

## Mayor Garcetti proposes fiscally responsible 2019 budget that boosts investment in homelessness, infrastructure improvements

Mayor Eric Garcetti today unveiled his 2019 budget proposal — a \$9.9 billion spending plan that would more than double the City’s investment in the fight against homelessness, and put tens of millions of new dollars into street, sidewalk and traffic safety improvements, while continuing to strengthen the City’s fiscal foundation.

The budget will invest more than \$429 million in permanent housing, temporary shelter, services, and facilities to help homeless Angelenos find their way off the streets and under a roof. That represents a 140% increase over last year, and includes the \$20 million plan Mayor Garcetti announced earlier this week to stand up emergency shelters across the city.

“Homelessness is the moral and humanitarian crisis of our time, and we will confront it with historic investments in getting unsheltered Angelenos off the street,” said Mayor Garcetti. “My budget also doubles down on the kinds of improvements — like better streets and sidewalks — that Angelenos can see and feel in their neighborhoods, and strengthens our commitment to protecting the city against another economic downturn.”

Mayor Garcetti’s proposed budget substantially increases spending to fix L.A.’s streets and

sidewalks, and make them safer for everyone. It includes \$91 million for Vision Zero, and traffic and pedestrian safety projects, \$41 million for new sidewalks, \$73.4 million for street reconstruction, and \$147.8 million for street maintenance. Those numbers represent increases of \$13 million, \$10 million, \$43.4 million, and \$16.4 million over last year, respectively.

The next fiscal year will be the first full year of funding from Prop. HHH and Measure M — two ballot initiatives that L.A. voters passed in 2016 to invest billions in homeless housing and transportation in the coming years. It will also be the first full year of funding from SB1, a landmark state infrastructure bill passed last year. Mayor Garcetti’s budget takes full advantage of this new revenue, and puts it directly into the improvements that Angelenos have been promised.

Mayor Garcetti’s spending plan also takes new steps to protect the City’s fiscal health, and strengthen its financial resilience. This year’s budget increases the Reserve Fund to \$343 million, or 5.56% of the overall budget; and includes a Budget Stabilization Fund that surpasses \$100 million for the first time ever, at a total of \$104.4 million.

## AMOROSO construction

S. J. AMOROSO CONSTRUCTION CO., INC.  
 IS REQUESTING QUOTATIONS FROM ALL  
 SBE SUBCONTRACTORS AND SUPPLIERS  
 FOR ALL TRADES FOR THE FOLLOWING PROJECT:

**Project: Mental Health Inpatient & Outpatient Facilities**  
 Location: Long Beach, CA

**Solicitation Number: W912PL-18-R-0001**

**Owner: USACE, Los Angeles District**

**Bid Date: May 10, 2018 at 2:00pm**

**Construction Contract Estimate:**

**\$115,000,000 - \$130,000,000**

**Contact: Michael Tinajero**

**S.J. AMOROSO CONSTRUCTION CO., INC.**

275 East Baker Street, Suite B, Costa Mesa, CA 92626

Phone: (714) 433-2326 / Fax: (714) 433-2329

[www.sjamosoro.com](http://www.sjamosoro.com)

S.J. Amoroso Construction Co., Inc. is bidding the above referenced project. We are actively pursuing compliance with the SBE business goals and would appreciate your bid on this project. The TOTAL SBE Subcontracting Participation goal is 23%. Socioeconomic category goals are: Small Disadvantaged Business (SDB) 6%, Women-Owned Small Business (WOSB) 5%, Historically Underutilized Zone (HUB Zone) Small Business 2%, Veteran Owned Small Business (VOSB) 4% and Service Disabled Veteran Owned Small Business (SDVOSB) 3%.

**Project Description:** This project is for the construction of a new Mental Health Inpatient (MHIP) building of approximately 78,000 GSF and a new Mental Health Outpatient (MHOP) building of approximately 80,000 GSF. Both MHIP and MHOP buildings are 2-story buildings. Work includes general building construction, clearing and grubbing, site preparation, selective demolition, erosion controls, roads, paving and sidewalks, grading, drainage and sewer, landscaping, site lighting, fire suppression, site utilities, mechanical, electrical, telecommunications and associated work per plans and specifications. The project is intended to be certified LEED silver or better upon completion of construction of both buildings. The site of the project is the VA Long Beach Health Care System located at 5901 E. 7th Street, Long Beach CA 90822.

