## SBA Helps Veterans Start, Grow and Expand Small Businesses

WASHINGTON – As the nation marks Veterans Day 2012, the U.S. Small Business Administration continues to build on its successful programs for America's military veterans, helping tens of thousands of veterans each year with small business financing, comprehensive business training and counseling and access to federal contracts.

"Around Veterans Day, our thoughts turn to the men and women who are currently serving in the Armed Forces, as well as to all veterans who have made sacrifices and served our country over the years," said SBA Administrator Karen Mills. "When you consider the leadership and management skills our veterans develop while on active and reserve duty, it's no wonder we see so many of them choose the path of small business ownership."

According to data from the U.S. Census Bureau veterans are successful small business owners. Nearly one in 10 small businesses nationwide are veteran-owned. Collectively, these 2.4 million small businesses employ almost 6 million Americans and generate more than \$1 trillion in receipts. In the private sector workforce, veterans are 45 percent more likely than those with no active-duty military experience to be self-employed.

SBA supports veteran business owners through entrepreneurial training and mentoring, access to capital, and business development opportunities through government contracts.

### Entrepreneurial Development

This year SBA partnered with the Department of Veterans Affairs and the Department of Defense to develop a national entrepreneurship training program for transitioning service members as part of the new Transition Assistance Program. Operation Boots to Business: From Service to Startup was piloted with all four branches of the services in summer and fall 2012. The Boots to Business program will be rolled out during 2013 providing exposure to entrepreneurship training to all 250,000 service members who transition from active duty to civilian life each year.

In a closely related effort, SBA and Syracuse University continue to expand the success of the Entrepreneurship Boot Camp for Veterans with Disabilities program. The growing partnership between SBA and Syracuse University, now in its fourth year, provides training on how disabled vets can start and grow

a small business, with programs targeted to service-disabled veterans who served in Iraq and Afghanistan and their family caregivers, women veterans, and National Guard and Reserve members and their families. Since 2009, the first year SBA partnered with Syracuse University, 434 service-disabled veterans have participated in the program.

Participating schools include: Syracuse University, University of Connecticut, UCLA, Florida State University, Texas A&M University, Purdue University, Louisiana State University, and Cornell University.

SBA is also providing \$2.6 million through a cooperative agreement over three years for two programs; Women Veterans Igniting the Spirit of Entrepreneurship (V-WISE), that focuses on training, networking and mentorship for women veterans, and Operation Endure & Grow, targets National Guard and Reserve component members, their families and partners.

### Access to Capital

In FY 2012, SBA backed more than 3,200 loans supporting nearly \$2.1 billion in financing to more than 2,800 Veteran-Owned Small Businesses (VOSBs) through its flagship 7(a) and 504 loan programs, including \$118 million through the Patriot Express Loan program. Patriot Express loans offer many advantages to veterans and to SBA's network of participating lenders nationwide. They feature one of SBA's fastest turnaround times for loan approval and an enhanced guaranty and interest rate on loans up to \$500,000 to small businesses owned by veterans, reservists and their spouses. Patriot Express loans can be used for most business purposes, including startup, expansion, equipment purchases, working capital, inventory or business-occupied real-estate purchases.

### Government Contracting

The Service-Disabled Veteran-Owned Small Business Concern Procurement Program allows federal agencies to set acquisitions aside for exclusive competition among service-disabled veteran-owned small business concerns. Federal prime contracting dollars awarded to Service-Disabled Veteran-Owned Small Businesses (SDVOSBs) increased for the fifth consecutive year to \$11.2 billion, or 2.65 percent, in FY2011, up from \$10.793 billion, or 2.50 percent, in FY2010.

## SBA Helps Veterans

Continued from page 1

Over the last year, SBA has created a series of online contracting courses called Government Contracting (GC) Classroom to help prospective and existing small businesses, including VOSBs and SDVOSBs, understand the basics about contracting with federal agencies. In addition, the Office of Veteran's Business Development provides procurement training to SDVOSBs to help them take advantage of federal contracting opportunities under the Service-Disabled Veteran-Owned Small Business Concern Procurement Program.

