Washington, D.C. Takes No. 1 Spot on EPA's Energy Star Top Cities List

The U.S. Environmental Protection Agency (EPA) released its seventh-annual list of the top 25 U.S. metropolitan areas with the most Energy Star certified buildings in 2014. This year, Washington, D.C., debuts in the top spot with 480 buildings. EPA's Energy Star Top Cities list shows how cities across America, with help from Energy Star, are embracing energy efficiency as an effective way to save money and reduce greenhouse gas emissions that fuel climate change.

"Cities across the country are saving billions every year through partnering with our Energy Star program and increasing energy efficiency, while doing their part to reduce harmful greenhouse gas emissions that fuel climate change," said EPA Administrator Gina McCarthy. "This is the type of leadership we need from city leaders and building owners who are demonstrating that increasing energy efficiency strengthens local economies, reduces greenhouse gas emissions, and helps preserve a healthy planet for future generations."

More than 25,000 buildings across America have earned EPA's Energy Star certification since 1999. The buildings have saved nearly \$3.4 billion on utility bills and prevented greenhouse gas emissions equal to the emissions from the annual electricity use of nearly 2.4 million homes.

Energy use in commercial buildings accounts for 17 percent of U.S. greenhouse gas emissions at a cost of more than \$100 billion per year. Energy Star certified buildings are verified to perform better than 75 percent of similar buildings nationwide, and they use an

average of 35 percent less energy and are responsible for 35 percent fewer emissions than typical buildings. Many common building types can earn the Energy Star, including office buildings, K-12 schools, hotels, and retail stores.

The program starts with tools to help building owners or managers understand how their buildings are currently performing and what to aim for in terms of improvements. A typical upgrade includes the following: tuning up the building systems; reducing lighting loads; reducing supplemental loads (e.g., equipment, wasteful behaviors, leaky windows, poor insulation, etc.); improving air distribution systems; and making upgrades to heating and cooling equipment. The stages, when followed in order, account for the interactions between different building systems. For example, replacing heat-producing incandescent bulbs with cool CFLs or LEDs will mean that a building's air conditioner won't have to work as hard in the summer months, so a building may be able to downsize its cooling system based on the new lighting's heat output. Another benefit of the five-stage approach is that it ensures the lowest-cost measures are tackled first. As organizations progress through the five stages, they can roll their cost savings into larger and larger investments, culminating in the last, most expensive stage. By the time organizations start making upgrades to heating and cooling equipment, they typically have already amassed substantial cost savings from previous lower-cost improvements.

To create the annual top cities list, EPA tallies the number of Energy Star certified buildings for the end of the previous year within each metropolitan area, as defined by the U.S. Census. These areas include the city itself as well as surrounding towns and suburbs.

Energy Star is the simple choice for energy efficiency. For more than 20 years, people across America have looked to EPA's Energy Star program for guidance on how to save energy, save money, and protect the environment. Behind each blue label is a product, building, or home that is independently certified to use less energy and cause fewer of the emissions that contribute to climate change. Today, Energy Star is the most widely recognized symbol for energy efficiency in the world, helping families and businesses save \$300 billion on utility

California Sub-Bid Request Ads

BROSAMER & WALL, INC.

An Equal Opportunity Employer
is requesting quotations from all qualified
DBE

Professional services, sub-contractors and/or material suppliers for the following project:

Contra Costa County
ORWOOD ROAD BRIDGE REPLACEMENT
County # **0662-6R4076 / Federal Project # BRLO 5928(045)**
Bid Closing Date: April 7, 2015 @ 2:00 PM

Brosamer & Wall Inc.

1777 Oakland Blvd, Suite 110 • Walnut Creek, California 94596
PH: 925-932-7900 • FAX: 925-279-2269

Contact: **Robert Rosas**

PROJECT SCOPE:

The work includes but is not limited to the removal of the existing Orwood Road Bridge and construction of a 42 foot wide replacement bridge in two stages to accommodate existing traffic. The new structure will be approximately 210 foot long, three-span precast, pre-stressed voided slab superstructure supported by 6-foot diameter CIDH piles. The approach roadways will be reconstructed and will include concrete retaining walls adjacent to the EBMUD aqueduct right of way. A temporary traffic signal will be used for the single lane traffic control during the staged construction project. 360 working days and other miscellaneous work.

Note: This project includes a Buy America Clause and a Project Labor Agreement.

