

SBA Announces New Initiative with GIIRS Rating System for Private Funds and Companies

Valuable new tool for investors to evaluate and validate where their investment dollars are directed

SBA Administrator Maria Contreras-Sweet today announced a new initiative with Global Impact Investing Rating System (GIIRS), an innovative rating system that evaluates the operational and business model impact of private funds and companies. Under the terms of the understanding, OII will use GIIRS ratings as one factor to rate and authenticate the influx of Impact Small Business Investment Companies it will review and license in fiscal year 2017. Additionally, GIIRS will begin to offer geographic mapping for further evaluation of impact in low-to-moderate income (LMI) investment, which is a critical metric to ensure that the regions and cities of America who need investment the most are being served.

In making the announcement, SBA Administrator and a member of President Obama's cabinet, Maria Contreras-Sweet said: "SBICs are among SBA's most important programs to increase investments in the most promising and socially impactful small businesses. I am pleased that GIIRS is following SBA's lead in including LMI communities when evaluating impact investments. Tracking how these investment dollars are distributed in LMI areas will bring important attention to those American cities, towns and rural areas suffering the most economically. This new initiative with GIIRS will deepen our coordination and provide a valuable new tool for private investors

to evaluate and validate where their investment dollars are directed."

Andrew Kassoy, Co-Founder of B Lab, the non-profit developer of GIIRS, added: "The SBA's Office of Investment and Innovation is one of the most important players in the impact investing arena. This partnership and their utilization of GIIRS to measure and understand the impact across the SBIC program supports the growth of the impact investing sector in many ways."

GIIRS will be customized for all SBIC funds to make it efficient to produce SBA-required data. Under the agreement, GIIRS will offer geographic mapping to SBICs of low-to-moderate income (LMI) investment, as well as a profile of the companies where SBIC has made an investment. LMI is an accepted government and social impact yardstick to measure the focus of invested funds on areas in American cities and regions that have citizen-income levels below average. This mapping will add another level of analysis and assessment of the SBIC's impact and social value.

SBA's Small Business Investment Companies (SBIC) program licenses professionally managed private equity, venture capital and business development funds to receive debt-leverage to invest in American small businesses. The SBIC program has 315 active

licensees. With partner funds, SBA oversees a "fund of funds" with almost \$24 billion in assets under management. Several of these licensees include investment strategies aimed at sustainability, low and moderate income community investing, and demographic diversity investing, among others.

GIIRS verifies and validates the positive impact funds have through their investments, helps external investors understand and trust that impact, and engages portfolio companies in improving their ability to create high quality jobs and improve communities. Nearly half of the SBIC Impact funds have used GIIRS to meet their impact reporting requirements. More than 90 funds have been rated since GIIRS launched in 2011.

To initiate the relationship, OII, in collaboration with B Lab's GIIRS team, will offer webinars and other instruc-

GIIRS Rating System for Private Funds and Companies

Continued from page 1

tional sessions for all of its SBIC licenses about how fund managers can effectively measure and manage the social and environmental impact of their portfolios, the GIIRS ratings, and other elements of the program. It will include educational material on its website, and coordinate outreach with GIIRS personnel for new SBIC license applications. B Lab will provide information on the GIIRS website about SBIC financial leverage to all funds using the ratings. Each partner participates in a non-exclusive way, and future enhanced relationships may be announced shortly.

Global Impact Investing Rating System (GIIRS)

GIIRS Ratings are the gold standard for funds that manage their portfolio's impact with the same rigor as their financial performance. GIIRS provides a comprehensive, credible, and verified evaluation of a fund's impact performance. Since GIIRS was launched in 2011, 90 funds covering 1000 companies in 50 countries and across 100 industries have received a GIIRS rating. GIIRS Ratings are a product of B Lab, a nonprofit organization that serves a global movement of people using business as a force for good. B lab's vision is that one day all companies compete not only to be the best in the world, but the best for the world and society will enjoy prosperity for all for the long term.

About the Small Business Investment Company Program

The Small Business Investment Company (SBIC) program is a multi-billion dollar, government-sponsored investment fund created in 1958 to bridge the gap between entrepreneurs' need for capital and traditional sources of financing. SBA invests long-term capital in privately-owned and managed investment firms licensed as Small Business Investment Companies (SBICs). Once capitalized, SBICs make debt and equity investments in some of America's most promising small businesses, helping them grow. Since the program was created in 1958, over \$80 billion has been invested, helping finance 170,000 American small businesses, including companies like COSTCO, Amgen, Apple, FedEx, Staples, Intel, and Tesla.

About the Small Business Administration (SBA)

The U.S. Small Business Administration (SBA) was created in 1953 and since January 13, 2012, has served as a Cabinet-level agency of the federal government to aid, counsel, assist and protect the interests of small business concerns, to preserve free competitive enterprise and to maintain and strengthen the overall economy of our nation. The SBA helps Americans start, build and grow businesses. Through an extensive network of field offices and partnerships with public and private organizations, the SBA delivers its services to people throughout the United States, Puerto Rico, the U.S. Virgin Islands and Guam. www.sba.gov.