SBA reaches out to veterans through its 68 SBA district offices, 15 Veterans Business Outreach Centers nationwide, more than 1,000 Small Business Development Centers, 110 Women's Business Centers and some 12,000 SCORE volunteers, more than 40 percent of whom are veterans. SBA also has numerous programs creating government contracting opportunities for VOSBs. For more information, visit [www.sba.gov/vets](http://www.sba.gov/vets) and [www.sba.gov/reservists](http://www.sba.gov/reservists)

## UNIVERSITY OF CALIFORNIA SAN FRANCISCO

### ADVERTISEMENT FOR DESIGN BUILDER TEAM PREQUALIFICATION

Subject to conditions prescribed by the University of California, San Francisco (University), responses to the University's Prequalification Documents for a Design Build contract are sought from proposers for the following project:

#### MB HDFCRB 4TH FLOOR BUILD OUT Project No.: M9474

#### UNIVERSITY OF CALIFORNIA, SAN FRANCISCO

#### Prequalification of Prospective Design Builders

The University's primary objective in utilizing the design build approach is to bring the best available integrated design and construction experience to this project. The University has determined that proposers who submit proposals on this project must be prequalified. Prequalified proposers will be required to have the following California contractor's license: **GENERAL BUILDING CONTRACTORS - B**

The Design Build contract will require the successful Design Builder, hereinafter referred also as "Proposer", to provide both design and construction services. The Design Build Team will be a team consisting of at least the following: Architect of Record and General Contractor (Proposer). The Proposer may be a construction company with appropriate qualified designers and must, in any event, hold a General Contractor's license. In such cases, each member of the Proposer shall submit project experience as required below unless otherwise noted. Additionally, each firm shall comply with the laws of the State of California applicable to such firms. All information required herein shall be submitted within the following parameters:

(1) the Proposer shall hold all required licenses; and (2) the Proposer shall be the financially responsible entity for bonding and insurance.

UCSF is looking for Design Build teams which can provide excellence in the design of office buildings and interior environments, superior construction performance, and demonstrated experience utilizing collaborative and/or integrated project delivery strategies. Evidence of contextual design abilities is required. Design Build teams must demonstrate an understanding of a variety of office design strategies, which can be used to achieve a highly efficient and collaborative office environment.

#### General Description of Work

This Design Build Team shall design and construct an interior build-out of the 4th floor of a building completed in 2009, approximately 22,000 gross square feet. This project will house offices and L-occupancy research (wet) laboratories for faculty working in the Helen Diller Cancer Research Building on the UCSF Campus Mission Bay location. The existing building is a five-story building, and all other floors are builtout and fully occupied. The fifth floor above this project is an occupied Vivarium. The third floor is occupied by a similar wet laboratory & office configuration to this project.

Projects of similar scope and complexity will involve design & construction of new L-occupancy research laboratory space, in-patient medical space, or substan-

tial renovation of L-occupancy research laboratory space or in-patient medical space.

The site is in a developed research campus bordered on two sides by city streets and on other sides by existing surface parking lots. Bridging documents prepared by Oculus Architects to illustrate the University's space program, performance goals for the building, and site layout will be provided with the proposal documents.

The estimated construction cost is approximately \$14,000,000. The maximum acceptance cost will be established when the Request for Proposal (RFP) is issued. The tentative start dates for the design and construction are as follows:

Design – start February 2013

Construction – start Q2 2013; –12-14 months duration

The start dates, durations and maximum acceptance cost will be further clarified in the RFP.

#### Prequalification Process

The prequalification process will result in the selection of finalists who will be prequalified and will be issued Request for Proposal (RFP) documents for this Project. The prequalified proposers will submit price and technical proposals. The technical proposals will be scored according to an established scoring system.

The price will be divided by the score to determine a price per technical point. The prequalified proposer submitting the lowest price per technical point will be the apparent low proposer for the Project.