Please contact Robert Rosas @ rrosas@brosamerwall.com to view plans and specifications.

Subcontractors and Suppliers being solicited include but not limited to:

Office Trailers Rental, Construction Staking, Progress Schedule (CPM), Contractor Quality Control, Temporary Portable Light Towers, Temporary Access Road, Temporary Turnaround, Temporary Alternative Crash Cushion (Narrow), Traffic Control System, Type III Barricade, Temporary Pavement Marking (Paint), Temporary Traffic Stripe (Paint), Channelizer (Surface Mounted), Temporary Signal and Lighting System, P.C.M.S., Temporary Railing (Type K), Temporary Crash Cushion Module, Construction Site Mgmt., Prepare SWPPP, Rain Event Action Plan, Storm Water Sampling and Analysis Day, Storm Water Annual Report, Temporary Hydraulic Mulch, Temporary Hydro-seed, Temporary Drainage Inlet Protection, Temporary Fiber Roll, Temporary Construction Entrance, Street Sweeping, Temporary Concrete Washout, Asbestos Compliance Plan, Temporary Fence (Type ESA), Treated Wood Waste, Remove Wood Fence, Remove Abandoned Vault, Remove Potable Water Facility, Remove Electrical Facility, Remove Wood Bollards, Remove Wall, Abandon Utility Conduit, Remove Chain Link Fence, Remove Chain Link Gate, Remove Metal Beam Guard Railing, Remove Irrigation Facility, Remove Roadside Sign, Remove Curb, Remove Retaining Wall (Wood), Salvage Roadside Sign, Reset Mailbox, Relocate Roadside Sign-One Post, Adjust Valve Box Frame and Cover to Grade, Adjust Utility Cover to Grade, Cold Plane Asphalt Concrete Pavement, Clearing and Grubbing, Develop Water Supply, Roadway Excavation, Imported Borrow, Weed Control Mat (Fiber), Maintain Existing Planted Areas, Hydro-mulch, Fiber Rolls, Hydro-seed, Temporary Aggregate Base (Class 2), Class 2 Aggregate Base, Temporary Hot Mix Asphalt (Type A), Hot Mix Asphalt (Type A), Place Hot Mix Asphalt Dike (Type E and Type F), Temporary Mechanically Stabilized Embankment, Minor Concrete, Furnish Single Sheet Aluminum Sign, Roadside Sign-One Post, Reinforced Concrete Pipe, Drainage Inlet Marker, Rock Slope Protection, Minor Concrete, Manhole Frame and Cover, Inlet Frame and Grate, Temporary Fence, EBMUD Wood Fence, EBMUD Type 2 Gate, Temporary Fence, Survey Monument, Guard Railing Delineator, Object Marker, T-Intersection MBGR System, Alternative Crash Cushion, M.B.G.R., Concrete Barrier (Low Profile), Alternative In-Line Terminal System, Transition Railing (Type WB), Alternative Flared Terminal System, End Cap, End Anchor Assembly, Concrete Barrier (Type 732B), Thermoplastic Traffic Stripe, Type D Two-Way Pavement Marker (Retro-reflective), Structure Excavation, Structure Backfill, Pervious Backfill Material, CIDH Concrete Piling, Structural Concrete, Retaining Wall, Architectural Treatment, Rebar, Prepare and Stain Concrete, Metal Bicycle Railing, Cable Railing, Concrete Barrier (Type 732A), Vibration Monitoring, Aqueduct Condition Survey and Reporting, Temporary Construction Trestle, Hydro-acoustic Sound Level Control, Bridge Removal, Structure Excavation, Structure Backfill, CIDH Concrete Piling, Structural Concrete, Furnish Precast Pre-stressed Concrete Slab, Erect Precast Concrete Girder, Joint Seal, Rebar (Bridge), Geo-composite Drain, Welded Steel Pipe Casing, Metal Bicycle Railing, Cable Railing, Plastic Pipe, Trucking, Portable Toilets, Concrete Supply and Placement.

Requirements: Brosamer & Wall, Inc. will work with interested subcontractors/suppliers to identify opportunities to break down items into economically feasible packages to facilitate DBE Participation. Brosamer & Wall, Inc. is a union signatory contractor. Subcontractors must possess a current contractor's license, insurance coverage and worker's compensation for the entire length of the contract.

