

## 5 Great Construction Jobs for Veterans

Heavy Equipment Operator

Building Inspector

[ Article was originally posted on [www.gijobs.com](http://www.gijobs.com) ]

By *Tim Malloy*,

Construction jobs are a great fit for veterans because of their physical work, the diverse roles they offer and because of the growing need for construction workers. Check out our list of 5 great construction jobs for veterans.

### 1.) HEAVY EQUIPMENT OPERATOR

In addition to actually driving or maneuvering the heavy equipment and vehicles, heavy equipment operators may also be tasked with cleaning and making minor repairs to the equipment. Heavy equipment operators must be able to follow safety standards, as they typically work with many other people. Because some of the heavy equipment can be loud, operators must be able to communicate with those around them.

The machinery used by heavy equipment operators varies, but it may be used to move earth, pave roads and lift heavy objects at construction sites and mines.

#### TYPES OF HEAVY EQUIPMENT OPERATOR JOBS

**Operating Engineers:** Operating engineers work with power construction equipment. Excavation machinery requires heavy equipment operators to use machines that are equipped with buckets, scoops and shovels to move dirt, soil, grass and other materials.

They may also drive heavy trucks that have forklifts and booms, which may require a CDL.

**Paving and Surface Equipment Operators:** Operate the machinery that spreads asphalt and concrete to lay and pave roads and parking lots.

**Pile Driver Operators:** Use large machines mounted on skids, barges or cranes to hammer piles (large concrete, wood or metal beams) into the ground to support structure foundations.

#### WORK ENVIRONMENT OF HEAVY EQUIPMENT OPERATORS

Heavy equipment operators work at construction sites and mines. Because their work takes place outdoors, they are subject to all weather conditions, which in extreme situations may have an effect on their ability to work.

Heavy equipment operators have a higher rate of injury and illness than the average occupation in the United States. They may also have abnormal working hours, as construction may need to take place at night.

#### OUTLOOK FOR HEAVY EQUIPMENT OPERATOR JOBS

According to the Bureau of Labor Statistics, heavy equipment operators made an average salary of \$46,080 as of May 2017. Overall employment of heavy equipment operators is expected to rise 12% by 2026. This is much faster than the average occupation in the United States, which is great for veterans.

The expected increase in heavy equipment operator positions is no surprise. As a result of America's roads, bridges, buildings and other structures aging, there is expected to be a need for heavy equipment operators to repair and maintain them.

Most of the employment opportunities for heavy equipment operators will take place in metropolitan areas. Workers who have the ability to operate several different types of vehicles and machines will prove to be the most valuable.

### 2.) BUILDING INSPECTOR

Building inspectors review building and construction plans to ensure they are within local and national regulations, and to confirm they meet contract specifications. They will also approve building plans and monitor construction sites to ensure they are in compliance with safety regulations.

During the inspection process, building inspectors use several different instruments, meters and gauges to perform tests. Building inspectors may be responsible for reviewing multiple parts of a building, such as plumbing, electrical and ventilation.

If there are violations upon inspection, building inspectors are responsible for issuing notices and work stoppages until the buildings are up to code. They may even keep an activity log, documenting pictures each time they inspect a site. Building inspectors are responsible for ensuring that a building is safe for the public to be working in.

#### WORK ENVIRONMENT OF BUILDING INSPECTORS

Building inspectors mostly work at the sites where they are performing inspections, such as businesses and buildings where the public will visit. Some building inspectors may be required to climb ladders or crawl into narrow spaces to complete and inspection.

# California Sub-Bid Request Ads

Is requesting quotes from certified and qualified **SBE, MBE, WBE, DBE** Subcontractors, Suppliers, and Service Providers for the following (but not limited to) work:

#### SUBS/SERVICE PROVIDERS

Clear & Grub, Construction Stake, Core & Saw, Demo Minor, Electrical, Landscape, Erosion Control, Paint, Pavement Grinding, Plane AC, Paving AC, Rebar, Signs Roadside, Stripe & Mark, Traffic Control, Trucking Dirt Haul, Trucking High/Low Haul, Water Proof Building, Security Guard Service

#### SUPPLIERS

Aggregate, Conc Pumping, Const Supply-Gen, Equipment Rent-Small Only, K-Rail, Pipe PVC, Precast Conc Pipe, Ready Mix Conc

