

Top 5 Coolest Buildings of 2020

[Article was originally posted on
www.constructconnect.com]

By Kendall Jones,

It's time once again to unveil ConstructConnect's Top 5 Coolest Buildings of the Year. Each year it gets harder and harder to narrow down our picks to just five buildings. In a normal year, we typically see a few of the projects we have in early consideration get delayed or postponed, and 2020 was no exception, thanks in no small part to the coronavirus pandemic. That being said, there were a number of great projects to come out of 2020 and this list could have easily been expanded to the Top 10 or Top 15 Coolest Buildings of the Year.

The criteria for inclusion on the list are simple. The building has to have been substantially completed, topped out, or opened within the calendar year and has to have some aspect that makes the building cool. This could be the architecture, sustainability elements, unique construction methods, technology, building materials used, cultural impact, or some combination of these elements.

So, without further delay, here is ConstructConnect's Top 5 Coolest Buildings of 2020:

1. Bee'ah Headquarters – Sharjah, UAE

The new headquarters for Bee'ah, an environmental services, sustainability solutions, and waste management company, is being billed as "The Office of the Future," and it's hard to challenge that moniker given all the technology being integrated into the building designed by Zaha Hadid Architects.

The design of the building mimics the surrounding sand dunes and is a model of sustainability and technology. The new headquarters will be a net-zero energy building (NZEB), fully powered by integrated photovoltaic panels. Additional sustainability elements include recycled building materials, water and energy saving system, and passive heating and cooling powered by solar and wind.

Bee'ah's digital arm, Evoteq, along with Johnson Controls and Microsoft have outfitted the building with a ton of tech including facial recognition software, cameras, sensors, voice-recognition, system controls, 5G, digital twins, mobile apps, and more to power the building's artificial intelligence (AI) which will result in all employees and visitors with a "digital concierge" that will see to practically every need from scheduling meetings, to preparing drinks, to navigating you on your commute to the office.

The building will be LEED Platinum certified and construction is expected to wrap up construction by the end of the year with occupancy occurring in Q1 2021.

Zaha's Bee'ah Headquarters: the first building in the UAE to be fully powered by renewable energy / MIRgency vehicles running.

Swinerton Signs Enterprise Agreement with OpenSpace

The days of traditional photo documentation are behind us. We no longer need the task of uploading stagnant construction progress photographs, only to be digitally stored and never looked at again. Swinerton recently signed an Enterprise Agreement with OpenSpace allowing all Swinerton projects the use of this tool. OpenSpace is a platform that automatically generates 360-degree photographic records of your jobsite that can be accessed from your mobile device or laptop at any time.

If you can walk your job, you can capture it with OpenSpace. Capturing involves a 360-degree camera mounted to your helmet and a floor plan accessed from the OpenSpace app. Once you are ready to walk, select the proper floor plan and start capturing. OpenSpace uses artificial intelligence and computer vision to automatically pin your captures, taken every half second, to

the floor plan. In comparison, other platforms require you to manually select a location on the floor plan. Project teams can capture as often as needed, whether it be to help field to office communication or capture major milestones. Unlimited users can be added to each project and folder permission can also be set to enable you to limit who sees particular captures.

Below is an example of Radisson Blu hotel in Anaheim. The Level 1 Front Desk was captured over 50 times throughout the duration of the project. With OpenSpace, you have the ability to compare any two captures in time. This example shows the progress made in five months and also shows you where MEPFs were installed prior to closing up walls and ceilings.

In addition to comparing captures in time, OpenSpace also has a "Model Compare" option. This

allows project teams to compare what was coordinated in the model to what the trades installed in the field. Users also have the ability to drop a manual field note and set priority statuses if an item needs to be reviewed. Direct links can be sent or reports can be generated.

By continuing to adopt new, more efficient construction technology, Swinerton adds to our arsenal of differentiators, creating value for ourselves and our clients. OpenSpace is ready to launch on your project by filling out a BTech Ticket. All information needed, including pricing, is listed there.