All subcontractors will be required to sign our standard Subcontract Agreement. 100% payment and performance bonds may be required. If you have any questions regarding this project or need assistance in obtaining insurance, bonding, equipment, materials and/or supplies please call (925) 932-7900.

Plans and specifications can be at our office located at 1777 Oakland Blvd Suite 110, Walnut Creek, Ca. 94596 or at the Public Works Department Contra Costa. Rich Building at 255 Glacier Drive, Martinez, CA. We will try to make plans electronically. Brosamer & Wall, intends to work cooperatively with all qualified firms seeking work on this project. We are an equal opportunity employer and will work with any interested subcontractor to identify opportunities to break items into economically feasible packages. AN EQUAL OPPORTUNITY EMPLOYER.

Proven Management, Inc.

REQUEST FOR BIDS & NOTICE OF INTEREST

The Solis Group is bidding on the following project as a prime contractor:

As-Needed Labor Compliance Consultant Services for the County of Los Angeles

Department of Public Works

Bid Date: April 1, 2015 at 3pm

The Solis Group (TSG) is seeking qualifications from locally based certified minority firms-disabled veterans (DVBEs), disadvantaged business enterprises (DBEs), and minority and women-owned business enterprises (MBEs and WBEs)-and other subcontractors for the following work:

- Labor Compliance Analyst
- Staff Assistant

Scope of work for the above positions is expected to include compliance monitoring, audits, compliance enforcement, labor compliance meetings, Local Worker Hiring Program coordination, certified payroll systems, training/assistance, administrative duties, and reports.

Experience providing similar services directly to local agencies, cities, and/or counties is preferred.

This proposal is in alignment with the County's Community Business Enterprise (CBE) Program requirements.

In addition, TSG can provide assistance to firms in obtaining required bonds, lines of credit, insurance, and/or necessary equipment, supplies, and materials. No plans are available but the RFP can be provided, if needed.

TSG intends to conduct itself in good faith in regards to all firms. Interested businesses should email a one-page firm overview with L.A. County and relevant experience with DVBE, DBE, MBE, and/or WBE proof of certification to robinson@thesolisgroup.com.

Invitation to Bid from certified **MBE, WBE, and HUBZone Small Business** Subcontractors, Material and/or Suppliers, and Professional Services for:

REPLACE 13TH STREET BRIDGE
VANDENBERG AIR FORCE BASE, SANTA BARBARA COUNTY, CA
Solicitation No. W9122PL-15-R-0012; Project No. XUMU131026B
OWNER: U.S. Army Corps of Engineers, Los Angeles District
LOCATION: Santa Barbara, CA
COUNTY: Santa Barbara County
BID DEADLINE: Wednesday, April 15, 2015
DBE Goal: Each Trade: 19.7%; Female: 6.9%

Quotes for Services & Supplies requested for the following items for bid including, but not limited to: Dewatering, AC Paving, Reinforcing Steel, Shoring/Sheeting, Striping/Pavement Markings, Metal Beam Guard Rail, Landscaping/Irrigation, Bridge Demolition, Erosion Control, Fencing, CIDH Pile, Electrical, SWPPP

Opportunities for quotations will be needed throughout the life of the project. Terms and conditions should be made part of the quotations.

100% performance and payment bonds may be required for the full amount of the subcontract price. Pulice Construction, Inc. will assist with obtaining bonding, lines of credit, insurance by encouraging the DBE to work with state supportive services programs. All responsive subcontractors must possess a current contractor's license, insurance, and worker's compensation coverage complying with Pulice Construction, Inc. requirements and will be required to sign the standard Subcontract Agreement

Pulice Construction, Inc. will analyze and consider each DBE quote received, including those that are broken down into economically feasible units to facilitate bidding. Quotes must be valid for the same period of time as specified by Owner for contract award. Any conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing.

Required Form(s): Plans and Specifications available online at www.pulice.sharefile.com. Send DBE certification (CUCP) with quote. Non DBE- Subs/Suppliers: Indicate 2nd tier DBE participation offered on your quotation as it will be evaluated with your price.

Pulice Construction, Inc. is committed to ensuring that DBE has the maximum opportunity to successfully perform on this project, and to making good faith efforts to achieve the DBE goal.