### City of Oceanside

## Pure Water Oceanside - Conveyance Contract Oceanside, San Diego County, California

**BID DATE: July 1, 2020 at 2:00 p.m.**

All Quotes Due Prior

### Sukut Construction, LLC

4010 W. Chandler Avenue, Santa Ana, CA 92704

Contact: Eric Bodyfelt

Phone: (714) 540-5351 • Fax: (714) 545-2003 • Email: [estimating@sukut.com](mailto:estimating@sukut.com)

Plans/specs are available for viewing at our office by appointment, by Sukut FTP, or from Owner. Subcontractors must be prepared to furnish 100% performance and payment bonds and possess current insurance and workers' comp coverage. Sukut will assist qualified subcontractors in obtaining bonds, insurance, and/or lines of credit. Subcontractors/Vendors will be required to sign Sukut's Standard Subcontract/Purchase Order. Copies are available for examination. Please contact Eric Bodyfelt at Sukut Construction for assistance in responding to this solicitation.

Sukut Construction's listing of a Subcontractor in its bid to the agency is not to be construed as an acceptance of all the Subcontractor's conditions or exceptions included with Subcontractor's price quotes. Quotations must be valid for the same duration as specified by Owner for contract award.

**Sukut Construction, LLC**  
An Equal Opportunity Employer

**Arana Group Inc.** plans to bid on the "Hillcrest Elementary School Modernization and Interim Housing, PROJECT NO: 11903" located in San Francisco, CA. We are General Contractors requesting bid proposals for all trades

#### SCOPE OF WORK INCLUDES, BUT IS NOT LIMITED TO:

The Project is generally described as: General School Modernization and reconstruction including ADA Access, Seismic Upgrades, and Fire/Life/Safety upgrades, including but not limited to: installation of interim housing utilities, coordination of IH delivery and install, new asphalt landings at IH ramps and final connection of MEP at Interim Housing bungalows. # California Sub-Bid Request Ads

Stantec Consulting Services Inc. is seeking qualified Local Business Enterprise (LBE) firms for inclusion in a proposal to the **San Francisco Public Works (SFPW) for the As-Needed Environmental Planning Services 2020 Sourcing Event ID 0000004024 contract.**

All firms need to be San Francisco-certified LBEs and meet the requirements outlined in the SFPW's request for proposal (RFP).

Stantec is seeking firms in the following disciplines:

- ACOUSTICAL ENGINEERING/NOISE ANALYSIS
- ARCHEOLOGY & CULTURAL RESOURCES
- ARCHITECTURAL, INCLUDING HISTORICAL AND CONSERVATOR SERVICES
- COMMUNITY RELATIONS/PUBLIC AFFAIRS
- ENVIRONMENTAL IMPACT REPORTS
- HAZARDOUS WASTE AND REMEDIATION SERVICES
- LANDSCAPE ARCHITECTURE
- PUBLIC RELATIONS SERVICES
- TRANSPORTATION & TRAFFIC ENGINEERING
- URBAN & REGIONAL PLANNING

Qualified firms with LBE certification in the appropriate discipline covering the services proposed and with the qualifications required by the RFP, should email a pdf Statement of Qualifications (SOQ) to [SFOperations@stantec.com](mailto:SFOperations@stantec.com). For proper processing include 'SFPW As-Needed Environmental Planning Services 2020' in the subject line of ALL correspondence.

For consideration, SOQs must be submitted by **12:00 PM Pacific, Wednesday, June 17, 2020.**

Each SOQ must include the following:

1. Short company bio (including number of years in business)
2. Description of services for the tasks in the RFP that the firm has relevant experience with (refer to Section 2 of the RFP)
3. Names of two to three individuals on staff who have expertise or special qualifications relevant to the scope of work
4. Overhead and Profit Schedule (in accordance with RFP Appendix B), including the firm's proposed overhead and profit rate.

Stantec will evaluate the proposals and make its selection after considering qualifications, availability of its own resources, and selection criteria included in the RFP. Qualified firms must fulfill and demonstrate all requirements specified in the RFP and meet minimum subcontractant qualifications outlined in section 4.3 of the RFP.

Respondents should review the RFP for SFPW As-Needed Environmental Planning Services 2020 available at (<https://sfcitypartner.sfgov.org>) If you do not have access to SF City Partner, please contact us for a copy of the RFP.

UGE & ECS, Inc. is seeking a **Construction Project Manager/Supervisor/Superintendent with Certification in Certified Safety Professional (CSP), Heavy Civil Engineer, Heavy Vertical Tunnel experience, All Construction OSHA Certifications such as Fall Protection, Excavation, Trenching and Soil Mechanics and more.**

7 to 10 years of consistent experience managing very large projects.