California Sub-Bid Request Ads

nibbi

Project Name: Hacienda Apartments GMP Bid

Location: Richmond, California

Bid Date: January 19, 2021 @10:00am

Voluntary Site Walk: January 6-8, 2021.

Labor Requirements: State and Federal Prevailing Wage / Contra Costa County Section 3 / EEO / Nibbi is signatory to the Carpenter's and Laborer's Union.

Project Schedule: Est. Start April 21, 2021

Nibbi Brothers has been selected as the General Contractor for Hacienda Apartments located in Richmond, CA. We are in receipt of the Bid Set and are currently requesting bid proposals from qualified subcontractors for DIV 01-33. Hacienda Apartments will consist of rehabilitation and renovation of a 100% affordable senior apartment building. Totaling 150 units, the project will also consist of revised parking, renovated landscaping and incorporation of on-site publicly accessible art.

Contra Costa County Section 3 Minimum Goals:

- 1) 30% of new employees hired shall be Section 3 Residents.
- 2) 10% of the dollar amount of all covered construction contracts shall be awarded to Section 3 Businesses.
- 3) 3% of the total amount of non-construction contracts shall be awarded to Section 3 Businesses.

EEO Requirements:

The Contractor will use its best efforts to afford minority-owned and women-owned business enterprises the maximum practicable opportunity to participate in the construction of the project. The Contractor shall, at a minimum, notify applicable minority-owned and women-owned business firms located in Contra Costa County of bid opportunities for the project. Documentation of such notifications shall be maintained by the Contractor and made available to

the County as requested. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965 and of the rules, regulations, and relevant orders of the Secretary of Labor.

In order to access bid documents please contact Jacqueline Leiva, Precon & Estimating Coordinator via email, jacqueline@nibbi.com. For specific questions regarding this project and scope of work, please contact Igor Bershteyn, Sr. Estimator via email, igor@nibbi.com.

nibbi

Project Name: 4840 Mission Street GMP DIV 2-33

Location: San Francisco, CA

Pre-Bid Call: January 04, 2021 @10:00am

Bid Due Date: January 15, 2021 @2:00pm

Labor Reqs: Prevailing Wage

Project Schedule: Est. Start: May 2021

Nibbi Brothers has been selected as the General Contractor for the 4840 Mission Street project in San Francisco. We are in receipt of the Bid Set and are currently requesting bid proposals from qualified subcontractors including those certified as SBE's for DIV 02-33. The Contract Monitoring Division (CMD) has set the SBE participation goal for this project at 20%. We strongly encourage SBEs to bid and participate on this project. For more information about the San Francisco SBE program as it relates to this solicitation please contact Mr. Selormey Dzikunu at the City and County of San Francisco Contract Monitoring Division via email Selormey.Dzikunu@sfdpw.org. Proposals are due no later than 2:00pm on Friday, January 15, 2021 online via the Building Connected website. Please note a completed Bid Form will need to be submitted for each trade/bid package you are bidding on in order to be considered. The required Nibbi Bid Form is now located electronically via BuildingConnected. 4840 Mission Street will be one of the first major developments in the Excelsior District in nearly 25 years. This unique mixed-use development will extend from Mission Street, the Excelsior's commercial "Main Street," through to Alemany Boulevard, a major residential boulevard. The plus/minus 1.5-acre project site is currently occupied by the Valenti Marini Perata Funeral home. This large site provides a unique opportunity to establish a mixed-use, affordable housing development that includes quality public spaces, commercial spaces as well as providing a new home for the community-based Mission Neighborhood Health Clinic. The overall development site is plus/minus acres and includes up to 137 below market rate affordable rental units over a new plus/minus 10,000 square foot Clinic and a plus/minus 6,000 square commercial space. 100% of the units are affordable. The development includes 39 residential parking stalls that are not visible from the street that are located partially below grade and accessed from Alemany Blvd at the lowest end of the site. Mission Street, being the high-quality transit corridor, supports the proposal for providing minimal parking for the affordable housing, prioritizing residents who do not own or require individual vehicles, as San Francisco's transit first policy.