Alternative Investing Diversity is Good Business, Period

By Javier Saade

Last week, Administrator Maria Contreras-Sweet addressed 500 investors, fund managers, foundations, government officials, industry groups and others in the principal investing ecosystem as a featured speaker at the Sponsors for Educational Opportunity's (SEO) Alternative Investment event in New York City. SEO provides education, exposure, training and mentoring to talented professionals traditionally underrepresented in the alternative investments sector. The Small Business Investment Company (SBIC) program's 300 funds are all alternative investing fund managers, so the venue and gathering was fitting. SBIC is a public private partnership that has worked since 1958 and as the face and demographic composition of our great country changes, so should the face of those that are fiduciaries that capitalize the small companies funds invest in.

The Administrator stressed the importance of focusing the pipeline of talent to deserving and accomplished young people who need that first foot in the door, regardless of background. She also highlighted how having diverse voices and perspectives at the table are not only a good thing but is, more importantly, good business. Contreras-Sweet said: "...there really is no substitute for a seat at the table, especially at the table where capital allocations are decided..." It's hard for anyone to disagree with that.

Interestingly, a New York Times article a few weeks ago that analyzed the gender composition of those who lead S&P index large companies found that there are fewer women running big companies than men named "John". A reality that is analogous in the investing world hence the imperative that investment dollars flow to the best of the best, no matter the race or gender of the person in charge. It is estimated that about 10 percent of senior roles in private equity firms nationwide are occupied by women.

Other prominent speakers at the conference included Dick Parsons, past Chairman of Citibank and Time Warner; Kara Stein, SEC Commissioner; Henry Kravis, Co-Chairman KKR; Richard Perry, CEO Perry Capital; Kelly Williams, President GCM Grosvenor, and General David H Petraeus, former Director of the CIA. The commitment and focus of these and other folks who attended the conference is expected to continue driving the results we all share in achieving.

There were numerous breakout panels at the conference which featured folks from OPIC, NYS Common Retirement Funds, CalPERS, Office of the NYC Comptroller, TPG, Oaktree Capital,

An Equal Opportunity Employer

Kiewit Infrastructure West Co.

Request for Subcontractors, Consultants, Professional Service Firms, and Material Vendors/Suppliers Quotes from Minority Business Enterprise (MBEs), Women Business Enterprises (WBEs), Small Business Enterprises (SBEs), Small Businesses in a Rural Area (SBRA), Labor Surplus Area Firms (LSAF), Historically Underutilized Business (HUB) Zone Small Businesses, and all Other Business Enterprises (OBES).

Project Owner: Carlsbad Municipal Water District
Project Name: Design Build Services for the Carlsbad Water Recycling Facility Phase III Expansion
Project Location: Carlsbad, California
Project Bid Date: April 9, 2015 @ 2:00PM PST
Subcontractor/Supplier Quotes Due: April 3, 2015 @ 2:00PM PST

Project will be funded in whole or in part by funds from the Clean Water State Revolving Fund (CWSRF) Program and the Project is subject to the guidelines for Meeting the Clean Water State Revolving Fund (CWSRF) Program Disadvantaged Business Enterprise (DBE) Requirements

The Carlsbad Water Recycling Facility (CWRf) currently produces up to 4.0 MGD of tertiary recycled water using 2 treatment trains that consist of micro-filtration and granular media filtration. This Project generally involves design, construction, start-up and commissioning of treatment facilities to expand the capacity of the CWRf with an additional 3.0 MGD of tertiary recycled water. The main elements of the project include the supply and installation of 3.0 MGD of pressurized MMF units, 3 MMF feed pumps, a chlorine contact basin, buried piping and enhancements to the existing GMF system to improve filtration.

Kiewit is requesting quotes in the areas described, but not limited to:

Piping Supply, AC Paving, Ready-Mix Concrete, Concrete Pumping, Saw Cutting, Rebar Installation, Miscellaneous Metals, Metal Roofing, Instrumentation/Electrical Subcontractors, CMU/Masonry, Demolition, Process Equipment Supply, Aggregates, Excavation Support and Protection, Paintings and Coatings, Quality Control, Survey, Trucking and Hauling, Dumpster/Trash Service

All responsive Subcontractors must possess a valid California Contractor's license and provide acceptable insurance. Responsible bidders will be expected to provide bonding for 100% of their contract value. Bond premium will be reimbursed by Kiewit. Firms performing on-site work must be signatory to the appropriate union labor agreements that govern their work. Subcontractors, Consultants, Professional Service Firms, and Material Vendors/Suppliers must be able to accept all terms and conditions of the project under its resultant agreement.