We are willing to break out certain portions of work into smaller increments in order to allow smaller companies a fair opportunity to bid this project and are prepared to assist subcontractors with bonding, credit, and insurance.

**Documents:** The solicitation and any documents related to this procurement will be available over the Internet. The Internet site is the following: <https://www.fbo.gov/index.php?z=opportunity&mode=form&id=404094c378171450d39073bf717cc725&tab=core>

If interested in bidding, please contact Carina Salcedo, Estimating Coordinator at [csalcedo@sjamosoro.com](mailto:csalcedo@sjamosoro.com) for project documents.

S.J. Amoroso Construction Co., Inc. (Amoroso) may require subcontractors to provide 100% Payment & Performance Bonds, from a California admitted surety with an AM Best rating of A-VII or better, as a condition of contract. Amoroso is signatory to the Carpenter's Collective Bargaining Agreement. Amoroso strongly encourages the use of qualified SDB/WOSB/HUB Zone/VOSB/SDVOSB subcontractors and vendors. Please include the use of qualified SDB/WOSB/HUB Zone/VOSB/SDVOSB suppliers and lower tier subcontractors where applicable. It is the subcontractor's responsibility to review the Owner's General and Special Conditions for this project, as they will be binding. Subcontractors will also be required to execute Amoroso's standard Subcontract Agreement and comply with Amoroso's standard insurance requirements, both without modification, should we both be awarded this project. These documents can be found on our website, [www.sjamosoro.com](http://www.sjamosoro.com). Amoroso's listing of a subcontractor is not to be construed as an acceptance of all of the sub's conditions or exceptions included with the price quote. Per California Labor Code 1771.1: A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. Provide CA License & DIR Certification Numbers with proposals.

**WE ARE AN EQUAL OPPORTUNITY EMPLOYER.**

# The labor shortage: How military veterans can help fill the gap

Veteran U.S. Army staff sergeant Carlos Alvarez is a senior environmental health and safety (EHS) manager Skanska USA's Houston office. He recently celebrated four years with the company, where his focus is on the safety of his team. Alvarez said: "My military training has made me more effective because I learned discipline, especially being in combat, it taught me how to endure hardships, and it taught me to deal with a lot of different types of people. You learn that the definition of discipline is doing what you know that has to be always done." Credit: Skanska USA

By Laurie Cowin,

Approximately 250,000 people leave military service each year and begin the often bumpy process of re-entering civilian life, a large part of which is finding a suitable career. As construction continues to grapple with a chronic workforce shortage, the numbers of new veterans alone represent enormous potential for the construction industry.

Transitioning military members and veterans are a natural fit for construction, which demands problem-solving, loyalty and onsite decision making — all of which are skills the military instills in its servicemembers. Veteran-specific organizations and construction companies alike recognize the opportunity for this demographic in the industry.

Military members undergo training like few other people do. Following rules and procedures, working as a team and placing absolute trust in colleagues can mean the difference between life and death. Tony DeStefano, vice president of human resources at Skanska USA and former captain in the U.S. Army, said military personnel learn to function in very diverse teams, and have ingrained skillsets that can seamlessly transfer to the construction industry and jobsites.

"Particularly, they have a high focus on teamwork and safety, which is critical for success and longevity," he said. "They also have a heightened sense of duty, understanding that the whole is only as strong as its individual parts, and are organized, self-disciplined and are great problem solvers."

## Military to civilian transition

After Navy diver Dave Guerra left the military in 1996, he entered the world of commercial diving before beginning and serving as president his company, Puente Technology LLC, which focuses on construction but also has an IT division. "When I was diving, I did underwater construction, rigging, bridgework, inspections, welding and mechanical," he said. "Construction was a natural process to go into."

