

SBE NEWS ALERT

SBA Awards Grants to Resource Partners to Sustain Entrepreneurship Training for Transitioning Service Members

The U.S. Small Business Administration (SBA) has entered into a cooperative agreement with America's Small Business Development Centers, SCORE, and the Association of Women's Business Centers (AWBC) to provide a combined \$1.12 million of funding to sustain and expand the resource partners' participation in SBA's Boots to Business program. The program provides training to transitioning service members and their spouses pursuing business ownership as a post-military service career.

Funding for the agreement will reimburse SBA resource partners for the two-day "Introduction to Entrepreneurship" courses delivered on military installations worldwide as part of the Department of Defense's (DoD) Transition Assistance Program (TAP). The course helps prepare transitioning service members for business ownership and connects them to SBA resources in their local communities.

"Veterans make some of our country's best entrepreneurs, and we are investing in them by ensuring our partners are funded to maximize the training and support they provide to service members embarking on their post-service careers,"

said SBA Administrator Maria Contreras-Sweet. "We owe so much to those who have served in our Armed Forces and sacrificed so much. Our veterans deserve opportunities, and the SBA and our network of small business experts are ready to help them start their next chapter."

Boots to Business is the entrepreneurship training track within the DoD's TAP program designed to support service members as they transition to civilian life. Boots to Business began as a pilot in 2012, expanded nationally in 2013, and was appropriated \$7 million in the fiscal year 2014 federal budget for expansion and sustainment. Since January 2013, over 16,000 transitioning service members have participated in the two-day "Introduction to Entrepreneurship" class on 165 military installations worldwide.

Each year, more than 250,000 service members transition out of the military. These veterans are natural entrepreneurs who possess the skills, experience and leadership to start businesses and create jobs.

Veterans make up a large number of successful small business owners. Nine percent of small businesses are veteran-owned. These 2.45 million veteran-owned businesses employ more than five million individuals and generate more than one trillion dollars of receipts each year. In the private sector workforce, veterans are more likely than those with no active-duty military experience to be self-employed.

Each year, SBA helps more than 200,000 veterans, service-disabled veterans and reservists start and grow their small businesses. To learn more about additional opportunities for veterans available through the SBA, visit www.sba.gov/vets.

An Equal Opportunity Employer

Seeking SBE, MBE, WBE, DVBE, AND DBE

Subcontractor for the following project:

Camp Kilpatrick Replacement Project

Location: 427 S. Encinal Canyon Road, Malibu CA 90265

Bid Due Date: 9/23/14

Camp Kilpatrick is a County of Los Angeles juvenile residential treatment facility located at 427 South Encinal Canyon Road within the unincorporated County of Los Angeles in the Santa Monica Mountains. Its site is defined as the 11.7-acre area within the approximate 148 acre County- owned parcel of land that has been developed for the operation of Camp Kilpatrick and the potential impact footprint associated with its construction.

All existing facilities at Camp Kilpatrick, with the exception of the commissary, which Camp Miller solely will continue to use, and the swimming pool, will be replaced. The demolition work will be done by LA County separate of this design-build project. The new facilities will support a maximum of 120 live-in youth residents, as well as educational, medical, recreational, vocational, and treatment-oriented programs. The camp facilities will also support staff functions including education, security, administration, and maintenance. These facilities include new residential cottages, an education building, an administration building, a warehouse, a gymnasium/multi-purpose building, kitchen, athletic fields, and any other site improvements required to support the camp's needs. Although Camp Kilpatrick will not remain operational during construction, its adjacent juvenile detention Camp Miller will be open during construction.

