

## Why You're Not a Construction Company Anymore

Photo by [www.constructconnect.com](http://www.constructconnect.com)

*[Article was originally posted on  
[www.constructconnect.com](http://www.constructconnect.com)]*

**By Jennifer Creighton,**

Netflix and Apple are not media companies. Tesla isn't known as a manufacturer. They are tech companies.

They use technology to deliver pieces of technology.

Walk onto any commercial construction site, and you will see project managers reviewing plans on tablets. You'll see subcontractors with smart tools. You'll see just-in-time deliveries for immediate installation.

Today, you may see drones capturing images and video to monitor site safety, track construction progress, inspect buildings and bridges, and create promotional videos. Tomorrow, autonomous vehicles, wearable technology, and virtual reality will become the new norm for construction sites.

You'll see high-tech materials from power generating textiles to self-healing concrete to bioplastics.

Just like Apple and Tesla, construction companies are using technology to build pieces of technology.

And the technology we use and build will continue to get smarter, be more responsive, and become fully integrated for a seamless project workflow from bidding to completion to use.

As technology revolutionized other industries, the construction industry—which is notably late to the tech party—will benefit from the exploration, the innovation, and the progress of these other industries.

The advances in communication, robotics, data collection and analysis, and improvements in security will propel the construction industry into the future, transforming the way buildings are designed, built and used.

### Better Safety Record

One area that will significantly improve with technology is construction site safety. Construction remains one of the deadliest occupations with 991 worker deaths in 2016, according to the most recent Census of Fatal Occupational Injuries (CFOI) from the Bureau of Labor Statistics (BLS).

This has been changing in the past few years as companies realize that technology can protect workers. Drones are identifying potential hazards and quickly inspecting project sites. They can complete dangerous jobs that normally are done by workers on the ground. Wearable technology can track and monitor workers onsite, detecting red flags such as gas, heat, lack of movement. Wearable technology is taking mobile to the next level, keeping everyone connected and informed. Virtual Reality can train workers in a controlled environment while exposing them to environments such as confined spaces or working at height. Driverless trucks allow operators to be completely removed from hazardous situations.

### Young, College-Educated Workers

According to a recent AGC/FMI Risk Study, the construction industry could lose between 14% and 20% of certain employee groups, including executives, senior managers, field managers, and project managers, over the next five years due to older workers retiring.

This could be catastrophic to an already tight labor market and result in overall slower growth for the industry. However, this is a golden opportunity for jobless and debt-buried millennials. Attracting younger workers not only will help fill the void left by retirees, but they will also bring fresh ideas and fresh perspectives to your firm.

Many construction firms are realizing that investing in technology is a great way to attract and retain the next generation. While most of us are technology immigrants, millennials are technology natives. They grew up using computers, portable devices, the internet. Younger workers expect companies to find solutions that allow them to do their jobs better—and most of those solutions are technology based.

### Increased Productivity and Fewer Change Orders

Construction is notorious for schedule delays and budget overruns. As other industries have made significant advances in productivity, construction has remained stagnant.

However, as jobsites become more connected, teams across locations can fully collaborate in real time. Project teams, from designers to project managers to office administrators to field workers, can share information immediately and address misunderstanding as they occur.

### Level the Playing Field

Compared to small firms, large construction firms have deep pockets, tons of connections, and lots of extra hands on deck. Owners of smaller firms often wear many hats—from scouring local plan rooms for projects to hunting down plan details to

## SKANSKA

### REDLANDS PASSENGER RAIL PROJECT MAINLINE CONSTRUCTION

IN SAN BERNARDINO AND REDLANDS

Invitation for Bids (IFB) 17-1001705

Bid Date: December 5, 2018 2:00 PM

Skanska USA Civil West California District Inc. is interested in soliciting in Good Faith all subcontractors, material suppliers, professional services, consultants and vendors; especially DBE subcontractors related to the scopes of work below for the Redlands Passenger Rail Project Mainline Construction in San Bernardino and Redlands.