The transition wasn't seamless, though. Despite being a veteran-owned, service-disabled company, Guerra still faced typical business challenges, such as securing loans, bonding and insurance. "There's no automatic 'just because you're a veteran-owned company,'" he said. "It's just a license to drive. You have to build those relationships and still deliver in the best way you can because you're opening doors for other veteran companies trying to get in the market. You're an ambassador for people behind you."

His 8(a)-designated business, a small business assistance program for businesses owned at least 51% by socially or economically disadvantaged individuals, helps it get sole source on \$4 to \$6 million projects and get federal work. "It helps grow and establish the business to continue in the commercial market or as a federal contractor," Guerra said.

Guerra, who also serves on the board of directors for the National Veteran-owned Business Association, hopes to expand his 10-person company, but emphasizes the importance of growing smartly as opportunities come along.

"We'd like to hire more veterans. They know how to lead, follow, show up and take pride in what they do," he said. "It's a commitment I have as a company owner to help veterans transition. It's a brotherhood and sisterhood that unless you've experienced it, you don't understand it, but when you're out, you miss it like no other."

"Veterans have done a lot of tasks and have a wealth of experience; we have to be a jack of all trades," he continued. "If you put them in something they're not as comfortable in, they'll work at it. If you help them flourish, they'll be one of the best employees you've ever had. When you add someone like that to your arsenal and figure out what they get excited about, watch them run. They'll be outstanding."

Ron Olsen, president of construction management firm Vanguard Construction Co. Inc., spent

five of his seven and a half years in the Air Force working as a carpenter. He's owned his business since 2013 and is evaluating how best to grow it. He would like to get into the federal job market as a small construction company within the constraints of his bond limit and with healthy competition from other service-disabled veteran-owned small businesses.

"When I'm able to grow and hire more people, veterans would be an excellent choice," he said. "From what I experienced in my years as active duty and another 15 years working solely on government contracts, they are more motivated, better educated, have more hands-on experience and are extremely disciplined. You couldn't ask for a better workforce."

## Training for a career

When Vietnam War veteran Bob Luckett came home from the service, he entered the construction industry, where he spent the next 50 years. Three years ago, he sold his company with the intent to retire, but realized he wasn't quite ready for full retirement. While doing consulting work, he got the idea to recruit and train veterans in construction. He founded 501(c)(3) Veteran's Next Mission about a year and a half ago, and is CEO of the eight-person board.

The organization pays veterans while they undergo the three-component training: classroom education; deconstruction, which shows veterans how buildings come apart and allows them to practice with myriad tools; and actual field work for individuals.

"We're exposing them to all trades," Luckett said. "We just finished an addition where trainees, under my supervision, did footings, foundation walls, framing, insulation, ductwork, drywall, painting, interior, roofing and siding. It gives them exposure to just about everything."

Fifteen individuals are participating in the four-year program. Most participants have been out of the military for a few years, although they do have some Reservists.

"A machine gunner in the Marine Corps doesn't translate well into civilian life," Luckett said. "They can find a job, but they can't find a career. They're looking for something to build into a career. This program fills a need in the construction industry, where there is a huge labor shortage and it gives vets a career that'll support them the rest of their lives."

Luckett touts the good fit veterans are for construction. "They're used to following directions, working as a team and working in less than ideal climate conditions. They're loyal," he said, adding: "One thing they like about this training is the camaraderie and being with people with a like background."

Word of mouth, as well as advertising and postings on job search sites like Indeed.com, help populate the program. "A lot of people are looking for construction training," Luckett said. "Companies need to be willing to put in the time to train these people. They'll reap the reward because of the loyalty they'll get. But they have to put in the time;

