Linda Alvarado, entrepreneur.
Photograph by Celia Alvarez Muñoz,
taken at the Alvarado residence, Denver, Colorado

Linda Alvarado is president and CEO of Alvarado Construction, Inc., whose projects include airports, convention centers, and sports stadiums. She is the first Hispanic owner of a Major League Baseball franchise, the Colorado Rockies.

"Although Hispanics have always been on construction sites, we were viewed as laborers and craftsmen, not as company owners. And if women were on construction sites at all, it was as secretaries in the job-site trailers. So it's important not how other people see us, but how we perceive ourselves in achieving our goals."

Guided by her mother's philosophy of *empieza pequeño, pero piensa muy grande* (start small, but think big), Alvarado began as a laborer with a landscaping company and later moved into construction management. Eventually she formed her own company, initially building sidewalks and shelters for bus passengers. Today, Alvarado Construction, Inc., has 450 employees and multi-million-dollar revenues.

"Whether we're called Hispanics or Mexicanos or Puertorriqueños, Cubanos, or Latinos, we are a family connected to a community of very talented people from very different backgrounds who are doing amazing things that our parents did not have the opportunity to do. As an Hispanic, I hope and

long for the day when we will be valued for our abilities, not prejudged because of our heritage or gender. America is a country of immigrants, and our success is built on the strength of our diversity."

EN ESPAÑOL

Linda Alvarado es presidente y C.E.O. de Alvarado Construction, Inc. cuyos proyectos incluyen aeropuertos, centros de convenciones y estadios de deportes. Ella es la primera hispana propietaria de una franquicia de béisbol de grandes ligas, los Colorado Rockies.

"A pesar de que los hispanos siempre han estado en las obras de construcción, se nos veía como obreros y diestros, no como dueños de la compañía. Y si habían mujeres en la obra en construcción, era como secretarías en las oficinas. Así que es importante no cómo nos ve la gente, sino cómo nos percibimos a nosotros mismos para alcanzar nuestras metas."

Guiada por la filosofía de su madre de "*empieza pequeño, pero piensa muy grande*", Alvarado comenzó como empleada en una compañía de jardinería y luego se trasladó a la administración de la construcción. Finalmente formó su propia compañía, inicialmente construyendo aceras de edificios y cobertizos para pasajeros de autobuses. Hoy, Alvarado Construction, Inc. cuenta con 450 empleados y ganancias multimillonarias.

"Aunque nos llamen hispanos, mexicanos, puertorriqueños, cubanos o latinos, somos una familia vinculada a una comunidad de gente muy talentosa de orígenes muy diversos, quienes están haciendo cosas increíbles que nuestros padres no tuvieron la oportunidad de hacer. Como hispana, espero y anhelo el día cuando se nos valore por nuestras capacidades y no seamos juzgados por el lugar de donde venimos o por nuestro género. América es un país de inmigrantes y nuestro éxito está en la fuerza de nuestra diversidad."

4 Reasons That Could Lead a Household to a Certain Financial Doom

When it comes to managing personal finances, everyone has their own opinions and distinct styles. However, most people make glaring glitches in the way they handle their finances. These mistakes are not considered to be "big" because of the amount of money involved, but more so because of the long-term impact they have on an individual's future financial security and freedom. Here is a list of the top 5 most commonly made financial mistakes, which if not avoided can lead a household to a certain financial doom:

Living from paycheck to paycheck: The idea of living from paycheck to paycheck seems very appealing and in theory it should work. If a person's expenses do not exceed their earnings, then living from paycheck to paycheck is a fine way to manage money. Sadly, life does not work that way and it certainly does not plan itself out to accommodate your spending habits. It is very important to start building up savings from the very first paycheck. Most households go into debt because of unforeseen

GRANITE CONSTRUCTION COMPANY
is seeking WBE, MBE, and DVBE Qualified
Sub-Contractors on the following Project
**Project Owner: California American Water Company
Estimate # 2518
Project: Carmel River Reroute and San Clemente Dam
Removal Design-Build Project
Lead Estimator: Alber Youssef Phone 831-728-7516
Bid Date: 9/21/12 @ 3:00P.M.
Please Fax Quotes to 408-327-7090 by 9/5/12
Additional Forms Will be Required from
All Bidding Sub Contractors**