This project is located at one of the Airports in San Diego or LAX.

This project pays well and starts in two to three weeks from now.

If interested, please send resume to [nancy@ugeecs.com](mailto:nancy@ugeecs.com).  
Contact numbers are  
O: 213-625-1016 or C: 310-894-3154.

# 5 Great Construction Jobs for Veterans

■ Continued from page 1

Most building inspectors work alone, however some may work as part of a team if the project is big enough. The majority of building inspectors are employed by various levels of government. Engineering firms also employ a good number of building inspectors.

## HOW TO BECOME A BUILDING INSPECTOR

Building inspectors will typically be required to have at least a high school diploma, and some employers may require a college degree. However, most building inspectors gain the bulk of their training on the job. Some may have even gained a wealth of experience in another construction trade before becoming a building inspector. Some employers may target workers who have a background in engineering or architecture.

Most states require building inspectors to acquire a license or certification to perform inspections. In order to become a building inspector you will need to become very familiar with building codes and regulations in the area where you wish to work. Building inspectors may have also gained their experience in other construction trades such as being an electrician or carpenter.

## OUTLOOK FOR BUILDING INSPECTOR JOBS

According to the Bureau of Labor Statistics, the average annual salary for a building instructor as of May 2017 was \$59,090. The job market for building inspectors is expected to increase 10% by 2026, which is faster than the growth of the average job during that same time period.

Most jobs that will be created will come from government services or firms that specialize in architecture and structural engineering. Building inspectors who have the ability to perform several different inspections will likely have the greatest opportunity in the future.

### 3.) ROOFING CONTRACTOR

Roofing contractors will perform roof inspections to determine whether it has to be repaired or fully replaced. Upon determining that a roof is in need of repairs, a roofing contractor will take measurements and decide what materials will be used in the repair.

Roofers may also be tasked with installing insulation or even ventilation systems. They may also be hired to install solar panels on a rooftop. Roofers work with shingles, asphalt, cement, wood and other materials.

## WORK ENVIRONMENT OF ROOFING CONTRACTORS

As a result of being required to work outdoors, roofers must face all kinds of weather conditions. They work in both the extreme heat and extreme cold, but most likely will not work when there is precipitation or high winds in the forecast. Not surprisingly, their work takes place on the roofs

## Roofing Contractor

of buildings and homes, so there is a high degree of danger in their profession.

A roofer's job is also quite physically demanding, as it requires lifting of heavy objects, bending, climbing ladders and using various hand tools. Because of their dangerous work environment and the physical demands of their job, roofers have a higher rate of injury and illness than the average occupation in the United States.

## HOW TO BECOME A ROOFING CONTRACTOR

Most roofers gain their experience on the job, although some may enter an apprenticeship program to learn their craft. Apprenticeship programs combine both classroom and field training. Because of the different types of roofing materials and different situations you may encounter on the job, it can sometimes take several years to gain the experience necessary to be successful.

## OUTLOOK FOR ROOFING CONTRACTOR JOBS

According to the Bureau of Labor Statistics the average salary for a roofing contractor was \$37,970 as of May 2017. Most roofers work full time, but may have their hours limited during winter months. Employment for roofing contractor jobs is expected to

rise 11% by 2026, which is faster than the average occupation in the United States.

As a result of roofs deteriorating faster than most other parts of buildings, roofers will continue to be in demand in the future. As buildings and homes age, roofers will be called in to perform repairs or fully replace the existing roof. As new materials are created to build roofs, roofers will need to continue to learn how to use these new materials. For example, the use of solar technology will require roofers to be familiar with this new technology if they want work installing roofs that will use it.

Roofing is the kind of career that can hold long term stability, or you can use your experience as a roofer to get a job in a different area of construction should you choose.

### 4.) GENERAL CONTRACTOR

General Contractors will prepare budgets and analyze costs for construction projects of all sizes. They create timetables for construction projects and ensure that the project is finished within the stated time limit.

The job of a general contractor requires them to be knowledgeable in many aspects of the con-

■ Continued on page 6

# 5 Great Construction Jobs for Veterans

Continued from page 5

struction process, as they will work with other construction specialists such as architects and engineers.

General Contractors may also be required to evaluate and hire sub-contractors for a project. Sub-contractors are companies who perform a specific task such as an electrical company or a cement company.