Contact : Wes Wegner, Lead Estimator

Email : wes.wegner@kiewit.com

Kiewit is seeking sub-quotes from Disadvantaged Business Enterprises (DBE) firms; and all other business enterprises to perform as Subcontractors and Material Vendors/Suppliers. DBE's must be certified by one of the following agencies prior to bid opening: California Department of Transportation (Caltrans); Small Business Administration (SBA); Los Angeles County Metropolitan Transportation Authority (Metro); City of Los Angeles, the SCOOP Network; City of Long Beach, Tribal, State and Local governments; or an independent certifying organization.

Project Owner: Southern California Regional Rail Authority
Project Name: Van Nuys North Platform, Project # C3135-17
Project Location: 7720 Van Nuys Blvd, Van Nuys, CA 91405
Project Bid Date / Time: February 7, 2017 at 2:00p.m. PST

Project Description:

The Van Nuys North Platform project scope includes all proposed demolition and construction shall be performed per contract plans and shall generally consist of the following:

Remove existing structures and site improvements in conflict with design; Remove existing communications shelter and install new shelter; Prepare shoring and site work for fiber relocation and other utility removals; Identify and relocate 2 unknown utility pipes adjacent to Sprint fiber duct bank – a 3" steel pipe and 4" steel pipe. Construct site electrical, communications, and water lines; Install new crossover and remove existing crossover; Shift and resurface MT-1; Remove easterly portion of existing passenger platform and convert to a temporary platform; Install temporary shoring and construct pedestrian underpass, ramps, and stairs; Construct new track MT-2; Construct new temporary passenger platform; Cut over new MT-2 track; Construct center platform, steps, ramp and platform amenities; Modify wall, fencing, spur track and site improvements; Construct Drainage ditch and connect to Los Angeles County Flood Control District storm drain; Structural retrofit to bridge and storm drain box culvert; Remove existing and temporary platforms; and Complete site improvements and parking lot restoration.

Kiewit is requesting quotes in the areas described, but not limited to:

Aggregate, utility material, trucking & hauling, dirt disposal, concrete rubble disposal, demolition, site clearing, shoring and tie-backs, grading, subgrade and roadbed, street sweeping, manhole material, asphalt paving, paving specialties, curbs and gutter, fences/gate/guardrails, lighting and signals, landscaping contractors, ready mix supply, concrete forms and accessories, concrete reinforcing installation, concrete pumping, structural concrete, precast concrete, concrete drilling and saw-cutting, masonry work, metals, damp proofing and waterproofing, flashing and sheet metal, sheet metal roofing, joint sealer, paints and coating, exterior signage and pedestrian control devices.

All responsive subcontractors must possess a valid California Contractor's license, be registered with the Department of Industrial Relations (DIR), and provide acceptable insurance. Responsible subcontractors and material contractors will be required to provide bonding for 100% of their contract value. Bond premium will be reimbursed by Kiewit. Subcontractors performing any on-site work must be signatory to the appropriate union labor agreements that govern its work. Subcontractors, Consultants, Professional Service Firms, and Material Vendors/Suppliers must be able to accept all terms and conditions of the project under its resultant agreement. *Plans and specifications are available for review at the address listed above or provided to you through Kiewit's electronic use of SmartBidNet by contacting Kiewit.*

Kiewit intends to conduct itself in good faith with all DBEs and all other business enterprises regarding participation on this project. For further information, assistance or questions regarding the project, to discuss your specialty or scope of work, project schedule, requirements of the contract, licensing, insurance or bonding, equipment, supplies, materials, related assistance or services, please contact the Lead Estimator listed above.

The Sub-Bid Request Specialist

It's takes a sharp pencil and qualified, competitive sub-contractors, vendors, and suppliers to win the bid and achieve the diversity goals.

Look no further. We have them all in our database

Need construction contractors and suppliers familiar with public contracting, bondable, certified by cities, states and federal entities, and willing to work in one or many locations?

We have that, too.

Want to reach them by industry-specific codes (NAIC/SIC/UNSPSC)?

We can do that, too

The next time you're bidding project where time and accuracy are of the essence, call us.

We'll make it happen.

We are on the move to make your business better.

Call 1-800-800-8534

Hawthorne, California 90250**

LAX Consolidated Solutions shares Los Angeles World Airport's vision for the proposed Consolidated Rent-a-Car facility (ConRAC) at LAX. We look forward to being part of the airport's continued improvements. We understand that LAX serves as a gateway to Los Angeles and represents a modern, forward-thinking city that is a global leader. The ConRAC will relocate existing rental car companies into one convenient location adjacent to the 405 Freeway with direct connection to the airport via the LAX Train.