- This is a design-build competition for the County of Los Angeles. Pankow is teamed with architect PBWS and is competing against 2 other design-build teams for this project.
- Each design-build competitor must prepare its own design and construction solution to LA County's RFP. Therefore, all documents for pricing are proprietary - specific to the Pankow/PBWS team's solution ONLY and must therefore be treated as strictly CONFIDENTIAL.
- Pankow is seeking participation from SBE, MBE, WBE, Disabled Veterans Business Enterprises (DVBE) and Disadvantaged Business Enterprises (DBE) firms - either first tier or lower tier.
- Project documents, including plans, specifications, narratives and other will be Schematic design-level with additional information provided to guide in the pricing.
- We are requesting budget pricing. Submitted budgets will not be treated as formal bids. The drawings, specifications and pricing information prepared by Pankow and included in this package are preliminary and thus are not sufficient for bidding. It is Pankow will ultimately select trade subcontractors based on a bidding process to take place in the future (after the award of the prime contract) when the plans and specifications have been further developed. We greatly appreciate your assistance in providing budgets at this time. All subcontractors who provide budget pricing at this phase will be invited/ short-listed to propose at the time of the future bid. Participation at this phase will be considered during our selection process.
- Camp Kilpatrick Replacement project is a public work as defined in Section 1720 of the California Labor Code and is subject to prevailing wage requirements.
- For project information and access to documents please contact Monica Jimenez at (626) 696-2784 mjimenez@pankow.com

UC IRVINE

NOTICE INVITING GENERAL CONTRACTOR PREQUALIFICATION

Prequalification Questionnaires will be received by the **University of California, Irvine Medical Center (UCIMC)** from general contractors wishing to submit bids for a lump sum contract for the **B1A, Basement, CT Prep & Waiting Room project**.

PREQUALIFICATION: The University has determined that bidders must be prequalified for this project.

DESCRIPTION OF WORK: Renovate approx. 2183 sq ft. in the Basement of B1A (University Tower) to construct a new waiting room and patient prep room utilizing the space of the old reading room. Upgrade the public and staff restrooms for ADA compliance and cosmetically enhance the current office space to make ready for reading room use. Work incl. interior demolition, finishes, casework, installation of lighting, MEP, structural framing, fire suppression and medical gas.

Project completion time: 120 days.

ESTIMATED COST: \$525,000

PROCEDURES: Prequalification Questionnaires available Friday, 9/26/14, 2:00 PM. Contact Elita Dao, (714) 456-8842, ecjohnso@uci.edu

MANDATORY PREQUALIFICATION CONFERENCE: Thursday, 10/2/14, at UCIMC, Building 22A, Room 2107 (Library Auditorium), 101 The City Drive South, Orange, CA 92868, beginning promptly at 10:00 AM.

QUESTIONNAIRE DUE DATE: Questionnaires must be received by Wednesday, 10/15/14, 4 PM only at UCIMC, Planning Administration, Building 27, Room 136, 101 The City Drive South, Orange, CA 92868.

BIDDER QUALIFICATIONS: Must meet license, insurance, bonding, safety, financial and claims history requirements. Must have completed a minimum of three projects in the last five years with a minimum construction cost of \$500,000 as follows: One **OSHPD 1 renovation** project, one (1) hospital renovation project involving **Type 1 construction** and one (1) renovation project requiring **infection control** constructed in a **fully operational/occupied hospital**. **Bidders not meeting the requirements of the prequalification questionnaire will not be eligible to bid.**

LICENSE REQUIREMENT: Current and active California CSLB "**B**" **General Building Contractor** license.

Prequalification is solely for the purpose of determining bidders who are deemed capable of successful performance of the type of work included in this project. A contract will be awarded to the prequalified bidder submitting the lowest responsive bid.

The University reserves the right to reject any or all responses to this notice, to waive non-material irregularities, and to deem Contractors prequalified to submit proposals for the project. To prequalify, Contractors must agree to comply with all bid conditions including state prevailing wages, 10% bid bond, 100% payment and performance bonds, and insurance requirements. All information submitted for prequalification evaluation will be considered official information acquired in confidence, and the University will maintain its confidentiality to the extent permitted by law.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Proposer may be required to show evidence of its equal employment opportunity policy.

For other opportunities: www.healthaffairs.uci.edu/planning-administration/index.asp
