

CARES Act Paycheck Protection Program Available for Construction Firms

CARES Act & The Construction Industry

[Article was originally posted on www.constructconnect.com]

By Jennifer Creighton,

The CARES (Coronavirus Aid, Relief, and Economic Security) Act includes many potential relief opportunities for the nation's construction industry, which has been hit hard with disrupted supply demand, delayed projects, closed sites, and labor shortages. The Paycheck Protection Program (PPP), a provision in the CARES Act, will help construction companies keep their workforce employed during the coronavirus crisis.

Contractors and construction firms need to apply as soon as possible to benefit from the PPP. Funds will be granted on a first-come-first-serve basis and the Small Business Administration (SBA) expects to quickly distribute the \$349 billion available for the program.

Here are the things your construction company needs to know about the SBA's Payment Protective Program to immediately take advantage of the program and help your business.

Who Qualifies?

- 501(c)(3) non-profit organizations with fewer than 500 employees
- Small businesses with fewer than 500 employees
- Self-employed individuals

- Sole proprietors
- Independent contractors
- Tribal business concerns that meet the SBA size standard

How Much Can I qualify For?

The maximum loan amount will be 2.5 times your average monthly payroll expenses from 2019, up to \$10 million. Payroll costs are capped at \$100,000 annualized for each employee.

When Can I Apply?

Small businesses and sole proprietorships were allowed to start applying on April 3, 2020. On April 10, 2020, independent contractors and self-employed individuals may begin applying.

What Can I Use the Money On?

- Payroll costs including salary (up to an annual rate of \$100,000)
- Wages
- Employee group health care benefits, including insurance premiums
- Retirement contributions
- Paid sick or medical leave
- Rent
- Leases
- Utilities
- Existing interest payments on mortgages

How Do I Apply?

You can apply through any existing SBA 7(a) lender or through any participating federally insured depository institution, federally insured credit union, or Farm Credit System institution. Visit sba.gov to find participating financial institutions. Grants are available now through June 30, 2020 or until the funds are depleted.

What Are the Repayment Terms?

If all employees are kept on the payroll for 8 weeks, the grant becomes forgiven at the end of the 8-week loan period. If you don't meet requirements, the amount of your loan forgiven will be reduced. Any amount of the loan not forgiven will continue as a 2-year loan with a fixed interest rate of 1.0% and is 100% guaranteed by the SBA.

Demand for the loans are expected to be high so for the full amount to be forgiven 75% of the loan will have to be used for payroll costs.

What if I Have Other Debt or SBA Loans?

You can still participate in the PPP even if you have another loan from the SBA or additional debt.

For more information, visit sba.gov

California Sub-Bid Request Ads

AECOM

300 S. Grand Avenue, 8th Floor • Los Angeles, CA 90071 • T 1-213-593-8100

REQUEST FOR CBE SUBCONSULTANT INTEREST

AECOM is bidding on the following project as Prime Contractor:

Owner: County of Los Angeles

Request for Proposal No. BRC0000133

On-call Geotechnical and Geohazard Services for Various County Health Care Projects

Proposal due date: Thursday, April 30, 2020

AECOM is seeking qualifications from Community Business Enterprise (CBE) companies for the following supporting services:

All subcontractor staff must have graduated from an accredited university with a major in civil or environmental engineering, geology, environmental health and safety, industrial hygiene or other related major and have a minimum of 10 years' experience in a field described below:

- Driller: perform geotechnical boring, sampling, test/monitoring well installation, down-hole logging support, and associated services.
- Cone penetration test: perform cone penetration, pore pressure dissipation, seismic cone, and pressure meter testing.
- Investigation derived waste (IDW) handler.
- Concrete coring/cutting operator.
- Geotechnical laboratory: perform in-house geotechnical laboratory testing services on soil and aggregate samples.
- Corrosion engineering: perform field and laboratory corrosion test and develop corrosion mitigation recommendations.
- Environmental laboratory: perform in-house environmental testing services.
- Traffic control service: provide traffic control service and traffic control plan preparation.
- Geophysical survey: perform subsurface survey using geophysical instruments
- Surveyor
- Potholing: provide potholing service to locate existing underground utilities.
- Materials testing and special inspection services: provide special inspection and materials testing qualifying CWA requirements.

