right reserved to reject any or all bids and waive any minor irregularities.

National Small Business Week celebrates entrepreneurial success

By *Chris Pilkerton, Acting SBA Administrator,*

Jennifer and Jeffrey Herbert built their future on a 4,000-year-old idea.

They believed mead, an alcoholic beverage brewed from fermented honey and enjoyed around the world since ancient times, could appeal to 21st-century consumers.

The Herberts started Superstition Meadery in Prescott, Arizona, in 2012, producing 300 gallons of mead and cider in a 20-square-foot space. Within two years, demand had grown, and they were soon producing 6,800 gallons in an expanded space. The Herberts sought counseling from their local Small Business Development Center and got two SBA-guaranteed loans that enabled them to expand their production and distribution even more – even exporting to five countries. Superstition Meadery's sales grew from \$724,000 in 2015 to \$1.9 million in 2017, and the Herberts more than doubled their workforce from nine employees to 20.

In recognition of their success and commitment to their community, Jennifer and Jeffrey Herbert were honored as the 2019 National Small Business Persons of the Year.

The U.S. Small Business Administration is an advocate for America's entrepreneurs and its 30 million small businesses. During National Small Business Week, May 5-11, we celebrate the entrepreneurs who innovate new products and services, create jobs and drive our nation's economy. Winners from every state and U.S. territory were recognized as local Small Business Persons of the Year.

We at the SBA like to say we power the American Dream. The entrepreneurs we celebrate during National Small Business Week are proof that with perseverance and the right guidance, that dream can be a reality. Whether they needed funding, counseling, training on accessing government contracts, or help recovering from a declared disaster, the SBA has been there, working with them in pursuit of whatever goals they set. We are proud to be a part of their success.

The awards ceremony in Washington, DC, is just one part of the weeklong celebration. The SBA is hosting more than 200 events nationwide, spanning every one of our 68 districts. We are hosting a virtual conference where entrepreneurs can learn new business strategies, build their professional networks, and get personalized advice from experienced mentors. We (@SBAgov) are also hosting a Twitter Chat on Friday, May 10 at 12:00 p.m. ET on how to start or grow a business. Join the conversation using #SmallBusinessWeek. I invite you to check out SBA.gov/NSBW for more on these events. And please share your own experience on social media using #SmallBusinessWeek.

It's my honor to congratulate Jennifer and Jeffrey Herbert and all the statewide winners. I hope they will be ambassadors for the SBA and inspire others to pursue their own small business dreams.

Mayor Garcetti proposes fiscally responsible 2020 budget

Continued from page 7

- Funding for the Young Ambassadors Program giving College Promise students overseas travel and opportunities for global affairs education.
- Increasing funding for the LA's BEST Program to offer summer learning at every LAUSD school in the City's two Promise Zones.
- Investing in a social equity program focused on legal cannabis businesses.
- Committing more than \$18 million for four A Bridge Home sites in South Los Angeles scheduled to open in 2019-20.
- Funding to continue five and open six new Safe Parking sites.
- Expanding comprehensive street cleanups and rapid response to keep neighborhoods safe and free of debris.
- Sustaining syringe collection and HIV testing services at locations surrounding A Bridge Home facilities, as well as homeless encampments cleaned up by the City.

\$210.7 Million in New Funding to Improve Water Infrastructure in California

Continued from page 1

Drinking Water State Revolving Fund (DWSRF). This funding can be used for loans that help drinking water systems install controls to treat contaminants such as PFAS and improve distribution systems by removing lead service lines. In addition, more than \$50 million in DWSRF grant funding is available to tribes, U.S. territories, and the District of Columbia to use for drinking water system upgrades.

EPA is also providing approximately \$1.6 billion in new federal grant funding for the Clean Water State Revolving Fund (CWSRF). This funding is available for a wide range of water infrastructure projects, including modernizing aging wastewater infrastructure, implementing water reuse and recycling, and addressing stormwater. More than \$64 million in CWSRF grant funding is available to tribes, certain U.S. territories, and the District of Columbia for infrastructure projects.

Background:

Under the Clean Water and Drinking Water State Revolving Fund programs, EPA pro-

vides funding to all 50 states and Puerto Rico to capitalize SRF loan programs. The states and Puerto Rico contribute an additional 20% to match the federal grants. The 51 SRF programs function like infrastructure banks by providing low-interest loans to eligible recipients for drinking water and clean water infrastructure projects. As the loan principal and interest are repaid over time, it allows the state's DWSRF or CWSRF to be recycled or "revolve." As money is returned to the state's revolving loan fund, the state makes new loans to other eligible recipients.

In 2018, the SRFs committed \$9.6 billion in drinking water and clean water infrastructure loans and refinancing and disbursed \$8.8 billion for drinking water and clean water infrastructure.

For more information, visit <https://www.epa.gov/drinkingwatersrf> and <https://www.epa.gov/cwsrf>.

Clean Water State Revolving Fund Project
SWRCB DBE Forms are REQUIRED from Subcontractors

DBE Participation Encouraged

Quotes requested for Divisions 2, 3, 4, 5, 6, 7, 8, 9, 10, 22, 23, 26, 31, 32, 33, 35, 40, 41, 43, 44 and 46 for the following, but not limited to, scopes of work: Demolition, Reinforcing Steel, Concrete Finishing, Precast Concrete, Grouting, Concrete Doweling, Concrete Unit Masonry, Glass Unit Masonry, Post-Installed Anchors, Welding, Structural Steel Framing, Steel Joist, Steel Decking, Metal Fabrications, Aluminum Railings, Metal Gratings, GRF Plastic, Insulation, Metal Roofing, Joint Sealants, Doors and Frames, Overhead Coiling Doors, Glazing, Painting and Coating, Signage, Fire Protection, Plumbing Piping, HVAC, Electrical, Aggregate Supply, Dewatering, Geotextiles, Stone Columns, Microtunneling, Asphalt Paving, Unit Pavers, Curb and Gutters, Fences and Gates, Landscape and Irrigation, Conveyance Piping, Manholes, Valve Supply, Fabricated Slide and Control Gates, Instrumentation and Controls, Overhead Bridge Crane, Monorail Hoists and Jib Cranes, Pumps, Pollution Control Equipment, Fiberglass Reinforced Plastic Grating, Waterproofing, Raised Computer Flooring.