# California Sub-Bid Request Ads

## Balfour Beatty

**Project Description:** Sterling Natural Resource Center (SNRC) WWTP and Community Center

**Project Location:** San Bernardino, CA

**Owner:** East Valley Water District

**Bid Date:** Prime Contractors: **Thursday, May 24th at 3:00pm**

**Proposals For Design & Preconstruction Services:** **Monday, May 21, 2018 at 2:00pm**

**Letters of Interest from Subcontractors and Suppliers:** **Monday, May 21, 2018 at 2:00pm**

This Balfour Beatty Infrastructure, Inc. is proposing as a Prime Contractor on this project. We are looking for proposals for **Design Services and Preconstruction Services** at this time. All other qualified Subcontractors and Suppliers are encouraged to **submit your intent to bid** at this time. This is a \$120M progressive design-build project and subcontractor scopes will be determined during the design phase of the project based on the General/Special Provisions, and the Project Definition and Reference Documents provided. Individual Subcontract Scopes will be advertised at a later date as scopes and quantities can be defined. This project is funded by the California State Revolving Fund (CASRF) and as such Balfour Beatty is seeking interested Disadvantaged Business Enterprises (DBE) as defined by the CASRF Guidelines (including MBE, SBE, SBRA, LSAF & HUB). Prospective bidders must be certified by SBA, CDOT, or USEPA at the time of bid opening. Balfour Beatty is a Union Contractor and Subcontractors must abide by the terms and conditions of the applicable contract documents.

### DESIGN AND PRECONSTRUCTION SERVICES

*CPM Scheduling, Preconstruction Survey, Geotechnical, Traffic Engineering, Utility Locating and Pot Holing, Temporary Fencing, Office Trailers, SWPPP*

### SUBCONTRACTOR INTEREST IS SOUGHT FOR THE FOLLOWING TRADE(S)

*Field Engineering (Survey), Final Clean, QA/QC, Temporary Facilities and Controls, Equipment Rental, Aggregate, Offsite Transportation & Disposal (Truckers), Groundwater Treatment System, Demolition, Site Clearing, Slope Protection & Erosion Control, Earthwork, Site Concrete, Influent/Effluent Pipelines and Force Mains, Drainage, Flexible Pavement – Asphalt (AC), Traffic Control, Fences and Gates, Landscaping (Planting & Irrigation), Ready Mix, Concrete Forms & Accessories, Forming Subs (including Scaffolding), Structural Concrete, Waterstop, Reinforcing Steel, Concrete Pumping & Special Placement, Precast Concrete, Concrete Drilling, Sawcutting & Coring, Masonry, Miscellaneous Metals, Structural Steel, Structural Steel Erection, Handrails & Railing, Grating, Rough Carpentry, Finish Carpentry, Cabinets, Countertops, Traffic Striping, Thermal Protection (Insulation), Flashing & Sheet Metal, Sheet Metal Roofing, Caulking, Joint Seal, Floor Access, Doors and Windows, Hatches, Overhead Door, Ceiling Suspension – Acoustic Ceilings, Gypsum Board – Drywall – Metal Studs, Tile, Paints, Coating & Waterproofing, Louvers and Vents, Fire Extinguishers and Cabinets, Signage, Specialties, Food Service Equipment, Window Treatment, Office Furniture, Process Equipment, Metal Buildings, Pre-Engineered Structure, Storage Tank, Hoists & Cables, Mechanical, Coupling, FCA, Flex, Ball Joints, Bolts, Nuts & Gaskets (BNG), Jack & Bore Pipe, Fabricated Steel Pipe, Plastic Pipe & Valves, Pre-Insulated Pipe, C900/C905, HDPE, Ductile Iron Pipe, Miscellaneous Valves, Ball Valve, Butterfly Valve, Check Valve, Gate Valve, Globe Valve, Plug Valve, Pipe Support, Pipe Insulation, Fire Protection Piping, Plumbing, HVAC, Electrical, Instrumentation.*

**PLANS & SPECIFICATIONS:** Project Proposal Documents may be viewed and downloaded plans by following this link maintained by BBII: <https://secure.smartbidnet.com/External/PublicPlanRoom.aspx?id=369552>

Subcontractors and Suppliers are responsible for reading and acknowledging all Specifications and Addenda.

**BONDING & INSURANCE:** Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract, by an admitted surety subject to approval by BBII. Bonding cost assistance is available. Subcontractors should expect to sign the standard BBII subcontract agreement and provide a waiver of subrogation. Please contact BBII at (707) 427-8900 for bonding and other types of assistance.