Experience providing similar services on On-call Geotechnical and Geohazard Services for the County of Los Angeles is preferred. This Proposal is in alignment with the County of Los Angeles CBE Program requirements and certified CBEs are encouraged to respond.

Interested businesses should email a brief overview of County of Los Angeles or similar experience, along with CBE documentation by Monday, April 20, 2020 to Erica Moss at erica.moss@aecom.com.

Assistance is available in obtaining any necessary bonding; lines of credit or insurance; information related to the requirements for the work; and necessary equipment, supplies materials, or related services.

California Sub-Bid Request Ads

Seeks subcontractor bids for the following project:

Martin Luther King Jr. Behavioral Health Select Trades Package
 (Including: Signage, Window Coverings, Earthwork, AC Paving, Site Concrete, Unit Pavers, Fencing & Gates, Landscape & Irrigation, and Site Utilities)
 Owner: County of Los Angeles, Department of Public Works (DPW)

Bid Documents Issued: April 10th, 2020
Bid Date: April 24th, 2020 at 4:00 PM

Bernards is requesting bids from qualified bidders on a project for the County of Los Angeles, DPW - MLK Jr. Behavioral Health Center, located in Los Angeles California. The project includes the renovation of (1) building totaling over 485,000 SF, and 127,000 SF of site work. The work will be over a construction duration of 16 months that will begin at the beginning of 2020. Bernards is soliciting participation from subcontractors/vendors for the following trades: Signage, Window Coverings, Earthwork, AC Paving, Site Concrete, Unit Pavers, Fencing & Gates, Landscape & Irrigation, and Site Utilities.

Plans & Specifications: Plans and specifications will be available on or shortly after April 10th, 2020. Plans will be available in Bernards' plan room at 555 First Street, San Fernando, California 91340. You may also view or purchase plans through our reprographics company at www.Bidmail.com.

Subcontractors must comply with general prevailing wage rates (PCC 1720 et seq.). Under new California law, all subcontractors and sub-tier subcontractors wishing to conduct business with any public entity must be registered and maintain good standing with the Department of Industrial Relations (DIR) prior to submitting a bid and during performance of the work (Labor Code 1725.5). Only registered contractors and subcontractors to be awarded public works projects. Please visit www.dir.ca.gov/Public-Works/PublicWorks.html for more information and to register.

Subcontractors must meet the minimum requirements outlined in the "community workforce agreement." Available to download from Bidmail or at Bernards Planroom. Subcontractors must also comply with the Iran Contracting Act of 2010 (PCC 2204).

By submitting a bid, subcontractor confirms they have reviewed Bernards' Subcontract Agreement and will execute said Agreement without modification. Please review all Bernards'

Standard Subcontract documents and forms on our website: www.bernards.com/subcontractors.

All subcontractors awarded work on this project must be prepared to furnish 100% faithful performance and 100% payment bonds issued by a licensed, admitted corporate surety with a minimum A.M. Best rating of A-VI that is authorized to issue bonds by the State of California and is acceptable to Bernards, (current Treasury Listing is acceptable), in the full amount of their subcontracts.

Bernards is an Equal Opportunity Employer, committed to; and encourages the participation of MBEs, WBEs, DBEs, SBEs, DVBES, and OBEs and requires submittal with their bid the certification form from the authorizing agency. Participation in Bernards' Prequalification process improves our ability to collaborate with Subcontractors while providing them with the benefit of inclusion in potential select project lists. Please contact prequal@bernards.com for Prequalification documents.

If you have any questions about this project, please contact us at:

California must use the sun to reduce greenhouse gas emissions—and recognize there's more than one way to do that

Workers installing solar panels on a residential homes roof.

[Article was originally posted on www.calmatters.org]

By Michael Wyatt, CalMatters

Consumers need flexibility to choose what type of home best fits their needs. Homebuilders need adequate options to provide this flexibility.

That's why we are watching how California lawmakers navigate the reduction in greenhouse gas emissions they've mandated and their effort to increase housing production.

Energy standards adopted by the California Energy Commission require new homes and low-rise apartment buildings to be powered by renewable energy.