General contractor positions are great careers for military veterans who held leadership positions during their service. They will be responsible for seeing that all the workers underneath them are performing their duties to meet the goal

## WORK ENVIRONMENT OF GENERAL CONTRACTORS

Being a general contractor requires you to work mostly on the job sites you are overseeing, which can be more than one. As a result of managing multiple projects, some general contractors will be required to travel between job sites.

General contractors, as mentioned above, must be able to work well with other construction professionals, such as engineers, architects and sub-contracting companies.

## HOW TO BECOME A GENERAL CONTRACTOR

Typically, general contractor positions will require a bachelor's degree in management or a construction related field. While many large construction firms prefer general contractors to have a bachelor's degree, it is not the be all end all. Somebody with a high school diploma and years of construction experience may be eligible for the job. There truly is no substitute for experience in the construction industry.

## OUTLOOK FOR GENERAL CONTRACTOR JOBS

According to the Bureau of Labor Statistics, general contractors earned an average salary of \$91,370 as of May 2017. Contractor jobs are expected to grow 11% by 2026, which is faster than the average occupation is expected to grow over that same period.

As a result of the large amount of construction that is expected to take place over the next 10 years, there figures to be plenty of work for general contractors. As older structures and buildings continue to age, they will require upgrades, repairs, and in some cases, complete rebuilds.

There is expected to be a large number of aging general contractors who will be retiring in the coming years. As a result of their retiring, there will be an influx of open positions. It's safe to say general contracting is a great career choice for anyone who is qualified.

## 5.) LAND SURVEYOR

Surveyors collect data, make measurements and determine property boundaries. They examine the shape and contour of the earth's surface to pro-

Land Surveying Equipment

vide information on mapmaking, engineering and construction projects.

Land surveyors may sometimes need to review land survey records and land titles. Traveling is frequently required in land surveying. They prepare plots and maps and present their findings to clients and contracting agencies.

Land surveyors will research and mark legal boundaries of land. Most often this occurs when a house is bought or sold and the property size needs to be documented.

In order to become a land surveyor you will need to be technologically advanced, as they use GPS systems to present maps and visual representations of land. Surveyors also work with many different kinds of engineers consulting on projects.

## WORK ENVIRONMENT OF LAND SURVEYOR JOBS

Being a land surveyor requires both office work and field work. When working outdoors you will be required to work in all different types of weather conditions. You may also be required to walk long distances, stand for long periods of time and climb hills. Some surveyors even work underground in mines.

## HOW TO BECOME A LAND SURVEYOR

To become a land surveyor you will need a bachelor's degree in a relevant field and also a certification in the state you wish to work. Land surveyors must be familiar with technology and advanced math and geography. Some colleges and technical schools offer programs and courses in land surveying.

Most states require you to undergo four years of training under a licensed land surveyor in order to become licensed.

## OUTLOOK FOR LAND SURVEYOR JOBS

According to the Bureau of Labor Statistics the average salary for a land surveyor was \$61,140 as of May 2017. Land surveyors are expected to see their job market grow 11% by 2026, which is much faster than the average occupation is expected to grow over the same period of time.

Surveyors who are versed is several different areas of surveying will have the most opportunities in the future. The surveying job market is closely tied to the construction industry, so as the construction industry continues to grow so will the need for surveyors.

## ROSEVILLE JOINT UNION HIGH SCHOOL DISTRICT

**Please take notice that** the Roseville Joint Union High School District (“District”) is issuing a Request for Proposals (“RFP”) to qualified entities for Lease-Leaseback (“LLB”) services pursuant to Education Code section 17406 to provide construction related services for construction of the West Park High School Phase II (“Project”). The RFP can be obtained on the District’s website at <http://www.rjuhsd.com/domain/16> or from the District’s Facilities Development Department. The award will be to the entity offering the best value to the District, as defined in the RFP.

Proposals shall be delivered to the Facilities Development Department, 2 Tiger Way, Building 2, Roseville, CA 95678 at or before 2:00 p.m. July 14, 2020.

Inquiries regarding this project should be directed to:

**District - Scott Davis, Director of Facilities, Facilities Development Department, 2 Tiger Way #2, Roseville, CA 95678, 916-782-4707, [scdavis@rjuhsd.us](mailto:scdavis@rjuhsd.us).**

**DLR Group – Asawari Dandekar, Architect, AIA, 1050 20th Street, suite 250, Sacramento, CA 95811, 916-446-0206, [adandekar@dlrgroup.com](mailto:adandekar@dlrgroup.com)**

Prequalification in compliance with Public Contract Code section 20111.6 is required for this Project. The Roseville Joint Union High School District is utilizing a web-based process for Pre-Qualification called Quality Bidders. The District’s Prequalification Application is available on the District’s website at <http://www.rjuhsd.com/domain/16>. The Prequalification submission shall be submitted by June 30, 2020.

