

## The Latest Construction Technology Reshaping the Industry

[ Article originally appeared on  
[www.constructconnect.com](http://www.constructconnect.com) ]

By Ed Williams,

As the need for construction is growing tremendously, companies have to keep pace properly. Construction companies are handling expansion by embracing new technology in construction. There are numerous technologies available at present. New technologies persist in forcing construction companies to grow.

And with time, the construction industry is changing the way you do business. Moreover, technology is touching almost every aspect of your operations. Read on to know more about the transformations technology brings to the industry.

### Introduction of New Materials and Methods

Technological advancements in construction have been transforming the way almost everything is done. One of the most prominent areas of change is the materials used. New technologies are allowing for creative phases like recycling concrete. Even scientists are also tricky at work creating more eco-friendly materials. Carbon fiber is showing its power as a construction material.

Tech devices are also transforming how construction companies work with these materials. In the present scenario, prefabrication is not something unique for construction professionals, but 3D printers are becoming new to them. Creative businesses are testing 3D printing whole constructed space with the same. As you print the design, the sections can be transferred to the jobsite and built.

### Transforming Jobsites

Technology is also changing the construction jobsite itself. Drones, for instance, are being embraced on a vast scale. These tools allow more accurate surveying, even from a distant location.

Drones and mobile devices have other advantages for the construction site as well. With these devices, it's more manageable to keep track of what materials you require and what quantity you should order. This capability can save companies a massive amount as it decreases material waste.

### Safer Jobsites

Enhanced safety is another advantage of technical advances in construction. Drones and mobile devices make it more effortless to overlook the jobsite from remote locations. Workers can be

informed of hazards sooner. You can provide instructions on how to deal with these troubles efficiently.

Technology can even assist your employees in staying safe by giving them forewarnings. Helmets are compulsory safety equipment, but they're now evolving into wearable tech. Prime lenses and augmented reality have the ability to deliver warnings before any danger in the location.

Wearable tech also helps to track the time of your team smartly and see how much time each individual is actually spending on the jobsite. Frequent breaks are essential. Because tired workers are more inclined to commit mistakes, leading to damage.

### Artificial Intelligence & Predictive Analytics

Advancements in artificial intelligence (AI) have permitted numerous industries to integrate this technology. The construction industry continues to embrace AI in stride. One of the most notable instances is driverless vehicles. No construction company has adopted these vehicles at a pace yet. Driverless vehicles will likely substitute drivers soon.

AI has numerous other uses for construction companies. These technologies need extensive amounts of data to "learn." You can also assemble this data for your company analytics.

Predictive analytics uses this data to decide what's most likely to happen. Some AIs may be able to anticipate when you need to order individual materials. Others will help you determine issues around the jobsite and make suggestions for avoiding them.

### Success is Waiting for You!

Technology in construction is transforming virtually every aspect of the business. If you haven't yet, it's time to embrace some of the new technologies driving your construction business forward. As the construction industry extends in the coming years, you should adopt the latest tech. They'll assist you to keep pace as your business benefits from industry growth.

registered as a SBA business for:**

**Project Name: PE2139M Repair Landslide at Range 314C, MCB, Camp Pendleton, CA**

**Solicitation No: N62473-16-D-1852-N6247322RF003**

**Owner: NAVFAC Southwest**

Reyes Construction is requesting bids in the areas described, but not limited to:

(Subs): Partnering, Earthwork, Biological Monitoring, Landscaping, Archaeological Monitoring, UXO Monitoring, Ground Anchors, Cultural Resources Monitoring, Quality Control, Surveying

#### **Project Scope**

This project will repair a slope at Range 314C where a large landslide occurred during the construction of MILCON P637. The landslide debris covers a portion of the range area and has left it unusable. This project will repair the slope following the recommendations of an extensive geotechnical analysis that was completed in 2020. Additionally, the project will repair any infrastructure that was damaged by the landslide, any excessive erosion issues, and make the range operable. Project requires UXO clearance, biomonitoring and cultural resources monitoring.

**Bid Date: April 26th 2022 at 2PM**

# Mayor Garcetti Proposes 2022-2023 City Budget

Mayor Eric Garcetti today announced his proposed budget for the 2022-2023 fiscal year, a proposal that makes record-breaking investments in homelessness while maintaining the largest cumulative reserves in City history at 8.8%.

The spending plan includes over \$1 billion to address the homelessness crisis, the City's largest-ever investment at \$1.164 billion, which is more than 20 times the homelessness budget when Mayor Garcetti took office in 2013. The budget also shows a 6.6% increase in projected revenue from last year, an indication that the City is undergoing one of the strongest economic recoveries from the pandemic in the nation.

"This spending plan is about more than doubling down on the improvements and solutions that Angelenos can see and feel in their daily lives – it's about placing our City on a fixed course to stability, prosperity, and equity for generations to come," said Mayor Eric Garcetti. "This proposal is both prudent and progressive – bold, but balanced. As Mayor, I've always tried to make decisions that keep an eye toward the future, and this budget is proof that we can make historic investments today while creating our most fiscally responsible budget yet."