Scope of Work: Rerouting the Carmel River into San Clemente Creek at a location upstream of the San Clemente Dam. The new combined flow reach will be restored with a focus on steel-head passage. The accumulated sediment in San Clemente Creek arm and Reservoir will be excavated and relocated to the abandoned Carmel River arm. The accumulated sediment in Carmel River arm will be stabilized in place to form the sediment stockpile. A diversion dike will be constructed to divert the Carmel River flow into the San Clemente Creek drainage through the reroute channel. A stabilized sediment slope will be constructed at the downstream end of the abandoned Carmel River arm. Work also includes the removal of San Clemente Dam, removal of Old Carmel River Dam "deductive work" and post construction monitoring by DB of 5 years.

Granite Construction Company (Granite) is requesting quotes from all qualified subcontractors and suppliers including certified WBE, MBE, and DVBE firms for the following items of work, including but not limited to, Field Investigation, Survey, Temporary Facilities, Diversion System "materials", Dewatering, Site Preparation, Reroute Channel, Diversion Dike, Erosion Control and SWPPP, Miscellaneous Site Restorations, Residential Demolition & Hazardous Material Removal, Roadway Improvements, Irrigation, Environmental Mitigation, Trucking and Hauling.

GRANITE CONSTRUCTION COMPANY

Estimating Assistant:

Barbara Jacob 408-327-7013

Tel: (408) 327-7000 / Fax: (408)327-7090

Granite Construction Company (Granite) is signatory to Operating Engineers, Laborers, Teamsters, Cement Masons and Carpenters unions. 100% performance and payment bonds may be required for the full amount of subcontract price. Granite will pay for bond premium up to 1.5%. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage meeting Granite's requirements and will be required to sign the standard Granite Subcontract Agreement. A copy of the insurance requirements and agreement can be obtained by contacting the estimator. Plans and specifications are available for viewing at our office located at 715 Comstock St., Santa Clara, CA., 95054 or by on our ftp site: ftp://gcipublic.gcinc.com (please call for User name and Password) Please call if you need assistance in obtaining bonding, insurance, equipment, materials and/or supplies. Granite intends to work cooperatively with all qualified firms seeking work on this project. Granite is an equal opportunity employer.

Portions of work can be made available upon request prior to bid date. Please call if any assistance is needed.

Financial Doom

■ Continued from page 1

expenses due to an emergency. Wouldn't it be a relief during such times of uncertainty to know that there is enough cash stocked up for you to fall back on and not having to deal with loans and interest rates for the rest of your life?

Treating credit cards like cash: The biggest mistake people make with credit cards is to treat it like cash-in-hand. The credit limit on the card signifies the amount an individual can have charged to the account; most people instead decide to treat the credit limit as free cash. A c-credit card should be used for what it really is – a tool that lets you avoid carrying cash, especially for large payments. To use the credit card for any other purpose is to invite a completely different sort of trouble, namely the high interest rates charged by the credit card companies.

Breaking the budget: We would all like to claim that we have never done it, but the truth is that, at least once, each one of us has overspent beyond the budget we allot for ourselves. When the expense is small, people can usually get away by breaking the budget. However,

people do not simply go beyond the budget for small items; they do so for massively expensive items like a house or a car. The main reason to create a budget is to ensure that the expenses do not land you in a heap of financial trouble. By breaking the budget, people are voluntarily inviting financial trouble into their lives. The golden rule for budgeting always remains the same: avoid all temptations and stick to the budget.

Increasing disposable income by tapping into home equity: Of all the huge financial mistakes, tapping into the home equity to gain disposable income is probably the newest troublemaker of the group. Retired people and senior citizens with fixed income are more likely to fall prey to such schemes. Though you may gain access to some hard cash, you end up losing your house brick-by-brick as you keep tapping into the equity.

Alon Huri loves writing on numerous finance blogs and he is the CTO Of Pageonce which helps in providing sears payment online.

