See how your business stacks up to the competition
START ANALYSIS

Get Local Assistance
Counseling, mentoring, and training from an SBA District Office, SCORE Chapter, Small Biz Development Center or Women's Biz Center in your area.
FIND RESOURCES

- Reaching More Customers by Extending Your Business Online, and
- Managing Your Sales Pipeline

The course series is self-paced and offers practical guidance on how to apply technology to help small companies build and grow. Each course offers quick access and features audio guided lessons that are indexed by topic.

Course participants can test their tech know-how through quizzes after each course, and also can download an e-book of each Business Technology Simplified course for offline reading.

Course participants who finish the online series will earn a certificate of completion from the SBA. Business Technology Simplified adds to SBA's growing interactive resource of digital learning courses offered by the SBA's Online Learning Center at www.sba.gov/training.

Free courses also are offered on Starting a Business, Managing a Business, Financing, Marketing and Government Contracting.

Source: <http://www.sba.gov/news>

The newest resource to help small business owners more efficiently use technology to run their businesses is being provided to help grow their businesses and create jobs. The Business Technology Simplified online course series teaches the benefits of using modern technology that can take businesses to the next level of success.

"We are excited to partner with Microsoft to offer online courses that will provide entrepreneurs with technology-focused tools and resources to build their businesses and create jobs," said SBA Administrator Karen Mills. "We know that technology-savvy small businesses can increase sales, expand their customer base and even attract new business opportunities through exporting."

The U.S. Small Business Administration and Microsoft developed this free online course series, available at <http://www.sba.gov/sba-learning-center/series/business-technology-simplified>, as a guide to using technology to improve business productivity and creativity.

"Microsoft is proud to partner with the SBA on the Business Technology Simplified e-learning course," said Cindy Bates, vice president of Microsoft's U.S. Small-and-Midsize Business group. "The Business Technology Simplified course is a valuable resource that guides entre-

preneurs and business owners through technology considerations for business and highlights the importance of running a business on modern technology."

Business Technology Simplified covers a range of technology related areas that are of vital significance to small business owners who want to have a competitive edge that allows them to run a business more resourcefully. The series features three online courses that cover basic technology tools from creating marketing materials and storing information to accounting upgrades and reducing hardware.

Each module of the Business Technology Simplified online course series provides tips on how to use modern technology and innovation in the day-to-day operation of a business. Business owners will learn practical, relevant and easy to use approaches to save time and money, reach more customers, and take advantage of the current business software.

Some of the topics covered in the series include:

- Desktop Technology Benefits
- Saving Time Using Technology
- Using Web-Based Services

REQUESTS FOR BIDS & SUB-BIDS

Sub-Bids Requested From Qualified DBE
Subcontractors & Suppliers

**Regional Connector Transit Corridor
Design-Build Project**

Owner: LACMTA

RFP No.: C09080

DBE Goal: 20% Design & 18% Construction

Prime Proposals Due: Aug. 30, 2013

Website: www.teamrcc.com

Team RCC is interested in soliciting in Good Faith all subcontractors as well as certified DBE subcontractors related to the scopes of work below for the Regional Connector Transit Corridor Project. Quotes will be requested from Subcontractors, Vendors, Professional Service and Trucking companies. Please visit our website for the RFP documents and addenda, Subcontracting Requirements, Sample Contracting Documents, Project Announcements, Outreach and Contact Information. **If you are interested in joining our team for this project, please visit our website, fill out and return the Invitation to Bid form to the fax number below. All Quotes are due as soon as possible.**

Requested scopes include, but are not limited to the following:

Subcontractors: Demolition, Clear & Grub, Excavation Earthwork and Support Systems, Shoring & Lagging, Temp. Tunnel Ventilation, AC Paving, Concrete Curbs, Gutters and Sidewalks, Pavement Striping & Marking, Cast-In-Place and Prestressed Concrete, Exposed Concrete Finishes, Arch. Pavers, Stone, Granite, Masonry, Misc. Metal, Welding, Steel Rail, Fencing, Rough Carpentry, Sheet and Pre-Applied Sheet Waterproofing, Painting & Coatings, Fire Protection, Suppression & Stopping, Metal Doors, Frames & Hardware, Glazing, Equipment, Mechanical Piping & Materials, Ventilation Fans & Equipment, Plumbing, Electrical & Electrical Supply, Low Voltage Systems, Hazardous Material Remediation & Hauling, Trucking

Services/Vendors: Monitoring: Sound, Vibration, Geo, and Air Quality, Security, Office Supplies, Reprographics, Sweeper Truck, Water Trucks, Jobsite Sanitation, Janitorial, SWPPP, Progress Photography, Catering

Team RCC will assist qualified subcontractors, vendors, and suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a DBE Company, please provide your certification letter with your proposal. If you are a non-DBE, please indicate all lower-tier participation on your quotation as it will be evaluated with your price. In order to assist DBE subcontractors and suppliers, we will divide total requirements into smaller packages, tasks or quantities and establish delivery and construction schedules which will permit maximum participation when feasible. Please visit our website listed above for detailed contracting requirements