For any questions on accessing the bidding documents, please contact Jacqueline Leiva, Precon & Estimating Coordinator via email, jacqueline@nibbi.com. For specific questions regarding this project, please contact Mackenzie Courtney, Preconstruction Manager via email, mackenzie@nibbi.com.

nibbi

Project Name: 4200 Geary Design Build Fire Protection

Location: San Francisco, California

Bid Date: Friday, January 15, 2021 @2:00pm

Pre-Bid Meeting: Monday, January 4, 2020 @11AM

Labor Requirements: Prevailing Wage

Project Schedule: Est. Start February 2021

Nibbi Brothers has been selected as the General Contractor for the 4200 Geary Blvd project in San Francisco. We are in receipt of the 100% DD Set and are currently requesting bid proposals from qualified subcontractors including those certified as SBE's for Design Build Fire Protection. The Contract Monitoring Division (CMD) has set the SBE participation goal for this project at 20%. For more information about the San Francisco SBE program as it relates to this solicitation please contact Mr. Selormey Dzikunu at the City and County of San Francisco Contract Monitoring Division via email, selormey.dzikunu@sfdpw.org

Project Description: Demolition of existing structure, construction of new Building to include ground floor commercial (retail), 98 Senior residential units, two 7th floor terraces. All Dwelling units are adaptable or mobility.

For any questions on accessing this bidding software, please contact Jacqueline Leiva, Precon & Estimating Coordinator via email, jacqueline@nibbi.com. For specific questions regarding this project, please contact Mackenzie Courtney, Preconstruction Manager via email, mackenzie@nibbi.com.

Top 5 Coolest Buildings of 2020

Nanjing Zendai Himalayas Center - Nanjing, China

Continued from page 1

Next up on the list is another great example of sustainable design and construction. Designed by Snøhetta, the Powerhouse Telemark will be carbon-negative, producing more energy than it will consume during a 60-year lifecycle, including the embodied carbon in the building materials, construction and eventual demolition, thanks in part to the photovoltaic panels covering its roof, canopy, and south façade.

The building received a BREEAM Excellent certification features a number of recycled and sustainable materials, a geothermal well for cooling and heating, and other energy conservation materials and systems. This is the fourth Powerhouse project, which is a collaboration between Snøhetta, Skanska, Entra, Asplan Viak, and ZERO with a goal being the “most climate-ambitious player in the construction sector.”

3. Opus – Dubai, UAE

Another building designed by Zaha Hadid Architects, the Opus is home to offices, restaurants, apartments, and the ME Dubai hotel. The ME Dubai hotel, which opened in March, is the only hotel in the world where both the exterior and interiors were designed by the late “Queen of the Curve” Zaha Hadid.

From the outside, the building gives off the appearance of a floating cube with a shapeless hole punched through the middle. The building actually consists of two towers connected at the top and bottom. The interior features open spaces

and fluid curves that give off a definite futuristic, sci-fi vibe.

The double-glazed façade features a mirrored frit pattern and UV coating to reduce solar gain and save energy along with lighting and climate control systems. The ME Meliá hotel is committed to sustainability, pledging that the hotel will be zero-plastic by using stainless steel and glass water bottles and implementing a stringent recycling program and eco-friendly waste management program.

4. Nanjing Zendai Himalayas Center – Nanjing, China

The Nanjing Zendai Himalayas Center designed by MAD Architects isn’t just one building, it’s an over 6 million square foot

mixed-use development resembling a small village with a mix of low-rise buildings surrounded by 13 mountain-shaped buildings inspired by the Himalayas.

This massive project spans six city blocks with footbridges and elevated walkways connecting the mix of offices, hotels, apartments, and retail stores interspersed with public gardens filled with greenery, waterfalls, ponds and brooks. According to MAD, their goal was to “capture a fully realized “Shanshui City”—a concept at the center of MAD’s designs that adapts the traditional Chinese Shanshui ethos of spiritual harmony between nature and humanity to the modern urban environment.”