### CRITICAL DATES

- June 18, 2020, 1:30 p.m. – A mandatory preproposal conference will be held at the Administration Building at West Park High School, 2401 High School Road, Roseville, CA 95747.
- June 30, 2020 – Deadline to submit prequalification applications
- July 2, 2020 – Deadline to submit questions
- July 14, 2020 2:00 p.m. – Proposals due
- July 28, 2020 – (anticipated) interviews Time TBD

### SPECIFIC REQUIREMENTS FOR PREPROPOSAL CONFERENCE

During the mandatory preproposal conference, the following procedures will be in place

1. All attendees will be required to sign in.
2. All attendees will be required to confirm (1) they do not have, and for the prior 48 hours have not had a fever, chills, respiratory symptoms or any other symptoms of COVID-19, (2) within the prior 48 hours they have not come in contact with someone they know to have symptoms of COVID-19, and (3) within the prior two weeks, they have not been to a place where COVID-19 is known to be spreading. Any person who cannot provide all of these confirmation will not be allowed to attend the preproposal conference.
3. All attendees must wear a face mask and observe social distancing to the extent possible.

It is the responsibility of the Proposer to ensure that its representative can meet all of the above requirements.

### PROJECT DESCRIPTION

- The Scope of Work for the Project consists of the following:
  - Increment I - Construction of two 3-story classroom buildings, parking, site work, landscaping and site utilities. Estimated cost of \$52,000,000
  - Increment II & Phase III - Pre-construction services and construction of a Multi-Purpose building and competition swimming pool. Estimated cost of \$31,000,000
  - Post-construction lease of the facilities
- Anticipated Lease-Leaseback award: August 11, 2020
- Estimated Lease Term including Post Construction: 30 months

In accordance with California Labor Code Section 1770 et seq. payment of the appropriate general prevailing rate of wages for all crafts employed on the public works site is required of the Contractor and all subcontractors. No contractor or subcontractor may be listed on a bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)]. No contractor or subcontractor may be awarded a contract for public work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

Compliance with California Education Code Section 45125.1 mandating fingerprinting requirements applies to this project.

# Public Legal Notices

GOLDEN GATE BRIDGE  
HIGHWAY & TRANSPORTATION DISTRICT

## NOTICE TO CONTRACTORS

**NOTICE IS HEREBY GIVEN** that sealed bids will be received by the Office of the Secretary of the District, Golden Gate Bridge, Highway and Transportation District (District) either by U.S. Postal Service addressed to its mailing address, P.O. Box 9000, Presidio Station, San Francisco, CA 94129-0601, or by courier or personal delivery to its office at the Administration Building, Golden Gate Bridge Toll Plaza, San Francisco, CA, on **Tuesday, July 14, 2020, by 2:00 p.m., Pacific Standard Time**, at which time bids will be publicly opened and read in the Board Room of said building for the following:

**CONTRACT NO. 2020-BT-011  
NOVATO BUS FACILITY UNDERGROUND  
STORAGE TANK SITE CLEANUP  
CITY OF NOVATO,  
COUNTY OF MARIN, CALIFORNIA**

This public works project consists of, in general, removing and disposing of diesel contaminated soils from the District's Novato Bus Facility located at 801 Golden Gate Plaza, Novato, CA, 94945.

The site cleanup must be completed within One Hundred Fifty (150) Calendar Days. During construction, the site will be closed to normal bus operations, except that buses and bus operators will use the dispatch building and a portion of the site that will be fenced off from the active work area as shown on the Contract Plans. Approximately one bus per hour will use the site. The contractor must coordinate the work with these bus operations.

**A pre-bid conference will be held on June 24, 2020, at 10:00 a.m., Pacific Time**, at the Novato Bus Facility Dispatcher Building, 801 Golden Gate Plaza, Novato, CA 94945. A job walk through will be conducted immediately after the meeting. While this conference is not mandatory, the **District highly recommends you attend**.