LAX Project

A long-discussed \$4 billion LAX modernization plan that includes an automated train to take passengers to and from a new off-site check-in facility and a centralized rental car location was approved Tuesday by the Board of Airport Commissioners.

The goal of what's dubbed LAMP — the acronym stands for Landside Access Modernization Program — is to relieve the severe congestion that often plagues the loop road connecting Los Angeles International Airport terminals as well as surrounding streets.

The elevated train, officially called the LAX Automated People Mover, will eventually connect to a proposed Crenshaw Line light rail station at 96th Street and Aviation Boulevard. Metro approved the \$200 million station in June.

"This is a big day for L.A.," said Councilman Mike Bonin, in whose district the airport lies. "We are moving to make good on a long-standing promise to all Angelenos — we will connect LAX to a Metro station and we'll make it easier, faster and

more convenient to travel through our airport.

"With a new Automated People Mover, Metro station, consolidated rental car and intermodal transportation facilities, we'll remove traffic and congestion from terminal areas and nearby neighborhoods, making LAX a world-class airport as well as a first-class neighbor."

It's hoped that construction will begin in 2017 and be completed by 2024.

The Consolidated Rent-A-Car center, or CON-RAC, which will centralize the scattered locations around the airport where rental vehicles are currently picked up and dropped off, will sit in the Manchester Square neighborhood.

Manchester Square is bordered by Century Boulevard on the south, Aviation Boulevard on the west, Arbor Vitae Street on the north and La Cienega Boulevard on the east.

The airport has gradually bought up land in the once bustling neighborhood over the past 16 years,

and on Thursday moved forward with purchase agreements for another 35 multifamily buildings there. LAX officials announced in February they would reassess the long-dormant idea of a single vehicle rental facility shared by multiple companies in the area, but that was supposed to take three years.

With a centralized rental location, the airport shuttles that contribute significantly to the traffic at LAX would go there to pick up and drop off passengers rather than come onto the airport property itself, officials noted.

What is currently LAX Parking Lot C at 96th Street and Sepulveda Boulevard will house the new passenger check-in facility, which is officially called the Intermodal Transportation Facility. It will include retail and dining amenities as well, officials said.

The plan also includes improvements to streets surrounding LAX.

"This program will transform how people travel to and from LAX in the future," said board President Sean Burton.

The plan is an abbreviated version of a larger plan approved by the Federal Aviation Administration that was challenged by a series of since-settled lawsuits. That plan included a controversial proposal to move runways that was put on hold.

A spokeswoman with Bonin's office said she believes this smaller version will not face legal challenges.

Mayor Eric Garcetti noted that LAMP is part of much larger upgrades to airport facilities and its age-worn terminals already underway that will eventually create an estimated 40,000 jobs and "dramatically upgrade the passenger experience at LAX."

The plan includes three people mover stations in the Central Terminal Area that will connect to airline terminals with "a convenient pedestrian walkway system."

LAMP still must undergo an environmental analysis that will begin in January.

But the improvements are being made years ahead of even the most optimistic timetables previously given.

"This is an important commitment to Los Angeles," said Gina Marie Lindsey, executive director of Los Angeles World Airports. "The board's decision today means local residents and visitors to LAX won't have to wait a generation to benefit from these improvements."

Coffman Specialties, Inc. is signatory to Operating Engineers, Laborers, Teamsters, Cement Masons and Carpenters unions. Quotations must be valid for the same duration as specified by the Owner for contract award. Insurance and 100% Payment & Performance Bonds will be required, and will pay up to 1.5% for the cost of the bond. Waiver of Subrogation will be required. We will provide assistance/advice with obtaining Bonds/Insurance/Credit/Equipment. Subcontractors must provide contractor's license number and Department of Industrial Relations (DIR) registration number with their quote. Plans and specs are available at no cost to interested DBE firms from the PLANETBIDS website, using the Project ID # 02-235 (CIP 8323) and/or our San Diego Office. We are an EOE & seriously intend to negotiate with qualified firms.

If you have any questions, Please contact Marty Keane: Phone 858-536-3100, Fax 858-586-0164 or email estimating@coffmanspecialties.com.

Non-DBE Subs/Suppliers: Indicate 2nd tier participation offered on your quotation as it will be evaluated with your price. For any bid proposal submitted on or after March 1, 2015 and any contract for public work entered into on or after April 1, 2015, the following registration requirements apply: Every Subcontractor is required to be registered to perform public work pursuant to Section 1725.5 of the Public Contract Code. No Contractor or Subcontractor shall be qualified to bid on, be listed in a bid proposal pursuant to Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, unless currently registered to perform public work pursuant to Section 1725.5. No bid shall be accepted nor any subcontract entered into without proof of the Subcontractor's current registration to perform public work pursuant to Section 1725.5. If used in our Bid, Coffman Specialties requires this proof be submitted w/in 24 hours of Bid Date.