5. Museum of the Future – Dubai, UAE

Dubai continues to push the boundaries of what’s possible in construction with a mix of modern architecture, cutting-edge technology, and sustainability. For the Museum of the Future, architecture firm Killa Design teamed up with BuroHappold to bring design and technology together for a truly unique building. Killa Design was behind Dubai’s Office of the Future, the world’s first 3D printed office building back in 2016.

The oval-shaped building was made possible using BIM and a growth algorithm created specifically for the project by BuroHappold. By inputting specific parameters for the building, the algorithm runs through all the possible design models and permutations to deliver the best design for the building based on those parameters. By combining BIM with the parametric design process, it verifies constructability and provides clash detection and allowed for all the building components, some of which were 3D printed, to be precisely made and fitted together.

The façade is made of 1,024 stainless steel and fiberglass panels fused together and covered in Arabic script, which double as the building’s windows, bearing quotes about the future from Sheikh Mohammed bin Rashid Al Maktoum, the Vice President and Prime Minister of the United Arab Emirates and ruler of Dubai. The building is powered by a photovoltaic solar array and additional sustainable an environmentally friendly elements such as “passive solar architecture, low-energy and low-water engineering solutions, recovery strategies for both energy and water, and building integrated renewables” in order to achieve its LEED Platinum rating.

Museum of the Future - Dubai, UAE

California Sub-Bid Request Ads

Kiewit

Kiewit Infrastructure West Co.
10704 Shoemaker Ave., Santa Fe Springs, CA 90670
Tel: (562) 946-1816 • Fax: (562) 946-3823
Contact: Brandon Morlet • Email: Brandon.Morlet@kiewit.com

Owner: Orange County Transportation Authority
Project Name: Anaheim Canyon Metrolink Station Improvements - IFB 0-2193
Location: 1039 N Pacific Center Dr, Anaheim, CA 92806
Bid Date: January 21, 2021 at 11:00a.m.

Request for DBE sub-quotes

Kiewit Infrastructure West Co. ("Kiewit") is seeking quotes from qualified Disadvantaged Business Enterprises (DBE), to perform as subcontractors, material contractors, and suppliers. DBEs must provide evidence of certification by the Department of Transportation's State-Implemented DBE Certification Program (with U.S. citizenship) (CUCP).

The **Anaheim Canyon Metrolink Station Improvements Project** consists of track work, crossing improvements, traffic signal work, grading and drainage, city sewer line protection, new platform construction, extension of existing platform and landscaping.

Kiewit will be requesting quotes for various areas of work listed in, but not limited to, the scopes of work below.

Aggregate, asphalt paving, curbs and gutter, fencing, utilities, jack and bore utilities, track materials, traffic signs, landscaping contractors, saw cutting, ready mix, concrete reinforcing installation, precast concrete, metals, damp proofing and water proofing, flashing and sheet metal, and painting and coating work.

Firms interested in receiving a bid package for this project must contact us at the e-mail address noted. Responding firms will be issued an "Invitation to Bid" through Kiewit's electronic use of SmartBid system (at no cost to bidder) with project information and bid instructions. Plans and specifications will also be available for review at the address listed below if requested.

This is a public works project and is subject to prevailing wage rates. Project is also financed in part by the California Clean Act State Revolving Fund and is subject to federal funding requirements including, but not limited to the AIS Provisions, DBE Program requirements, California Labor Code and the Davis-Bacon Act.

Responsive bidders must possess a valid California Contractor's license (as appropriate) and provide acceptable insurance. Responsible subcontractors and material contractors will be required to provide bonding for 100% of their contract value. Kiewit will reimburse bond premiums. Firms performing any onsite work is signatory to collective bargaining agreements with the carpenters, laborers, cement masons, ironworkers, operating engineers and teamsters. Kiewit will consider quotes from any, and all bidders who demonstrate an ability to foster and maintain labor harmony on the Project.

Kiewit intends to conduct itself in good faith with all DBEs and all other business enterprises regarding participation on this project. For further information regarding this project, licensing, insurance or bonding, equipment, supplies, materials, or related assistance or services or project schedule, please contact the Lead Estimator listed below.