Bidders bidding as the prime contractor shall possess a valid **State of California Class A, General Engineering Contractor's License** with a minimum experience of three (3) similar projects with public agencies in the past five (5) years at the time of Contract award. All subcontractors, if any, shall be properly licensed by the State of California to perform specialized trades and shall have a minimum experience of three (3) similar projects with public agencies in the past five (5) years at the time of Contract award. Pursuant to Public Contract Code Section 4104, each Bid Proposal

must include the name and location of the place of business of each subcontractor who shall perform work or service, or install work for the prime contractor in excess of one-half of one percent (1/2 of 1%) of the bid price.

Bids must be accompanied by a deposit either in the form of cash, a certified or cashier's check, or Bidder's Bond, as described in the Contract Documents, which shall be applied to damages sustained by the District if the successful Bidder fails or refuses to enter into a contract awarded to it.

Bids shall be submitted on the District's **Proposal Forms, including all attachments**, in a sealed envelope and plainly marked with Bidder's name, and contract name and number. The successful Bidder shall furnish a Performance Bond and a Payment Bond in amounts equal to one hundred percent (100%) of the total price of the Contract. Pursuant to Public Contract Code Section 22300, the successful Bidder may submit certain securities in lieu of the District withholding funds from progress payments (retention) during the Project.

The District hereby notifies all Bidders that it is the policy of the District to ensure nondiscrimination on the basis of race, color, national origin, or sex in the award and administration of contracts.

Bidders are strongly encouraged to obtain Disadvantaged and Small Business Enterprise (DBE/SBE) participation on this Project. **DISADVANTAGED BUSINESS ENTERPRISES (DBEs) ARE, BY DEFINITION, CONSIDERED TO BE SBEs, AND ARE COVERED BY THE REFERENCES TO SBEs IN THIS DOCUMENT.** In order to achieve such participation, the District has developed procedures to remove barriers to DBE participation in the bidding and award process and to assist DBEs to develop and compete successfully outside of the DBE Program. These procedures include the establishment of a SBE Element of the District's Diversity Program for Contracts. The District has evaluated subcontracting opportunities for this Contract and determined that such opportunities exist and has established an SBE goal of 13%. Bidders must meet the contract-specific SBE goal or demonstrate good faith efforts to do so. Bidders are encouraged to attend the pre-bid meeting to better understand the applicable DBE/SBE requirements. For DBE/SBE assistance, contact Artemise Davenport, DBE Program Administrator, at (415) 257-4581.

Contractor and all lower-tier subcontractors and suppliers performing covered work shall be required to submit certified payroll and labor compliance documentation to the District electronically using LCP Tracker software.

In accordance with Section 1720 et seq. of the Labor Code, the general prevailing wage rates, as established by the Director of the California Department of Industrial Relations, will ap-

ply to this Contract. Information about prevailing wage rates for this Project is set forth in the Special Provisions. The prevailing wage rates established by the California Department of Industrial Relations are available at <http://www.dir.ca.gov/DLSR/PWD>. Hard copies can be viewed at the District's Engineering Office or requested by mail, addressed to: Prevailing Wage Unit, Division of Labor Statistics and Research, Department of Industrial Relations, P.O. Box 420603, San Francisco, CA 94142.

Bid documents are available at no charge on the District's Procurement Portal at <https://ggbhtd.bonfirehub.com>. In order to download and respond to posted solicitations, Bidders are required to register on the District's Procurement Portal. Once registered, the documents may be downloaded. Click on the "Open Public Opportunities" page, click View Opportunity next to the desired project.

Bid Documents are also available for a non-refundable purchase price of fifty dollars (\$50) for a set of hard copies. Make checks payable to the Golden Gate Bridge, Highway and Transportation District and send it to the address below:

Engineering Department  
Golden Gate Bridge,  
Highway and Transportation District  
P.O. Box 9000, Presidio Station  
San Francisco, CA 94129-0601

Any revision to the Bid Documents will be made by a written addendum and be available on the District's Procurement Portal for download at no charge. Such addendum will become a part of the Bid Documents and be binding on all Bidders. Bidder's receipt of the addendum shall be acknowledged and so noted by each Bidder in the space provided on the Proposal Form. It is the responsibility of Bidder to check the District's Procurement Portal website for any Addenda that may be issued relative to this Contract.

Questions regarding technical information and clarifications shall be submitted in the District's Procurement Portal by clicking on the Opportunity Q & A tab of the message section of the project page. Such submissions shall be sent **no later than eight calendar days before bid opening**. Note that only written clarifications issued by the District are binding on the District. The District will post all pre-bid questions and the District's responses on the District's Procurement Portal website under Reference Number **2020-BT-011**. Bidders are encouraged to check the procurement portal website regularly.