The \$1.164 billion proposed to tackle homelessness, the largest proposed investment by nearly \$200 million, includes a total of over 3,700 permanent supportive

housing units, \$331 million for over 2,200 total housing units through Proposition HHH, and \$255 million for a new round of Project HomeKey, which will add 928 permanent housing units.

To put the City in the best possible position for the years ahead, Mayor Garcetti has made fiscal responsibility a top priority throughout his tenure, and worked closely over the past year to ensure his final budget would deliver a stable and secure set of reserves to hand over to the next administration. The 8.8% in cumulative reserves would be the highest mark of all time, making the City more prepared to withstand any future economic challenges than at any time in its history.

The proposed budget calls for new public safety resources, including the hiring of 780 police officers and 260 firefighters. The spending plan would increase current spending on public safety alternatives by over 30%, with \$8 million for CIRCLE, a program to divert nonviolent 9-1-1 calls related to homelessness to trained professionals; \$2 million for the Therapeutic Transportation Van Pilot program; \$37 million for the City's Gang Reduction and Youth Development program; and \$6.4 million for Saturday Night Lights, a program to reduce crime and violence during the summer months by offering free food, activities, and resources at City parks.

## Other key components of Mayor Garcetti's budget include:

- \$15 million for waste diversion and water resiliency improvements;
- \$12.4 million for electric vehicle purchases and leases, electric vehicle infrastructure, and charging infrastructure across the City;
- \$10.5 million for the establishment of the two-part Climate Equity Fund to provide mitigation actions for low-income communities that disproportionately suffer from climate impacts
- \$9.7 million for street safety improvements;
- \$4 million in cool pavement, doubling the City's current investment;
- \$3.8 million to expand the City's Clean and Green program;
- \$3 million for Summer Play LA, which will provide low-cost summer camp programs at recreation centers;
- Nearly 800 additional sanitation workers, including more than 200 youth positions for the CleanLA program;
- \$2 million for tree planting in low-canopy neighborhoods.

## Michael Baker

### INTERNATIONAL

Michael Baker International is bidding on the following project as Prime Contractor:  
 Owner: County of Los Angeles Department of Public Works  
 Request for Proposals  
 ON-CALL ENGINEERING AND PROJECT MANAGEMENT SUPPORT SERVICES  
 RFP NUMBER: BRC0000321  
**Proposal due date is April 27, 2022, at 4 pm.**

Michael Baker is seeking qualifications from Community Business Enterprises (CBEs) for the following work: Water Resources, Flood Hazard Mitigation, Environmental Engineering, Geotechnical Engineering, Strategic Communications, Waterworks and Related Engineering, Public Outreach and Community Engagement, Telemetry Systems, ENVISION, updating, modeling, or testing of the tax methodology for the Special Parcel Tax, and other general services such as Hydrologic Data Collection, and Public Meeting Facilitation and Presentation.

Experience providing similar services to the County of Los Angeles for Flood Control Facilities is preferred. This proposal is in alignment with the County of Los Angeles CBE Program requirements and certified CBEs are encouraged to respond. The CBE Program includes business enterprises owned by disabled veterans, disadvantaged business enterprises, and minority and women-owned business enterprises. Interested businesses should email a brief overview of County of Los Angeles experience, along with CBE/DBE/MBE/WBE documentation to Amber Wilson at [amber.wilson@mbakerintl.com](mailto:amber.wilson@mbakerintl.com)

**Requirements:** Skanska will assist qualified subcontractors and suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a HUBZone SB, SDB, WOSB, VOSB, SDVOSB Company, please provide your certification letter with your proposal. If you are a Non HUBZone SB, SDB, WOSB, VOSB, SDVOSB, please indicate all lower-tier participation on your quotation as it will be evaluated it with your price. In order to assist HUBZone SB, SDB, WOSB, VOSB, SDVOSB subcontractors and suppliers, we will divide the work into smaller packages, tasks or quantities, which will permit maximum participation when feasible.

Insurance requirements are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products and completed operations agg. and general agg.; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., and a Waiver of Subrogation (GL & WC). Other insurance requirements may be necessary per scope or RFP requirement. Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract by an admitted surety and subject to approval by Skanska. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Skanska is signatory to the Operating Engineers, Laborers, Cement Masons, and Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract. All Contractors and Subcontractors must register with the DIR (Department of Industrial Relations) in order to bid on public works projects. Please include CSLB License Number and DIR Number on all quotes submitted.

Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.

# CALIFORNIA SUB-BID REQUEST ADS

515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 (213) 655-1100

**LACCD – LACC Cesar Chavez Administration & Workforce Replacement Building / Demolition**  
**855 N. Vermont Avenue, Los Angeles, CA 90029**  
**Subcontractor Proposals Due: FRIDAY MAY 13th 2022 before 2:00 pm**

McCarthy Building Companies is requesting bid proposals from qualified **DVBE, DBE SBE, LSEDEV** subcontractors for this project.