"Kiewit Infrastructure West Co. is an Equal Opportunity Employer. Employment decisions are made without regard to race, color, religion, national or ethnic origin, sex, sexual orientation, gender identity or expression, age, disability, protected veteran status or other characteristics protected by law."

W.A. Rasic Construction Company

is requesting bids from qualified and certified Community Business Enterprise (CBE) firms, including Disadvantaged Business Enterprise (DBE), Women Business Enterprise (WBE) and Disabled Veteran Business Enterprise (DVBE) Subcontractors and material Vendors / Suppliers for the following project:

Sun Valley Watershed Upper
Storm Drain System, Phase 1
Project ID: FCC0001221

Location: Los Angeles, Ca

Owner: Los Angeles County Public Works

Revised Bid Date: January 5, 2021 at 11:00 AM

Estimated Bid Value: \$9-14M

W.A. Rasic Construction is requesting quotes from certified firms above for subcontractors and suppliers for the following, but not limited to, scopes of work:

Shoring Engineering, Survey, SWPPP Development, Video Recording of Existing Conditions, Trucking (Soil Disposal), CPM Scheduling, Aggregate Material Suppliers, Pipe Supplier, Precast Concrete, Asphalt Paving, Minor Concrete, Structural Concrete, Sawcutting, Fencing, Rebar, Miscellaneous Metals, Paintings & Coatings and Electrical

All Subcontractors must be licensed in the State of California at the time of bid and have a valid DIR Registration Number. W.A. Rasic is a Union Signatory Contractor to all Building Trades and thus any subcontractor must be signatory or willing to sign a project labor agreement. Subcontractors and suppliers are advised to submit their quotes 2 working days before the Prime's bid due date for evaluation and completion of all necessary forms to submit with our bid. Please use the following Drop Box link containing the Plans and Specifications which are available at no cost.
<https://www.dropbox.com/sh/s2pg9z94id7eatx/AACLlx9Dw3KD9mwFqkqkxhR8a?dl=0>

Plans and Specifications are also available at no cost for review from 8:00 am to 4:00 pm, Monday through Friday at our office located at 4150 Long Beach Blvd., Long Beach, CA 90802. Assistance in obtaining bonds, lines of credit, insurance, equipment, supplies, materials or related services are available to all firms. W.A. Rasic is also willing to break any work items down into smaller categories or quantities and we can also arrange delivery schedules in order to facilitate maximum subcontractor and supplier participation. Please contact Mariah Medina via phone (562) 928-6111 or email (mmedina@warasic.com) if you have any questions or require further assistance.

Owner: City of San Diego
Project Name: North City Pure Water Pipeline; Bid No. K-21-1744-DBB-3-A
Location: Miramar Rd, between the North City Pure Water Pump Station and Miramar Reservoir,
San Diego, CA 92101

Bid Date: January 20, 2021 at 2:00p.m.
Request for DBE sub-quotes

Kiewit Infrastructure West Co. ("Kiewit") is seeking quotes from qualified Disadvantaged Business Enterprises (DBE), including Minority Business Enterprises (MBE), Woman Business Enterprises (WBE), Small Business Enterprises (SBE), Small Business in Rural Area (SBRA), Labor Surplus Area Firms (LSAF), Historically Underutilized Business (HUB) Zone Small Businesses and all other business enterprises to perform as subcontractors, material contractors, and suppliers. DBEs must provide evidence of certification by the U.S. Environmental Protection Agency (USEPA), the Small Business Administration (SBA), the Department of Transportation's State-Implemented DBE Certification Program (with U.S. citizenship) (CUCP), Tribal, State, and Local Governments, or Independent Private Organization Certifications.

The **North City Pure Water Pipeline Project** consists of construction of approximately 8 miles of 48-inch welded steel pipeline and appurtenances, a total of 6 various trenchless tunnel crossings, a new dichlorination facility constructed of cement mortar masonry with two 4,000 gallon chemical tanks, feed pumps, analyzers, forced air ventilation, fill and dosing piping, valves and other associated appurtenances.

Kiewit will be requesting quotes for various areas of work listed in, but not limited to, the scopes of work below.