PUBLIC LEGAL ADVERTISEMENTS

THE BURBANK-GLENDALE PASADENA AIRPORT AUTHORITY

AVAILABLE REQUEST FOR PROPOSALS RFP EVH 12-01: MULTIMODAL GROUND ACCESS PLANNING STUDY

The Burbank-Glendale Pasadena Airport Authority, owner & operator of Bob Hope Airport (Airport) is requesting proposals, on a "Cost plus Fixed Fee" basis for the Multimodal Ground Access Planning Study (MGAPS). An original document plus 7 printed copies and one electronic version must be submitted, in person, no later than 2:05 PM (1405 hrs.) on September 7, 2012 at the Administrative Offices of the Bob Hope Airport located at: **2627 North Hollywood Way, Burbank California 91505, Attention Mark Hardyment**. Proposal received after the above stipulated time will not be accepted and returned.

Effective, Tuesday, August 7, 2012, an electronic ver-

sion of the RFP package may be downloaded on the Airport's Website www.BobHopeAirport.com under Business Opportunities. Printed copies are available, during regular business hours, at the address referenced above.

The Study will examine, evaluate and analyze the long term multimodal ground access and capacity needs for the Airport site and facilities. The work requested in this RFP is one of four separate but related "Core Component RFPs" that will provide a long term ground access analysis for the Airport. Coordination between "Core Components" is critical and essential.

Work under the Multimodal Ground Access Planning Study RFP includes but is not necessarily limited to, the integration of products developed under previous "Core Component" work, ground access planning, land use analysis that identify scenario alternatives, project modeling for ground mobility access that includes a minimum of 4 model runs, participation in a public

communication & outreach program and the preparation of interim and final report documents.

Funding for this project is under a grant from the United State Department of Transportation and funds from the Los Angeles County Metropolitan Transportation Authority. The RFP is subject to the Third Party Contracting Transportation Authority's Measure Third Party Contracting Guidelines and Requirements from the Federal Aviation and Federal Transit Administrations, as applicable, and are hereby incorporated by reference.

Proposals must remain in effect for 120 days from proposal due date.

Firms certified as Disadvantaged, Minority and Small Businesses Enterprises are encouraged to propose.

The Airport reserves the right to reject any and all proposals for any or no reason, to waive any informality and will not provide "after selection de-briefings".

UC IRVINE

NOTICE INVITING GENERAL CONTRACTOR PREQUALIFICATION

The University of California, Irvine (UCI) requests the qualifications of General Contractors (GC) wishing to submit **DESIGN BUILD** proposals for the **VERANO PLACE UNIT 4 DEMOLITION, PROJECT NO. 996295**.

Prequalification questionnaires will be accepted from General Building (B) Contractors teamed with a Demolition (C-21) Contractor and Civil Engineer that have completed comparable projects as described in the questionnaire.

DESCRIPTION: Project consists of the abatement and demolition of 13 buildings built in the mid-1970s which occupy approximately 13 acres. Project requirements include: removing abandoned utilities and transite pipe; safeing-off and protecting utilities to remain; SWPPP compliance; and installation of a

perimeter fence and landscaping with the required irrigation to enhance the appearance of the fence. Finished site shall include fine grading to facilitate drainage and vegetation to manage erosion control.

PROJECT DELIVERY: Design Build

ESTIMATED DESIGN AND CONSTRUCTION COST: \$2,776,000

PROCEDURES: Prequalification questionnaires will be available electronically at 2 PM on 8/10/12 from UCI Design & Construction Services.

Mandatory Prequalification Conference will be held at **9:30 AM on 8/20/12** at UCI Design & Construction Services, 5201 California Ave., Suite 250, Sullivan & Wright Conference Room, Irvine, CA 92697.

Prequalification questionnaires must be received by **2 PM on 8/30/12** only at UCI Design & Construction Services, 5201 California Ave., Suite 250, Irvine, CA 92697.

UCI reserves the right to reject any or all responses to this notice, to waive non-material irregularities, and to deem GCs prequalified to submit proposals for the project. To prequalify, GCs must agree to comply with all proposal conditions including state prevailing wages, 10% bid bond, 100% payment and performance bonds, and insurance requirements. A contract will be awarded to the contractor/engineer team ("design builder") who offers UCI the best value.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. GCs may be required to show evidence of its equal employment opportunity policy.

Contact Brenda Duenas (949) 824-9586, blduenas@uci.edu or David Donovan (949) 824-6582, ddonovan@uci.edu for the questionnaire. For other opportunities: www.designandconstruction.uci.edu