**All Quotes are due by Friday, November 30, 2018 by 5:00 pm so that all bids/proposals can be fairly evaluated.**

**Quotes requested include but are not limited to the following work categories:**

Traffic Control Devices, Construction Area Signs, Signage, Striping, Equipment Rental or Lease, Safety Equipment, Surveillance Systems, Minor Concrete, Concrete Ditch, Electrical, Earthwork, Asphalt Paving, Asphalt Milling, Fence, Landscape, Handrail, Mechanical, Plumbing, Canopies, Site Furnishings, Masonry, Painting, Land Survey, Quality Control Testing, SWPPP, BMP Materials, Clear and Grub, Bridge Demolition, Aggregate Materials, Rip Rap, Reinforcing Steel, Ready-mix Concrete, Structural Steel, Precast Girders, Steel Piling, CIDH Piling, Waterproofing, Joint Seal Assembly, Bearing Pads, Cellular Concrete, Ground Improvement (Deep Soil Mix), Metal Decking, Miscellaneous Metals, MSE Wall Panels, Articulated Concrete Block, RCP, CMP, HDPE, Waterline Pipe and related.

**Assistance:** Skanska will assist qualified subcontractors, vendors, & suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a DBE Company, please provide your certification letter with your proposal. If you are a non-DBE, please indicate all lower-tier participation on your quotation as it will be evaluated with your price. In order to assist DBE subcontractors and suppliers, we will divide total requirements into smaller packages, tasks or quantities & establish delivery & construction schedules which will permit maximum participation when feasible. We will also review breaking out scope packages and adjusting schedules to assist permit maximum participation.

Plans and Specifications are available for view at our main office in Riverside (Please call or email for appointment). In order to view the documents for this project you must sign a **Sensitive Security Information (SSI) form must be signed and returned by Email: bids.socal@skanska.com** prior to being granted access to the plans and specifications.

**Once your signed SSI form is returned, you will receive a bid invitation via Building Connected.**

**Subcontracting Requirements:** Skanska's insurance requirements are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products & completed operations agg. & general agg; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured Endorsement, Primary Wording Endorsement, & a Waiver of Subrogation (GL & WC).

**Other insurance requirements may be necessary per scope or RFP requirement.** Subcontractors may be required to furnish performance & payment bonds in the full amount of their subcontract by an admitted surety & subject to approval by Skanska. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Skanska is signatory to the Operating Engineers, Laborers, Cement Masons, & Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract.

## IBI Group

### REQUEST FOR BIDS & NOTICE OF INTEREST

IBI Group is bidding on the following project as a Prime Contractor:

**On-Call Architectural Engineering and Support Services for General and Deferred Maintenance Projects**  
RFP No BRC0000014  
County of Los Angeles,  
Department of Public Works.

IBI Group is seeking certified **Community Business Enterprise (CBE)** firms interested in submitting qualifications as sub-consultants as part of the IBI team. All CBE firms including **disabled veterans, disadvantaged business enterprises, and minority-women-and other owned business enterprises** may submit information for the following disciplines: Landscape Architecture, Mechanical/HVAC/Plumbing, Structural, Civil, Electrical, Low-voltage Electrical, Cost Estimation, Geotechnical, Elevator, Hardware, Food Services, LEED/Sustainability, Building Commissioning, Specification, Security, Signage/Graphics, Supplemental Specialized Technical Services; Environmental, Surveyor, Acoustical, Fire Protection/Code.

This proposal is in alignment with the L.A. County Community Business Enterprise (CBE) Program. IBI Group intends to conduct itself in good faith in regards to all CBE firms.

All interested firms should **email a two-page firm overview including resumes and a recent project list in, SF330 form, that is similar in scope to the County of Los Angeles, Department of Public Works, On-Call Architectural Engineering and Support Services for General and Deferred Maintenance Projects**

Request for Proposals - RFP No BRC0000014

and certification documentation no later than EOD on December 7, 2018 to [kirk.shimazu@ibigroup.com](mailto:kirk.shimazu@ibigroup.com).

A copy of the RFQ can be provided upon request by contacting Ms. Colleen Kane at 213-769-0011.