PLEASE SUBMIT QUOTES BY EMAIL TO SoCalBids@flatironcorp.com OR BY FAX TO (760) 471-4860.

Plans and specifications are available to download, at no cost, from the City of San Diego's PlanetBids website at the following link: [https://www.planetbids.com/portal/portal.cfm?companyID=17950&access\(registration required\)](https://www.planetbids.com/portal/portal.cfm?companyID=17950&access(registration%20required)). The Bid Documents are also available, at no cost, from Flatiron in electronic format or can be viewed at our offices in San Marcos or Chino Hills. Please call to request access or to make an appointment to view the documents at one of our offices.

This is an American Iron and Steel project. Quotations must be valid for same duration as specified by Owner for contract award. Assistance in obtaining bonding, lines of credit, insurance, equipment, supplies and materials is available upon request. Flatiron West, Inc. analyzes and considers each DBE quote, including those that are broken down into economically feasible units to facilitate bidding.

Subcontractors are required to possess and maintain a current contractor's license and must also be registered with the Department of Industrial Relations (DIR) as required by Public Contract Code Section 1725.5. Subcontractors will be required to execute Flatiron's Standard Subcontract Terms and Conditions and meet insurance requirements. A copy of our Standard Subcontract Terms and Conditions is available in electronic format upon request.

Notwithstanding any contrary language in a bid to Flatiron West, Inc. ("Flatiron") or any prior course of dealing between Flatiron and a bidder, and unless waived in writing by Flatiron, Flatiron reserves the right to require each bidder to provide payment and performance bonds assuring bidder's obligations to Flatiron in the amount of 100 percent of the bid to Flatiron. Flatiron will reimburse the bond premium at actual cost not to exceed 3%.

Non-DBE Subs/Suppliers: Indicate lower tier DBE participation offered on your quotation as it will be evaluated with your price.

An Equal Opportunity Employer

Contractor License 772589

Manson Construction Co.

1401 Marina Way South Ste. 330
Richmond, CA 94804
TEL: 510-232-6319 • FAX: 510-232-4528

REQUEST FOR QUALIFIED AND CERTIFIED
SBE SUBCONTRACTORS AND SUPPLIERS
FOR:

**SAN FRANCISCO BAY AREA RAPID TRANSIT
CONTRACT NO. 09DJ-160 TBT CP ANODE
SLED AND CABLE REPLACEMENT PROJECT
PROJECT BID DATE: JUNE 25, 2019 AT 2 P.M.**

Quotes are requested for various items of work
including but not limited to:

Aggregate, Diving, Engineering (Naval Architect),
Electrical, Fuel Systems – Diesel, Inspection,
Landfill, Towing, Trucking, Underwater Safety Systems,
Underwater Surveyor.

Project Description: The Work, in general, consists of providing all labor, materials, hardware, tools, barges, Global Positioning System (GPS) navigation, diving and underwater safety systems and other equipment necessary to replace existing anode cable through the TransBay Tube (TBT) and anode sleds located underwater in the San Francisco Bay with District-Furnished Material (DFM) and Contractor-Furnished Materials (CFM). The Contractor shall replace existing equipment to provide functional Cathodic Protection (CP) system for BART's TBT in the San Francisco Bay, as indicated.

Manson construction is willing to break out items of work into economically feasible units to encourage SBE participation. 100 % payment and performance bonds are required but can be waived with prior approval for special cases. Manson will pay bond premium up to 1.5%.

This Contract has a labor agreement wherein Manson is signatory to Piledrivers and Operators, and is subject to the "Buy America" requirements of 49 USC 5323(j), and applicable regulations in 49 CFR Part 661. Current insurance and workers compensation coverage including USL&H and waiver of subrogation is required.

All subcontractors, suppliers, consultants and other third parties interested in this high security project MUST submit a request for a Third Party Non-Disclosure Agreement (Third Party NDA) in order to be eligible to review the drawings and specifications. The Third Party NDA may be obtained by downloading from BART's website (link shown below- the NDA form is attached under Contract 09DJ-160 (<https://www.bart.gov/about/business/procurement/contractsout>)). Note, BART anticipates that within 14 Days after receipt of the NDA, 3rd parties will be notified about the results of their clearance. Companies need to follow the instructions on the Third Party NDA and submit to BART's District Secretary's Office (mailing address is shown on the NDA). PLEASE DO NOT SEND THE FORM TO MANSON CONSTRUCTION CO.

The following must be submitted with Quote by COB 6/23/19: Firms must possess & provide current contractor's license # & DIR registration # on the quote. SBE means a small business concern certified as an SBE by the District or DBE certified under the CUCP. Further, the firm shall meet the SBA size standard for the specific NAICS code they are certified for. Provide the SBE/DBE #. Quotes must be valid for 120 days.

For scope clarifications, to view plans and specifications, or to submit quotes contact Chris Schaeffer at cschaeffer@mansonconstruction.com or 510-232-6319 ext. 2380. YOU MUST BE SSI CLEARED BEFORE YOU CAN VIEW CONTRACT DOCUMENTS. For questions regarding the Third Party NDA, you can also contact Kelly Duncan, kduncan@mansonconstruction.com.