/s/ Ewa Z. Bauer-Furbush, P.E., District Engineer

## DESILVA GATES CONSTRUCTION

11555 Dublin Boulevard • P.O. Box 2909  
 Dublin, CA 94568-2909  
 (925) 829-9220 / FAX (925) 803-4263  
 Estimator: ERIC ALLRED  
 Website: www.desilvagates.com  
 An Equal Opportunity/  
 Affirmative Action Employer

DeSilva Gates Construction (DGC) is preparing a bid as a Prime Contractor for the project listed below:

**2018 ARTERIAL STREET REHABILITATION PROJECT**  
 Along North and South Livermore Avenue  
 Federal Project No. STPL-5053(31)  
 Disadvantaged Business Enterprise Goal Assigned is 16%

**OWNER:**  
 CITY OF LIVERMORE,  
 1052 South Livermore Avenue,  
 Livermore, CA 94550

**Bid Date: JUNE 24TH, 2020 @ 2:30 P.M.**

DGC is soliciting quotations from certified Disadvantaged Business Enterprises, for the following types of work and supplies/materials including but not limited to:

**ADJUST IRON, COLD PLANE, CRACK SEALING, MINOR CONCRETE, ROADSIDE SIGNS, STRIPING, SWPPP/WATER POLLUTION CONTROL PLAN PREPARATION, TRAFFIC CONTROL SYSTEMS, TRAFFIC CONTROL/ENGINEER, TRUCKING, WATER TRUCKS, STREET SWEEPING, HOT MIX ASPHALT (TYPE A) MATERIAL.**

Plans and specifications may be reviewed at our offices located at 11555 Dublin Boulevard, Dublin, CA or 7700 College Town Drive, Sacramento, CA, or at your local Builders Exchange, or reviewed and downloaded from the ftp site at ftp://ftp%25desilvagates.com:f7pa55wd@pub.desilvagates.com (if prompted the username is ftp@desilvagates.com and password is f7pa55wd) or from the Owner's site at http://www.sfoconstruction.com/

Fax your bid to (925) 803-4263 to the attention of Estimator Eric Allred. If you have questions for the Estimator, call at (925) 829-9220. When submitting any public works bid please include your DUNS number and DIR number. For questions regarding registration for DIR use the link at www.dir.ca.gov/Public-Works/PublicWorks.html

If you need DBE support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (http://californiasbdc.org) or contact the California Southwest Transportation Resource Center (www.transportation.gov/osdbu/SBTRCs). DGC is willing to breakout portions of work to increase the expectation of meeting the DBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PREVALING WAGE JOB. DGC is an Equal Opportunity/Affirmative Action Employer.

## GOLDEN GATE CONSTRUCTORS

11555 Dublin Boulevard  
 Dublin, CA 94568-2909  
 Phone: (925) 829-9220  
 Estimator: MICHAEL GATES  
 Website: www.desilvagates.com

Golden Gate Constructors (GGC) is preparing a bid as a Prime Contractor for the project listed below:

**CONSTRUCTION MANAGER/ GENERAL CONTRACTOR SERVICES FOR THE AIRFIELD IMPROVEMENT PROGRAM 2020/2021**  
 Contract No. 11656.71

**OWNER:**  
 CITY AND COUNTY OF SAN FRANCISCO  
 San Francisco International Airport  
 674 West Field Road, San Francisco, CA 94128  
**BID DATE: JUNE 24, 2020 @ 12:00 P.M.**

We hereby encourage responsible participation of certified Disadvantaged Business Enterprises, and solicit their subcontractor or materials and/or suppliers quotation for the following types of work including but not limited to:

**COLD PLANE, CONSTRUCTION SITE MANAGEMENT, CPM SCHEDULING CONSULTANT, ELECTRICAL, EMULSION SUPPLIER, MINOR CONCRETE STRUCTURE, PAVEMENT GROOVING, SITE SECURITY, STRIPING, SURVEY/STAKING, SWPPP/WATER POLLUTION CONTROL PLAN PREPARATION, TESTING, UNDERGROUND, TRUCKING, WATER TRUCKS, STREET SWEEPING, AGGREGATE BASE MATERIAL, HOT MIX ASPHALT (TYPE A) MATERIAL.**

Plans and specifications may be reviewed at our offices located at 11555 Dublin Boulevard, Dublin, CA or 3855 North Freeway Boulevard, Suite 100, Sacramento, CA 95834, Sacramento, CA, or at your local Builders Exchange, or reviewed and downloaded from the ftp site at ftp://ftp%25desilvagates.com:f7pa55wd@pub.desilvagates.com (if prompted the username is ftp@desilvagates.com and password is f7pa55wd) or from the Owner's site at http://www.sfoconstruction.com/