**QUESTIONS:** For questions regarding the bid, please contact Jennifer Guinn at (707) 427-8900, fax: (877) 763-4002, email: [estimating.wr@bbiis.com](mailto:estimating.wr@bbiis.com), or in writing to: 5050 Business Center Drive, Suite 250, Fairfield, CA 94534.

Proposals must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Subcontractor scope (including any conditions or exceptions) is required one week prior to bid deadline, to allow proper evaluation. To assist DBE Subcontractors and Suppliers, we will divide total scopes into smaller tasks or quantities, and if necessary adjust schedules to permit maximum participation by DBE firms. Subcontractors are required to indicate all lower-tier DBE participation offered on their quotation.

## Mayor Garcetti proposes fiscally responsible 2019

Continued from page 1

### Mayor Garcetti's proposed budget also includes:

- Increasing 3-1-1 staff, and reducing wait times.
- Funding for Census 2020 outreach and support.
- Improving opportunity and expediting hiring in the City of Los Angeles, by developing online civil service testing that is available anytime, anywhere.
- Expanding Domestic Violence Shelter Operations to increase shelter availability, adding 60-70 new beds which can serve an additional 400 clients each year.
- Investing \$1 million in Girls Play Los Angeles to increase girls' participation in Recreation and Parks sports programming with a goal of reaching gender parity, and double the number of young people who learn to swim.
- Reducing the Neighborhood Community Plan refresh rate from 10 to 6 years.
- Committing to over \$10.5 million in improvements to the L.A. Convention Center.
- Increasing funding to provide outreach and education regarding the Rent Stabilization Ordinance, along with a \$1 million pilot for Accessory Dwelling Units construction streamlining.
- Increasing investment in solar technology on municipal facilities and expanding the City's network of electric vehicles and chargers.
- Leveraging local and federal dollars for SAFER, which increases fire suppression and emergency services such as our Fast Response Vehicle Program.
- Investing in the Associate Community Officer Program (A-COP) to foster increased diversity in law enforcement and help build the LAPD of the future.
- Reforming the procurement processes to simplify our approach to business and use tax dollars more efficiently.
- Migrating City workers to smartphones that support voice, chat, and mobile apps to replace traditional desk phones that will no longer supported by 2020.

## How military veterans can help fill the gap

Continued from page 7

they can't expect someone to come in and know enough in the first few weeks."

Veteran's Next Mission is embarking on a warehouse campaign, hoping to acquire a 6,000-square-foot warehouse to use for its deconstruction program component, which gets a lot of donated recycled material. The organization intends to sell some of it and have part of the warehouse designated as a shop, where staff will train disabled veterans to build furniture out of reclaimed materials.

"I've had several disabled veterans talk to me about work and being in the program," Luckett said, "but they can't get around a jobsite. They can, however, get around a concrete floor. They can't lift the kind of load that needs to be lifted on a jobsite, but in a warehouse setting we can rig a lift system."

Home Depot recently announced its charitable arm's, The Home Depot Foundation (HDF), will donate \$50 million in the next decade to prepare 20,000 workers for careers in construction. That money will go to the nonprofit Home Builders Institute which, in turn, will train military veterans and active U.S. Army soldiers who are preparing to transition out of the service, along with high school students and disadvantaged youth in the Atlanta area. HDF has worked with the Fort Stewart and Fort Bragg Army bases and had a job placement rate of 90%.

### Company recruiting efforts

Skanska USA is one construction company targeting veterans through a national talent acquisition and recruitment program. The company sponsors and attends veteran career fairs throughout the country, as well as running a specific military recruitment campaign — "Pride in Country. Pride in Skanska" — that features military veterans with the company on the job.

Veterans often have a difficult transition from active duty to civilian life. Ever cognizant of that, Skanska USA provides On-the-Job Training (OJT) programs that address construction skills from a field office clerk to an electrician. Internal training programs for all new hires include entry-level rotational programs, an online learning center and mentoring programs.

DeStefano said that the company is always looking to connect with veterans, but that it hopes to connect with service people before their transition to close the gap and lessen the burden. Skanska USA has partnered with RecruitMilitary and finds great value in career fairs, including NC4ME, region-specific veterans job fairs and Salute to America's Veterans.
