

SBE NEWS ALERT

SBA introduces New Online Course for Young Entrepreneurs in Spanish

Young entrepreneurs have a new tool to help determine if they're ready for business ownership and to help them get started. Young Entrepreneurs: An Essential Guide to Starting Your Own Business (Jóvenes Emprendedores) is a free, self-paced online course in Spanish that gives an overview of basic business principles and introduces resources available from the U.S. Small Business Administration.

"This month, the SBA recognizes the vital contributions Hispanic American small business owners have made to our economy as we observe National Hispanic Heritage Month," said Maria Contreras-Sweet, SBA Administrator. "As a proud Hispanic American, I believe that providing financial, educational and technical assistance to Hispanic entrepreneurs is a major means to create jobs and stimulate the economy. The new course is an essential business development tool for young entrepreneurs that can be central to the future success for many generations to come."

The Young Entrepreneurs course is designed to help with the essentials of starting a small business, including evaluating business ideas, choosing the best financing options and registering a business.

The course also includes useful resources that will help with each step along the path to entrepreneurial success.

The course is accessible from the SBA's Learning Center under the banner "Starting a Business" at <http://go.usa.gov/mnFT>, and is also available in English. The Spanish version of the course includes a special video introduction. Young Spanish-speaking entrepreneurs will receive a personal greeting from SBA Administrator Contreras-Sweet when taking the course.

Together, SBA and GobiernoUSA.gov will host a live Hangout on Thursday, September 25 to chat about the new online course and entrepreneurship with Sarah Farzam, owner of Bilingual Birdies, a foreign language and live music company that encourages cross-cultural awareness through combining language and music. Farzam will answer questions about getting started as a young entrepreneur.

Hangout participants can submit questions for Farzam by email to learning@sba.gov or tweet questions using the hashtag #jovenesempresarios. No registration is needed to watch.

To join the conversation and watch live, go to <https://plus.google.com/u/1/b/109740293027006618740/events/cb30itffipill4t429bd7uq0f4> for a live stream of the Hangout. The live Hangout will start at 1:00 p.m. ET.

The Obama Administration has a good record of SBA assistance to the Latino community, and the SBA's 7(a) loan guarantee program has increased its level of assistance to Hispanic-owned businesses over the last five year period.

The agency has placed more than \$3.3 billion in loans to Hispanic business owners over the four-year span from 2009 through 2013. And this year, SBA's 7(a) lending pace has already exceeded last year's volume, attaining a level of more than \$857 million.

An Equal Opportunity Employer

Seeking SBE, MBE, WBE, DVBE, AND DBE Subcontractor for the following project:

Camp Kilpatrick Replacement Project

Location: 427 S. Encinal Canyon Road, Malibu CA 90265

Bid Due Date: 9/23/14

Camp Kilpatrick is a County of Los Angeles juvenile residential treatment facility located at 427 South Encinal Canyon Road within the unincorporated County of Los Angeles in the Santa Monica Mountains. Its site is defined as the 11.7-acre area within the approximate 148 acre County- owned parcel of land that has been developed for the operation of Camp Kilpatrick and the potential impact footprint associated with its construction.

All existing facilities at Camp Kilpatrick, with the exception of the commissary, which Camp Miller solely will continue to use, and the swimming pool, will be replaced. The demolition work will be done by LA County separate of this design-build project. The new facilities will support a maximum of 120 live-in youth residents, as well as educational, medical, recreational, vocational, and treatment-oriented programs. The camp facilities will also support staff functions including education, security, administration, and maintenance. These facilities include new residential cottages, an education building, an administration building, a warehouse, a gymnasium/multi-purpose building, kitchen, athletic fields, and any other site improvements required to support the camp's needs. Although Camp Kilpatrick will not remain operational during construction, its adjacent juvenile detention Camp Miller will be open during construction.

