

Get The Best Commercial Construction Services

Photo by Anthony Ginsbrook on Unsplash

By Amit Jain,

The real estate industry is in boom these days, especially, for the real estate developers and companies, who are operating in the commercial construction sector. The world is experiencing a technological boom these days and as a result, many things are changing including the way we lead our life. With the help of internet, today we just need a few clicks of the mouse to purchase anything right from booking our tickets to buying our monthly grocery. All this has brought about a boom in the commercial construction sector. Many multinational offices are opening up their branches in India and several other countries and for that they require the services of commercial construction professionals to construct their offices. There are several companies that are working in the field of commercial construction and you can very easily find such companies through the internet.

There are certain things that you will have to be careful of when you are working with a commercial construction company. You must work with a reputed name in the field of commercial construction, you can either get a new commercial complex constructed or you can just take on rent the place they have constructed. If you have a plot of land where you would

like your office to be constructed, you can just plan with the officials about the type of office you would like to get constructed. Today more and more people are turning their interest towards vastu shastra, an ancient Indian art for architecture and construction while building their commercial or residential premises. Most of the construction companies have a vastu expert on board to help and advice people who want to use this for constructing their houses or offices.

For commercial construction you need proper planning and designing, therefore, it is very important that you sit down with your architect and decide what all things you would like to have in your office. The cost of construction is going to be very high, so make sure that you talk to the commercial construction people about this so that you have a clear idea about how much money will be required for this and you can arrange money accordingly. They will be able to give you a clear idea about the money by taking a look at the planning costs, services cost and also the implementation cost.

The commercial construction company must make sure that they have the right type of professionals working for them. Once you hand over the work to the commercial construction

Turner Construction Company
Request for Qualification (RFQ) and Invitation to Bid (ITB)
RFQ/Bid Period: September 25, 2018 – October 16, 2018

Turner Construction Company (Turner) is seeking qualified Subcontractors for the following Public Works project:

Skyline College
Bid No. 86735
Boiler Plant Project

Turner has been awarded this project for a new 1,500 GSF CMU boiler plant will be located within an existing parking lot at the South end of Skyline College campus. The boiler plant will replace the existing boiler plant located in Building 1 and will serve the whole campus. Construction is scheduled to start early 4th quarter 2018 with completion in the middle of 2nd quarter 2019.

Only those Subcontractors who meet pre-qualification criteria and are deemed pre-qualified to perform work on their respective trades will be invited to submit a bid. Trade Subcontractors who are not pre-qualified will not be allowed to bid the project and their bids will be deemed non-responsive. Prequalification packages are encouraged to be submitted prior to bid or as soon as possible.

Turner is seeking RFQs and Bids for the following trade packages:

TRADE PACKAGE DESCRIPTION	EST. VALUE
<input type="checkbox"/> Selective Demo & Abatement	\$ 20,000
<input type="checkbox"/> Grading & Paving	\$40,000
<input type="checkbox"/> Site Utilities	\$ 200,000
<input type="checkbox"/> Site Concrete & Structural Concrete	\$160,000
<input type="checkbox"/> Masonry	\$125,000
<input type="checkbox"/> Structural Steel, Metal Decking & Misc Metals	\$75,000
<input type="checkbox"/> Roofing/Waterproofing	\$65,000
<input type="checkbox"/> Coiling Doors	\$15,000
<input type="checkbox"/> Painting	\$5,000

Prequalification: For information on how to Pre-Qualify with Turner, please contact Brittany Azevedo at 510.267.8231 or bazevedo@tcco.com.

Prevailing Wage: Pursuant to Labor Code Sections 1726-1861, et seq., including without limitation Labor Code Sections 1813 & 1776. Minimum wage rate for this project must comply with the current Highest General Prevailing Wage as determined by the State Department of Industrial Relations.

This is a Labor Agreement Project: This project is subject to the terms of the Program Stabilization Agreement (PLA) executed between the San Mateo County Community College District and the San Mateo County Buildings and Trades Council. Copies of the PLA are available on the District's Web at: <http://www.smccd.edu/facilities/community/>.

Get The Best Commercial Construction Services

Continued from page 1

company, you can rest easy as it is their duty to do the work for you perfectly. Of course from time to time you can take a look at the kind of work that is being done for you and you can always suggest changes and alternation that you want to be made. However, make sure that you plan out all things well in advance or it can be difficult to make changes in the plan once the construction begins.’