The energy commission's 2020 requirement for a "renewable energy component" is not limited to solar panels on the roof of every new home. Recognizing California's goal of providing housing for all, the commission's standards provide the homebuilder with three very different compliance design options, for a range of housing types:

- The "For-sale" option, in which the builder installs rooftop solar and sells it to the homebuyer along with the rest of the home.
- The "lease" option, a third-party solar provider installs solar panels on the homebuyer's roof. The third-party solar provider would own and maintain the rooftop system, and enter into a 20-year arrangement with the homebuyer to provide a certain amount of electricity for a reduced rate.

- The "Community Solar" option, in which the builder complies with some or all the renewable energy mandate using solar energy produced at an off-site facility. Unlike the previous two "rooftop options," the energy commission must certify a community solar farm before it can be accessed by a builder.

Even though the standards were adopted almost two years ago, a fight is developing over the energy commission's pending approval of the first community "solar farm."

Specifically, the potential of developing a shared solar farm, rather than installing panels on individual roofs, would be made available to builders in the Sacramento Municipal Utility District territory.

As the utility district's Solar Share community solar program has moved forward in the energy commission's approval process, there is significant opposition from interests who only support rooftop systems.

While the concerns varied, the most common objection centers on the assertion that homebuilders will gravitate to the utility district's Solar Share program due to its low-cost, and in doing so, homebuyers will not receive the full benefit of the solar system.

This is simply not the case.

Prior to the statewide solar mandate taking effect, a very strong market existed for rooftop solar. And thanks to PG&E's recent power shut offs and rate plans that vary according to the time of day, more consumers are seeking access to rooftop solar and home batteries.

When it comes to renewable energy, however, one-size-does-not-fit-all. In California, multifamily construction has overtaken single-family home construction.

A three-story apartment complex may not have enough rooftop area available to meet the energy commission's mandate. Further, housing aimed at low-income buyers may not be able to absorb the up-front cost of \$10,000 associated with rooftop installation.

In these very common cases and others, homebuilders will be looking for off-site sources of renewable energy to meet the state's new solar mandate. Availability of a community solar option will help industry deal with these design constraints while at the same time helping the state meet its greenhouse gas reduction goals.

The energy commission rightfully saw fit to allow alternatives to rooftop solar. For some consumers, solar panels on their newly constructed home is the right choice. For others, on-site or off-site solar energy is the best to fit their needs.

California's homebuilders need a wide array of options to meet California's diverse housing needs while meeting the requirement for a renewable energy component for all new dwellings.

Michael Wyatt is California Regional President for K Hovnanian Homes, MWyatt@khov.com. He wrote this Commentary for CalMatters.

REVISED BID DATE: APRIL 22, 2020 @ 2:00 P.M.

DGC is soliciting quotations from certified Disadvantaged Business Enterprises, for the following types of work and supplies/materials including but not limited to:

COLD PLANE, EROSION CONTROL, PAVEMENT MILLING, STRIPING, SURVEY/STAKING, TRUCKING, WATER TRUCKS, STREET SWEEPING, EROSION CONTROL MATERIAL, HOT MIX ASPHALT (TYPE A) MATERIAL.

Plans and specifications may be reviewed at our offices located at 11555 Dublin Boulevard, Dublin, CA or 7700 College Town Drive, Sacramento, CA, or at your local Builders Exchange, or reviewed and downloaded from the ftp site at <ftp://ftp%25desilvagates.com:f7pa55wd@pub.desilvagates.com> (if prompted the username is ftp@desilvagates.com and password is f7pa55wd) or from the Owner's site at <http://www.e-arc.com/ca/stockton>

Fax your bid to (925) 803-4263 to the attention of Estimator Quinn Hance. If you have questions for the Estimator, call at (925) 829-9220. When submitting any public works bid please include your DUNS number and DIR number. For questions regarding registration for DIR use the link at www.dir.ca.gov/Public-Works/PublicWorks.html

If you need DBE support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (<http://californiasbdc.org>) or contact the California Southwest Transportation Resource Center (www.transportation.gov/osdbu/SBTRCs). DGC is willing to breakout portions of work to increase the expectation of meeting the DBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PREVAILING WAGE JOB. DGC is an Equal Opportunity/Affirmative Action Employer.