Kiewit intends to conduct itself in good faith with all DBEs and all other business enterprises regarding participation on this project. For further information or questions regarding this DB project, to discuss your specialty or scope of work, the requirements of the contract, licensing, project scheduling, insurance or bonding, please contact our staff below. Copies of all project documents are available for review at the address listed below or through SmartBidNet by contacting Kiewit.

California Sub-Bid Request Ads

SKANSKA

Sub-Bids Requested From Qualified D/S/LBE Subcontractors & Suppliers

Transbay Transit Center – Tenant Improvements
Transbay Joint Powers Authority/ Webcor Obayashi Joint Venture
Contract No.: Bid Build – 08-04-CMGC-000, pkg. no. TG16.0
DBE/SBE/LBE Goal: 19%
Subcontractor Quote Due Date: April 15, 2015 - 12:00PM

Skanska is interested in soliciting in Good Faith all subcontractors as well as certified D/L/SBE companies for this project. All interested subcontractors, please indicate all lower tier D/L/SBE participation offered on your quotation as it will be evaluated with your price. Please call if we can assist you in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. Skanska will also review breaking out scope packages and adjusting schedules to help permit maximum participation.

Quotes requested for contractors, suppliers and service providers include, but are not limited to:

Subcontracting: Concrete masonry units, metal framing, drywall, building insulation, penetration fire-stopping, toilet accessories, miscellaneous metals for own work, bird deterrent, ballistic resistant panels, acoustic ceiling tiles, acoustic wall treatments, tile, tile carpeting, resilient base, painting, site paints, high performance coatings, doors, frames, hardware, low voltage wiring for own scope of work, interior architectural woodwork, countertops, prefabricated buildings, photo-luminescent exit accessories (PLEA), and final cleaning on complex projects.

Instructions for bidders: For information on plans and specs and/or receive an Invitation to Bid, please submit your information to lindsay.corotis@skanska.com. Plans and Specs are also available at several locations throughout California. For project documents, visit <http://transbaycenter.org/rfp/interiorsfinishes>. For any questions, contact Skanska at (510) 285-1885 or email to lindsay.corotis@skanska.com

Subcontracting Requirements:

Skanska's insurance requirements are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products & completed operations agg. and general agg.; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., and a Waiver of Subrogation (GL & WC). Other insurance requirements may be necessary per scope. Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract by an admitted surety and subject to approval by Skanska. Skanska will pay bond premium up to 1%. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing.

There is a PLA agreement for this job. It can be found at:

<http://transbaycenter.org/tjpa/doing-business-with-the-tjpa/project-labor-agreement>. Skanska is signatory to the Laborers and Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract. Subcontractor scope (including any conditions or exceptions) is required 24 hours prior to bid deadline to allow proper evaluation.

Alternative Investing Diversity is Good Business, Period

Prudential, Colony Capital, Warburg Pincus, Washington State Investment Board, Apollo, CCPM Capital, Marathon Asset Management, WL Ross, IFC Asset management and many others. The discussions were wide-ranging and covered the investing landscape, diversification of assets, credit market perspectives, career opportunities and advice. I was honored to participate in a panel that focused on Environmental, Social and Governance, key factors in measuring the sustainability and ethical impact of an investment in a company or business and questions surrounding perspectives about

concurrent intentional social and financial gains via mission driven constructs, purposeful asset allocation and impact investing. We discussed the SBIC's Impact Investment Fund and SBA's plans to continue supporting this still niche and nascent area which focuses on driving capital to where investment gaps are widest.

We look forward to next year's event and continuing to work and achieve results in this critical area.

Public Legal Advertisers: The Small Business Exchange gives you more coverage and better results

**The best way to reach the African American,
Chinese and Hispanic communities**

Resolution 242-12: On June 28, 2012 San Francisco Board of Supervisors designated the Small Business Exchange newspaper as a minority outreach newspaper for the following communities for FY 12-13: African American, Chinese, Hispanic.

And the best return on your advertising dollar

The Small Business Exchange assists public agencies in buying goods and services through economic downturns and budget cuts by offering lower advertising rates and cost-efficient value-added services.

Advertise in the Small Business Exchange and receive these benefits:

- Targeted distribution by industry, location, focus group(s) from our comprehensive and constantly updated 1.5 million business-to-business database.
- Our multi-channel distribution system delivers your message via print, email and online for maximum exposure.
- More bidders, which reduces the cost of goods and services to purchase.
- Wider and more diverse business participation.