- This is a design-build competition for the County of Los Angeles. Pankow is teamed with architect PBWS and is competing against 2 other design-build teams for this project.
- Each design-build competitor must prepare its own design and construction solution to LA County's RFP. Therefore, all documents for pricing are proprietary - specific to the Pankow/PBWS team's solution ONLY and must therefore be treated as strictly CONFIDENTIAL.
- Pankow is seeking participation from SBE, MBE, WBE, Disabled Veterans Business Enterprises (DVBE) and Disadvantaged Business Enterprises (DBE) firms – either first tier or lower tier.
- Project documents, including plans, specifications, narratives and other will be Schematic design-level with additional information provided to guide in the pricing.
- We are requesting budget pricing. Submitted budgets will not be treated as formal bids. The drawings, specifications and pricing information prepared by Pankow and included in this package are preliminary and thus are not sufficient for bidding. It is Pankow will ultimately select trade subcontractors based on a bidding process to take place in the future (after the award of the prime contract) when the plans and specifications have been further developed. We greatly appreciate your assistance in providing budgets at this time. All subcontractors who provide budget pricing at this phase will be invited/ short-listed to propose at the time of the future bid. Participation at this phase will be considered during our selection process.
- Camp Kilpatrick Replacement project is a public work as defined in Section 1720 of the California Labor Code and is subject to prevailing wage requirements.
- For project information and access to documents please contact Monica Jimenez at (626) 696-2784 mjimenez@pankow.com

Public Legal Notices

CITY OF ONTARIO

NOTICE INVITING BIDS Project No. P150-1415-02

The City of Ontario ("City") will receive bids for the City of Ontario, HOUSING AGENCY, QUIET HOME PROGRAM Project in the City of Ontario, California by electronic submission only no later than **October 23, 2014, at 10:00 A.M.** The Project, which involves modifying Fifty-six (56) units (including single and multi-family properties) will insulate dwellings against aircraft noise and must be completed within two hundred and sixty eight (268) calendar days, as provided in the Bid and Contract Documents. Typically, sound insulation work includes installation of acoustic doors and windows, new central heating and ventilation air conditioning systems, with split (up flow or horizontal) equipment, attic insulation, vent baffles and other noise reducing improvements. Existing doors and windows are replaced with acoustically rated ones. Primary acoustical doors shall have a minimum Sound Transmission Coefficient (STC) of 32, and acoustical window products shall have a minimum STC of 40.

Bids must be submitted electronically through the City's Planet Bids system. Bid Forms are available to registered vendors at www.ci.ontario.ca.us under Bids

and Proposals on the home page. There is no charge to download the contract documents. The electronic bid management system will not accept late bids. **A mandatory Pre-Bid Conference will be held on October 7, 2014 at 10:00 a.m. at 208 W. Emporia Street, Ontario, CA 91762 (Quiet Home Display Room, 1st floor). All bidders must attend. Anyone arriving late will not be allowed entry.** (Optional Site Visit will follow conference).

Bids shall be valid for 60 days after the bid opening date. Bids must be accompanied by cash, a certified or cashier's check, or a Bid Bond, in favor of the City in an amount not less than ten percent (10%) of the submitted Total Bid Price. Prior to award of the Contract, the successful bidder will be required to furnish a Performance Bond and a Payment Bond, each in the amount of one hundred percent (100%) of the Total Bid Price, on the forms provided and in the manner described in the Bid Documents, Contractor shall comply with PCC ' 4108 with respect to subcontractor bond requirements.

Pursuant to B&P Code '7028.15 and PCC '3300, Contractors shall possess the following California Contractor's license(s) in order to perform the Work: General Building "B" and Subcontractors must possess the appropriate licenses for each specialty subcontracted. Bidders are advised that this Contract is a public work for

purposes of the California Labor Code, which requires payment of prevailing wages. City has obtained from the Director of the Department of Industrial Relations the general prevailing rates, and will place them on file at the City's office and make them available to any interested party upon request.

Since this Project involves federal funds, the successful contractor and its subcontractors must comply with federal DBE requirements, as specified in the Bid Documents. At this time City will meet the DBE goal on federally assisted projects through race neutral measures. City supports the use of race neutral measures to facilitate participation by DBEs and other small businesses, and encourages prime contractors to subcontract portions of their work that they might otherwise be performed with their own forces to DBEs.

Pursuant to PCC ' 22300, the successful Contractor may substitute securities equivalent to monies withheld by the Owner.

The City reserves the right to reject any or all Bids, to waive any informality or irregularity in any Bid received, and to be the sole judge of the merits of the respective Bids received.

CITY OF ONTARIO, CALIFORNIA

SWINERTON BUILDERS