Land Surveying • Traffic Control/MOT • Aggregates • Trucking and Hauling • Shoring and Underpinning • Asphalt Paving • Fencing • Landscaping • Ready Mix • Concrete Reinforcing • Concrete Pumping • Masonry • Metals • Metal Deck • Flashing and Sheet Metal • Sheet Metal Roofing • Metal Doors and Frames • Painting and Coating • Cathodic Protection • FRP Tanks

Firms interested in receiving a bid package for this project must contact us at the e-mail address noted. Responding firms will be issued an "Invitation to Bid" through Kiewit's electronic use of SmartBid system (at no cost to bidder) with project information and bid instructions. Plans and specifications will also be available for review at the address listed below if requested.

This is a public works project and is subject to prevailing wage rates. Project is also financed in part by the WIFIA program and CASRF requirements and is subject to federal funding requirements including, but not limited to the AIS Provisions, DBE Program requirements, California Labor Code and the Davis-Bacon Act.

Responsive bidders must possess a valid California Contractor's license (as appropriate) and provide acceptable insurance. Responsible subcontractors and material contractors will be required to provide bonding for 100% of their contract value. Kiewit will reimburse bond premiums. Firms performing any onsite work are signatory to collective bargaining agreements with the carpenters, laborers, cement masons, ironworkers, operating engineers and teamsters. Kiewit will consider quotes from any, and all bidders who demonstrate an ability to foster and maintain labor harmony on the Project. This project is also subject to City of San Diego Project Labor Agreement (PLA).

Kiewit intends to conduct itself in good faith with all DBEs and all other business enterprises regarding participation on this project. For further information regarding this project, licensing, insurance or bonding, equipment, supplies, materials, or related assistance or services or project schedule, please contact the Lead Estimator listed below.

"Kiewit Infrastructure West Co. is an Equal Opportunity Employer. Employment decisions are made without regard to race, color, religion, national or ethnic origin, sex, sexual orientation, gender identity or expression, age, disability, protected veteran status or other characteristics protected by law."

WESTERN WATER (WW), is seeking quotes from qualified subcontractors and suppliers, including but not limited to certified Disadvantaged Business Enterprise (DBE) firms, for the construction of:

Tahoe City Public Utility District -
West Lake Tahoe Regional Water Treatment Plant Project
Engineer's Estimate: \$12,500,000

Bid Date & Time: January 27, 2021 at 2:00 P.M.

Project Location: Tahoe City, CA

WW has identified the following potential contracting opportunities for qualified subcontractors and suppliers on this project:

General Engineering, Framing and Rough Carpentry, Concrete, Electrical, Earthwork and Paving, Fire Protection, Glazing, Building Moving / Demolition, Masonry, Painting / Waterproofing, Pipeline, Plumbing, Roofing, Reinforcing Steel, Structural Steel, Door Specialty, Waterproofing and Weatherproofing.

Information regarding bonding, insurance, lines of credit, and any technical assistance or information related to the plans or specifications and requirements for the work will be made available to all interested firms. Plans and specs are available to view at our office and access to digital copies will be provided upon request.

For more information or to provide quotes, please contact:

Western Water, 707 Aviation Blvd, Santa Rosa, CA
Ken Leef, Project Procurement Manager
bids@westernwater.com, Phone: (707) 540-9640, Fax: (707) 540-9641

Subcontractors will be required to comply with all subcontract insurance requirements, which include providing a waiver of subrogation endorsement to their worker's compensation insurance.

Interested subs and suppliers should complete and submit the attached solicitation form no later than 24 hours prior to bid.

An Equal Opportunity Employer

California may change how unemployment gets paid

Continued from page 9

Also under fire for its role in long payment delays is the state Employment Development Department, which first signed the contract with Bank of America in 2010 and earlier this year amassed a backlog of 1.6 million unpaid jobless claims amid mounting concern about rooting out fraud.

"Constituents report they are unable to get through to your call centers, or when they do, the issue is not resolved," states the letter, which was signed by more than four dozen state senators and assemblymembers. "It is simply unacceptable that Californians entitled to benefits are suddenly not able to obtain them due to a Bank

of America determination that is impossible to appeal."