Specific questions regarding this RFQ may be emailed to [kirk.shimazu@ibigroup.com](mailto:kirk.shimazu@ibigroup.com)

Visit [www.sbeinc.com](http://www.sbeinc.com) to download the latest SBE Newspaper and SBE E-Newsletter

## AECOM

One California Plaza • 300 S. Grand Avenue • Los Angeles, CA 90071

### REQUEST FOR BIDS & NOTICE OF INTEREST

AECOM is bidding on the following project as a Prime Contractor:  
**The County of Los Angeles Department of Public Works for On-Call Architectural/Engineering and Support Services for General and Deferred Maintenance Projects**  
**Due Date: Monday, December 17, 2018, 2pm**

AECOM is seeking qualifications from Community Business Enterprises (CBEs) and other subcontractors for the following work:

- Architecture
- Building Commissioning
- Civil Engineering
- Cost Estimating
- Electrical Engineering
- Elevator Consultant
- Environmental Engineering
- Food Services Consultant
- Geotechnical Engineering
- Hardware Consultant
- Interior Design and Modular Furniture Consultant
- Landscape Architecture
- LEED/Sustainability Consultant
- Low Voltage & Fire Protection
- Mechanical Engineering (HVAC and Plumbing)
- Security Consultant Services
- Specifications Consultant
- Structural Engineering
- Supplemental Specialized Technical Consultant
- Survey

Experience providing similar services for the County of Los Angeles is preferred. This proposal is in alignment with the County of Los Angeles's CBE Program requirements and certified CBEs are encouraged to respond.

AECOM intends to conduct itself in good faith in regards to all firms.

Interested businesses should email a brief overview of relevant experience listing any County of L.A. experience along with CBE documentation by **Tuesday, December 11, 2018**, to Steven Kiss at [steven.kiss@aecom.com](mailto:steven.kiss@aecom.com) and Wei Wei Scott at [weiwei.scott@aecom.com](mailto:weiwei.scott@aecom.com), or by phone (213) 996-2496.

We are an Equal Opportunity Employer

## Why You're Not a Construction Company Anymore

### Continued from page 1

polishing their final estimate and bid to supervising teams onsite.

And with only 35% of small contractors making it through their fifth year of business, it feels a lot like David versus Goliath.

However, technology can level the playing field for smaller contractors by streamlining processes and boosting connectivity and mobility. And with so many options for takeoff, estimating and production management technologies, there's a solution for every budget and company size.

### You Might Be a Tech Company If...

Sounds a lot like a Jeff Foxworthy joke. And maybe to you, it is a joke.

But the reality: we are just scratching the surface with construction technology. Today's construction companies are tomorrow's tech companies.

Developers and project owners are demanding more complex projects with smaller budgets and tighter deadlines. To compete in this new reality, construction companies need to embrace technology and innovate like tech companies.

Construction companies will experience tremendous opportunity and growth if they identify themselves as tech companies.

And the more synonymous construction becomes with the tech field, the more entrepreneurs, the more innovators, the more problem solvers will be attracted to the industry. And they will discover the answers and solutions to the problems that have plagued the industry for decades.

Atkinson is a union contractor and an Equal Opportunity Employer.** Atkinson is signatory to the Carpenters, Cement Masons, Laborers and Operating Engineers Unions. 100% Performance & Payment Bonds from an approved surety company will be required for subcontractors with contract value greater than \$100,000. Atkinson will pay the cost of bonds up to 2.0%. We will assist in obtaining necessary equipment, supplies, materials or related services. We will split items of work (see project specs for full list of bid items) and provide assistance in obtaining bonding, lines of credit and insurance where needed. Prices must stay firm through subcontract and purchase order execution. Subcontractors will be expected to sign Atkinson's standard subcontract and to comply with our company's standard insurance requirements which include a waiver of subrogation. Please provide your contractor's license #, DBE cert # and DIR # with your quote. Atkinson requests that subs and vendors register and prequalify in our online system at <https://www.atknextranet.com> prior to bidding.