Fax your bid to (925) 803-4263 to the attention of Estimator Michael Gates. If you have questions for the Estimator, call at (925) 829-9220. When submitting any public works bid please include your DUNS number and DIR number. For questions regarding registration for DIR use the link at www.dir.ca.gov/Public-Works/PublicWorks.html

If you need support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (http://californiasbdc.org) or contact the California Southwest Transportation Resource Center (www.transportation.gov/osdbu/SBTRCs). GGC is willing to breakout portions of work to increase the expectation of meeting the DBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PREVALING WAGE JOB. GGC is an Equal Opportunity/Affirmative Action Employer.

SMALL BUSINESS EXCHANGE

### INVITATION TO BID

Request for Quotes from Certified DBE Subcontractors and Suppliers

Project: Route 5 Alicia to El Toro  
 Contract No. 12-0K0234

Owner: Department of Transportation (CALTRANS)

**BID SUBMITTAL DATE: June 30, 2020 at 2:00 PM**  
 Federal-Aid Project STPLN-6212(024)

Request for quotes from Certified DBE's Subcontractors and Suppliers for the following, but not limited to scopes of work: Aggregate Supply, Asbestos Removal, Asphalt Dike, Asphalt Paving, Bridge Demo, Building Survey, CIDH Pile, Clear and Grub, Cold Plane AC, Concrete (Ditch Lining), Concrete Barrier, Concrete Supply, Construction Area Signs, Demolition, Drill and Bond Dowel, Driven Pile, Electrical, Erosion Control, Fencing, Formliner Supply, Furnish and Erect Precast Girders, Grind Existing Pavement, Guardrail, Hydroseeding, Joint Seal, Joint Seal Assembly Supply, Landscape and Irrigation, Masonry, Minor Concrete, Misc. Iron and Steel Supply, Misc. Metals Supply, Noise Monitoring, Overhead Signs, PCC Material Supply, Pipe Supply, Pre/Post Construction Survey, Prestressing, QC Testing, Railing, Ready Mix Concrete Supply, Reinforcing Steel, Roadside Signs, Rock Slope Protection, Saw and Seal PCC, Shotcrete, Slope Paving, Steel Pile Supply, Street Sweeping, Striping, Underground, Vibration Monitoring.

**PLEASE SUBMIT QUOTES BY FAX TO (760) 471-4860 OR EMAIL TO SoCalBids@FlatironCorp.com**

Plans and specifications are available, at no cost from Caltrans website: <http://ppmoe.dot.ca.gov/des/oe/weekly-ads/specs-ntb.php?c=12-0K0234> (Registration Required). Additionally, plans and specifications are available at Flatiron's San Diego, CA and Chino Hills, CA offices. Please call to make an appointment to view plans and specifications.

This project has a 13% DBE Goal. In addition to request for participation from Certified DBE subcontractors and suppliers, Flatiron requests non-DBE subcontractors to provide lower-tier DBE subcontractor and/or supplier participation. Bidders are required to indicate lower-tier DBE participation, as it will be evaluated as part of their quote.

Flatiron analyzes and considers each DBE quote, including those that are broken down into economically feasible units to facilitate bidding. Assistance in obtaining bonding, lines of credit, insurance, equipment, supplies and materials is available upon request. Additionally, please contact us if you require technical assistance.

**Quotations must be valid for same duration as specified by Owner for contract award.**

Subcontractors are required to possess and maintain a current contractor's license and must also be registered with the Department of Industrial Relations (DIR) as required by Public Contract Code Section 1725.5. Subcontractors will be required to execute Flatiron's Standard Subcontract Terms and Conditions and insurance requirements. A copy of our Standard Subcontract Terms and Conditions is available in electronic format upon request.

Bond Requirements: Notwithstanding any contrary language in a bid to Flatiron or any prior course of dealing between Flatiron and a bidder, and unless waived in writing by Flatiron, Flatiron reserves the right to require each bidder to provide payment and performance bonds assuring bidder's obligations to Flatiron in the amount of 100 percent of the bid to Flatiron. Flatiron will reimburse the bond premium at actual cost not to exceed 3%. The surety on the bonds must be a California admitted surety. WE ARE AN EQUAL OPPORTUNITY EMPLOYER.