Among the questions the lawmakers want Moynihan to answer: Bank of America's criteria for freezing accounts and seizing jobless benefits, who's on the hook for paying back fraudulent charges, and how their constituents can resolve outstanding debit card claims.

California may change how unemployment gets paid

[Article was originally posted on
www.calmatters.org]

By Lauren Hepler, CalMatters,

In summary

Could jobless Californians soon receive benefits by direct deposit? State legislators are considering reforms and asking Bank of America for answers following a CalMatters investigation into payment problems impacting more than 350,000 unemployment debit cards.

require California to offer a direct deposit payment option for unemployment and other state income-replacement benefits. CalMatters previously reported that the state's continued reliance on Bank of America unemployment debit cards and paper checks has made California one of only three states nationwide not to offer jobless benefits by direct deposit.

"Widespread problems with debit cards have prevented countless families from putting food on the table or paying the bills," Gonzalez said in a statement. "Making a direct deposit option available is a simple, commonsense solution to so many challenges we know California residents are facing."

The proposed change comes after a bipartisan group of California lawmakers asked Bank of America CEO Brian Moynihan for answers about unemployment payment problems that have upended the lives of thousands of jobless Californians who rely on the bank's prepaid debit cards.

The letter made public just before the Thanksgiving holiday came days after CalMatters detailed how the state's exclusive unemployment payment contract with the bank has been strained by unprecedented demand and brazen fraud during the pandemic, ensnaring more than 350,000 unemployment debit cards in mass account freezes.

San Diego Assemblymember Lorena Gonzalez said today that she will introduce a new bill to

Greg Souder (510-809-3430 gsouder@ocjones.com) is the estimator on this project and he is available to provide assistance or answer questions regarding the project scope of work including bid requirements, break out of bid items, plan or spec interpretation, bonding or insurance requirements, and other bid assistance. Plans and specs are available to review at our Berkeley office, or can be sent out via Building Connected. Plans are also available under the Advertised Projects tab at the Caltrans website at: <http://ppmoe.dot.ca.gov/des/oe/contract-awards-services.html>. PDF format quotes should be emailed to the estimator or faxed to 510-526-0990 prior to 12:00 PM on the date of the bid. Quotes from DBE Subcontractors, Suppliers and Truckers are highly encouraged. OCJ is willing to breakout any portion of work to encourage DBE participation. Subcontractors must possess a current DIR, Contractors License, and insurance and workers compensation coverage including waiver of subrogation. OCJ may require Performance and Payment bonds on subcontracts. OCJ will pay the bond premium up to 2% of the contract value. Please contact OCJ for any assistance required by your firm in obtaining bonding or insurance. The US Small Business Administration may also assist you in obtaining bonding - please see the following site for information: <http://www.sba.gov/content/contractors>. Visit the California Access to Capital Program Financing Solutions website for additional resources for your small business - http://www.calbizfinance.org/cal_cert_biz_program.html. OCJ is available to help obtain necessary equipment, material and/or supplies. All subcontractors are required to execute OC Jones' standard subcontract agreement, comply with all insurance requirements, and name OCJ as additional insured. Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.

SMALL BUSINESS EXCHANGE

EASTERN CONTRA COSTA TRANSIT AUTHORITY

Notice Inviting Bids For Construction of Oakley Park and Ride Eastern Contra Costa Transit Authority

Notice and Invitation to Bidders

Eastern Contra Costa Transit Authority (ECCTA), a Joint Powers Agency (JPA) located in eastern Contra Costa County, California, is accepting sealed bids for the construction of a park and ride parking lot, located in the City of Oakley, California (Oakley Park and Ride or project). This project shall include the furnishing of all labor, equipment, materials, testing, tools, training, and other services as required by the Scope of Work section and other contract documents.

Deadline for Receipt of Bids.