This RFP is seeking proposals for the award of the Design phase services of **MEPT Systems**. Any reference to "MEPT" shall be defined as the following systems, "Fire Protection, Mechanical, Plumbing, Electrical, Photovoltaic, Battery Storage, Telecommunications, ERRCS, Audio Visual, Security, and Fire Alarm Systems". Design Build Services will be broken into two sections, **Part A Preconstruction Design services**, and **Part B Construction services**.

This Contract will Include **(2) Projects**:

- **Project Number: 01C-114.00 - Cesar Chavez Admin & Workforce Replacement Bldg.:** Design and Construction of the new Cesar Chavez Administration and Workforce Replacement Building and surrounding site improvements.
- **Project Number: 01C-106.01 & 01C-173.11 - Demolition of Cesar Chavez Administration Building & RWGPL – West Gateway Plaza & Site Improvements:** Demolition and removal of the existing Cesar Chavez Administration Building followed by infill of the existing basement, site restoration and the installation of a new campus gateway plaza.

**Prevailing Wages** apply to this project. The District shall be enforcing a Labor Compliance in accordance with the provisions and requirements of Assembly Bill – 1506 and pursuant to California Labor Code sections 1770 et. Seq

This will be an **OCIP** (Owner Controlled Insurance Program) Project.

This Project has a **30% Goal for LSEDEV (Local, Small, Emerging and Disabled Veteran)** Business Enterprises participation, as per CED document (part of this RFP). McCarthy is an "equal opportunity" employer and encourages Minority and Small Business and LSEDEV Participation

Please hold your Proposal Prices for the Duration established in the Contract Documents for Design & Construction.

Bidding Documents: The bidding documents can be viewed and downloaded now at the McCarthy Building Connected webpage: <https://app.buildingconnected.com/projects/6238a6b499641600a8445849/files>

RFI's: RFI's are to be directed to Andrew Orona, [aronona@mccarthy.com](mailto:aronona@mccarthy.com)

Please do not contact the owners or their consultants directly. Failure to follow this requirement may disqualify your proposal.

We are looking forward to receiving your proposal and encourage you to contact us with any questions or comments.

**NOTICE:**

- NOTICE IS HEREBY GIVEN McCarthy will receive bids for award of Subcontracts for the above-named Project up to, but not later than the bid deadline. Subcontract Wards are anticipated within 120 days of bid deadline.
- BIDDERS with bids that exceed \$ 250,000 must post a bid bond or other security in the amount of 15% of the amount of the bid with bid.
- Each BIDDER, simultaneously with the execution of the Subcontract Agreement, shall be required to furnish a Labor and Material, Payment and Performance Bond in an amount equal to 100 percent of the Contract sum and a Faithful Performance Bond in an amount equal to 100 percent of the Contract Sum. Said Bonds shall be from an admitted California Surety satisfactory to McCarthy, with A. M. Best rating of A- or better, and listed in the Federal Register, issued by the Department of Treasury and licensed in California, Or Subcontractor shall be preapproved to join McCarthy's Contractor Default Insurance Program. Said Bonds shall remain in full force and effect through the guarantee period.
- The BIDDER shall be a licensed contractor pursuant to the Business and Professionals Code and be licensed in the applicable classifications for the trades for which the contractor is submitting a bid and be registered with CA- DIR.
- No Bid may be withdrawn until One Hundred Twenty (120) days after the Bid Opening Date.
- McCarthy reserves the right to reject any and all bids or to waive any irregularities or informalities in any bid or in the bidding.
- Bidders as specified in the Bidding Instructions shall be required to submit a Prequalification and be prequalified by the McCarthy seven (7) days prior to the Bid Date.
- McCarthy reserves the right to reject a Bidder whose EMR exceeds 1.20 in either the most recent year or the average of the three years.
- Prevailing wages apply.

## Seattle launches New Deal-inspired income program for artists

[ Article originally appeared on  
<https://crosscut.com/> ]

By Margo Vansynghel,

With so many concerts, gallery shows and live performances blooming this spring, it may seem like the cultural sector has bounced back after a devastating two years. But not quite. In Seattle, the number of jobs in the arts, entertainment and recreation sector — which encompasses a wide swath of jobs including dancers, sound engineers, museum administrators and sports and theme park professionals — is still nearly 25% below pre-pandemic levels. As the cultural advocacy nonprofit Americans for the Arts put it in a recent report: “Artists [and] creatives were — and remain — among the most severely affected segment of the nation’s workforce.”

In an effort to combat the unemployment and underemployment of creative workers, the city of Seattle’s Office of Arts & Culture is launching a program that will put artists to work. Inspired by the New Deal’s Works Progress Administration, which put artists on the national payroll during the Great Depression, ‘Hope Corps’ promises to pay roughly a hundred local arts workers “living wages” to organize projects that bring the community together. The \$2 million program will employ local creatives for up to 12 months, allowing each person to earn up to \$30,000. (The program does not offer benefits like health insurance.)

Visit the link below for the full article:
