

## Billions Authorized for Military Base Projects in Many States

[ Article was originally posted on [www.constructconnect.com](http://www.constructconnect.com) ]

By: *Mary Scott Naber,*

Looking for a massive funding document that describes hundreds of upcoming opportunities? Look no further than the new National Defense Authorization Act (NDAA) document that President Trump signed on December 21.

For 59 years there has been a NDAA appropriations document, but never has there been one this large. The 2020 budget for defense is \$738 billion, an increase of \$22 billion over the 2019 budget. This bill authorizes FY2020 appropriations and sets forth policies for Department of Defense (DoD) programs and activities. The document outlines planned short term spending.

The following examples of upcoming projects provide insight into what will be procured.

### North Carolina

The government in 2020 plans to spend \$2.2 billion for military construction in North Carolina. Another \$1.1 billion has been allocated for Hurricane Florence recovery work at Air Station Cherry Point, Air Station New River, and Camp Lejeune. Of those three bases, Cherry Point is slated to get \$73.97 million for an aircraft maintenance hangar, \$61.34 million for an air traffic control tower and airfield operations, \$53.23 million for an F-35 training and simulator facility, and \$51.86 million for flightline utility modernization.

Fort Bragg, the largest military installation in the world in terms of population, also will benefit from funding. The Army base will receive \$96.6 million for construction projects that includes \$43 million for a special operations facility, \$29 million for a special operations forces building, \$12.5 million for a dining facility, and \$12.1 million for a special operations assessment and training complex.

### California

Funding for projects at Camp Pendleton includes a new mess hall and a warehouse with costs estimated at \$71.7 million. An information center project is budgeted for \$38.87 million, and the replacement of an ambulatory care center and dental clinic has costs projected at \$17.7 million. Base officials plan to break ground on some projects in 2020. Another \$2.65 million has been allocated to dredge Oceanside Harbor.

### New York

Fort Drum has been granted funding to upgrade several transportation projects. One project estimated at \$21 million will renovate the railhead. Construction of 1.2 miles of new railroad loading tracks will allow multiple trains to be serviced simultaneously. A side loading area also will be added as well as new ramps, lighting, and an Alert Holding Area. Another project funded for Fort Drum is a \$23 million hangar to house tactical unmanned aerial vehicles.

### Florida

Tyndall Air Force Base will receive \$3.4 billion that can be administered over the next five years to assist with hundreds of buildings that were destroyed by Hurricane Michael. The funds include an emergency supplemental federal appropriation to help with renovations and rebuilding at the base. Funding also will assist with growth for Tyndall. Currently housing the F-22 Raptor fighter jet pilot and maintenance training facility, the Air Force base will become home for three F-35 stealth fighter jet squadrons.

### Nebraska

Another Air Force base recovering from a natural disaster is Offutt Air Force Base in Nebraska. In March 2019, major flooding damaged 137 facilities, 50 of which will be demolished and rebuilt on higher ground. Offutt officials want to consolidate rebuilt facilities into eight campuses. Projects estimated to cost \$140.5 million will include work on the nuclear command, control, and communications (NC3) operations area, a training campus, a recreation area, bulk fuel storage, cyber and intelligence personnel, security forces, backup power plant, and hangars.

### Texas

Funding for bases in Texas includes energy projects with \$16.5 million directed to Fort Hood for construction of a new central energy plant and \$4.5 million going to Camp Swift to enhance its microgrid. Fort Hood also will receive \$18.5 million for a new vehicle bridge and \$32 million for soldier barracks.

# Benefits To Hiring Veterans

## 1. Accelerated learning curve

Veterans have the proven ability to learn new skills and concepts. In addition, they can enter your workforce with identifiable and transferable skills, proven in real world situations. This background can enhance your organization's productivity.

## 2. Leadership

The military trains people to lead by example as well as through direction, delegation, motivation and inspiration. Veterans understand the practical ways to manage behaviors for results, even in the most trying circumstances. They also know the dynamics of leadership as part of both hierarchical and peer structures.

## 3. Teamwork

Veterans understand how genuine teamwork grows out of a responsibility to one's colleagues. Military duties involve a blend of individual and group productivity. They also necessitate a perception of how groups of all sizes relate to each other and an overarching objective.

## 4. Diversity and inclusion in action

Veterans have learned to work side by side with individuals regardless of diverse race, gender, geographic origin, ethnic background, religion

and economic status as well as mental, physical and attitudinal capabilities. They have the sensitivity to cooperate with many different types of individuals.

## 5. Efficient performance under pressure

Veterans understand the rigors of tight schedules and limited resources. They have developed the capacity to know how to accomplish priorities on time, in spite of tremendous stress. They know the critical importance of staying with a task until it is done right.

## 6. Respect for procedures

Veterans have gained a unique perspective on the value of accountability. They can grasp their place within an organizational framework, becoming responsible for subordinates' actions to higher supervisory levels. They know how policies and procedures enable an organization to exist.

## 7. Technology and globalization

Because of their experiences in the service, veterans are usually aware of international and technical trends pertinent to business and industry. They can bring the kind of global outlook and technological savvy that all enterprises of any size need to succeed.

## 8. Integrity

Veterans know what it means to do "an honest day's work." Prospective employers can take advantage of a track record of integrity, often including security clearances. This integrity translates into qualities of sincerity and trustworthiness.

## 9. Conscious of health and safety standards

Thanks to extensive training, veterans are aware of health and safety protocols both for themselves and the welfare of others. Individually, they represent a drug-free workforce that is cognizant of maintaining personal health and fitness. On a company level, their awareness and conscientiousness translate into protection of employees, property and materials.

## 10. Triumph over adversity

In addition to dealing positively with the typical issues of personal maturity, veterans have frequently triumphed over great adversity. They likely have proven their mettle in mission critical situations demanding endurance, stamina and flexibility. They may have overcome personal disabilities through strengths and determination.

#### TRADES BEING SOUGHT FOR BID ARE LISTED IN THE LINK BELOW

**PLANS & SPECIFICATIONS:** Project Bid Documents may be obtained from the Project Owner or you may view them at BBII's office by appointment. For your convenience, you may also view and download plans by following this link maintained by BBII: <https://securecc.smartinsight.co/#/PublicBidProject/497656>

Subcontractors and Suppliers are responsible for reading and acknowledging all Specifications and Addenda.

**BONDING & INSURANCE:** Please see Bid Documents for bonding and insurance requirements. Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract, by an admitted surety subject to approval by BBII. Bonding cost assistance is available. Subcontractors should expect to sign the standard BBII subcontract agreement and provide a waiver of subrogation. Please contact BBII at (707) 227-8500 for bonding and other types of assistance.

**QUESTIONS:** For questions regarding the bid, please contact Erik Golub at (707) 227-8500, fax: (877) 763-4002, email: [ewr@balfourbeattyus.com](mailto:ewr@balfourbeattyus.com), or in writing to: 5050 Business Center Drive, Suite 250, Fairfield, CA 94534.

Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Subcontractor scope (including any conditions or exceptions) is required **one week prior to bid deadline**, to allow proper evaluation. To assist DBE Subcontractors and Suppliers, we will divide total scopes into smaller tasks or quantities, and if necessary, adjust schedules to permit maximum participation by DBE firms. Subcontractors are required to indicate all lower-tier DBE participation offered on their quotation.

Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

The Work to be done under this contract is located at Golden Gate Heights Playground, 2041 12th Avenue in San Francisco and consists of site improvements with demolition, grading; drainage; soil improvement; utility work; structural concrete work; paving; new playground; fencing; lawn replacement, planting and irrigation, and additional work; all as shown on the drawings and as specified in these Specifications. The time allowed for completion is 245 consecutive calendar days. The Engineer's estimate is approximately \$1,286,000. For more information, contact the Project Manager, **Alexis Ward** at (415) 581-2549.

**On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works project register and pay an annual fee to the California Department of Industrial Relations ("DIR").**

**No contractor or subcontractor may be listed in a bid or awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].**

This Project shall incorporate the required partnering elements for **Partnering Level 1**. Refer to Section 01 31 33 for more details.

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the Environment Code, "Clean Construction" is required for the performance of all work.

This Contract is subject to the requirements of Administrative Code Chapter 12X, which prohibits the City from entering into any Contract with a Contractor that has its United States headquarters in a state with laws that perpetuate discrimination against LGBT populations ("Covered State") or where any or all of the work on the contract will be performed in any of those states. A list of states on the Covered State List can be found at: <http://sfgsa.org/chapter-12x-anti-lgbt-state-ban-list>.