OWNER:

HAYWARD UNIFIED SCHOOL DISTRICT
24411 Amador Street, Hayward, CA 94544
BID DATE: APRIL 28, 2020 @ 11:00 A.M.

DGC is soliciting quotations from certified Disabled Veteran Business Enterprises, for the following types of work and supplies/materials including but not limited to:

CRACK SEALING, LIME TREATMENT, ROADWAY EXCAVATION, SLURRY SEAL, STRIPING, SWPPP/WATER POLLUTION CONTROL PLAN PREPARATION, TRUCKING, WATER TRUCKS, STREET SWEEPING, CLASS 2 AGGREGATE BASE MATERIAL, HOT MIX ASPHALT (TYPE A) MATERIAL, ASPHALT BINDER.

Plans and specifications may be reviewed at our offices located at 11555 Dublin Boulevard, Dublin, CA or 7700 College Town Drive, Sacramento, CA, or at your local Builders Exchange, or reviewed and downloaded from the ftp site at <ftp://ftp%25desilvagates.com:f7pa55wd@pub.desilvagates.com> (if prompted the username is [ftp@desilvagates.com](ftp://ftp%25desilvagates.com) and password is [f7pa55wd](ftp://ftp%25desilvagates.com)) or from the Owner's site at <https://www.husd.us/> purchasing then select

"Active Bids and Proposals".

Fax your bid to (925) 803-4263 to the attention of Estimator Jim Yackley. If you have questions for the Estimator, call at (925) 829-9220. When submitting any public works bid please include your DUNS number and DIR number. For questions regarding registration for DIR use the link at www.dir.ca.gov/Public-Works/PublicWorks.html

If you need DVBE support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (<http://californiasbdc.org>) or contact the California Southwest Transportation Resource Center (www.transportation.gov/osdbu/SBTRCs). DGC is willing to breakout portions of work to increase the expectation of meeting the DVBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PREVAILING WAGE JOB. DGC is an Equal Opportunity/Affirmative Action Employer.

GCC is available to discuss breaking out any portion of work to encourage minority participation

Mr. Jim Petnic (707/585-1221 or jimp@ghilotti.com) is the Estimator for this project and is available to provide you with assistance to clarify any questions regarding the scope of work, including interpretation of plans, specifications and requirements, bid preparation and obtaining bonds, lines of credit, insurance and any technical assistance. GCC may also assist in obtaining any necessary equipment, supplies, materials or related services. (Please note: GCC may require Payment & Performance Bonds on all sub-contracts over \$25,000 per Ca. Public Contract Code Sect. 4108. GCC will pay bond premiums up to 1 1/2% of contract cost. GCC is a UNION CONTRACTOR. Any non-signatory subcontractors will be required to sign an agreement for trades covered under our agreements.)

Plans, specifications and project requirements may be reviewed at our office in Santa Rosa. Contract documents (herein referred to as "Contract Documents") specifying the requirements of the work to be performed ("Work"), the terms of the contract ("Contract") between VTA and the successful Bidder, and the details of the bidding procedure can be found at VTA's website <https://www.vta.org/solicitations>. Click on the name of the solicitation that you are interested in. To download documents for a solicitation, click "Register or Log In to Download" if you are not already logged in, and once you are registered and logged in, click "Become a Plan Holder" in order to download the documents. There is no charge for downloading these documents. Plans may also be obtained through local plan rooms or builder's exchanges. Ghilotti Construction Company encourages the use of minority and women subcontractors and suppliers and considers such to be an important aspect of the project.

By submitting a proposal, the bidder affirms that they have carefully examined ALL the bidding documents/Addenda and that from his/her own investigation, they have satisfied themselves as to the nature and location of the work. GCC's written subcontract document execution is required of all successful subcontract bidders. A copy is available for inspection on GCC's website (www.ghilotti.com/subcontractors) and/or can be provided upon written request prior to bid submission. Inconsistent bid terms and conditions shall be void.

Insurance: As per our insurance requirements, your bid must include the cost of naming GCC as additional insured; including completed operations coverage; Use form 'CG-2010-1185' or equivalent; include Primary and Non-Contributing wording on your certificate of insurance and waiver of subrogation is required. We are an equal opportunity employer.
