

## DOT Awards \$677M Infrastructure Grants to 214 Airports in 43 States

The Airport Improvement Program (AIP) airport grant program funds airport infrastructure projects such as runways, taxiways, airport signage, airport lighting, and airport markings. The grants strengthen our nation's aviation infrastructure and helps create jobs.

By Tammy Waitt,

U.S. Department of Transportation Secretary Elaine L. Chao has announced the Federal Aviation Administration (FAA) will award \$677 million in airport infrastructure grants, the first allotment of the total \$3.18 billion in Airport Improvement Program (AIP) funding for airports across the United States.

The 241 grants will fund 346 infrastructure projects that include runways, taxiways, aprons, and terminals. These projects are important to the safety and efficiency of the nation's system of airports.

*"If you want a strong transportation system, you have to invest in airport infrastructure,"* said Secretary Chao.

*"Airports are the backbone of aviation."*

*"These communities are going to reap greater safety, efficiency, and economic dividends for years to come."*

The Airport Improvement Program (AIP) provides grants to public agencies — and, in some cases, to private owners and entities — for the planning and development of public-use airports that are included in the National Plan of Integrated Airport Systems (NPIAS).

The U.S. infrastructure, and especially its 3,323 airports and 5,000 paved runways as an essential piece, moves the country's competitiveness and lifts its citizens' quality of life.

According to the FAA's most recent economic analysis, U.S. civil aviation accounts for \$1.6 trillion in total economic activity and supports nearly 11 million jobs.

Under the Secretary's leadership, the Department is delivering AIP investments to strengthen the safety and efficiency of America's airports.

Airports can get a certain amount of AIP entitlement funding each year based on activity levels and project needs.

If their capital project needs exceed their available entitlement funds, the FAA can supplement their entitlements with discretionary funding.

Some of the grants awards include:

- King Salmon Airport in King Salmon, AK, \$12.8 million: The funds will be used to repair the runway and taxiway. The project is important to the local community who mainly use air transportation as their form of travel moving people and goods and services.

- H.L. (Sonny) Callahan Airport in Fairhope, AL, \$3 million: The airport will use grant funds to construct a taxiway.
- Northwest Arkansas Regional Airport in Fayetteville/Springdale/Rogers in AR, \$13.6 million: The funds will be used to repair a taxiway.
- Phoenix Sky Harbor International Airport in Phoenix, AZ, \$7.2 million: The grant funds will be used to reconstruct the airport apron.
- San Diego International Airport in San Diego, CA, \$12.1 million: The grants will fund the repair of the taxiway.
- Denver International Airport in Denver, CO, \$14.2 million: Several grants will fund projects to repair runways, taxiways, and runway and taxiway lighting.
- Davenport Municipal Airport in Davenport, IA, \$6.6 million: The funds will be used to repair the runway.

# CALTRANS 2016 DISPARITY STUDY PUBLIC COMMENT FORUMS

The California Department of Transportation (Caltrans) conducted a Disparity Study (Study) that Caltrans and local governments will use to refine their implementations of the Federal Disadvantaged Business Enterprise (DBE) program in accordance with 49 Code of Federal Regulations Part 26. The Study includes an analysis of whether there is evidence of discrimination or its effects in the transportation contracting industry in California.

Caltrans is hosting a series of Public Comment Forums to obtain comments related to the Study and personal testimony and experiences related to working in the California transportation contracting industry. Information Caltrans is seeking includes, but is not limited to, whether:

- Firms face difficulties or barriers when bidding as prime contractors, subcontractors, or suppliers
- Business owners believe they have been treated fairly or unfairly based on their race, ethnicity, or gender
- Contractors solicit, or fail to solicit, bids or price quotes from DBEs on projects with no DBE goals
- There is a level playing field for firms in accessing to capital, bonding, and insurance

You are invited to participate in public forums that will be held statewide as follows:

DATE	DISTRICT	TIME	LOCATION
Monday June 18, 2018	District 3	3-5 p.m.	Caltrans District 3 Office, Cedar Ridge Room, 703 B Street, Marysville, CA 95901