#### Prequalification Schedule

Prequalification Documents will be available beginning **November 9, 2012 at 12:00 PM** by requesting via e-mail to [prequal@ucsf.edu](mailto:prequal@ucsf.edu) with the following information: Company name, address, phone and email address. Please reference Project No. M9474 in the subject line.

Any questions or requests for clarification or interpretation of the Prequalification Documents must be submitted in writing to **Patrick, McGee**, Project Manager – Capital Programs, UCSF Capital Programs, at email address ([Patrick.McGee@ucsf.edu](mailto:Patrick.McGee@ucsf.edu)) by **12:00 PM, November 21, 2012**. Questions received after the above-noted deadline may be answered at the discretion of the University.

Any person or entity not satisfied with the outcome of the prequalification must file a writ challenging the outcome within 10 calendar days from the date of the University's written notice regarding prequalification determination. Any assertion that the outcome of the prequalification process was improper will not be a ground for a bid protest. However, the University reserves the right to accept late submissions and to request, receive, and evaluate supplemental information after the above time and date at its sole determination.

Prospective proposers shall submit **Six (6) sets** of the completed Prequalification Questionnaire and required attachments **in a sealed envelope identified** with the Project name, Proposer's name and address to the office of UCSF, Capital Programs, Contracts Services, 654 Minnesota Street, 2nd Floor, San Francisco, CA 94143-0894 (use 94107 if not sending by US Mail) by **12:00 PM, November 30, 2012**.

No Prequalification documents will be accepted after **November 30, 2012, 12:00 PM**. However, the Uni-

versity reserves the right to request, to receive, and to evaluate supplemental information after the above time and date at its sole determination.

The exact dates, times, and location will be set forth in an "**Announcement To Prequalified Proposers**" as to when the Proposal Documents will be available and when proposals will be received.

#### Prequalification Policies

The University reserves the right to reject any or all responses to Prequalification Questionnaires and any or all proposals and to waive non-material irregularities in any response or proposal received.

Proposal Security in the amount of 10% of the lump sum price proposal, excluding alternates, shall accompany each proposal. The surety issuing the Bid Bond shall be, on the proposal deadline, an admitted surety insurer as defined in the California Code of Civil Procedures Section 995.120.

Prospective proposers desiring to be prequalified are informed that they will be subject to and must fully comply with all of the proposal conditions including 100% payment and 100% performance bonds.

The successful proposer and its subcontractors will be required to follow the nondiscrimination requirements set forth in the proposal documents and to pay prevailing wage rates at the location of the work.

This project will be insured under a University Controlled Insurance Program ("UCIP") providing workers' compensation and employer's liability insurance coverage, commercial general liability insurance coverage, and excess liability insurance coverage for Work performed on or at the Project site ("UCIP Coverages").

All insurance policies required to be obtained by Proposer shall be subject to approval by University for form and substance. All such policies shall be issued by a company rated by Best as A- or better with a financial classification of VIII or better, or have equivalent rating by Standard and Poor's or Moody's.

All information submitted for prequalification evaluation will be considered official information acquired in confidence, and the University will maintain its confidentiality to the extent permitted by law.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Proposer may be required to show evidence of its equal employment opportunity policy.

**DPR CONSTRUCTION, INC.**

**ADVERTISEMENT FOR SUBCONTRACTOR PREQUALIFICATION & BID**

**MRI Shielding**

Prequalification and sealed bids for a Lump Sum contract not to exceed the Maximum Acceptance Cost are requested only from prospective Subcontractors under the CM @ Risk Fixed Fee Cost Plus with GMP Contract awarded to DPR Construction, Inc. (CA License # 599846) for the following project:

**UCSF MEDICAL CENTER AT MISSION BAY**  
University of California San Francisco Medical Center,

BP #	Description	Maximum Acceptance Cost	License Class
1. 13B-H MRI Shielding	Furnish and Install all MRI Shielding to meet code and project requirements for the Hospital.	\$950,000	B – General Contractor