Sealed bids will be received by Eastern Contra Costa Transit Authority (ECCTA) until 3:00 p.m. local time, on Monday, March 1, 2021 at ECCTA's facility located at 801 Wilbur Avenue, Antioch, CA 94509. Bids received after the said time or at any other place other than the time and place stated in this IFB will not be considered. Bids must be received on the enclosed ECCTA bid form with the required certification forms listed in the bid documents. Bids submitted on any other forms will be considered non-responsive and will be rejected.

Bid Documents/ECCTA Representative.

Copies of the IFB documents may be obtained from the following ECCTA representative:

Joe Chappelle
Manager of Administrative Services
Eastern Contra Costa Transit Authority
801 Wilbur Avenue, Antioch, CA 94509
Fax: (925) 757-2530
procurement@eccta.org

ECCTA may change the identity or contact information of the ECCTA representative at any time.

OAKLAND UNIFIED SCHOOL DISTRICT

Department of Facilities Planning
and Management
955 High Street Oakland CA 94601

REQUEST FOR STATEMENT OF QUALIFICATIONS AND FEE PROPOSALS (RFQ/P) SITE SURVEY SERVICES

For the Laurel Child Development Center located at
3825 California Street, Oakland, CA 94619
And various Measure Y Bond Program School Sites
RFP issued December 9, 2020

The Oakland Unified School District ("District") is requesting proposals from experienced firms, partnerships, corporations, associations, persons or professional organizations ("Consultants") to provide site survey services associated with the construction of a new child development building and site improvements at the Laurel Child Development Center and to create a pre-qualified pool of surveyors for future Measure Y Bond Program school projects.

The District educates approximately 36,000 students at eighty-three (83) school sites located in the City of Oakland; in addition there are 13,300 students in Oakland public charter schools with 33 charter schools in District authorized facilities. Voters within the District have overwhelmingly supported the modernization and reconstruction of the District's schools. The District is about to commence the capital program as a part of the Measure Y Bond ("Measure Y Program") passed in November 2020 and has ongoing need for assistance with the planning, pre-design, design and construction phases of work on major renovation/reconstruction of its elementary, secondary and high schools. Attached to this Request for Qualifications/Proposals ("RFQ/P") is the District's List of Bond Projects as reflected in the approved bond measure that highlights the scopes and estimated costs of Measure Y Program projects (see Attachment 1).

Interested firms are invited to submit a completed Statement of Qualifications ("SOQ") along with the Fee Schedule Proposal (collectively "RFQ/P Packet") as described below, with one (1) unbound wet-signed original, five (5) bound copies and a PDF version on a flash drive of requested materials to:

Oakland Unified School District
Tadashi Nakadegawa, Acting Deputy Chief
Department of Facilities Planning and Management
955 High Street, Oakland, CA 94601

Oral, telegraphic, facsimile or telephone RFQ/P Packets will not be accepted. RFQ/P Packets received after this date and time will not be accepted and returned unopened. The District reserves the right to waive any informalities or irregularities in the RFQ/P Packets. The District also reserves the right to reject any and all RFQ/P Packets.

Due to the circumstances caused by the Covid-19 pandemic, the District will accept electronic Proposals sent via email in lieu of hard copies. Proposals received by the District no later than 2:00 PM (Pacific Standard Time) on January 6, 2021 via email will be accepted.

If you have any questions regarding this RFQ/P and/or submitting proposal electronically, please email Kenya Chatman at kenya.chatman@ousd.org and cc: to Colland Jang at colland.jang@ousd.org.

LOCAL, SMALL LOCAL AND SMALL LOCAL RESIDENT BUSINESS ENTERPRISE

PROGRAM The Local Business Utilization Policy requires that there is a mandatory fifty percent (50%) LBU participation with a 25% or less Local Business (LBE) participation and a 25% or more Small Local or Small Local Resident Business (SLBE/SLRBE) participation for all capital program/construction-related contracts and professional services agreements. The full version of OUSD's latest Local, Small Local and Small Local Resident Business Enterprise Program can be found by going to the OUSD home page: ousd.org> Offices and Programs> Facilities Planning & Management Department> For Contractors and Developers> Bids and Requests for Proposals> Bid Information> 2014 Amendment to Local Business Participation Policy.
