## SBA Announces Changes to Contracting Program For Women-Owned Small Businesses

Women-owned small businesses will have greater access to federal contracting opportunities as a result of changes included in the National Defense Authorization Act of 2013 (NDAA) to the U.S. Small Business Administration's Women-Owned Small Business Federal Contract Program.

"This new law is a prime example of how the Obama Administration is embracing a more inclusive view of entrepreneurship, helping small businesses and America succeed," said SBA Administrator Karen Mills. "Today, women own 30 percent of all small businesses up from just 5 percent 40 years ago. As one of the fastest growing sectors of small business owners in the country, opening the door for women to compete for more federal contracts is a win-win."

The NDAA removes the anticipated award price of the contract thresholds for women-owned small businesses (WOSB) and economically disadvantaged women-owned small businesses (EDWOSB) to allow them greater access to federal contracting opportunities without limitations to the size of the contract.

Prior to the new law, the anticipated award price of the contract for women-owned and economically disadvantaged women-owned small businesses could not exceed \$6.5 million for manufacturing contracts and \$4 million for all other contracts.

The Women's Federal Contract Program allows contracting officers to set aside specific contracts for certified WOSBs and EDWOSBs and will help federal agencies achieve the existing statutory goal of five percent of federal contracting dollars being awarded to WOSBs.

The law also requires the SBA to conduct another study to identify and report industries underrepresented by women-owned small businesses. As a result, more eligible women-owned businesses may be able to participate in SBA's Women's Federal Contract Program and compete for and win federal contracts.

The SBA is working with the Office of Federal Procurement Policy under the President's Office of Management and Budget on the implementation including changes to the Federal Acquisition Regulations.

Every firm that wishes to participate in the WOSB program must meet the eligibility requirements and either self-certify or obtain third party certification. There are four approved third-party certifiers that perform eligibility exams: El Paso Hispanic Chamber of Commerce, National Women Business Owners Corporation, U.S. Women's Chamber of Commerce, and the Women's Business Enterprise National Council. Additional information and links about approved third-party certifiers are available at [www.sba.gov/wosb](http://www.sba.gov/wosb).

To qualify as a WOSB, a firm must be at least fifty-one percent owned and controlled by one or more women, and primarily managed by one or more women. The women must be U.S. citizens and the firm must be considered small according to SBA size standards. To be deemed "economically disadvantaged," a firm's owners must meet specific financial requirements set forth in the program regulations.

The WOSB Program identifies eighty-three four-digit North American Industry Classification Systems (NAICS) codes where WOSBs are underrepresented or substantially underrepresented. Contracting officers may set aside contracts in these industries if the contract can be awarded at a fair and reasonable price and the contracting officer has a reasonable expectation that two or more WOSBs or EDWOSBs will submit offers for the contract.

For more information on the Women-Owned Small Business Program or to access the instructions, applications or database, please visit [www.sba.gov/wosb](http://www.sba.gov/wosb).

Those Trade Subcontractors who meet pre-qualification criteria and are deemed pre-qualified to perform work on their respective trades will be invited to submit a bid. Trade Subcontractors who do not submit the pre-qualification information by February 8th, 2013 will not be allowed to bid the project as a prime subcontractor. Subcontractors will be allowed to have second-tier and third-tier subcontractors in order to meet the City's Local/Small Local Business Enterprise (LBE/SLBE) participation requirements; these Second-tier and third-tier subcontractors do not need to respond to this RFQ unless the LBE/SLBE prefers to bid as a prime subcontractor. There will be LBE/SLBE subcontracting REQUIREMENTS on this project.

If TTGF, at its own discretion, chooses to recommend any of the RFQ Group No. 02 contract work to the City for its approval, the Subcontractor will be asked to comply with all City contract requirements.

Contract documents, including plans and specifications, for the project are anticipated to be available for bidding in Spring of 2013.

Trade Subcontractors shall submit and will be evaluated on information with respect to their experience on projects of similar size, scope and complexity. The information shall include general and specific experience, claim and surety history, financials, ability to meet schedule and budget requirements and skills in general management and coordination. Resumes of key personnel who will manage and supervise the construction shall be provided in the RFQ response.

Trade Subcontractors must hold valid contractor licenses and must provide ability to obtain corporate surety (payment & performance) bonds and insurance in order to be eligible for the pre-qualification (RFQ) evaluation. Starting January 17th, 2013, RFQ packages will be available from Turner Construction, located at, 1111 Broadway, Suite 2100, Oakland, CA 94607 until February 8th, 2013 at 2:00PM. Interested Subcontractors should contact Brendan Crockett at (510) 267-8239 or bcrockett@tcco.com- to make an appointment to pick up a package or have a package mailed or emailed.

Trade Subcontractors shall submit one (1) copy of their RFQ responses by 2:00 p.m. by February 8th, 2013, to, Turner Construction, 1111 Broadway, Suite 2100, Oakland, CA 94607; Attn: Brendan Crockett.

The City and TTGF are actively seeking subcontractors who want to become a certified Local Business Enterprise (LBE) / Small Local Business Enterprise (SLBE) with the City of Oakland. For questions related to obtaining certification with the City of Oakland, check out their website: <http://www2.oaklandnet.com/Government/o/CityAdministration/d/CP/s/LocalSmallLocalBusinessCertification/index.htm> or call the Contracts and Compliance Unit, Charles Brown at (510) 238-6419 or cbrown@oaklandnet.com .

TTGF, at its own discretion as monitored by the City of Oakland, may conduct interviews with any or all of the Subcontractors responding to the RFQ to better determine their qualifications to perform work required under the project.

The evaluation of the RFQ is solely for the purpose of determining Trade Subcontractors who would be deemed qualified to bid for and perform the work outlined in this RFQ.

TTGF reserves the right to reject any or all responses to the RFQ and to waive technical errors in any response received.