All interested subcontractors **MUST attend a mandatory Pre-Bid Meeting in order to submit a bid. Documents, Mandatory Pre-Bid Meeting & Due Dates:**

1. **The mandatory Pre-Bid Meeting for 13B-H MRI Shielding is on Tuesday, November 13, 2012 at 10:30AM at UCSF MC ICDC at 601 16th Street, San Francisco, CA 94158.** Subcontractors must either attend the pre-bid meeting in person or via video conference call. Conference call information is as follows: Call in number: 1-888-298-1692. Room number: 8263908. Please contact Chris Relf for additional details regarding the video conference. Ph: 415-241-4411

2. Subcontractors attending the Pre-Bid Meeting will receive Prequalification Forms. After subcontractors have been notified that they are prequalified, approximately the **week of November 26th**, they will receive the Bid Form, Instruction to Bidders and Bidding Documents, as well as DVD-R of the current set of Plans & Specifications. **Final list of prequalified bidders will be posted upon completion of evaluation process on the following website: <http://transfer.bps.com/ucsf> .**

3. Prequalified Subcontractors will have to complete two (2) separate submittals – the 1st is the Prequalification, the 2nd is the Bid. The bid package is to be submitted per the instructions set forth in the Instructions to Bidders addressed attn. to: Jolene Yap, DPR Construction, Inc., 601 16th Street, San Francisco, CA 94158.

4. **For the bid package listed above, the completed Prequalification Form and associated documents are due Tuesday, November 20th, 2012. The sealed bids must be received on or before 3PM, Thursday, December 20th, 2012 and will be opened promptly thereafter at UCSF MC ICDC, 601 16th Street, San Francisco CA 94158.**

5. Any person or entity not satisfied with the outcome of the prequalification must file a writ challenging the outcome within 10 calendar days from the date of DPR's written notice regarding prequalification determination. Any assertion that the outcome of the prequalification process was improper will not be a

San Francisco, California  
Project No. 05-307 | DPR Project No. 08-28026-01

**General Description of the Work:**  
Construction includes 42,000SF of Energy Center (EC), 212,000SF of OSHPD 3 Outpatient Building (OPB), and a 633,000SF, 289-bed, 6-story OSHPD 1 Hospital on a surrounding 14.5 acre site at UCSF Campus at Mission Bay.

**The following bid package is currently being solicited:**  
Subcontractors bidding for the following bid package must be prequalified and will be required to have the California current and active contractor's license for their specific trade(s) as listed below at the time of submission of the Bid.

ground for a bid protest. However, the University reserves the right to accept late submissions and to request, receive, and evaluate supplemental information after the above time and date at its sole determination.

6. The University reserves the right to reject any or all responses to Prequalification Forms and to waive non-material irregularities in any response received.

7. All information submitted for prequalification evaluation will be considered official information acquired in confidence, and the University will maintain its confidentiality to the extent permitted by law.

If no responsive and responsible bids are received in response to this solicitation, the University after consultation with DPR Construction may establish a new Bid Deadline no earlier than 24 hours from the prior Bid Deadline if no material changes are made to the bidding documents and no earlier than 72 hours if material changes are made. In such event DPR Construction will, at a minimum, notify all persons or entities known by DPR Construction to have received a complete set of Bidding Documents and who has provided a street address or facsimile number for receipt of any written pre-bid communications.

The deadline for receipt of requests for products, materials or equipment specified by name may be required prior to the Bid Deadline. The Bidding Documents should be reviewed for further details.

Every effort will be made to ensure that all persons shall have equal access to contracts and other business opportunities with the University within the limits imposed by law or University's policy. Each Bidder may be required to show evidence of its equal employment opportunity policy. The successful Bidder and its subcontractors will be required to follow the non-discrimination requirements set forth in the Bidding Documents and to pay prevailing wage at the location of the work.

The work described in the contract is a public work subject to section 1771 of the California Labor Code.