The Specifications include liquidated damages. Contract will be on a Lump Sum Bid Items basis. Progressive payments will be made.

The Contract will be awarded to the lowest responsible responsive bidder.

A bid may be rejected if the City determines that any of the bid item prices are materially unbalanced to the potential detriment of the City.

Bid discounts may be applied as per Administrative Code Chapter 14B. LBE Subcontracting Participation Requirement is **19%**. Call Finbarr Jewell at (415) 558-4080 for details. In accordance with Administrative Code Chapter 14B requirements, all bidders shall submit documented good faith efforts with their bids, except those who exceed the above stated LBE Subcontracting Participation Requirement by 35%. Bidders must achieve 80 out of 100 points to be deemed responsive. Bidders will receive 15 points for attending the pre-bid conference, if scheduled. Refer to CMD Form 2B.

A pre-bid conference will be held on **February 13, 2020 at 9am** at Golden Gate Heights Playground, 2041 12th Avenue. In the event of rain, meeting will be held at 30 Van Ness Ave, 3rd floor, Suite 3000. Confirm via email to [alexis.ward@sfgov.org](mailto:alexis.ward@sfgov.org).

For information on the City's Surety Bond Program, call 415-986-3999 or [bond@imwis.com](mailto:bond@imwis.com).

A corporate surety bond or certified check for ten percent (10%) of the amount bid must accompany each bid. Administrative Code Section 6.22(a) requires all construction greater than \$25,000 to include performance and payment bonds for 100% of the contract award.

**Class "A" license required to bid.**

In accordance with Administrative Code Chapter 6, no bid is accepted and no contract in excess of Threshold is awarded by the City and County of San Francisco until such time as the General Manager of the Recreation and Park Department recommends the contract for award, and the Recreation and Park Commission then adopts a resolution awarding the Contract. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance.

This Project is subject to the requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Administrative Code Section 6.22(g). Bidders are hereby advised that the requirements of the Policy will be incorporated as a material term of any contract awarded for the Project. Refer to Section 00 73 30 of the Project Manual for more information.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

If a bidder objects on any ground to any bid specification or legal requirement imposed by this Advertisement for Bids, the bidder shall, no later than the 10th working day prior to the date of Bid opening, provide written notice to the Contract Administration Division, San Francisco Public Works, setting forth with specificity the grounds for the objection.

Right reserved to reject any or all bids and waive any minor irregularities.

## Billions Authorized for Military Base Projects in Many States

Continued from page 1

The Joint Base San Antonio will receive \$207 million for modernized training facilities, an air traffic control tower, new barracks, a dining facility, an aquatics tank, and Air Force Personnel Center B wing. The Corpus Christi Army Depot will get \$86 million for a new powertrain facility, and funds will be allocated to expand an infrastructure investment program to include Federal Aviation Administration-licensed spaceports, including Houston Spaceport.

Technology/Cybersecurity

Funding also has been allocated for technology-related projects. Cyber reviews will be mandated every four years, and quarterly reviews will be performed on cyber mission force readiness. These steps will allow the DoD to speed up its procurement processes for software updates. Pilot programs costing \$275 million will be performed at four military bases this year. These projects are related to integrating high-speed 5G wireless connectivity. Hill Air Force Base in Utah will experiment with spectrum sharing, McChord Air Force Base in Washington will use 5G to enable virtual reality training, and Naval Base San Diego and the Marine Corps Logistics Base in Georgia will test 5G connectivity.

Other military installations receiving significant funding from the NDAA include:

- Malmstrom Air Force Base, Montana: \$235 million;
- Marine Corps Air Station Yuma, Arizona: \$189.7 million;
- Naval Base Coronado, California: \$165.8 million;
- Schriever Air Force Base, Colorado: \$148 million;
- Marine Corps Base Quantico, Virginia: \$143.3 million;
- Naval Station Norfolk, Virginia: \$139.1 million;
- Marine Corps Air Station Kaneohe Bay, Hawaii: \$134 million;
- Naval Weapons Station Seal Beach, California: \$123.3 million;
- Hill Air Force Base, Utah: \$114.5 million; and
- Fort Gordon, Georgia: \$107 million.

Contractors interested in this type of work should check for more details in the regions of interest to them.
